Mr. E. R. Needham (Hon. Auditor)	... ..	16
Mr. A. J. Hughes (Co-opted)	... ..	13

The total of meetings held was 25.

In the absence of Mr. Wintle, who, to the regret of the Committee was still unable this year to do the work owing to ill-health, the accounts have been audited by Mr. Needham, to whom the thanks of the Committee are due.

In accordance with precedent a sum of £200 has again been written off for depreciation, leaving an adverse balance of £111 12s. 3d., and your Committee consider this to be a satisfactory result of the year's working.

ANNUAL SUBSCRIPTIONS show an increase, but as stated in last year's report, the Committee still feel that there are many persons who might subscribe but who do not, and they would like to call the attention of all residents in the district to the work done by the Hospital, especially amongst the poorer members of the community.

CARNIVAL. The sum handed over by the Carnival Committee this year was £150, and the most hearty thanks are due to the Carnival Committee, and all those who helped to make it such a success.

NEW PRIVATE WARDS.—The Children's Ward has been partitioned to make two Private Wards, the want of which your Committee has felt to be urgent for a considerable time. Although these wards were only completed in August last, the cost of construction has already been paid for by patients' fees. The wards are still available for children, they having first call for the purpose for which they were originally intended. Special thanks are due to those who so kindly gave the furniture for these wards.

**Important Gifts.**—The Hospital has benefited greatly during the past year from gifts so kindly given by the following ladies and gentlemen to whom the Committee offer their very sincere thanks.

LIFT.—The lift is now working and has proved a great boon both to patients and staff. (Given by Mrs. G. Trafford and Sir P. Densham.)

NEW CANOPY LIGHTING (Operating Theatre).—Has entirely modernised this most important branch of the theatre (given by Mrs. H. A. Whiffen, in memory of the late J. G. Parry-Thomas).

GLASS TABLE, TOPS AND SHELVES (Theatre).—These filled a long-felt want, (given by Major R. W. Allen).

HOSPITAL EQUIPMENT BEDS, COTS, STERILIZER, ETC.—This gift made a useful addition to the equipment of the Hospital (kindly given by the Committee of the Children's Welfare Centre).

**Monetary Gifts** —The Committee is greatly indebted for the following very generous legacies and donations.

LEGACY.—Executors of J. Hayes (deceased), £100

LEGACY.—The late Col. Hoskins, £100.

DONATION.—Mrs. F. M. Allen, £100.

DONATION.—Fifth (and last) Special Donation of the Ladies' Hospital Fifty Club, making a total given of £500.

LINEN LEAGUE.—Mrs. G. Trafford, in relinquishing her position as head of the Linen League, again appeals for its support. The Committee wish to offer their most hearty thanks for the excellent work she has done, and are glad to be able to say that Mrs. H. W. Wienholt has kindly consented to act as her successor.

ELECTRIC LIGHT.—The Committee are glad to report that a settlement has been made in this matter.

CHILDREN'S XMAS PARTY.—Hearty thanks are due to the Matron, Staff, and others, who so kindly organised the Children's Christmas Party, and to those who subscribed the necessary money without calling on Hospital Funds. The decorations were admirable, and the whole party was most successful.

GENERAL THANKS.—We have again to express our thanks to those from whom we have received help; to the clergy for their annual appeals; to those who organise entertainments to help our funds; to the Hospital Football Cup Committee; the Bishopswood, Walford and Goodrich United Club for their continued support; the organisers of the Walford and Goodrich Hospital Sunday Church Parade; to those who have collected by means of money boxes; to donors of fruit, flowers and vegetables, eggs; the Ladies' Gift Guild (re-organised from the Ladies' Hospital Fifty) for their kind gifts of linen, etc.; and to many others for their generosity and kind help. We also offer special thanks to the "Ross Gazette" for most generous free publication of notices.

Finally, your Committee most gratefully acknowledge the invaluable services of the Honorary Medical and Dental Staff, (Mr. S. G. Yates is about to complete his 50 years voluntary service), the Matron and Indoor Staff, and the Hon. Auditor, and Hon. Treasurer, and retiring members of the Committee.

HUMPHREY W. WIENHOLT,

President and Chairman of Committee.

# GENERAL RULES.

1 (a)—The Ross Dispensary and Cottage Hospital shall be under the direction of a President, Vice-President, Committee and Governors, consisting of donors of £10 10s. or upwards who shall be Governors for ten years, and of Annual Subscribers.

(b) A Collector of a sum of not less than £10 10s. in any one year may be elected a Governor for the ensuing year.

(c) The Committee shall, in consideration of a total sum being contributed in any one year by a body of promoters or collectors in aid of the funds of the Institution, elect one Governor for 10 years to be nominated by such body for each Fifty Pounds so contributed.

2.—The Management of the Institution shall be conducted by a Committee, consisting of the President, Vice-President, Fifteen Governors or Subscribers, Treasurer, and Auditor to be appointed at the Annual General Meeting, and also the Medical Officers of the Institution as ex-officio members of such Committee. One-third of the Committee shall retire annually according to length of service, but such retiring members shall be eligible for re-election. Those Members who are appointed for one year are eligible for re-election at the nomination of the interests they represent. The Committee shall have power to fill any vacancy that may occur by the co-option of a duly qualified Member (see Rule 9) to serve for the remainder of the current year.

3.—The Committee shall have power to nominate a Bank or other Corporation to be Custodian Trustee in whose name, or under whose control any moneys, securities, or investments, now or hereafter belonging to, or held in trust for the Hospital may be invested, and any Bank or Corporation so nominated shall be responsible only for the safe custody of the investments entrusted to, and accepted by it, and shall deal with the capital and income of such investments in such manner as the Committee of Management (who shall be the Managing Trustees) may by Resolution from time to time direct.

And any such Bank or Corporation so nominated shall not be in any way responsible for the application of the capital or income of such investments or be held liable for any loss arising during the period which they are held notwithstanding that they may not be authorised trustee investments. And the Committee shall have power to arrange the remuneration of any Bank or Corporation nominated as aforesaid, and to pay such remuneration out of the funds of the Hospital.

4.—A Treasurer, Auditor and Secretary (and such other Officers as may be considered necessary) shall be appointed, who shall receive all donations and subscriptions, pay all bills and charges, keep the accounts of the Institution, and further its success by making its design and claims known in the neighbourhood.

5.—A Dispenser shall be appointed at a yearly salary to be fixed by the Committee.

6.—An Annual General Meeting of the Governors and Subscribers for the appointment of such of the Members of the Committee, and for Electing Officers when necessary and for the consideration of the Audited Balance Sheet and the transaction of the other affairs of the Institution, shall take place in February in each year.

7.—An Extraordinary General Meeting shall be called by the Secretary whenever he shall receive a requisition to that effect, signed by five Governors or Subscribers, or shall himself think fit to call such Meeting, or shall be required by the President, or in his absence one of Vice-Presidents acting in his stead provided only that a notice specifying the time and object of such Meeting, and signed by the Secretary, be sent to every Governor and Subscriber by post seven days before the day of Meeting; and that it shall be competent at such Meeting to do any act that may be done at the Ordinary General Meetings.

8.—Five Governors or Subscribers shall constitute a General Meeting; and that all such Meetings each Governor and Subscriber shall have one vote.

9.—All subscriptions shall become due on the 1st day of January of each year; and no person whose subscription is Three Months in arrear, shall be eligible to vote thereat.

10.—No alteration in or addition to the rules shall be made, unless, seven days previous to the General Meeting at which it shall be proposed a notice specifying the alteration or addition shall have been given to each Governor and Subscriber.

11.—The Committee of whom three shall form a Quorum shall meet at least once in every month.

12 An account shall be kept at Lloyds Bank, Ross, and all payments therefrom shall be made by cheque to order, signed by Two of the Committee, and counter-signed by the Secretary.

13.—All Tenders for Goods shall be considered and approved by the Committee, and no liability whatever shall be incurred except upon the express order of such Committee, and all orders for goods or other requirements for the Dispensary and Cottage Hospital shall be signed by the Secretary, and Matron, or by a member of the Committee.

14.—The Medical Staff of the Institution shall consist of Six or such lesser number as will (with the approval of the Committee) undertake the duties. The Medical Officers in rotation shall see the Out-Patients at the Hospital on such days and hours as the Committee may approve.

15.—The Dispenser shall be in attendance at the Dispensary at 10 a.m. on Out-Patients days, and shall remain there until 1 o'clock in the afternoon, to make up and supply Patients the medicines prescribed or ordered. As to In-Patients, the Dispenser shall attend at the Hospital whenever required to do so by a Medical Officer to dispense any medicines ordered for such Patients.

16.—Persons in Ross and its vicinity really necessitous and requiring Medical or Surgical Aid shall be admitted Out-Patients on presenting letters of recommendation to the Medical Officer of the week

17.—The Hospital Department is intended for cases of persons suffering from severe disease, bodily injury, or urgency; but no case of infectious or contagious disease, or of Chronic Consumption shall be admissible.

18.—Cases of accident will be admitted at all times without recommendation. Other cases will be admitted on the production of Two Tickets of recommendation from a Subscriber; and in all cases of persons applying for admission on account of accident or urgency, the Matron shall send for a Medical Officer to inspect the case before she refuses admission.

19.—Patients will be required to pay such weekly sum towards the cost of maintenance as, in the estimation of the Committee, their circumstances will admit, but this charge is entirely distinct from any fees which may in certain cases be due as between doctor and patient. A subscriber may, however, recommend to the Committee that a case should be admitted free of all charge—whether for medical attendance or maintenance—on the ground that it is a necessitous one, such ground to be specified on the ticket of admission.

20.—Every requisite (except articles of personal clothing) will be provided in the Hospital; and Patients shall not be allowed to receive food or drink from any other source without the written sanction of the Medical Officer under whose treatment they may be.

21.—The Medical Officers, in rotation, shall have the General Superintendence and control of the Hospital cases; but either of such Medical Officers, who has a patient under his care previous to such Patient's admission to the Institution, may continue his treatment of the case, if the Patient so desire.

22.—That every subscriber shall be entitled to receive tickets as follows, viz.:—

For 10s. 6d.	...	...	...	...	1 ticket.
For 1 guinea	...	...	...	...	2 tickets.
For 2 guineas	...	...	...	...	4 tickets.

For 4 guineas	...	...	...	...	8 tickets.
For 5 guineas	...	...	...	...	10 tickets.
Each Governor	...	...	...	...	2 tickets per year.

Clergy in respect of Church Collections, Secretaries of Collecting Societies, and the like, shall be entitled to receive half the above number of tickets. Tickets will be available up to 1st February of the next year.

One ticket will be required for an Out-Patient for one month's treatment or medicine. Two tickets will be required for an In-Patient for one month or part thereof.
