THE MIDDLESEX HOSPITAL

CANCER WING.

REPORT FOR THE YEAR 1931.

WITH A LIST OF CONTRIBUTORS

DURING THE YEAR 1931 TO THE

HOSPITAL'S RECONSTRUCTION FUND.

MORTIMER STREET, LONDON, W. 1.

TELEPHONE:-

Income Tax on Annual Subscriptions.

Charitable gifts escape Income Tax and, provided there is a covenant to pay a sum to this Hospital (or Cancer Wing) for a period which can exceed six years, the contributor also escapes Income Tax and Super-tax on it. The Hospital (or Cancer Wing) can recover from the Inland Revenue the amount of such Income Tax, and thus obtains the full benefit of the contribution although the contributor actually pays it a smaller sum. There is a small Stamp Duty, which the Hospital will bear.

Thus, suppose a person (or firm or company) covenants to pay £100 a year, he (they or it) deduct Income Tax (now 5s. 0d. in the pound) and pay the Hospital (or Cancer Wing) only £75 0s. 0d., but the Hospital (or Cancer Wing) recovers from the Inland Revenue the £25 0s. 0d., and so acquires the £100. The contributor would accordingly gain £25 0s. 0d. a year

through his covenant.

A person also escapes Super-tax in respect of such a contribution as any annual sums payable by an individual from which he may deduct Tax are excluded from his total income for the purposes of that tax.

Cheques should be made payable to the order of the Treasurer or Secretary-Superintendent of the Middlesex Hospital and should be crossed

"Not negotiable."

A form of Agreement under seal is annexed.

Should any further information be desired kindly communicate with the Secretary-Superintendent of the Hospital.

3

of hereby agree

with the President Vice-Presidents Treasurers and Governors of the Middlesex Hospital (or the Middlesex Hospital Cancer Wing) that I will pay yearly for the seven years from the date hereof to the Treasurer of the Middlesex Hospital a sum of deducting Income Tax) out of my income brought into charge to tax so that I shall not derive any personal or private benefit at any time during the said period from the said contribution or any of it.

3n Witness whereof I have hereunto set my hand and seal the day of 19.

SIGNED SEALED AND DELIVERED by the above-mentioned in the presence of

AND

CANCER WING

(INSTITUTED 1792).

Iteration of Title of the Middlesex Cancer Hospital to the Middlesex Hospital Cancer Wing.

It having been found that the separate title of The Middlesex Cancer Hospital has led to some misconceptions and confused many of our supporters, the Court of Governors at its meeting on April 10th, 1930, resolved on the advice of the Board to revert to the old title of The Middlesex Hospital Cancer Wing.

The Report and Accounts of the two Institutions are accordingly being issued in one book.

THE MIDDLESEX HOSPITAL AND CANCER WING.

REPORT FOR 1931.

To the Court of Governors.

My LORDS, LADIES AND GENTLEMEN,

Again we meet in a Lecture Theatre of our Medical School, and again I count it as evidence of the satisfactory state of two very different, closely related, and most important things; of our progress, in fact, in matters both visible and invisible.

Evidence of progress in matters visible you see in the rising of the frame work of the final section of the new Middlesex. Evidence of progress in matters invisible can be found in the reputation of the Hospital alike with its patients, with the central scientific bodies, and with the public. Whether in treatment, in teaching, or in research, I doubt if the reputation of the Middlesex has ever stood higher. I do not say this in any complacent spirit: how could one be complacent with so much still to be discovered, so much that still could be better done? But we can, quite properly, find encouragement for the future in the records of the past.

It is to the close and harmonious relations which happily exist between all those concerned with the work of the Hospital that we owe most of the success which has marked our work in both of these regards. Members of the Medical Staff, of the Scientific Staff, and of the Board of Management, work together for a common purpose, the well-being of the Middlesex. Members of the Honorary Staff sit with members of the Board on our House Committee, and on other Committees. Members of the Board sit with heads of scientific departments and members of the Honorary Staff on the Council of the Medical School.

And it is well, particularly in these days of development and of change, that this should be so. Without this co-operation to the one end we should never have got so far with our enormous task of building a new and splendid Hospital to house the spirit and traditions of the old Middlesex. The efforts of some of the Honorary Staff might be said to put to shame the efforts of members of the Board, were it not that we can claim that each does his best to the limit of his capacity. As it is,

we have made a beginning with the final section of the Hospital. The foundations and retaining walls are finished and the steel framework is rising. We have the money to pay for them, and, since nothing succeeds like success, I cannot believe that we shall not receive, in large sums or small, what we yet need to complete the whole great undertaking.

But in another way, possibly of even greater importance, the close relations between all those who serve the Hospital has been of the utmost value.

You know how, under the Local Government Act of 1929/30 the old Poor Law Infirmaries were handed over to the L.C.C. and became Municipal Hospitals. The L.C.C., justly proud of their immense and exceedingly efficient organisation, whose Budget exceeds that of many of the smaller nations of the world, have made great progress with their plans for bringing up to date the Hospitals under their care. We shall soon, I hope, see the whole standard of treatment and nursing raised to the level of the best of them. With the same process going on throughout the country, Great Britain will shortly have a national health service incomparably better than any other in the world.

The Act which effected this change enjoined on the Local Authorities the necessity for co-operation with the Voluntary Hospitals, to increase efficiency and prevent overlapping. Public Health Committees were set up and relations established between the two systems. In the provinces this was generally more easy to do than in London, for there the same people who direct the Voluntary Hospitals are often also on the Local Authority, and, in any case, have personal knowledge of the needs of their districts.

In London it is different. The L.C.C. deals with an enormous area and population, and a great number of Hospitals, both of the general type and for fever and mental diseases. The attempt to correlate services is complicated by the presence in London of 12 great Teaching Hospitals which do not necessarily draw even a majority of their patients from the L.C.C. area, but which do supply the medical men to staff the L.C.C. Hospitals, and in their special clinics render services to the public which the Municipal Hospitals do not, at any rate as yet, supply. You must bear in mind that the Teaching Hospitals and the few special hospitals which it is necessary for their students to visit are quite different from the rest of the Voluntary Hospitals in London, both in their services and in their needs, if you are to realise how much more complicated negotiations are in London than in the provinces.

In Manchester, for instance, the City Council has already arranged that cases which are of particular interest to students shall be transferred from the Council Hospitals to the Royal Infirmary—in the North the Voluntary Hospital is generally called an Infirmary—provided only that the health of the patients would not be affected by the transfer. This goes a long way further on the road to co-operation than the L.C.C. is yet ready to go, but even in London, with its twelve Teaching Hospitals haphazard on the map, the L.C.C. has offered to arrange for teaching facilities, if they are required, in their Hospitals. It is of good omen for a wise parallel development of the twin services of teaching and treatment that those responsible for the work of the Teaching Hospitals should be so completely in accord.

A survey of the London area is now in progress, which will show us how the needs of the population are being met, and how best we can link the two health services. There is little doubt but that some of the smaller Hospitals are redundant and that their work can be more efficiently and economically done by the greatly improved Municipal Hospitals. There is evident, too, a tendency to convert a part at least of their accommodation into beds for paying patients.

But the Teaching Hospitals, as I have said, with such of the smaller hospitals as they need for the collection of certain diseases, form a special and an essential body in any national health service, and I think that as time goes on the public which believes in freedom, individuality, and elasticity in teaching and research, which can only be found at their best in the Voluntary system, will come to concentrate upon the Teaching Hospitals as the essence of the system.

Of our progress I have already said something. I should like to add that the new department of Radio-Therapy and Research has already abundantly justified itself. The demands of the Staff for its assistance and for beds for cancer cases for radium treatment are already greater than our accommodation will meet. Cost, too, increases, as it must, in spite of all our economies, if we are to provide the best service of which our present knowledge and apparatus is capable. We could certainly spend more money profitably if we had it. We cannot spend less and still be true to our duty.

And, unhappily, these are not the best of times in which to find it. Our supporters and subscribers are hanging on most gallantly, but it was inevitable that some subscriptions should be reduced or fail altogether. On the other hand we have made new friends, and our old patients rally to us splendidly. I asked you last year to make a great effort to find new sources of financial help for us. Perhaps that was too general a suggestion.

REPORT. 13

This year I would beg every subscriber to get, and get before the Summer is over, at least one new subscriber, and write to me to tell me their name or names and addresses, and the amount of the subscription.

In-Patients.—Our total bed capacity last year was 473. This includes, for statistical purposes, the beds in the Cancer Wing.

The number of patients admitted during the year was 7,779; the average cost of each in-patient per week being £4 15s. 7d., while the average stay amounted to 21.03 days and the cost of each patient was £14 7s. 1d.

Out-Patients.—51,210 new patients were admitted, and the attendances, at 238,888, again shewed a marked increase. The cost of each attendance was 1/10.63 and that of each patient 9/9.56.

Expenditure for the year amounted to £135,421.

Fr

The Income Account, which includes some very helpful legacies, came to £128,028, but the year's working, unfortunately, closed with a deficit of £7,393. Our expenditure at the present rate exceeds the present rate of income, even including a generous estimate of possible legacies, by £18,000 to £20,000 a year, and it is exceedingly doubtful if we shall get through the year 1932 without a deficit. In this estimate the whole of our reserves are included so that it is vital to increase our normal income by £20,000 a year if we are to maintain, as we have so far succeeded in doing, all our beds open and services intact.

Among the more notable benefactions received during the year were, in Legacies:—

The Ladies' Executive Committee continues its indefatigable service in aid of the Queen Alexandra Memorial Wing Fund, and it is to be noted with much gratification that the sum of £3,184 5s. 7d. has been raised during the year 1931, bringing the sum already collected by the Ladies' Committee up to the splendid total of £36,895 0s. 8d.

It will be remembered that in 1926, Dr. Essex Wynter—Consulting Physician to the Hospital—gave to the Hospital, Bartholomew Manor, Newbury, Berks., with sixteen XVI Century cottages, which, modernised under his expert guidance, are now used as a home for retired Middlesex Sisters and Nurses.

Dr. Wynter has now added to this splendid gift a further acre and a half of land adjoining the Manor, and it has been accepted by the Board with much gratitude.

It is with pleasure that we record the decision of the Bond Street Association to build, furnish and endow a One-bed Ward in the Hospital, and the Members and their Employees have, at the end of the year under review, very generously contributed the sum of £1,743 11s. 6d. towards this purpose.

Their Majesties The King and Queen visited the Nurses' Home on Thursday, the 29th of October, and stayed about an hour. They graciously expressed their pleasure at everything they saw, and also their good wishes for the early completion of the remainder of the Hospital buildings.

Her Royal Highness, Princess Alice, Countess of Athlone and the Earl of Athlone opened the completed Nurses' Home—which it will be remembered is a gift of an anonymous donor—on June 29th last.

The resignation of Sybil, Countess Brassey, from the Board of the Hospital has been received with sincere regret. Lady Brassey joined the Board in May, 1918, and has always taken special interest in the welfare and organisation of the Nursing Staff of the Hospital.

It is to be noted with much pleasure that The Hon. Mrs. David Bowes-Lyon has accepted a seat on the Board.

It is also with much pleasure that we record the appointment of the Hon. Thomas Burdett Money-Coutts as a Treasurer of the Hospital.

We have to record with profound regret the death of Sir George J. Marjoribanks. He was appointed Treasurer of the Hospital in February, 1894, and his advice and assistance in all financial matters relating to the Hospital, during a period of over 37 years, has always been of the greatest value to your Board.

We also have to deplore the death of Mr. S. B. Joel who, as a Trustee of the Barnato-Joel Bequest, was elected a member of the Board of the Hospital in 1909. Mr. Joel took much interest in the work of the Hospital particularly with regard to the Cancer Charity and the Cancer Research Department, to which he was a generous benefactor.

We also have to record, with sincere regret, the death of Miss G. M. Morgan, late Matron of the Hospital's Branch Hospital and Hulke Endowed Home at Clacton-on-Sea. Miss Morgan, who received her training at the Hospital was appointed in 1896, and retired from the post of Matron in July, 1931.

The Board are always anxious to improve the service of the Hospital and are constantly introducing small innovations and improvements. Two of the latter might be mentioned.

The Lancet Commission on Nursing recently issued a most valuable report. We are happy to say that most of their recommendations of improvements in nursing conditions were already part of our normal routine, but we have been able to adopt several suggestions which make for greater freedom and comfort for our nurses.

The other relates to the convenience of patients and their friends. The Board has adopted an arrangement by which the friends of patients are able to visit the Wards on Tuesday evenings between 6 and 7, instead of between 4 and 5, as hitherto. This alteration has given much satisfaction as it enables those engaged in business to visit relatives and friends whom, often, they could not otherwise see.

The renewal of Miss C. A. M. Mason's very welcome gift to provide comforts for the men in the Cancer Wards is recorded with our grateful thanks.

CANCER RESEARCH.—King Edward's Hospital Fund for London has made a further loan of one gramme of Radium to the Hospital's Department of Radium Therapy and Research. This valuable addition to out stock of Radium will be used for the development of our knowledge of surface therapy in malignant diseases, and the Board has authorised expenditure on apparatus, etc., up to £500. This new Department has made excellent progress and its work has earned the approval of the Medical Research Council.

The Cancer Research Fund will also be greatly strengthened by the legacy bequeathed to the Hospital for the purpose of Cancer Research by the late Mrs. Philpot, amounting to £10,000.

THE BRANCH HOSPITAL AND HULKE ENDOWED HOME (Clacton-on-Sea).—The work of our Convalescent Home has during the year again been very satisfactory. The total number of patients treated amounted to 1,385, which includes 132 children and 83 mothers with young infants.

Without in any way curtailing the amenities provided, the expenditure is a little below the average of recent years, and the continued increase in the sum voluntarily contributed by the patients during the year under review is most encouraging, as it indicates their appreciation of benefits received.

The Convalescent Home has always been considered a valuable adjunct to the Hospital, as it receives patients in the early stages of convalescence. Its success is enhanced by the provision of an efficient Nursing Staff for both day and night work, and by the daily attendance of the Medical Officer-in-Charge, the proper treatment of all patients is assured.

ALL HELP LEAGUE.—The All Help League continues to flourish. This organised body of our old patients, who, having experienced for themselves the benefits of the Hospital, subscribe to maintain them for the good of others, grows steadily. By collections, annual meetings, sales of gifts and work, and in other ways it contributed last year the notable sum of £1,417 9s. 3d., which brings its total annual contributions since its foundation up to £18,364. The League has its own Committee and Secretary, and issues its own report to its members, but we should like to take this opportunity of offering our sincere thanks to Mr. F. F. Taylor, its Chairman, and to the Committee and members who do such splendid unselfish work for their old Hospital.

ALMONER'S REPORT.—The work of the Department has been carried on steadily during the year, and there is little change to report. In spite of the large amount of unemployment prevalent, patients have taken their share of responsibility and our receipts from and on behalf of patients have actually somewhat increased on those of last year.

The Home at Clacton has been kept filled, and 1,385 patients, including 83 young infants, were admitted during the year. We were also able to send 503 adult patients and 135 children to other Convalescent Homes, of which number, 127 were sent to the Schiff Home of Recovery at Cobham. 83 adults and 12 children received Sanatorium treatment.

To In-Patients of the Hospital, 327 surgical appliances were supplied, and 858 to Out-Patients.

The total expenses of these services, together with those incurred by the hire of Ambulances, railway fares, etc., amounted to £5,147 9s. 4d. Patients contributed what they could afford, and assistance from our own Funds was given in the following manner:—

From the George Balfour Black Fund, a special Fund for assisting patients suffering from cancer, £67 4s. 3d. was spent, and from the Dental Fund, £34 19s. 6d. in giving Grants to patients with the supply of dentures.

The total receipts for the year, from and on behalf of In- and Out-Patients, amounted to £24,165 13s. 7d., which sum includes contributions from the Hospital Saturday Fund, the Hospital Saving Association, and £1,823 19s. 3d. from Approved Societies.

INFANT WELFARE DEPARTMENT.—The work accomplished in this Department again shews expansion. The attendances of children at Clinics numbered 7,867, and, in addition, the attendances of Expectant Mothers were 539. 2,369 Home visits were made during the year.

The routine of the Department has been maintained at its high level of efficiency in spite of the disturbance caused by the absence of The Superintendent, Miss Colles, who was away ill for six weeks. Added to this was the change in the Assistant necessitated by Miss Shrimpton's resignation. Miss Kendal was appointed Assistant in September, 1931. That the Department continued to run smoothly is only one more proof of how excellent is the help so willingly given by our sixteen regular voluntary Workers. We thank them sincerely for their regular and reliable help.

We record with pleasure our thanks to the Red Cross Society and many others, for garments made for the Babies.

REPORT. 21

For some years past a drop in the number of maternity cases needing attention in their own homes, and the rival claims of pupil midwives upon the available cases, have made it difficult for Medical Schools in London to provide for their students adequate practical experience in Midwifery. During the past Session an arrangement has been completed with the Royal Northern Hospital whereby the midwifery cases of that Hospital and the surrounding district are made available for the training of students from the Middlesex Hospital Medical School. As a result adequate practical experience in this most important branch of Medicine is assured for all students of this School even allowing for a considerable increase in the present number of our students. Uniformity of teaching in this subject at the Royal Northern and within our own walls is maintained thanks to the fact that Mr. Roques, recently appointed Assistant Obstetric Surgeon to Middlesex Hospital, is a member of the Honorary Staff of the Royal Northern Hospital.

An increasing recognition of the importance of using radium in the treatment of malignant disease in strict accordance with the exacting detail involved in the modern technique, and moreover, of keeping in continuous touch with cases thus treated, has, during the past year, led the Hospital and the School jointly to appoint a whole-time medical officer in charge of this work, and we have been fortunate in securing the services of Mr. B. W. Windeyer, a fellow of the Royal College of Surgeons of Edinburgh, who, before coming to Middlesex, had devoted considerable time to the study of radium therapy both in this country and abroad. Mr. John Mayo, also a fellow of the Edinburgh College of Surgeons, has been appointed as a whole-time assistant in this Department. The authorities of both Hospital and School have already ample proof of the value of this new development, not only in the more encouraging results obtained from the use of radium, but in particular from the reliable statistical evidence that is now accumulating upon which before long it is hoped some definite conclusions may be based as to the true place of radium and X-ray therapy in the treatment of cancer. During the past year the Press Committee has undertaken the publication of a small work entitled "Radium Cases at the Middlesex Hospital—A Photographic Record"; this most interesting book with its striking photographs, will serve to demonstrate how active has been our use of radium during the past years.

It is with regret that we have to record the retirement of three members of the active Staff of the Hospital, who for many years past have been most valuable teachers in the School in their own special branches.

Sir Arnold Lawson, the son of a distinguished Surgeon to the Middlesex Hospital, entered the School as a student in 1886, in due course winning the Hetley Prize and the Senior Broderip Scholarship; appointed to the Staff as Assistant Ophthalmic Surgeon in 1910, he was promoted to Ophthalmic Surgeon in March, 1914, which position he continued to hold until his retirement in December, 1930. Sir Arnold's services to St. Dunstan's during the war are well known, and it was for these services that he received the well-merited distinction of Knight Commander of the British Empire, but his services to our School have been no less valuable, and in his hands the teaching of Ophthalmic Surgery has more than maintained the standard set by his distinguished predecessor.

Mr. Comyns Berkeley came down from Cambridge in 1888 and joined the School as a student for his final subjects. He was appointed Assistant Obstetric Physician in May, 1903, and Obstetric and Gynaecological Surgeon in May, 1908, retiring from the active Staff in December, 1930. Mr. Comyns Berkeley has made, during all these years, the interests of Middlesex Hospital and its School his chief concern. A born teacher, a pioneer in gynaecological surgery and a gifted writer of text books, he has raised the reputation of Middlesex to a premier position in the Obstetric and Gynaecological world, and he is justly proud of the positions of distinction in this branch of Medicine now held in London and elsewhere by his old pupils and house surgeons at Middlesex. To the profession of nursing in this country he has also rendered conspicuous service, and during the last few years his peculiar interest and experience in the use of radium in the treatment of diseases of women has resulted in his appointment as Director of the Radium Committee of the North Western Hospital, and as Vice-Chairman of the National Radium Commission.

Mr. Herbert Charles entered the Middlesex Hospital as a student in 1889. He served as House Surgeon to Sir John Bland-Sutton, and in 1907 was appointed Assistant Anaesthetist to the Hospital. From 1910 until March of last year he held the appointment of Honorary Anaesthetist. For the past twenty-four years he has taken a most active part in the training of students in the administration of anaesthetics, and is responsible to a large extent for the excellence of their training and the very high standard which characterises the practice of anaesthesia at Middlesex.

The loss of these three men in one year, all of them Middlesex men so completely identified throughout their active life with the School and Hospital, is a serious one. We are glad to state that the Board has seen fit to appoint them to the Consulting Staff of the Hospital.

The vacancy in the Department of Gynaecology and Obstetrics has been filled by the appointment to the Staff of two men, again both Middlesex men, Mr. Louis Carnac Rivett and Mr. Frederick Roques. We welcome them to the Staff as distinguished old students who have already won an assured position in their branch of practice, and in whose hands, under the distinguished leadership of Mr. Victor Bonney, who now becomes Senior Obstetric and Gynaecological Surgeon, the future teaching of our students in Obstetrics and Gynaecology is assured.

Mr. A. E. W. Idris has been promoted from Assistant Anaesthetist to Honorary Anaesthetist to the Hospital, and Mr. Bernard Johnson, an old Middlesex student, has been appointed to the vacancy of Assistant Anaesthetist.

The Staff of the Ear, Nose and Throat Department has been strengthened by the appointment of an additional Surgeon in the person of Mr. C. P. Wilson, F.R.C.S., an old student of the School, and an additional Assistant Dental Surgeon has been appointed to that Department in the person of Mr. H. W. Breese, also an old student of the School.

We have to congratulate Dr. S. L. Baker upon his appointment to the Proctor Chair of Pathology in the University of Manchester. Dr. Baker was appointed in 1922 as Assistant to the Director of the Bland-Sutton Institute; a year later he became Lecturer in Morbid Histology in the school, and in 1928 was appointed as a Reader in the University of London in Morbid Anatomy. Whilst his departure to Manchester is a serious loss to the School it came as no surprise to those who were in a position to appreciate Dr. Baker's peculiar ability as a Morbid Histologist, as a teacher, and as a research worker, that the authorities of Manchester University had invited him to his new and important position. Dr. Baker only left us a month ago, and his place in the Bland-Sutton Institute has not yet been filled.

The British Empire Cancer Campaign has continued its generous support of our cancer research work. This contribution goes a long way towards enabling us to maintain our important researches into the many-sided aspects of this question; but research work is always costly, and it is only thanks to the continued receipt of donations, annual subscriptions and of legacies, which latter last year included the sum of £2,000 from the Executors of the late Miss Annie Docwra, that we have been able to balance our accounts without curtailing our work.

Towards the permanent endowment of the Courtauld Institute we have received a gift of £1,000 through Mr. Sydney Walton from an anonymous donor. Dr. R. A. Gibbons has continued his support of a special line of work in the same Institute, and we are grateful to British Colloids, Ltd. for having once again defrayed the cost of an Assistant working under Professor Dodds. Messrs. Boots, whose keen interest in and support of Biochemical research at Middlesex now extends over many years, have renewed their annual donation of £250. A continuance of special research on diseases of the teeth in the Bland-Sutton Institute is being still supported by anonymous gifts received through Mr. Warwick James.

We come finally to a record of distinctions obtained by Middlesex men during the past year, and the list of these on this occasion is so long that we must content ourselves with mere enumeration and forego the comments that many of them deserve.

Professor Russ has been appointed a Commender of the British Empire for his distinguished services to Radiology in this country. Mr. Sampson Handley, Senior Surgeon to the Hospital, has been elected a Vice-President of the Royal College of Surgeons; Dr. Tudor Thomas a Hunterian Professor. The Royal College of Physicians elected Professor Samson Wright to deliver the Oliver-Sharpey Lectures last May, and Dr. C. E. Lakin as Lumleian Lecturer for 1932. Dr. Evan Bedford, Assistant Physician to the Hospital, has been elected a Fellow of the Royal College of Physicians. Mr. A. J. Watson, Mr. A. R. Banham, and Mr. R. C. Tatham have obtained the Diploma of Fellow of the Royal College of Surgeons. Dr. Smithard and Dr. Pether have obtained the Degree of M.D., of the London University, and Dr. Pether has also obtained the Diploma of Member of the Royal College of Physicians. Mr. F. Roques has been elected Surgeon to Out-Patients to the Chelsea Hospital for Women. Dr. D. T. Davies has been appointed Assistant Physician to the Royal Free Hospital, and Mr. Arthur Gray has been appointed Assistant Obstetric Physician to the Charing Cross Hospital. Mr. F. O. Howitt, late Assistant in the Biochemistry Department, has obtained the Degree of Master of Science in Biochemistry in the University of London.

Mr. F. Dickens, for some years Assistant in the Courtauld Institute of Biochemistry, has been placed on the permanent Staff of the Medical Research Council, but is continuing his research work in the Courtauld Institute.

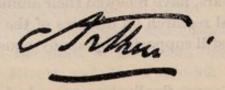

Finally, Mr. P. B. Ascroft, a winner of many prizes during his student days and recently House Surgeon has proceeded to Strasbourg for a year's post-graduate work in Surgery, having been awarded one of the five studentships recently instituted by the French Government, and open to all graduates of English Universities.

So long and distinguished a record pertaining to the past twelve months only, will, we feel sure, suggest to you that in recent years right up to now, Middlesex Hospital Medical School has attracted to its doors men not only of outstanding natural ability, but men who have been able to profit to the full from the opportunities the School, with its up-to-date scientific departments, now places at their disposal. If this be a true estimate of the calibre of recent and present Middlesex men, we would like to assure you that the number of undergraduate and also post-graduate students who are now coming to us, affords the greatest satisfaction to the teaching staff, and is of the happiest augury for the future of the Hospital and School.

I have the honour to be,

My Lords, Ladies and Gentlemen,

Your obedient Servant.

BOARD ROOM,

Chairman.

GOVERNORS.

THEIR QUALIFICATIONS, RIGHTS, AND PRIVILEGES.

- 1. Annual Subscribers of *Three Guineas or upwards* to the Hospital's General Fund, to the Middlesex Branch Hospital and Hulke Endowed Home, Clacton-on-Sea, to the Cancer Wing, to the Cancer Research Fund, to the Reconstruction Fund, or to the Medical School, are entitled to be Governors so long as their Subscriptions are paid.
- 2. Donors of *Thirty Guineas or upwards*, at one time, are made Life Governors, and at once entitled to all the privileges of Governors. The Endowment of a Bed or Cot (see p. 238) qualifies the donor as a Life Governor.
- 3. Honorary Governors are appointed, and the propriety of making such appointments is first considered by the Board, and then submitted for the consideration and approval of a Court of Governors.
- 4. Honorary Governors have, from the day of their appointment, the same rights and privileges in all respects as Life Governors. In cases of Bequests of Two Hundred Pounds and under Five Hundred Pounds, one of the Executors under the will is eligible for appointment as an Honorary Governor.
- 5. All Governors have the right of attending the Courts of Governors, but Governors who are in arrear with their subscriptions are not entitled to speak or vote at any such Court or to serve on any Board or Committee appointed in accordance with the Laws of the Hospital, and Governors who are new Annual Subscribers or Donors are not entitled to speak or vote at any such Court or to serve on any such Board or Committee unless their subscriptions or donations have been paid at least three calendar months previously, and Govenors being Salaried Officers or holding similar offices, or being Students or Servants of the Hospital, are not entitled to speak or vote at any such Court, or to serve on any such Committee, and are not entitled to speak, vote, or serve at or on any such Court, Board, or Committee for one year after they have ceased to be such Salaried Officers, to hold such similar Offices or to be such Students or Servants, unless specially authorised so to do by the Board.
- 6. No Governor is entitled to speak or vote at any Court, Board, or Committee on any question or matter wherein he or she is personally interested.
- 7. Every Governor has the right of visiting the Wards and other departments in the presence of any one of the Physicians or Surgeons of the Hospital, the Secretary-Superintendent, the Resident Medical Officer or his substitute, the Chaplain, the Lady-Superintendent, or one of the Visiting Governors.

We have examined the above Balance Sheet dated 31st December 1931 with the books and vouchers of the Hospital and have found them to be in agreement therewith. We certify that to the best of our knowledge and belief the regulations of the Revised Uniform System of Hospital Accounts have been followed, except that Annual Subscriptions and Donations received by the first post on the 1st January, 1932, have been included with the Income for the year ending 31st December, 1931. During the year we inspected the documents of title in respect of the freehold and leasehold land and buildings, and have had produced to us certificates from bankers and others verifying the investments and the balances with bankers at the date of the Balance Sheet.

ADMISSION OF PATIENTS

Patients are required to contribute in accordance with their means towards the cost of their maintenance. The amount of a Patient's contribution is agreed upon after enquiries made, either before or after admission to the Hospital, from the Patient or the Patient's relatives or friends; but no distinction is made between those who can and those who cannot afford to contribute.

No letters of recommendation are required for the Out-Patient Department. Patients are required to contribute 1/- at each attendance, but are excused from payment if their circumstances warrant it. Further contri-

butions are invited from those attending the Special Departments.

Patients are received for admission, or for Out-Patient Treatment:—

In-Patients are expected to be provided with clean and suitable clothing and change of linen. They also have to provide themselves with washing. In all cases where the Patients are too poor to provide themselves with these articles, they are supplied to them by the Lady Almoner from special funds which she has at her disposal for the purpose.

Any Officer, Sister, Nurse, Servant, or person employed in any Department of the Hospital accepting Money, or Presents of any kind, from a Patient, or relative or friend of any Patient, on any pretence what-

ever, is liable to dismissal.

The following Cases are not admitted into the Hospital:-

1. Those which are, upon due examination, deemed Incurable, as Advanced Consumption, etc.

2. Complaints so tedious of Cure as to preclude for a long time the

admission of more urgent cases, as Chronic Ulcers of the Legs, etc.

3. Disorders, to the Cure of which other establishments are devoted, as Persons of Unsound Mind, etc.

4. Those which are more properly objects for Parochial Relief, as

wanting Food and not Medicine.

 Those whose admission might endanger the other Patients, as persons suffering from Infectious Diseases.

6. Complaints likely to be aggravated rather than relieved by confinement within the walls of a Hospital, but such cases, if deemed proper objects, may receive advice and medicine as *Out-Patients*.

Prior to sending up Patients from the Country, the Resident Medical Officer should be applied to, in order to learn whether there is room, and such application should be accompanied by a medical certificate setting out fully the nature of the case.

THE MIDDLESEX HOSPITAL CANCER WING.

ADMISSION OF PATIENTS.

- 1. Out-Patients suffering from cancer are specially attended at the Out-Patient Department on Wednesdays at 1.30 P.M.
- 2. No patient can be admitted unless previous application has been made to know whether there be room.
- 3. Patients to be admitted should be suitably clothed, have a change of linen, and find security (if required) for a future supply, and for their removal if it be found necessary to discharge them.
- 4. Persons suffering from cancer or cancerous disease are admitted as In-Patients, and may remain "until relieved by art or released by death," unless it be found necessary to discharge them for insubordination or mental derangement.
- 5. No pauper can be received from any Parochial Institution without the special permission of the Board of Management.

THE MIDDLESEX HOSPITAL MEDICAL SCHOOL,

TWO Casualty Medical and Two Casualty Surgical Officers, Four Resident Officers to the Special Departments, Eight Resident House Surgeons, Eight Resident House Physicians, Two Resident Obstetric and Gynæcological House Surgeons, Nine Registrars, and Three Resident Anæsthetists, are appointed annually from among the qualified Students of the Hospital.

Two Open Entrance Scholarships of the value of £100 each. 2 Scholarships of £90 and £60 open to Students of Oxford and Cambridge Universities who have completed their Anatomical and Physiological Studies, are awarded at the commencement of the Winter Session. An Entrance Scholarship and the Asher Asher Prize are awarded annually to a Pupil of Epsom College who has passed the First examination for Medical Degrees of the University of London. A Scholarship value £36 15s. 0d. is awarded to New Zealand Students who have passed their examinations in Anatomy and Physiology and who are proceeding to take a qualification in England. An Exhibition of £10 10s. is awarded at the end of the second Winter Session for proficiency in Anatomy and Physiology. The Hetley Clinical Prize of £25, the Leopold Hudson Prize of £11 11s., and the Lyell Medal and Scholarship, value £55 5s., are awarded annually. Two Broderip Scholarships, of the value of £60 and £40 respectively, are awarded to fifth year Students for proficiency in Clinical knowledge. The Freeman Scholarship, of about £30, is awarded annually to Senior Students for proficiency in Obstetric Medicine. The Murray Medal and Scholarship of £25 is awarded every third year. Research Scholarships and Class Prizes are also awarded.

The Tutors superintend and assist Students in their studies without extra fee, and thus the necessity of obtaining private instruction away from the Medical School is obviated.
