Income.—Ordinary Income was £46,347 6s. 10d. and Extraordinary £2,618 5s. 3d.—£48,965 12s. 1d. For 1933, the comparable figures were £44,165 1s. 9d. and £11,034 18s. 8d.—£55,200 0s. 5d. From the three large Funds we received:—

	£	s.	d.
Sheffield Hospitals Council	31,318	17	3
Hospital Sunday Fund	842	8	0
Alexandra Rose Day	318	4	9

Ordinary Income is greater than in 1933 and Extraordinary (Legacies) shows a considerable decline.

Expenditure.—Ordinary Expenditure was £44,936 19s. 3d. and Extraordinary £2,506 6s. 10d.—£47,443 6s. 1d. The corresponding figures for 1933 were: Ordinary, £43,937 5s. 6d.; Extraordinary, £232 2s. 6d.—£44,169 8s. 0d. Expenditure exceeded Ordinary Income by £1,095 19s. 3d., due to the cost of adapting Tapton Court to rehouse the Nurses, whose accommodation at Eldon Street was required for the site of the Miners' Welfare Block.

Bank Overdraft.—The amount owing to the Bank on the 31st December was £30,681 5s. 10d., compared with £28,712 16s. 6d. the previous year.

Members of the Board.—Alderman Harold W. Jackson, LL.B., has resigned his seat on the Board owing to the multiplicity of his engagements. His resignation was accepted with regret and Alderman Jackson was thanked for his services to the Hospital.

Honorary Staff.—Mr. A. Garrick Wilson's resignation of his office of Honorary Surgeon to the Hospital was received reluctantly and with regret. In accordance with the Rules, Mr. Wilson would normally have retired next year, but the state of his health did not justify him in continuing his exacting duties at the Hospital. In accepting Mr. Garrick Wilson's resignation the Board placed on record their deep appreciation of his real devotion to the work of attending the sick for over 26 years and his untiring efforts and insistence on maintaining a high standard throughout the Institution. His sound advice and ready help will long be remembered. The Board are pleased to report that Mr. Garrick Wilson has accepted the office of Honorary Consulting Surgeon.

On September 17th, 1934, Professor Graham Simpson completed his active service as Senior Honorary Surgeon to the

Hospital and was elected to the Honorary Consulting Staff. Professor Simpson joined the Resident Staff of the Royal Hospital thirty-one years ago and on 23rd May, 1906, was elected Honorary Assistant Surgeon. The Board have placed on record their thanks for and deep appreciation of Professor Simpson's skilled and devoted service to the patients throughout all these years and their recognition of the fact that the eminence he reached in the field of Surgery added very considerably to the prestige of the Sheffield Royal Hospital. The Board are glad to know that Professor Simpson will continue to be associated with them in his capacity of Trustee and Honorary Consulting Surgeon.

To fill the vacancies the Election Committee have elected as Surgeons Mr. J. B. Ferguson Wilson, M.S., F.R.C.S., and Mr. H. Blacow Yates, M.A., M.B., F.R.C.S.; and as Assistant Surgeons Mr. James C. Anderson, M.B., F.R.C.S. (Eng.), F.R.C.S. (Edin.), and Mr. Wilfred Hynes, M.B., F.R.C.S.

While this report is being written the appointment of the Honorary Pathologist, Professor H. W. Florey, M.A. (Cantab.), M.B., B.S. (Adelaide), to be Professor of Pathology at Oxford University, is received. Professor Florey has given the Hospital valuable service and the Board convey to him their thanks and their best wishes.

Sheffield Hospitals Council.—The following letter was recently addressed by the Chairmen of the Sheffield Voluntary Hospitals to the President of the Sheffield and District Association of Hospital Contributors and explains itself. The help of the Contributors and their Employers is very greatly appreciated by the Voluntary Hospitals and not least by The Royal Hospital.

31st January, 1935.

M. HUMBERSTONE, ESQ., J.P.

President: The Sheffield & District Association of Hospital Contributors.

“ Dear Mr. Humberstone,

“ On September 2nd, 1931, the Chairmen of the four Voluntary Hospitals addressed to the Association of Hospital Contributors a letter briefly setting out the then very serious situation due to the annual deficits, the declining incomes and the growing Bank Overdrafts.

“ We expressed the hope that the recommendation of the Executive Committee to broaden the basis of the Id. in the £ Scheme would be accepted.

"That hope has indeed been realised, 98 per cent. of the contributors and 99 per cent. of the managements have "signed on." Expressed in cash receipts the Employers and Employees' contributions have steadily increased:—

1932	£104,829
1933	£115,348
1934	£113,915

"The welcome improvement in trade is responsible for a portion of the increased income, but the bulk must be attributed to the splendid response made by employees and their employers to the appeal for additional contributions on the new basis; 1934 did not represent a "full" year on the new basis so that the peak has not yet been reached.

"Sheffield has been told frequently that the Scheme has given a lead to the country and the further manifestation of this by the Workers and Employers in undertaking a greater burden when employment and wages were at their lowest, is indeed splendid. It should be remembered that the Sheffield Contributory Scheme is one of the few that has retained its voluntary basis for all who use it and assist in its working.

"The contributors may now be assured that the work of the Voluntary Hospitals will be continued without curtailment and, more, it will be developed from time to time as Science and Medicine demand.

"We are, yours faithfully,

RONALD W. MATTHEWS, Royal Infirmary.

FRED. M. OSBORN, Royal Hospital.

JAMES HENDERSON, Jessop Hospital for Women.

JOHN D. WEBSTER, Children's Hospital."

Safety First.—The Board and Staff welcome the increased attention which is being given to the toll of accidents in the streets, in the industrial establishments and in the homes. At a general hospital the amount of suffering due in many cases to preventable causes is realised better than elsewhere. This awakening of the public conscience is indeed welcome and it is earnestly to be hoped due regard will be paid and unselfish support given to measures designed to lessen the terrible toll.

Tapton Court.—The work of adapting the house for occupation by nurses was completed in July and 27 nurses took up their

residence there on the 2nd July. The Home was formally opened on Friday, the 20th July, by the donor, Alderman J. G. Graves, J.P., in the presence of a gathering of members of the Board, Honorary Staff, Governors and other interested friends. The house and grounds were open for inspection both on the opening day and on the 16th September when the Executive Committee of the Association of Hospital Contributors and the Secretaries of Ward Committees were welcomed. The Board heartily thank the donors of furniture, pictures, carpets, etc., for the equipment of the house. Plans for extensions which will comprise East and West Wings were approved and a tender for the building let. Work commenced on the 18th December and steady progress has been maintained. It is hoped that by the end of the year the whole of the nursing staff will be in residence. One of the schemes for financing this project is the naming of a floor after each donor of £5,000 and a bedroom after each donor of £100. Already twenty-two rooms have been named. A group of unemployed men from the Rodney Hill Allotment Society have helped to recondition the garden and grounds.

Annexe.—During the year 1,190 patients were transferred from the Hospital, compared with 1,050 in 1933.

The second Pound Day was held on 9th November and was quite a success. Gifts in kind reached a total weight of 514 lbs. and £12 8s. 6d. was given in cash. A tea set and a loud speaker also were received. To every donor, many being grateful patients, the Board extend their thanks.

A considerable number of ex-patients together with members of the Staff both past and present attended the Harvest Festival Service conducted by the Rev. L. C. Peto, on Sunday, 23rd September. Quantities of fruit and vegetables were given and the Ward in which the Service was held was quite gay.

Miners' Welfare Block.—The clearing of the site for this building was completed early in the year and a contract for the construction was placed in March. The building will be a framework of pillars and floors in ferro concrete filled in with panels of brickwork and windows. The progress of the work so far is quite satisfactory.

"Help Yourself" Magazine.—The sale of this "Annual" was again undertaken by the four Sheffield Voluntary Hospitals and the local branch of the National Institute for the Blind. The Sheffield Hospitals Council very kindly supplied the organisa-

tion and the proceeds of the sales are a welcome addition to the Hospital's revenue.

Centenary Appeal Fund.—The total amount received up to the 31st December, 1934, was £21,582 0s. 9d. in cash, and £25,000 promised by the Miners' Welfare Fund for the erection of a Miners' Welfare Block. The expenditure on this Appeal was £1,592 17s. 3d. The position of the Hospital therefore improved to the extent of £19,989 3s. 6d. financially, and the additional service which will be available when the Miners' Welfare Block is functioning.

Samaritan Society.—Many patients have been helped in various ways. Some have received extra nourishment in their own homes, so necessary during the convalescent period; others have been given clothing and some have been supplied with spectacles. A diabetic patient who had secured an allotment garden was helped with the cost of tools to enable him to grow the vegetables which form a part of his special diet. Members of the Committee have visited patients in the wards and rendered help where necessary. The Society would welcome more members, more subscriptions and donations.

Laundry.—The number of articles washed on the Hospital premises in 1934 was 428,137 at a cost of £1,853 14s. 3d. During the year 45,545 articles were washed off the premises at a cost of £380 8s. 5d. during alterations to the Laundry.—Total: 473,682 articles costing £2,234 2s. 8d. or 1.13 pence per article.

Linen and Clothing Guild.—The total receipts of the Guild during the year ended 30th September, 1934, were £319 compared with £286 in the previous year. At the Annual Meeting which was held on 25th February, 1935, in the Cutlers' Hall, on the invitation of the Mistress Cutler (Mrs. Alexander Williamson), it was reported that over 1,200 garments were provided and £189 spent on linen. The Junior League had an exhibition in the Board Room in December when there were on show 360 garments, 50 books and 120 dolls and toys. The generosity and willing service of all members adds considerably to the comfort of the patients and the Board offer their cordial thanks.

Christmas Day at the Hospital.—Once again the visit of the Lord Mayor and Lady Mayoress (Alderman and Mrs. Percival J. M. Turner), with a message of goodwill to each patient, was one of the principal events of the Christmas season. The Master and Mistress Cutler (Mr. and Mrs. Alexander Williamson) also kindly visited the wards. Father Christmas (Rotarian W. Hardwick

Tasker) presented each patient and nurse with a Christmas box very kindly provided by the Sheffield Hospitals Council, assisted by the Rotary Club. Thanks are due to Mr. Joseph Lycett for arranging a quartette of Carol Singers. The Entertainment was up to the high standard of the past few years and was a source of enjoyment to all who were able to attend.

Wireless Reception.—Alderman J. G. Graves, J.P., has again placed the Board and patients under a debt of gratitude for his generous gift of a new wireless receiving apparatus for the whole hospital. The equipment installed over ten years ago by the *Daily Independent* and its readers, gave splendid service until the effects of constant use and the passing of time rendered it ineffective. The new equipment is giving excellent results and the patients and staff join the Board in thanking the Alderman.

Nurses' Training School.—Sister Dale, who had charge of the Ranmoor Nurses' Home, left to take a rest. Sister Thynne, *nee* Crossland, who received her training at the Royal Hospital, returned to fill this post. Sister Wheat, who had charge of the Annexe at Fulwood, left to be married, and Sister Slinn, who was in charge of the theatre, was appointed to the Annexe. Sister Tannahill, Housekeeper Sister, left on appointment as Matron of the Princess Mary Royal Maternity Hospital, Newcastle-upon-Tyne, and Sister Grayson, who was trained at the Royal Hospital, returned as Sister Housekeeper. Twenty nurses passed the Final State Examination and twenty-one gained certificates for invalid cookery. Ten nurses passed the preliminary State Examination and nine passed on to the Jessop Hospital for Women for training in Midwifery and Gynæcology.

The Hospital Sports Club had an outing in July when parties visited York, Knaresboro', Harrogate and Skegness. The Fisher Silver Cup for tennis was won by Nurse Linacre. Nurses Crossley, F. Harrison, McDonald and Fairbourn were the runners-up in the Inter-Hospital Tennis League.

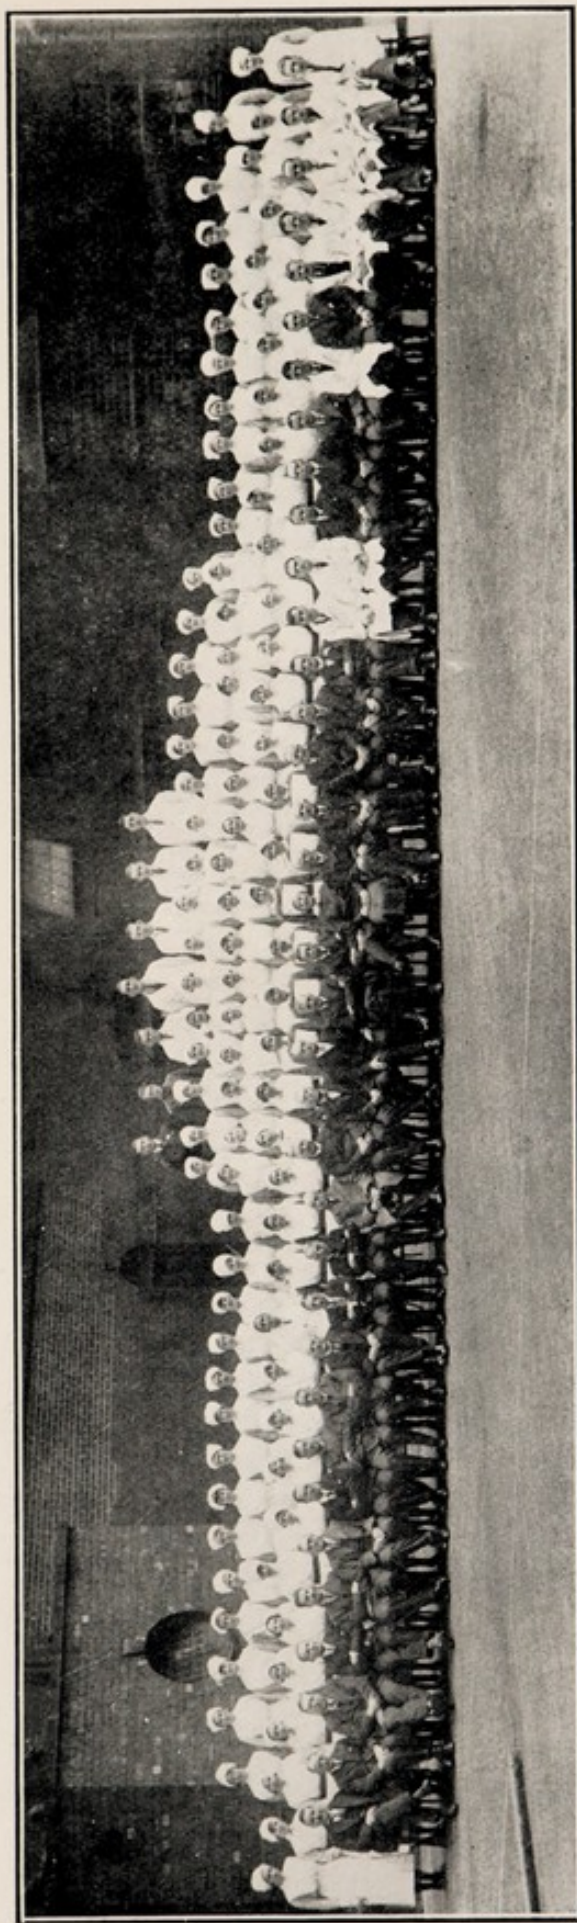

The Matron is grateful for gifts of fruit and flowers for the Harvest Thanksgiving Service at the Hospital.

Manufacture of Medical and Surgical Preparations.—The experiments and preliminary work undertaken in the early part of 1934, to which reference was made under this heading in the last report, have developed. The necessary machinery for the production of tablets was installed by the end of May and the plant put into operation in June. Since then 375,000 tablets of various kinds have been made. All local anæsthetic solutions are now prepared in the dispensary and amounted to 30 gallons

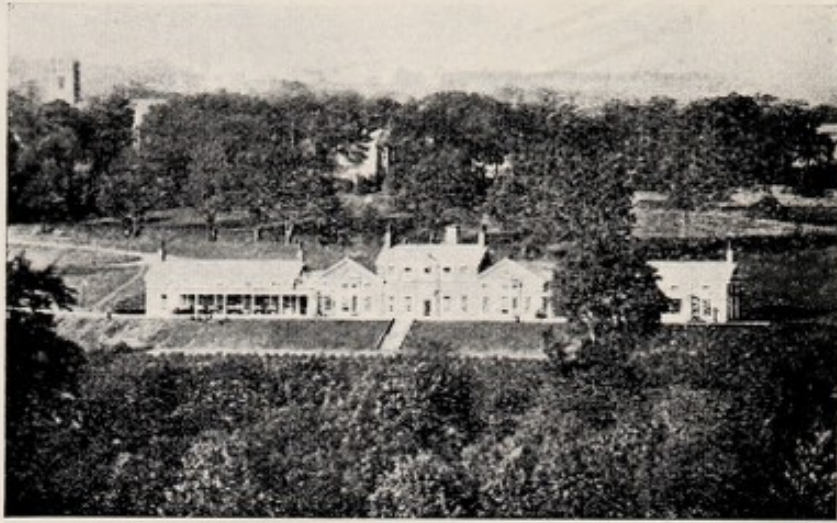

for the year 1934. The provision of suitable plant for high pressure sterilisation of solutions for intravenous injection has made it possible to effect further savings in these preparations which were previously purchased ready made and often at heavy expense. The introduction of a special developer for X-Ray films, prepared in the dispensary, has proved successful. The yearly requirement of 400 two gallon packages offers the opportunity for effecting a reduction in costs. The preparation of 1,700 pint bottles of lemonade syrup, 912 bottles of Barium meal for X-Ray diagnosis, 444 gallons of distilled water, are other manufactures introduced since 1933. Apart from these many other galenical preparations are now made in the dispensary of this Hospital and when the opportunity arises, additions will be made to the already comprehensive list.

Dangerous Drugs and Poisonous Preparations.—Although it has been the rule in this hospital strictly to observe the recognised methods of supervising the storing of dangerous drugs and poisonous substances in the wards and departments to prevent misuse or danger to patients, the Board considered it advisable to adopt even more stringent precautions. Each ward and department was therefore provided with a steel cabinet with Yale lock. These cabinets are kept locked and are accessible only to the Sister or her deputy. They are for dangerous and poisonous drugs only and these are checked when issued. In the ordinary medicine cupboards nothing of a poisonous nature is kept. Lotions are housed quite apart from either the poison cabinet or the medicine cupboard. This arrangement provides for greater safety, but to make the scheme as danger-proof as is humanly possible, it was decided to provide different types and shapes of poison bottles to contain respectively moderately poisonous, very poisonous or poisonous corrosive substances. The distinguishing factors are thus: Amber round, green hexagonal, green triagonal shaped containers. Whether or not these bottles are used in broad daylight or in semi-darkness it should be possible to recognise the contents apart from reading the label. These cupboards are subjected to regular inspection to ensure the observance of these rules.

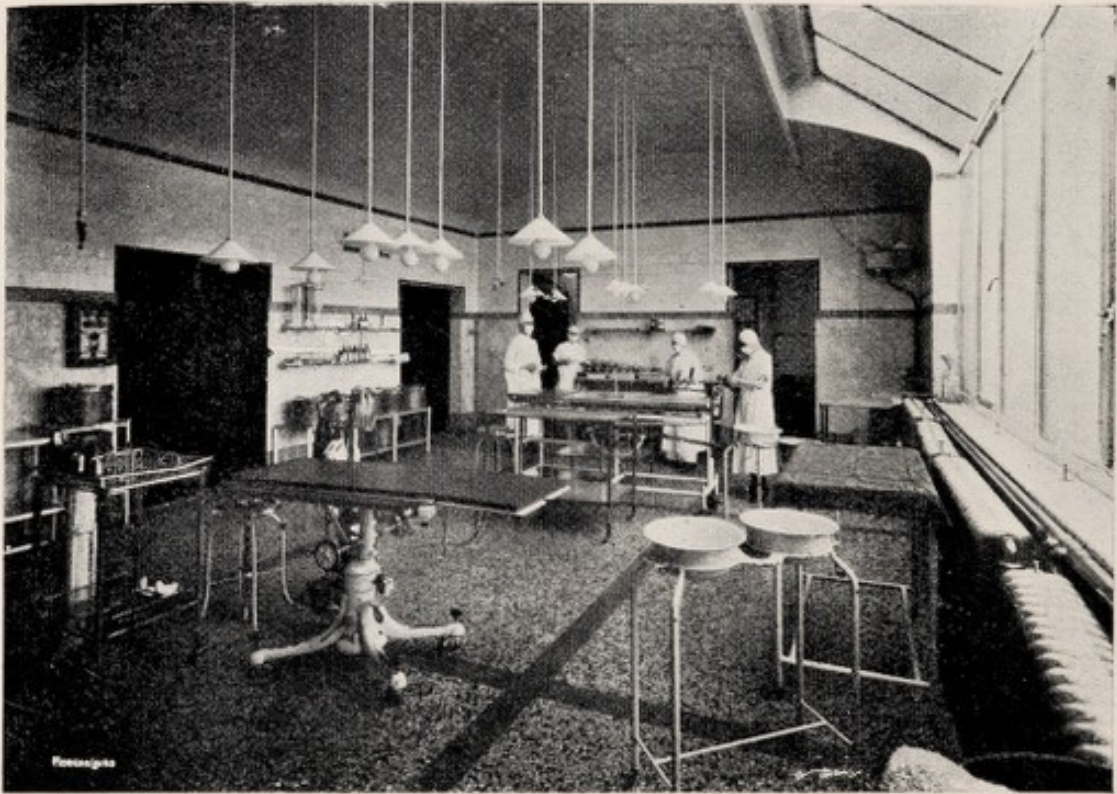

Former Patients' Association.—There are now 111 members and the number is gradually increasing. All patients wishing to continue their grateful remembrance of a stay in the Hospital are invited to join.

Report of the Royal Hospital Samaritan Society, 1934.

The Samaritan Society in presenting its 49th Annual Report is glad to say that another year of useful work has been accomplished—and it has continued to assist necessitous patients of the Hospital. Fifty cases have been helped, some of them for a period of several months, chiefly with extra nourishment.

Many patients at the convalescent stage of illness or whilst attending the Out-Patient Department need feeding up and, in some cases, the family income is inadequate for the extra food and milk prescribed. The Samaritan Society is then appealed to and, when necessary, assists. Several radium patients have been recommended three pints of milk and two eggs a day. Without the Society's help it would have been almost impossible for them to have obtained this diet.

Several members of the Committee very kindly sent vegetables for diabetic Out-Patients, who were most grateful for this help, as vegetables form a large portion of their diet.

In a few special cases help has been given with the cost of spectacles and dentures; and fares and clothing have also been provided. An unemployed diabetic patient who had acquired an allotment, was helped with tools.

The lady visitors' reports have been extremely useful and their visits most helpful in ascertaining the patients' home conditions. The Wards have also been visited by members of the Committee and help given when necessary. A Bridge Tea was organised by the Committee in November and the sum of £21 9s. 6d. raised for the Society.

During the year there have been several changes in the officers of the Society. Owing to illness, Mrs. H. F. Hall resigned the post of Vice-President of the Society and Chairman of the Committee. The Committee accepted her resignation with regret and thanked her for her unfailing help to the Society. They are glad to know that Mrs. Hall will still remain a member of the Committee. Miss C. M. Barber was unanimously elected Vice-President and Chairman, and kindly consented to accept these posts.

The Committee report with great regret the resignation of Mrs. Yates from the post of Hon. Treasurer. They are most grateful to her for her very efficient help and are glad she is still remaining a member of the Committee. Mrs. E. Winston has kindly agreed to become Hon. Treasurer of the Society.

The Committee regret the resignation of Miss Hallam as Hon. Secretary and thank her for her work during her year of office. Miss Marples has been elected Hon. Secretary in her place.

Since the last Annual Meeting it has been arranged that the Comfort Fund should be administered by the Almoners, as they are in close touch with the cases likely to need assistance. Thanks are given to Mrs. Hadfield for her past help with this Fund.

The Society is still in need of more subscriptions and donations, and would be most grateful for gifts of all kinds to help to carry on this very necessary work.

SOME CASES HELPED BY THE SOCIETY.

H.V.—Suffering from duodenal ulcers. Was helped with extra nourishment. He is now working again, and says that without the Society's help he would not have regained his strength so quickly.

A.H.—Aged 3 years. Suffering from rickets. Recommended plenty of fruit. Father unemployed. The Society has been helping for months and the child has greatly improved.

T.H.—This patient was recommended to have all her teeth extracted, but the dentist considered she was not strong enough to stand the strain of extractions. The Society helped with extra nourishment for several weeks. The patient has now had her teeth extracted and is decidedly better.
