ANNUAL REPORT, 1942,

The history of the year is a record of steady work and slow emergence from the abnormal conditions prevailing in the previous year due to air raids.

STATISTICS.

INTERN MATERNITY.—There were 347 admissions, an increase of 42 on 1941 ; of these 180 were first cases and 13 single girls. 14 ante-natal cases were treated and 1 post-natal.

SICK BABIES' WARD.—Nine babies were admitted, the average stay being 33 days.

EXTERN MATERNITY.—It is satisfactory to be able to report that bookings on the district are gradually approaching a more normal figure, thus removing a cause of anxiety in connection with the provision of cases for the training of the pupils.

50 cases were attended in their own homes, on whom 466 visits were made by the District Sister and 625 by pupils.

ANTE AND POST NATAL CLINICS.—101 sessions were held during the year, at which the total attendances numbered 2,498 ; 2,396 being ante-natal and 102 post-natal. This is an increase on the previous year of 1543.

INFANT WELFARE CLINICS.—There were 51 sessions held and the total attendances were 2,172 including 220 first visits. 348 were seen by a doctor. The increase on the total for 1941 was 965.

TRAINING SCHOOL.—16 pupils have sat for the Central Midwives Board's examination and 13 were successful in gaining the certificate—a result which can be regarded as satisfactory for the second year of functioning as a Part II training school.

On the 29th December Miss Coni visited the Hospital in connection with a survey of the Part II training schools being made by the Central Midwives Board.

FINANCE.

The Honorary Treasurer is much gratified to report that the financial year ended with a surplus on the Income and Expenditure Account.

VOLUNTARY HELP.

The Committee take this opportunity to emphasize their gratitude for the regular assistance given by many willing helpers, a list of whose names will appear elsewhere in the Report. This help has considerably lightened the volume of work represented by the foregoing figures and is greatly appreciated.

An expression of thanks is also due to all those who have kindly knitted numerous garments for the babies.

Special mention must also be made of the Women's Voluntary Service, several of whose members are included in

the helpers referred to above and who are also responsible for transport supplied by the voluntary Car Pool in the night or at times when no other is available.

Warm thanks are also offered to the Collectors for their most valuable services.

GIFTS.

In thanking subscribers and donors and all who have sent gifts of any kind, special mention must be made of a welcome gift of layettes from Toronto Rotary Club received through Mr. Ridout and a further one from "Bundles to Britain" through the British Hospitals Association.

Mention must also be made of a gift of £15 in War Savings Certificates by the Birkenhead Charities Ladies Committee in addition to their donation of £70, and a donation of £4 10s. 9d., the result of collection by Mrs. Hinton, is gratefully acknowledged.

BIRKENHEAD VOLUNTARY HOSPITALS JOINT COMMITTEE.

This Committee, originally formed in 1930, has now been revived under the chairmanship of Mr. Horace M. Williams (Chairman of the Birkenhead and Wirral Children's Hospital), this Hospital being represented by Mr. Hancox, Mrs. Brancker and Dr. Hugh Smith.

It is felt that this joint Committee should prove of value in meeting problems affecting the interests of the three voluntary hospitals of the Town.

COMMITTEE.

There are no changes in the personnel to report. Attendance at meetings has been hindered by war-time conditions, and the services of members who have attended regularly are much appreciated.

Representation on other organisations remains the same.

GOODWILL FUND.

This Fund has been inaugurated with the object of maintaining the interest of past patients in the Hospital and will be devoted to the upkeep of a cot in the Baby Ward; although only started quite recently it has already a membership of 130, and it is hoped that it will form a lasting link between the Town and the Hospital.

HON. MEDICAL STAFF.

Several changes have occurred during the year. The resignation of Professor Leyland Robinson has been regretfully accepted and the Committee desire to place on record their very grateful thanks for the able assistance he has given from time to time.

Dr. William Webb has accepted the position of Hon. Dermatologist.

Dr. Charters, Eye Specialist on the Honorary Staff, is a prisoner of war in Germany, and is there carrying on his work

among blinded British prisoners. The sum of £36 has been collected from the Committee and the Staff and forwarded to the British Red Cross Society towards the cost of equipment being sent to Major Charters by the Society.

Dr. Glyn Thomas has joined H.M. Forces and Dr. Robert Cowie has been appointed to the position thus temporarily created.

The Committee wish to record their appreciation of the services given by the Medical Staff, especially under the pressure of work falling on them through the calling to the Forces of a great many of the doctors in the Town.

HON. CHAPLAIN.

The ministrations of the Rev. W. H. Jones, Vicar of St. Mark's Church, are gratefully acknowledged.

STAFF.

It is realised that the carrying on of any organisation is immensely complicated by war time conditions, and the Committee acknowledge the loyal service of all sections of the Staff in surmounting all difficulties.
