SALFORD ROYAL HOSPITAL.

In the year 1827, this Hospital had its origin in temporary premises in Chapel Street, Salford.

In 1830 the corner stone of a portion of the present building was laid on a plot of land that had been acquired from the Duchy of Lancaster.

The Institution received the patronage of King William IV., and His Majesty contributed twenty-five guineas annually towards the maintenance of the hospital. The Royal patronage was continued during the reigns of Queen Victoria and King Edward the VII., and His Most Gracious Majesty the King has graciously renewed the privilege so long enjoyed.

For the first eighteen years of the Hospital's existence medical relief was afforded only to Out and Home patients, but in 1845 ten beds were provided in the building for the reception of In-patients. In 1866, two wings were added to the original building, raising the number of beds to forty; in 1871 ten more were added, and in 1882 the number was increased to sixty-two.

A large legacy left to the Institution in 1882 by the late John Pendlebury, Esq., enabled the Governors to further extend the Hospital accommodation to one hundred and twenty-seven beds.

In the year 1905, the Isolation Block was converted into Male Surgical Wards, and eight more beds added, making the total number 135.

The Extensions of the Hospital, decided upon in 1906, provided accommodation for 208 beds.

In 1911 the Hospital was further enlarged by the addition of the King Edward VII. Memorial Wing, thus increasing the number of beds to 260.

In the year 1922 the Salford War Memorial Ward, in the above wing, was opened by H.R.H. The Duke of York, K.G., G.C.V.O., who also unveiled in the Entrance Hall a commemorative tablet.

Two Observation Wards containing two Male Beds and one Female Bed were provided in 1926.

In 1875, the Pendleton Dispensary was built, as a branch of the Hospital, by means of a public subscription amongst the inhabitants of the District. With the approval of the Charity Commissioners this Dispensary was closed in June, 1923, as the work could be more conveniently done at the Hospital, and the property was sold.

The Medical Staff consists of one Honorary Consulting Physician, three Honorary Physicians, one Honorary Assistant Physician, two Honorary Consulting Surgeons, four Honorary Surgeons, two Honorary Assistant Surgeons, one Honorary Gynæcologist, one Honorary Surgeon for Diseases of the Ear, Nose, and Throat, one Honorary Assistant Surgeon for Diseases of the Ear, Nose, and Throat, one Honorary Ophthalmic Surgeon, one Honorary Surgeon in Charge of Orthopædic Department, one Honorary Surgeon in Charge of Genito-Urinary Department, two Honorary Medical Officers for the Electro-Therapeutic Department, one Honorary Dermatologist, one Honorary Dentist, one Pathologist, four Anæsthetists, four Registrars, a Resident Surgical Officer, four House Surgeons, a Casualty House Surgeon, a House Physician, and a District Medical Officer for Broughton and Salford, and a District Medical Officer for Pendleton.

The beds in the Hospital are allotted as follows :—

	Men.	Women.	Beds.
Adults—Surgical	87	88	175
Adults—Medical	31	33	64
Adults—V.D. Dept.	4	4	8
Children's Cots—Medical and Surgical	—	—	13
Observation Beds	—	—	3
			<u>263</u>

The original site of the Hospital was presented by the Duchy, and the site of the Pendleton Branch Dispensary (which has now been sold and the proceeds—£2,169 8s. 4d.—invested by the Official Trustee of Charitable Funds) was presented by the late Sir William Agnew, Bart. In addition to the investments, the property of the Hospital comprises the Hospital buildings in Chapel Street, Adelphi Street and Adelphi Place, Salford; and the land and buildings in Chapel Street, St. Philip's Place, Adelphi Place, Peel Street and Wilton Place, Salford, the Pilkington Home, "Oakwood," Swinton Park, together with the furniture and fittings in these establishments and Edenholme, Swinton Park.

ANNUAL REPORT

OF THE

BOARD OF MANAGEMENT,

For the Year ended December 31st, 1933.

The Board of Management has pleasure in submitting its 106th Annual Report and Statement of Accounts, being in respect of the year ended December 31st, 1933.

An abridged report with statement of accounts in respect of the six months ended December 31st, 1932, has already been published consequent upon the Governors' decision to alter the end of the financial year from June to December, and is attached to the present Report.

A detailed list of contributions received during the six months ended December 31st, 1932, will be found on pages to .

No. of In-patients treated.	The number of In-patients treated during the past two years has been as follows :—	
	1933	1932
Medical	1,090	921
Surgical	2,645	2,939
Observation Ward	296	105
	4,031	3,965

The average length of stay of each In-patient was 20·48 days, and during the whole of the year the average number of beds occupied was 226·8.

Out-patients.	The number of Out-patients treated during the past two years has been as follows :—	
	1933	1932
Out-patients	8,900	8,677
Casualties and emergencies ...	19,357	18,188
Home-patients	1,202	1,414
Total Out-patients treated ...	29,459	28,279
The number of subsequent attendances was	35,908	36,549

Road Traffic Accidents. The cost of treating patients for injuries resulting from traffic accidents has again increased, the total being £1,087. Of this amount only £221 has been recovered, and the Board is hopeful that under the provisions of the Road and Rail Traffic Act, 1933, the position will be improved and that the general funds of the Institution will not be called upon to bear such a serious burden.

The steady increase year by year in the demands made upon the Hospital as indicated by the numbers of patients treated emphasizes the need of further accommodation.

The Out-patient Department was built in 1911, and to-day the medical and surgical staffs are considerably handicapped by lack of room.

The Board regrets that the financial position resulting from serious deficiencies of income in recent years makes it impossible to carry out the plan of extension already prepared.

The Medical and Nursing Staffs are working under unsatisfactory conditions which, if continued over a lengthy period, constitute a heavy strain on their resources. The Board hopes that, with a returning confidence in the industrial outlook, the public will lose no time in providing the funds necessary to rectify this state of affairs.

Peel Street Property. In view of the postponement of the scheme of extension, the property in Peel Street not already occupied by the Hospital has been reconditioned, and fourteen houses are now rented to tenants.

In allotting the houses, preference was given to applicants whose housing conditions were most acute. The Bank premises adjoining the Hospital in Chapel Street are now being used for administrative purposes.

Convalescent Patients. 60 patients have derived considerable benefit from treatment in Convalescent Homes through the valued help of the Cotton Districts Convalescent Fund. The Board wishes to record its appreciation of the co-operation of the Governors of this Fund, which has made possible at small expense this essential branch of the Hospital's activities.

The following is a summary of the Patients treated:—

	1933	1932
Southport	34	30
Buxton	10	28
Cheadle	8	13
Children's Sanatorium	8	6
Total	60	77

Private Patients' Wards. The needs of the patient who cannot afford nursing-home fees and yet does not wish to take advantage of the ordinary hospital bed have for some years been realised, and fourteen beds were set aside for this purpose in 1920 at a charge of £4 4s. weekly (exclusive of specialist's fee).

During last year 135 patients were admitted to these wards, compared with 128 in 1932.

Medical and surgical treatment is now so elaborate, and the machinery of diagnosis is so intricate, that it is often beyond the resources of the individual patient. The concentration under one roof of all branches of special departments emphasizes the economic advantage of associating paying beds with our large voluntary hospitals.

Income and Expenditure. The total ordinary income for the year was £35,083, which, although £2,425 less than the previous year, was £270 more than the average for the past three years.

The total ordinary expenditure has been £42,780, which is £3,173 less than the previous year.

After including Legacies received free of any condition as to investment (amounting to £6,372), the deficiency on the year's working amounts to no less than £2,825.

Although the most careful consideration has been given to every item of expenditure, the budget is still unbalanced as is shewn by these figures. In spite of hard times, it has been necessary to make an appeal to all classes of the public in order to prevent any possibility of curtailment of the Hospital's activities and the consequent hardship to the sick poor who look to it for treatment.

For 105 years the Salford Royal Hospital has ministered to the needs of Salford and district, and no special appeal for funds has been made during the last 20 years.

Will you help to maintain this unbroken record of service by sending a subscription or donation to the Treasurer? Please use the form at front. £60,000 is required at once in order to pay off the bank overdraft and to meet immediate necessities. £5,000 additional annual income is urgently required to enable the present accommodation to be maintained.

The Salford Royal Hospital exists for the treatment of the sick who are unable to make provision for themselves. But there are many who receive treatment who can afford to make some contribution towards the maintenance of the essential service, and the Board earnestly appeals to all such people to respond liberally in order that adequate provision may be available in the future for those who need it.

Workpeople's Contributions. The Central Scheme of Workpeople's contributions referred to in the last Annual Report has regrettably not received the support which it merits, and the Board is hopeful that everything possible will be done to encourage a more general adoption of weekly contributions throughout the district to the Hospital Saturday Fund.

With the object of establishing a closer relationship with the Fund, a Joint Committee composed of representatives of all the local Hospitals and of the Hospital Saturday Fund is in process of formation.

It must be admitted with regret that a considerable number of workpeople who receive advantage from the Hospitals have not so far adopted the weekly contributory scheme with the result that the income under this heading compares unfavourably with that of Institutions in similar areas. A general adoption of the Scheme should place the Board in possession of sufficient funds to obviate the necessity of special appeals being made from time to time in order to wipe off deficiencies of income. Furthermore, a contributor and his dependants are assured of free Hospital and Convalescent Home treatment so far as accommodation will allow.

The receipt of the following Legacies is gratefully recorded, and the Board desires to commend this most acceptable method of supporting the Institution :—

Linen Guild. The eleventh Annual Meeting of the Guild was held on July 12th at "The Pilkington Home" (Oakwood). During the year linen to the value of £114 7s. 11d. has been purchased and garments and other articles of linen representing a total value of £28 16s. 5d. have been presented for the use of patients.

The Board is grateful for the valuable assistance rendered by the members of the Guild and of the Dorcas Society.

Honorary Staff. The Board acknowledges, with sincere thanks, the loyal services of the Honorary Medical and Surgical Staff.

The responsibility for the treatment of increasing numbers of patients has always met with a ready acceptance, and the active co-operation of all members is much appreciated.

The thanks of the Board are also accorded to the paid staff for their devotion to duty.

Obituary. The Board regrets to record the death on January 20th, 1934, of Mr. William Roskell, who had been a member of the Board since 1921.

Mr. Roskell took an active part in the organization of the Workpeople's Special Fund, acting as its Chairman since 1928.

Personal. Consequent upon having left the district, Mr. R. B. Goodall and Mr. R. D. Marriott have resigned their membership.

The Board regrets the loss of their valued services, willingly given during their period of office.

The following have accepted seats on the Board of Management, representing the Workpeople's Voluntary Committee :—

Mr. J. Parkes.
Mr. C. F. Watts.

Honorary Treasurer. Mr Leonard Sumner, J.P., has, greatly to the regret of the Board, resigned from the office of Honorary Treasurer.

Mr. Sumner joined the Board in 1903, and acted as its deputy chairman for fourteen years. In 1919 he succeeded the late Dr. Edward Hopkinson as Honorary Treasurer. During the whole of his long term of office the welfare of the Hospital has been foremost in his mind, and the Board is much indebted to him for valuable guidance during a difficult period. The Leonard Sumner Ward was named to commemorate his helpful advice and many generous gifts.

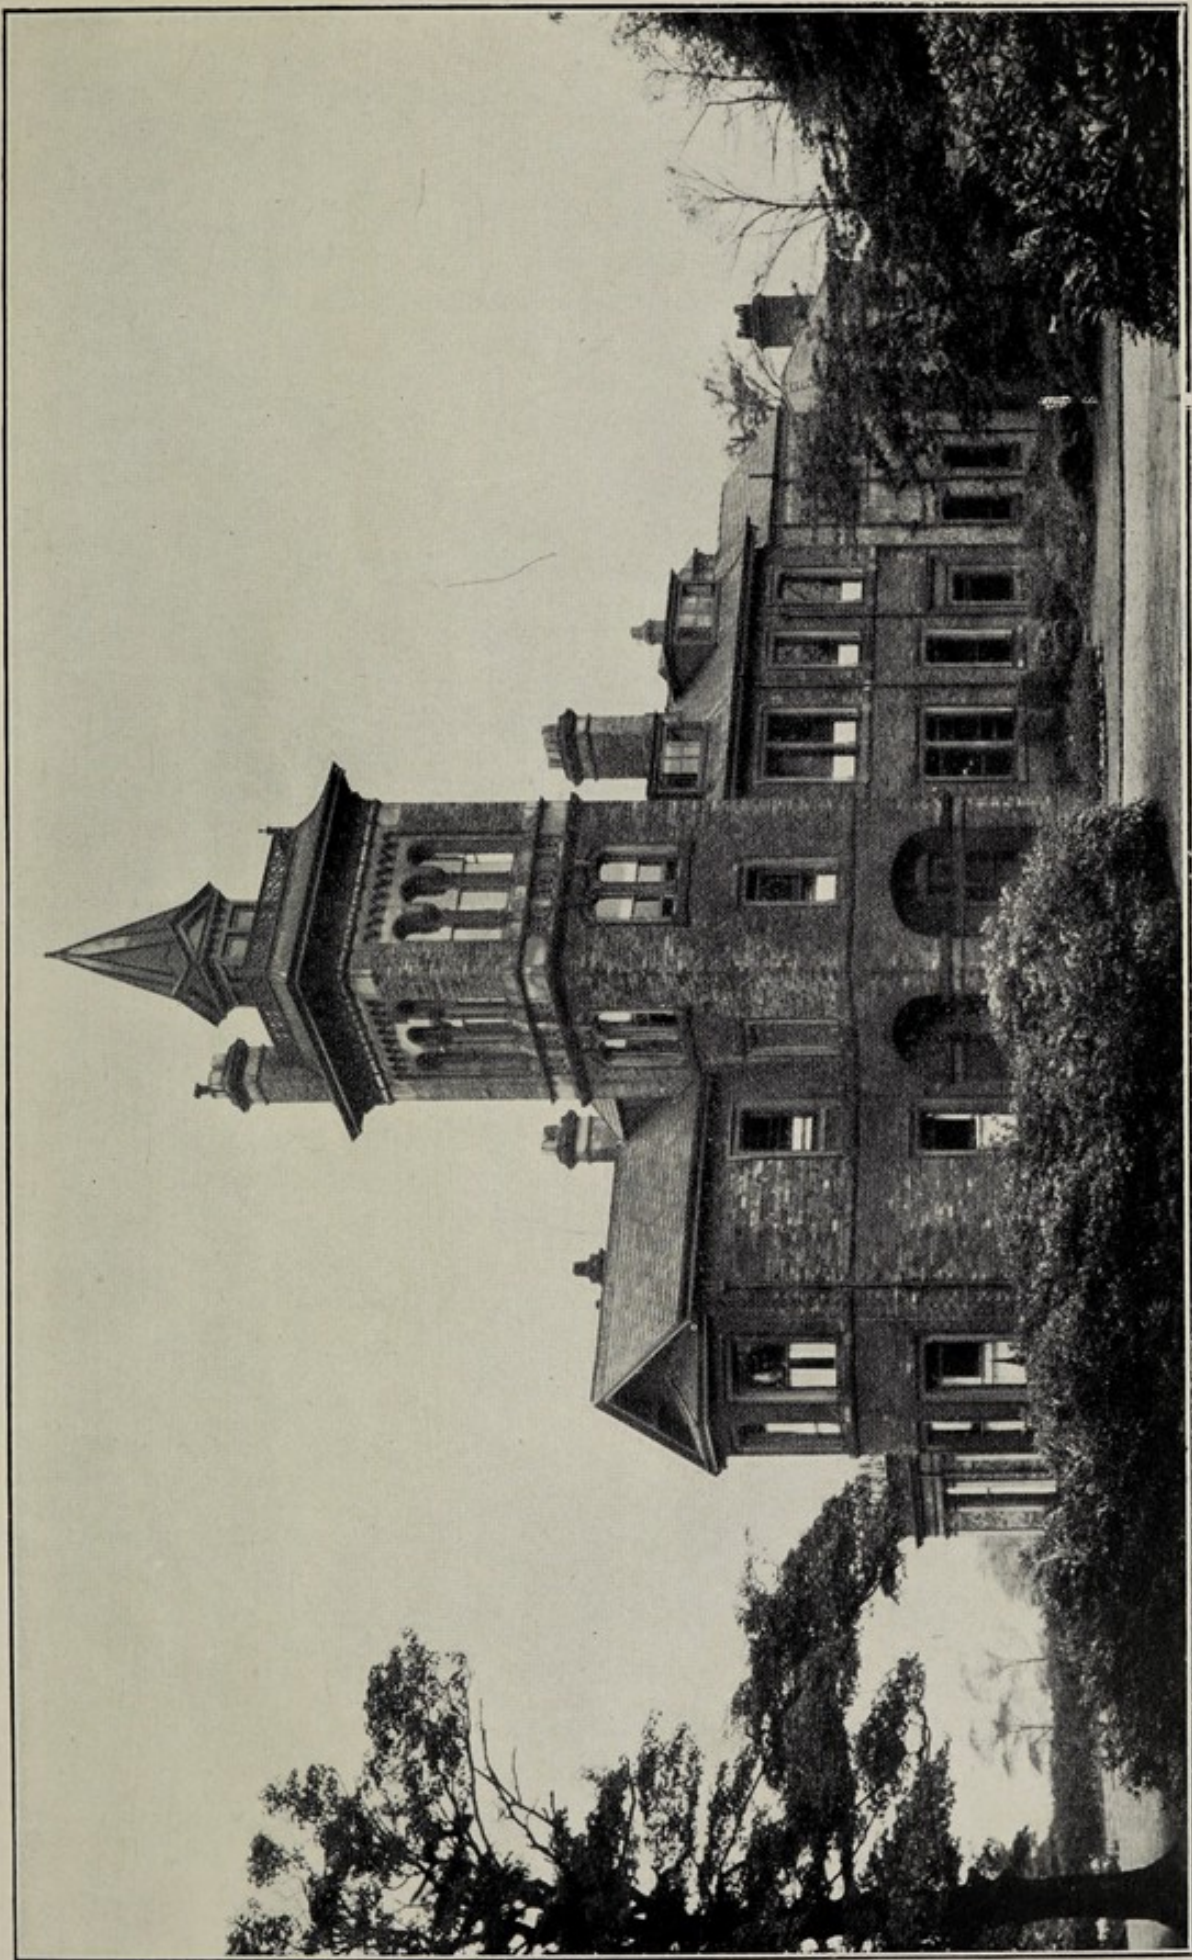

The Board is pleased to report that the benefit of Mr. Sumner's services will still be available as a Vice-President.

Staff. Dr. Henry V. White has regrettably found it necessary to resign from the office of Honorary Ophthalmic Surgeon after 15 years' service.

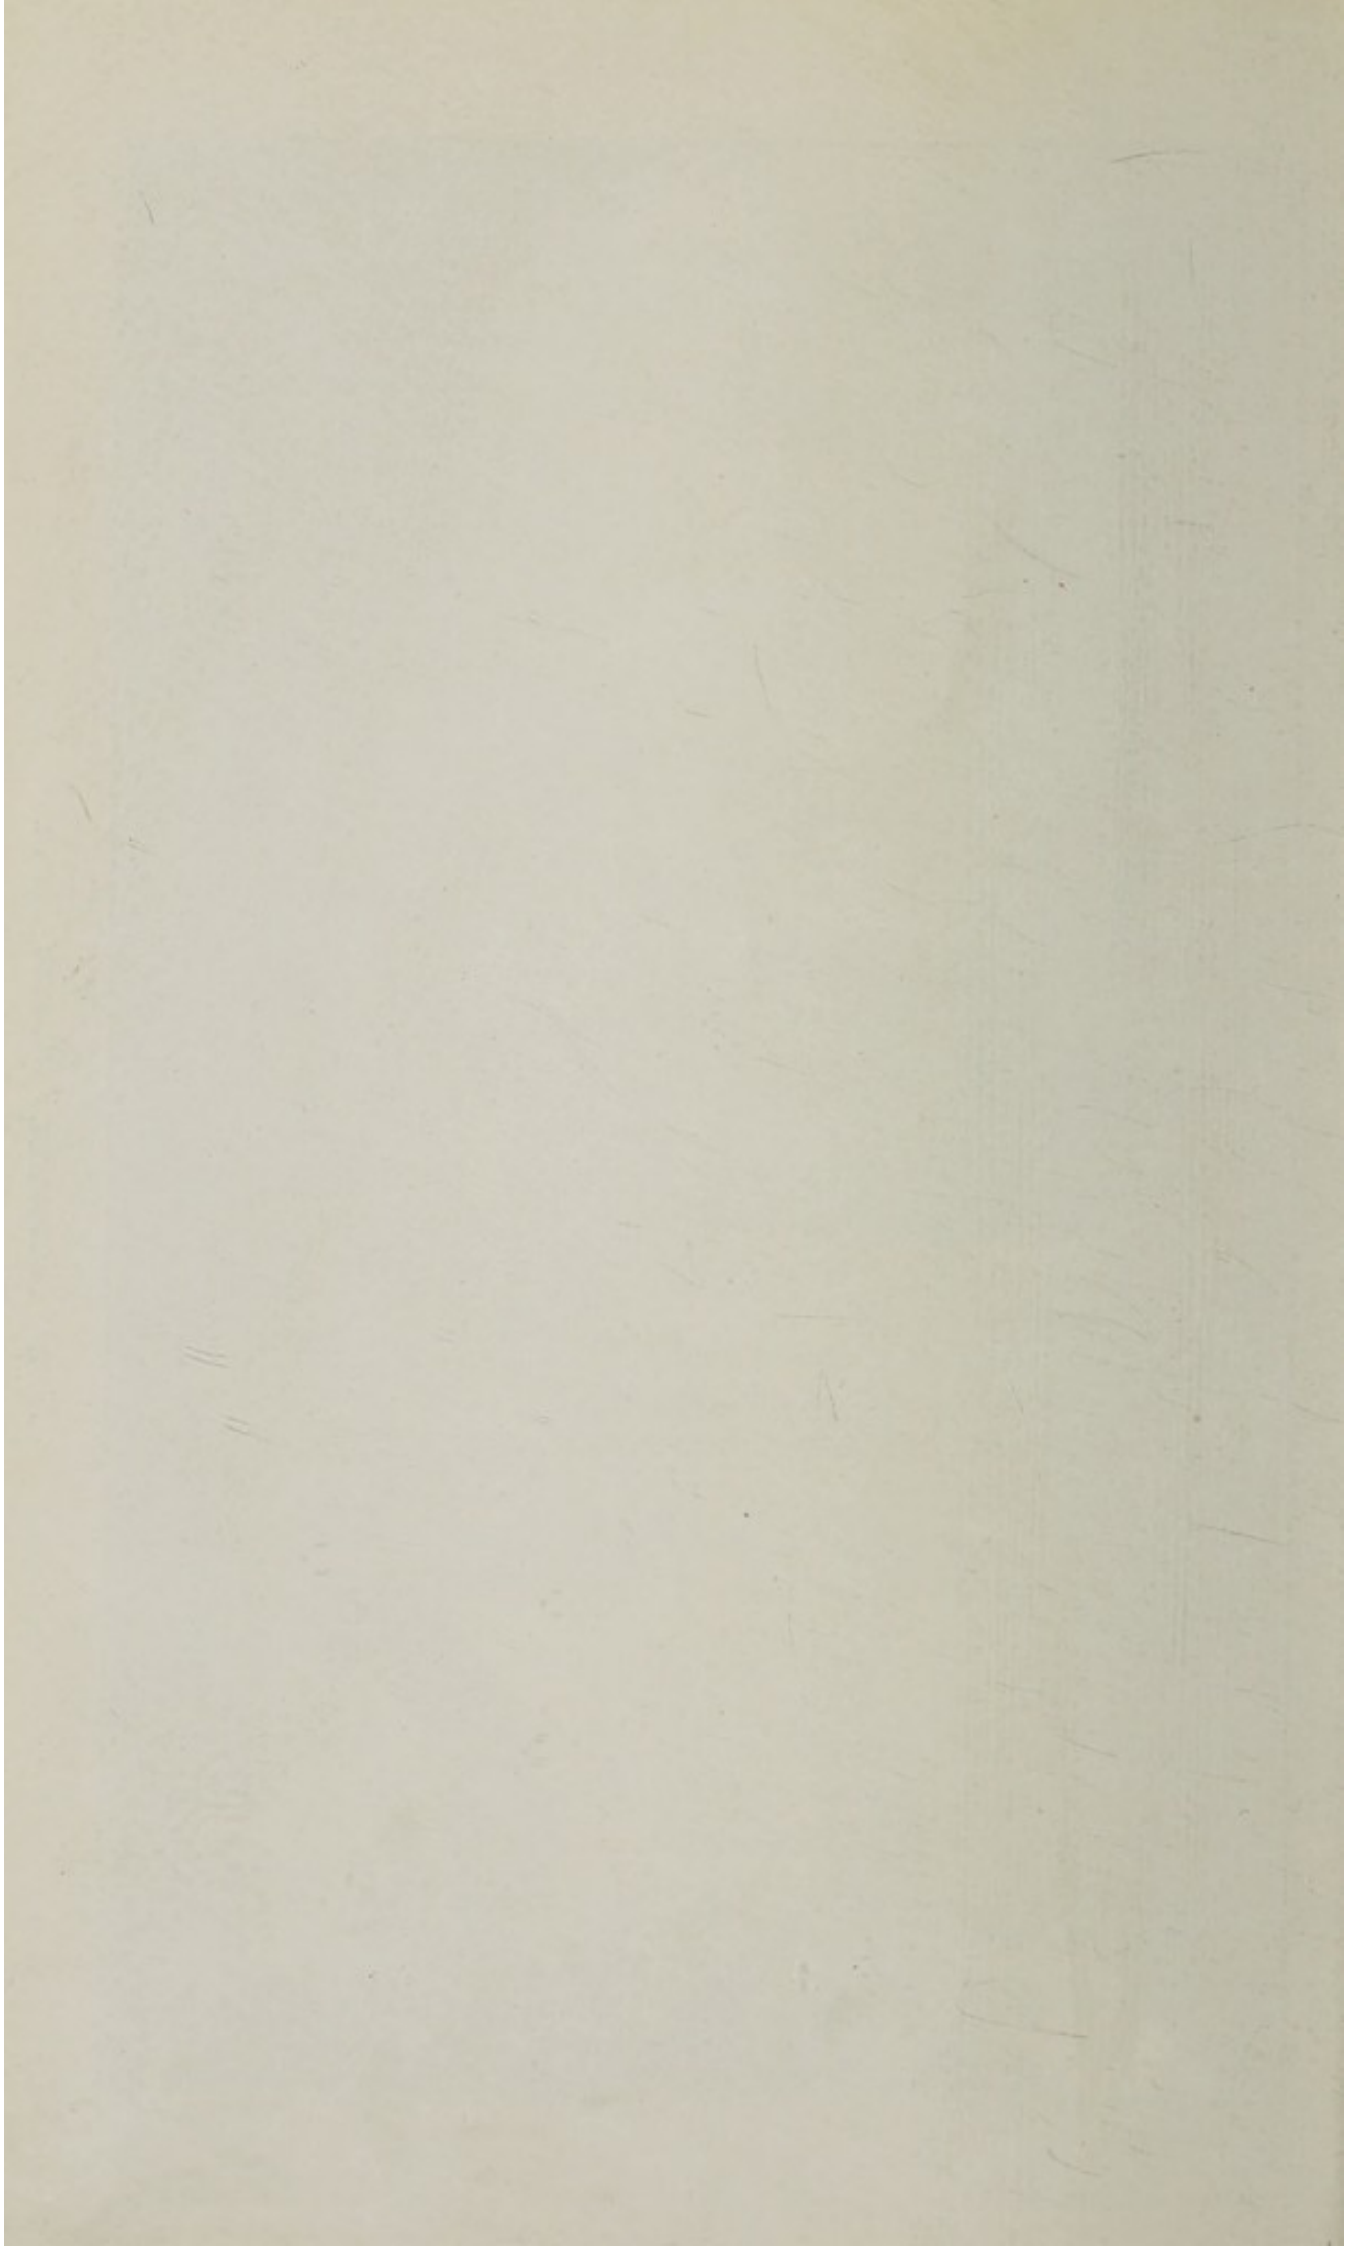

The Board desires to place on record its appreciation of the valuable assistance rendered by Dr. White to the patients and staff.

Dr. O. M. Duthie has been elected to fill the vacancy caused by this resignation.

After six years on the staff of the X-ray Department, Dr. Hugh McEvoy Morris has been appointed Honorary Assistant Radiologist.

THE "PILKINGTON" NURSES' HOME.

General Thanks:

The Board desires to convey its grateful thanks to the many contributors and helpers whose services and gifts, often given at considerable personal sacrifice, are recorded in the list of Subscriptions, Donations, etc., on pages 44 to 129. The volume of assistance received from so many friends renders it impossible, for considerations of space, to print here a detailed list. The Board, therefore, trusts that all who have helped forward the work of the Institution will accept this expression of its deepest gratitude.

SYDNEY FRANKENBURG,

Chairman of the Board of Management.

Annual Report of the Medical Board.

During the past year the Hospital has been passing through difficult times, and all thought of structural changes and extensions have had to be abandoned for some time to come. Recognizing this, the Medical Board are carrying on the work of the Hospital to the best of their ability, though at some inconvenience in certain departments.

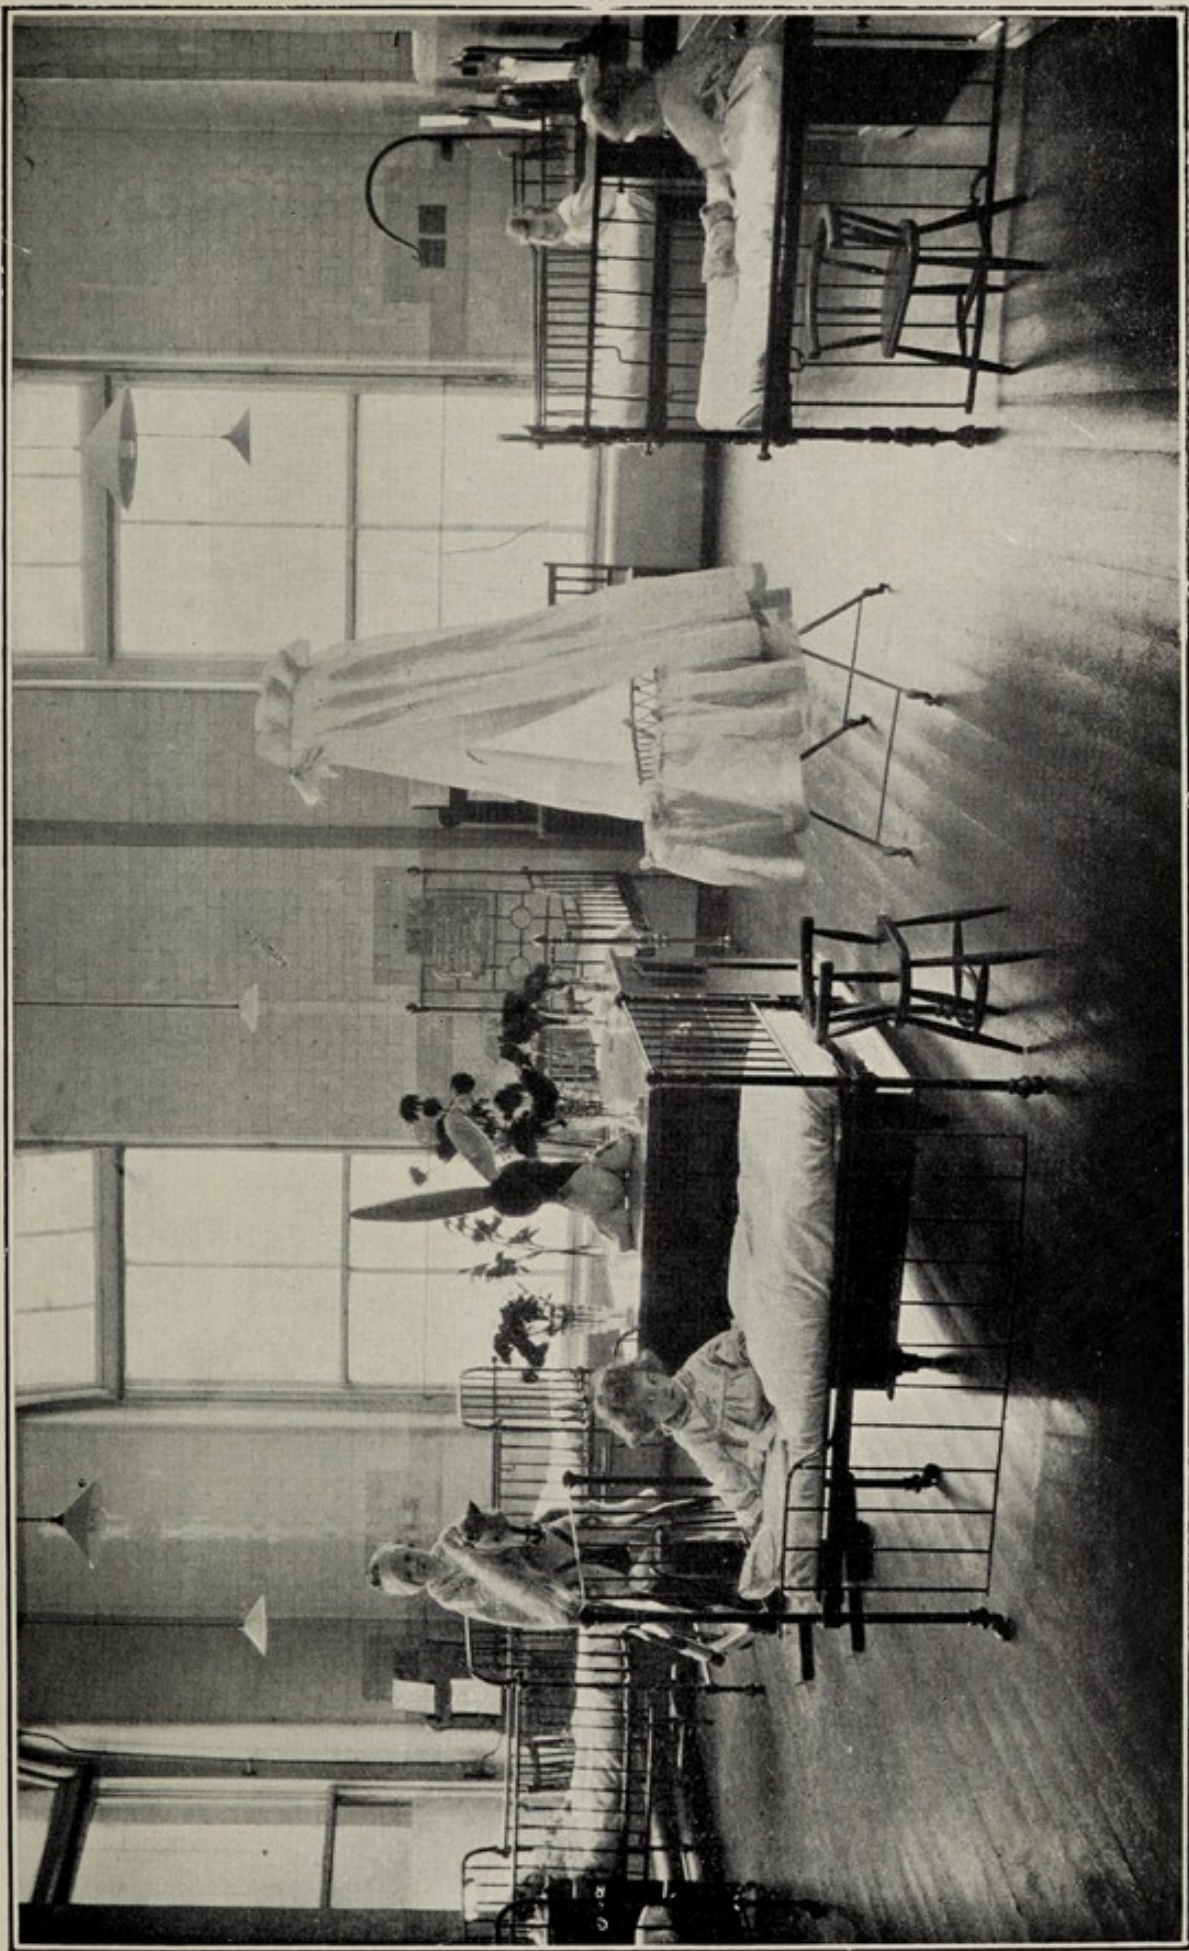

Dr. H. V. White has resigned his position as Honorary Ophthalmic Surgeon after 15 years' service, and the Medical Board regret the loss of Dr. White as a colleague.

Dr. O. M. Duthie has been appointed in his place, and Dr. Hugh McEvoy Morris has been promoted Honorary Assistant Radiologist to the Hospital. The Medical Board welcome both these gentlemen as members of the Honorary Medical Staff.

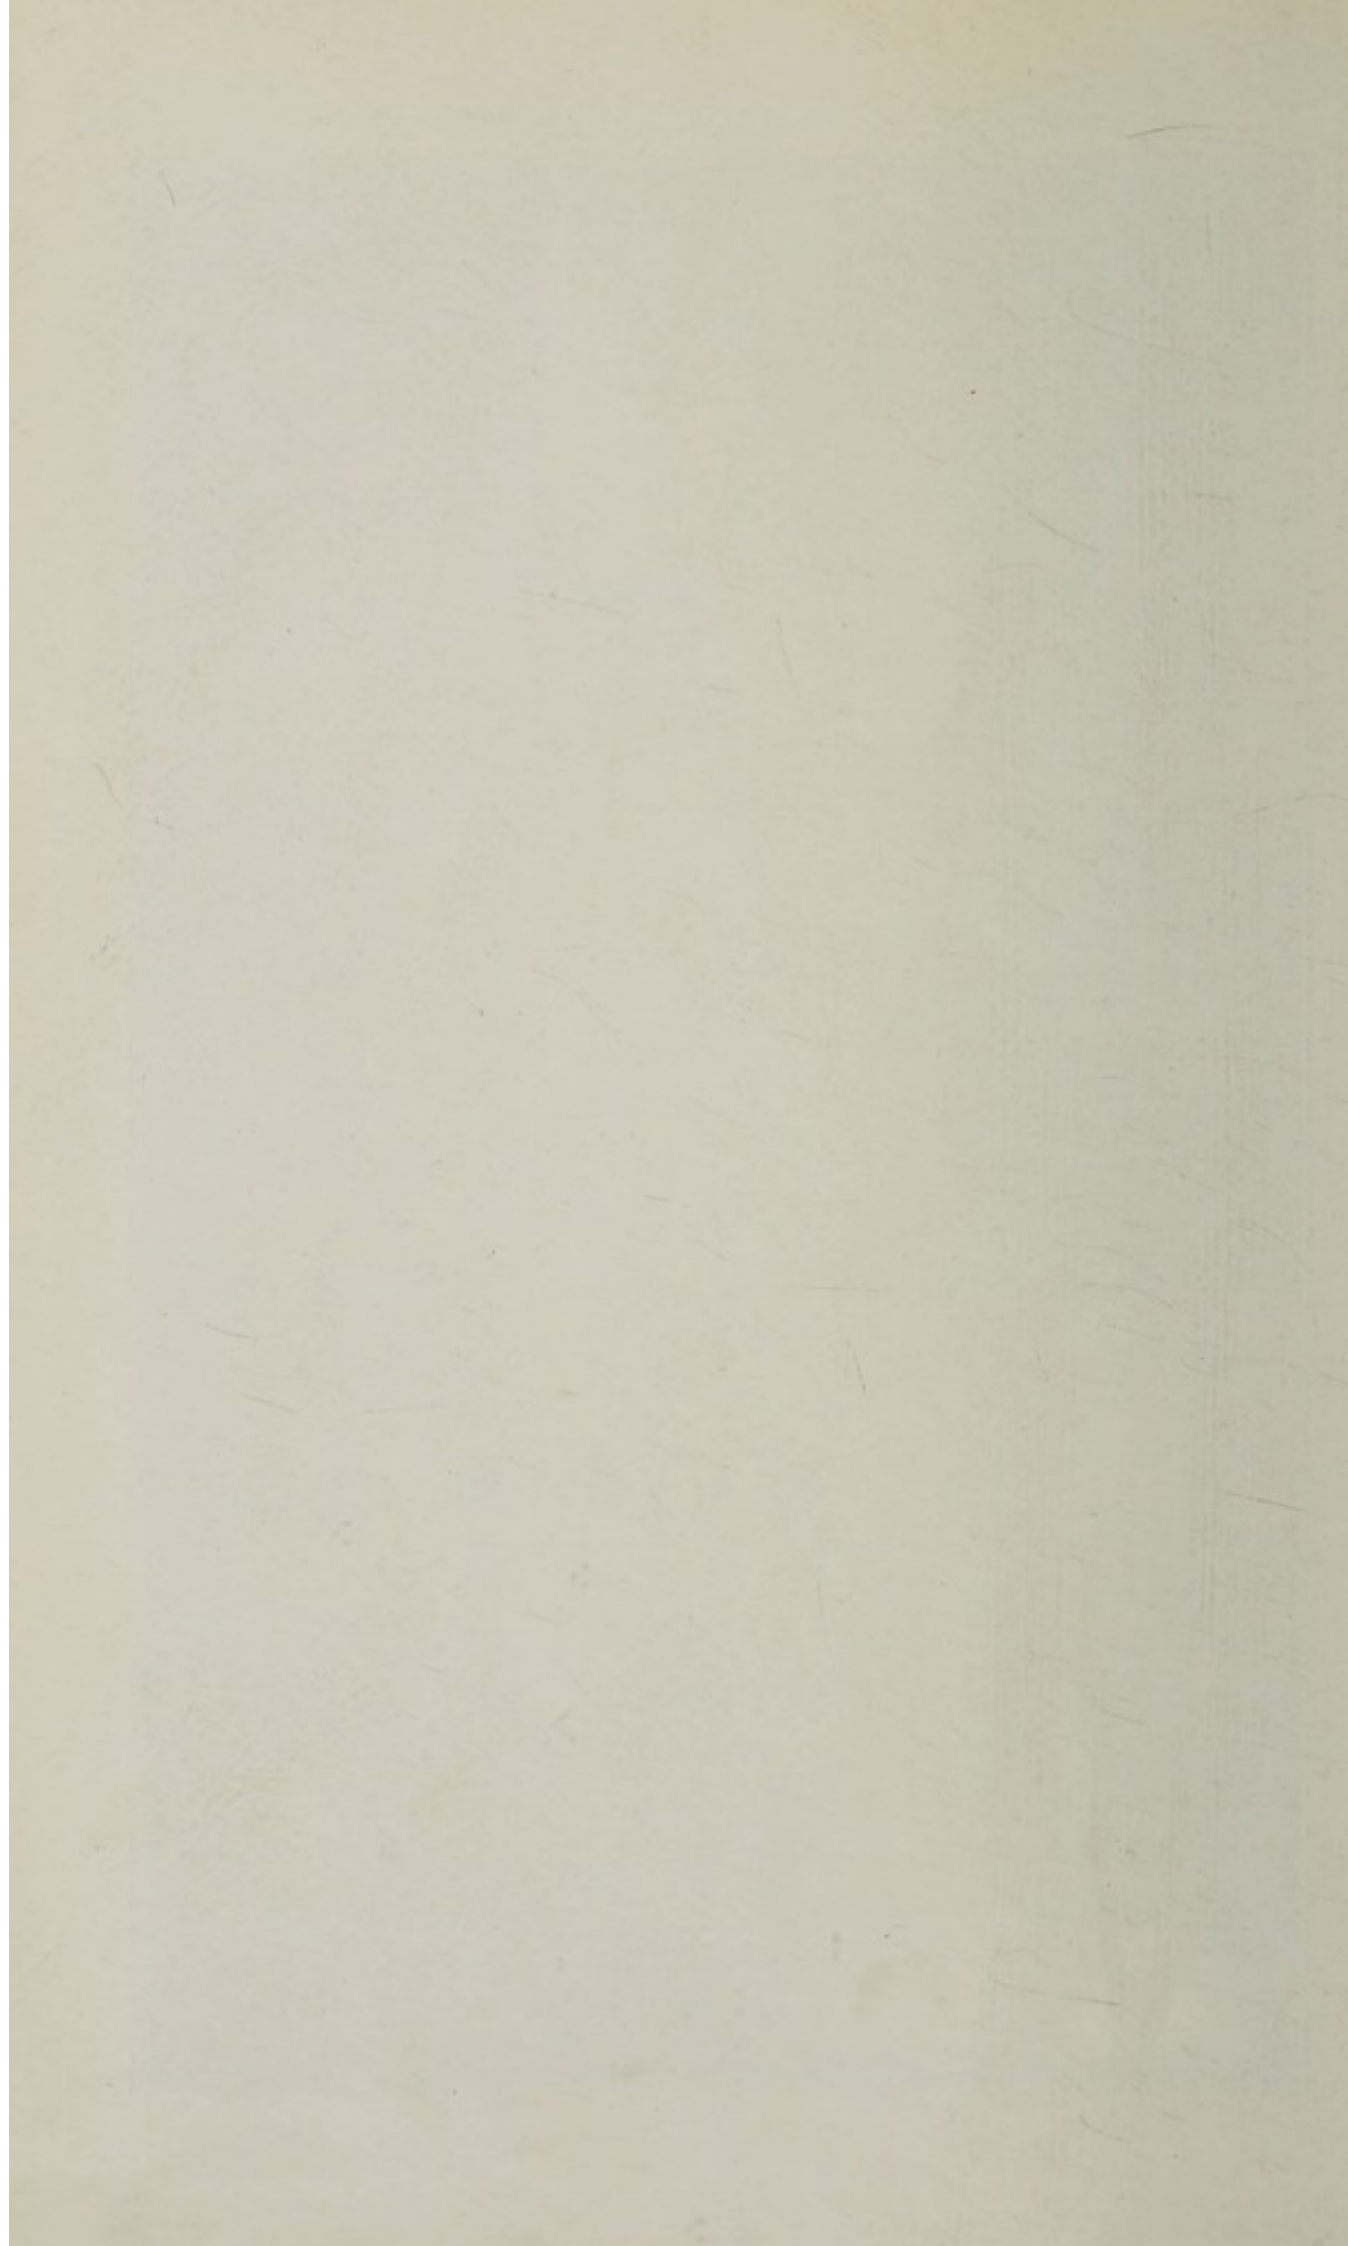

Certain changes have been made in the facilities for visiting patients and in the hours of attendance at the Out-patients Department, which the Medical Board hope will prove acceptable and convenient to the public.

In conclusion, the Medical Board would like to thank the Matron and the Nursing Staff of the Hospital for their able and willing help.

GARNETT WRIGHT, F.R.C.S.,
Chairman of the Medical Board.

ANNUAL REPORT OF THE X-RAY DEPARTMENT.

For the Year ended December 31st, 1933.

The progress recorded in the last report of this Department has been maintained, and we are able to announce a new record in the total number of examinations performed in any one year. The total increase in both sections is 249.

The capacity of the Department is rapidly reaching saturation point, and if the present rate of increase is maintained, it will be necessary in the near future to seek greater accommodation to cope with the calls made upon us.

Dorcas Society.

Report for Year ended 30th June, 1933.

I am pleased to report a successful year of work in the Dorcas Society.

The names on our membership roll number seventeen, and the average attendance for the year has been seven.

Two hundred and sixty garments were made, some of these by members who are unable to attend the Meetings at the Hospital but are willing to do the work at home.

During the year ending 30th June, 1933, we received the following gifts, for which we thank the Donors:—

Two bed jackets from Mrs. Lawrence Pilkington.

10 lbs. wool, valued at £2, from the Salford Royal Hospital.

280 yards material, 12 lbs. wool and sundries from the "Inner Wheel" of the Rotary Club of Salford, who have this year become responsible for the maintenance of the Dorcas Society.

The "Inner Wheel" also purchased on July 7th, 180 yards material with which to commence our work in September.

Our thanks are due to those members of the Dorcas Society who attend our Meetings so regularly and give such valuable service. We hope to see them and possibly some new members when our new session begins on September 28th.

(Signed) DOROTHY ANDREW,
On behalf of the Dorcas Society.
