SIXTY-NINTH

ANNUAL REPORT

of the

Board of Management.

NOTE.

Subscribers living in the Country or Suburbs upon whom the demand for orders for admission or treatment as outpatients is not great would confer a great favour on many necessitous cases by signing their order forms and forwarding them to the Secretary of the Adelaide Benevolent and Strangers' Society, Morialta Street, Adelaide. Digitized by the Internet Archive in 2019 with funding from Wellcome Library

ANNUAL REPORT, 1938.

The Board of Management of the Adelaide Hospital, in accordance with section 31 (1) of the Hospitals Act, 1934, has the honour to submit for the information of the Hon. the Minister the Sixty-ninth Annual Report on the administration, showing the condition and progress of the Institution for the year ended 31st December, 1938.

The Inspector-General of Hospitals, who is also Director-General of Medical Services, is the Chairman of the Board, as provided by the Hospitals Act, 1934.

The members of the Board are Dr. L. W. Jeffries (Chairman), Mr. E. R. Dawes, and Sir Herbert Hudd. The Secretary to the Board is Mr. C. E. Spiller.

Sir Wallace Sandford, who had been a member of the Board for many years, resigned during the year. He was succeeded by Sir Herbert Hudd. The Board desires to place on record its deep appreciation of the valuable service rendered by Sir Wallace during his 16 years term of office.

Fifty-six (56) meetings were held by by the Board during the year. In addition, conferences with the Honorary Staff and the Advisory Committee were held. The Chairman and members frequently visited the Hospital throughout the year in connection with the administrative work.

All worn out and useless articles are condemned under the personal supervision of a member of the Board.

The capacity of the Hospital was again severely taxed during the year, the daily average number of in-patients for 1938 being 636, as compared with 589 for the previous year.

Notwithstanding the establishment of additional wards at Magill and beds at St. Margaret's Convalescent Home, the Hospital is still inconvenienced by the number of incurable cases admitted and also such cases as those who, after recovery from their illness, are not fit to be discharged, owing to their senility and unsuitable home conditions.

GENERAL.

The following figures are submitted relating to statistics and cost of treatment of in-patients, etc.

ADELAIDE HOSPITAL.

IN-PATIENTS.

The number of in-patients treated reached the highest point in the history of the Institution, 12,262 in 1938, as compared with 11,777 in 1937, an increase of 485.

The daily average number of in-patients was 47 more than the previous years.

	1937.	1938.
Population of Hospital—In-patients—		
Remaining in Hospital on 1st January	509	507
Admissions during year	11,268	11,755
Total number treated during year	11,777	12,262
Discharges during year—		
Recovered	1,192	1,651
Relieved	6,909	7,002
Unrelieved	1,743	1,365
Other causes	597	804
Died	829	912
Remaining in Hospital on 31st December	507	528
	11,777	12,262
Average number resident daily throughout the year Average number of days each patient who was discharged or	589	636
died during the year was resident in Hospital	19.70	20

Cost of Treatment of In-patients.

(Excluding Laboratory, Dental Branch and Chest Clinic.)

Expenditure. 1937.			e.	Expenditure. 1938.

REVENUE.

The revenue has been well maintained during the year. The receipts from all sources, including all branches of the Hospital, for the year 1938, were £27,339 9s. 7d., as compared with £26,121 1s. 3d. for the year 1937, an increase of £1,218 8s. 4d.

The amount of patients' fees received on account of the Adelaide Hospital (excluding the Dental Branch) again showed a substantial increase, £22,557 17s. 9d. for the year 1938, as against £20,892 11s. 1d. for the year 1937, an increase of £1,665 6s. 8d.

The revenue on account of the S.A. Government Laboratory was £384 16s. 1d. less than the previous year—£1,793 10s. 8d. for the year 1938, as compared with £2,178 6s. 9d. for the year 1937. Since 1st July, 1938, the work of the Laboratory has been taken over by the Institute of Medical and Veterinary Science.

Full details of the revenue for the year 1938 will be found in Appendix No. 2.

A comparison of the revenue for the years 1921-1938 is also shown.

S.A. Employees' Hospital Fund for sick nurses	10	10	0

The Board acknowledges with thanks the above bequests and donations, also the annual contributions listed herein.

EXPENDITURE.

Details of expenditure will be found in Appendix No. 2.

The total expenditure for all branches of the Hospital for the year 1938 was £162,358 8s. 5d., as compared with £140,127 1s. 3d. for the year 1937, an increase of £22,231 7s. 2d.

The expenditure of the Adelaide Hospital (excluding the Laboratory, Dental Branch, and Chest Clinic) was £149,798 14s. 8d. for 1938, as against £125,926 15s. 7d. for 1937, an increase of £23,871 19s. 1d.

The main increases in expenditure were as follows:—

•	£	8.	d.
Salaries and Wages	7,637	18	6
Provisions for Patients and Staff	3,348	10	11
Medicines, Surgical Sundries, etc	4,089	9	2
Repairs, etc., by Architect-in-Chief's Department	3,132	3	4
Rent of apartment houses leased for nurses			
(expenditure for 1937 portion of year only)	558	4	2
Maintenance of convalescent bed cases at St.			
Margaret's Convalescent Hospital (there was			
no expenditure under this heading for year 1937)	1,092	4	6
Maintenance of convalescent Poliomyelitis cases at			
Metropolitan Infectious Diseases Hospital (no			
expenditure under this line for 1937)	775	4	0
Subsidy for Women's Hospital	797	0	0

Increases in salaries and wages may be attributed to the following factors:—

- (a) Classification and award increases.
- (b) Increased nursing and domestic staff on account of the introduction of the 48-hour week for the nursing staff in September, 1937. Fifty-seven (57) additional nurses were required for the 48-hour week.

(c) The engagement of additional nursing and massage staff to cope with the nursing of convalescent Poliomyelitis cases, an average of forty (40) being accommodated during the year.

The rising cost of commodities generally is also reflected in the increased expenditure. There was also a large increase in the number of staff and patients maintained during the year.

The daily average number of in-patients for the year 1938 was 636, as compared with 589 for the previous year, an increase of 47.

The expenditure of the Dental Branch was £610 13s. 8d. more than the previous year.

CONVALESCENT BED CASES.

The arrangements made with St. Margaret's Convalescent Hospital, Semaphore, to receive convalescent patients from the Adelaide Hospital who still require nursing in bed has worked satisfactorily. Five hundred and forty-four (544) convalescent bed cases were sent to the Convalescent Hospital during the year at a cost to the Government of £1,092 4s. 6d. Arrangements have now been made for St. Margaret's to accommodate an average of 35 patients at a rate of £1 6s. 6d. per week.

By this arrangement more beds are made available at the Adelaide Hospital, and so, to some extent, the waiting list is reduced.

Infantile Paralysis (Poliomyelitis).

The outbreak of infantile paralysis in this State, and the necessity to provide treatment for after-care cases over the age of twelve (12) years, placed a considerable strain on the accommodation at the Adelaide Hospital. Suitable accommodation for forty (40) patients was provided on verandahs and balconies.

The engagement of ten (10) additional Probationer Nurses and two (2) full-time masseuses was necessary for the care of these patients.

Owing to the lack of accommodation at the Adelaide Hospital the Board found it necessary to enter into an arrangement with the Metropolitan Infectious Diseases Hospital Board to accommodate a number of convalescent cases at the Infectious Diseases Hospital at Northfield. Patients requiring artificial respiration treatment are also retained at Northfield. The Board is paying at the rate of £4 4s. per week for each case. The cost for the year 1938 was £775 4s. Arrangements were made to place cubicles and the gymnasium in the Massage Department at the disposal of the Adelaide Children's Hospital at convenient times for the after-care treatment of Poliomyelitis cases from that Institution. The Board of the Children's Hospital provides its own medical and massage staff and transport for this purpose.

A grant of £600 was made by the Commonwealth Government to the Institute of Medical Science for Research into Poliomyelitis. Dr. W. G. Heaslip was appointed Temporary Research Officer to the Institute for this purpose.

HONORARY STAFF.

Dr. C. T. C. de Crespigny retired from the position of Honorary Physician on 11th February, 1938, in accordance with Regulation 53. He was appointed Honorary Consulting Physician in recognition of his many years of valuable service.

Professor J. B. Cleland retired from the position of Honorary Pathologist on 22nd June, 1938, pursuant to Regulation 53, and in recognition of his many years of valuable service, he was appointed Honorary Consulting Pathologist.

The following members who retired by effluxion of time on 30th June, 1938, were reappointed for a further term of three (3) years, viz.:—

Drs. H. K. Fry, S. R. Burston, Physicians; Drs. K. S. Hetzel, F. R. Hone, E. McLoughlin, Assistant Physicians; Dr. D. R. W. Cowan, Physician, Chest Clinic; Dr. H. W. Wunderly, Assistant Physician, Chest Clinic; Mr. A. T. Britten Jones, Surgeon; Messrs. I. A. Hamilton, A. H. Lendon, Assistant Surgeons; Mr. H. R. Pomroy, Surgeon-in-Charge, Orthopaedic Department; Mr. L. O. Betts, Assistant Surgeon-in-Charge, Orthopaedic Department; Dr. J. R. S. G. Beard, Gynaecolist; Drs. R. F. Matters, B. H. Swift, Assistant Gynaecologists; Dr. H. A. McCoy, Radium Therapist; Dr. J. S. Verco, Deep X-ray Therapist; Dr. C. Gurner, Assistant Deep X-ray Therapist; Dr. W. C. T. Upton, Dermatologist; Dr. A. C. McEachern, Assistant Pathologist; Drs. E. C. Black, A. J. Hakendorf, S. R. Hecker, H. E. Pellew, C. B. Sangster, N. T. M. Wigg, Anaesthetists; Drs. P. R. Begg, R. Godson, J. A. O'Donnell, Messrs. T. D. Hannon, E. P. Tidemann, Dental Surgeons.

Dr. H. M. Jay was reappointed Aural Surgeon from 1st July, 1938, until 15th February, 1940, on which date he will retire pursuant to Regulation 53.

The following Clinical Assistants were appointed for one year from 1st January, 1938, viz.:—

Drs. R. T. Binns, M. E. Chinner, E. F. Gartrell, I. S. Magarey, C. B. Sangster, R. F. West, A. H. White, Medical Section; Drs. N. S. Gunning, G. M. Hone, J. E. Hughes, W. W. Jolly, G. E. Jose, S. Krantz, A. C. McEachern, D. G. McKay, N. H. Munday, G. H. Solomon, Surgical Section; Dr. J. E. Hughes, Neuro-Surgical Clinic; Drs. W. Gilfillan, L. W. Linn, Dermatological Section; Dr. J. E. Bateman, Vaccine and Asthma Clinic; Drs. T. L. McLarty, S. Pearlman, Ophthalmological Section; Drs. C. B. Sangster, A. C. Savage, Tuberculosis Section; Dr. B. S. Hanson, X-ray Section; Drs. R. L. Verco, B. E. Wurm, Gynaecological Section.

The following appointments were also made, viz. :-

Dr. G. A. Lendon, Physician vice Dr. C. T. C. de Crespigny, retired; Dr. J. B. Thiersch, Pathologist, vice Prof. J. B. Cleland, retired; Dr. W. C. Sangster, Aural Surgeon, Second Ear, Nose and Throat Clinic; Dr. F. J. B. Miller, Assistant Surgeon, Second Ear, Nose and Throat

Clinic; Dr. R. T. Binns, Assistant Pathologist, vice Dr. S. L. Dawkins, resigned; Dr. B. C. Smeaton, Anaesthetist; Dr. E. F. Gartrell, Assistant Physician, vice Dr. G. A. Lendon, promoted; Dr. D. K. McKenzie, Clinical Assistant to Medical Section vice Dr. E. F. Gartrell, promoted; Dr. L. J. T. Pellew, Clinical Assistant to Surgical Section, vice Dr. N. H. Munday, resigned; Dr. B. E. Wurm, Clinical Assistant to Gynaecological Section, new appointment; Dr. A. H. Finger, Clinical Assistant to Medical Section.

The following were appointed in a temporary capacity:-

Mr. A. F. Hobbs, Temporary Surgeon during the absence of Mr. I. B. Jose, on leave; Dr. B. C. Smeaton, Temporary Clinical Assistant to Surgical Section during absence of Mr. I. B. Jose, on leave; Dr. B. H. Swift, Temporary Gynaecologist, vice Dr. R. E. Magarey, on leave; Dr. H. M. Fisher, Temporary Assistant Gynaecologist, during absence of Dr. R. E. Magarey, on leave; Dr. J. S. Verco, Temporary Radiologist, vice Dr. H. C. Nott, on leave; Dr. B. S. Hanson, Temporary Assistant Radiologist during absence of Dr. H. C. Nott, on leave; Dr. L. W. Linn, Temporary Dermatologist, vice Dr. W. C. T. Upton, on leave; Dr. G. E. Jose, Temporary Clinical Assistant to Dermatological Section during absence of Dr. W. C. T. Upton, on leave.

The following special leaves of absence were granted, viz.:—Mr. I. B. Jose, Surgeon, five months from 6th June, 1938; Dr. R. E. Magarey, Gynaecologist, five months from 1st June, 1938; Dr. J. S. Verco, Deep X-ray Therapist, eight months from 16th March, 1939; Dr. H. A. McCoy, Radium Therapist, eight months from 20th April, 1939; Dr. H. C. Nott, Radiologist, two and a half months from 12th December, 1938; Dr. W. C. T. Upton, Dermatologist, eight months from 1st February, 1938.

ADVISORY COMMITTEE.

Mr. I. B. Jose resigned from the Committee during the year and Mr. L. C. E. Lindon was appointed to the vacancy.

The advice received from the Committee from time to time is appreciated by the Board.

OFFICIAL VISITORS.

The following Official Visitors were reappointed for a further term of one year:—Mesdames M. B. Martin and A. M. Lindsay, R.R.C., Mr. T. P. Howard.

ACCOMMODATION FOR DEEP X-RAY THERAPY.

Improved accommodation for the Radio-Therapy Branch has been provided by the conversion of the old Dispensary at an approximate cost of £500.

LAUNDRY.

The Staff Sorting Room has been enlarged and the ventilation improved at an approximate cost of £123.

On the advice of the Architect-in-Chief, arrangements were made for installation of a new six-roller ironing machine at an approximate cost of £1,250.

NEW NURSES' HOME.

Plans of a new Nurses' Home to accommodate 210 nurses were approved by the Board. It is anticipated that funds will be made available for the erection of this building on the Loan Estimates for 1939-40.

OPERATING THEATRE BLOCK.

Plans of a new Operating Theatre Block have been approved by the Board. It is hoped that funds will be made available for this work on the Loan Estimates for 1939-40.

ADDITIONAL ACCOMMODATION AT MAGILL WARDS.

Owing to the urgent necessity for increased in-patient accommodation arrangements were made for the conversion of two unused buildings at the Old Folks' Home, Magill, into two wards of 32 beds each for the accommodation of patients from the Adelaide Hospital. Temporary quarters for staff are being provided.

It is anticipated that this accommodation will be available early in 1939.

IMPROVEMENTS TO SICK NURSES' QUARTERS.

More accommodation by the extension of the balcony and improvements were made to the Sick Nurses' Quarters at a cost of £199. Funds for this work were provided by the Commissioners of Charitable Funds.

RHEUMATIC INFECTION IN S.A.

A grant was made to the Central Board of Health by the National Health and Medical Research Council for the purpose of research into rheumatic infection.

Dr. C. B. Sangster was appointed part-time Research Worker and also Temporary Research Assistant to the Institute of Medical and Veterinary Science with facilities for investigation at the Adelaide Hospital.

LABORATORY OF BACTERIOLOGY AND PATHOLOGY.

On the 1st July, 1938, the Laboratory was merged in the new Institute of Medical and Veterinary Science, as provided by the Institute of Medical and Veterinary Science Act, 1937.

The new Institute, which is being erected on the Adelaide Hospital grounds, will be ready for occupation in 1939.

FIRE APPLIANCES.

Regular inspection of the fire appliances are made by an officer of the Metropolitan Fire Brigade, who also instructs the male and female staffs in their use.

ADELAIDE HOSPITAL AUXILIARY.

The efforts of the voluntary workers of the Adelaide Hospital Auxiliary are appreciated by the Board. Refreshments, etc., are provided at the Kiosk in the Hospital grounds, the profits therein being expended on the provision of bed linen, etc., for the wards. The expenditure on linen, etc., is subsidized by the Government in aid of a Women's Hospital. The subsidy for the year 1938 was £1,614. Improvements were carried out to the Kiosk at a cost of £95.

The following Probationer Nurses who passed first class in examinations were each presented with a Gold Medal, viz.:—Elsie May Dowsett, Barbara Judyth Dunstone, Margaret Campbell, Lesley Austin Beddome, Pearl Kingsborough de Caen, Doreen Meaney, Dorothy Eleanor Smith, Maud Marie Harvey, Jeanne Melva Cashmore, Lucy G. Turner.

RADIUM AND DEEP X-RAY THERAPY.

Funds towards the cost of this branch are provided each year by the Anti-Cancer Campaign General Committee.

GIFTS.

The Board expresses its appreciation of the following gifts, viz.:— Electric Atomiser by the Hamilton Laboratories, Ltd.; magazines, clothing, books, flowers, produce, etc., from many benevolent persons and societies.

The help rendered by lady visitors and various societies is much appreciated.

Attached are statistics, reports, etc.

I have the honour to be, Sir,

Your obedient servant,

L. W. JEFFRIES,

Chairman, Adelaide Hospital Board.

* The cost per head is arrived at by making allowance for attendances and medicines, etc., supplied to out-patients, etc., viz., £11,673 17s. 7d. Commencing from 1st January, 1933, an allowance is also made for the revenue received from sundry sales and repayments, etc.

The years 1929-1938 include expenditure on repairs, etc. by the Architect-in-Chief's Department, which was not previously shown.

The amount of £149,798 14s. 8d. for the year 1938 does not include:—S.A. Government Laboratory, £4,904 19s. 1d.; Dental Hospital, £5,212 9s. 1d.; Chest Clinic, £2,442 5s. 7d.

The fees received for 1938 do not include Infectious Diseases Block. 16s. 8d.; S.A. Govt. Laboratory, £1,793 10s. 8d.; Dental Hospital, £435 17s.

Eight hundred and nine (809) patients, comprising 544 bed cases and 265 walking cases, have been sent to the Convalescent Hospital, Semaphore.

The number of cases of enteric fever treated and discharged or died during the year, showing percentage of mortality:—

In 1887 there were 161 cases and 19 deaths = 11-8 per cent. "1888 " 177 " 15 " = 8-4 " "1889 " 153 " 21 " = 13-7 " "1890 " 95 " 16 " = 16-8 " "1891 " 63 " 13 " = 20-6 " "1892 " 85 " 15 " = 17-6 " "1893 " 76 " 8 " = 10-5 " "1894 " 131 " 18 " = 13-7 " "1895 " 97 " 19 " = 19-6 " "1896 " 138 " 18 " = 13-0 " "1897 " 167 " 17 " = 10-1 " "1898 " 303 " 24 " = 7-9 " "1898 " 303 " 24 " = 7-9 " "1899 " 195 " 16 " = 8-2 " "1900 " 75 " 8 " = 10-6 " "1901 " 155 " 15 " = 9-6 " "1902 " 135 " 19 " = 14-0 " "1903 " 76 " 7 " = 9-2 " "1904 " 42 " 7 " = 16-6 " "1905 " 52 " 5 " = 9-6 " "1906 " 66 " 14 " = 21-2 " "1907 " 55 " 12 " = 21-8 " "1908 " 72 " 9 " = 12-5 " "1909 " 71 " 10 " = 14-0 " "1909 " 71 " 10 " = 14-0 " "1909 " 71 " 10 " = 14-0 " "1910 " 64 " 7 " = 10-1 " "1911 " 52 " 5 " = 9-6 " "1912 " 64 " 6 " 9 " = 12-5 " "1913 " 105 " 13 " = 12-4 " "1914 " 72 " 11 " = 10-1 " "1915 " 66 " 9 " = 13-7 " "1916 " 86 " 12 " = 14-0 " "1917 " 59 " 6 " = 10-1 " "1918 " 35 " 1 " = 2-8 " "1922 " 33 " 3 " = 9-0 " "1923 " 1924 " 22 " = 9-1 " "1924 " 22 " 2 " = 9-1 " "1925 " 14 " 22 " = 11 " = 2-8 " "1926 " 18 " 22 " = 9-1 " "1927 " 17 " 3 " = 12-6 " "1928 " 14 " 22 " = 11-1 " "1929 " 10 " — " = - " "1928 " 16 " = 31-25 " "1929 " 10 " — " = - " "1928 " 16 " = 31-25 " "1929 " 10 " — " = - " "1929 " 10 " — " = - " "1921 " 1923 " 14 " 2 " = 11-1 " "1922 " 33 " 3 " = 17-6 " "1923 " 1924 " 22 " = 11-1 " "1924 " 22 " = 11-1 " "1925 " 14 " 2 " = 11-1 " "1926 " 18 " 2 " = 11-1 " "1927 " 17 " 3 " = 17-6 " "1928 " 16 " 3 " = 17-6 " "1929 " 10 " — " = - " = - " "1928 " 16 " — " = - " = - " "1929 " 10 " — " = - " = - " "1928 " 16 " = - " = - " "1933 " 2 " — " = - " = - " "1934 " 6 " — " = - " = - " "1935 " 2 " — " = - " = - " "1937 " 1938 " 11 " = 9-1 "	-				THE REAL PROPERTY. APPENDIX No. 4.

OPERATIONS FOR 1938.

OPERATIONS ON BLOOD VESSELS.	
Ligature of arteries	4
Injection of Artery	5
Excision of varicose veins	_
Excision of varicocele	1
Blood transfusion	174
Aneurysm	_
Ligature of jugular vein	6
Ligature of saphenous vein	4
Venesection	1
O	
OPERATIONS ON MUSCLES, BURSAE, TENDONS, AND NERVES.	
Tenotomy	3
Suturing tendons and muscles	19
Excision of bursa	7
Excision of ganglion	9
Excision of gasserian ganglion	2
Injection of gasserian ganglion	2
Tendon transplantation	2
Nerve anastomosis or transplantation	3
Suturing nerves	_
Resection of nerve and division	5
Stretching of nerve	1
Suturing nerve	-6
Excision of neuroma	
Freeing nerve from callus	10
Injection into nerve	7
Sympathectomy	-
Ramisectomy	19/19
Opening Bursa	191
Operations on Bones.	
(a) Skull—	
Elevation of depressed fracture	5
Exploratory trephine	18
Unilateral subtemporal decompression	5
Ventriculography—drainage of ventricles	38
Drainage of cerebral abscess	6
Removal of cerebellar tumour	1411
Suboccipital decompression	3
Bilateral subtentorial decompression	-
Removal of cerebral tumor	5
(b) Spine—	
Laminectomy	3
Excision coccyx	8
Lumbar puncture (general anaesthetic)	4
Lumbar puncture (local anaesthetic)	8

RADIO-THERAPEUTIC DEPARTMENT.

Total number of new	patients	 	 	. 649
Total number of visi				11 100

Except for several minor details the alterations in accommodation mentioned in the last report have been completed, and the Department now has a new clinic room in the old dispensary conveniently placed between new waiting rooms for male and female patients. The old clinic room has been partitioned into three smaller rooms, for biopsies, the Registrar, and the typist. A lunch room has been provided for the female staff and a small waiting room for the comfort of patients waiting for deep X-ray treatment.

It is expected that the radium solution at present in England being reconditioned will be returned in April, and the production of radon resumed without delay.

Mr. B. W. Scott, of the Commonwealth X-ray and Radium Laboratory, Melbourne, has been appointed Physicist in succession to Mr. E. S. H. Gibson, who resigned at the end of 1937. Mr. Scott will take up his duties in Adelaide in April.

RADIUM DEPARTMENT.

(Dr. H. A. McCoy, Hon. Radium Therapist.) (Assistant—Dr. John Mayo.)

Total number of patients treated	956
Total number of treatments given	1,055
Radium treatments (including intracavitary,	
interstitial, plates, moulds) 1,03	9
Radon treatments 1	6

Two 2mg. unit strength radium needles of Group 2B were damaged during the year. One was repaired at the Commonwealth X-ray and Radium Laboratory, Melbourne; the other, being fractured across its cell content, could not be repaired in Australia, and arrangements are now being made with the Commonwealth Department of Health for its replacement.

Owing to the fact that no radon was available for the treatment of suitable patients, the accommodation in the wards has been taxed during the year. Normal conditions, however, should be restored shortly when the production of radon is resumed.

DEEP X-RAY DEPARTMENT.

(Dr. J. S. Verco, Hon. Deep X-ray Therapist.) (Assistant—Dr. Colin Gurner.)

Total number	of	patients treated	341
Total number	of	treatments given	5,074
		courses of treatment	488

The Stabilivolt deep X-ray therapy plant still gives satisfactory service, although during the year some trouble was experienced with the rectifying valves, four of which had to be replaced. The second Philips metalix water-cooled tube burnt out during the year after giving 2,160 hours service, and a third Philips tube is now in use.

LABORATORY OF BACTERIOLOGY AND PATHOLOGY, ADELAIDE HOSPITAL.

STAFF.

Director:

E. Weston Hurst, M.D., D.Sc. (Birm.), M.R.C.P. (London).

Deputy-Director and Bacteriologist:

A. E. Platt, M.D. (Adelaide), D.T.M., D.T.H. (Sydney), Dip. Bact. (London).

Assistant Bacteriologist:

Nancy Atkinson, M.Sc. (Melbourne).

Neale Research Pathologist:

J. B. Thiersch, Dr. med., Dr. med. habil. (Freiburg), M.D. (Adelaide).

Assistant Clinical Pathologist:

Effie Jessie Hone, M.B., B.S. (Melbourne).

Biochemist:

R. J. Cowan, B.Sc. (Melbourne).

Honorary Pathologist:

John B. Cleland, M.D., Ch.M. (Sydney).

Veterinary Pathologist: ...

Ian W. McDonald, B.Sc., B.V.Sc. (Sydney).

Research Assistants:

Barbara Cooke, B.Sc. (Adelaide).

W. G. Heaslip, M.B., B.S. (Adelaide), Medical Research Council.

Honorary Consultant Clinical Pathologist:

E. McLaughlin, M.B., B.S. (Adelaide), M.R.C.P. (London).

On the 1st July, 1938, the laboratory became part of the new Institute of Medical and Veterinary Science. The following examinations are those carried out during the first six months of the year, The work of the laboratory will, in future, be reported in the Annual Reports of the Institute.

VENEREAL DISEASES.—NIGHT CLINICS.

REPORT FOR YEAR ENDED 31st DECEMBER, 1938.

Improved accommodation for the treatment of venereal diseases is urgently necessary.

The Venereal Diseases Act, passed by Parliament in 1920, has not yet been proclaimed. The provisions of this Act could not be effectively carried out until accommodation for the treatment of both in-door and out-door patients is provided. It is considered that the Act should be proclaimed as soon as possible.

REPORT ON OPERATIONS FOR THE YEAR ENDED 31st DECEMBER, 1938.

MALE SECTION.

Medical Officer—Gilbert Edgar Jose, M.B., B.S., F.R.C.S. Second Medical Officer—John Matthew Dwyer, M.B., B.S.

Report of the Medical Officer:

Sulphonilamide and its compounds uleron and M. and B. 693 continue to provide a source of considerable interest in the treatment of urethritis and its complications.

At present sulphonilamide itself is the one most commonly employed, together with routine urethral irrigations and alkalinisation of the urine.

Uleron has been little used at the Clinic. M. and B. 693, now on trial, appears to have the advantages of uleron and its effect seems more permanent, though it also produces frequently a moderately severe anaemia. Further experience may alter these findings.

The number of attendances has dropped considerably since these drugs have been employed. This has been due to the fact that sulphonilamide has caused a reduction of the total number of attendances necessary for each individual case rather than much diminution of the incidence of Gonorrhoea in the community. Cases of primary syphilis have been very few, except early in the year.

Female Section, Night Clinics, 1938.

Honorary Consulting Adviser—Reginald Francis Matters, M.D., M.S., F.R.C.S.

Medical Officer—Harry Medcalf Fisher, M.B., B.S., F.R.C.S., D.G.O., L.M., M.C.O.G.

Report of the Medical Officer.

A drop in total number of new cases, and, for the third year in succession, no primary syphilis are the main features of this year's work.

DA COSTA SAMARITAN FUND.

TRUSTEES.
C. E. Spiller, Esq., J.P. (Chairman).
Andrew D. Young, Esq., J.P., A.F.I.A.

B. P. Martin, Esq.

H. G. Nelson, J.P., A.F.I.A.

SECRETARY.

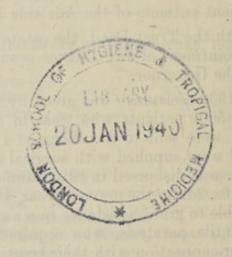

The Da Costa Samatarian Fund was inaugurated in 1898, through the generosity of the late Miss Louisa Da Costa, who left portion of her estate to be held in Trust, the income therefrom to be used for the benefit of convalescent patients of the Adelaide Hospital.

In accordance with the Trust Deed, the estate is vested in three (3) Trustees. The appointment of any Trustee is subject to the approval of His Excellency the Governor.

During the year 1938 assistance was given by the Trustees to more than five hundred (500) patients who were in needy circumstances. Of this number 191 were sent to St. Margaret's Convalescent Home, Semaphore, and 387 were supplied with surgical appliances, etc. The sum of £927 16s. 2d. was disbursed in this manner during the year, as compared with £769 6s. 2d. for the previous year, an increase of £158 10s. The Trustees were able to grant assistance to a number of patients convalescing from infantile paralysis, who required Surgical appliances from time to time in connection with their treatment.

The Trustees place on record their appreciation of a donation of £36 from the S.A. Committee for Crippled Children for the assistance of cases of infantile paralysis.

In order to be eligible for assistance from this Fund patients must be certified as convalescent by the Medical and Lay Superintendent of the Adelaide Hospital.

(assertion!) . I. by pull redlige . No.
