DONATIONS

The most urgent post-war need of the Hospital is that sufficient funds should be available to meet the every day expenditure incurred in the treatment of patients and in the up-keep of the Hospital.

Friends are therefore urged to make gifts for this purpose to the General Fund.

WITHOUT ANY EXTRA EXPENSE
WHATEVER TO THEMSELVES Subscribers can materially increase the amount of their subscriptions by completing a form of Agreement* to contribute for seven years or during life, whichever shall be the shorter period.

Such an Agreement enables the Hospital to recover from the Inland Revenue authorities the amount of Income Tax paid thereon.

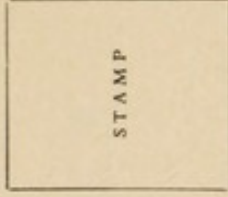

* The necessary form of agreement will be supplied on application

Royal Northern Group of Hospitals

ANNUAL REPORT

FOR THE

Year Ending December 31st, 1946

It is with pleasure that the Board of Management present the 91st Annual Report of the work of the Royal Northern Group of Hospitals.

The Board record, with a sense of deep gratitude, the continued gracious interest taken in the Hospital by His Majesty the King, Her Majesty Queen Mary and Their Royal Highnesses the Duke and Duchess of Gloucester; a visit to the Hospital by Her Royal Highness the Duchess of Kent, in connection with the Alexandra Rose Day, was a source of much pleasure both to Patients, Management and Staff.

The increasing demands on the Hospital's services, whilst indicating its good record amongst the population of North London, provide the Management with a problem concerning accommodation which is almost insoluble in the present conditions of shortage of materials, etc., for buildings or structural alterations.

The following figures show the number of Patients treated by the Group during the year as compared with the previous year:—

	1945	1946
In-Patients	6,444	6,693
New Out-Patients	68,964	72,042
Out-Patient Attendances ...	351,284	431,881

ST. DAVID'S WING FOR PRIVATE PATIENTS

This separate section continues to be of invaluable help to a large number of Private Patients, not only resident in London but also from the Country, and the rooms, both General and Maternity, have been fully used throughout the year. 1,202 Patients were treated.

FINANCE

The list of subscriptions and donations show that the Board has gratefully received a number of substantial gifts, and cordial thanks are expressed to all supporters, including the following:—

	£
King Edward's Hospital Fund for London ...	10,700
Trustees of the Richard Cloudesley Charity ...	2,200
Hospitals Day Committee	1,015
Beecham's Group, Ltd. (towards the maintenance of the Beecham Laboratories)	1,000
Metropolitan Hospital Sunday Fund	960
Alexandra Day	925
Arsenal Football Club	800
The Hon. Mrs. Eric Aldridge	785
Mrs. Warwick Bryant	393
Trustees of the late Aaron D. Sassoon	300
The Hospital Darts League	256
Walter Dunkels, Esq.	200
The Bernard Baron Charitable Trust	200

In addition to a grant of £10,700, King Edward's Hospital Fund very kindly indicated that they would provide a sum of £250 for research in connection with a special form of treatment with Radon seeds and the Board gratefully acknowledge this recognition of individual work which is being undertaken.

From the Contributory Schemes which have made payments towards the cost of maintenance of their members whilst undergoing treatment, the Hospital received and acknowledges with gratitude the following amounts:—

Hospital Savings Association	£15,524
Hospital Saturday Fund	1,987

The ordinary Income for Maintenance amounted to £158,238, including £370 transferred from Legacies. The Income was £6,346 less than in the previous year. There was a deficiency of £48,987, because the total Expenditure amounted to £207,225. The steep rise in the cost of Hospital equipment and commodities, together with new and substantially increased scales of salaries and wages for all sections of the staff, resulted in £46,139 more having to be spent than in 1945, although steps were taken to ensure that economy was exercised in every Department. The extra Expenditure was also partly due to there being 80,597 additional attendances of Out-Patients. The accounts indicate that any difference between Income and Expenditure of the Branches has been met by an apportionment of the requisite sums from the General Funds.

The value of the Hospital's Endowments at the end of the year was £109,649 and there were credits on various Special Funds, other than Building Accounts, of £30,771.

The Building Fund increased by £3,399 and the Expenditure on essential buildings amounted to £1,160.

At the close of the year the gross Debt amounted to £231,041. Of this sum £183,026 was in respect of accumulated maintenance deficiencies and £48,015 in respect of Land, Buildings and Equipment.

The Special Appeal Fund received gifts towards Maintenance and Capital Accounts amounting to £2,729. The serious decline in legacies, which fell from £10,649 in 1945 to £370 in 1946, and the loss of many Subscribers and Donors from the list of Hospital supporters is attributable to the nationalisation of Hospitals and it must be anticipated that still further losses will occur before the Hospitals are formally taken over by the State. In the interim period, with the growing Expenditure and the diminishing Income, the already serious position of the Hospital will become more acute and an application to the Government for assistance under the authority given by Parliament for this purpose will become imperative.

CO-OPERATING ORGANISATIONS

The Board express their cordial thanks to all those who have devoted themselves and their funds to the welfare of the Hospital and the Patients, including:—

The Ladies' League.

The Ladies' Association.

The League of Roses.

The Clergy, Ministers and Congregations of various Denominations.

The donors of gifts in kind.

All Subscribers and Donors of money or voluntary service.

The Hospital Supply Depot and

All Working Parties.

BOARD OF MANAGEMENT

The death since the close of the year of Mr. Cuthbert Lake, who joined the Board in 1917, is recorded with deep regret, and sympathy is extended to his widow and family in their bereavement. Mr. Lake also served as a member of the Finance Committee and was unstinting in giving his professional advice in connection with the Hospital Estate. Mr. Anthony Clapham has been elected to the vacancy.

HONORARY MEDICAL STAFF

Sincere thanks are accorded to all members of the Honorary Medical and Surgical Staff for help to the Hospital and for their unremitting professional assistance to, and personal interest in, the Patients. As is only natural after a long war there have been a number of changes in the Staff. It was with deep regret that the resignations from the active Staff of Dr. Henry Semon, and Mr. Kenneth Walker were received upon the expiration of their full terms of office and it was a privilege to elect each of them to Emeritus rank.

Dr. Semon joined the Staff as Dermatologist and Venereologist in 1914. Mr. Kenneth Walker was elected as Surgeon and Urologist in 1921 and the Governors owe to them a debt which cannot be adequately expressed in words. Mr. Hamilton Bailey, one of the Surgeons to the Hospital, has taken Mr. Kenneth Walker's place.

Dr. Schlesinger, who joined the Staff as Physician and Paediatrician in 1927, resigned upon election to another important office elsewhere, and this vacancy has been filled by the transfer of Dr. Bruce Williamson who is already on the staff. The Board are very grateful to Dr. Schlesinger for all that he has done for the Children's Department, and have elected him as Consulting Paediatrician.

The Board have elected the following gentlemen, to each of whom a warm welcome is accorded:—

Raymond Greene, Esq., M.A., D.M., M.R.C.P.—Physician.

J. J. Owen, Esq., M.R.C.P.—Dermatologist.

Alan Small, Esq., M.B., F.R.C.S.—Surgeon.

Henry Hobbs, Esq., M.B., F.R.C.S., D.O.M.S.—Ophthalmic Surgeon (2nd).

Dr. James Marshall has been appointed Senior Medical Officer of the Venereal Diseases Department.

CHAPLAINS, RESIDENT MEDICAL, NURSING, MID-WIFERY ADMINISTRATIVE, HOUSEKEEPING AND OTHER STAFFS

The year has been an extremely difficult one demanding very hard work and untiring efforts of all sections of the Hospital's Staff in maintaining a high standard of work during times of shortage of personnel. The Board recognise with admiration these devoted services which have contributed so much to the welfare of the Patients and to the good repute of the Hospital.

ROYAL CHEST HOSPITAL

The work carried on for Out-Patients under difficult conditions in the remains of the bombed Hospital has continued to be of great value and 36,028 attendances were made at the various Clinics which include 11,977 at the Almeric Page Massage Clinic. The Board are much concerned that efforts to secure suitable accommodation for In-Patients in place of the Wards destroyed have so far proved ineffective. Cordial thanks are extended to the Hertfordshire County Council and the Medical Superintendent and Staff of Wellhouse Hospital, Barnet, who have continued to give hospitality to many patients who required In-Patient care. Mr. H. M. A. Siddons has been elected to the vacant office of Thoracic Surgeon (Second).

The income for the year was £6,749 and the Expenditure £8,321.

GROVELANDS HOSPITAL, SOUTHGATE

The accommodation available at Grovelands Hospital for those Patients in the first stages of recovery after operation has proved of

inestimable value in releasing beds at the parent Hospital for the admission of urgent and emergency cases. During the year 1,023 patients were admitted. The income amounted to £5,635, while the expenditure was £9,681.

RECKITT CONVALESCENT HOME, CLACTON

It was with pleasure that the Board were in a position to re-open this Section in December upon de-requisition by the Military Authorities. The Board were glad that Mrs. Cooke, the former Matron, was free to resume her duties. The income was £437 and the expenditure £792.

MATERNITY WARDS AND JOINT MIDWIFERY TRAINING SCHOOL (Part I)

826 expectant mothers were admitted to the Wards, 9,948 attendances were made at the Ante-Natal and Post-Natal Clinics. 46 pupils were accepted for Part I training of the Central Midwives Board examination of whom 41 were successful.

MATERNITY NURSING ASSOCIATION AND PART II TRAINING SCHOOL

1,695 mothers were attended during confinement in their own homes. 22,054 visits to homes were made by Midwives and Pupils. There were 17,220 attendances at the Ante-Natal, Post-Natal and Children's Welfare Clinics; 68 pupils were received for Part II training, of whom 64 were successful in satisfying the Examiners.

The Association continued to staff Maternity Homes at Lockington Hall, Leicestershire (45 beds) and at Hitchin, Hertfordshire (48 beds), on behalf of the Ministry of Health, and arrangements have also been made to assist the Hertfordshire County Council by organising and staffing a Maternity Unit at Welwyn Garden City. In London the Domiciliary Service has been extended by the opening of a further Centre in Highbury Crescent in the house so generously bequeathed by the late Miss M. F. Roby.

Cordial thanks and appreciation are expressed to Miss E. Tindall who, in addition to her manifold activities as Matron of the Association, has now also been appointed Matron of the City of London Maternity Hospital.

A full account of the work of the Maternity Nursing Association is contained in a separate report.

RADIOTHERAPY CENTRE

Progress has been made during the year by the development of a joint scheme of co-operation in Radiotherapy treatment between the Royal Northern and the Prince of Wales' Hospitals by pooling the resources of the two Hospitals and by arranging an interchange of the medical and other professional staffs so that the patients in the north of London needing this form of treatment can have access to

a larger range of expensive equipment, and the engagement of whole-time Radiotherapists, Physicists, etc., has become justified in the combined Centre. By this means concentration on the treatment of cancer, and its essential record-keeping and follow-up work, has been intensified as well as the study and development of treatment for other forms of disease coming within the scope of Radiotherapy. An anonymous loan of £1,900, free of interest, has been received to help this work forward.

NATIONAL HEALTH ACT

The National Health Act has now become law and Governors will know that under its provisions Hospitals will be taken over next year by the State. It is as well to mention here that in the case of the Royal Northern gross assets to the value of about £1,000,000 in Endowments, Lands, Buildings and Equipment will be handed over to the Government. The introduction of the Act will lead to far-reaching changes in the method of management of the Voluntary Hospitals. Although this great alteration in the organisation of the Hospital services of the country is viewed with grave concern by many people it is to be hoped that the support and interest of all those who have so willingly given voluntary services and financial help in the past will still be forthcoming and that by means of the loyal service, co-operation and valuable experience of some members of Boards of Management, Hospital Officers and Staff who remain under the new regime the services available to the sick and injured may continue unimpaired and that patients may still receive that individual sympathy and interest which has always characterised the Voluntary Hospital System.

AND

CONCLUSION

The Board are proud of the Hospital's record of 91 years of efficient and progressive services to the sick and its share in the training of Medical Men, Nurses and Midwives and other professional staffs, and they extend their thanks to all those in this Country and from Overseas who have, by their work and gifts, enabled these services to be efficiently maintained and enlarged.

There is still a year before the change of ownership takes place and the Board are anxious, in the interests of the patients and the people of the Country generally, to hand over an Organisation in as good a state of efficiency as possible. To do this they must still have the help of the subscribers and donors who have so loyally built up the Royal Northern Group of Hospitals and they appeal most earnestly to everybody to continue their generous support.

Dear Mr. Bevan,

Following my call on you on Monday last I found that the Annual Report which I had in my pocket was not quite up-to-date so send you one herewith which is better. The 1947 Report is not yet out of the hands of the Printers.

Yours sincerely,

W. Gordon

FOR GENERAL FUND

The Royal Northern Hospital is entitled to an Interest in the Funds left by the late Mr. T. P. Rider to the extent of a payment of £40. in 1946. These Funds are held by independent Trustees.

ECONOMY

In view of the need for special economy this year, the Annual Report has been curtailed and the list of Subscriptions and Donations omitted, but this can be seen at any time upon application to the Secretary.

Friends of the Hospital who desire to help increase the income and who at the same time wish to make provision for themselves or their friends in time of sickness will find particulars for a scheme for this purpose on page iii of the cover.

NOTE.—It is customary at most Hospitals for the recovery of patients to be provided for in the main Hospital. At the Royal Northern Hospital, patients are transferred to the Grovelands Hospital at Southgate. The statistical figures of the Royal Northern Hospital alone do not, consequently, show a complete comparison with other Hospitals, and this schedule is published for the information of supporters of the Hospital, to show the result of the combination of the figures of the Grovelands Hospital with those of the two other Hospitals of the Group to which it belongs. These figures are comparable with those of other General Hospitals.

Note—It is customary in most hospitals for the recovery of patients to be provided for in the main Hospital. At the Royal Northern Hospital patients are transferred to the Grove Road Hospital at Newcastle. The statistical figures of the Royal Northern Hospital include those of the Grove Road Hospital. A comparison of the figures of the two hospitals is given in the Appendix to the Report of the Hospital, to show the result of the continuation of the figures of the Grove Road Hospital with those of the two main Hospitals of the Group to which it belongs. These figures are comparable with those of other General Hospitals.

For Convalescence we are now able to use again the Reckitt Home, Clacton, which was re-opened on 7th November after having been closed for the war years. For patients whom the East Coast does not suit, we shall continue to use Homes in other districts as accommodation becomes available. During the past year 12 patients were sent to the Reckitt Home and 101 patients to other Convalescent Homes.

Other problems for which patients are referred are many and varied. Some we are able to solve but others are almost insoluble. Home Helps for the old, and nursing facilities for the chronic sick are a pressing need as yet only partially fulfilled.

Transport to Hospital by Hospital Car Service is needed more than ever before as pressure on beds becomes greater, necessitating the treatment as Out-Patients of those who would in former times have been admitted. This has incurred a considerable expense to the Hospital although patients contribute towards the cost according to their circumstances.

The following figures relate to the outside agencies with whom we are in touch concerning the welfare of the patients :—

Children referred to The Invalid Children's Aid Association ...	83
Patients referred to Family Welfare Association	62
Patients referred to Medical Officers of Health	200
Children referred to Education Authorities	78
Patients referred to Churches	21
Patients referred to Employers	22
Patients referred to Assistance Board and Public Assistance ...	53
Patients referred to Service Funds	29
Patients referred to District Nursing Association	208
Patients referred to Moral Welfare Worker	20

E. M. HOWES,
Lady Almoner.

ROYAL CHEST HOSPITAL

ALMONER'S REPORT FOR 1946

up to 1st December

The number of patients referred during the year is 390.

Of these 314 were recommended transfer to Wellhouse Hospital, Barnet.

Other recommendations carried out were :—

Appliances were supplied to 3 patients.

Convalescent Home treatment was arranged for 10 patients.

Admission to Special Homes or Hospitals 30 patients.

Transport was arranged for 5 patients.

Reports sent to outside Agencies 30.

Temporary grants for 3 patients.

Home visits paid to 2 patients.

ANNUAL REPORT, 1946

The figures for 1946 compared with those for 1945 are as follows :

	<i>Massage</i>		<i>Electrical</i>		<i>Seen by Doctor</i>
	<i>New</i>	<i>Attendances</i>	<i>New</i>	<i>Attendances</i>	
1945	891	14,054	2,053	33,852	3,693
1946	1,182	10,644	2,567	31,587	4,622

(These totals include In-Patients, Out-Patients' and Private Patients' treatments, also those at Grovelands Hospital.)

Staffing problems have become easier during 1946. Extra Staff is now available for Ward treatments, and we were able to recommence treatment at Grovelands Hospital in November, 1946.

The Women's Evening Clinic, which was started as a war-time measure, has been closed for a month or two as there are fewer women in industry, but it is ready to be re-opened as soon as required. The Men's Evening Clinic has been carried on throughout the year and is well attended and greatly appreciated.

The Light Department continues to draw patients from all Departments in the Hospital. Fewer patients have come from outside sources (Welfare Clinics, etc.) probably because most of these now have their own Artificial Sunlight Lamps.

The number of investigations made by the Pathological Departments in the year 1946 (the first full year after cessation of hostilities) is no less than 50 per cent. above the last full year before the outbreak of war.

This is conclusive evidence of the increasing use now being made of facilities for pathological investigations, and is by no means an indication, even, that we are approaching the maximum. The scope of the laboratory is ever increasing and the pace is getting faster.

NORTHERN TUBERCULOSIS DISPENSARY

REPORT FOR THE YEAR 1946

There was a continued steep rise of over 1,200 in the numbers attending the Dispensary during the year.

New cases of Tuberculosis rose by only 4 from the previous year but 31 Contacts were found to be Tuberculous out of the 534 examined. This may be compared with 14 out of a total of 558 examined last year.

The housing conditions and the inadequacy of hospital accommodation for Patients suffering from Tuberculosis continue to make the struggle against this disease a difficult and disturbing business.

ROYAL CHEST HOSPITAL

SOUTHERN TUBERCULOSIS DISPENSARY

REPORT FOR THE YEAR 1946

The past year has been rather difficult, particularly perhaps as to the admission of patients to Hospital and Sanatorium. In not a few cases patients have had to remain at home for a number of weeks, pending a vacancy. Fortunately, a majority of these had not suffered to any great extent. In many instances, one is glad to report, improvement has been steady and continuous so that Institutional treatment became unnecessary. After a reasonable time a number have been able to resume their occupations, or obtain suitable work, either full or part time.

Priority Milk, Maintenance Allowances and Good Housekeeping have contributed in no small degree to these happy results.

HOSPITAL SUPPLY DEPOT AND WORKING PARTIES

The valuable work in assisting the Hospital by the supply of garments, bandages, splints and dressings, not to mention the laborious task of mending and repairing old household linen is most warmly appreciated and the cordial thanks of the Board is accorded to all those ladies who have given so readily of their time and talents to this end.

Volunteers who are willing to help in this essential work will be warmly welcomed and should communicate with the Secretary at the Hospital.

DONATIONS CARRYING LIFE ANNUITIES

A Fund has been established whereby donations can be received subject to the payment during the life of the Donor or Nominee, of an annuity.

Donations given to this Fund can be earmarked for transfer, on the death of the Donor, either towards the general maintenance of the Hospital or to any capital fund, such as
Endowment or Buildings.

TRAINING FACILITIES AVAILABLE AT THE ROYAL NORTHERN HOSPITAL

NURSES TRAINING SCHOOL

Candidates of good education, between the ages of 18 and 33, can be received into the Preliminary Training School for eight weeks' training before entering the Wards.

On completion of three years' training selected nurses have the opportunity of taking the Central Midwives' Board Examinations

MIDWIFERY TRAINING SCHOOLS—PART II

Pupils are received for six months' training for the second Examination of the Central Midwives Board. Further details will be found under the heading "Maternity Nursing Association."

SCHOOL OF RADIOGRAPHY

Students are accepted for training at the age of 18. The X-Ray Department is spacious with up-to-date apparatus and is recognised by the Society of Radiographers as an approved training centre. Students trained at the Hospital may therefore obtain the Society's Diploma after two years.

There is accommodation for resident women students at the rate of 25/- per week for board and lodging.

HOUSEKEEPING COURSE

Students with a Secondary School education are accepted for practical and theoretical training in Cooking, Linen Room Work, Needlework and Store Keeping.

Students receive pocket money together with board, lodging, uniform and laundry.

A certificate is issued at the termination of the course to successful candidates who should then be qualified to accept posts as Assistant Housekeepers, Assistant School Matrons, or Assistant Cooks.

Particulars of the above Courses may be obtained by application to the Secretary.

ROYAL NORTHERN HOSPITAL

League of the Roses

FOREWORD

What can I write of our efforts for year 1946, now ended? We experienced, as did similar organisations—without a doubt—great difficulty in obtaining the usual support from public to our several ways and means of raising funds for League of Roses Ward, due to contemplated State control of Hospitals, which we understand will take place in July, 1948. We have nevertheless tried to carry on as usual and endeavoured to overcome the seemingly lack of interest of general public.

Whatever is to happen in July, 1948, can in no way heal and bring back to health the many thousands of folk who, through accident or ill health, need the attention of Hospital services during this interim period. Accidents and illness, alas—as we all so well understand—require immediate treatment *now* and cannot await a date in year 1948.

All League Members, and I feel I can include all who attended our week at Derry's Gardens, loaned to us through the great kindness of Messrs. Derry & Toms, Ltd., Kensington High Street, W.8, thoroughly enjoyed—would indeed be difficult not to—the truly magnificent and wonderful beauty of these Gardens. No less a sum than £422 was taken during our week—a splendid result and most gratifying. My sincere thanks to all who made this result possible.

Messrs. Derry & Toms have promised us the use of the Garden in 1947. Can we beat the 1946 result? We shall have a good try.

My thanks to our many friends, League Committee and Members for their continued interest and appreciated support in helping to maintain the League of Roses Ward.

ELSIE J. BARRATT, *Chairman.*

THE ACCOUNTS FOR THE YEAR ENDED 31st DECEMBER 1940

“ГЕВУСЛЕ ОЪ КОЗЕЪ”

PROTECT YOUR HEALTH

At the Institutions forming the Royal Northern Group of Hospitals (as at other Hospitals) patients are now asked to pay part of the cost of their treatment according to their means. The introduction of this system has naturally led to requests for exemption from past and present supporters of the Hospital. To meet this just demand for

VALUE FOR MONEY

the Contributors' Certificate Scheme was started, by which contributors may receive Certificates in exchange for money given to or collected for the Hospital. They are of seven values, *21/-, *10/6, *5/-, 2/6, 1/-, 6d. and 3d., and are accepted at their face value towards the cost of any treatment which the Bearer may need.

SIX REASONS WHY **YOU** SHOULD CO-OPERATE

- ONE :** You will help the Hospital, and at the same time **HELP YOURSELF.**
- TWO :** The Certificates will be accepted as payment at any of the Hospitals of the Royal Northern Group, at the Mildmay Memorial Hospital or the Hornsey Central Hospital.
- THREE :** They will help to provide you with medical and surgical appliances, dentures, etc., if needed in connection with your treatment.
- FOUR :** They are valid for Ten Years (those marked with a * are valid for 20 years), and will therefore help you to make provision against a rainy day.
- FIVE :** They can be passed on for use by your friends, so that you will be in a position to lend a helping hand in time of sickness.
- SIX** They afford you a simple method of giving a small but regular amount to the Hospital, and provide you with tangible advantages in exchange.

Further particulars of this interesting and beneficial scheme can be obtained from The Secretary, Royal Northern Hospital, Holloway Road, N.7.
