# Alexandra Hospital for Children with Hip Disease

*(In connection with St. Bartholomew's Hospital).*

---

## OBJECTS OF THE HOSPITAL.

The Hospital is for the reception, maintenance, treatment, and education of children suffering from tuberculous disease of the bones and joints, and other orthopædic conditions.

---

## RULES FOR ADMISSION.

Girls and boys are received up to the age of sixteen. A weekly contribution is required.

No child suffering from any infectious disease, or coming from an infected house, can be admitted to the Hospital.

All children should have been vaccinated before admission.

Application for admission should be made to the Secretary, to whom cheques, crossed and to order, should be made payable. Children living near the Hospital may be brought to be examined there by appointment with the Medical Superintendent. Patients unable to come to the Hospital for examination may obtain from the Secretary a form of medical certificate, to be filled in by their Medical Attendant, which, when completed, should be returned to the Secretary.

The collection of Letters of Recommendation for individual patients is not permitted.

## OUT-PATIENTS.

Out-patients, who were formerly seen at St. Bartholomew's Hospital, by courtesy of the Treasurer and Almoners, are now seen *by appointment* with the Medical Superintendent, at the Hospital.

## VISITING DAYS.

The Hospital is open to visitors daily from 2-0 to 4-0 p.m., and to friends of patients on the second Saturday and the Sunday following the fourth Saturday in each month, from 2-30 to 4-0 p.m., or at other times by appointment with the Matron.

In order to avoid risk of infection, children under sixteen years are not admitted as visitors.

# The Annual Report

OF THE

## ALEXANDRA HOSPITAL FOR CHILDREN WITH HIP DISEASE

### 1943

---

The Committee of Management have the pleasure of submitting to the Governors and Subscribers their seventy-seventh Annual Report, which again this year will be as brief as possible.

The outstanding event in Hospital affairs during the past year has been the publication of the Government's White Paper, containing proposals for a National Health Service. Many of the proposals contained in the White Paper are out of keeping with the views of the Voluntary Hospitals, expressed in the informal discussions with the Minister over many months during last year. Neither the administrative structure, in its present form, nor the financial proposals, are acceptable to the Voluntary Hospitals. The White Paper, however, is stated to be put forward as a basis for further discussion, and it is hoped that such further discussion will result in those alterations and amendments which will enable it to receive the full support of the Voluntary Hospitals as a whole.

The Income and Expenditure Account will be found on pages 16-21. The Committee are very glad to be able to show this year a small excess of income over expenditure, and also to be able to announce the investment of £1,500 for the Building Fund, £621 8s. 8d., the legacy bequeathed by the late Professor Dawes Hicks for the endowment of the "Hope" Cot, and £300, the legacy bequeathed by the late Mrs. C. E. Silverstone, for the General Fund. Unfortunately, voluntary contributions were less than during the previous year, and it is greatly hoped that this deficiency may be made good this year. The Committee are most grateful to all those who have helped the hospital financially and in other ways, and they trust that such support may continue to be extended to them in the future. In spite of all economies consistent with the welfare and happiness of patients and staff, expenses are still increasing. In addition, both the Rushcliffe Scale of salaries for the nursing staff and also the Hetherington Scale for the domestic staff have been adopted by the Committee, and the decision to do this will inevitably mean a considerable increase in the total spent on salaries and wages.

Again last year the Committee had the privilege of receiving a donation of £70 from the Alexandra Day Committee, the Hospital being on H.R.H. the Duchess of Kent's list. The Committee are very grateful for this help.

Our many friends in Luton continue to be most kind in all ways, and the Committee are greatly indebted to them. They would also like to record their gratitude to the Luton Food Office, the Ministry of Labour, and other official bodies in the town, all of whom have shown great courtesy and consideration when dealing with the affairs of the hospital.

Once again, too, the Committee would offer their grateful acknowledgments to the Board of Management of the Luton and Dunstable Hospital, where the children continue to be received for major surgical operations. Such valued facilities are deeply appreciated, as is the courtesy and ready co-operation of all members of the staff of the hospital.

In October the hospital was honoured by a visit by the Chief Scout, Lord Somers, who inspected the Scout Troop and Cub Pack. It was an informal visit, and the Chief Scout spoke to most of the boys individually in addition to talking to them collectively on the ideals of Scouting. At the conclusion of his visit Lord Somers was presented with a footstool made by one of the boys. The Guides and Brownies are eagerly looking forward to a visit by the Chief Guide, Lady Baden Powell, who it is hoped will come to Luton during the approaching summer.

During the year the Matron and staff had the pleasure of receiving Mrs. Higgs, the Vice-Chairman of the Linen Fund, who was thus able to see some of the clothes, bedspreads, etc., provided by the Fund for the children. The Fund continues to render most valuable help, and its activities are greatly appreciated both by the Committee and the Matron.

The Committee very much regret to have to announce the death of Mrs. H. M. Ramsay, O.B.E., who for over thirty years had been a staunch supporter of the hospital, and particularly of the Linen Fund, of which she was Chairman. Mrs. Henry Burroughes has now taken Mrs. Ramsey's place as Chairman, and the Committee extend to her a hearty welcome, and wish her many years of successful office.

The Committee would take this opportunity to offer to all members of the staff their grateful appreciation of their hard work and loyal service during the past year. Amidst all the difficulties caused by working in a building not planned for a hospital, and the increasing shortage of various commodities, the staff have remained cheerful and enthusiastic in their work, and the Committee would like to thank them for their unfailing loyalty to the hospital.

## EXEMPTION FROM INCOME TAX ON CHARITABLE GIFTS.

---

It may not be generally known that income tax is not payable on charitable subscriptions, provided that the Subscriber makes an agreement to continue the subscription for a period of seven years. A form for this purpose will be found on the next page, and if any friends of the Hospital will be good enough to fill up this form, and send it to the Secretary, the Hospital will be able to reclaim from the Inland Revenue Authorities the appropriate income tax. For example, at the present rate of tax, the Hospital can reclaim from the Inland Revenue Authorities on an annual subscription of

£1 1s. 0d.	income tax to the amount of	£1 1s. 0d.
£2 2s. 0d.	„ „ „ „	£2 2s. 0d.
£5 5s. 0d.	„ „ „ „	£5 5s. 0d.

It will be seen, therefore, that on a number of subscriptions the reclamation of tax would make a considerable difference to the total of the Annual Subscription list. Further, by filling up this form, the Subscriber not only enables the Hospital to reclaim income tax, but obtains the right to deduct the gross amount of the subscription from his own sur-tax return.

Any additional information desired with regard to this matter will be gladly supplied by the Secretary upon application.

### EXEMPTION FROM INCOME TAX ON CHARITABLE GIFTS

It may not be generally known that income tax is not payable on charitable subscriptions, provided that the subscriber makes an agreement to continue the subscription for a period of seven years. A form for this purpose will be found on the next page, and if any funds of the Hospital will be used to fill up this form and send it to the Secretary, the Hospital will be able to claim from the Inland Revenue Authority an annual exemption of £100 from the Inland Revenue Authority on an annual subscription of £100.

It is a pleasure to find that many donors are willing to give £100 to the Hospital for the purpose of exempting themselves from income tax to the amount of £100. The Hospital is very grateful for such gifts, and it is hoped that the number of such gifts will be increased in the future. The Hospital is also grateful for the gifts of £25 and £50, and it is hoped that the number of such gifts will be increased in the future.

It will be seen that the Hospital is a charitable institution, and it is exempt from income tax to the extent of £100 per annum. This exemption is granted to the Hospital because it is a charitable institution, and it is exempt from income tax to the extent of £100 per annum. This exemption is granted to the Hospital because it is a charitable institution, and it is exempt from income tax to the extent of £100 per annum.

Any additional information desired with regard to this matter will be gladly supplied by the Secretary upon application.

## An Outline of the History of the Hospital.

---

About the year 1865 two ladies, Miss Jane Perceval, afterwards Mrs. Howard Marsh, and Miss Caroline Wood, were nurses in a children's hospital. At that time there were no special hospitals in London for the treatment of diseases of the bones and joints, and these two ladies saw with concern that the children admitted to a general children's hospital with such diseases received no lasting benefit. Often they required continued treatment for at least two or three years, but no ordinary hospital could keep children for this length of time owing to the beds being needed for more urgent cases, and consequently they were discharged when the more acute symptoms of their disease had abated, but before any real cure had been accomplished. It seemed to Miss Perceval and Miss Wood that the need of these children was a special hospital which could keep them under treatment not only while their disease was in an acute stage, but also until they were permanently cured, even although their stay in the hospital extended to several years. They decided, if possible, to establish such a hospital, and accordingly they interested in their project a Mrs. Whitehead, the wife of a clergyman, attached to St. Anne's, Soho, and a Miss Delf. These four ladies approached the then leaders of the medical profession in support of their scheme.

As a result of the efforts of Miss Perceval and her friends, No. 19, Queen Square, Bloomsbury, was bought, and a hospital called "The House of Relief for Children with Chronic Diseases of the Joints," containing ten beds, was opened on the 12th March, 1867, by the Right Reverend Dr. Ellicott, Bishop of Gloucester and Bristol. So great was the demand for admission, however, that before the end of the year, the number of beds had to be increased to thirty, and five years later in 1872, No. 18, Queen Square, was acquired, and twenty more beds established. The next year No. 17, Queen Square was bought, and the number of beds was increased to sixty, and then in 1887 the last addition to the original Hospital was made, when No. 1, Queen Square Place was purchased, and a further eight beds and isolation wards provided. A photograph of 17, 18 and 19, Queen Square appears facing this page.

In the meantime, in 1870, Her Royal Highness, the Princess of Wales, afterwards Her Majesty Queen Alexandra, had become Patron of the Hospital, and in 1881 by the gracious permission of Her Royal Highness, the name of the Hospital became "The Alexandra Hospital for Children with Hip Disease."

Just before the end of the century the four old houses, built during the reign of Queen Anne, which formed the Hospital, needed such continual and expensive repairs that it was decided to erect an entirely new building in their place. This was done, and on the 20th July, 1899, a new Hospital, a photograph of which appears opposite this page, was opened by Their Royal Highnesses the Prince and Princess of Wales and Princess Victoria. In these premises the work of the Hospital was carried on for twenty-one years, until the close of 1920, when it was decided that the children would do better in the country. The building in Queen Square was therefore sold, and by an agreement with St. Bartholomew's Hospital, sanctioned by the Charity Commissioners, the Kettlewell Convalescent Home at Swanley, no longer used for its original purpose, was placed at the disposal of the patients of the Alexandra Hospital.

Here the Hospital remained until it was transferred in June, 1940, to Stockwood Park, Luton, for the duration of the war.

During the seventy-seven years the Hospital has been in existence it has had three convalescent homes. The first one was at Bournemouth, which was opened in 1874, and subsequently in 1882 named the Helen Branch by permission of Her Royal Highness the Duchess of Albany. This Branch was closed in 1893, and in the same year another was opened at Painswick, in Gloucestershire, which was continued until 1914, when it had to be closed on account of the outbreak of the war. The third convalescent home of the Hospital was the one at East Clandon, which was opened in 1903, and closed in December, 1936.

## MEDICAL SUPERINTENDENT'S REPORT FOR 1943

### IN-PATIENTS

During 1943 the number of beds available for in-patients at Stockwood remained at 75 (as compared with 100 at Swanley). The average number of patients admitted during the year, figures giving the average number of occupied beds, and the average duration of stay of patients discharged during the year, will be found in the statistical table on page 32.

This report deals only with patients discharged during the year 1943.

The cases are divided into two main groups: Tuberculous cases and Non-Tuberculous (Orthopædic) cases; of the 53 patients who left the Hospital during the year, 20 were admitted under Tuberculosis Regulations, and 33 were Non-Tuberculous cases.

### TUBERCULOUS CASES

The two following tables, which show the duration and immediate results of in-patient treatment, and the results of the observation of doubtful cases admitted for diagnosis, are drawn up in accordance with the regulations of the Minister of Health as to the records kept by Medical Officers of Institutions approved by him for the treatment of tuberculosis. (Mem. 37/T. (revised), 1930.)

### ANNUAL RETURN SHOWING THE IMMEDIATE RESULTS OF TREATMENT OF DEFINITELY TUBERCULOUS PATIENTS DISCHARGED DURING THE YEAR 1942.

#### NON-PULMONARY TUBERCULOSIS: BONES AND JOINTS—CHILDREN.

##### Duration of Residential Treatment in Hospital

Condition at time of discharge	Under 3 months	3-6 months	6-12 months	More than 12 months	Total
Quiescent or Arrested	—	—	—	15	15
Not Quiescent ...	—	—	—	—	—
Died in Hospital ...	—	—	—	—	—
				Total	15

RETURN SHOWING THE RESULTS OF OBSERVATION OF DOUBTFULLY  
TUBERCULOUS CASES DURING THE YEAR 1943

Diagnosis on Discharge from Observation	Stay under 4 weeks	Stay over 4 weeks	Total
Tuberculous ... ..	—	1	1
Non-Tuberculous ... ..	1	3	4
Doubtful ... ..	—	—	—
		Total	5

In the second of the above tables it is recorded that one patient admitted for diagnosis was found to be tuberculous. The patient was admitted as a possible case of hip disease, but this diagnosis was not confirmed. His symptoms were due to old tuberculous abdominal lymphatic glands, for which no special surgical treatment was needed ; and so he did not remain long in hospital.

In the following list the cases of bone and joint tuberculosis treated to a conclusion of their stay in the Alexandra Hospital during the year are classified according to the parts affected :—

Spinal column ... ..	4 cases
Sacro-iliac joint ... ..	2 cases
Hip-joint ... ..	7 cases
Knee-joint ... ..	1 case
Elbow-joint ... ..	1 case

A total of 15 cases

#### NON-TUBERCULOUS (" ORTHOPÆDIC ") CASES

It is mentioned above that 33 cases coming under this heading were discharged during the year. In 15 of these cases, however, the " discharge " was, in fact, transfer elsewhere for operative treatment ; and in each of these 15 cases the patient returned to the Alexandra Hospital for continuation of treatment. Eighteen patients therefore were discharged to their homes at the conclusion of treatment during the year ; and in the following table these cases are classified according to the nature of their deformities or disabilities, and the results of treatment are indicated.

#### OPERATIONS

During 1943 the arrangement continued whereby patients needing major surgical operations were temporarily transferred to the Luton and Dunstable Hospital for operation, and received back again at Stockwood afterwards. Fifteen patients were so transferred during the year.

The operations carried out in these cases are set out in the following list :—

Arthrodesis, of subastragaloid and mid-tarsal joints of foot ... ..	4 cases
Carpus, resection of ... ..	1 case
Exploration of sinus in thigh ... ..	1 case
Metatarso-phalangeal joint of hallux, partial excision of ... ..	1 case

Tendon lengthening, of Abductor Hallucis (plus capsulotomy of metatarso-phalangeal joint of hallux) ...	1 case
of T. Achillis, open ... ..	1 case
Total ... ..	<u>15 cases</u>

The operative procedures carried out at Stockwood were limited to manipulations, minor operations, and dental operations. A list of these follows—

Dental extractions ... ..	5 cases
Excision of metatarso-phalangeal of toe (" Spike operation " for Hammer Toe) ...	1 case
Incision of abscess ... ..	1 case
Manipulation of foot ... ..	12 cases
Manipulation of hip ... ..	11 cases
Manipulation of wrist ... ..	1 case
Plastic operation for syndactylism ... ..	1 case
Plastic operation to web of hallux ... ..	1 case
Subcutaneous tendon lengthening (T. Achillis) ... ..	5 cases
Total ... ..	<u>38 cases</u>

#### INFECTIOUS ILLNESS

During the year there were no cases of notifiable infectious illness amongst the children in the Hospital, or the Hospital Staff, nor of any non-notifiable acute specific fever.

#### OUT-PATIENTS

The Hospital's Out-patients' Department at St. Bartholomew's Hospital, closed at the outbreak of war, was not re-opened during 1943, but a few patients who were able to attend at Stockwood, 5 in number (making 14 attendances in all) were seen. Of the four Kent County Council Orthopædic Clinics formerly operated from Swanley, that at Sevenoaks is still the only one worked by Alexandra Hospital staff; but the nursing and treatment by massage, etc., at the Ashford and Sittingbourne Clinics still remain in the hands of a Sister of the Alexandra Hospital staff. Towards the end of 1943 a subsidiary Orthopædic Treatment Clinic was opened at Petts Wood for patients of the Sevenoaks Orthopædic Clinic living in that district. This Treatment Clinic is in charge of the Sister who serves the above Orthopædic Clinics. Statistical matter relating to these clinics will be found in the Annual Report of the Kent County Medical Officer.
