Bristol Homœopathic Hospital

Annual Report 1946

WITH the constant support and devotion to duty of the entire Staff, a most difficult year has been satisfactorily completed.

Board of Management—A serious loss was sustained by the Hospital with the death of Mrs. Walter Bryant, who for many years was a Member of the Board of Management and House Committee.

Mrs. R. M. Courtney was appointed to the Board and the House Committee, and Mr. S. E. Carnell (representing the Kingswood & West of England People's Voluntary Hospitals Guild) was appointed to the Board and Finance Committee.

Honorary Medical Staff.—The Board again record their appreciation of and thanks to the Honorary Staff for their valuable services.

During the year, Dr. F. Gower Bergin retired from the appointment of Honorary Radiologist. The Board placed on record their appreciation of twenty one years' devoted service. Temporary arrangements had to be made to secure a Radiologist to fill the vacancy, and at the close of the year Dr. H. J. Johnson was appointed.

The following appointments were made during the year:—
Dr. W. L. Cossham, Hon. Physician.
Miss D. J. Kinloch Beck, Hon. Neurological Surgeon.
Mr. A. L. Eyre-Brook, Hon. Orthopaedic Surgeon.
Miss Catherine J. MacLaren, Hon. Dermatologist.
Dr. Peter W. J. Parkes, Hon. Assistant Physician.
Miss Christine M. Rooke, Hon. Assistant Physician.

The Medical Committee have made a recommendation for the consideration of the Governors that Dr. J. A. Parkes should be appointed Honorary Consulting Physician and Mr. Stuart V. Stock appointed Honorary Consulting Anaesthetist.

During the year the demand on the services of the Honorary Anaesthetists have been heavy, and the Board tender sincere thanks to Dr. Monica L. Hawkins for her assistance.

National Health Service and Voluntary Hospitals.—The National Health Service Bill received the Royal Assent and was placed on the Statute Book on Wednesday, November 6th, 1946, as the National Health Service Act, 1946. The Minister of Health reiterated that the contemplated date for the "appointed day" is April 1st, 1948. There is therefore about a year in which to translate the skeleton that is the Act into the flesh and blood of a universal service.

The following privileges, none of which were included under the Bill, are now accorded to Voluntary Hospitals by the Act:-

Firstly, it is to be the duty of the new Management Committees to control and manage particular Hospitals or Groups.

Secondly, Management Committees are to have corporate legal entity, the right to sue and the liability to be sued.

Thirdly, they are to be free to undertake medical research.

Fourthly, they will have freedom, after the National Health Service starts, to receive gifts and legacies and to apply them for the purpose for which they are given; and they will be able to retain for use of their Hospital, or the Group within which their Hospital may be comprised, certain gifts and legacies received by their Hospital between November 6th, 1946, when the Act became law, and that date in 1948 when the National Health Service begins.

They will prepare an annual budget of the moneys that they will require from the State, and when the budget has been agreed, they will have control of the expenditure of the lump sum thus provided for the purpose.

The Minister has also given an assurance that although the Act does not so specify, regulations will provide that the Management Committees of non-teaching Hospitals will be able to appoint their Staffs, except senior Medical Staff. These will be appointed by a Sub-Committee of Representatives of the Regional Hospital Board and of the Management Committee of the Hospital concerned.

The Act also provides that in the case of any past Endowments, regard will be had, so far as possible, to the wishes of the donor including in particular observance of conditions intended to preserve the memory of any person or class of persons, as for instance in the case of War Memorials.

It is hoped that gifts which may have been cancelled since the publication of the Bill will now find their way to the Hospitals for whose benefit they were originally intended.

Lord Mayor's Hospital Fund and Hospital Extension Fund.— The Board tender thanks for the sum of £170 received from the Lord Mayor's Hospital Fund. It is regretted that the appeals for this Fund fell far short of expectations, and receipts for the year were far less than the receipts for 1945.

During the War years, the generosity of the American Army, which was so much in evidence, was reflected in the total receipts of this Fund, but with the termination of hostilities the receipts have gradually dropped. The serious illness of the Secretary, Mr. J. H. Scott Morgan, was a further handicap, with the result that the receipts from the Alexandra Rose Day Appeal showed a great loss on the previous year.

The sum of £6 11s. 11d. was received from the Lord Mayor's Hospital Extension Fund through the Bristol Hospitals Fund.

Contributory Schemes, Employees' Medical Charities and Benevolent Funds.—The Board acknowledge with thanks the continued support given to this Institution by these organisations.

The Representatives of Contributory Schemes and Medical Charities and Benevolent Funds elected to the Board of Management are:—

Mr. H. Bayley
Mr. S. E. Carnell
Mr. S. E. Carnell
Mr. S. E. Carnell
Mardon, Son & Hall, Ltd.
Kingswood & West of England
People's Voluntary Hospitals
Guild.

Mr. B. E. Gane ... Bristol Tramways & Carriage Co., Ltd.

Mr. F. J. Neath, B.E.M. Bristol Hospitals Fund and Bristol Aeroplane Co., Ltd. Mr. F. J. Peters ... Bristol Friendly Societies.
Mr. F. J. Summers ... Bristol Medical Institutions
Contributory Scheme and
Bristol Hospitals Contributors' League.

Mr. J. Weeks ... W. D. & H. O. Wills.

Income.—The Ordinary Income for the year totals £28,077 12s. 11d. compared with £26,040 10s. 11d. for the previous year, an increase of £2,037 2s. 0d.

There is an increase of £23 18s. 7d. in Subscriptions, and £186 9s. 7d. in donations received during the year. Donations received from Employees' Medical Charities and Works Funds show an increase of £299 15s. 8d.

In the items coming under the heading "Receipts on account of Services Rendered," the total received from In-Patients, including payments made by various Contributory Schemes and Medical Charities, shows an increase of £951 2s. 9d.

The Board decided to appropriate to Income £500 from the Deferred Repairs Account to help in meeting the need of accumulated maintenance work which has become so much in arrear due to six years of War, and the problem of dealing with maintenance and repairs has become increasingly difficult.

Under the heading "Invested Property" there is an increase of £390 1s. 5d. on Interest and Dividends from the various investments.

Extraordinary Income.—Under this heading there is a total sum of £2,940 12s. 11d. credited to the Endowment Account. With the exception of £4 received in donations, this sum is made up of £300 from legacies received from the Estates of the late Miss M. E. Butlin and Mr. H. M. Salmon, and investments to the value of £2,636 12s. 11d. from the Estate of the late Miss E. J. A. Sutton.

Expenditure.—The Ordinary Expenditure totals £27,660 7s. 11d., an increase of £4,270 11s. 9d. on the previous year. This large increase is mainly due to £83 8s. 8d. additional expenditure on Provisions,£749 7s. 2d. on Surgery and Dispensary items, and the largest increase being £2,363 13s. 10d. on items coming under the heading "Salaries and Wages."

With the operation of the Rushcliffe Report and revised scales which have come into force during the past year, and latterly the increases in salaries and wages brought about by the recommendations of the Joint Industrial Council and the Joint Negotiating Committee dealing with the professional Associations of Occupational Therapists, Pharmacists and others, additional expenditure will occur in this direction, to ensure the efficient staffing of the Hospital.

Pound Day.—This annual appeal was made on June 29th, the result being as follows:—

Cash received ... £134 16s. 2d. Goods to the value of £35 0s. 0d.

This is a little less than receipts for the previous year, due no doubt to the many appeals at the conclusion of the War.

The Board would like to thank all those who assisted in the appeal, and congratulate them on the success attained.

Bristol United Banks Hospital Fund.—The Board again tender thanks to the Committee and Members of this Fund for their continued support, and take this opportunity of expressing appreciation of the Thanksgiving gift of £100 for the perchase of a Steam Sterilizer Set for the Men's Ward.

Entertainments.—The New Year's Eve Ball was held after a lapse of seven years. This was most popular and well supported. On this occasion the Ball was looked upon more as a reunion event than a financial effort and thanks to the organizing ability of Col. Hunter, a happy evening was enjoyed by all.

The sum of £60 was handed to the Hospital, mainly due to the efforts of the young ladies who sold Heather to guests, which realised £22 10s. 0d. and the efforts made by Mrs. Hunter and Mrs. A. Mass, who organised the Guessing Competition which produced £16 10s. 0d.

General Nursing Council for England and Wales.—In July 1943, the following requirements were agreed upon in relation to future Hospitals approved as Training Schools—"that the minimum daily average of occupied beds should be 100."

This decision was left in abeyance for the time being, but further notice has now been given that this decision will be implemented in 1947. It should be explained that all Voluntary Hospitals, at present complete Training Schools, were originally inspected and approved as such by the Council for the training of Nurses, and this Hospital, like many others, has been training Nurses for service all over the world.

The implementing of this decision will mean that a very large number of Voluntary Hospitals throughout the Country will have either to cease training Nurses, or become approved Affiliated Schools with larger Institutions.

Many young girls prefer to undergo their training in a small Hospital where they receive more personal consideration and training. Many have successfully trained in the smaller Hospitals and become valued Members of the Nursing profession. But for the smaller Hospitals, they would not have been available to the profession, as they would not enter the larger Institutions.

This Hospital has trained Nurses for the past twenty years under the approval of the Council, and is in the proud position of always having a waiting list of candidates for training.

Protests against this decision have been sent in by all Hospitals affected and in addition through the British Hospitals Association and the Association of Hospital Matrons, but without avail.

The Ministry of Health agree that to put such an Order into operation at the present time will interfere in the training of Nurses when they are so much in demand, but the Ministry do not appear to be able to intervene.

With the present state of the Country, the turmoil in the building trade, the Licences and Permits and the impossibility of proceeding with enlarging Hospitals or Nurses' Homes to provide the additional beds and Nurses, the decision of the General Nursing Council is a calamity for Hospital patients and sick people generally.

It would seem that the only way for this Hospital to continue to train Nurses is to make some conjoint arrangement with some other Institution, if only as a temporary arrangement until such a time as altered conditions will allow the necessary building to provide additional beds and accomodation needed. To enable a Hospital to secure the average occupied beds of 100 means having approximately 140 available beds.

NEW YEAR'S EVE BALL, 1946

Needlework Guild.—At the conclusion of the year, the Balance Sheet shows that the efforts of the Guild have met with success and that the annual "Bring & Buy" Sale, held on June 12th, produced the very gratifying amount of £158 0s. 3d.

With higher costs, expenditure on materials, etc., is increasing.

Cash at the Bank at the end of the financial year (September 30th) was £476 2s. 0d.

The Executive Committee of the Guild appeal for new Members. This is an opportunity for those not able to become Subscribers to help the Hospital in a small but practical way and should find a ready response from all those who have received benefit at the Hospital or the Out-Patient Department.

Nursing Staff.—The Board of Management congratulate the following Nurses on having passed their State Examinations:—

President's Prize—for efficiency and good conduct— Nurse J. E. Merchant

Chairman's Prize—for best Second-Year Nurse— Nurse N. A. Ayres

Matron's Prize—for consistent good work and progress— Nurse C. E. D. Wade

The working hours of the Nursing Staff have been reduced to 96 per fortnight as recommended in the Rush-cliffe Report. The Preliminary Training School period has been lengthened to five weeks, with a further period of three weeks after three months' experience in the Wards, which is proving very satisfactory.

The health of the Staff has been exceptionally good in spite of the severe weather.

During the year presentations were made to Sister Johns and Sister Wallis in recognition of their wonderful work. The resignation of Sister Johns, after 21 years' service, is a matter of the greatest regret to everyone.

Samaritan Fund.—The "Sale of Work" and "Silver Tree" Collection, which has taken place for so many years, was held again in November, the receipts totalling in all £120 2s. 6d.

Calls on this Fund have increased considerably, due largely to the increased cost of living and the number of elderly people with very limited means, and demands have been made on the Fund to provide extra nourishment and household necessities. Assistance has been given to patients during convalescence.

Almoner's Department.—Admissions to the Hospital during the year total 1,555, of which 775 were Members or Dependants of Contributory Schemes or Works Medical Charity Funds, 1096 Members or Dependants of Contributory Schemes or Works Medical Charity Funds attended as Out-Patients at Cave Street or the Hospital Casualty Department or for X-Ray or Physiotherapy.

The Board of Management thank the following Institutions and Organisations for their continued co-operation and

assistance with In-Patients upon being discharged from the Hospital:—

Belmont Convalescent Home, Clevedon.

Bristol Crippled Children's Society.

British American Bellowes Society.

Hospital Car Service.

Jan Smuts Home, Burnham-on-Sea.

Oldland Rest Home Fund.

Rowcroft Convalescent Home, Torquay.

Royal West of England Sanatorium, Weston-s.-Mare.

St. Luke's Convalescent Home, Exmouth.

Soldiers, Sailors & Airmen's Families Association.

Soldiers, Sailors & Airmen's Help Society.

Victoria Convalescent Home, Clevedon.

Rehabilitation and Occupational Therapy—Unfortunately this work has not developed as anticipated. The undertaking entered into with the Bristol Council for the Disabled (Adults) has not matured, due to their difficulties in securing adequate staff. It is hoped that additional Staff will be secured so that regular visits can be made by the Occupational Therapist and the aftercare work of patients in their own homes, after being discharged, will be increased and bear good results.

The Staff of the Physiotherapy Department at the Hospital gave 4407 Electrical treatments and 2756 treatments for Massage and Swedish Remedial Exercises.

The work at the Out-Patient Department was curtailed due to the illness of the Staff, but 913 Electrical treatments were given and 648 treatments for Massage and Swedish Remedial Exercises.

Hospital Staff.—The Board of Management take this opportunity of expressing their appreciation of the continued loyal and efficient services rendered to the Institution throughout the year by the Secretary, the Matron, the Sisters, the Nurses, and all Members of the Staff, fully recognising how greatly the success of the Hospital is due to their efforts.
