## The Royal Manchester Children's Hospital.

---

The Hospital was founded in 1829, in Ridgefield, Manchester. In 1852, a small Hospital was established in North Parade. Owing to want of room, and the desirability of having a special Ward for Infectious Diseases, the Hospital was removed to Bridge Street in 1858.

The Old Dispensary was built in 1868.

In order to enable the patients to have the benefit of better air, the land at Pendlebury, on which the present building stands, was purchased at a cost of £450 per acre, and the Hospital was opened in 1873.

By means of a Bazaar held at the Free Trade Hall (which raised £24,000) and other generous gifts, the Hospital was completed and formally opened on 30th January, 1878.

Appealing in 1904 for the purpose of erecting a new Dispensary at a cost of £20,000, the Residuary Legatees of the late Mr. GODFREY ERMEN provided the Board with £12,000 to complete the amount required, and the new "GODFREY ERMEN MEMORIAL DISPENSARY" was opened on 7th March, 1907. The Residuary Legatees gave a further £5,000 to provide a new Massage Department, which was opened in 1922.

The CONVALESCENT HOME at Lytham St. Annes was presented to the Hospital in 1897 by Sir WILLIAM AGNEW, Bart.

In 1919, £10,000 was received from the late Mr. JESSE HAWORTH.

In 1920 a grant of £20,000 was made by the Committee of the National Relief Fund.

In 1923 the name of the Hospital was altered to the Royal Manchester Children's Hospital by gracious command of His Late Majesty King George V.

In 1924 a new Nurses' Home was opened on 8th December, by the Earl of Derby, K.G., P.C.

In 1927 £5,000 was received from the late Mr. Charles E. Craston.

In 1927-8 £18,000 was received from the late Mrs. Hannah Heynssen and the late Miss Rosina Lipman.

In 1930 £6,556 was received from the late Mr. Joseph Hugh Monk.

In 1930 The Westwood Estate, approximately five acres, was purchased for the sum of £7,500.

In 1935 the sum of £32,819 1s. 2d. was received from the estate of the late Mr. John Edward Yates.

ROYAL MANCHESTER CHILDREN'S HOSPITAL  
PENDLEBURY.

# 110th Annual Report

FOR THE YEAR ENDED 31st DECEMBER, 1938.

Once again the time has arrived for the Board of Governors to give an account of their stewardship during the past twelve months to the large army of their friends and supporters, and no better start can be made than by thanking them one and all, past and present, for the regular and ungrudging help which has enabled Pendlebury to exist for a century and a decade.

More helpers are still required, and the Governing Body would like to ask that each present subscriber should in the coming year try to add at least one new name to the list which appears at the end of this, their 110th Annual Report.

Contributions to a children's hospital should be regarded not as a charity, but as a sound investment in the future welfare of our nation.

During the past year the Hospital has lost an old and valued friend by the death of Alderman Joseph Crookes Grime, O.B.E., J.P., during his year of office as Lord Mayor of this City. Alderman Grime had given many proofs of his affection for Pendlebury, and his loss is sincerely deplored by all connected with the Hospital.

## **POLICY OF THE HOSPITAL.**

After the rather considerable expansion of the past few years, it is only natural that the Board should have given serious thought to the problems of the future.

Statistics of the population of this country show clearly that over the next quarter of a century there will be a serious decline in the population of children under the age of 14.

This may not be so serious as it sounds if the standard of health can be correspondingly raised, but it is the opinion of the Governing Body that for the immediate future at any rate, attention must now be given to improving and perfecting the Hospital equipment rather than further expansion.

The Board of Governors have therefore committed themselves to this important declaration of policy, and all efforts are now being directed towards this end.

As a first and very necessary step, the entire boiler plant has been renewed at a total cost of £8,678 16s. 10d., a somewhat staggering figure, but rather less than had been estimated. The old plant, installed in 1883, had long been failing and had become quite inadequate for the increased work it had been called upon to do. The work is now complete, and the Hospital will now be adequately served for many years to come, and important economies in the use of fuel will be made. The Board would like to acknowledge their indebtedness to Mr. A. B. Mallinson, M.I.Mech.E., M.I.E.E., who acted as Consulting Engineer.

Nor is this the only direction in which consolidation and improvement have been carried out.

Intensive examination has been given to the important question of Infant Feeding and Management: new Rules for the Control of Infection have been drawn up: a new system of Ward Screens is being tried out with the object of reducing risk of infection, and the results of this experiment already give considerable cause for satisfaction: a detailed scheme for the organization of play supervision has been put into operation at the Zachery Merton Home: important reforms in the Pathological Department are now in course of preparation, and it is only consideration of the expense involved that has prevented them from being already put into operation: the regulations for the safe custody and administration of dangerous drugs have been overhauled and tightened up, and new Poison Cupboards have been installed in each Ward.

## **AIR RAID PRECAUTIONS.**

Air Raid Precautions have received the close attention of a Sub-Committee specially appointed to deal with this most important subject, though here again the serious problem of the expense involved has prevented action from being as immediate as the necessity warrants.

A number of precautionary measures were adopted at the time of the crisis in September, and further plans of a permanent nature have since received the attention of this Committee.

The whole of the Nursing, Domestic, Works Maintenance, and Clerical Staff have received a course of lectures in Air Raid Precautions.

All will agree in deploring the sad necessity for this inevitable expense, but it is quite clear that for the future, measures to ensure safety against attack from the air will be an essential consideration in all building operations, whether public or private.

### **GARTSIDE STREET—OUT-PATIENTS' DEPARTMENT AND DISPENSARY.**

For some years past, reference has been made in the Annual Reports to the necessity of improvements in this Department. During the year an opportunity was afforded of purchasing some adjacent property at a reasonable price. The prospect of carrying out this long felt want appears to be coming appreciably nearer. The financial difficulty is now the only obstacle in the way of obtaining the improved accommodation so badly needed.

Considerable expenditure, also long imminent, has had to be incurred during the past year in rewiring the electric supply of this department. The change-over of the supply from direct to alternating current has made it necessary to proceed without delay, and the opportunity will be taken to modernise some of the Sunlight and X-Ray apparatus. The cost will be in the neighbourhood of £1,800 towards which the Corporation of Manchester has made a grant of £280.

### **PSYCHOLOGICAL AND SPEECH CLINICS.**

Important work has been carried out, and Dr. Mary W. Burbury, M.A., M.B., B.S., D.P.M., has accepted an invitation to join the Hospital Staff as Hon. Psychiatrist.

### **SEASIDE CONVALESCENT HOME, LYTHAM ST. ANNES.**

Alterations to the water supply have been carried out and have proved very satisfactory.

It is pleasing to note that the income of this Branch is steadily if slowly increasing, and it is hoped that those of our supporters who live in the Fylde District will endeavour to interest their friends in this important outpost of the Hospital's activities.

### **ZACHARY MERTON HOME.**

This Home continues to fulfil the high hopes entertained for it and the Board wish to repeat their often expressed deep gratitude to the Trustees of the Zachary Merton Residuary Fund.

### FINANCE INCOME SUB-COMMITTEE.

This Sub-Committee continues to examine closely all possible and potential sources of income for the Hospital and the Governors wish to acknowledge the splendid help they have received from the Secretary and his staff in this ever and increasingly important quest.

### CONSULTING STAFF.

We are pleased to welcome Mr. G. F. Rowbotham as Hon. Neurological Surgeon.

### LADIES' COUNCIL.

Praise of the excellent work done by this devoted organisation is a regular feature of our Reports, and the Board would like to assure these ladies that their self-sacrificing labours for the Auxiliary Fund are deeply appreciated and will never be under-estimated.

It is perhaps not difficult to make an isolated effort, but to keep up the struggle year after year requires courage and devotion of a high order.

### NURSING.

The Nursing and Household Sub-Committee have met at frequent and regular intervals throughout the year to consider all matters likely to improve and ameliorate the conditions under which the Nursing Staff carry out their labours.

Not every reform that seems desirable is capable of immediate achievement, generally for financial reasons, but sometimes because the larger and more important questions such as higher pay and shorter hours are still receiving the consideration of higher authority.

It is, however, comforting to note from the recently published Interim Report of the Inter Departmental Committee on Nursing Services, how many of their proposed reforms have already been in force for some time at Pendlebury.

Great thanks are due to the Matron and all members of the Nursing Staff for their high and cheerful devotion to duty.

Medals for the best work and examination results have been awarded to the following Nurses, who are heartily congratulated upon their success:—

Gold Medal	....	....	Nurse Mary Abbott.
Silver Medal	....	....	Nurse Valerie Willis.
Bronze Medal	....	....	Nurse Brenda Merry.

### **CENTENARY PAGEANT.**

During the past year a pageant was held in Platt Fields to celebrate the Centenary of the City of Manchester. The immense labour involved in the preparation of this pageant by Sir Kenneth D. Stewart, K.B.E., and his band of helpers, was most cruelly treated by the wretched weather, but in spite of all, a gift of £90 from the Pageant Committee was made to the Hospital, who wish to place on record their grateful thanks for this much appreciated contribution.

### **MANCHESTER AND SALFORD HOSPITAL SATURDAY AND CONVALESCENT HOMES FUND.**

The Board of Governors wish to acknowledge with grateful thanks the increasing annual support given by the Chairman of the Executive Committee and Members of this Fund for the treatment of patients, and offer their best wishes for their continued success. During the past year, their contribution to this Hospital was no less than the magnificent sum of £6,209 5s. 8d.

### **MANCHESTER AND SALFORD MEDICAL CHARITIES.**

This Fund has during the past year contributed the sum of £1282 0s. 7d. to the funds of this hospital, and the Board's grateful thanks are given to all who have contributed to this splendid result.

### **ACKNOWLEDGMENTS.**

The Board of Governors here wishes to place on record its great appreciation of the cordial and friendly relations which have at all times marked their dealings with their Colleagues of the Honorary Medical Staff who are so largely responsible for Pendlebury's high reputation in the Hospital world.

Grateful thanks are due to the members of the Permanent Medical Staff and to all members of the Clerical and Works Staff for their cheerful and capable work in all circumstances, and particularly during the anxious days of the crisis in September.

Grateful thanks are also due to the Hospital's Honorary Solicitors, Messrs. Lingards, Sutton, Elliott & Co., and to the Honorary Auditors, Messrs. Halliday, Pearson & Co., for the vast amount of help which they have given and continue to give to the Hospital.

# Report of the Medical Board

FOR THE YEAR ENDED 31ST DECEMBER, 1938.

---

TO THE BOARD OF GOVERNORS OF THE ROYAL MANCHESTER  
CHILDREN'S HOSPITAL.

---

MY LORD, LADIES AND GENTLEMEN,

Though the number of patients during the year has been rather less than last, it is well up to average. In the early months we were hampered by widespread epidemics of infectious disease in the surrounding districts, during which admissions to hospital were considerably curtailed.

The question of defence of the hospital against invasion by infectious disease, and strict limitation of its spread in the event of a case occurring in the wards, has been engaging the attention of the Medical Board for some time, and a very comprehensive scheme has been drawn up with this object. The Isolation Block, opened last year, has proved invaluable for the segregation of any suspected case or contact, or any infectious case unfit for transfer to a fever hospital. A further protection has been initiated by having a number of beds in the wards cubicled by metal and glass screens. Already this has been carried out very successfully in one ward, and we look forward to similar provision in the other wards in series, when they are emptied for cleaning.

The new Lecture Room for Nurses has been much appreciated, and makes a great improvement in the nurses' training. We are pleased to note the continued good percentage of successes in the State Examinations.

The strength of the consulting staff has been increased by the creation of a new appointment of Honorary Neurological Surgeon. This has been accepted by Mr. G. F. Rowbotham, whom we welcome, and whose services in this special field are much appreciated by his colleagues.

The Zachary Merton Home continues to prove its usefulness in getting the children really fit before returning to their homes. Further improvements in convalescent treatment have been introduced by a detailed scheme of controlled play-therapy and re-educative exercises. This is showing good results.

For the many cases needing sea air, the Convalescent Home at St. Annes provides an excellent alternative.

With regard to the Pathological Department, it has long been felt that the great inconvenience of having only one laboratory situated at Gartside Street, should be remedied. We have recommended the inception of a fully-equipped laboratory and technical assistance at the hospital, and we hope that this will be possible in the near future.

At the Dispensary, Gartside Street, the work has again been heavy, and a record number of operations has been performed. The large amount of work in the Ear, Nose and Throat Department has necessitated extra assistance. This has been provided by the appointment of an Aural Registrar to help with out-patient consultations and operations. It is gratifying to note that the waiting list for out-patient operations in all departments has been reduced to very small numbers.

The Speech Clinic, under the guidance of Mr. Hodgkins and his staff, has continued its excellent work. In this connection, it has been found that many speech defects are associated with other functional disturbances, and for this reason the Medical Board feels that it is highly desirable to have skilled psychological advice. The Board of Governors has therefore appointed an Honorary Psychiatrist, and has been fortunate to obtain the services of Dr. W. Mary Burbury, to fill this post. The department now adopts the title of Psychological and Speech Clinics, and is under Dr. Burbury's control. This does not interfere with Mr. Hodgkins' duties as Director of Speech Training.

The difficult problem of inadequate accommodation is still with us—the building not having been able to keep pace with the expansion of departments necessary in the modern investigation and treatment of out-patients. In spite of this unfavourable time of financial stringency, we have to ask for further serious consideration of the possibility of building extensions.

We have been honoured by the election of one of our members, Mr. Ollerenshaw, as President of the Orthopædic Section of the Royal Society of Medicine for 1938-39.

The Medical Board again desires to put on record its thanks for the ever-willing help of its many assistants—medical, nursing, massage, dispensary, and clerical—which adds so greatly to the smoothness and efficiency of its work.

Withington, 24th November, 1938.

Let me pay a tribute to the wonderful work that is carried on by your hospital and express to you how grateful I am for everything that is being done.

Latchford, 9th December, 1938.

My husband and myself are pleased to say she has benefited from the two operations Mr. — has performed. We shall most certainly send a donation to show our deep gratitude for what has been done for our little daughter,

Rhodes, 8th December, 1938.

A few years ago my boy was a patient in your Hospital for about 6 months and a very wonderful cure was brought about which saved his life, and for which we shall ever be thankful. It was Christmas time when he was in Hospital and he never tires of telling of the grand time he had—the kindness, the presents, the memory of which, he says, will always be with him. Now he is better, he wonders whether it would be possible for him to visit the hospital again to see his old ward again, and perhaps renew the acquaintance of the nurses whose memory he worships.

11, Spring Gardens,

Manchester, 2.

24th February, 1939.
