PRIVILEGES OF CONTRIBUTORS.

Subscribers of a Guinea and upwards for more than one year are Governors as long as they maintain their subscriptions. Donors of ten guineas and upwards in one sum are Governors for life. Governors are entitled to send their own domestic servants for free treatment in the Hospital.

Firms, Clubs, and Hotels subscribing two guineas annually may send one of their employés for free treatment each year; four guineas, 2; and five guineas, 3 employés.

No Letters of Admission are issued. It will be sufficient for contributors to give their names to ensure the free treatment to which their servants or employés may be entitled.

The Accommodation is of two kinds, viz.—

(1) In the wards at a fee of £3 3s., payable on or before admission, and this covers the whole period of the patient's stay in the Hospital which, in scarlet fever cases, is from six to eight weeks; and

(2) In private rooms at a fee of £4 4s. a week, payable weekly in advance.

The Method of admission is as follows:—If the medical practitioner in attendance on the case will leave at the sufferer's residence a certificate clearly defining the disease the patient is suffering from and the friends then make application to the Secretary at the Hospital either in person, by telegraph, telephone, or post, giving at the same time the name of a person who will pay the fee,* an ambulance will be sent for the patient's removal as quickly as possible. There is a charge for hire of the ambulance, to be paid in addition to the fee; as well as 2/6 extra for a nurse when required.

N.B.—Disregard of these instructions frequently causes delay and annoyance.

* Not required in cases where sufferers are entitled to free treatment.

REPORT OF THE COMMITTEE

FOR THE

Year ended December 31st, 1914.

The Committee present herewith their One Hundred and Thirteenth Report of the Hospital since its foundation in 1802.

THE TOTAL NUMBER OF PATIENTS.—The total number of patients under treatment during the year was 946—being an increase of 214 over the number last year. Of these, 822 were discharged cured, 14 died, and 110 remained under treatment at the end of the year.

The cases admitted, with the corresponding figures for the last two years, were :—

	Year 1914.	Year 1913.	Year 1912.
Scarlet Fever	500	328	212
Morbilli (English Measles) ..	65	139	122
Rubella (German Measles) ..	76	50	62
Diphtheria	105	75	71
Typhoid Fever	10	11	6
Varicella (Chicken Pox) ..	12	7	9
Mumps	35	50	5
Erysipelas	7	5	4
Various Other Diseases ..	15	28	26
Total ..	850	693	517

The chief feature in these figures during the past year has been the notable increase of *Scarlet Fever* cases, the number of cases admitted, viz., 500, being the largest for 19 years. The nearest approach to that number in recent years was in 1907, when the number was 453.

As showing the increased work of the Hospital during the past year, it may be noted that the daily average number of patients in the Hospital was 80, as compared with 55 in 1913. The above figure has only once been exceeded since the year 1887. During the month of November the number of occupied beds was for a period as high as 151—the highest number for many years past.

SCARLET FEVER.—The year was marked by an exceptional prevalence of this disease, not confined, as is usually the case, to the autumnal period of the year, but extending throughout the whole year. This feature is brought out in the following Table, showing the monthly admissions during the year, as compared with the figures for the previous year.

Monthly Admissions during the Year:

					Year 1914.	Year 1913.
January	..	..	..	..	44	18
February	..	..	..	..	40	13
March ..	..	..	..	..	35	18
April ..	..	..	..	..	34	11
May ..	..	..	..	..	37	13
June ..	..	..	..	..	27	22
July ..	..	..	..	..	34	27
August ..	..	..	..	..	11	12
September	..	..	..	..	31	18
October	..	..	..	..	110	53
November	..	..	..	..	52	75
December	..	..	..	..	45	48
Total					500	328

The total number of cases admitted was thus 500, as compared with 328 cases in 1913, and 212 cases in 1912. There were 777 cases in the Hospital when the year began, so that the total under treatment was 577, as compared with 352 in 1913, and 246 cases in 1912.

Of these, 496 were discharged cured, 76 remained in the Hospital at the end of the year, and 5 died—a death-rate of 1 per cent. All the cases which died were of a very severe character from the time of admission.

The type of disease prevalent throughout the year was severer than usual, and was evidenced by the increased incidence of throat and glandular troubles, as complications (*see* Table IV.).

The Hospital records show the following diminution in the death-rate of the disease in the cases (over 22,000) admitted since 1860.

Death-rate from Scarlet Fever.

Period.	Death-Rate.	Period.	Death-rate.
1860-1864	.. 14.2%	1890-1894	.. 1.9%
1865-1869	.. 10.9 „	1895-1899	.. 1.7 „
1870-1874	.. 9.3 „	1900-1904	.. 1.0 „
1875-1879	.. 8.3 „	1905-1909	.. 1.9 „
1880-1884	.. 5.7 „	1910-1914	.. 1.2 „
1885-1889	.. 2.1 „		

MORBILLI ("ENGLISH MEASLES").—This disease has been little prevalent during the past year, a fortunate circumstance for the Hospital, having regard to the large demand made on its accommodation for Scarlet Fever cases.

The number of cases admitted was 70, as compared with 139 in the preceding year; 3 cases were in Hospital at the beginning of the year; the total under treatment was 73, as compared with 145 in the preceding year. Of these, 65 cases were discharged recovered, 7 remained in Hospital at the end of the year, and 1 died—a death-rate of 1.3 per cent.

RUBELLA ("GERMAN MEASLES").—This disease was slightly more prevalent during the year than in the preceding year. The number of cases admitted was 77, or 27 more than in the preceding year; 40 of these being admitted during the months of February and March.

No cases were in Hospital at the commencement of the year, so that the total under treatment was 77 cases, all of whom were discharged recovered.

As pointed out in the Annual Report for 1911, the most interesting feature in the incidence of this disease brought out by the records of this Hospital, is its *quinquennial periodicity*—a period of recrudescence, occurring over a period of five years, at the end and beginning of each decennial period, *e.g.*, (1907-11)

followed by a period of quiescence in the middle period of the decennium (*e.g.*, 1902–1906). Thus in 1902–1906 the number of cases admitted was 246, while in 1907–11 it was 968 cases. Following the severe outbreak in 1911 when no fewer than 469 cases were admitted, the admissions of the disease have remained low during the past three years, *viz.*, 62 in 1912, 50 in 1913, and 77 in 1914.

DIPHTHERIA.—The number of cases of this disease admitted during the year was considerably higher than it has ever been before. The number was 123 cases, as compared with 75 cases in 1913, and 71 cases in 1912.

Twelve cases were under treatment at the commencement of the year, so that the total under treatment was 135 cases—or 54 more than last year.

Of these, 105 were discharged cured, 25 remained in Hospital at the end of the year, and 5 died—a death-rate of 4·5 per cent. The fatal cases were of a very severe character, two of them being moribund on admission and dying within a few hours of their admission.

The following Table shows the death-rate of cases of diphtheria admitted into the Hospital since the year 1880.

Death-rate from Diphtheria.

Period.	Death-Rate.	Period.	Death-Rate.

TYPHOID FEVER.—The number of cases admitted during the year was 11—the same as in the preceding year. One was in Hospital at the beginning of the year, so that the total under treatment was 12. Of these, 10 were discharged cured, one remained in Hospital, and one died—a mortality of 9·09 per cent.

MUMPS.—Thirty-five cases of this disease were admitted during the year, as compared with 50 in the preceding year.

VARICELLA ("CHICKEN POX").—Twelve cases were admitted, as compared with 7 in the preceding year.

ERYSIPELAS.—Seven cases were admitted, as compared with 5 in the previous year.

OTHER DISEASES.—In addition to the foregoing, 15 other cases of various diseases were admitted during the year. The character of these is detailed in the accompanying Table X., which, with the other Tables, has been prepared by Dr. Garrow, the Resident Medical Officer.

NURSING AND DOMESTIC STAFF.—The exceptional strain placed upon the Nursing Staff by the large numbers of cases under treatment during the past year has been shown in the number of cases of illness amongst the Nursing and Domestic Staff. Among the Nursing Staff, there were seven cases of Scarlet Fever, three of Diphtheria, six of Tonsillitis, one of German Measles, and one of Influenza. Amongst the Maids, one contracted Scarlet Fever, two Diphtheria, and ten Tonsillitis.

All these cases recovered.

CHANGES IN THE STAFF.—Dr. G. B. Compston, who held the post of Assistant Medical Officer, resigned that office in June, 1914, and was succeeded by Dr. L. W. Lund, M.B., Ch.B., elected June 11th, 1914.

NEW ISOLATION BLOCK.—The chief feature of the work of the Hospital during the past year has been the one drawn attention to in its recent reports—namely, the steadily increasing demand for its services as an Isolation Hospital, in dealing with an increasing number and variety of infectious diseases.

The services thus rendered are not merely or even chiefly to the patients, but to the public by the *prevention of the spread of infection* through the isolation provided by the Hospital. As an instance of this service, attention may be drawn to the large number of cases of infectious disease sent in from amongst the staffs of other London Hospitals—viz., 75 cases in 1914, as compared with 27 cases in 1913.

In their last Report, the Committee described the steps they had taken to provide an additional Isolation Block of rooms and cubicles, as the most urgent need of the Hospital of recent years, owing to the number and variety of cases of disease seeking admission into the Hospital. They are glad to be able to report that the New Isolation Block, designed by their Architect, Mr. Keith D. Young, is now approaching completion, and will be ready for occupation in a few months' time. It provides twenty

additional Cubicles and Private Rooms; with the necessary Receiving, Discharging, and Administrative Rooms, viz., twelve Isolation-Rooms separated by glass partitions on the ground floor, and eight private rooms on the upper floor.

The plan of these Isolation Rooms embodies the principle of isolation adopted by the Pasteur Institute in Paris, but modifies and supplements it in important details, adding greatly to efficiency and easy administrative working.

The chief of these relate to the system of ventilation by means of extraction shafts from each Isolation Room, and the additional provision of outside balconies, giving separate entrance to and exit from all the rooms for all the ordinary medical and administrative work and nursing attention required in each room.

The object aimed at has been to give the maximum degree isolation to each room, and the maximum degree of safety to each patient.

The provision of this much-needed Block brings the Isolation Rooms and Private Rooms up to the number of thirty-one, and will add greatly to the advantages possessed by the Hospital. It also completes the entire work of rebuilding, reconstruction, and modernizing of the Hospital commenced some thirty years ago, and now carried out step by step to a successful conclusion.

When the New Block is completed, and before it is put in use, the Committee hope that it will be possible to arrange for its formal opening and inspection by members of the profession and all those interested in the subject of Hospital Construction for Infectious Diseases.

NEW AMBULANCE ARRANGEMENTS.—Among the chief administrative changes of the year, there fall to be hoped new arrangements regarding ambulance, viz., the substitution of Motor Ambulance for the old Horse Ambulance hitherto in use.

Owing to the wide area served by the Hospital, it had become increasingly difficult to meet the Hospital requirements by means of Horse Ambulance. Early in the year arrangements were therefore made and completed (May 18th, 1914), with the Metropolitan Asylums Board, whereby the use of certain of their well-equipped special ambulances was obtained for the work of the Hospital. The arrangement has been found to work most satisfactorily, providing more easy, comfortable and rapid conveyance of patients to the Hospital, and simplifying greatly

the administrative work of the Hospital in respect of its nurses and porters. Without this arrangement, it would have been impossible to deal with the large number of cases admitted during the past year. During October, when the admissions were most numerous, viz., 130 in number, as many as six motor ambulances arrived on one occasion at the Hospital within a few minutes of each other.

FINANCIAL POSITION.—During the past year the Annual Subscriptions amounted to £4,387, as compared with £4,551 in 1913. The Donations were £817, as compared with £1,091 in 1913.

The King's Fund supplemented its usual grant of £50 by an additional £500 towards the building of the New Isolation Block. From the Hospital Sunday Fund there was received a grant of £253; and from the Hospital Saturday Fund a grant of £15.

The amount received in Legacies was £2,163, as against £6,092 in 1913.

The Legacies received were :

					£	s.	d.
Mrs. Painter	..	..	..	..	1,567	18	3
Mr. F. Ingle	..	..	..	..	309	12	0

The Receipts for the year have thus fallen considerably short of those for the previous year.

LONDON FEVER HOSPITAL.

LIVERPOOL ROAD, ISLINGTON.

LAWS AND REGULATIONS.

Reception of Patients.

1. The Hospital is intended for the reception of persons suffering from infectious fever other than small-pox, and more especially for such of those persons as may require isolation, in order to prevent the further spread or propagation of the disease from them to others.

2. Any person (not being a parochial pauper) labouring under such disease shall, subject to the next rule, be considered a proper person for admission into the Hospital.

3. The Committee may from time to time make regulations for the admission of such persons as patients on payment of such sums as may be from time to time determined, provided always that—

(a) Domestic servants of governors shall be admitted gratuitously.

(b) The Committee may, if they think fit, at any time reduce or wholly remit the fees in the case of individual patients.

4. Applications for admission should be accompanied by a medical certificate stating the nature of the disease. The medical officers may, in the exercise of their discretion, refuse admission to any case which they deem unfit; but every refusal to admit a patient shall be reported at the next meeting of the Committee, together with the reason for the refusal.

Governors.

5. All subscribers of not less than one guinea per annum, who have subscribed for more than one year, and all donors of not less than ten guineas in one donation, shall be governors of the Hospital. This rule shall not be retrospective.

General Meeting and Election of Committee.

6. A general meeting of the governors, of which ten days' previous notice must be given in three morning newspapers, shall be held every year, on the second Friday in February, or as near thereto as may be convenient, for the purpose of approving or rescinding the proceedings of the Committee for the preceding year ; for receiving the annual report of the state of the funds ; and for electing a president, vice-presidents, treasurer, honorary secretary, and other members of the Committee for the ensuing year.

7. The Committee for the management of the Hospital shall consist of the president, the vice-presidents, the trustees, the treasurer, honorary secretary, and not less than fifteen nor more than twenty-five other governors.

8. A special general meeting of the governors may at any time be called by direction of the president or of the Committee ; or on the requisition of any twelve governors, provided the requisition be made in writing to the secretary and the purpose for which the same is summoned be published in three morning newspapers at least ten days prior to the meeting ; but the proceedings of such special general meeting, though acted upon *pro tempore*, shall not be deemed final until confirmed by another general meeting.

9. No new rule or law shall be made, nor shall any existing rule or law be repealed or altered, until determined upon at a general meeting by a majority of governors present and voting, and until confirmed at a subsequent general or special meeting.

10. The presence of seven governors shall be necessary to constitute a quorum at general meetings, and without that number no business shall be transacted.

The Committee.

11. The Committee shall manage the Hospital. They shall meet on the second Friday, or on such other day of every month as they may appoint ; and three members shall be necessary to constitute a meeting and to transact business. A special meeting of the Committee may be called by the direction of the honorary secretary, or by any three members of the Committee, on giving at least three days' notice of the same to the members of the Committee, and specifying the business for which it is called.

12. The Committee shall have authority to appoint sub-committees, whose reports shall be submitted to their consideration ; and with the assistance of the medical officers shall, from time to time as may be expedient, form regulations and by-laws for the internal management of the Hospital.

13. The resolutions of one meeting of the Committee shall not be rescinded by another, unless it be specially summoned for that purpose.

14. The Committee shall yearly publish a report of the state of the Hospital.

15. All accounts, except such sums as may be comprised under the item of petty cash, shall be submitted to the Committee at the monthly meetings, after having been duly examined by the secretary, the resident medical officer, the house directors, and certified by the auditor; and such accounts, if approved, shall be paid by cheques, payable to order, signed by two members of the Committee, on production of the house directors' minutes relating to them, and countersigned by the secretary.

16. No member of the Committee shall furnish, otherwise than gratuitously, any goods, provisions, or other articles, for the use of, or on account of, the Hospital, or be concerned in any contract, directly or indirectly, for supplying the same, or be employed for hire, fees, wages, or profit in any office or employment in connection with the Hospital.

Conduct of Meetings.

17. At all meetings a simple majority of the members present and voting shall bind the minority; and in case of equality of votes, the chairman shall have an additional or casting vote.

Treasurer.

18. The treasurer, if present, shall take the chair at all meetings of the Committee, in the absence of the president or vice-presidents. He shall keep an account at the bankers', and all moneys received for the use of the Hospital shall be paid to such account; he shall honour cheques signed, as provided in Rule 15.

Honorary Secretary.

19. In the absence of the Committee, the honorary secretary shall represent the Hospital with the public and with public bodies, reporting his action to the Committee.

Audit.

20. All accounts of the Hospital shall be audited by a professional auditor. The auditor shall certify the accounts, and it shall be his duty to report to the Committee anything in the books or accounts which in his opinion appear to call for comment.

21. At the meeting of the Committee in November, three gentlemen, one at least of whom shall not be a member of the Committee, shall be appointed to examine the accounts of the Hospital for the current year, and approve an abstract of all receipts and disbursements to be prepared by the secretary, and laid before the annual general meeting in February.

They shall in like manner appoint a chairman of house directors at their meetings in May, August, and November. The same person shall not, unless by special resolution of the Committee, be elected for two terms in succession. The Committee at each monthly meeting shall appoint two members of their body to be house directors for the ensuing month, one of whom, if possible, shall not have served during the previous month. If the same house directors are re-appointed, they shall only be so appointed by special resolution.

23. They shall from time to time cause the beds, clothes, and apparel belonging to the Hospital to be examined, and shall report thereon, if necessary, to the Committee. They shall inspect the tradesmen's bills, and take care that the provisions, bedding, clothing, furniture, and every article for the use of the Hospital be supplied on the most reasonable terms; they shall order in writing all permanent stores, and shall advise the Committee as to all larger requirements and structural alterations.

24. All articles required in large quantity shall, where practicable, be supplied by contract after public tender, and all considerable contracts for work or repairs be made after public tender or invitation to not less than three respectable firms, but the house directors shall not be obliged to accept the lowest or any tender.

25. They shall be authorised in all respects to enforce the observance of the regulations of the Hospital; they shall notice and report to the Committee any irregularity or misconduct on the part of the officers, servants, or patients of the charity, and shall, at every meeting of the Committee, cause a statement of the house expenditure to be produced for the preceding month. They shall appoint and dismiss, or approve the appointment or dismissal, of all nurses, porters, and other servants, male or female.

26. The chairman of the house directors shall, during the intervals between their meetings, be authorised to exercise the functions of the house directors in any matter of urgency, reporting, at their next meeting, what he may have done under this authority.

33. His status shall be similar to that of the physicians to the Hospital.

34. The resident medical officer shall reside constantly at the Hospital, and shall devote himself entirely to the duties of his office, as defined by these laws and by the by-laws. Candidates for the post shall be required to produce satisfactory testimonials to the Committee.

35. He shall superintend the wards and Hospital generally, between the visits of the physicians, and the dispensary shall be exclusively under his control. In the absence of the Committee and house directors, he shall be recognised as the head of the establishment.

36. He shall keep accurate registers of the patients and of their cases, which registers shall be the property of the Hospital; he shall produce a special report every month, to be laid before the Committee.

37. When the number of patients shall be sufficiently great, or other circumstances render such a step necessary, the Committee shall have power to appoint one or two assistants to the resident medical officer, and he or they shall receive such remuneration as the Committee shall from time to time determine.

Secretary, House Steward, and Collector.

38. There shall be a secretary and a house steward. These offices shall be filled by the same or by different persons as the Committee shall from time to time think fit.

40. The house steward shall have the management of the domestic affairs of the Hospital, under the general superintendence of the resident medical officer, and shall perform the duties appointed by the by-laws.

41. The duties of the collector shall be—

43. The matron shall have the direction of the nurses and female servants in the Hospital, subject to the superintendence of the house directors and the resident medical officer, and shall be responsible for the care and order of the wards. She shall have charge of the housekeeping arrangements, and shall perform the duties appointed by the by-laws.

Election of Officers.

44. The physicians, surgeon, assistant physicians, architect, resident medical officers, matron, auditor, and secretary shall be elected by a Committee comprised of the Committee for the management of the Hospital, the honorary medical officers, and the architect.

Salaries.

45. No variation in the fixed salaries of officials shall be made unless the Committee be summoned for that purpose, and unless the proposed addition or diminution be confirmed by a subsequent Committee.

Trustees.

46. The legal estate in the lands, buildings, and premises of the Hospital shall be vested in not less than three trustees, new trustees being appointed at a general meeting of the governors when vacancies occur.

47. All legacies of £100 and upwards, unless otherwise directed by the testators, shall be invested for the benefit of the Hospital, in the names of three trustees, to be called trustees of the fund.

Religious Ministrations.

48. Ministers of religion of all denominations shall have free and equal access to the Hospital, but no minister of any denomination shall receive any payment out of the funds of the Hospital in respect of his ministrations.

49. It shall be a standing instruction to the Committee and officers of the Hospital that any minister of religion desirous of visiting or ministering to patients of his own denomination shall be received with all courtesy, and shall be afforded all facilities consistent with the wishes and welfare of the patients, and the convenient conduct of the Hospital.

By-Laws.

50. The by-laws which shall from time to time be made by the Committee shall be open to the inspection of any governor, and shall contain, among other things, a full specification of the duties of the resident medical officer, the matron, and other officers and servants of the Hospital, together with the terms of their employment. This specification of his or her own duties shall be read to and assented to in writing by, every person before his or her appointment, and referred to on all occasions of doubt.
