THE MIDDLESEX HOSPITAL  
AND  
CANCER WING.

REPORT  
FOR THE YEAR 1930.

# Income Tax on Annual Subscriptions.

Charitable gifts escape Income Tax and, provided there is a covenant to pay a sum to this Hospital (or Cancer Wing) for a period which can exceed six years, the contributor also escapes Income Tax and Super-tax on it. The Hospital (or Cancer Wing) can recover from the Inland Revenue the amount of such Income Tax, and thus obtains the full benefit of the contribution although the contributor actually pays it a smaller sum. There is a small Stamp Duty, which the Hospital will bear.

Thus, suppose a person (or firm or company) covenants to pay £100 a year, he (they or it) deduct Income Tax (now ~~4s. 6d.~~ in the pound) and pay the Hospital (or Cancer Wing) only ~~£75 10s. 0d.~~, but the Hospital (or Cancer Wing) recovers from the Inland Revenue the ~~£25 10s. 0d.~~, and so acquires the £100. The contributor would accordingly gain ~~£25 10s. 0d.~~ a year through his covenant.

A person also escapes Super-tax in respect of such a contribution as any annual sums payable by an individual from which he may deduct Tax are excluded from his total income for the purposes of that tax. ■

Cheques should be made payable to the order of the Treasurer or Secretary-Superintendent of the Middlesex Hospital and should be crossed "Not negotiable."

A form of Agreement under seal is annexed.

Should any further information be desired kindly communicate with the Secretary-Superintendent of the Hospital.

I

of

hereby agree

with the President Vice-Presidents Treasurers and Governors of the Middlesex Hospital (or the Middlesex Hospital Cancer Wing) that I will pay yearly for the seven years from the date hereof to the Treasurer of the Middlesex Hospital a sum of £ \_\_\_\_\_ (deducting Income Tax) out of my income brought into charge to tax so that I shall not derive any personal or private benefit at any time during the said period from the said contribution or any of it.

In Witness whereof I have hereunto set my hand and seal the \_\_\_\_\_ day of \_\_\_\_\_ 19' .

SIGNED SEALED AND DELIVERED )  
by the above-mentioned in the presence of }

N.B.—In making the payments Income Tax thereon at the current rate should be deducted.

To Mess<sup>rs</sup> \_\_\_\_\_

Gentlemen,

Please to pay now and annually until further notice  
on the \_\_\_\_\_ day of \_\_\_\_\_ the sum of  
\_\_\_\_\_ Guineas to the Credit of the\*  
Fund of The Middlesex Hospital, at Mess<sup>rs</sup> Coutts & Co<sup>s</sup>  
16, Cavendish Square, W.1., and charge the same to my account.

(INSTITUTED 1792).

### Alteration of Title of the Middlesex Cancer Hospital to the Middlesex Hospital Cancer Wing.

It having been found that the separate title of The Middlesex Cancer Hospital has led to some misconceptions and confused many of our supporters, the Court of Governors at its meeting on April 10th, 1930, resolved on the advice of the Board to revert to the old title of The Middlesex Hospital Cancer Wing.

The Report and Accounts of the two Institutions are accordingly being issued in one book.

## REPORT FOR 1930.

---

*To the Court of Governors.*

---

MY LORDS, LADIES AND GENTLEMEN,

I do not think I need apologise to you for holding this meeting of the Court of Governors in a Lecture Theatre of the Medical School. I look at it as evidence of two good things ; of the intimate relation there is between the Hospital and School, and also of the progress of our great reconstruction scheme which has, temporarily, robbed us of our Board Room. Where the old Board Room stood is now a ragged chasm waiting for the concrete foundations and steel frame of the final section of the new Hospital.

The story of our reconstruction scheme has been carried a chapter further since we last met. In our last report we were able to tell you that two thirds of the scheme had been completed. Since then various outlying works giving us additional Out-Patient accommodation and certain special wards have been carried out, and we are left with two big pieces of construction. For the one we have the money in hand, towards the other we have already a considerable sum. The first, the Woolavington Paying Patients Block, depends upon the construction of the other, the final section of the main Hospital. We could not introduce patients into the pay block whilst steel riveting was going on next door, nor until certain special departments, such as the X-Ray, are housed in their permanent quarters.

For the final section, the new East Wing and Crosspiece, we have funds in hand sufficient to cover the cost of the frame work, leaving us approximately £245,000 to find to complete the whole scheme.

This is a very great sum of money, a sum sufficient in these difficult days to give pause to the boldest optimist. But you remember how daunting the position appeared to be in 1925, and how well our faith in the public has been rewarded. This is a wonderful Hospital to serve, and its reputation makes for it new friends day by day. We shall set out

THE MIDDLESEX HOSPITAL

on our last effort, using every care to secure efficiency with economy, and we cannot doubt that we shall, with your help, attain our object. But we shall need your help, and I ask you to set before yourselves the definite task this year of interesting at least one more person in our work. It is work which appeals to the best in each of us. Your individual interest may lie in one of many efforts for the good of humanity. The care of the sick may make special appeal. The treatment of cancer, from some private personal knowledge of the terror and suffering this still mysterious malady causes, may claim your help. Or it may be the modern enlightened methods of dealing with children's diseases; or the great effort we are making with our new maternity department to reduce mortality in childbirth; or perhaps the relief which the new Varicose clinics bring to thousands of women workers; one of a score of our separate activities, each of which through research and teaching act and react upon each other; any of these may be the key which unlocks your sympathy, or that of your friends, and of your friends' friends.

Think, again, of our students. They come here primarily to seek a career. As time goes on they absorb the spirit of medicine and the spirit of the Middlesex. They go out into the world to become the best, the most understanding, the safest friends of each of us. They go out to earn their livings, yes, but with a new conception of service unconsciously absorbed as they pass through their years of training. Will you help us to multiply these messengers of hope and healing?

Or is it the silent unobtrusive mysterious processes of research that most impress you, the lights that burn till midnight and later in the hushed laboratories?

Is there one appeal to the kindness of the heart, to the interest of the head, which a great modern teaching Hospital does not make? There are so many of our friends who only do not support us regularly because they do not realise how much good even a little help can do. I am counting confidently, this year, upon each of you who is present, each of you who will later see our Report to make the spreading of our basis of support your special duty for this year.

Times were never more difficult. Then, never could you take greater satisfaction from knowing that you have done your best—done even a little more than you think you ought to do—for humanity as a whole, by helping one of the greatest and most efficient of the curative and preventative health agencies.

Now I turn to our report for last year. We occupied during last year, of the new buildings, the Out-Patient Department in the Annexe, the

Neurological and Observation Wards. The Bernhard Baron Children's Ward was opened by Sir Louis Baron in May. The new Residents House was also finished and occupied in this year.

**In-Patients.**—As, for statistical purposes, the Cancer Wing beds are reckoned as part of the bed-capacity of the Hospital, our total beds last year numbered 471.

The number of patients admitted during the year was 6,751; the average cost of each in-patient per week being £5 4s. 1d., while the average stay amounted to 22·49 days and the cost of each patient £16 14s. 4d.

**Out-Patients.**—52,118 new patients were admitted, and the attendances, at 234,869, shewed a marked increase. The cost of each attendance was 1/5·52 and that of each patient 6/6·97.

Expenditure for the year, with more beds open and a larger Out-Patient Department to maintain, amounted to £129,966.

The Income Account, thanks chiefly to some large legacies, came to £141,602, and we ended the year with a balance of £11,635. It must be remembered, however, that to meet the critical situation in 1929, we had to sell all our free investments, and we cannot expect many windfalls in a normal year. This balance does, however, give us a little breathing space in which to seek fresh sources of support.

Among the more notable benefactions of the year which we received were, in legacies :—

We have to record, with the deepest regret, the death in 1930 of the President of the Hospital, the late Duke of Northumberland. Ever since his ancestor laid the foundation stone of the central block of the XVIIIth Century building in 1758, the family have supplied, generation by generation, its President to the Hospital.

Other losses, too, we have sustained in the death of Dr. Sidney Coupland and the retirement from the active staff of Mr. Comyns Berkeley, Sir Arnold Lawson and Mr. Watson Turner. Dr. Coupland was connected with the Hospital from 1873 to 1930 and his career is recorded in the Report of the Medical School. Mr. Berkeley joined the Staff in 1903, and has now been appointed Consulting Obstetric and Gynæcological Surgeon. Mr. Berkeley has, happily, consented to retain a seat on the Rebuilding Committee and on the Paying Patients Committee, so that we shall not lose his valuable services in these directions. Sir Arnold Lawson, who joined the Honorary Staff in 1910, has been appointed a Consulting Ophthalmic Surgeon, and retains his seat on the Chapel Committee. Mr. Watson Turner joined the Honorary Staff in 1908 and has been appointed a Consulting Dental Surgeon.

We have to report the following appointments to the active Honorary Staff :—

Mr. Victor Bonney, M.D., M.S., B. Sc., F.R.C.S., F.C.S.A.—  
Obstetric & Gynæcological Surgeon.

Mr. L. C. Rivett, M.A., M.C., F.R.C.S., M.C.O.G.—  
Assistant Obstetric & Gynæcological Surgeon.

Mr. Frederick Roques, M.A., M.D., M. Ch., F.R.C.S., M.C.O.G.—  
Second Assistant Obstetric & Gynæcological Surgeon.

Mr. F. J. Cleminson, M.A., M. Ch., F.R.C.S.—  
Aural Surgeon.

Mr. C. P. Wilson, F.R.C.S.—  
Assistant Aural Surgeon.

Mr. A. T. Pitts, D.S.O., M.R.C.S., L.D.S.—  
Dental Surgeon.

Mr. H. W. Breese, M.R.C.S., L.R.C.P., L.D.S.—  
Assistant Dental Surgeon.

We have to record the resignation of the Revd. A. J. G. Chard, Chaplain to the Hospital, and the appointment of the Revd. Richard Stott as his successor.

**THE CANCER WING.** Of our Special Departments this naturally comes first. It was founded as long ago as 1792 for the exclusive treatment of this disease, and it has grown steadily ever since. Last year saw an important development in which we put much hope. Radium, as you know, and its emanation, or gas, Radon, has been increasingly used of late years for treatment of certain growths in certain sites. Much work has been done by isolated workers or institutions in this or that site of the body, under different conditions, technique, and dosage.

On the advice of the Medical Committee and the Cancer and General Research Committee a new Department of Clinical Research in Radium Therapy has been set up, with the object of correlating the work and results obtained by individuals, here and abroad, and then putting the experiences of each at the disposal of all, saving duplication of enquiry, and concentrating effort in the most promising directions.

That those best qualified to judge appreciate the value of the work of the Hospital in this subject, both in research and in the treatment of patients, has again been practically demonstrated. King Edward's Hospital Fund for London has made a further loan of 370 mgms. of Radium to the Hospital, and the British Empire Cancer Campaign have substantially increased their annual grant for our research work.

Among the more notable benefactions of the year which we received were in Legacies :—

THE HISTORY OF THE UNITED STATES

The history of the United States is a story of growth and expansion. From a small collection of colonies on the eastern coast, it grew into a vast nation that spanned the continent. The early years were marked by struggle and conflict, but the spirit of independence and self-determination prevailed. The American Revolution was a turning point, leading to the birth of a new nation. The years following were a period of rapid growth and development, as the United States expanded westward and became a major power in the world.

The American Revolution was a defining moment in the nation's history. It was a struggle for freedom and self-governance, and it resulted in the creation of a new constitution. The years following the revolution were a period of rapid growth and development. The United States expanded westward, and its economy flourished. The nation became a major power in the world, and its influence was felt across the globe.

**THE BRANCH HOSPITAL AND HULKE ENDOWED HOME (Clacton-on-Sea).** Our Convalescent Home continues to prove the value of its usefulness, for, during the year under review, it received 1,460 patients (34 more than in the previous year), who, after a stay of some three weeks, were able to return to their homes restored to health. This number included 126 children, and 76 mothers with young infants.

By a careful supervision of expenditure, without curtailment of the amenities provided, the low cost of maintenance is a matter for congratulation, and it is also encouraging to note that an increased sum has been voluntarily contributed by the patients, a fact which may reasonably be attributed to their appreciation of, and gratitude for, the services rendered.

The success of the Convalescent Home is, to a large extent, due to the fact that the provision of an efficient Nursing Staff for both day and night work, and the daily attendance of the local medical officer, not only ensures the proper treatment of the patients, but enables cases to be accepted in early stages of recovery. Thus, the Home is, in some degree, instrumental in relieving the Hospital Beds.

**ALMONER'S REPORT.** The work of the Department has been maintained during the year, and with the help of our many friends and various charitable organisations we have been able to arrange for the convalescence, the supply of surgical appliances, and other after-care treatment recommended both for those patients who have been admitted to the Wards, and for those who have attended in the various Out-Patient Departments of the Hospital.

A large number of our women patients have been sent to our Convalescent Home at Clacton-on-Sea, whilst our male patients, and those for whom Clacton was unsuitable, were transferred elsewhere for convalescent treatment. 360 adults and 89 children, either In- or Out-Patients of the Hospital, have been sent to various Convalescent Homes, either on the coast or inland. The Schiff Home of Recovery at Cobham has very kindly received 110 of our patients. 48 adults and 13 children received Sanatorium treatment.

Patients have contributed towards the expenses incurred on their behalf, and assistance has also been obtained from various agencies, and a certain amount of help has been given from our Funds. 375 surgical

appliances were supplied to patients admitted to the Wards, and 998 to Out-Patients. Help has been given with railway and ambulance fares to and from the Hospital, and to Convalescent Homes and, where necessary, assistance has been given to patients on discharge from the Wards, to aid their recovery at home.

The total amount spent on these services amounted to £4,030 12s. 9d. and Grants from the special Funds of the Hospital have been given in the following manner :—

		Dresden Assistance Fund.			Samaritan Fund.		
		£	s.	d.	£	s.	d.

2.	Convalescence ... ..	215	1	5	73	16	10
3.	Appliances ... ..	42	10	7	57	7	9
4.	Grants to patients	5	17	5	19	15	10

From a special Dental Fund, to help patients with the supply of Dentures or other necessary dental treatment, £36 10s. 0d. was spent, and, from the George Balfour Black Fund, £60 18s. 6d. was expended in weekly grants for maintenance, to patients suffering from Cancer, or in assisting them with travelling expenses to and from the Hospital for treatment.

The receipts for the year, contributions from and on behalf of In- and Out-Patients, amounted to £21,535 10s. 0d. an increase of £4,258 10s. 6d. on those of last year. This sum includes £2,974 0s. 10d., from the Approved Societies.

**INFANT WELFARE DEPARTMENT.**—The work done during the year shows considerable expansion in every section of the Department's activities. The attendances of expectant mothers to the Special Clinics numbered 445, and 843 children—whose total attendances numbered 7,735—were brought to the Clinics. Treatment, where necessary, was given, and the mothers advised on all matters of infant welfare, while many visits were paid to their homes. But mere numbers of attendances is not the only criterion of this Department's important work.

Most gratefully do we acknowledge our indebtedness to our many voluntary workers for their co-operation, willing help and regular attendance, for it should not be overlooked that the Department could carry out but few of its activities without their assistance.

We acknowledge with pleasure the help of the Royal Red Cross Society and of all who have knitted garments for the children.

**TRAINED NURSES' INSTITUTE.**—Finally, I would emphasise the importance of the revival, upon entirely new lines, of our Trained Nurses' Institute, which owing to lack of accommodation followed by the claims of War service, had, by force of circumstances, ceased to exist.

Thanks to the magnificent gift of our new Nurses' Home, the re-establishment of the Institute became possible.

Our aim is to ensure the provision to the public of a staff of highly-skilled nurses and, at the same time, to enable the nurses themselves to work under the best possible conditions.

With this object in view, we have made arrangements under which the nurses attached to the Institute will, so far as practicable, have, in addition to their general training, particular experience acquired in one or more of the Special Departments of the Hospital, so that they should be of exceptional value in all cases where such special knowledge can be applied. The fact that a nurse has had such additional experience will be noted on her certificate of training.

As regards the conditions under which the nurses will work, the regulations which we have recently formed for the administration of the Institute are directed to offering careers which, it is hoped, will be accompanied by happiness and financial stability.

Now let me turn to the Medical School Report.

**THE MEDICAL SCHOOL (1930-31).**—The opening of the Winter Session of the Medical School was held at the Queen's Hall, Langham Place, W.1, on October 1st, 1930.

Since the presentation of the last report, Mr. S. G. Asher, who has served as Chairman of the School Council for eight years has been obliged to retire from that post, greatly to the regret of his colleagues. He has been succeeded in the Chair by Mr. S. A. Courtauld, whose interest in the Hospital and School has been shown for many years in the past, not only by his munificent endowments but by his constant presence and advice at important administrative meetings of the Board of the Hospital, the Cancer and General Research Committee and the Council of the Medical School.

In May of the present year a very valued member of our Consulting Staff, Dr. Sidney Coupland died. It was in 1873 that Dr. Coupland joined the Middlesex Hospital, first as Pathologist and subsequently as Assistant Physician. For 19 years he was a Physician on our staff; he was a Clinical teacher in the highest sense of the word, his profound knowledge of disease being based firstly on the knowledge of Pathology which he gained in his early years and subsequently on the personal study of his cases at the bedside. In the year 1892 he became Dean of the Medical School, vacating that office in 1896, and in 1900, on retirement from the active staff, he was appointed Consulting Physician to the Hospital.

The active staff of the Hospital has suffered further loss during the year through the retirement of Mr. Shorney Webb, who after a prolonged period of ill-health has been obliged to suspend his work. Mr. Webb was a Middlesex Hospital Student, and on the completion of his House appointments worked with the British Armies in France where he performed most brilliant work for the wounded throughout the war. He returned to our Surgical Staff where his services as a teacher and a Surgeon received immediate recognition. He also did good work for the students as Treasurer of the Amalgamated Clubs, and served as Chairman of the School Committee. He is greatly missed by everyone in the School.

The vacancy thus created on the Surgical Staff has been filled by the appointment of Mr. E. W. Riches, and an additional Surgeon has since been appointed, Mr. D. H. Patey having been elected to this post. Both these gentlemen have had distinguished careers at the Middlesex Hospital, having come to us as Entrance Scholars and held many subsequent appointments both before and after qualification.

Professor Swale Vincent having retired from the Chair of Physiology in our School the University of London have appointed as his successor Professor Samson Wright. Professor Wright thus returns to the Department in which he has successively served as a student and lecturer, and in him we welcome a "Middlesex" man who is in the middle of a brilliant Academic career.

We regret the resignation of Mr. Watson Turner. Mr. Watson Turner has held successively the posts of Assistant and full Dental Surgeon to the Hospital since 1908 and has been Senior Dental Surgeon for many years. During his period of office the Department has been greatly increased, largely owing to his enterprise and skill. He leaves it in a flourishing state and we are glad to think that he will remain on our Consulting Staff in the future.

Turning from the question of changes in our staff to that of the work of the School, we are able to report a satisfactory continuation of many important researches. Our latest development is that the School and Hospital have combined to provide funds for a new department of Clinical Research into the effects of Radium treatment. The Middlesex Hospital can claim to be the pioneer Hospital of London as regards radiological treatment and investigation. We remain to-day the only General Hospital and School with special beds permanently set aside for cancer cases and with complete Laboratories for the investigation of malignant disease. We have for years carried out, and we continue to pursue, extensive researches to discover the cause of cancer and to explore every available means of treatment, and it is because we are aware that Radium treatment is at present very far from being a universal cure for cancer, and because we know that Radium treatment unwisely applied has been responsible for many unsuccessful results, that we have set up this special Department to watch with the greatest care the effects of treatment and to discover the best possible means for applying this agent.

The educational work of the Middlesex Hospital Medical School is by no means confined to Students and Under-Graduates. There are numerous Post-Graduate appointments, tenable in the School and Hospital, that enable us to carry out higher education which is at least as important as the work we do for our Students. The Hospital provides 31 Resident appointments. This represents a high proportion of valuable posts for the total number of students qualifying each year. But we do far more than this for the recently qualified man. There are 10 Registrarships in Medicine and Surgery which enable men to work for three years at an adequate salary and to gain experience at the very highest

branches of Clinical Medicine and Surgery, at the same time carrying out research work in collaboration with our Laboratories. The gentlemen appointed to these positions already hold high qualifications, and we find that the experience they gain is such that before the completion of their work they are able to obtain the very highest diplomas and degrees available to any Medical man.

In addition to these Registrarships our Institutes of Pathology and of Biochemistry, our Radiological Department and our Departments of Anatomy and Physiology provide salaried posts for a further group of men, again highly educated, and again enabled to acquire experience of the utmost value to themselves and their future patients. Upwards of 20 such posts, quite apart from the University Chairs and Readerships held by the Professors and Heads of the various Departments are available for Post-Graduates, and we feel it is important that the public should realise the immense educative work which the Medical School accomplishes in this manner.

The following record of high degrees and distinctions gained by past and present occupants of these Post-Graduate appointments during the past year is evidence of the importance of this side of our work :

Dr. H. L. Marriott, our Resident Medical Officer, has taken the degree of M.D. and the diploma of M.R.C.P.

Dr. J. W. Brown, late Casualty Medical Officer, has taken the same degree and diploma.

Dr. Alan Moncrieff, recently one of our Registrars, has been awarded a Rockefeller Travelling Fellowship.

Mr. C. S. Hallpike, recently Bernhard Baron Scholar, has been elected to the Duveen Travelling Studentship of the University of London. This Studentship is given to a specially distinguished student in Laryngology to enable him to obtain further experience abroad.

Mr. T. H. Sellors and Mr. Philip Wiles have both been elected to the Fellowship of the Royal College of Surgeons, and Mr. J. W. Nankivell, lately working in our Radiological Department, has been elected to the Fellowship of the Royal College of Surgeons, Edinburgh.

Dr. J. D. Robertson, of the Courtauld Institute of Biochemistry, gained the M.D. of St. Andrew's University, with a Gold Medal, which has only once before been awarded.

Mr. E. G. Muir, of the staff of the Bland-Sutton Institute of Pathology, is the first recipient of the Bernhard Baron Scholarship of the Royal College of Surgeons.

Dr. Shirley Smith, recently Medical Registrar, has been appointed Assistant Physician to the Charing Cross Hospital, an honour which has only once before fallen to the lot of a Middlesex Student.

Mr. D. H. Patey has not only been appointed Hunterian Professor and Erasmus Wilson Lecturer of the Royal College of Surgeons but has gained the remarkable distinction of being awarded the Jacksonian Prize.

Amongst the many distinctions and honours gained by our Staff, and by past and present Students of the Medical School, it is with pleasure that we are able to record that Professor S. Russ has been awarded the C.B.E., for services in connection with Radium.

Cancer Research is carried out in various forms in nearly every laboratory in the Medical School, and considerable financial assistance has been received from the British Empire Cancer Campaign for this purpose.

We have learned that through the good offices of Sir John Bland-Sutton, the Medical School will benefit, under the will of the late Mrs. Freeman, widow of the late Dr. Freeman of Bath, to the extent so far as can be at present ascertained of £1,400 to £1,500 per annum for the endowment of the Bland-Sutton Institute of Pathology, after the death of her two nieces and certain annuitants. We are very grateful to Sir John Bland-Sutton for this further proof of his untiring interest in the welfare of the Hospital and its Medical School. This endowment of the Institute presented by Sir John Bland-Sutton will go far to ensure the continuance in perpetuity of the very valuable Research and Scientific work carried out there since its erection.

The need for better Library accommodation in the Medical School still exists, and lack of funds alone prevents immediate advance in this direction.

It has given me much pleasure to put the Reports of the Hospital and its Medical School before you. In each case the year has been one of difficulties overcome and of progress made or initiated. I think you will agree that the Middlesex deserves your fullest support, and I am confident that it will receive it.

I have the honour to be,

My Lords, Ladies and Gentlemen,

Your obedient Servant,

BOARD ROOM,

THE MIDDLESEX HOSPITAL,

15th April, 1931.

Chairman.

## GOVERNORS.

## THEIR QUALIFICATIONS, RIGHTS, AND PRIVILEGES.

1. Annual Subscribers of *Three Guineas or upwards* to the Hospital's General Fund, to the Middlesex Branch Hospital and Hulke Endowed Home, Clacton-on-Sea, to the Cancer Wing, to the Cancer Research Fund, to the Reconstruction Fund, or to the Medical School, are entitled to be Governors so long as their Subscriptions are paid.

2. Donors of *Thirty Guineas or upwards*, at one time, are made Life Governors, and at once entitled to all the privileges of Governors. The Endowment of a Bed or Cot (see p. 278) qualifies the donor as a Life Governor.

3. Honorary Governors are appointed, and the propriety of making such appointments is first considered by the Board, and then submitted for the consideration and approval of a Court of Governors.

4. Honorary Governors have, from the day of their appointment, the same rights and privileges in all respects as Life Governors. In cases of Bequests of *Two Hundred Pounds and under Five Hundred Pounds*, one of the Executors under the will is eligible for appointment as an Honorary Governor.

5. All Governors have the right of attending the Courts of Governors, but Governors who are in arrear with their subscriptions are not entitled to speak or vote at any such Court or to serve on any Board or Committee appointed in accordance with the Laws of the Hospital, and Governors who are new Annual Subscribers or Donors are not entitled to speak or vote at any such Court or to serve on any such Board or Committee unless their subscriptions or donations have been paid at least three calendar months previously, and Governors being Salaried Officers or holding similar offices, or being Students or Servants of the Hospital, are not entitled to speak or vote at any such Court, or to serve on any such Committee, and are not entitled to speak, vote, or serve at or on any such Court, Board, or Committee for one year after they have ceased to be such Salaried Officers, to hold such similar Offices or to be such Students or Servants, unless specially authorised so to do by the Board.

6. No Governor is entitled to speak or vote at any Court, Board, or Committee on any question or matter wherein he or she is personally interested.

7. Every Governor has the right of visiting the Wards and other departments in the presence of any one of the Physicians or Surgeons of the Hospital, the Secretary-Superintendent, the Resident Medical Officer or his substitute, the Chaplain, the Lady-Superintendent, or one of the Visiting Governors.

We have examined the above Balance Sheet for the year ending 31st December 1930 with the books and vouchers of the Hospital and have found them to be in agreement therewith. We certify that to the best of our knowledge and belief the regulations of the Revised Uniform System of Hospital Accounts have been followed. During the year we inspected the documents of title in respect of the freehold and leasehold land and buildings, and have had produced to us certificates from bankers and others verifying the investments and the balances with bankers at the date of the Balance Sheet.

## ADMISSION OF PATIENTS

Patients are required to contribute in accordance with their means towards the cost of their maintenance. The amount of a Patient's contribution is agreed upon after enquiries made, either before or after admission to the Hospital, from the Patient or the Patient's relatives or friends; but no distinction is made between those who can and those who cannot afford to contribute.

No letters of recommendation are required for the Out-Patient Department. Patients are required to contribute 1/- at each attendance, but are excused from payment if their circumstances warrant it. Further contributions are invited from those attending the Special Departments.

Patients are received for admission, or for Out-Patient Treatment:—

Female ... ..	5.30 p.m.till 7 p.m.	—	5.30 p.m.till 8 p.m.	—

Daily treatment (Male and Female) by arrangement.

In-Patients are expected to be provided with clean and suitable clothing and change of linen. They also have to provide themselves with washing. In all cases where the Patients are too poor to provide themselves with these articles, they are supplied to them by the Lady Almoner from special funds which she has at her disposal for the purpose.

Any Officer, Sister, Nurse, Servant, or person employed in any Department of the Hospital accepting Money, or Presents of any kind, from a Patient, or relative or friend of any Patient, on any pretence whatever, is liable to dismissal.

The following Cases are not admitted into the Hospital :—

1. Those which are, upon due examination, deemed *Incurable*, as *Advanced Consumption*, etc.
2. Complaints so tedious of Cure as to preclude for a long time the admission of more urgent cases, as *Chronic Ulcers of the Legs*, etc.
3. Disorders, to the Cure of which other establishments are devoted, as *Persons of Unsound Mind*, etc.
4. Those which are more properly objects for Parochial Relief, as wanting Food and not Medicine.
5. Those whose admission might endanger the other Patients, as persons suffering from *Infectious Diseases*.
6. Complaints likely to be aggravated rather than relieved by confinement within the walls of a Hospital, but such cases, if deemed proper objects, may receive advice and medicine as *Out-Patients*.

Prior to sending up Patients from the Country, the Resident Medical Officer should be applied to, in order to learn whether there is room, and such application should be accompanied by a medical certificate setting out fully the nature of the case.

## THE MIDDLESEX HOSPITAL CANCER WING.

### ADMISSION OF PATIENTS.

1. Out-Patients suffering from cancer are specially attended at the Out-Patient Department on Wednesdays at 1.30 P.M.

2. No patient can be admitted unless previous application has been made to know whether there be room.

3. Patients to be admitted should be suitably clothed, have a change of linen, and find security (if required) for a future supply, and for their removal if it be found necessary to discharge them.

4. Persons suffering from cancer or cancerous disease are admitted as In-Patients, and may remain "UNTIL RELIEVED BY ART OR RELEASED BY DEATH," unless it be found necessary to discharge them for insubordination or mental derangement.

5. No pauper can be received from any Parochial Institution without the special permission of the Board of Management.

## THE MIDDLESEX HOSPITAL MEDICAL SCHOOL,

**T**WO Casualty Medical and Two Casualty Surgical Officers, Four Resident Officers to the Special Departments, Eight Resident House Surgeons, Eight Resident House Physicians, Two Resident Obstetric and Gynæcological House Surgeons, Ten Registrars, and Three Resident Anæsthetists, are appointed annually from among the qualified Students of the Hospital.

*Two Open Entrance Scholarships of the value of £100 each. 2 Scholarships of £90 and £60 open to Students of Oxford and Cambridge Universities who have completed their Anatomical and Physiological Studies, are awarded at the commencement of the Winter Session. An Entrance Scholarship and the Asher Asher Prize are awarded annually to a Pupil of Epsom College who has passed the First examination for Medical Degrees of the University of London. A Scholarship value £36 15s. Cd. is awarded to New Zealand Students who have passed their examinations in Anatomy and Physiology and who are proceeding to take a qualification in England. An Exhibition of £10 10s. is awarded at the end of the second Winter Session for proficiency in Anatomy and Physiology. The Hetley Clinical Prize of £25, the Leopold Hudson Prize of £11 11s., and the Lyell Medal and Scholarship, value £55 5s., are awarded annually. Two Broderip Scholarships, of the value of £60 and £40 respectively, are awarded to fifth year's Students for proficiency in Clinical knowledge. The Freeman Scholarship, of about £30, is awarded annually to Senior Students for proficiency in Obstetric Medicine. The Murray Medal and Scholarship of £25 is awarded every third year. Cancer Research Scholarships and Class Prizes are also awarded.*

The Tutors superintend and assist Students in their studies without extra fee, and thus the necessity of obtaining private instruction away from the Medical School is obviated.

THE HISTORY OF THE  
CITY OF BOSTON

From the first settlement of the  
city in 1630 to the present time  
the city has grown from a small  
village to a large metropolis  
and has become one of the most  
important cities in the world.

The city of Boston is situated  
on a peninsula in the harbor  
of Massachusetts Bay. It is  
one of the oldest cities in  
the United States and has  
been a center of commerce  
and industry since its  
founding in 1630.
