PRIVILEGES OF CONTRIBUTORS.

Subscribers of a Guinea and upwards for more than one year are Governors as long as they maintain their subscriptions. Donors of ten guineas and upwards in one sum are Governors for life. Governors are entitled to send their own domestic servants for free treatment in the Hospital.

Firms, Clubs, and Hotels subscribing two guineas annually may send one of their employés for free treatment each year; four guineas, 2; and five guineas, 3 employés.

No Letters of Admission are issued. It will be sufficient for contributors to give their names to ensure the free treatment to which their servants or employés may be entitled.

The Accommodation is of two kinds, viz.—

(1) In the wards at a fee of £3 3s., payable on or before admission, and this covers the whole period of the patient's stay in the Hospital; which, in scarlet fever cases, is from six to eight weeks; and

(2) In private rooms (for scarlet fever and typhoid only) at a fee of £4 4s. a week, payable weekly in advance.

Prompt Admission may be secured as follows:—A medical man should be asked to certify the disease the patient is suffering from, and this certificate should be sent to the Hospital together with the name of a person who will undertake to see that the fee of £3 3s.* (or £4 4s. a week, as the case may be) is paid. If the sufferer can be received, a brougham-ambulance with attendants, including a nurse when necessary, will be sent to convey the patient to Hospital. There is a charge, according to distance, for horse hire for the ambulance, to be paid in addition to the fee, except in the case of Governors residing within a radius of five miles of the Hospital. These are entitled to free conveyance for their servants as well as free treatment.

If the ambulances of the Hospital cannot be spared for the journey to a distant suburb, information will generally be given as to where to apply for a conveyance locally.

N.B.—Disregard of these instructions frequently causes delay and annoyance.

* Not required in cases where sufferers are entitled to free treatment.

REPORT OF THE COMMITTEE

FOR THE

Year ended December 31st, 1913.

The Committee present herewith their One Hundred and Twelfth Annual Report of the Hospital since its foundation in 1802.

THE TOTAL NUMBER OF PATIENTS.—The total number of patients under treatment during the year was 732—being an increase of 162 over the number last year; of these, 629 were discharged cured, 7 died, and 96 remained under treatment at the end of the year.

The cases admitted comprised: Scarlet Fever, 328 cases; English Measles (Morbilli), 139 cases; German Measles (Rubella), 50 cases; Diphtheria, 75 cases; Typhoid Fever, 11 cases; Mumps, 50 cases; Chicken Pox, 7 cases; and other diseases of a varied character, 33 cases. Total 693 cases—as compared with 517 cases admitted last year.

The chief feature of these figures during the past year has been the increase in the number of Scarlet Fever cases, viz. 116 cases; of English Measles, 17 cases; and of Mumps, 45 cases.

SCARLET FEVER.—Scarlet Fever has been more prevalent during the past year than it has been since 1907—when the number of cases admitted was 453. The number of cases admitted was 328, as compared with 212 cases in the previous year. There were 24 cases in the Hospital when the year began, so that the total under treatment was 352, as compared with 246 last year. Of these, 270 were discharged recovered, 77 remained in the Hospital at the end of the year, as compared with 24 the previous year, and 5 died—a mortality of 1.8 per cent. The cases which died were of a very severe character. Of the cases admitted, 176—more than one-half—were admitted during October, November, and December; the remaining 152 being about equally distributed over the other nine months.

As pointed out in the last two Annual Reports, the records of the London Fever Hospital—as the first established and now the oldest Fever Hospital in the country—reflect every notable change connected with the prevalence and prevention of fevers in the Metropolis during the past 110 years. These records show the following striking diminution in the mortality of the 21,000 cases admitted since 1864.

MORTALITY FROM SCARLET FEVER

1860	1865	1870	1875	1880	1885	1890	1895	1900	1905	1910
1864	1869	1874	1879	1884	1889	1894	1899	1904	1909	1912
14.2%	10.9%	9.3%	8.3%	5.7%	2.1%	1.9%	1.7%	1.0%	1.9%	1.1%

In respect of its Mortality, the disease has thus been rendered a much milder one than it formerly was, thanks to the provision of Isolation Hospitals, which prevent its spread.

Its chief dangers now are the variety and after-effects of the complications to which it is in a special degree subject, and which still render necessary all the measures, both for prevention of its spread and its treatment, that Hospital isolation can best bestow upon it. The records of the Hospital during the past year show (*see* Table IV. a still further diminution, both in number and severity, of these complications.

MEASLES (MORBILLI—"ENGLISH MEASLES").—The number of cases admitted during the year was 139, being 17 more than last year; 6 cases were in Hospital at the beginning of the year. So that the total under treatment was 145—or 22 more than last year. Of these, 142 were discharged recovered, and 3 remained in Hospital at the end of the year. There were no deaths.

These figures show that the demand on this Hospital—the only one which admits Measles cases of all ages—is steadily on the increase. The number during the past year—139 cases—compares with an average of 109 cases for the three years 1910–1912; of 62 for the ten years 1900–1909; and of 32 for the ten years 1890–1899.

GERMAN MEASLES (RUBELLA).—The number of cases of this disease admitted during the year was 50, being 12 less than last year. No cases were in Hospital at the commencement of the year, so that the total under treatment was 50 cases. All these were discharged recovered. There were no deaths.

As pointed out in the Report for 1911, the records of this Hospital—the only Hospital which admits this disease, and has statistics with regard to its incidence—reveal an interesting and definite quinquennial periodicity in its prevalence. The highest number of admissions always occurs over a period of five years at the end and beginning of each decennial period, reaching a maximum every tenth year; with a period of quiescence during the five years of the middle period of each decennium. Thus in the five years 1898-1901 the number admitted was 552, while in 1902-1906 it was only 246. In 1907-1911 it was 968 cases; the outbreak of this disease in 1911 being the worst recorded in the records of the Hospital, or in the history of the disease, no fewer than 469 cases having been admitted. Following on this outbreak the incidence of the disease has again become low, the number of cases admitted during the year having fallen to 50.

Although a mild one, this disease gives more trouble in diagnosis than any other, owing to the variable and sometimes fleeting character of its rash, and its resemblances to those of Scarlet Fever and English Measles. The records of the Hospital show that there is an increasing demand for its services in respect of this disease. The annual averages of admissions have risen from 54 cases in 1890-1899, to 101 in 1900-1909, and 213 in 1910-1912.

DIPHTHERIA.—The number of cases admitted during the year was 75, being 4 more than last year. Six cases were in the Hospital at the beginning of the year, so that the total under treatment was 81—being 4 less than last year. Of these 69 were discharged cured, and 12 remained in Hospital at the end of the year. There were no deaths.

The number of cases of this disease seeking admission into this Hospital is also on the increase—the annual average for the past three years being 74, as compared with 56 for the ten years 1900-1909, 45 for 1890-1899, and 14 for 1880-1889.

The absence of mortality in the cases during the past year is unique and worthy of note. It compares with the mortality—a very low one—of 2.5 per cent. for the 69 cases admitted the previous year (1912), and 4.14 per cent. for the 217 cases admitted during the preceding years (1909-1911).

The following figures show the mortality from this disease in this Hospital during the past 30 years.

MORTALITY FROM DIPHTHERIA.

1880-4	1885-9	1890-4	1895-9	1900-4	1905-9
23.0%	24.7%	15.5%	14.2%	4.5%	3.8%

TYPHOID FEVER.—The number of cases admitted during the year was 11, as compared with 6 in 1912. Two were in Hospital at the beginning of the year, so that the number under treatment was 13; of these, 10 were discharged, two remained in Hospital at the end of the year, and one died—a mortality of 9.09 per cent.

The interesting feature of the cases of Typhoid Fever—now a rare disease—admitted into this Hospital is, that nearly all of them—private cases—came from areas outside the London area—a fact showing how completely this disease is under the control of the Public Health Authorities of London.

MUMPS.—A very remarkable outbreak of this disease occurred during the year. No fewer than 50 cases were admitted, most of them during August and September—as compared with 5 last year. No such number has ever previously been under treatment in one year.

OTHER DISEASES.—In addition to the foregoing, 40 other cases of various diseases were admitted during the year—the number and character of which are shown in the accompanying Table (IX.), which, with the other tables, has been prepared by Dr. Garrow, the Resident Medical Officer. These cases comprised 7 cases of Chicken Pox, 5 of Erysipelas, 9 cases of Tonsillitis, and 3 cases of Urticaria—sent in as other diseases.

SUMMARY OF THE YEAR'S WORK.—The general feature of the year's work calling for notice has been the steadily increasing demand on the Hospital's Services for an increased number and increasingly varying character of infectious diseases, liable to cause difficulties either in diagnosis or isolation if treated in their own homes. Over and above the services rendered to the patients themselves, the prevention of the spread of infection constitutes the first and main object which this Hospital is intended to serve. For every case admitted into its wards it affords protection to at least four or five who but, for the isolation might otherwise have contracted the same disease.

As shown in the figures given in the last two Annual Reports, the proportion of cases of Scarlet Fever and Diphtheria which do not, for various reasons, avail themselves of the Municipal Fever Hospitals, but prefer to remain at home or come to the London Fever Hospital, is no less than 10 to 15 per cent. of the total cases of these diseases—averaging as many as 2,000 to 4,000 yearly.

It is with this large number that the London Fever Hospital is concerned, and for which its accommodation is available.

NURSING AND DOMESTIC STAFF.—The health of the Staff during the year has been good. Among the Nursing Staff there occurred two cases of Diphtheria, four of Scarlet Fever, and two of Tonsillitis; two Maids contracted Diphtheria, and there were four cases of Tonsillitis.

CHANGES IN THE STAFF.—Dr. Lytton Maitland, M.D., D.P.H., the Resident Medical Officer, resigned on October 2nd, 1913, on taking up another appointment; and Dr. George Jackson, M.B., D.P.H., the Assistant Medical Officer early in July, on account of ill-health.

The latter appointment was filled by the election of Dr. Garrow, D.M., D.P.H.; who, after holding office for a few weeks, succeeded to the office of Resident Medical Officer on the 24th October, 1913; and Dr. G. D. Compston was elected Assistant Medical Officer on the 21st November, 1913.

ISOLATION ACCOMMODATION.—The need for more isolation rooms to which attention was drawn in the last two Annual Reports, became more pressing during the past year, owing to the number and variety of cases seeking admission. It therefore formed the subject of a Report presented by the Physicians to the House Directors and to the Committee early in June. The Committee went very fully into the matter, and at their request Mr. Keith Young, the Architect, prepared and submitted plans for a block of such rooms, to take the place of the old disused wing, at an estimated cost of about £8,000. After full consideration of its urgent necessity, the Committee felt compelled to face the prospect of this outlay. They submitted a Report of the full facts of the case to the King's Fund Authorities, asking for their

aid in defraying its cost, to meet which, their own means were not adequate. The King's Fund Authorities sent two Visitors to inspect the proposed plans early in October, and on their Report the King's Fund gave a grant of £2,000 in December last towards carrying them out. The Committee of the Hospital desire gratefully to acknowledge this action on the part of the King's Fund; and although they still feel the difficulty of meeting the necessary outlay, they have taken the necessary steps to put the work in hand as soon as possible, and the Architect is now engaged in drawing up the necessary specifications. The proposed Block will contain twenty additional Isolation Rooms and Cubicles, with the necessary Receiving and Discharging Rooms; when completed, these will constitute a great boon, both to the Hospital and to the public. The Committee make now an earnest appeal to the public for further help to meet the necessary outlay,

INTRODUCTION OF LADY MEMBERS ON THE COMMITTEE.—The Committee have pleasure in reporting an interesting change effected in their own *personnel* during the past year, as the result of the decision come to at the last Annual Meeting in favour of adding for the first time some Lady Members to the Committee. Immediately afterwards they had the satisfaction of receiving on the Committee Mrs. Farmer, the Hon. Mrs. Muir Mackenzie, and Miss Fraser Tytler; and they desire to give a special acknowledgement to these ladies for the continued interest and help they have given them in the work of the Hospital. Miss Fraser Tytler after serving for nearly a year has been compelled, owing to pressure of much other work, to resign her Membership on January 8th last, 1914.

FINANCIAL POSITION.—The financial position of the Hospital is still the occasion of continued watchfulness, and often of anxiety to the Finance Committee, owing to the recent falling off both in donations and legacies.

During the past year the annual subscriptions have been £4,551, an increase of £28 on the figures for 1912. The donations were £1,091, a decrease of £773 on the figures for last year.

From the King's Fund there was received £50, plus the additional grant of £2,000 towards the building of the Isolation Rooms; from the Hospital Sunday Fund £250, and from the Hospital Saturday Fund £15.

The amount received in legacies was £6,092 as compared with the low figure of £417 received last year. The increase is due mainly to the munificent legacy of £5,073 left by the late Mr. T. S. Whitaker, of 66, Onslow Gardens, which the Committee desire gratefully to acknowledge.

LONDON FEVER HOSPITAL.

LIVERPOOL ROAD, ISLINGTON.

LAWS AND REGULATIONS.

Reception of Patients.

1. The Hospital is intended for the reception of persons suffering from infectious fever other than small-pox, and more especially for such of those persons as may require isolation, in order to prevent the further spread or propagation of the disease from them to others.
2. Any person (not being a parochial pauper) labouring under such disease shall, subject to the next rule, be considered a proper person for admission into the Hospital.
3. The Committee may from time to time make regulations for the admission of such persons as patients on payment of such sums as may be from time to time determined, provided always that—
 - (a) Domestic servants of governors shall be admitted gratuitously.
 - (b) The Committee may, if they think fit, at any time reduce or wholly remit the fees in the case of individual patients.
4. Applications for admission should be accompanied by a medical certificate stating the nature of the disease. The medical officers may, in the exercise of their discretion, refuse admission to any case which they deem unfit; but every refusal to admit a patient shall be reported at the next meeting of the Committee, together with the reason for the refusal.

Governors.

5. All subscribers of not less than one guinea per annum, who have subscribed for more than one year, and all donors of not less than ten guineas in one donation, shall be governors of the Hospital. This rule shall not be retrospective.

General Meeting and Election of Committee.

6. A general meeting of the governors, of which ten days' previous notice must be given in three morning newspapers, shall be held every year, on the second Friday in February, or as near thereto as may be convenient, for the purpose of approving or rescinding the proceedings of the Committee for the preceding year; for receiving the annual report of the state of the funds; and for electing a president, vice-presidents, treasurer, honorary secretary, and other members of the Committee for the ensuing year.

7. The Committee for the management of the Hospital shall consist of the president, the vice-presidents, the trustees, the treasurer, honorary secretary, and not less than fifteen nor more than twenty-five other governors.

8. A special general meeting of the governors may at any time be called by direction of the president or of the Committee; or on the requisition of any twelve governors, provided the requisition be made in writing to the secretary and the purpose for which the same is summoned be published in three morning newspapers at least ten days prior to the meeting; but the proceedings of such special general meeting, though acted upon *pro tempore*, shall not be deemed final until confirmed by another general meeting.

9. No new rule or law shall be made, nor shall any existing rule or law be repealed or altered, until determined upon at a general meeting by a majority of governors present and voting, and until confirmed at a subsequent general or special meeting.

10. The presence of seven governors shall be necessary to constitute a quorum at general meetings, and without that number no business shall be transacted.

The Committee.

11. The Committee shall manage the Hospital. They shall meet on the second Friday, or on such other day of every month as they may appoint; and three members shall be necessary to constitute a meeting and to transact business. A special meeting of the Committee may be called by the direction of the honorary secretary, or by any three members of the Committee, on giving at least three days' notice of the same to the members of the Committee, and specifying the business for which it is called.

12. The Committee shall have authority to appoint sub-committees, whose reports shall be submitted to their consideration; and with the assistance of the medical officers shall, from time to time as may be expedient, form regulations and by-laws for the internal management of the Hospital.

13. The resolutions of one meeting of the Committee shall not be rescinded by another, unless it be specially summoned for that purpose.

14. The Committee shall yearly publish a report of the state of the Hospital.

15. All accounts, except such sums as may be comprised under the item of petty cash, shall be submitted to the Committee at the monthly meetings, after having been duly examined by the secretary, the resident medical officer, the house directors, and certified by the auditor; and such accounts, if approved, shall be paid by cheques, payable to order, signed by two members of the Committee, on production of the house directors' minutes relating to them, and countersigned by the secretary.

16. No member of the Committee shall furnish, otherwise than gratuitously, any goods, provisions, or other articles, for the use of, or on account of, the Hospital, or be concerned in any contract, directly or indirectly, for supplying the same, or be employed for hire, fees, wages, or profit in any office or employment in connection with the Hospital.

Conduct of Meetings.

17. At all meetings a simple majority of the members present and voting shall bind the minority; and in case of equality of votes, the chairman shall have an additional or casting vote.

Treasurer.

18. The treasurer, if present, shall take the chair at all meetings of the Committee, in the absence of the president or vice-presidents. He shall keep an account at the bankers', and all moneys received for the use of the Hospital shall be paid to such account; he shall honour cheques signed, as provided in Rule 15.

Honorary Secretary.

19. In the absence of the Committee, the honorary secretary shall represent the Hospital with the public and with public bodies, reporting his action to the Committee.

Audit.

20. All accounts of the Hospital shall be audited by a professional auditor. The auditor shall certify the accounts, and it shall be his duty to report to the Committee anything in the books or accounts which in his opinion appear to call for comment.

21. At the meeting of the Committee in November, three gentlemen, one at least of whom shall not be a member of the Committee, shall be appointed to examine the accounts of the Hospital for the current year, and approve an abstract of all receipts and disbursements to be prepared by the secretary, and laid before the annual general meeting in February.

House Directors.

22. The house-directors shall consist of the trustees, treasurer, the two physicians, and the architect, who shall be *ex-officio* house-directors, and of three elected house-directors chosen as follows:—The Committee at their meeting in February shall

appoint a member of their own body to be chairman of house directors, who shall retain office for a term of three months. They shall in like manner appoint a chairman of house directors at their meetings in May, August, and November. The same person shall not, unless by special resolution of the Committee, be elected for two terms in succession. The Committee at each monthly meeting shall appoint two members of their body to be house directors for the ensuing month, one of whom, if possible, shall not have served during the previous month. If the same house directors are re-appointed, they shall only be so appointed by special resolution.

23. They shall from time to time cause the beds, clothes, and apparel belonging to the Hospital to be examined, and shall report thereon, if necessary, to the Committee. They shall inspect the tradesmen's bills, and take care that the provisions, bedding, clothing, furniture, and every article for the use of the Hospital be supplied on the most reasonable terms; they shall order in writing all permanent stores, and shall advise the Committee as to all larger requirements and structural alterations.

24. All articles required in large quantity shall, where practicable, be supplied by contract after public tender, and all considerable contracts for work or repairs be made after public tender or invitation to not less than three respectable firms, but the house directors shall not be obliged to accept the lowest or any tender.

25. They shall be authorised in all respects to enforce the observance of the regulations of the Hospital; they shall notice and report to the Committee any irregularity or misconduct on the part of the officers, servants, or patients of the charity, and shall, at every meeting of the Committee, cause a statement of the house expenditure to be produced for the preceding month. They shall appoint and dismiss, or approve the appointment or dismissal, of all nurses, porters, and other servants, male or female.

26. The chairman of the house directors shall, during the intervals between their meetings, be authorised to exercise the functions of the house directors in any matter of urgency, reporting, at their next meeting, what he may have done under this authority.

Physicians.

27. There shall be two physicians and one or more assistant physicians, who shall be Fellows or Members of the Royal College of Physicians of London; and also a surgeon, who shall be a Fellow of the Royal College of Surgeons.

28. One of the physicians shall visit the Hospital at least once every day. The physicians shall have the power of dismissing any patient for refractory conduct or disobedience of orders. The physicians, assistant physicians, and surgeon shall be entitled to attend all Committee meetings.

28A. No physician shall hold the appointment of physician for more than twenty years, nor after he shall have attained the age of sixty-five years.

Assistant Physicians.

29. In case of the illness or necessary absence of either of the physicians, one or the assistant physicians shall attend regularly in his stead. Such attendances

shall be reported to the Committee. If the number of patients exceed 150 an assistant physician shall come on active duty.

30. The surgeon shall undertake the surgical charge of such patients as the physicians may deem necessary, and in case of emergency shall attend when summoned by the resident medical officer. Such attendances shall be reported to the Committee. If unable to attend, the surgeon shall substitute a duly qualified deputy.

Hospital Pupils.

31. No medical student shall be permitted to visit the Hospital unless in company with one of the physicians, or unless regularly entered or registered as a pupil by the physicians.

Architect.

32. There shall be an Architect to the Hospital. He shall advise on all questions concerning the Hospital sites and buildings, and shall supervise the structural maintenance of the Hospital, prepare all plans, and superintend all works connected therewith.

33. His status shall be similar to that of the physicians to the Hospital.

Resident Medical Officer.

34. The resident medical officer shall reside constantly at the Hospital, and shall devote himself entirely to the duties of his office, as defined by these laws and by the by-laws. Candidates for the post shall be required to produce satisfactory testimonials to the Committee.

35. He shall superintend the wards and Hospital generally, between the visits of the physicians, and the dispensary shall be exclusively under his control. In the absence of the Committee and house directors, he shall be recognised as the head of the establishment.

36. He shall keep accurate registers of the patients and of their cases, which registers shall be the property of the Hospital; he shall produce a special report every month, to be laid before the Committee.

37. When the number of patients shall be sufficiently great, or other circumstances render such a step necessary, the Committee shall have power to appoint one or two assistants to the resident medical officer, and he or they shall receive such remuneration as the Committee shall from time to time determine.

Secretary, House Steward, and Collector.

38. There shall be a secretary and a house steward. These offices shall be filled by the same or by different persons as the Committee shall from time to time think fit.

39. The duties of the secretary shall be to have the conduct of the correspondence of the Hospital, the keeping of the accounts, and to perform all duties appointed by the by-laws.

40. The house steward shall have the management of the domestic affairs of the Hospital, under the general superintendence of the resident medical officer, and shall perform the duties appointed by the by-laws.

41. The duties of the collector shall be—

To call on subscribers and collect all donations and subscriptions of the Hospital; to give only authorised printed receipts for the same; to attend all meetings when required; to keep correct lists and duplicate lists of all donations and subscriptions, with the residences of the donors and subscribers, made up from day to day; to pay weekly all moneys he may receive to the bankers; to deliver weekly to the secretary reports in writing of all moneys received and paid, with the balance at the bankers'; to keep the accounts regularly entered in the collector's cash book; to deliver a copy of the annual report to each subscriber; and to perform all the duties appointed by the by-laws.

42. The secretary, house steward, and collector shall be required to enter into bonds with sufficient sureties for the due and faithful performance of their duties in such sums as the Committee may determine.

Matron.

43. The matron shall have the direction of the nurses and female servants in the Hospital, subject to the superintendence of the house directors and the resident medical officer, and shall be responsible for the care and order of the wards. She shall have charge of the housekeeping arrangements, and shall perform the duties appointed by the by-laws.

Election of Officers.

44. The physicians, surgeon, assistant physicians, architect, resident medical officers, matron, auditor, and secretary shall be elected by a Committee comprised of the Committee for the management of the Hospital, the honorary medical officers, and the architect.

Salaries.

45. No variation in the fixed salaries of officials shall be made unless the Committee be summoned for that purpose, and unless the proposed addition or diminution be confirmed by a subsequent Committee.

Trustees.

46. The legal estate in the lands, buildings, and premises of the Hospital shall be vested in not less than three trustees, new trustees being appointed at a general meeting of the governors when vacancies occur.

47. All legacies of £100 and upwards, unless otherwise directed by the testators, shall be invested for the benefit of the Hospital, in the names of three trustees, to be called trustees of the fund.

Religious Ministrations.

48. Ministers of religion of all denominations shall have free and equal access to the Hospital, but no minister of any denomination shall receive any payment out of the funds of the Hospital in respect of his ministrations.

49. It shall be a standing instruction to the Committee and officers of the Hospital that any minister of religion desirous of visiting or ministering to patients of his own denomination shall be received with all courtesy, and shall be afforded all facilities consistent with the wishes and welfare of the patients, and the convenient conduct of the Hospital.

By-Laws.

50. The by-laws which shall from time to time be made by the Committee shall be open to the inspection of any governor, and shall contain, among other things, a full specification of the duties of the resident medical officer, the matron, and other officers and servants of the Hospital, together with the terms of their employment. This specification of his or her own duties shall be read to and assented to in writing by, every person before his or her appointment, and referred to on all occasions of doubt.

At a Meeting of the Committee held at Freemasons' Tavern, on October 13th, 1882, it was resolved:—

1. That no election to the offices of physician, assistant physician, resident medical officer, assistant resident medical officer, secretary, auditor, or matron, be proceeded with until the vacancy has been advertised in three daily London papers and in two medical journals. The first advertisement to be inserted not less than eight days before the election.
