"I bequeath to the President and Governors of THE ROYAL NATIONAL HOSPITAL FOR DISEASES OF THE CHEST, Ventnor, Undercliff, Isle of Wight, the sum of £\*

free of duty, to be applied in and towards carrying on the charitable objects of the Institution; and I direct that the receipt of the Treasurer for the time being shall be a sufficient discharge to my executors for the same."

N.B.—Devises of Land and Bequests of Money charged on Land are now made valid by the Mortmain and Charitable Uses Act, 1891.

\* The sum to be expressed in words at length.

THE ROYAL NATIONAL HOSPITAL FOR DISEASES OF THE CHEST. Blocks I to IV, V to VIII and IX to XI have now been joined and form three main Blocks.

ing protection from North. and Downs form

# Privileges

OF

# Governors and Subscribers.

The following revised Rates of Subscriptions came into force on the 19th March, 1903, but Subscribers and Donors previous to that date will continue to receive Letters on the old scale :—

### **£5 5 0** ANNUAL SUBSCRIPTION constitutes a Governor with ONE Letter of Recommendation ANNUALLY.

- **£10 10 0** DONATION constitutes a Governor for ONE year with ONE Letter of Recommendation.
- **£52 10 0** DONATION (either paid in one sum or within 3 years) constitutes a Life Governor with one Letter of Recommendation annually.

### £52 10 O ANNUAL SUBSCRIPTION or

- £525 DONATION entitles the Governor to the privilege of a Presentation Bed, i.e., of having always one Patient in the Hospital.
- £1000 DONATION entitles the Donor to the Right of Presentation to one Bed (to be named if desired after the Donor, or "In Memoriam," in perpetuity), the Donor also having power to bequeath the Right of Presentation to any one person whom he or she may appoint.

Executors or Trustees having discretion to select the charitable Institution to be benefited are entitled to nominate one of their number to receive the privileges such person would have been entitled to if the actual donor of the contribution.

# THE ROYAL NATIONAL HOSPITAL FOR DISEASES OF THE CHEST

Situated at VENTNOR, ISLE OF WIGHT.

suffering from Tuberculosis or other diseases of the Respiratory Organs. This Hospital is established for the reception of Men and Women Patients, from all parts of the Kingdom,

There is accommodation for 231 Patients. Each Block of Buildings faces South and overlooks the Sea.

### MEDICAL REPORT, 1945.

Treatment has been continued on the same lines as in previous years. Insistence is laid on the importance of sanatorium regime with its strict adherence to adequate rest, whether ancillary methods of treatment were used or not.

Total number discharged		452
Patients died		7
Patients discharged or leaving against advice		12
Patients transferred to other hospitals or sanatoria		54
Patients discharged not suffering from pulmon tuberculosis	ary	9
Patients discharged who were in the hospital less the 10 days	han 	25
Number of completed cases of pulmonary tuberculosis	s	352

"B2"	33	_	30	3		_
"B3"	11	-	6 .	4	1	
	161					

13 cases were suffering from pleurisy without any apparent parenchymatous lesion.

### ARTIFICIAL PNEUMOTHORAX.

This was attempted in 207 cases and was successful in 147. The results according to degrees of collapse on discharge were classified :—

Unsuccessful (includi	ng ab.	andone	d)	61
Partial collapse				10
Complete or selective	colla	pse		137

PARTIAL A.Ps.—10 cases, two of whom were admitted with a partial A.P.

5 were T.B. Neg. on admission and remained so throughout.

5 were T.B. Pos. on admission and T.B. Neg. on discharge.

In all cases an attempt was made to divide the adhesions. In two cases a supplementary phrenic crush was done.

### Complete A.Ps.-111 cases.

T.B. Neg. on admission and discharge ... ... 45 T.B. Pos. on admission and T.B. Neg. on discharge ... 59

In addition 7 cases had a complete A.P. on their better side preparatory to a thoracoplasty on the worse side. All 5 were T.B. Pos. on transfer for thoracoplasty.

### BILATERAL A.Ps.-Total 26.

Three were admitted with bilateral A.Ps. while 23 had one or both A.Ps. induced in hospital.

T.B. Neg. on admission and discharge .........5T.B. Pos. on admission and Neg. on discharge......21

Two cases were T.B. Pos. on discharge, of which one died and one was transferred for colonization.

In 21 of these cases both A.Ps. were regarded as complete collapses, in 5 one or both sides had an incomplete collapse. Of the 23 cases induced at the Royal National Hospital, 20 required division of adhesions on one or both sides.

Cases.	Result.		Work.	Light Work.	No Work.
	Improved	141	99	27	15
147	Stationary	1	-		1
	Worse	2			2
	Died	3	-	-	3

All A.P. cases were classified on discharge :---

Complications occurring in all A.P. cases :--

Persistent fluid			 	1
Haemothorax a	fter :	refill	 	6
Empyema			 	6
Spontaneous pn	eum	othorax	 	2

DIVISION OF ADHESIONS.

Thoracoscopy without division of adhesions was carried out 28 times, and division of adhesions was carried out 168 times. Ten patients required 2 operations and one 3 operations. In addition 5 patients had adhesions divided on each side.

The following complications occurred :---

Obliterative pl	eurisy	 	 1
Haemothorax		 	 6
Empyema		 	 6

(5 of the 6 cases of empyema were due to the bursting of a tension cavity).

DIAPHRAGMATIC PARALYSIS.

This was undertaken in 46 cases, in 14 of which it was additional to a pneumothorax. (The results of these are included under the heading of pneumothorax cases).

of these cases

31 were T.B. Pos. on admission.

12 were T.B. Pos. on discharge.

### CLASSIFICATION ON DISCHARGE.

Cases.	Result.		Work.	Light Work.	No Work
47	Improved	37	19	13	5
	Stationary	2	-		2
	Worse	3			3
	Died	4	-		4

### THORACOPLASTY.

Owing to the War, no cases were operated on at the hospital. 24 cases were transferred for operation to other hospitals. 11 cases were re-admitted following thoracoplasty, after having been transferred for this operation.

All of these were successful.

Cases.	Result.		Work.	Light Work.	No Work.	
11	Improved	. 9	3	4	2	T.B. Pos. before operation 10
	Stationary	. 1		-	1	T.B. Pos. after operation 3
	Worse	.—	-	-		C. Constanting and the second
	Died	. 1	-	-	1	

### OLEOTHORAX.

Oleothorax was undertaken in one case, for obliteration of an artificial pneumothorax, and proved successful in maintaining an adequate collapse.

### PNEUMOPERITONEUM.

This was carried out in 12 cases.

3 were T.B. Neg. on admission and T.B. Neg. on discharge.

9 were T.B. Pos. on admission and 5 were T.B. Pos. on discharge. (of whom 2 died and in one case the pneumoperitoneum was abandoned as not being helpful).

It will be seen that this form of treatment was largely used on rather advanced cases, which probably accounts for the less successful results than reported elsewhere.

One of these patients died with tuberculous peritonitis. It was not possible to determine at the postmortem whether the pneumoperitoneum was responsible for the peritonitis.

### COMPLICATIONS OR OTHER DISEASES OCCURRING IN ALL CASES OF PULMONARY TUBERCULOSIS.

TUBERCULOUS.

# THE SEVENTY-FOURTH ANNUAL REPORT OF THE BOARD OF MANAGEMENT

Presented to the Annual Meeting of Governors on

Wednesday, 23rd October, 1946. Colonel E. H. LEAF, Vice-President

in the Chair.

The Board desires gratefully to acknowledge the continuance of the gracious patronage of their Majesties the King and Queen, and Her Majesty Queen Mary.

### Subscribers.

Notwithstanding the Government's avowed intention to nationalise Hospitals, supporters continue to maintain their interest in the Hospital. Subscriptions and donations at £4853 is higher by £207 than the figure for 1944 and compares most favourably with the average for the preceding six years of £4326. While most warmly thanking supporters generally the Board desire to acknowledge particularly the following contributions :—

### Finance.

The daily average number of occupied beds during 1945 has reached the record figure of 229 out of a total of 231 beds available. The cost per patient per week has risen from £3 12s. 1d. for 1944 to £3 14s. 2d. The actual increase on account of Provisions, Surgery & Dispensary, Domestic, and Salaries and Wages amounts to 2s. 9d. but this is off-set by a reduction of 7d. under Miscellaneous and Administration charges. The net increase is therefore 2s. 2d. per patient per week and of this no less than 1s. 5d. is due to increased salaries and wages for nurses and domestics.

The actual excess of income over expenditure for the year amounts to  $\pm 1108$  0s. 9d. This has been increased to  $\pm 23,663$  8s. 1d. by the adjustment of the sum hitherto held in Suspense Account, being payments received from the Ministry of Health towards the cost of Casualty Service 1939 to 1944

under the Government's Emergency Medical Scheme. With this adjustment the average Excess of Income over Expenditure for each year 1939 to 1945 is £1423 11s. 7d.

The Board has still to bear in mind heavy expenses to be faced for repairs and renewals to buildings, which have accumulated in the War years, as well as furniture, bedding and linen, and hardware, crockery, etc.

### Buildings.

Towards the close of 1945 constructional work commenced in connection with the installation of a new electric passenger lift and the provision of additional lavatories and store room accommodation between Blocks X and XI to serve Wards W, X and Y. The work is now nearing completion and will provide a long-needed improvement.

Unfortunately early in the current year heavy gales on the coast completely destroyed the Hospital's sewage outfall to the sea. Reconstruction work on the sewer is now in hand and is likely to prove expensive.

The Nurses' Home, built in 1922, was then sufficient to accommodate such nurses as were necessary for a total of 160 beds, of which an average of 135 only were occupied daily. The present bed strength of 231, with an average daily occupancy of 229, demands an increased number of nurses. Consequently the Nurses' Home has been over-crowded and the overflow has been accommodated above the main administrative block in accommodation normally reserved for resident domestics. Recently a neighbouring property known as "Tanglewood," with orchard and extensive grounds, having come into the market, the Board authorised its purchase to provide additional accommodation and increase the productive capacity of the Hospital's estate.

### Wages.

Added to these expenses, prospective and actual, the Hospital has been faced, since the beginning of this year, with the necessity of making very substantial increases in wages under the Recommendations of the National Joint Council for Staff of Hospitals, and further increases in Salaries to nurses have also come into force under Revised Rushcliffe Scales.

### Maintenance Fees.

In these circumstances the Board was compelled reluctantly to notify all Public Authorities, who hitherto have paid considerably less than the actual cost per patient per week, that effective from the 1st May, 1946 maintenance charges for their patients would be increased from 63s. to 77s. per week. The weekly charge for private patients who are nominated by Letters of Recommendation is being maintained at two guineas.

### Investments.

Towards the close of last year the Board appointed a Sub-Committee to examine the investments of the Hospital and effect a re-adjustment therein, with particular reference to the amount of dated as compared with undated stock held. This was in the proportion of 25.75% dated stock to 74.25%undated stock. Certain securities were sold and re-investments made with the result that the figures as regards dated and undated stock are now 51.63% and 48.37% respectively.

### Honorary Medical Staff.

In March 1946 the Board had much pleasure in appointing Dr. E. R. Boland, O.B.E., F.R.C.P., to be one of the Hospital's Physicians in London. At the same time Dr. L. G. Blair, M.R.C.S., L.R.C.P., D.M.R.E., was confirmed as Consulting Radiologist.

### Executive.

Dr. E. R. Boland, O.B.E., F.R.C.P., has been elected a member of the Board of Management.

The following members of the Board who retire by rotation, being eligible, offer themselves for re-election, namely :--Dr. R. H. Armstrong, M.B., C.M., Dr. P. B. Atkinson, M.R.C.S., L.R.C.P., Cuthbert Burgoyne Esq., A. Hope Gosse Esq., M.D., F.R.C.P., The Hon. L. W. Joynson-Hicks, M.P., F. C. Nunn Esq., and H. E. Symes-Thompson Esq., M.D., F.R.C.P.

### Visiting Committee.

Mrs. E. C. Cooper was elected a member of the Committee in October. 1945.

### Staff.

The Board has been pleased, on the recommendation of its Medical Committee, to renew the appointment of Dr. L. R. J. Rinkel, B.A., M.R.C.S., L.R.C.P., as Assistant Medical Superintendent for a further period of three years from the 15th June, 1946.

Mr. L. N. Keen, the Steward, left the service of the Hospital in December. He was succeeded on the 1st January. 1946 by Mr. I. B. Warham.

In October, 1945 Mr. Joseph Fishburn, the Acting Secretary, was confirmed as Secretary of the Hospital.

The Board of Management desire to take this opportunity of expressing their sincere thanks to each member of the Staff for his or her devotion to duty and to the welfare and happiness of the patients during the past year.

## SUPPLEMENTAL CHARTER GRANTED TO THE HOSPITAL UNDER DATE 28th OCTOBER, 1944.

GEORGE the SIXTH, by the Grace of God, of Great Britain, Ireland and the British Dominions beyond the Seas King, Defender of the Faith, Emperor of India.

To all to whom these Presents shall come, Greeting !

WHEREAS under or by virtue of a certain Charter or Letters Patent bearing date at Westminster the 20th day of January in the forty-eighth year of the Reign of Queen Victoria, after reciting that a Hospital had been established at Ventnor in the Isle of Wight for the reception of Patients from all parts of the United Kingdom irrespective of religious distinctions suffering from Consumption and other Diseases of the Chest, a Corporation consisting of a President and Governors was founded and consisted by the name or style of "The President and Governors of the Royal National Hospital for Consumption and Diseases of the Chest on the Separate Principle" with perpetual succession by that name and a Common Seal for the purpose of maintaining and carrying on or extending the work and objects of the Hospital and divers provisions were made in the said Charter relating to the qualifications of the Governors and the election by them of a President and the members of the Board of Management of the said Hospital who (subject and without prejudice to the provisions of the said Charter and to the By-Laws of the Hospital for the time being in force) are by the said Charter given the entire management direction and superintendence of the affairs and property of the said Hospital and full authority to deal with all other matters relating to the said Hospital :

AND WHEREAS the said Board of Management has presented an humble Petition to Us supplicating Us to grant Our Royal Charter altering the name or style of the said Corporation from "The President and Governors of the Royal National Hospital for Consumption and Diseases of the Chest on the Separate Principle" to "The President and Governors of the Royal National Hospital for Diseases of the Chest, Ventnor" and in support of such supplication the Petitioners alleged as follows :—

1. (a) That when the Hospital was originally designed in 1867 it was considered that it would be advantageous for each of the patients to have a separate room, and that the original buildings, and the additions thereto, were constructed with this object in view.

(b) That in 1939, in view of an Order from the Ministry of Health that 130 beds should be kept available for the Emergency Medical Service, it became necessary to put two patients into one room.

(c) That it has been found in many cases that the patients prefer sharing a room with someone else and the Medical Committee . of the Board of Management, of which Committee ARTHUR G. PHEAR, Esquire, C.B., M.D., F.R.C.P., is the Chairman, are satisfied that the size and ventilation of the rooms in question is amply sufficient for two patients, and that from the point of view of their treatment it is no advantage that they should occupy separate rooms.

(d) That as extra accommodation in the Hospital means increased benefit to the general public it is accordingly desired that, for the future, the practice should be continued of putting two patients in each of the rooms the Medical Superintendent of the Hospital considers adequate for the purpose.

(e) And that as the retention of the words "on the Separate Principle" in the title of the Hospital would in that case be misleading it is desirable that such words should be omitted.

2. That when the Charter was granted in 1885 the word "Consumption" was in general use as the name of the disease for the treatment of which the Hospital was established but that owing to more enlightened views as to the nature of the disease, and recent advances in the methods and results of treatment the word consumption is now an inaccurate description of the disease and liable to cause unjustifiable alarm to prospective patients and that for these reasons it is desirable to omit it from the title of the Hospital :

Now, KNOW YE that We, taking the premises into Our Royal consideration, of Our especial grace, certain knowledge and mere motion, have granted, constituted and appointed, and by these Presents, for Us, our Heirs and Successors, do grant constitute and appoint in manner following that is to say :—

1. That, notwithstanding anything in the Charter of the forty-

eighth year of the reign of Queen Victoria founding and constituting the Corporation by the name and style of "The President and Governors of the Royal National Hospital for Consumption and Diseases of the Chest on the Separate Principle "the said Corporation may henceforth be known by the name and style of "The President and Governors of the Royal National Hospital for Diseases of the Chest, Ventnor."

2. And We do hereby, for Us, Our Heirs and Successors, grant and declare that these Our Letters Patent, or the enrolment or exemplification thereof, shall be in all things valid and effectual in law according to the true intent and meaning of the same, and shall be construed and adjudged in the most favourable and beneficial sense for the best advantage of the said Hospital, as well in Our Courts as elsewhere, notwithstanding any recital, misrecital, uncertainty or imperfection in these Our Letters Patent.

IN WITNESS whereof WE have caused these Letters to be made Patent.

WITNESS Ourself at Westminster the twenty-eighth day of October in the eighth year of Our Reign.

BY WARRANT under The King s Sign Manual.

Great Seal

NAPIER.

# THE SEVENTY-FOURTH ANNUAL GENERAL MEETING OF THE GOVERNORS OF THE

ROYAL NATIONAL HOSPITAL FOR DISEASES OF THE CHEST, VENTNOR,

was held at the

London Office, 18, Buckingham Street, Strand, W.C.2,

at 3.30 p.m. on Wednesday, 23rd October, 1946, when Colonel E. H. LEAF, Vice-President was in the Chair.

The Secretary read the notice convering the Meeting which was published in "The Times," "The Daily Telegraph," and "The Isle of Wight County Press."

The minutes of the previous meeting dated the 31st October, 1945, which had been circulated, were confirmed.

In moving that the Report of the Board of Management and the Audited Statement of Accounts for the year ended 31st December, 1945, be received, adopted and circulated amongst the Governors, Subscribers and Friends of the Hospital, Colonel Leaf said :—

"Before formally proposing this I have to advise the meeting that the President, Lord Ebbisham, had intended being present this afternoon but has been unavoidably delayed at the House of Lords.

I should like to comment on the National Health Service Bill which is now before Parliament. Like all Voluntary Hospitals, we are much concerned, naturally, about the future, but the British Hospitals Association is doing its utmost both inside and outside Parliament to convince the Government that Hospitals ought to retain their individuality and be allowed to exercise a certain degree of control over their affairs—particularly in the matter of their Endowment Funds. Whatever arrangements are adopted finally we must keep in mind the fact that their object is for the benefit of the patients.

I now put the Proposition to the Meeting."

The Motion was seconded by MR. CUTHBERT BURGOYNE and carried unanimously.

It was proposed by MR. CUTHBERT BURGOYNE, seconded by MR. GERVASE BALLEY and carried unanimously that MR. F. C. HANNA, F.C.A. be elected Honorary Treasurer until the next Annual General Meeting.

It was proposed by MR. JOHN BURGOYNE, seconded by DR. A. G. PHEAR and carried unanimously that the following members of the Board of Management, who retire by rotation, be re-called, viz :--DR. R. H. ARMSTRONG, DR. P. B. ATKINSON, MR. CUTHBERT BURGOYNE, DR. A. HOPE GOSSE, The Hon. L. W. JOYNSON-HICKS, M.P., MR. F. C. NUNN and MR. H. E. SYMES-THOMPSON.

It was proposed by MR. FRANK HARGROVE and seconded by MR. CUTHBERT BURGOVNE that SIR W. HARRY PEAT, K.B.E. of the Firm of MESSRS. PEAT, MARWICK, MITCHELL & Co., London, Fellow of the Institute of Chartered Accountants, be re-elected Honorary Auditor until the next Annual General Meeting. The proposer asked that with this Resolution an expression of very grateful thanks be accorded to SIR W. HARRY PEAT for his services to the Hospital. The proposition was then put to the meeting and carried unanimously.

It was proposed by MR. CUTHBERT BURGOYNE, seconded by MR. JOHN BURGOYNE and carried unanimously that a vote of thanks be accorded to the Honorary Medical and Surgical Staff for their services to the Hospital; also to record an expression of sincere thanks to each member of the staff at Ventnor for his or her devotion to duty and to the welfare and happiness of the patients during the past year.

A hearty vote of thanks to COLONEL LEAF for presiding concluded the meeting.
