PRIVILEGES OF CONTRIBUTORS.

Subscribers of a Guinea and upwards for more than one year are Governors as long as they maintain their subscriptions. Donors of ten guineas and upwards in one sum are Governors for life. Governors are entitled to send their own domestic servants for free treatment in the Hospital.

Firms, Clubs, and Hotels subscribing two guineas annually may send one of their employés for free treatment each year; four guineas, 2; and five guineas, 3 employés.

No Letters of Admission are issued. It will be sufficient for contributors to give their names to ensure the free treatment to which their servants or employés may be entitled.

The Accommodation is of two kinds, viz.—

(1) In the wards at a fee of $3\frac{1}{2}$ guineas for diphtheria, and in other cases £3 3s., both fees payable on or before admission, and these cover the whole period of the patients' stay in the Hospital; which, in scarlet fever cases, is from six to eight weeks; and

(2) In private rooms at a fee of $5\frac{1}{2}$ guineas a week, payable weekly in advance.

The Method of admission is as follows:—If the medical practitioner in attendance on the case will leave at the sufferer's residence a certificate clearly defining the disease the patient is suffering from and the friends then make application to the Secretary at the Hospital either in person, by telegraph, telephone, or post, giving at the same time the name of a person who will pay the fee,* an ambulance will be sent for the patient's removal as quickly as possible. There is a charge for hire of the ambulance, to be paid in addition to the fee; as well as 2/6 extra for a nurse when required.

N.B.—Disregard of these instructions frequently causes delay and annoyance.

*Not required in cases where sufferers are entitled to free treatment.

REPORT OF THE COMMITTEE

FOR THE

Year ended December 31st, 1916.

The Committee have the honour to present the One Hundred and Fifteenth Report of the Hospital since its foundation in 1802.

THE TOTAL NUMBER OF PATIENTS.—During the year 1916 the total number of patients under treatment was 964. Of these, 909 were discharged cured, 7 died, and 48 remained under treatment at the end of the year.

The cases admitted, with the corresponding figures for the two preceding years, were :—

	Year 1916.	Year 1915.	Year 1914.
Scarlet Fever	175	301	500
Morbilli (English Measles) ..	67	208	70
Rubella (German Measles) ..	477	278	77
Diphtheria	83	109	123
Typhoid Fever	9	6	11
Varicella (Chicken Pox) ..	12	7	12
Mumps	14	8	35
Erysipelas	7	4	7
Various Other Diseases ..	53	28	15
Total	897	949	850

The chief feature in these figures during the past year has been the notable increase in *German Measles*, and a considerable falling off in *Scarlet Fever*.

The daily number of patients in the Hospital averaged 54, as compared with 72 in 1915.

SCARLET FEVER.—The year was marked by a very light incidence of this disease. This feature is brought out in the following Table, showing the monthly admissions as compared with the figures for two previous years.

Monthly Admissions (Scarlet Fever).

				Year 1916.	Year 1915.	Year 1914.
January	20	28	44
February	20	34	40
March	18	22	35
April	26	27	34
May	6	23	37
June	15	33	27
July	10	22	34
August	9	12	11
September	11	25	31
October	10	29	110
November	17	22	52
December	13	24	45
Total ..				175	301	500

The total number of cases admitted was 175, as compared with 301 cases in 1915, and 500 cases in 1914. There were 36 cases in the Hospital when the year began, so that the total under treatment was 211.

Of these, 211 cases 186 were discharged cured, 23 remained in the Hospital at the end of the year, and 2 died—a death-rate of 1.05 per cent.

The Hospital records show the diminution in the death-rate of the disease in the cases (over 22,000) admitted since 1860.

Death-rate from Scarlet Fever.

Period.	Death-Rate.	Period.	Death-Rate.
1860-1864	.. 14.2%	1890-1894	.. 1.9%
1865-1869	.. 10.9,,	1895-1899	.. 1.7,,
1870-1874	.. 9.3,,	1900-1904	.. 1.0,,
1875-1879	.. 8.3,,	1905-1909	.. 1.9,,
1880-1884	.. 5.7,,	1910-1914	.. 1.2,,
1885-1889	.. 2.1,,		

MORBILLI (" ENGLISH MEASLES ").—This disease has not been very prevalent during the past year.

The number of cases admitted was 67, as compared with 208 in the preceding year ; no cases were in Hospital at the beginning of the year ; the total under treatment was 67, as compared with 215 in 1915. Of these cases 64 recovered, 2 remained in Hospital at the end of the year, and one died—a death-rate of 1.4 per cent.

RUBELLA (" GERMAN MEASLES ").—This disease was much more prevalent during this year than in the one preceding. The number of cases admitted was 477, as against 278 in 1915 and 77 in 1914.

Ten cases were in Hospital at the commencement of the year, so that the total under treatment was 487 cases. Of these 473 were discharged and 14 remained in Hospital at the end of the year.

DIPHTHERIA.—The number of cases of this disease shows a diminution. There were in all 83 admissions as compared with 109 in 1915, and 123 in 1914.

Seventeen cases were in hospital at the commencement of the year, so that the total under treatment was 100.

Of these, 91 were discharged cured, 7 remained in Hospital at the end of the year, and 2 died—a death-rate of 2 per cent.

The following Table shows the death-rate of cases of diphtheria admitted into the Hospital since the year 1880.

Death-rate from Diphtheria.

Period.	Death-Rate.	Period.	Death-Rate.
1880-1884	.. 23 %	1900-1904	.. 4.5%
1885-1889	.. 24.7%	1905-1909	.. 3.8%
1890-1894	.. 15.5%	1910-1914	.. 3.5%
1895-1899	.. 14.2%		

TYPHOID FEVER.—The number of cases admitted during the year was 9. One was in Hospital at the beginning of the year, so that the total under treatment was 10. Of these, 8 were discharged cured. One died and one subsequently contracted *Scarlet Fever* which proved fatal.

MUMPS.—Fourteen cases of this disease were admitted as compared with 8 in the preceding year and 35 in 1914. There were no deaths.

VARICELLA ("CHICKEN POX").—Twelve cases were admitted, all recovered.

ERYSIPELAS.—Seven cases were admitted and discharged cured.

CEREBRO-SPINAL FEVER.—Three cases were admitted, one died, two recovered. In the previous year six cases were under treatment and two died.

OTHER DISEASES.—In addition to the foregoing, 50 patients with other diseases were admitted during the year. The character of these can be gathered from the accompanying Table X., which, with the other Tables, has been prepared by the Resident Medical Officers.

CROSS INFECTION.—A small outbreak of *Scarlet Fever* occurred in the Institution but the measures adopted caused a prompt cessation of the infection. Your Committee, after an exhaustive inquiry, were convinced that the distribution of the cases pointed to the presence of an undetected carrier and not to any failure in the isolation of the patients, disinfection of clothing and utensils or supervision of the milk supply. There were seven cases in all, six recovered, but one patient who had just before recovered from a very severe attack of *Typhoid Fever* unfortunately succumbed.

STAFF.—Of the members of the Staff of the Institution—1 Nurse contracted *Scarlet Fever*, 2 Tonsillitis, 2 Rubella, and one *Typhoid Fever*. One wardmaid developed *Scarlet Fever*, 1 Rubella and 1 Tonsillitis; all recovered.

VISITING STAFF.—Of the Visiting Staff, Colonel Hunter is still away on war service, as also is Colonel Maynard Smith, your surgeon.

Dr. Nicholson has continued ably to fill the post of Resident Medical Officer with the assistance first of Mr. Woolrich and latterly of Mr. Dimock.

In their 1915 Report, the Committee described the steps they had taken to provide a new Isolation Block.

This Block, designed by Mr. Keith D. Young, is in constant use. It provides twenty Cubicles and Private Apartments; with the necessary Receiving, Discharging, and Administrative Rooms, viz., twelve Isolation-Rooms separate by glass partitions on the ground floor, and eight Private Rooms on the upper floor. Its great value in facilitating administration and affording accommodation for cases which formerly must have been refused admission, completely vindicates the expense incurred by your Committee.

FINANCIAL POSITION.—During the past year the Annual Subscriptions amounted to £4,298 6s. 6d. an increase of £27 10s. 0d. The Donations amounted to £1,368 9s. 4d. a decrease of £496 3s. on 1915. Legacies amounted to £1,939 0s. 4d. as against £220 in 1915. In addition to the above the sum of £2,400 was allotted by the Attorney General as a special donation out of the estate of the late Mrs. Geldart.

The Legacies received were :

	£	s.	d.
Countess of Wilton	1,000	0	0
Mr. George Selman	5	5	0
Mr. George Wheeler	100	0	0
Mr. C. W. Walters (further)	57	3	6
Lady Brownlow	504	17	0
Mr. L. R. Erskine	200	0	0
Mrs. Nathan	2	0	0
Mr. T. P. Rider	15	0	0
Mr. C. Ansell (instalment)	54	14	10
	<hr/>		
	£1,939	0	4

The King's Fund made a grant of £200, coupled with a recommendation that an Operating Theatre should be built. The Committee have found it necessary to contract a Loan from their Bankers of £4,200, of which £3,000 has been paid off. The unfavourable financial position is to be attributed to the expenses of furnishing the new Block, to the continued increase in cost of food, drugs, material and labour, and to the diminution of income in comparison with the year before the War.

In 1915 your Committee were able to afford material assistance to the Naval and Military Authorities by receiving cases of infection contracted in the Training Camps. During the past year they have entered into an arrangement with the War Office to receive from the various military hospitals in the London Command officers of all ranks who may be suffering from infectious fever.

PRIVILEGES OF CONTRIBUTORS.

Subscribers of a Guinea and upwards for more than one year are Governors as long as they maintain their subscriptions. Donors of ten guineas and upwards in one sum are Governors for life. Governors are entitled to send their own domestic servants for free treatment as Ward Patients in the Hospital.

Firms, Clubs and Hotels subscribing two guineas annually may send one of their employés for free treatment as Ward Patients each year; four guineas, 2; and five guineas, 3 employés.

No Letters of Admission are issued. It will be sufficient for contributors to give their names to ensure the free treatment for which their servants or employés may be entitled.

The Accommodation is of two kinds, viz.—

(1). **IN THE WARDS:—**For children under 13 years of age, 5/- per day; patients over that age, 7/- per day.

The diseases usually treated in the wards are :—

- (a) Scarlet Fever.
- (b) Diphtheria.
- (c) Measles and German Measles.

Other Infectious Fevers, or the above with complications, can only be admitted into Private Rooms at the fees as laid down by the Committee.

(2). **PRIVATE AND ISOLATION ROOMS** are available for Infectious Fevers, the fees for which can be ascertained upon application.

The Method of Admission is as follows:—If the medical practitioner in attendance on the case will leave at the sufferer's residence a certificate clearly defining the disease the patient is suffering from and the friends then make application to the Secretary at the Hospital either in person, by telegraph, telephone or post, giving at the same time the name of a person who will pay the fee,* an ambulance will be sent for the patient's removal as quickly as possible. There is a charge for hire of the ambulance, to be paid for in addition to the fee, as well as 5/- extra for a nurse when required.

N.B.—Disregard of these instructions frequently causes delay and annoyance.

*Not required in cases where sufferers are entitled to free treatment.

The President's Address

TO THE

GOVERNORS

AT THE

ANNUAL GENERAL MEETING

At The House of Lords on February 21st, 1923.

THE PRESIDENT : It is now my duty in the ordinary course of our business to make some remarks on the history of the year. I am relieved from going into very much detail because it has been so ably dealt with in the very clear Report which you have just heard, but I cannot help referring to one or two of the more important matters contained therein.

One or two personal remarks seem called for at the outset as lately I have been suffering from a tedious ailment. In fact, I think I ought to be a patient rather than your President, but unfortunately I do not suffer from fever. I see a motion on the agenda paper which brings home to me that I cannot have the privilege of serving you and the Hospital usefully much longer.

Further you must always study the true interests of the Hospital and be careful to leave out any personal considerations. It must have been a shock to all of you, as it was to me, to learn that we had lost so valuable a friend and colleague as Mr. Edward Norman. A man of the highest business character, marked by an absence of self assertion, he gave the best of himself in our councils and proceedings, and the recent event has cast a shadow over to-day's gathering. We have also to regret the death of Dr. Harley and of Mr. Algernon Mills, one of our trustees. We are also about to lose Lord Monteagle.

I should have probably fallen into a similar melancholy tone which befell us last year in the retirement of Col. Hunter. We all know with what regret the end of his services came upon us, but when I see him and note that he will take an active part in the proceedings of the meeting, my pleasure is so great as to banish all utterances of woe. Rather let us rejoice over the fact that we had the benefit of his great abilities and his devotion to the Hospital, and let us extend to him our most cordial welcome to-day. When we are staggering under losses we must later take courage at the accession of strength which keeps us going. Sir Bernard Mallet and Sir Malcolm Grover are most welcome additions to our active colleagues, and the unremitting help of all members of the Committee is a theme on which I would gladly enlarge, as I am in a position to observe and appreciate how much the

Hospital owes to them one and all. We have also to welcome the appointment of Dr. Lakin as Assistant Physician.

I think the great event of the year has been the new building.

We are much to be congratulated upon it, and we owe not a little to Mr. Davis for both the plans and the result. We had a very cheerful occasion at the opening of the new wing and I am diffident about acknowledging in this public assembly the number of charming nurses with whom I danced or at least desired to dance with. (Laughter).

To me it was an additional pleasure that a part of that excellent and attractive arrangement was undertaken by our valued colleague Mrs. Muir Mackenzie, who is so intimately associated with the name of my brother, one who was loved and respected during the many years he did business on our behalf. (Hear ! Hear !)

Perhaps there are some who will attach even more importance to our new tennis court which is a gift to the Hospital from members of the Staff and others who have done a very generous and useful thing in thus adding to the more pleasurable and happy side of our daily life. I am in hopes of challenging all comers to a deadly combat on that tennis court before I go from among you. There are many other ways in which the material interests of the Hospital have been improved,

and we have taken our financial courage in our hands rather than suffer from inefficiency. We had the good fortune to have resources long ago gathered up against a rainy day, and we thought it best to realise our property rather than neglect our Institution.

I will refer shortly to our Finances, I have to confess at once that our Balance is not on the side which we should all commend. We have incurred heavy expenditure, but allowed the whole of that which goes beyond our income to become due to matters which extend to future years and are of lasting benefit.

The sale of the Elm Park Estate has been a very serious matter, but there is the greater counter advantage in paying off our debt to the Bank and making our necessary addition to buildings a ready money affair. We owe much to Mr. Davis for his help in these transactions, and we have also been fortunate in our negotiations with the Charity Commissioners. They might have raised many objections to the line we pursued in the matter of this property, and have put many difficulties in our way.

I don't know that I need trouble you with many more remarks, but I cannot disregard the substantial help which resulted to us from the Combined Appeal. I think the amount was something like £1,500. Whether that is a proceeding which is to become perennial I don't know, but it is certain that for some reason or other we cannot get on without appeals.

A very signal part has been taken by our indefatigable secretary, Commander Farrell, in the region of the appeals and I hardly know what language I could use strong enough to express our thanks to him for his services in that and all other respects.

Unless anybody wants to raise a point I will close my remarks by saying that notwithstanding all our troubles and adversities the Hospital presents a sound and healthy picture, and that while we cannot but regret to see empty rooms we are confident that we shall be prepared to meet with confidence any sudden demands which may be made upon us. With that I move the approval of the proceedings of the Committee during the year and further that a vote of thanks be tendered to them for their services. (Applause).

It is the constant and universal principle
of the human mind that the object of the
law is to secure the greatest good for the
greatest number of people. This principle is
the basis of all legislation and is the
foundation of all justice.

The law is a system of rules and regulations
which are designed to govern the conduct of
the individual and to secure the greatest
good for the greatest number of people.

REPORT OF THE COMMITTEE

for the Year ended December 31st, 1922.

YOUR Committee present herewith their One Hundred and Twenty-first Annual Report. A decided falling off in the number of admissions for scarlet fever and diphtheria is the most noticeable feature, and is due to a welcome diminution in the epidemic prevalence of these diseases. There has been a slight increase in the number of patients suffering from measles but nothing of the nature of an epidemic. The net result has been that the number of admissions to the hospital has only been about two-thirds of those admitted the previous year.

Admissions for the Five Years, 1918-1922.

	1922	1921	1920	1919	1918

	302	129	119	32	4	90	676

At the beginning of the year 1922, 138 patients remained in the Hospital. During the year 676 patients were admitted, giving a total under treatment of 814 as against 1088 the previous year. Of these 814 patients 759 were discharged cured, 11 died and 44 remained under treatment at the end of the year.

The Cases treated to a termination comprised :—

Scarlet Fever, 385. Of these 6 died, one from septic scarlet fever, the others from complications : Meningitis, 2 ; Cerebral Abscess 1 ; Status Lymphaticus, 1 ; and Broncho-pneumonia, 1. The death rate was 1.5 per cent. as compared with a record low mortality of 0.2 per cent. in 1921 when scarlet fever was of an exceptionally mild type.

Diphtheria, 142. Of these 5 died. The death rate was 3.5 per cent. whereas the year before it was 4.1 per cent.

Measles, 119. All recovered.

German Measles, 31. All recovered.

Enteric Fevers, 4. All recovered.

Other Fevers, 47. All recovered. These 47 cases include 20 cases of **Chicken-pox** ; 8 cases of **Mumps** ; 5 cases of **Erysipelas** ; 1 case of **Whooping Cough** and 13 cases of **Influenza**.

Diseases other than Fevers, 43, including 11 cases of **Tonsillitis** ; 3 cases of **Vincent's Angina** and 3 cases of **Acute Rheumatism**.

The full statistical tables, prepared by Dr. McClean, the Resident Medical Officer, are appended.

MEDICAL STAFF.

Your Committee regret to announce that Col. William Hunter, C.B., after many years of devoted service to the Hospital, has retired. His loss will be greatly felt.

C. E. Lakin, Esq., M.D., F.R.C.S., F.R.C.P., has been elected Assistant Physician. Dr. McClean continues to be our Resident Medical Officer and his administrative experience in the British Hospital at Constantinople has already proved of the greatest value in the reorganisation and improvement of the Hospital. We have lost the services of our Assistant Medical Officers, Dr. McArthur and Dr. Webber, both of whom have left to take important hospital posts elsewhere. Dr. Bethune has taken their place.

NURSING STAFF.

During the year five of the Nursing Staff contracted scarlet fever, one with diphtheria in addition. There were also 6 cases of Influenza and one each of Mumps, Chicken-pox and Diphtheria. These all recovered, and taking all things into consideration the amount of illness has been slight.

REMARKS.

The pressure on the Hospital accommodation has been much less severe than during the previous year and cases of cross-infection have been very few.

Guided by experience gained during the epidemic period the Committee have carried out important improvements which will materially increase the efficiency of the Hospital.

The urgent need for accommodation for a larger staff of nurses, mentioned in the last report, has been met by carrying out an extension of the Nurses' Home. This extension, admirably and economically designed by Mr. A. H. Davis, has provided 21 additional bedrooms and also a commodious lecture room, the want of which was greatly felt. This increased accommodation will again liberate the small isolation block which, perforce, was used for housing the extra nurses, at the very time when it was most needed for isolation of patients.

The old steam-disinfector, used for patients' bedding and clothing having worn out, has been replaced by a larger and more powerful apparatus of improved type, with an automatic register which ensures its efficient use. At the same time the refuse incinerator which was faulty, has been rebuilt and a simple but efficient steam-sterilising plant has been fitted in the kitchens of the scarlet fever block in order that all feeding utensils used by the patients may be sterilised immediately after use.

Great improvements have been effected in the heating of the wards. The old fire-places have everywhere been remodelled on the Diver pattern and additional steam radiators have been installed in the cross wards. By this means equality of temperature, which is a great consideration in fever nursing, is maintained during the whole twenty-four hours.

Considerable attention has been directed to proper cleansing and upkeep. By the addition of extra hands to the personnel it has been possible to carry on continuously the cleaning and re-painting of the wards and offices. All the wards in Blocks C, D, and E have now been put in proper condition and also the Resident Medical Officers' quarters.

By the generosity of the Committee and Staff a hard tennis court has been provided for the Nurses and Residents. This has proved a great boon. A row of poplars has been planted to form a screen between the Isolation Wing and the adjacent houses on the other side of the boundary wall.

The system of intercommunicating telephones, so necessary in a hospital consisting as this does of isolated blocks, which was installed nearly twenty years ago, has hopelessly broken down. A new and more efficient system is in process of being installed which will facilitate the efficient working of the Hospital and add to the safety of patients on emergency. Such emergencies are not uncommon.

At the present moment the two most pressing requirements of the Hospital are increased accommodation for private cases suffering from Scarlet Fever and increased isolation accommodation to safeguard the doubtful cases sent up for admission to our wards. It is hoped, too, that means may be found to repair the old roadways between the various blocks with tar macadam. This is very desirable—it would minimise dust in dry weather and obviate much discomfort in the wet.

LONDON FEVER HOSPITAL.

Liverpool Road, Islington.

LAWS AND REGULATIONS.

Reception of Patients.

1.—The Hospital is intended for the reception of persons suffering from infectious fever other than small-pox, and more especially for such of those persons as may require isolation, in order to prevent the further spread or propagation of the disease from them to others.

2.—Any person (not being a parochial pauper) labouring under such disease, shall, subject to the next rule, be considered a proper person for admission into the Hospital.

3.—The Committee may from time to time make regulations for the admission of such persons as patients on payment of such sums as may be from time to time determined, provided always that—

- (a) Domestic servants of governors shall be admitted gratuitously.
- (b) The Committee may, if they think fit, at any time reduce or wholly remit the fees in the case of individual patients.

4.—Applications for admission should be accompanied by a medical certificate stating the nature of the disease. The medical officers may, in the exercise of their discretion, refuse admission to any case which they deem unfit; but every refusal to admit a patient shall be reported at the next meeting of the Committee, together with the reason for the refusal.

Governors.

5.—All subscribers of not less than one guinea per annum, who have subscribed for more than one year, and all donors of not less than ten guineas in one donation, shall be governors of the Hospital. This rule shall not be retrospective.

General Meeting and Election of Committee.

6.—A general meeting of the governors, of which ten days' previous notice must be given in three morning newspapers, shall be held every year, on the second Friday in February, or as near thereto as may be convenient, for the purpose of approving or rescinding the proceedings of the Committee for the preceding year; for receiving the annual report of the state of the funds; and for electing a president, vice-presidents, treasurer, honorary secretary, and other members of the Committee for the ensuing year.

7.—The Committee for the management of the Hospital shall consist of the president, the vice-presidents, the trustees, the treasurer, honorary secretary, and not less than fifteen nor more than twenty-five other governors.

8.—A special general meeting of the governors may at any time be called by direction of the president or of the Committee; or on the requisition of any twelve governors, provided the requisition be made in writing to the secretary and the purpose for which the same is summoned be published in three morning newspapers at least ten days prior to the meeting; but the proceedings of such special general meeting, though acted upon *pro tempore*, shall not be deemed final until confirmed by another general meeting.

9.—No new rule or law shall be made, nor shall any existing rule or law be repealed or altered, until determined upon at a general meeting by a majority of governors present and voting, and until confirmed at a subsequent general or special meeting.

10.—The presence of seven governors shall be necessary to constitute a quorum at general meetings, and without that number no business shall be transacted.

The Committee.

11.—The Committee shall manage the Hospital. They shall meet on the second Friday, or on such other day of every month as they may appoint; and three members shall be necessary to constitute a meeting and to transact business. A special meeting of the Committee may be called by the direction of the honorary secretary, or by any three members of the Committee, on giving at least three days' notice of the same to the members of the Committee, and specifying the business for which it is called.

12.—The Committee shall have authority to appoint sub-committees, whose reports shall be submitted to their consideration; and with the assistance of the medical officers shall, from time to time as may be expedient, form regulations and by-laws for the internal management of the Hospital.

13.—The resolutions of one meeting of the Committee shall not be rescinded by another, unless it be specially summoned for that purpose.

14.—The Committee shall yearly publish a report of the state of the Hospital.

15.—All accounts, except such sums as may be comprised under the item of petty cash, shall be submitted to the Committee at the monthly meetings, after having been duly examined by the secretary, the resident medical officer, the house directors, and certified by the auditor; and such accounts, if approved, shall be paid by cheques, payable to order, signed by two members of the Committee, on production of the house directors' minutes relating to them, and countersigned by the secretary.

16.—No member of the Committee shall furnish, otherwise than gratuitously, any goods, provisions, or other articles, for the use of, or on account of, the Hospital, or be concerned in any contract, directly or indirectly, for supplying the same, or be employed for hire, fees, wages, or profit in any office or employment in connection with the Hospital.

Conduct of Meetings.

17.—At all meetings a simple majority of the members present and voting shall bind the minority; and in case of equality of votes, the chairman shall have an additional or casting vote.

Treasurer.

18.—The treasurer, if present, shall take the chair at all meetings of the Committee, in the absence of the president or vice-presidents. He shall keep an account at the bankers, and all moneys received for the use of the Hospital shall be paid to such account; he shall honour cheques signed, as provided in rule 15.

Honorary Secretary.

19.—In the absence of the Committee, the honorary secretary shall represent the Hospital with the public and with public bodies, reporting his action to the Committee.

Audit.

20.—All accounts of the Hospital shall be audited by a professional auditor. The auditor shall certify the accounts, and it shall be his duty to report to the Committee anything in the books or accounts which in his opinion appear to call for comment.

21.—At the meeting of the Committee in November, three gentlemen, one at least of whom shall not be a member of the Committee, shall be appointed to examine the accounts of the Hospital for the current year, and approve an abstract of all receipts and disbursements to be prepared by the secretary, and laid before the annual general meeting in February.

House Directors.

22.—The house directors shall consist of the trustees, treasurer, the two physicians, and the architect, who shall be *ex-officio* house directors, and of three elected house directors chosen as follows:—The Committee at their meeting in February shall appoint a member of their own body to be chairman of house directors, who shall retain office for a term of three months. They shall in like manner appoint a chairman of house directors at their meetings in May, August and November. The same person shall not, unless by special resolution of the Committee, be elected for two terms in succession.

The Committee at each monthly meeting shall appoint two members of their body to be house directors for the ensuing month, one of whom, if possible, shall not have served during the previous month. If the same house directors are re-appointed, they shall only be so appointed by special resolution.

23.—They shall from time to time cause the beds, clothes, and apparel belonging to the Hospital to be examined, and shall report thereon, if necessary, to the Committee. They shall inspect the tradesmen's bills, and take care that the provisions, bedding, clothing, furniture, and every article for the use of the Hospital be supplied on the most reasonable terms; they shall order in writing all permanent stores, and shall advise the Committee as to all larger requirements and structural alterations.

24.—All articles required in large quantities shall, when practicable, be supplied by contract after public tender, and all considerable contracts for work or repairs be made after public tender or invitation to not less than three respectable firms, but the house directors shall not be obliged to except the lowest or any tender.

25.—They shall be authorised in all respects to enforce the observance of the regulations of the Hospital; they shall notice and report to the Committee any irregularity or misconduct on the part of the officers, servants, or patients of the charity, and shall, at every meeting of the Committee, cause a statement of the house expenditure to be produced for the preceding month. They shall appoint and dismiss, or approve the appointment or dismissal, of all nurses, porters, and other servants, male or female.

26.—The chairman of the house directors shall, during the intervals between their meetings, be authorised to exercise the functions of the house directors in any matter of urgency, reporting, at their next meeting, what he may have done under this authority.

Physicians.

27.—There shall be two physicians and one or more assistant physicians, who shall be Fellows or Members of the Royal College of Physicians of London; and also a surgeon, who shall be a Fellow of the Royal College of Surgeons.

28.—One of the physicians shall visit the Hospital at least once every day. The physicians shall have the power of dismissing any patient for refractory conduct or disobedience of orders. The physicians, assistant physicians, and surgeon shall be entitled to attend all Committee meetings.

28A.—No physician shall hold the appointment of physician for more than twenty years, nor after he shall have attained the age of sixty-five years.

Assistant Physicians.

29.—In case of the illness or necessary absence of either of the physicians, one of the assistant physicians shall attend regularly in his stead. Such attendances shall be reported to the Committee. If the number of patients exceed 150 an assistant physician shall come on active duty.

30.—The surgeon shall undertake the surgical charge of such patients as the physicians may deem necessary, and in case of emergency shall attend when summoned by the resident medical officer. Such attendances shall be reported to the Committee. If unable to attend, the surgeon shall substitute a duly qualified deputy.

Hospital Pupils.

31.—No medical student shall be permitted to visit the Hospital unless in company with one of the physicians, or unless regularly entered or registered as a pupil by the physicians.

Architect.

32.—There shall be an Architect to the Hospital. He shall advise on all questions concerning the Hospital sites and buildings, and shall supervise the structural maintenance of the Hospital, prepare all plans, and superintend all works connected therewith.

33.—The status shall be similar to that of the physicians to the Hospital.

Resident Medical Officer.

34.—The resident medical officer shall reside constantly at the Hospital, and shall devote himself entirely to the duties of his office, as defined by these laws and by the by-laws. Candidates for the post shall be required to produce satisfactory testimonials to the Committee.

35.—He shall superintend the wards and Hospital generally, between the visits of the physicians, and the dispensary shall be exclusively under his control. In the absence of the Committee and house directors, he shall be recognised as the head of the establishment.

36.—He should keep accurate registers of the patients and of their cases, which registers shall be the property of the Hospital; he shall produce a special report every month, to be laid before the Committee.

37.—When the number of patients shall be sufficiently great, or other circumstances render such a step necessary, the Committee shall have power to appoint one or two assistants to the resident medical officer, and he or they shall receive such remuneration as the Committee shall from time to time determine.

Secretary, House Steward, and Collector.

38.—There shall be a secretary and a house steward. These offices shall be filled by the same or by different persons as the Committee shall from time to time think fit.

39.—The duties of the secretary shall be to have the conduct of the correspondence of the Hospital, the keeping of the accounts, and to perform all duties appointed by the by-laws.

40.—The house steward shall have the management of the domestic affairs of the Hospital, under the general superintendence of the resident medical officer, and shall perform the duties appointed by the by-laws.

41.—The duties of the collector shall be—
To call on subscribers and collect all donations and subscriptions of the Hospital; to give only authorised printed receipts for the same; to attend all meetings when required; to keep correct lists and duplicate lists of all donations and subscriptions, with the residences of the donors and subscribers, made up from day to day; to pay weekly all moneys he may receive to the bankers; to deliver weekly to the secretary reports in writing of all moneys received and paid, with the balance at the bankers; to keep the accounts regularly entered in the collector's cash book; to deliver a copy of the annual report to each subscriber; and to perform all the duties appointed by the by-laws.

42.—The secretary, house steward, and collector shall be required to enter into bonds with sufficient sureties for the due and faithful performance of their duties in such sums as the Committee may determine.

Matron.

43.—The matron shall have the direction of the nurses and female servants in the Hospital, subject to the superintendence of the house directors and the resident medical officer, and shall be responsible for the care and order of the wards. She shall have charge of the housekeeping arrangements, and shall perform all duties appointed by the by-laws.

Election of Officers.

44.—The physicians, surgeon, assistant physicians, architect, resident medical officers, matron, auditor and secretary shall be elected by a Committee comprised of the Committee for the management of the Hospital, the honorary medical officers, and the architect.

Salaries.

45.—No variation in the fixed salaries of officials shall be made unless the Committee be summoned for that purpose, and unless the proposed addition or diminution be confirmed by a subsequent Committee.

Trustees.

46.—The legal estate in the lands, buildings, and premises of the Hospital shall be vested in a corporation authorized to act as a trustee, or in not less than three individual trustees, a new trustee, or new trustees being appointed at a general meeting of the governors when vacancies occur.

47. Every legacy or bequest of the amount or value of £100 and upwards, of which no special direction or appropriation shall be directed or declared by the testator, shall, unless the same is immediately required for the general purposes of the Hospital, be invested on behalf of the Hospital in any investments for the time being authorized by law for the investment of trust moneys; but so that such legacy or bequest and the investments for the time being representing the same shall remain available for the general purposes of the Hospital and applicable as income accordingly; and the same or any part thereof may at any time or times be so applied with the sanction of a resolution of the Committee approving such application.

Religious Ministrations.

48.—Ministers of religion of all denominations shall have free and equal access to the Hospital, but no minister of any denomination shall receive any payment out of the funds of the Hospital in respect of his ministrations.

49.—It shall be a standing instruction to the Committee and officers of the Hospital that any minister of religion desirous of visiting or ministering to patients of his own denomination shall be received with all courtesy, and shall be afforded all facilities consistent with the wishes and welfare of the patients and the convenient conduct of the Hospital.

By-Laws.

50.—The by-laws which shall from time to time be made by the Committee shall be open to the inspection of any governor, and shall contain, among other things, a full specification of the duties of the resident medical officer, the matron, and other officers and servants of the Hospital, together with the terms of their employment. This specification of his or her own duties shall be read to and assented to in writing by, every person before his or her appointment, and referred to on all occasions of doubt.

At a Meeting of the Committee held at Freemasons' Tavern, on October 13th, 1882, it was resolved:—

1. That no election to the office of physician, assistant physician, resident medical officer, assistant resident medical officer, secretary, auditor, or matron be proceeded with until the vacancy has been advertised in three daily London papers and in two medical journals. The first advertisement to be inserted not less than eight days before the election.

LONDON FEVER HOSPITAL

President :

The Rt. Hon.

LORD BALFOUR OF BURLEIGH, K.T., G.C.M.G., G.C.V.O.

SPEECH BY LORD BALFOUR OF BURLEIGH, K.T.,
G.C.M.G., G.C.V.O., PRESIDENT, AT THE ANNUAL
GENERAL MEETING OF GOVERNORS, HELD ON
THURSDAY, FEBRUARY 13TH, 1919, AT THE PUB-
LIC TRUSTEE'S OFFICE, KINGSWAY, LONDON,
W.C.

LORD BALFOUR OF BURLEIGH : Ladies and gentlemen, it falls to me to say one or two words about the work of the past year and to move the approval of the proceedings of the Committee during the year, and that a vote of thanks be tendered to them for their services. May I say it is a great satisfaction to us all to see Colonel Hunter who is our Senior Physician, and Colonel Maynard Smith, our Hon. Surgeon, both back among us here to-day, after having "done their bit" in the war, to the credit of themselves, and the advantage of the country, and I believe for the honour of the London Fever Hospital. Colonel Hunter has had a variety of experiences in Serbia, and in the Near East, and Colonel Maynard Smith, has been mainly in France. We have heard more of Colonel Hunter's work because as far as I have been able to understand it he seems to have done a great deal in the advancement of the science of preventive medicine, and I hope the experience he has gained will be useful to him and to us in this country. You have heard the report on the medical work of the Hospital last year, which was written by Sir John Broadbent. Some of us at any rate can remember the time when Sir John Broadbent's father occupied the same position in the Hospital as Sir John does now. Sir John has given us the medical history of the past year, and Dr. Sidney Phillips has said I think, all that is necessary to say about it, and as you know, the governors have already adopted it. I have nothing to add to that report, and I come to a point which is much less satis-

factory than the medical report, viz., the statement laid on the table about our financial position, by the Secretary, in the absence of Mr. Muir Mackenzie. From that we learn that our outlay has exceeded our receipts by £1,028. That is a very unusual state of things for us, and a very unsatisfactory one. But we cannot express surprise, all things considered, having regard to the tremendous demands upon the charitable public, the tremendous increase in the cost of living, and the enormous burden of taxation which we all have to bear. One of the most difficult things one has to do is to consider the subscriptions one wants to continue to old established institutions, having regard to all the demands that are made upon one. I am sure I am right in saying that these are the circumstances which are responsible for this deficit—not dissatisfaction with the Hospital, or any feeling against its work; but it is sad to think that our annual subscription list is down by £128, and our donations are short by £291. Our pay list has increased in amount; that is inevitable. Nearly all of our staff are in receipt of war bonuses. Our sisters, nurses, and female servants receive twenty per cent. more than they did during the pre-war period, although we supply them with food, lodging, washing and uniform. There is no doubt that the class from which they are drawn have had so many openings for additional work made available for them, that we must not be surprised if there is competition for their services. I remember attending a meeting of the Committee up at the Hospital a few months ago, to consider the payments made to our engineering and other male staff. We were obliged to give them an increase of fifty per cent. on their salaries, as they stood at the beginning of the War; and even so I doubt whether we fully recompensed them for the excess of expenditure which they have to meet. These men of course, work inside the Hospital, but they live and feed outside with their families, and have all the extra charges for food, etc., to meet. I don't know that I need enlarge upon that point. I have said enough to show what the difficulties are; in the result they have involved us in a deficit of £1,028. I think we must do something in the early months of this year, when the war is finally concluded, to make an appeal. I don't conceal from you that the war has involved us in other difficulties. I don't want to complain, but in order to fully explain what I mean we have to go back two or three years. When war was declared we were in full working order, with a well-trained staff. By the end of the first year we had begun to feel the stress. Sisters and nurses began to leave us for the Front, or for military hospitals at home, and so persistently did this continue that at the present moment we have not one sister or nurse who was with us at the beginning of the war. All have left for military work. I believe that in the

immense majority of cases they left us from a sense of duty, and not from any dissatisfaction at the position in which they were placed. During the same period a portion of the female domestic staff have left us for munitions, and other similar war work, so that at the end of last year only three out of thirty odd who were with us in 1914, remained, the rest having left us for various reasons. During the most difficult time of the war for us, a new and heavy demand was made upon us to receive and treat sick and wounded officers as well as invalid nurses from the Front, and from various hospitals in England, who in addition to wounds and other illnesses, had in many cases contracted infectious fevers in this country, and our Institution had to come to the rescue to help them. All these things I think if properly made known would ensure us support, and I hope we shall be able to make them known to a wider circle. Perhaps if we can make an appeal, we may be able to restore our financial position to what it was before. I sum up this part of what I have to say by saying that in spite of all our difficulties, during the past three and a half years, we have received and satisfactorily treated no less than 465 cases of invalided officers and nurses, in addition to ordinary civilians who come to us in the ordinary way. I think that it is a very good record for an Institution of this kind. We have received and nursed over 2,000 cases in the last two years. Some people might ask—how has it been done with your staff diminishing week by week? The only answer I can give is that the Matron who is responsible for keeping up the supply of nurses and sisters seems to have risen in a most marvellous way to the occasion. In her we have a most valuable servant, and one of whom we may be very justly proud. I conclude by moving a vote of thanks to the Committee for their services during the past year, and that the governors here assembled confirm the proceedings of the Committee.

The resolution was carried.

LONDON FEVER HOSPITAL

President :

The Rt. Hon.

LORD BALFOUR OF BURLEIGH, K.T., G.C.M.G., G.C.V.O.

THE PRESIDENT'S ADDRESS TO THE GOVERNORS
OF THE HOSPITAL AT THE ANNUAL MEETING
HELD ON FRIDAY, FEBRUARY 9TH, 1917, AT THE
PUBLIC TRUSTEES' OFFICE, KINGSWAY, LONDON,
W.C.

LORD BALFOUR OF BURLEIGH : I have now to move the approval of the proceedings of the Committee during the past year, and that thanks be tendered to them for their services. You have heard the financial statement presented and the medical report read by Capt. Box, and comments upon it by Sir Shirley Murphy, whom we shall all acknowledge speaks with the fullest experience on such matters, and I may, I think, safely leave the medical side of things very much where he left them. I should, however, like to make a few remarks of quite a general nature on the work of the year. In the first place it has been a heavy year as regards numbers, and that ought to be made generally known. We have had 964 patients, comparing with 1,059 in the previous year, or over 2,000 patients in the two years. That is certainly a point we ought to make the most of, and it ought to be known with the steady increase in the numbers treated that the Institution has done in those years an amount of work which it never did before, and I am one of those who think that it does not get quite sufficient credit for all the work that it does, and the dangers it saves the community from by removing the risk of infection. The fact that we have been able to do this work, and especially the increased number of diseases we are able to treat, is largely on account of the work of reconstruction which we have been carrying through under great difficulties. Before we commenced that reconstruction we were obliged to limit admission to the small old list of diseases—scarlet fever, diphtheria, typhoid, and the two classes of measles. Since our

rebuilding, as Sir Shirley Murphy has mentioned, our sphere of usefulness has been increased, and we give admission to other cases, such as chicken-pox, mumps, erysipelas, and other diseases. It is very creditable to our medical staff that they have succeeded in treating these diseases satisfactorily, and I think the extension of our work should be more widely known, and I am sure, as widely as it is known, it will be appreciated by the community. We have had a great deal of difficulty in this work of reconstruction. We spent a great deal of money upon it during the fifteen or twenty years which it took, and which entered upon the final stage just before the war broke out, and in spite of all these difficulties we have been compelled to proceed with the work even when this great storm has pressed upon us. With regard to finance, the Secretary has given me some information about that, because it is a matter which should be widely known. The facts are these—that the outlay has entailed a debt of £4,200, and that in spite of the generous help of King Edward's Hospital Fund, the governors of which gave us £2,500 towards the special work of rebuilding, and for that generosity I am sure the Committee would desire to return their most cordial thanks. As I say, we began the year 1916 with a debt of £4,200. During the year that has been reduced by £3,000, leaving us at the present moment £1,200, in debt to our bankers. But you must not run away with the idea that that debt was paid off out of our current income. It was only made possible by means of the legacies which we received and which, of course, we neither expect nor, shall I say, hope to receive in subsequent years. If our friends leave us, I hope they will leave us some money, but we have no desire that they should go away for the purpose of so doing. With these facts before us I think I may say that there is an anxious time before all the managers of voluntary hospitals—it is not so much that our funds are unsatisfactory at the moment as that we apprehend, unless efforts are made, that they may become unsatisfactory. One great cause of anxiety is the diminution of our annual subscription list. It shows a marked downward tendency. We don't blame people, because we know the many claims upon them, but it would be to me a very sad thing if an old and well-established Institution like ours is not supported, and is not kept going even in these times of difficulty by the fact of new claims being made upon our subscribers. In the last two years our annual subscription list has fallen off very considerably—it has fallen off in gross more than £90 on the two years, in spite of one generous subscription of £100 by the family of the late Sir Sigmund Neumann. In passing I should like to express our grateful thanks to Sir Cecil Neumann, the present Baronet, and his sisters and brother for their generosity. You may say that a decrease of £90 in our annual income

is not a very serious matter, but we recognise in the near future further great difficulties, and one in particular, which will not occur to everyone in this room. As many of you know there are various opinions about the policy of the Government in commandeering large hotels, and clubs, and premises of that kind. I will not enlarge upon that question, but would wish to point out that if these places are commandeered they take away from us the subscriptions which we receive from them, and while we should not have to treat the staffs that they put in, the fact remains that a great many of these institutions which have been taken over by the Government are institutions which have been in the habit of subscribing to us year after year. Therefore it is a serious outlook for us if we should lose that source of revenue as well as that I have mentioned. I am bound to say that some of our kind subscribers in private life tell us that they are obliged to discontinue their annual help. I know myself the strain and difficulty there is in keeping up charitable subscriptions, but it would be very sad if an Institution like ours which has carried on its work for 115 years, should be the victim of untoward circumstances of this kind. Sir Shirley Murphy says he cannot remember the time, but I am asked to remind the subscribers that we did successfully pass through the Peninsula war, and the Waterloo campaign, and we hope the same may be said of this present conflict. [Hear, hear.] May I make one more claim, and I think it is a very real claim for consideration. We have been doing our share of nursing the sick and wounded from the Front who, in addition to their other troubles, have developed some form of infectious fever after landing in this country. It is an absolute fact that 190 such cases, including some of the nurses from the Front, have passed through our hands since the war began. We have got an arrangement with the War Office, and I am quite sure they are playing up to it, though I think we give a good return for whatever we get. Think of what the fate of these poor people would be who come here with infectious diseases, and who cannot be taken into a private house without risk and danger to the community. These people can be, and are, treated in our hospital, and I hold that that in itself gives the Institution a great claim upon the public. I have to express on your behalf our great regret at the death of one of our late physicians—Dr. William Cayley—who was connected with the hospital for many years as a member of our staff. I think that is all I have to say, and I will conclude by formally proposing approval of the proceedings of the Committee and thank them for their work during the past year.

The resolution was carried unanimously.

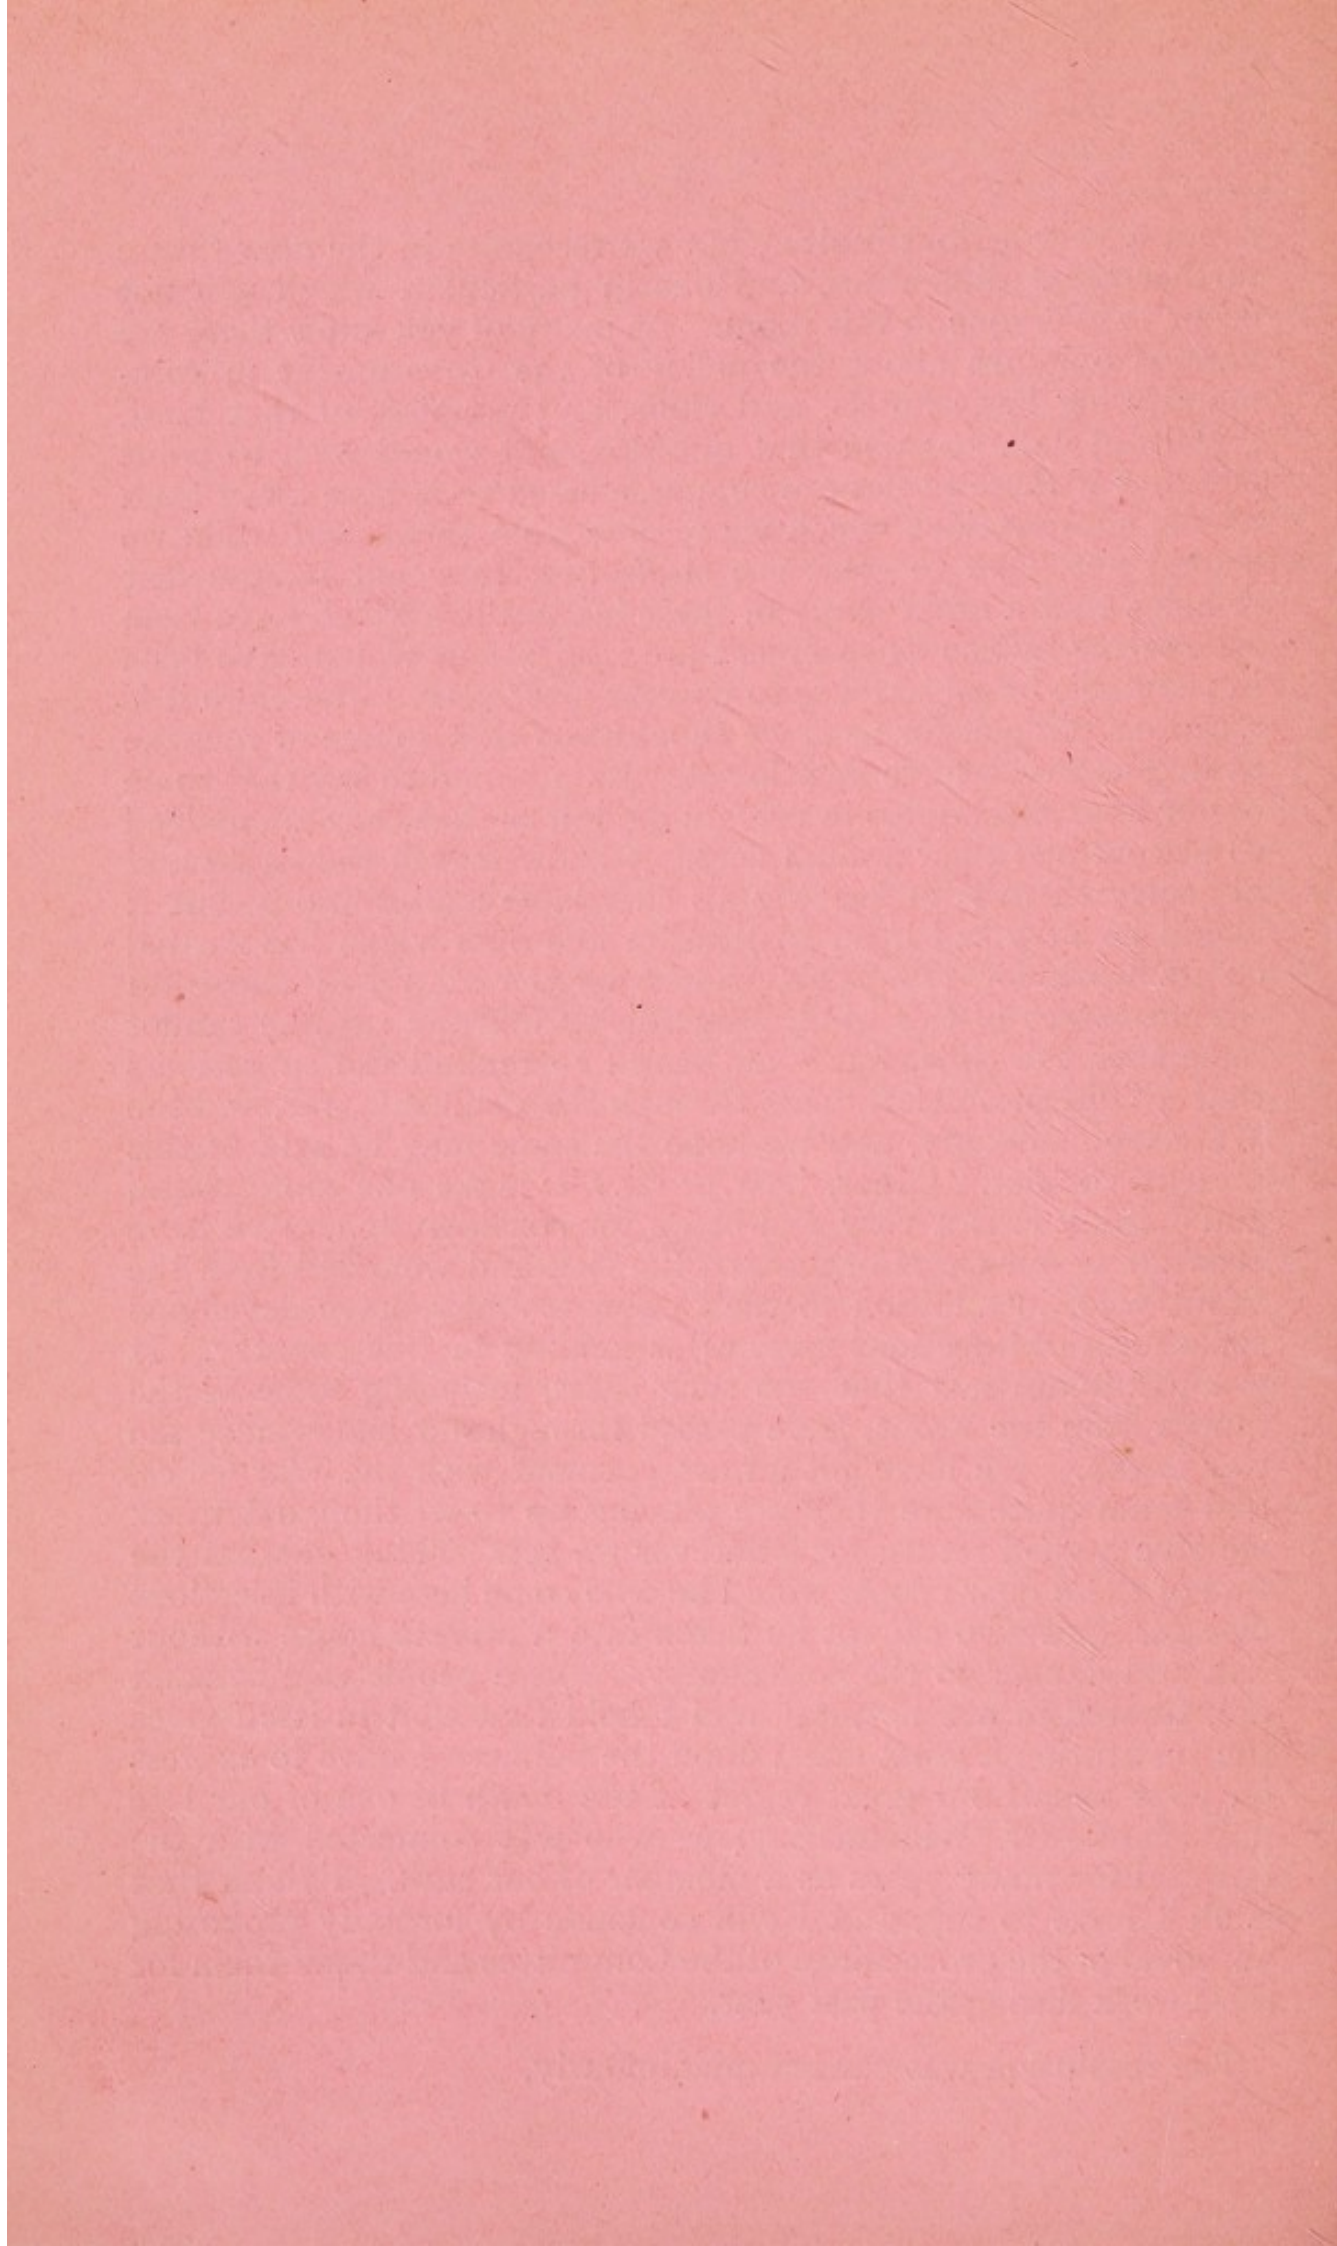

TABLE XI.—SHOWING THE SOCIAL POSITION AND RECOMMENDATIONS OF THE PATIENTS ADMITTED DURING THE YEAR 1916.

LONDON FEVER HOSPITAL.

LIVERPOOL ROAD, ISLINGTON.

LAWS AND REGULATIONS.

Reception of Patients.

1. The Hospital is intended for the reception of persons suffering from infectious fever other than small-pox, and more especially for such of those persons as may require isolation, in order to prevent the further spread or propagation of the disease from them to others.

2. Any person (not being a parochial pauper) labouring under such disease shall, subject to the next rule, be considered a proper person for admission into the Hospital.

3. The Committee may from time to time make regulations for the admission of such persons as patients on payment of such sums as may be from time to time determined, provided always that—

(a) Domestic servants of governors shall be admitted gratuitously.

(b) The Committee may, if they think fit, at any time reduce or wholly remit the fees in the case of individual patients.

4. Applications for admission should be accompanied by a medical certificate stating the nature of the disease. The medical officers may, in the exercise of their discretion, refuse admission to any case which they deem unfit; but every refusal to admit a patient shall be reported at the next meeting of the Committee, together with the reason for the refusal.

Governors.

5. All subscribers of not less than one guinea per annum, who have subscribed for more than one year, and all donors of not less than ten guineas in one donation, shall be governors of the Hospital. This rule shall not be retrospective.

General Meeting and Election of Committee.

6. A general meeting of the governors, of which ten days' previous notice must be given in three morning newspapers, shall be held every year, on the second Friday in February, or as near thereto as may be convenient, for the purpose of approving or rescinding the proceedings of the Committee for the preceding year; for receiving the annual report of the state of the funds; and for electing a president, vice-presidents, treasurer, honorary secretary, and other members of the Committee for the ensuing year.

7. The Committee for the management of the Hospital shall consist of the president, the vice-presidents, the trustees, the treasurer, honorary secretary, and not less than fifteen nor more than twenty-five other governors.

8. A special general meeting of the governors may at any time be called by direction of the president or of the Committee; or on the requisition of any twelve governors, provided the requisition be made in writing to the secretary and the purpose for which the same is summoned be published in three morning newspapers at least ten days prior to the meeting; but the proceedings of such special general meeting, though acted upon *pro tempore*, shall not be deemed final until confirmed by another general meeting.

9. No new rule or law shall be made, nor shall any existing rule or law be repealed or altered, until determined upon at a general meeting by a majority of governors present and voting, and until confirmed at a subsequent general or special meeting.

10. The presence of seven governors shall be necessary to constitute a quorum at general meetings, and without that number no business shall be transacted.

The Committee.

11. The Committee shall manage the Hospital. They shall meet on the second Friday, or on such other day of every month as they may appoint; and three members shall be necessary to constitute a meeting and to transact business. A special meeting of the Committee may be called by the direction of the honorary secretary, or by any three members of the Committee, on giving at least three days' notice of the same to the members of the Committee, and specifying the business for which it is called.

12. The Committee shall have authority to appoint sub-committees, whose reports shall be submitted to their consideration; and with the assistance of the medical officers shall, from time to time as may be expedient, form regulations and by-laws for the internal management of the Hospital.

13. The resolutions of one meeting of the Committee shall not be rescinded by another, unless it be specially summoned for that purpose.

14. The Committee shall yearly publish a report of the state of the Hospital.

15. All accounts, except such sums as may be comprised under the item of petty cash, shall be submitted to the Committee at the monthly meetings, after having been duly examined by the secretary, the resident medical officer, the house directors, and certified by the auditor; and such accounts, if approved, shall be paid by cheques, payable to order, signed by two members of the Committee, on production of the house directors' minutes relating to them, and countersigned by the secretary.

16. No member of the Committee shall furnish, otherwise than gratuitously, any goods, provisions, or other articles, for the use of, or on account of, the Hospital, or be concerned in any contract, directly or indirectly, for supplying the same, or be employed for hire, fees, wages, or profit in any office or employment in connection with the Hospital.

Conduct of Meetings.

17. At all meetings a simple majority of the members present and voting shall bind the minority; and in case of equality of votes, the chairman shall have an additional or casting vote.

Treasurer.

18. The treasurer, if present, shall take the chair at all meetings of the Committee, in the absence of the president or vice-presidents. He shall keep an account at the bankers', and all moneys received for the use of the Hospital shall be paid to such account; he shall honour cheques signed, as provided in Rule 15.

Honorary Secretary.

19. In the absence of the Committee, the honorary secretary shall represent the Hospital with the public and with public bodies, reporting his action to the Committee.

Audit.

20. All accounts of the Hospital shall be audited by a professional auditor. The auditor shall certify the accounts, and it shall be his duty to report to the Committee anything in the books or accounts which in his opinion appear to call for comment.

21. At the meeting of the Committee in November, three gentlemen, one at least of whom shall not be a member of the Committee, shall be appointed to examine the accounts of the Hospital for the current year, and approve an abstract of all receipts and disbursements to be prepared by the secretary, and laid before the annual general meeting in February.

House Directors.

22. The house-directors shall consist of the trustees, treasurer, the two physicians, and the architect, who shall be *ex-officio* house-directors, and of three elected house-directors chosen as follows:—The Committee at their meeting in February shall

appoint a member of their own body to be chairman of house directors, who shall retain office for a term of three months. They shall in like manner appoint a chairman of house directors at their meetings in May, August, and November. The same person shall not, unless by special resolution of the Committee, be elected for two terms in succession. The Committee at each monthly meeting shall appoint two members of their body to be house directors for the ensuing month, one of whom, if possible, shall not have served during the previous month. If the same house directors are re-appointed, they shall only be so appointed by special resolution.

23. They shall from time to time cause the beds, clothes, and apparel belonging to the Hospital to be examined, and shall report thereon, if necessary, to the Committee. They shall inspect the tradesmen's bills, and take care that the provisions, bedding, clothing, furniture, and every article for the use of the Hospital be supplied on the most reasonable terms; they shall order in writing all permanent stores, and shall advise the Committee as to all larger requirements and structural alterations.

24. All articles required in large quantity shall, where practicable, be supplied by contract after public tender, and all considerable contracts for work or repairs be made after public tender or invitation to not less than three respectable firms, but the house directors shall not be obliged to accept the lowest or any tender.

25. They shall be authorised in all respects to enforce the observance of the regulations of the Hospital; they shall notice and report to the Committee any irregularity or misconduct on the part of the officers, servants, or patients of the charity, and shall, at every meeting of the Committee, cause a statement of the house expenditure to be produced for the preceding month. They shall appoint and dismiss, or approve the appointment or dismissal, of all nurses, porters, and other servants, male or female.

26. The chairman of the house directors shall, during the intervals between their meetings, be authorised to exercise the functions of the house directors in any matter of urgency, reporting, at their next meeting, what he may have done under this authority.

Physicians.

27. There shall be two physicians and one or more assistant physicians, who shall be Fellows or Members of the Royal College of Physicians of London; and also a surgeon, who shall be a Fellow of the Royal College of Surgeons.

28. One of the physicians shall visit the Hospital at least once every day. The physicians shall have the power of dismissing any patient for refractory conduct or disobedience of orders. The physicians, assistant physicians, and surgeon shall be entitled to attend all Committee meetings.

28A. No physician shall hold the appointment of physician for more than twenty years, nor after he shall have attained the age of sixty-five years.

Assistant Physicians.

29. In case of the illness or necessary absence of either of the physicians, one or the assistant physicians shall attend regularly in his stead. Such attendances

shall be reported to the Committee. If the number of patients exceed 150 an assistant physician shall come on active duty.

30. The surgeon shall undertake the surgical charge of such patients as the physicians may deem necessary, and in case of emergency shall attend when summoned by the resident medical officer. Such attendances shall be reported to the Committee. If unable to attend, the surgeon shall substitute a duly qualified deputy.

Hospital Pupils.

31. No medical student shall be permitted to visit the Hospital unless in company with one of the physicians, or unless regularly entered or registered as a pupil by the physicians.

Architect.

32. There shall be an Architect to the Hospital. He shall advise on all questions concerning the Hospital sites and buildings, and shall supervise the structural maintenance of the Hospital, prepare all plans, and superintend all works connected therewith.

33. His status shall be similar to that of the physicians to the Hospital.

Resident Medical Officer.

34. The resident medical officer shall reside constantly at the Hospital, and shall devote himself entirely to the duties of his office, as defined by these laws and by the by-laws. Candidates for the post shall be required to produce satisfactory testimonials to the Committee.

35. He shall superintend the wards and Hospital generally, between the visits of the physicians, and the dispensary shall be exclusively under his control. In the absence of the Committee and house directors, he shall be recognised as the head of the establishment.

36. He shall keep accurate registers of the patients and of their cases, which registers shall be the property of the Hospital; he shall produce a special report every month, to be laid before the Committee.

37. When the number of patients shall be sufficiently great, or other circumstances render such a step necessary, the Committee shall have power to appoint one or two assistants to the resident medical officer, and he or they shall receive such remuneration as the Committee shall from time to time determine.

Secretary, House Steward, and Collector.

38. There shall be a secretary and a house steward. These offices shall be filled by the same or by different persons as the Committee shall from time to time think fit.

39. The duties of the secretary shall be to have the conduct of the correspondence of the Hospital, the keeping of the accounts, and to perform all duties appointed by the by-laws.

40. The house steward shall have the management of the domestic affairs of the Hospital, under the general superintendence of the resident medical officer, and shall perform the duties appointed by the by-laws.

41. The duties of the collector shall be—

To call on subscribers and collect all donations and subscriptions of the Hospital; to give only authorised printed receipts for the same; to attend all meetings when required; to keep correct lists and duplicate lists of all donations and subscriptions, with the residences of the donors and subscribers, made up from day to day; to pay weekly all moneys he may receive to the bankers; to deliver weekly to the secretary reports in writing of all moneys received and paid, with the balance at the bankers'; to keep the accounts regularly entered in the collector's cash book; to deliver a copy of the annual report to each subscriber; and to perform all the duties appointed by the by-laws.

42. The secretary, house steward, and collector shall be required to enter into bonds with sufficient sureties for the due and faithful performance of their duties in such sums as the Committee may determine.

Matron.

43. The matron shall have the direction of the nurses and female servants in the Hospital, subject to the superintendence of the house directors and the resident medical officer, and shall be responsible for the care and order of the wards. She shall have charge of the housekeeping arrangements, and shall perform the duties appointed by the by-laws.

Election of Officers.

44. The physicians, surgeon, assistant physicians, architect, resident medical officers, matron, auditor, and secretary shall be elected by a Committee comprised of the Committee for the management of the Hospital, the honorary medical officers, and the architect.

Salaries.

45. No variation in the fixed salaries of officials shall be made unless the Committee be summoned for that purpose, and unless the proposed addition or diminution be confirmed by a subsequent Committee.

Trustees.

46. The legal estate in the lands, buildings, and premises of the Hospital shall be vested in not less than three trustees, new trustees being appointed at a general meeting of the governors when vacancies occur.

47. All legacies of £100 and upwards, unless otherwise directed by the testators, shall be invested for the benefit of the Hospital, in the names of three trustees, to be called trustees of the fund.

Religious Ministrations.

48. Ministers of religion of all denominations shall have free and equal access to the Hospital, but no minister of any denomination shall receive any payment out of the funds of the Hospital in respect of his ministrations.

49. It shall be a standing instruction to the Committee and officers of the Hospital that any minister of religion desirous of visiting or ministering to patients of his own denomination shall be received with all courtesy, and shall be afforded all facilities consistent with the wishes and welfare of the patients, and the convenient conduct of the Hospital.

By-Laws.

50. The by-laws which shall from time to time be made by the Committee shall be open to the inspection of any governor, and shall contain, among other things, a full specification of the duties of the resident medical officer, the matron, and other officers and servants of the Hospital, together with the terms of their employment. This specification of his or her own duties shall be read to and assented to in writing by, every person before his or her appointment, and referred to on all occasions of doubt.

At a Meeting of the Committee held at Freemasons' Tavern, on October 13th, 1882, it was resolved:—

1. That no election to the offices of physician, assistant physician, resident medical officer, assistant resident medical officer, secretary, auditor, or matron, be proceeded with until the vacancy has been advertised in three daily London papers and in two medical journals. The first advertisement to be inserted not less than eight days before the election.

LONDON FEVER HOSPITAL

REPORT OF THE BOARD OF MANAGERS FOR THE YEAR 1881
IN ANSWER TO A RESOLUTION PASSED BY THE COUNCIL OF THE CITY OF LONDON
ON THE 12TH OF JANUARY 1882

THE LONDON FEVER HOSPITAL
IS A CHARITABLE INSTITUTION
FOR THE RELIEF OF THE SUFFERING
FROM FEVER AND OTHER ACUTE DISEASES

THE HOSPITAL WAS FOUNDED IN 1789
AND HAS SINCE THAT TIME
BEEN UNDER THE MANAGEMENT
OF A BOARD OF MANAGERS
COMPOSED OF REPRESENTATIVES
OF THE CITY OF LONDON
AND OF THE CHARITABLE SOCIETIES
WHICH HAVE CONTRIBUTED TO ITS ENDOWMENT

THE HOSPITAL IS NOW IN THE POSSESSION
OF A LARGE AND WELL-EQUIPPED
BUILDING, AND IS ABLE TO RECEIVE
AND TREAT A LARGE NUMBER
OF PATIENTS

THE HOSPITAL IS OPEN TO ALL
WHO ARE IN NEED OF ITS ASSISTANCE
AND WHO CAN PRODUCE A CERTIFICATE
FROM A MEDICAL OFFICER
OF THE CITY OF LONDON
OR FROM A MEMBER OF THE BOARD OF MANAGERS
THAT THEY ARE IN NEED OF ITS ASSISTANCE

THE HOSPITAL IS NOW IN THE POSSESSION
OF A LARGE AND WELL-EQUIPPED
BUILDING, AND IS ABLE TO RECEIVE
AND TREAT A LARGE NUMBER
OF PATIENTS

THE HOSPITAL IS OPEN TO ALL
WHO ARE IN NEED OF ITS ASSISTANCE
AND WHO CAN PRODUCE A CERTIFICATE
