1935

The following gracious reply was accorded by HER ROYAL HIGHNESS THE PRINCESS LOUISE, DUCHESS OF ARGYLL, to the Address presented by THE RIGHT HON. VISCOUNT EVERSLEY, President of the Hospital, on the occasion of the Foundation Stone being laid of the Second Block of Buildings, July 28th, 1869, by Her Royal Highness on behalf of her late Majesty QUEEN VICTORIA.

“ I thank you for your Address, and for the kind way in which you have received me, and I assure you that I take part with sincere satisfaction in the good work inaugurated to-day.

“ The Queen, my dear mother, on whose behalf I appear among you, feels a deep interest in this admirable charity, and sympathises with the effort you are making to extend its benefits.

“ It has ever been the desire of Her Majesty’s heart (and every member of her family shares it) to promote every enterprise for the relief of her suffering subjects.

“ The special diseases for which the Hospital is designed are those for which *art* can do least and *nature* most. May God, therefore, grant that the pure and health-giving climate of this beautiful district may be blessed to the restoration of all who shall be admitted to this noble Institution.”

The following appreciative reference to the Services held in the beautiful Chapel—which forms part of the establishment at Ventnor—is taken from the “ Isle of Wight Mercury ” :—

“ It is not, we think, generally known how excellent are the services now being held in the chapel of the Royal National Hospital. There cannot surely be a prettier place of worship in any charitable institution. It is enriched with memorials and other benefactions which give it an ornate yet imposing appearance. This especially applies to the beautiful reredos a gem of its kind. The services are invariably conducted by the Chaplain, whose ministrations generally in the hospital are meeting with the warmest appreciation and acceptance.

“ The choir is composed of sisters and nurses, and it is obvious that they are well trained in what they have to do. The organist plays the small, though beautifully toned, instrument with great ability and feeling. Last Sunday morning the hymns and chants were excellently rendered. . . . The services are of an inspiring and extremely reverent character, and we print this paragraph here because it may not be well known that the church is open to visitors at all services.”

The chapel was consecrated by the late Bishop of Winchester, Dr. Harold Browne, on 13th December, 1873.

RATES OF SUBSCRIPTION.

The Bye-Laws relating to the qualifications and privileges of future Governors are printed *in extenso* on pages 44 to 47.

A Donation of Fifty Guineas (either paid at one time or at different periods within three years) constitutes a Life Governor; an Annual Subscription of Five Guineas, an Annual Governor.

One payment of Five Guineas does not constitute an Annual Governor, it being the intention of the Royal Charter that an Annual Governor shall be one who will continue the same yearly; as by Clause 9 of the Charter the amount required to constitute a Governor for one year is a Donation of Ten Guineas.

Donors of the sum of £525 are entitled always to have one patient in the Hospital, subject to the Rules, etc.

The Board of Management are prepared to set apart one Bed in perpetuity (to be named, if desired, after the Donor) in return for a gift of £1,000, with the Right of Presentation to that Bed by the Donor during life, subject to the Rules of the Hospital, the Donor also having the power to bequeath the Right of Presentation to any one person he or she may appoint.

DONATIONS AND SUBSCRIPTIONS *will be thankfully received by the Treasurer; and by the WESTMINSTER BANK LIMITED, St. James's Square, London; LLOYDS BANK LIMITED, Ventnor Branch; the Medical Superintendent at the Hospital; and by the Secretary, MR. H. R. ROWE, at the Offices, 18, Buckingham Street, Strand, London, W.C.2, from whom all further information can be obtained.*

Privileges

OF

Governors and Subscribers.

The following revised Rates of Subscriptions came into force on the 19th March, 1903, but Subscribers and Donors previous to that date will continue to receive Letters on the old scale :—

- £5 5 0** ANNUAL SUBSCRIPTION constitutes a Governor with ONE Letter of Recommendation ANNUALLY.
- £10 10 0** DONATION constitutes a Governor for ONE year with ONE Letter of Recommendation.
- £52 10 0** DONATION (either paid in one sum or within 3 years) constitutes a Life Governor with one Letter of Recommendation annually.
- £52 10 0** ANNUAL SUBSCRIPTION or
£525 DONATION entitles the Governor to the privilege of a Presentation Bed, i.e., of having always one Patient in the Hospital.
- £1000** DONATION entitles the Donor to the Right of Presentation to one Bed (to be *named* if desired after the Donor, or "*In Memoriam*," in perpetuity), the Donor also having power to bequeath the Right of Presentation to any one person whom he or she may appoint.

Executors or Trustees having discretion to select the charitable Institution to be benefited are entitled to nominate one of their number to receive the privileges such person would have been entitled to if the actual donor of the contribution.

GENERAL APPEAL.

1.—The Board of Management of **THE ROYAL NATIONAL HOSPITAL FOR CONSUMPTION AND DISEASES OF THE CHEST ON THE SEPARATE PRINCIPLE** beg to call special attention to the claims of this Hospital, and to solicit, on the following grounds, the generous support of the benevolent :—

2.—It is in the truest and widest sense of the words **A National Institution**. It opens its doors to **A** applicants from all parts of the British Isles, **National** without distinction of sex, creed, or religious **Institution.** denomination. There is accommodation for 162 patients.

3.—The Hospital is under the Patronage of Their Majesties **Royal** The King and Queen Mary. Her late Majesty **Patronage.** Queen Victoria signified her gracious approval and appreciation of its objects by granting to it a royal charter of incorporation in 1885. Her late Majesty was also graciously pleased to honour the Hospital by a personal visit on February 11th, 1888, and to express approval of the arrangements for the comfort and treatment of the Patients. A Block of Houses has been named "The Queen Victoria Block" after Her late Majesty. His late Majesty King Edward VII graciously visited the Hospital in 1902, and inspected the whole of the Institution. Her Majesty The Queen visited the Hospital on 5th August, 1920, and was graciously pleased to send her autographed portrait and that of His late Majesty King George V, in commemoration of this visit. His Majesty The King opened the Thomas Lampard Green Nurses' Home on 22nd July, 1926, and also inspected the Hospital.

BLOCKS VII AND VIII SHOWING VERANDAH.

4.—This Hospital is situated in one of the loveliest and most sheltered spots of the Undercliff of the Isle of Wight, the climate of which is most suitable for the treatment of the special diseases for which the Hospital was established. On the west the site is protected by a row of high trees, and is somewhat under the shelter of the Undercliff in the distance ; on the north it is backed by woodland sweeping up to the Undercliff range in the background ; on the east shelter is afforded by the rising ground in front of Steephill Castle ; and on the south or sea aspect, which the sitting and sleeping rooms face, the undulating nature of the ground offers considerable protection, and yet allows charming views of the sea, which is distant about three hundred yards.

The grounds cover over twenty acres of a well-drained land, sloping generally towards the sea, laid out as terraces, lawns, pleasure grounds, flower and vegetable gardens, in which, in accordance with the now generally accepted treatment, the patients are encouraged to take exercise and engage in such labour and occupation as, in the judgment of the physicians, is suited to their respective powers and conditions of health, a course which has proved most beneficial.

5.—Founded in the year 1867 by Dr. Arthur Hill Hassall, the Hospital was designed and erected on the separate or cottage principle, now universally acknowledged to be the best method of hospital construction, and one possessing most important medical and sanitary advantages. It now comprises eleven separate blocks of buildings, affording accommodation for 88 men and 69 women, IN SEPARATE BED-ROOMS.

6.—It is universally admitted that good and proper food is essential in cases of Consumption. Therefore the greatest care is taken with the dietary of the patients, and especially with the milk, which is *pasteurised*, and is of the purest character obtainable.

7.—It is unnecessary at the present day to enlarge upon the fact that Consumption is one of the most prevalent distressing and fatal of the maladies to which our fellow-countrymen are subject. Though specially a disease of the poor, no class of society is exempt from it. It particularly affects cities, ravages the ranks of dwellers in crowded areas, and of workers engaged in sedentary occupations. It is not surprising, therefore, that the Hospital has been fully occupied from the day when the first Block of Houses was opened, and there are usually many applicants waiting for admission. Over 37,000 In-Patients have already received the benefits of the Hospital. These facts prove that the Institution has, from the first, supplied a great public and national want.

8.—The Patients admitted are chiefly in the incipient or early stages of the disease, and the results achieved have been very gratifying and encouraging, many of the inmates having been enabled, upon return to their homes, to resume their usual occupations. They express themselves as most thankful and satisfied with their treatment at the Hospital.

9.—The Board, in common with the majority of hospital managers of the present day, being of opinion that a payment of some kind by the Patients is desirable, require £2 per week towards the cost of maintenance, which averaged £3 9s. 8d. a week in 1935.

10.—An earnest invitation is extended to all who can do so, to pay the Hospital a personal visit, which, it is felt, will enhance the satisfaction and pleasure felt by all connected with this work of charity. The Board of Management take pleasure in the fact that many hundred visitors have expressed very high approval. A large number of distinguished philanthropists, members of the medical profession (including foreign physicians), and others

PART OF THE DINING HALL.

who take interest in charitable work, have specially visited the Hospital, and in some instances, plans have been requested with a view of erecting, elsewhere, Hospitals on similar principles.

11.—Patients are received from all parts, and about one-half the number come from the Metropolitan area. **Patients received from all parts.** The Hospital has, consequently, afforded great benefit to the inhabitants of this Kingdom, and London especially—a fact recognised by most of the City Livery Companies and by the Council of the Metropolitan Hospital Sunday Fund, who award grants to this Institution.

Maintenance of the Hospital.

Since the war medical and surgical knowledge has been applied much more intensively to consumption, as to all disease, and the staffing and equipment is much in advance of pre-war days. Although patients contribute £2 a week, there is a large proportion of the cost of treatment to be met by voluntary gifts. There is no Government aid. King Edward VII Hospital Fund for London can only help work done within eleven miles of St. Paul's Cathedral, so the Hospital can only exist by Annual Subscriptions, Donations, and Legacies, all of which are most anxiously requested to maintain this truly national charity.

GIFT OF HOUSES.

The Houses have been erected by generous friends, and each bears a distinct name, usually that of the donor, or some one intimately associated.

The following is a complete list of the Houses erected :—

The PRINCESS LOUISE HOSPITAL, after H.R.H. The Princess Louise, Duchess of Argyll, who laid the Foundation Stone of the House on behalf of Her late Majesty Queen Victoria.

. . . THE . . .
SIXTY-SEVENTH ANNUAL REPORT
OF THE BOARD OF MANAGEMENT

For the Year ending 31st December, 1935,

Presented to the Annual Meeting of Governors on

17th JULY, 1936.

The Right Honourable LORD EBBISHAM, G.B.E.

in the Chair.

The Board wish to record a respectful expression of their deep sorrow at the sad loss sustained during the past year by the much lamented death of the Royal Patron of the Hospital—His Majesty King George V, and their gratitude for his patronage and many contributions made to its funds.

The Board are glad to announce that His Majesty King Edward VIII has graciously granted his Patronage to the Hospital and has subscribed to the funds. It will be remembered that His Majesty, when Prince of Wales, visited the Hospital in 1925 and formally opened the Nurses' Home.

It is with great pleasure that the Board can again point to an increase in income over the previous year. Whilst thanking all supporters most warmly, the Board wish particularly to acknowledge the following gifts.

Finance. The most striking difference in the accounts is the large increase in donations due to the magnificent gift of £1,000 by a lady who wishes to remain anonymous. This, together with the fine response to the President's appeal of December 1934, has enabled the Board of Management to carry out many much needed alterations, improvements and repairs.

A WALK IN THE WOMEN'S GROUNDS.

[“Country Life”

Additional washing accommodation has been installed in Blocks 1 to 4 on the women's side, and the blocks on this side have been redecorated and the sitting rooms refurnished. A refrigerator has been purchased for the main Kitchen and also an electric mixing machine. In Blocks 10 and 11, on the men's side, additional washing accommodation has been provided. These have been rewired and estimates are now being obtained for their redecoration. The sitting rooms on this side have already been redecorated, and refurnished.

These operations account for the increased expenditure on Furniture and Renewals and Repairs, while the increase in Printing and Telephones is due to the installation of a system of internal automatic telephones ; this has been badly needed for many years and has greatly increased the ease and efficiency of administration.

A Roto tiller has been purchased for use in the grounds and is proving a sound investment. More fruit and vegetables have been produced than ever before and much credit is due to the new head gardener, Mr. Bibby, not only for the increased production but also for the improved appearance of the grounds generally.

Annual subscriptions again show a slight but very welcome increase, and receipts from patients also increased as the Hospital was full all the year. Other receipts remained much the same except that Rents have decreased owing to the sale last January of Bank End Farm. This has been sold to a private individual who has greatly improved the appearance of the property, and who will it is hoped, in other ways also, prove a helpful neighbour and friend of the Hospital.

Additions. Mr. Nunn is still indefatigable in his work for the Hospital. He has installed electric food lifts in Divisions 1, 2 and 3, which save the nursing staff much climbing of stairs and ensure that the bed patients' food does not get cold while being distributed. He has also built an annexe to the Nurses' Home containing six new bedrooms which enables the night staff to be housed separately from the day staff, and so prevents them being disturbed unnecessarily.

These are just his main efforts, he has done many other things too numerous to relate, both in the buildings and the grounds, and the Board are quite unable adequately to express their gratitude and appreciation.

Executive. The Hospital has suffered two severe losses in the death of Mr. A. H. Leaf and Mr. H. Nelson. Mr. A. H. Leaf had been a member of the Board since 1885, and deputy Chairman from 1912. Mr. Nelson joined the Board in 1918 and was Honorary Treasurer and deputy Chairman from 1925 until early in 1935, when ill-health forced him to resign these posts. The loss of these two friends is keenly felt not only by the Board but by the staff and by all who had the pleasure of meeting them.

The Board are pleased to announce that Mr. H. Harris and Mr. Twining have joined the Board.

The following members who retire by rotation, being eligible, offer themselves for re-election, Mr. Frank H. Hargrove, The Hon. Lancelot W. Joynson-Hicks, Colonel Edward H. Leaf, Dr. Geoffrey Marshall, Mr. F. C. Nunn and Dr. H. E. Symes-Thompson.

Medical Staff Dr. I. Magill has resigned from the post of Honorary Anæsthetist owing to pressure of work, but the Board are glad that they will retain his interest as Consulting Anæsthetist. Dr. Mackray has very kindly accepted the post of Honorary Anæsthetist.

The Board wish to place on record their appreciation of the work done by the Honorary Medical and Surgical Staff and by the Honorary Medical Referees throughout the country.

Staff. Once again the Board can state that the work of the Hospital has proceeded very smoothly and they feel that this is largely due to Dr. Hempson, the Medical Superintendent, and Miss Marsh the Matron, and the loyal support afforded them by the whole staff.

The Board also desire to express their appreciation of the services rendered by the Secretarial staff in London. During the past year Mr. Rowe has visited some firms, both past and potential supporters, in Manchester, Birmingham, Leeds and Sheffield, and the Board have every reason to believe these visits will prove of considerable benefit to the Hospital.

Conclusion. The year has been one of considerable progress in bringing the Hospital buildings up to date. In fact, the Board feel justified in saying that the work which necessarily had to be postponed during the worst years of the depression, has now to a great extent been carried out and much leeway has been made up.

This does not at all mean that the Board feel that no further improvements can be made. Among other things, the increase in Surgery in the treatment of Tuberculosis means an increase in the transport of patients to and from the Operating Theatre and the X-Ray room, and the installation of passenger lifts is rapidly becoming essential. This will be costly, but if they continue to receive the same generous support from subscribers, the Board hope to be able to tackle this problem in a not too distant future.

THE SIXTY-SEVENTH ANNUAL GENERAL MEETING
OF THE GOVERNORS OF THE

ROYAL NATIONAL HOSPITAL FOR CONSUMPTION, VENTNOR,
was held at the

London Office, 18, Buckingham Street, Strand, W.C.2 at 4 p.m.
on Friday, 17th July, 1936, when the President,
The Right Honourable LORD EBBISHAM, G.B.E.
was in the Chair.

The Secretary read the notice convening the meeting.

The minutes of the previous meeting dated 30th May, 1935, which had been circulated, were confirmed.

1. Before moving that "the Report and Accounts be received, adopted, and circulated amongst the Governors, Subscribers and Friends of the Hospital" the President referred to the sad loss sustained by the whole nation, but in particular by the Hospital, through the much-lamented death of HIS MAJESTY KING GEORGE V, who had not only been Patron but had also been a subscriber to the Funds of the Hospital. The President expressed the pleasure it gave him to be able to report that HIS MAJESTY KING EDWARD VIII had graciously extended his Patronage to the Hospital and had also become a subscriber, and reminded the meeting that His Majesty whilst Prince of Wales, had formally opened the Nurses' Home.

LORD EBBISHAM then read a letter from COLONEL LEAF, the Chairman of the Board of Management, apologising for his unavoidable absence and, at the request of the meeting, LORD EBBISHAM undertook to convey to COLONEL LEAF an expression of gratitude for all the work he had done for the Hospital during the past year.

In referring to the accounts for the year, LORD EBBISHAM drew attention to the small deficit of some £47 and stated that this was due not to any decrease in income but to slight over-expenditure on the very considerable renewal and repairs which had been carried out during the year. In this connection he mentioned that the splendid anonymous gift of £1,000, and the response to his appeal in the latter part of 1934, had enabled us to instal extra washing facilities in Blocks 1 to 4, redecorate these Blocks, refurnish the sitting rooms in these Blocks which had not been done previously, paid for the installation in the main kitchen of a refrigerator and an electric mixing machine, and had also enabled us to rewire, install additional washing facilities and refurnish and redecorate the sitting rooms in Blocks 10 and 11.

The President then spoke of the work which MR. NUNN, being as busy as ever, had undertaken, mentioning particularly the installation of food lifts in Divisions 1, 2 and 3, and the building of an annexe to the Nurses' Home containing six bedrooms. This, he said, had been a tremendous task, involving the cutting away of the cliff behind the Nurses' Home, but it enabled the night Staff to be housed separately from the day Staff and its benefit to the Nurses was enormous. MR. NUNN had also, he said, carried out many other things less spectacular but no less important and he asked that a very hearty vote of thanks be passed to MR. NUNN for his generosity. This was passed unanimously.

In conclusion, LORD EBBISHAM remarked that this short summary showed that the year had been one of progress and that the increase in Annual Subscriptions, which had steadily increased for the last five years, was most encouraging, but, he said, we have and always shall have improvements to make and a struggle to find the necessary funds, but he hoped that the Broadcast appeal which he was making on July 26th would be the means of bringing us many new friends and supporters.

MR. BURMESTER, in seconding the motion which was carried unanimously, said that he felt that considering all the difficulties of the past few years the Hospital was in a sound financial position.

2. LORD EBBISHAM proposed that MR. BURMESTER be re-elected Treasurer for the ensuing year and MR. W. J. THOMPSON having seconded the motion this was unanimously agreed to.

3. It was proposed by LORD EBBISHAM, seconded by MR. CUTHBERT BURGOYNE, and unanimously agreed that the following members of the Board of Management who retire by rotation be re-elected, namely, MR. FRANK H. HARGROVE, THE HONBLE. L. W. JOYNSON-HICKS, COLONEL EDWARD H. LEAF, DR. GEOFFREY MARSHALL, O.B.E., MR. F. C. NUNN, and DR. H. E. SYMES-THOMPSON.

4. MR. FRANK H. HARGROVE proposed that SIR W. HARRY PEAT, K.B.E., of the firm of Peat, Marwick, Mitchell & Co., London, Fellow of the Institute of Chartered Accountants, be elected Auditor for the ensuing year and that he be paid Ten guineas for his services. The motion was seconded by DR. L. S. T. BURRELL and carried unanimously.

5. LORD EBBISHAM proposed, Mr. HENRY HARRIS seconded, and it was unanimously agreed that a hearty vote of thanks be passed to the Honorary Medical and Surgical Staff and to the Honorary Medical Referees throughout the Country for their valuable services.

DR. BURRELL, speaking on behalf of the Honorary Medical Staff, said that in all his experience of Sanatoria he could truthfully say that no other Institution gave so much value for money as did Ventnor.

Speaking on behalf of the Staff, the Medical Superintendent thanked the Board of Management for their kindness and sympathetic appreciation and help. He wished particularly to thank MR. NUNN whose work not only benefited the patients but also, as in the case of the food lifts, greatly simplified the work of the Staff.

Of the whole Staff who had worked so well he wished particularly to mention DR. MILLER, the Senior Assistant Resident Medical Officer, who had obtained another appointment and would shortly be leaving. DR. MILLER had done extremely valuable work and the Hospital would be losing an excellent servant. The meeting then placed on record their deep appreciation of DR. MILLER's services to the Hospital during the past four years.

MR. CUTHBERT BURGOYNE moved that a letter be written to MR. NUNN in an endeavour to express to him the gratitude and appreciation of the Board of Management, Governors and Staff of the Hospital. This resolution was carried unanimously and LORD EBBISHAM very kindly undertook to write such a letter.

The meeting concluded with a very hearty vote of thanks to LORD EBBISHAM for presiding.

THE HAMILTON TRUST FUNDS.

The "Frederick Fund" and the "Hamilton Fund" were established through the generosity of the late Mrs. Frederick Hamilton; the former by Deed of Gift, dated 5th September, 1872, for the purpose of "receiving gratuitously, subject to the rules of the charity for the time being, clergymen holding Evangelical opinions and of Christian character, and widows of clergymen, or unmarried daughters of clergymen, or other deserving persons of respectable character, who cannot well afford the expense as patients in the said Hospital." The latter was received in 1891, in accordance with her Will, for "the purpose of receiving gratuitously into the Hospital poor persons of respectable character."

Forms of application for the benefit of these funds are issued to Governors of the Hospital only, and may be obtained by Governors from the Secretary on application at the London Office, 18, Buckingham Street, Strand, London, W.C.2, and, when filled up, must be returned to the Secretary, together with a Governor's Letter of Recommendation and a Medical Certificate (the forms for which can also be obtained from a Governor). They will be considered in rotation, and the most deserving cases selected by the Board of Management.

EXTRACTS FROM THE ROYAL CHARTER OF INCORPORATION.

Incorporation.

1.—For the purpose of maintaining and carrying on or extending its work and objects a Corporation consisting of a President and Governors shall be and is hereby Founded and Constituted by the name and style of “The President and Governors of the Royal National Hospital for Consumption and Diseases of the Chest, on the Separate Principle,” and shall by the same name have perpetual succession and a Common Seal. And by the name aforesaid to sue and be sued, and to do all other matters incidental or appertaining to a Body Corporate.

President.

4.—On the occurrence of any vacancy in the office of President of the said Hospital, the Governors of the said Hospital at the next or any subsequent General Meeting of the Governors to be held as hereinafter provided, shall have the power to elect some person to supply such vacancy, who shall hold office for one year, but be eligible for re-election at the next subsequent and following Annual General Meeting of Governors.

Governors.

5.—A vacancy in the office of President shall not affect the existence or title of the said Corporation, or the powers of the Board of Governors thereof.

6.—The several persons who are Governors of the said Hospital at the date of this Our Charter shall be Governors thereof during their lives or until resignation or disqualification.

7.—Every person elected or becoming in manner hereinafter provided a Governor or Honorary Governor of the said Hospital shall immediately become and be either for life or for a limited time a member of the said Corporation, with the right of exercising all the privileges belonging to a Governor.

17.—Persons who have conferred signal benefits on the Hospital may on the recommendation of the Board be elected Honorary Life Governors at the Annual Meeting of Governors.

18.—The privileges of Governors and Honorary Governors shall be fixed, prescribed, and varied as the Governors in Annual Meeting shall from time to time determine, and they shall be empowered from time to time to make and vary By-laws for the above purpose.

19.—The foregoing provisions as to the qualifications and privileges of Life and Annual Governors shall be subject to any alteration to be made under any By-laws relating to the said Hospital to be made as hereinafter provided.

BY-LAWS

OF THE

ROYAL NATIONAL HOSPITAL FOR CONSUMPTION AND DISEASES OF THE CHEST

ON THE SEPARATE PRINCIPLE

IN RESPECT OF

Qualifications and Privileges of Governors and Honorary Governors.

7.—The qualifications for becoming a Governor, the periods for which the respective qualifications last, and the privileges during those periods shall be as follows:—

Qualification for becoming a Governor.	Period for which the qualification lasts.	Privileges during the period of qualification.
(1) The gift of one of the houses, which may bear the name of the donor, or any other name desired by the donor and approved by the Board.	Fifteen years if the donor is a Firm or a Corporation. For life if the donor is an individual, with the right to bequeath the privilege to any one person for life.	The right to have three patients always in the Hospital, if it is open, and there is room.

The right to have one patient always in the Hospital, if it is open, and there is room.

The right to recommend annually one patient for the Hospital for every Fifty Guineas of donation, but not exceeding three patients at one time.

The right to recommend one patient to the Hospital for every Ten Guineas, but not exceeding three patients at one time.

The right to have one patient always in the Hospital, if it is open, and there is room.

The right to recommend one patient to the Hospital for every Five Guineas of subscription, but not exceeding three patients at one time

Fifteen years if the donor is a Firm or a Corporation.
For life if the donor is an individual.

As above

One year from the date of payment.

From the date of the first payment, and for each successive year while the subscription continues.

As above

(2) A gift of not less than Five hundred Guineas either at one time or within a period of three years.

(3) A gift of less than Five hundred but not less than Fifty Guineas either at one time or within a period of three years.

(4) A gift of less than Fifty Guineas but not less than Ten Guineas.

(5) An annual subscription of not less than Fifty Guineas.

(6) An annual subscription of less than Fifty but not less than Five Guineas.

BY-LAWS—continued.

Qualification for becoming a Governor.	Period for which the qualification lasts.	Privileges during the period of qualification.
(7) Consecutive annual subscriptions of less than Five Guineas but amounting together to not less than that sum.	One year from the date of the last subscription making up the Five Guineas.	The right to recommend one patient to the Hospital for each completed Five Guineas.

8.—Executors or Trustees of Wills who contribute to the Hospital, under a power giving them discretion to select the Charitable Institution or Institutions to be benefited, shall be entitled to nominate one of their number to receive the privileges such person would have been entitled to if the actual donor of the contribution.

9.—Any clergyman, minister, or other person who has by collection obtained for the Hospital sums amounting to not less than One hundred Guineas within three years, may be elected a Governor for life, or any less period, with the privilege of recommending one patient annually for every One hundred Guineas collected, but not exceeding three patients at any one time.

10.—The privileges of Governors shall be exercised subject to any “Regulations as to admission of Patients” from time to time in force.

11.—Every Governor (including an Honorary Governor) shall have, at a General Meeting of Governors, the same number of votes as the number of patients he is entitled to recommend in the year in which the Meeting is held, but not exceeding three votes in all. A Governor entitled to have always one patient in the Hospital shall have three votes, and a Governor entitled to have always three patients in the Hospital shall have five votes.

12.—In the case of a Firm, Corporation, Company, or Society being a Governor, a member of the Firm or officer of the Corporation, Company, or Society may be deputed to attend the General Meeting of Governors, and to vote in the name of such Firm, Corporation, Company, or Society.

13.—The Board may at any time grant special privileges in consideration of a donation of not less than One thousand Pounds. Such privileges need not be of the nature prescribed by these By-laws, and they may be granted either to the donor or to some other person nominated by the donor for the purpose, but in no case shall they confer the right to more than five votes.

14.—No Governor shall be entitled to vote at any General Meeting unless he shall have been qualified as a Governor for the period of six months.

15.—No Annual Governor whose subscription is in arrear shall be entitled to recommend a Patient, or vote at any General Meeting.

16.—Annual Subscriptions shall be considered to fall due in each year on the date of payment of the first subscription.

ANNUAL SUBSCRIPTIONS.

An Annual Subscription of £5 5s. constitutes the qualification of a Governor, and it is the intention of the Royal Charter that an Annual Governor shall be one who will continue this subscription yearly.

ISSUE OF LETTERS OF RECOMMENDATION.

Letters of Recommendation are issued as they become due to Governors, who are respectfully requested to be so good as to reserve their Letters (as far as possible) for those patients in whom they are directly interested.

Governors are reminded of the great advantages available at this Institution (with its unrivalled situation in the Undercliff of the Isle of Wight) for patients who are unable to meet the usual cost of treatment, at a private sanatorium.

Letters not required will be gratefully received at the London Office. Deserving applicants will thus be assisted in obtaining admission to the Hospital.

REGULATIONS AS TO ADMISSION OF PATIENTS.

1.—This Hospital is established for the treatment of Patients suffering from Tuberculosis or other Diseases of the Respiratory Organs.

Children under 12 years of age cannot be accepted as patients.

2.—The cases eligible for admission are those which are in an **INCIPIENT OR EARLY STAGE OF DISEASE.**

3.—Persons eligible for admission are those who are not able to meet the cost of maintenance and medical treatment in a private Sanatorium. They must not be in receipt of parochial relief.

4.—Applicants for admission should be provided with a Letter of Recommendation, obtainable from a Governor, or Subscriber, and send the same with the reports thereon, duly completed, to the Secretary, at the Offices, R.N.H.C., 18, Buckingham Street, Strand, London, W.C.2. There is no other form of application for private patients.

5.—The payments required are as follows :—

- (a) From patients presenting a Letter of Recommendation, £2 per week, payable fortnightly in advance, the first fortnightly payment to be made to the Steward at the Hospital upon admission.
- (b) From a Public Authority (County or Borough Council, etc.), 49/- per week, payable monthly; or in respect of a patient presenting a Governor's Letter of Recommendation 42/- per week, payable monthly.

NOTE.—The payment of £2 per week will not be accepted by the Hospital from a Public Authority on behalf of a patient's maintenance.

A Guarantee Fee of £1 must also be deposited with the Steward by every patient. This sum will be returned to the patient on leaving the Hospital, subject to the right of

retaining the same, or any part thereof, for payments due to the Hospital, or for damage done.

6.—Candidates will be eligible for admission in the order of their applications, by Letter of Recommendation, or nomination of a Public Authority.

7.—The time during which Patients are retained in the Hospital varies, according to the necessity of each case. The term of residence is decided by the Medical Superintendent, acting in consultation with the Medical Visitors, and Patients must understand that no period of stay is guaranteed. Cases found to be unsuitable cannot be retained. A Patient, admitted with a Governor's Letter of Recommendation, cannot be retained beyond eight weeks from the date of admission, unless a second Letter of Recommendation be obtained ; or payment is made under Regulation 5 (b).

8.—A Patient cannot be re-admitted until at least twelve months have expired from the date of his or her departure from the Hospital, unless the case be specially recommended by one of the Honorary Physicians or by the Medical Superintendent.

9.—No Patient shall be eligible for re-admission to the Hospital who has been dismissed on a former occasion for breach of any of the rules or regulations, except with special permission of the Board of Management.

10.—All Patients will be required to conform STRICTLY TO THE RULES framed for the internal management of the Hospital ; *c.f.* pages 49—52, copies of these rules are exhibited in each Block.

11.—Patients must defray their own travelling expenses. No responsibility can be accepted for care of patients during the journey to or from the Hospital.

N.B.—All communications concerning patients after their admission, should be addressed to the Medical Superintendent at the Hospital, Ventnor.

THE CHAPEL CLOISTERS.

RULES TO BE OBSERVED BY PATIENTS.

Patients will appreciate that rules and regulations are never made without object, the object being twofold :—(1) The better order and running of the Institution ; and (2) (also embraced in 1), the welfare of the patients, individually and collectively.

EXERCISE AND GRADE WORK.

No patient should take walking exercise before breakfast.

Patients must realise that exercise or work is part of treatment and must be strictly adhered to. Those on walking exercise must take the prescribed exercise in two portions with an equal period of rest in between. Having finished their exercise they must return to their Blocks and rest. By REST is meant REST ON A REST CHAIR.

Patients on grade work should work steadily and not spasmodically for the prescribed period, return to the Block when the bell rings, and prepare themselves for meals or rest hour as the case may be.

Patients on 2 x 30s. exercise or grade work will make their own beds, sweep and dust their rooms and help generally on the Block if required.

SMOKING.

Smoking to excess is obviously bad for any individual, especially so for those suffering from chest conditions. Smoking is permitted at the following times :—

After breakfast until the bell rings at 9.30.

„ dinner „ „ „ „ 2 p.m.

„ supper in moderation.

Saturday and Sunday afternoons in moderation.

BED PATIENTS MAY SMOKE FOR HALF AN HOUR AFTER EACH MEAL, BUT AT NO OTHER TIME.

The above applies to all male patients whether on rest or exercise, and smoking at other times is strictly forbidden.

No smoking is permitted on the North Drive, nor in any room or corridor of the Blocks, except sitting-rooms.

GAMES.

Patients on 2 x 15s. exercise and over are permitted to play all outdoor and indoor games. Those on less than 2 x 15s. are prohibited from playing outdoor games and are limited to sedentary games.

Games may NOT be played in the mornings, but at the following times only :—

After mid-day dinner until the exercise bell rings.

After afternoon rest hour until supper.

After supper until 8.30 p.m.

(Patients are asked to remember that the equipment for the various games has been provided at no small cost, and they are requested to take an interest in the care of this equipment and to return everything to the place allotted to it when finished with. Any breakage should be immediately reported so that everything may be kept in a state of good repair and replaced if necessary.)

CARD GAMES.

No card games may be played in the grounds otherwise than on the lawns in front of the Blocks.

Except with special permission, Whist or Bridge Drives are not to be held.

Patients are not allowed to play card games in other than their own Blocks, unless permission has been obtained for a Whist or Bridge Drive.

Packs of cards are to be in charge of the Chairmen of the Blocks and must be returned to the Sisters each evening after use. This also applies to billiard balls.

GAMBLING.

No gambling in card or other games is permitted, and infringement of this rule will render patients liable to dismissal.

(NOTE.—In observing strictly the rules laid down, patients will render great assistance to the staff in the carrying out of their duties and the general running of the institution will be a pleasant and easy matter.)

GENERAL CARE OF BLOCKS, Etc.

Patients must exercise every care with regard to buildings and general equipment and electric light. They must not tamper in any way with electric light, wireless, or any equipment of the Hospital.

Tidiness, both outside and inside the Blocks, must be observed. All rubbish must be deposited in the receptacles provided. Rest chairs, cushions and rugs must be brought in from the lawns at night.

SPUTUM.

All patients must use the sputum cups provided whilst on their Blocks. Those patients who are up and about must carry with them one of the flasks provided and must use it on all occasions when necessary. Patients must not use their handkerchiefs to expectorate into, nor must there be any spitting about the grounds or premises whatsoever. Anyone found doing this will be summarily dismissed.

PAPER HANDKERCHIEFS.

Patients must not make use of any handkerchiefs other than the paper handkerchiefs issued.

VISITORS' PASSES.

The official visiting days are Saturday and Sunday from 2 to 4 p.m., and for these occasions no passes are required. Visitors at any other time must be provided with a special pass issued by the Medical Superintendent; applications for such to be made to the Medical Superintendent through the Sister of the Division.

Visitors are not permitted in the mornings.

Visitors on week-days are permitted in the afternoons from 2 to 4 p.m. only as follows:—

For those patients on rest, every afternoon with permission.

For patients on exercise or grade work, two afternoons per week only.

CHILDREN UNDER TWELVE YEARS OF AGE ARE NOT ALLOWED TO VISIT THE HOSPITAL IN ANY CIRCUMSTANCES.

Patients must await and take farewell of their visitors on the Blocks.

USE OF NORTH DRIVE.

The North Drive must not be used by patients except as follows:

MALE PATIENTS may use the North Drive when going to and from Chapel, Hospital Shop, X-ray room, General Office (Block IX), the entrance gate when on pass, and, in the case of Block VI., when their presence is required at the Consulting Room.

FEMALE PATIENTS may use the North Drive when going to and from meals, Hospital Shop, X-ray room, General Office, Block IX., and the entrance gate when on pass.

HOSPITAL SHOP.

The Hospital Shop is open as follows:—

FOR MALE PATIENTS:—9.10 a.m. to 9.30 a.m.

FOR FEMALE PATIENTS:—1.0 p.m. to 1.30 p.m.

FOOD AND DRINK.

Food and drink must not be brought or sent into the Hospital, with the exception of fruit and sweets. Alcoholic liquors are strictly forbidden.

BOUNDS.

Any patient found breaking bounds will be liable to dismissal.

There must be no communication of any kind between male and female patients. Any infringement of this rule will render the patients concerned liable to dismissal.

COMPLAINTS.

Any patient having a complaint to make will kindly report to the Sister in charge of the Division, who will bring the question to the notice of the Medical Superintendent for investigation.

Any patient in the Dining Hall who has a complaint to make must do so, immediately after the meal, to the officer in charge of Hall.

Punctuality in attendance at the Dining Hall for meals must be observed.

PASSES.

Patients on 2 x 30s. exercise or grade work are allowed a pass out of the Hospital from 2 to 5 p.m. once a week.

Applications for any special passes must be made to the Medical Superintendent through the Sister of the Division.

Chapel passes are permitted to patients of other denominations than Church of England, provided that such patients have reached 2 x 30s. exercise or grade work.

FEES.

A Guarantee Fee of £1 must be deposited with the Steward by every patient on admission, together with a fortnight's payments in advance, and thereafter fees must be kept paid up a fortnight in advance. The Guarantee Fee will be returned to the patient on discharge, subject, however, to the right on the part of the Hospital of retaining the same or any part thereof for payments due or for damage done. The first payment is collected on admission, and future payments may be taken or sent to the General Office, Block IX., at the following times daily :—

Male Patients :—9.15 a.m. to 9.30 a.m.

Female Patients :—11.15 a.m. to 11.30 a.m.

NOTICE OF LEAVING.

All patients must give one week's notice in writing to the Medical Superintendent of their intention to leave the Hospital ; failing this, payment in lieu of notice will be required.

LETTERS OF RECOMMENDATION.

Letters of Recommendation hold good for a period of eight weeks each.

Patients are responsible for obtaining and handing in Letters of Recommendation as they become due.

EXTENSIONS OF TREATMENT.

Applications for extensions of treatment must be made on the forms provided for that purpose. These must be filled in and sent to the Medical Superintendent for his consideration, as follows :—
During the fifth, ninth, thirteenth, and seventeenth weeks of treatment
