Hospital for Consumption and Diseases of the Chest,
BROMPTON.

103rd Annual Court of Governors,

Thursday, 23rd March, 1944.

WIDDRINGTON STAFFORD, Esq.,
in the Chair.

REPORT OF THE
COMMITTEE OF MANAGEMENT.

The Committee have the pleasure to report that the work of the Hospital has continued throughout the past year without interruption.

The number of in-patients treated shows a further small increase over the previous year, whilst the number of out-patients attending the Hospital is the highest recorded for over 30 years. Patients

The death of Mr. D. H. McDonald, who served the Hospital as Dental Surgeon for over 23 years, is recorded with deep regret. Death of
Mr. D. H.
McDonald

The Committee decided that the vacancy thus created be filled temporarily during the War, and Mr. A. T. Partridge, L.D.S., R.C.S. (Eng.), D.D.S. (Penn.), has been appointed.

They are pleased to report that at their invitation Lord Doverdale has joined the Committee of Management. Committee of
Management

In common with most of the Voluntary Hospitals throughout the country, the Committee have adopted the recommendations of the Rushcliffe Committee on Nurses' Salaries and conditions of employment, and the Report of the Hetherington Committee on Wages and Conditions of Employment for Domestic Workers in Hospitals. Nursing and
Domestic
Salaries

The Committee are sure that their action will meet with the approval of the Governors and Subscribers. It will, however, entail a considerable increase in expenditure.

Film on
"Surgery in
Chest Disease"

A series of Medical Films, intended primarily for overseas medical audiences, is being made for the British Council. The first of the series entitled "Surgery in Chest Disease" is intended to indicate the scope and progress of chest surgery and collateral services in this country.

Most of the film was taken at the Hospital and has been acclaimed in the medical press as one of the best instructional films of any kind that has ever been seen, and the hope is expressed that it will be widely distributed abroad to enhance the already high reputation of all those concerned in its making.

"Montgomery"
Bed

The Committee express their gratitude to Miss Ruth Montgomery who organised an appeal for funds to endow a "Montgomery" bed in the Hospital as a tribute to General Sir Bernard Montgomery and the Officers, Non-commissioned Officers and Men of the Eighth Army. The sum of £1,423 has already been received, and has been added to the Endowment Fund.

The restriction placed by the Minister of Supply on the use of paper for annual reports by Companies registered under the Companies Acts does not apply to this Hospital, which was established under a Special Act of Parliament in 1841, but the Committee feel that, in view of the National need for the strictest economy in the use of paper, it will be in accordance with the wishes of the Governors and Subscribers that the Report be curtailed as much as possible.

Abridged
Annual
Report

Much information which it has been the practice of the Committee to publish in the Report in past years has been omitted, including the list of Governors and Subscribers. The list, however, is available for inspection on application to the Secretary.

In conclusion, the Committee desire once again to express their sincere thanks to "Bundles for Britain, Inc.," the Dudley House Depot for gifts from America to Great Britain and the War Organisation of the British Red Cross Society and Order of St. John, for gifts of Hospital equipment, clothing, etc.; to the Voluntary Librarians of the British Red Cross Society and Order of St. John Hospital Library; and to the professional, administrative and domestic staff, both at the Hospital and at the Sanatorium, for their valuable and devoted work during the past year.

DUDLEY,
Chairman.

Brompton Hospital Sanatorium.

REPORT FOR THE YEAR 1943.

MALE PATIENTS.

ADMITTED.		DISCHARGED.			
On Exercise.	Died.	I.S.Q. or Worse.	On Walk- ing Exercise.	On Light Grade.	On Full Grade.
24	—	—	3	4	17
Not on Exercise.					
161	9	19	26	14	93

FEMALE PATIENTS.

ADMITTED.		DISCHARGED.			
On Exercise.	Died.	I.S.Q. or Worse.	On Walk- ing Exercise.	On Light Grade.	On Full Grade.
12	—	—	—	—	12
Not on Exercise.					
168	11	7	15	17	118

NOTE :—

On Exercise.—Those well enough to be up for six hours and able to take a minimum of half-a-mile walking exercise daily.

Not on Exercise.—Those below this standard.

Further figures dealing with the routine work :—

The average daily number of beds occupied	146.7
The average length of stay	133.5 days
The number of cases in which artificial pneumothorax was performed during the year	197
The number of "refills" in the above cases	3,496
The number of sputum examinations made during the year	1,314
The number of urine examinations made during the year	4,019
The number of X-ray photographs taken	2,660

Admission :—	On Exercise.	Not on Exercise.	Total.
1936 ..	179	166	345
1937 ..	74	300	374
1938 ..	81	303	384
1940 ..	30	291	321
1941 ..	32	263	295
1942 ..	39	303	342
1943 ..	36	329	365

The rising figures of those admitted "not on exercise" is interesting. It is partly attributable to war conditions and shortage of hospital beds, but also reflects a definite change in the conceptions of the correct treatment of the disease.

Of the 365 patients admitted, 46, or 12.6 per cent. failed to respond to treatment and either died or became worse. This figure is practically the same as that for 1942. These 46 cases were all admitted in the "not on exercise" class.

Of the 319 who responded to treatment, 250, or 78.3 per cent., reached the full grade of exercise. As the Table shows, this figure rises year by year. It argues efficient choice of case for treatment at Frimley and also that better and earlier cases are being sent for treatment. This is probably due to the increasingly efficient use of radiology.

Percentage of Patients responding to treatment who reached Full Grade of Exercise :—

1930..	..	59.2%	1936	65.7%
1931..	..	53%	1937	60.8%
1932..	..	59.2%	1938	68.2%
1933..	..	64.7%	1940	72.4%
1934..	..	66.5%	1941	74.7%
1935..	..	67.3%	1942	75%
			1943	78.3%

The Nursing Staff has been maintained at practically full strength during the year, and, as in former years, it is my pleasure to record the high standard of their efficiency, their co-operation, and their goodwill.

The male and female Domestic Staff has been below strength, but those who are employed have worked loyally and hard, which has enabled us, by cutting down work to bare essentials, to keep at bay the bogey of "closure of beds."

We are grateful to Mr. Parkins for supplying and projecting film programmes during the winter seasons. We have been fortunate, too, during the year to have had several concerts and displays given by various military units quartered in the neighbourhood.

The Staff War Savings Group has kept up its activity. £4,953 has been contributed in the four years of its existence.

I record with regret the death of F. R. Hall, the Sanatorium store-man for 30 years—a faithful servant.

The Lady Almoner's visits have continued, and have proved as valuable as ever.

R. C. WINGFIELD,
Medical Superintendent.
