MINUTES

The Minutes of the last Meeting, having been read and confirmed, were signed by the Chairman.

FINANCIAL STATEMENT

Mr. P. L. Swindell presented the Financial Statement of Income and Expenditure for the half-year ended 31st March, 1935.

Moved by Mr. P. L. Swindell, seconded by Mr. H. J. Stebbings, and resolved that the Financial Statement be approved and adopted.

REPORT OF THE MANAGEMENT COMMITTEE

The Rev. G. Halsey presented the Report of the Management Committee as follows:—

The Hospital has sustained a serious loss by the death of the Rt. Hon. Lord Somerleyton, P.C., G.C.V.O., who was a Vice-President and a Trustee of the Institution.

The outstanding fact in the past half-year's working is that the financial position of the Hospital at 31st March was not so satisfactory as a year ago, in spite of there being a small increase in the gross ordinary income, namely from £5,468 13s. 0d. to £5,525 17s. 3d. This is due to the fact that expenditure has advanced owing to increase in numbers of patients and staff, as shown later in this Report, and to expansion of the work of the Hospital by the provision of additional Clinics.

The Ordinary Expenditure for the six months amounted to £5,196 18s. 11d. against £4,703 18s. 3d. for the corresponding period a year ago, an increase of £493 0s. 8d. Practically all headings of expenditure show an increase.

The Patients' Days Maintenance for the period were 9,768 compared with 9,623 and the Staff Days Maintenance were 8,859 compared with 8,266 in the corresponding period last year.

Annual Subscriptions have increased by £58 10s. 6d. which is due to 30 new Annual Subscriptions secured in response to the recent Appeal made by the Chairman, amounting to £54 10s. 0d., and to the fact that additional Subscribers have covenanted to continue their subscriptions for a period of seven years, thus benefiting the Hospital by recovery of Income Tax paid on the Subscriptions. Also in connection with this Appeal several Donations have been received.

The Contributory Scheme continues to make steady progress. The total sum received being £2,658 0s. 7d. compared with £2,579 11s. 9d. a year ago. Several new branches of the Scheme have recently been formed, and a considerable increase in contributions may be expected at the end of the financial year. Your Committee has approved a system which will enable contributors to be treated when necessary at other Hospitals, with which reciprocal arrangements may be made, without cost to the patients. This is expected still further to increase the usefulness of the Contributory Scheme.

Private Ward Patients' Payments have increased from £191 18s. 0d. to £233 2s. 6d. Private Ward Subscriptions remain practically stationary.

Payments by and on behalf of patients have decreased from £658 18s. 5d. to £578 16s. 4d. This is due chiefly to a decline in cases under the Road Traffic Act and consequent fewer payments from Insurance Companies.

Receipts from Donations and Boxes amount to £209 2s. 1d. as against £285 16s. 1d. last year.

Collections from Places of Worship, and other sources show a decline from £84 10s. 4d. to £75 16s. 3d.

Entertainments total £61 18s. 11d. compared with £98 2s. 8d. last year.

Payments on behalf of Maternity Cases amount to £95 11s. 0d. compared with £116 0s. 6d. in the previous year.

£71 was received from the Stock Exchange Dramatic and Operatic Society compared with £97 last year. This sum represents the Hospital's share of participation in the sale of the Society's "Help-Yourself" Annual. It is hoped that support will be given to Dr. R. L. Walker and Mr. W. H. Hallett in their efforts to increase the number of Annuals disposed of this Autumn.

Your Committee are pleased to report that the Hospital Ball held at the Grand Hotel on 27th February realized £26 5s. 10d. The organization of this effort was carried out by The Round Table No. 82—Lowestoft, who are welcomed as new supporters of the Hospital.

The programme of Cleaning and Painting for this year will be carried out for approximately £105. This sum is considerably lower than the usual cost, but the amount of work due for attention this year has been included in the Specification and no portion of the re-decoration has been omitted.

Alexandra Rose Day will be celebrated on Wednesday, 12th June, and Lady Jackson has very kindly promised to organize the effort again this year. An appeal is made to all who have given assistance in previous years to continue their help.

The Lowestoft Town Council has kindly granted permission for the use of Nicholas Everitt Park for a Fête on Thursday, 22nd August. The Oulton Broad Jubilee Committee have kindly undertaken the organization of this Fête.

The Town Council has also given permission for a Fête to be held on the South Pier on 15th August. The Lowestoft Amateur Operatic and Dramatic Society has again kindly promised to organize this event.

It is hoped that the Governors will render all support possible to both Fêtes.

Moved by Rev. G. Halsey, seconded by Mr. C. W. Dance, and resolved that the Report be received and adopted.

TRUSTEES

The President intimated that he had asked Lord Somerleyton to succeed his late Father as a Trustee of the Hospital, and had also suggested to Sir T. D. Jackson that he should act in a like capacity. He was glad to say that both had agreed.

Resolved that the appointment of The Right Honourable Lord Somerleyton, J.P., and Brigadier-General Sir Thomas D. Jackson be approved.

VOTE OF THANKS

A cordial Vote of Thanks to the Chairman concluded the Meeting.

The cases that have come under review this year number almost exactly the same as last year—1133 as compared with 1135.

There appears to be little to comment upon in the figures shown above—an increase is shown in the number of operations performed

in the main theatre. This will be seen to be due to the activities of the Orthopaedic Department, and was foreshadowed in our report last year.

The number of casualties admitted has shown a decline this year—from 151 to 121.

The Maternity Department has had the same number of cases as last year—36.

The Honorary Medical Staff wish to draw the attention of the Governors to the inadequacy of the X-Ray plant, and urge them to take such steps as will make it adequate to present day demands.

They further wish to draw the Governors' attention to the fact there is no room provided for the sole use of the Honorary Medical Staff in the Hospital building, a state of affairs which has existed for many years.

This report was approved and signed by the members present at a meeting of the Honorary Medical Staff held on 16th November, 1935.

REPORT OF THE ANTE-NATAL CLINIC FOR THE YEAR ENDED 30TH SEPTEMBER, 1935

During the current year the attendances at the Ante-Natal Clinic have been—New cases 14—Total number of visits 20—Average number of visits per patient 1.43. This is not very satisfactory, and is due again, as I stated last year, to the fact that most of the patients did not attend until late in pregnancy.

The cases may be summarized as follows :—

Pregnancy	10
Conditions associated with Miscarriage	2
Hæmorrhage	1
Leucorrhoea	1

M. C. JOHNS.

REPORT OF OPHTHALMIC DEPARTMENT FOR THE YEAR ENDED 30TH SEPTEMBER, 1935

The number of new Out-Patients that attended for the year was 210, practically the same as for the previous year, the total Out-Patient attendances being 1509, a decrease of 243 on that of 1934: this gives an average attendance of about 31 patients.

The In-Patients admitted number 22, and there were 17 operations performed, which is 4 more than in the previous year.

REPORT OF THE HONORARY MEDICAL SUPERINTENDENT

One of the difficulties from which all Hospitals suffer is that the ordinary staff of nurses is just sufficient to deal with the work in normal times. NURSING SERVICE

The circumstance of the Wards being full or partially empty does not affect the duties of the staff so much as having one or two difficult patients who require special nursing in Hospital.

One patient requiring one nurse in constant attendance means that three nurses must be allocated for that duty throughout the 24 hours, and it is easy to see that two such patients in different Wards can upset the working of a small Hospital.

Another element is illness among the staff and from the nature of their employment nurses are liable to incur illness perhaps more frequently than other workers.

Naturally, the more healthy the nurses' surroundings are, the better the nurses, and it is hoped that new and more suitable accommodation may do much to facilitate the good nursing of the patients.

Nurses who have been trained here continue to get excellent posts, and it speaks volumes when Matrons of some of the larger Hospitals are willing to keep posts open for our trained nurses.

By a re-arrangement of rooms it has been possible to add one bed to the Maternity Wards, but it is very desirable that the Maternity and Private Wards should be each more separated from the general work of the Hospital. MATERNITY WARDS

As the Urban Authorities are doing a lot of Ante-Natal work, our Clinic is superfluous and is being discontinued. SPECIAL CLINICS

The fabric is in good condition, but the question of renewing and augmenting the hot water and heating systems is becoming increasingly urgent. FABRIC

The cost of In-Patient medicines is up, largely on account of the increased use of serums. The cost of Out-Patient medicines is very low and the total increase in the cost of the Dispensary is only £26 up on last year, and about £200 less than in 1930. DISPENSARY

PRIVATE WARDS.

THESE Wards were established to meet the requirements of those who desire privacy and at the same time wish to receive the advantages of Hospital treatment. The wards are very comfortable and are pleasantly situated.

Patients are under the care of a member of the Honorary Medical Staff, and have the services of the resident House Surgeons. In addition, their own Doctor, if not on the Staff of the Hospital, or any other doctor, may be called in as a consultant.

The charges for nursing and maintenance at present in force are :

Single Bed Ward, £5 5s. od. per week.

Two Bedded Ward, £4 14s. 6d. per week.

Medical Fees are a matter of arrangement between patient and doctor in all cases.

PRIVATE WARD SCHEME

This is a Contributory Scheme in connection with the Private Wards. A member of the Scheme, by the payment of a yearly Subscription, is able to have the use of one of these Wards for a Period of 28 days at the reduced charge of 3s. per day, but in the event of the 28 days being exceeded the standard rate then in force will be charged.

Here again Medical Fees are a matter between Patient and Doctor in all cases.

By becoming a Member of this Scheme you will :—

Help YOUR HOSPITAL as an Annual Subscriber.

Assist YOURSELF AND FAMILY at a time of illness, when expenses are always heavy.

If you are a member, kindly assist the Hospital by making known to your friends the advantages of the Scheme.

Full Particulars and Forms of Application may be obtained from the Secretary at the Hospital, who will be pleased to give all information required.

NOTES ON CONTRIBUTORY SCHEME

It is gratifying to report that the total contributions for the year again reached a record figure.

Further progress can be secured if those who do not contribute, and there must be many, will join the Scheme forthwith. The Hospital is continually extending its usefulness to the community and in return asks for the support of the inhabitants of its area.

A number of new branches of the Contributory Scheme have been established during the year, and the Secretary will be pleased to visit any employer and explain the Scheme with a view to the formation of a Branch.

There is still a large difference between the cost of treating "Contributor" patients and the amount of Contributions received, as will be readily seen on reference to the following page. Each additional contributor enrolled helps to lessen this difference.
