## REPORT.

The Rutson Hospital has provided treatment for 204 patients during the year 1927—an increase of 23 on the number of patients in the previous year.

The daily average number of patients was 12, as compared with 11.9 in 1926.

The average number of days per patient was 22, as against 20.7 for the previous year.

Road accident cases increase and are an expense to the Hospital as these cases often require a prolonged treatment and in many cases no payment is received.

The Annual Statement of Accounts is presented herewith. The statement shows a deficit of £194 10s. 5d.

An appeal for further support with regard to Annual Subscriptions was issued by the Committee during the year, and the Committee greatly appreciate the action of those who responded to the appeal by becoming Annual Subscribers.

There is reduction on the Expenditure under all headings as compared with the amounts of the Expenditure of the previous year.

An extension of the hot water heating system has been carried out during 1927—the men and women's wards are now warmed by radiators and the consumption of coal is thereby considerably reduced. This extension has entailed the installing of two separate boilers for the heating and domestic supply in the place of the one boiler which was worn out. This alteration has proved satisfactory. The cost of this alteration and addition to the hot water system has been dealt with through the Capital Account.

The Committee wish to express their sincere thanks to Subscribers and Donors ; to the Clergy and others who devoted Congregational Collections for the benefit of the Hospital ; to the Hon. Chaplain, Honorary Medical, Dental and Dispensing Staff, the Hon. Treasurer, and District Correspondents ; to Miss Shephard for her help during the holidays of the Staff ; to Mrs. Foggin for her help during pound day ; to Mr. F. Wilson for his assistance in carrying stretcher cases ; to the Choirs who sing to the patients on Sunday evenings, and to all who have helped the Hospital in many and various ways.

The Mile of Pennies Fund continues.

Pound Day was again held and a large number of gifts in kind were most gratefully received, together with £27 15s. 0d. in money, see page 21.

A valuable addition to the linen has been presented to the Hospital by the Ladies' Aid Society who have provided 24 pairs of sheets.

A list of gifts received during the year, together with a list of special Christmas gifts, will be found on pages 19, 20, and 21.

The Committee record with deep regret the death of Mrs. J. P. Yeoman, a member of the Committee and of the linen Sub-Committee. The kind interest and assistance which Mrs. Yeoman gave in all matters connected with the Hospital will be greatly missed.

The District Hospital Associations continue to give support to the Hospital.

The Hospital work continues to be ably carried out by Miss Osbourn, the Matron, and Sister Hirst.

The Hospital continues to afford treatment to four non-pulmonary tuberculosis patients. The Tuberculosis Dispensary of the County Council is held at the Hospital each Wednesday. The North Riding Education Committee Children's Eye Clinic is held there four times a year.

Under the will of the late Captain W. H. Cooper-Horsfall, one of the Trustees of the Hospital, the Hospital will receive a legacy of £500 0s. 0d.

## MEDICAL OFFICER'S REPORT.

The work of the Hospital during the year ended December 31st, 1927, has increased compared with previous years, and many of the cases were of a serious nature, throwing a strain on the working staff of the hospital. This proves the continued usefulness of this Institution, to the town and neighbourhood.

Judging from my almost daily visits, and from a medical point of view, the comfort of the patients in this hospital is practically all that could be expected or desired, and the patients appear happy.

The patients admitted during the year number 204, those already in the hospital at the commencement of the year 8, which makes a total of 212 patients treated during the year. This shews an increase of 20 patients for the year with which we are dealing, the number for 1926 being 192. These cases consisted of 38 medical, 111 surgical, 10 surgical tuberculosis, 11 maternity, and 23 dental cases.

Of the surgical cases, 37 were accidents, and many of these of a serious nature were due to motor accidents on the highways near. Most of these were not residents of the district. This extra work throws a strain, and often an expense, on the hospital by strangers, some of whom afford the expense of running a motor car for pleasure, but do not subscribe to the upkeep of this or any similar institution.

The number of operations performed was 71, of these 33 were major operations, and 38 of a minor nature. The deaths in the institution number 11 for the year, 6 being surgical and 5 medical.

The County Council continues to get good results from the treatment of surgical Tuberculous diseases, and by the number admitted it will be seen the department is doing useful work.

The nursing and other arrangements for the welfare of all the patients have been carried out in a manner deserving of the highest praise. The Matron, Sister and Staff, have many times been overworked, but have cheerfully carried on with their usual energy. Their kindness, consideration and sympathy is, I am sure, appreciated by the patients, and by all who have the welfare of the Rutson Hospital at heart.

WILLIAM BAIGENT, M.D.,  
Senior Medical Officer.

### FORM OF LEGACY TO THE HOSPITAL.

I give and bequeath to the Treasurer for the time being, of the Rutson Hospital, established at Northallerton, the sum of Pounds, free of legacy duty, for the general purposes of the said Institution, to be paid within calendar months next after my death. And in order that the same legacy may be paid in full, I direct the same, together with the legacy duty thereon to be paid exclusively out of such part of my personal estate, as by the laws in force at my death, may be bequeathed for charitable purposes. And I declare that the receipt of the Treasurer for the time being of the said Institution shall be an effectual discharge for the said legacy.

Particular attention is requested to be paid to this Form of Bequest, on account of some recent unfortunate mistakes in Wills, by which Legacies to Charitable Institutions have been rendered void, in consequence of having been ordered to be raised or paid out of Freehold or Leasehold Estates, or out of Money secured on Mortgage of such, which is not permitted by law.

Presents of Old Linen or Cotton Cloth, and Books are very useful and acceptable to the Institution.
