DEVONSHIRE ROYAL HOSPITAL  
AND  
BUXTON BATH CHARITY**

---

**THE ONE HUNDRED AND THIRTY-SIXTH  
ANNUAL REPORT**  
for the year ended 31st December, 1946

---

The Board of Management has pleasure in presenting the Annual Report and Statement of Accounts for the year ended 31st December, 1946.

**President.**

It is gratifying to record that Lieut.-Colonel Sir Ian Walker, Bart., D.S.O., T.D., has kindly consented to continue as President of the Hospital for the ensuing year.

**Board of Management.**

The resignation of Mr. J. R. Murray, who served as a member of the Board of Management throughout the difficult period of the recent War, is recorded with regret.

### **The National Health Service Act.**

As now proposed the Devonshire Royal Hospital will, on the 1st April, 1948, pass under the control of the Ministry of Health.

In July, 1945, the Board of Management was advised to get into close touch with a University and an approach was made to Manchester. In the following October the then President (Lady Turner) and the Chairman had an interview with Sir John Stopford, the Vice-Chancellor, who gave them a very cordial reception. So when early in 1946 Professor Robert Platt took over the University Chair of Medicine he visited the Hospital and began a liaison which should prove to be of much practical value, especially on the research side. This will be under the direction of the Medical Faculty. It has long been a feature of the work of the Hospital, but has lacked co-ordination with other research centres. This will now be remedied. Beds in the Hospital have been specially reserved for chronic cases, under the supervision of the Faculty of Medicine.

Dr. C. W. Buckley has been appointed the representative of the Board on the University Committee on Rheumatism.

Although the Hospital will be in the Ministry of Health North-Western Region it is of considerable importance to the patients who come to the Hospital from all parts of the country, that the Minister has intimated that the boundaries of the Regional Board Areas need not, and will not, prevent free passage of patients from one Area to another.

Buxton will, with its extensive facilities, become an important Centre for the treatment of rheumatism.

A Co-ordinating Committee, consisting of representatives of the three main organisations in Buxton dealing with the problem of rheumatism, together with members of the medical profession having special experience of the treatment of rheumatism and allied diseases, has prepared a plan embracing specialist medical services, scientific investigation and the comprehensive treatment of every type of rheumatic case.

At the invitation of the Board of Management, the Empire Rheumatism Council representative, Dr. W. C. S. Copeman, visited the Hospital in connection with the facilities available for investigation and treatment of rheumatic diseases.

The Board was pleased to welcome the members of the International Society of Medical Hydrology who visited Buxton for their first annual conference to be held since before the war years of 1939-45.

### **Finance.**

The reduction of the number of patients treated under the Emergency Services has naturally resulted in a considerably reduced income, and to a lesser extent a reduced expenditure. The total income for the year was £32,979 11s. 3d., compared with £44,213 1s. 6d. last year, and the Expenditure £34,076 2s. 9d., compared with £36,925 6s. 5d.; the excess of Expenditure over Income for the year being £1,096 11s. 6d.

The reduction in Expenditure was not commensurate with the reduction in Income, this being due to the reduced numbers of patients, steadily increasing costs and considerably increased scales of pay for practically all grades of staff.

The Board expresses its sincere gratitude to all Annual Subscribers for the continuance of their financial help and encouragement. Subscriptions received during the year amounted to £4,394 6s. 0d. which in view of the high level of taxation, the cost of living and the uncertainty caused by recent legislation, compares very favourably with the pre-war figure of £5,126 0s. 5d.

A further difficult period remains to be faced as many improvements and replacements had to be deferred during the years 1939-45, and the Board earnestly appeals to all who are interested in the great work of the Hospital to continue their active interest and support.

By the completion of a simple Deed of Covenant, details of which will be supplied on request, the value of an annual subscription can be considerably increased without any additional expense to the subscriber, as the Hospital is enabled to recover income tax which has already been paid on the amount of the subscription

### **Investments.**

The following transactions have been made:—

Liverpool Corporation Mortgage Loan, £1,000, repaid and re-invested in 3% Defence Bonds.

3% Treasury Bonds, £1,200, repaid and re-invested in £1,184 5s. 0d. 3% Savings Bonds, 1965/75.

**Honorary Officers.**

The Board expresses its appreciation and thanks to the members of the Honorary Medical Staff, Honorary Chaplain, Hon. Treasurers and House Visitors for the care and attention they have given to the interests of all patients.

Dr. G. J. Griffiths and Dr. M. Applebee, Honorary Assistant Physicians, have been appointed Honorary Physicians; and Dr. Clara Stewart, Dr. A. F. Bearn, Dr. R. Wynn Jones, Hon. Assist. Physicians.

The resignation of Mr. H. Osmond Clarke, F.R.C.S., Honorary Assistant Orthopædic Surgeon, who has received the appointment of Surgeon and Assistant Director of the Orthopædic and Accident Department at the London Hospital, has been accepted with regret.

Arrangements have been made for Mr. D. Lloyd Griffiths, F.R.C.S., to visit the Hospital to advise on orthopædic treatment.

The Board has also accepted with regret the resignation of Dr. G. C. Pether, Honorary Physician, who did not return to this locality on the termination of his service with H.M. Forces.

**Improvements.**

As previously mentioned, many additions and improvements to accommodation, plant and equipment, however desirable, had to be deferred during the years 1939-45.

In the Physiotherapy Department the extensive range of treatments has outgrown the accommodation. More extensive accommodation and additional equipment has been provided and the Board records its grateful thanks to the Governors of the Skelton Bounty for their further generous donation of £600 to meet the cost of the additional equipment.

The increased number of Physiotherapy Students has necessitated additional tuition and hostel accommodation.

Accommodation has also been provided for an Occupational Therapy Department and the Board is indebted to the Ministry of Health for the help given in the provision of equipment for this Department.

Attached to the Patients' Dining Hall a Serving Pantry has been provided where the installation of a Hot Closet and other equipment considerably improves the service of meals.

Plans have been prepared for the conversion of one of the properties adjoining the Hospital, when it becomes available, to provide the research beds for long stay cases, requiring investigation and active treatment, referred to the Hospital through the Manchester University Centre for the study of Chronic Rheumatism.

An improved layout and additional catering equipment for the main kitchen has been approved and estimates are in course of preparation.

The long term policy for the extension of the Hospital will necessitate alternative staff accommodation, and in anticipation of this the Board has completed the purchase of the remainder of the land at Corbar Hall, and now owns the whole of this property.

### Endowments.

The Accounts of the Holden, The Wadsworth, The Swindells Endowment Fund, The Wilmot Relief Fund, Samaritan Fund, Downes' Charity, Hannah Ashton-Rigby Fund, Annie Hopwood Kinch Fund, Ada Mary Cryer Fund, and Emily Wadsworth Charity Fund, are submitted. Under these Funds many destitute cases have been assisted with railway fares, needful clothing, or help in other forms.

Treatments at the Hospital and at the Thermal and Natural Baths are available for **all** patients, i.e., In-Patients and Out-Patients of the Hospital, patients staying at the Clinic, and other patients staying elsewhere in Buxton.

With a view to improvement and the introduction of new methods when recommended by an appropriate Medical Committee, the treatment facilities are kept under constant review.

## Research.

Collaboration with the Manchester University will greatly increase this very important branch of the work of the Hospital which is carried out in the specially staffed and equipped laboratories which are available.

The considerable cost of such work is fully justified by the benefits which accrue, not only to the patients in the Hospital, but as the various discoveries are made known by means of scientific publications, to all who are afflicted by rheumatism.

By this means the reputation of the Hospital has become international.

Careful and accurate study is necessary to correctly diagnose the many different types of rheumatic disorder, and the closest collaboration between the Pathological, Bacteriological, Bio-chemical and Radiographic Departments, is most essential.

The medical staff in charge of the research beds, working under the direction of the Manchester University will be :—

Dr. H. Stuart Barber, part-time Clinical Director.

Dr. G. R. M. Sutcliffe, Assistant to the Director.

## School of Physiotherapy.

The Chartered Society's new syllabus, which provides for a three years' course of training has been adopted.

There are at present 68 students in training. During the year 18 students passed the Conjoint Examination in Massage and Medical Gymnastics and 18 the Examination in Electrotherapy.

The Hon. Radiologist, Dr. H. Morris, has given Electrotherapy lectures. Psychology lectures have been given by Miss Schofield.

It was agreed to make provision for Refresher Courses for Physiotherapists on their discharge from H.M. Forces.

A list of approved lodgings for non-resident students is maintained by the Matron.

**Gifts.**

The Board of Management expresses grateful appreciation of the many gifts of foodstuffs which have generously been donated by the people of the Dominions and the Colonies. These gifts have introduced a welcome variation to the dietary for the patients.

## AUDITORS' REPORT.

---

11, Spring Gardens,  
Manchester, 2.  
May 6th, 1947.

To The Chairman and Committee of the Devonshire Royal Hospital, Buxton.

Gentlemen,

We have attended each month at the Hospital and have audited the books for the year ending 31st December, 1946.

We have seen that the income has been accounted for, and that the disbursements have been duly authorised and vouched,

We have obtained from the Custodian Trustees a certificate to the effect that they held on behalf of the Hospital the securities specified in the Schedule annexed to the Balance Sheet, and we have inspected the scrip, with the exception of one inscribed stock and two investments realised since the date of the Balance Sheet. The Bankers have furnished a certificate verifying the balances on the various bank accounts.

The Stocks of Drugs, Provisions, etc., on hand have been properly certified.

We are, Gentlemen,  
Yours faithfully,

(Signed) HALLIDAY, PEARSON & Co.,  
Chartered Accountants.
