REPORT OF THE COMMITTEE

For the year 1946.

To be presented to the Governors at the
ANNUAL MEETING, on THURSDAY, 31st JULY, 1947.

The Committee of Management present to the Governors the 206th Annual Report of the work of the Hospital and the Treasurer's Statement of Accounts.

As it is still necessary to economise in the use of paper the Report is again presented in a somewhat abbreviated form.

The year has been one of very considerable activity in undertaking urgent repairs and improvements which of necessity had not been carried out during the War years. Further accommodation for the Nursing Staff, an additional building for the Pathological Department, the work of which grows every year, new Lifts to the Halford and Victoria Wings, new Equipment in the Laundry, and the complete rewiring of a great part of the Hospital were among the more important works which have had to be undertaken, while repairs and some redecoration have been continually in progress. The installation in the Basement of a Cold Storage Room for Meat will be a great boon to the Catering Department.

During the year the Board relinquished control of the Beds which had been placed at its disposal at the West of England Eye Infirmary under the Emergency Hospital Scheme, and desires to record its appreciation of the help and co-operation received from the Eye Infirmary Committee during the dual occupation of their building.

Operations.

Operations performed in 1946 totalled 4,151 an increase of 35 on the figure for the previous year.

Patients' Contributions.

The contributions from Patients and their Societies form a major portion of our Income, and the work of the Almoner is more and more useful, both to the Patients and the Hospital. The Exeter & Western Counties Hospital Aid Society made a special grant of £5,442, thus making their total contribution for its members equal to £3 10s. 0d. per head per week.

President, Vice-President and Treasurer.

Alderman Vincent Thompson, President, Mr. A. L. Candler, Vice-President, and Mr. F. J. W. A. Wint, Treasurer, have kindly consented to continue in office for another year.

Statistics Relating to Patients.

The following Statistical Table indicates the work done at the Hospital during the past twelve months :—

Honorary Solicitors.

Messrs. Anstey & Thompson have given much time to the legal affairs of the Hospital, and thanks are due to them for their services.

Medical Staff.

Considerable changes have taken place in the Medical Staff. Dr. R. Eager resigned his position as Consultant in Psychiatry in August, being succeeded by Dr. Hugh Scott Forbes, and the Board regretfully record the death of Dr. Eager early in 1947. A new Department of Obstetrics and Gynaecology was established and Mr. P. M. G. Russell appointed as Surgeon-in-charge. Dr. R. K. Fortescue-Foulkes resigned his appointment as Anaesthetist after 20 years of excellent service and was succeeded by Dr. W. J. Walter. Dr. S. S. Cruden and Mrs. D. E. Stumbles were appointed Assistant Anaesthetists. Dr. Charles Seward has returned from War Service and resumed his duties as Assistant Physician on June 1st; the Committee is grateful to Dr. R. H. Norman for his services during Dr. Seward's absence. Mr. G. J. Lillie resigned from the post of Assistant Orthopaedic Surgeon and was succeeded by Mr. F. C. Durbin.

The Resident Medical Staff have continued their much valued services.

Administrative Staff.

Much work has been done by the Secretary and Administrative Staff during the year, and to all concerned the Committee conveys its grateful appreciation.

Nursing Staff.

The Hospital is suffering from the general shortage of applicants for training. In spite of difficult conditions Matron, Sisters and Nurses have maintained a high standard of service under great pressure and deserve unstinted praise.

Prize winners for the year were as follows :—

<i>Gold Medal :</i>	E. M. JEWELL.
<i>Silver Medal :</i>	N. H. LEWIS.
<i>Nursing Prize :</i>	C. R. LOWE.
<i>Surgical Prize :</i>	E. J. AVENT.
<i>Medical Prize :</i>	P. P. HEARN.

In May, 1946, the Assistant Matron, Miss K. A. M. Benson, retired after 37 years devoted service to the Hospital. She took with her the good wishes of everyone on her retirement and received presentations from the Committee, Medical, Nursing and Domestic Staffs. Miss L. J. Soffe from University College Hospital, London, has been appointed Assistant Matron.

Catering Department.

The ever increasing work in this Department has again during the past year been most ably supervised by Miss Howard, assisted by Miss Quibell. The thanks of the Committee to both of them are recorded. It is hoped that the recent appointment of two dietitians will in some measure ease their arduous duties.

Domestic and Other Staff.

It is with great regret that the Committee records the death of Miss Alice Soper, for over 40 years Linen Maid. The resignations of Mr. W. Finnemore (26 years service), Mr. A. Willey (24 years service), and Mr. J. Nuttall (30 years service) in the Engineer's Department gives an opportunity to thank them for their long and loyal service.

Mr. W. S. Payne, Head Porter for 47 years, retired in June 1947, after a total of 53 years service at the Hospital, and the Committee record its gratitude for work well and faithfully done during all those years. The good wishes of all go with him in his retirement.

Legacies.

The Committee acknowledges with gratitude the following legacies:—

	£	s.	d.
Mrs. Emily Jane Howell	100	0	0
Mrs. Lillian Jessie Knight	2000	0	0
Mr. James Ponsford	10	0	0
Mrs. Clara Pearn	500	0	0
Mr. Lewis George Splatt	75	7	10
Mr. William Tuckett	900	0	0
Mr. Walter John Otton	503	12	4
Mrs. Emma Jane Presswood	373	10	11
Mr. William James Reddaway Thomas	225	0	0
Mr. William Peake	100	0	0

Mrs. Sarah Ann Mitchell	450	0	0
Miss Florence Hilda Bowden	30	0	0
Mrs. Emmaleen Prowse	50	0	0

Ockenden Convalescent Home.

The Home continues to be a very useful adjunct to the work of this Hospital, and also affords opportunity for convalescence to people from many distant places.

Ladies' Linen League.

The Members of this League continue to do invaluable work under the leadership of Countess Fortescue, its President, and the grant of £415 towards the purchase of Linen has been a great help in these times of rising prices.

The Committee records its gratitude to all members of the Linen League for their sustained efforts.

Special Efforts and Gifts in Kind.

The Committee records with pleasure the following contributions:—

- (a) Egg Appeal.—Another notable success resulted in a total of 26,205 Eggs and £181 6s. 0d. in cash. Over 3,000 Eggs came from the Okehampton District, per the Mayor and Mayoress, and the gift is evidence of the popularity of the Hospital in that part of the County.

- (b) Exeter University Students' Rag Day—£200 0s. 0d.
- (c) Exeter Alexandra Rose Day Collection—£575 0s. 0d.
- (d) Grant from Ladies' Linen League—£415 0s. 0d.
- (e) Motor Week Appeal—£950 0s. 0d.
- (f) 92 County Rose Days—£695 9s. 4d.
- (g) Cancer Day Collection—£245 0s. 0d.
- (h) Potato and Vegetable Week—over 2½ tons received and £7 17s. 6d. in Cash.
- (i) Entertainments and Dances—£1,787 13s. 5d.
- (j) Contribution Boxes—£464 18s. 1d.

Although this may be the last year in which the Hospital is wholly under Voluntary Management, the Committee anticipate inaugurating at a later date some form of Comforts Fund to which it is hoped both financial support and gifts in kind will be contributed. This will provide those extras which are so much appreciated by patients but which cannot reasonably be provided from public funds.

Exeter Day Schools' Children's Cot Fund.

Thanks to the unflagging zeal of Mr. Fred Austin this scheme continues to make an attractive appeal to the young. During the year £202 7s. 1d. was received towards the provision of another Cot in the "Bowring" Ward. Children of the Elementary Schools of the City have already been responsible for the endowment of five such Cots.

Special Departments.

Pathological.—The appointment of a full-time Assistant Pathologist, Dr. C. P. Warren, and the provision of a Laboratory Hut in the grounds, will enable the increasing demands made on the Department to be more satisfactorily met.

The technical staff has been depleted, and there is a shortage of trained technical assistants, therefore those remaining have been called upon to work at steady pressure, and their response to this demand has been most loyal.

Blood Transfusion.—A blood bank has been maintained, and has met the increased demands made on it by this Hospital and others. Both Mrs. Wayland Smith and Mrs. Lethbridge have continued to give their services voluntarily to this essential service; and on behalf of patients who have benefited, the Committee express their thanks.

Radiological.—There has been an increase in the amount of work of the department as shown by the following figures:—

Diagnostic Department. Total attendances were 10,132 compared with 9,700 for 1945. The increase is in the intricate and time-consuming examinations, which occupy the accommodation of the department to a greater extent each year.

Therapy Department. The total number of treatments given by the Deep X-Ray Plant was 4,992, and by the Superficial and Intermediate Plant 2,864.

Plans have been made to separate the Diagnostic and Therapy Departments, and now that specialist staff is becoming more available it is hoped to put these plans into action as soon as accommodation for a Radiotherapy unit can be built.

During the year the resources of the Diagnostic Department in apparatus and accommodation have been stretched to the practicable

limit. It will be difficult, especially if indiscriminate Electricity cuts are to persist, to meet the vastly increased demands likely with the advent of the National Health Service, and a very careful Priority List will have to be worked out, a device which almost alone amongst Hospitals we managed to avoid during the difficult War years.

Physiotherapy.—The work of this department steadily increases and during the past year 812 In-Patients were treated; new Out-Patients totalled 1,449 and there were 38,211 Treatments given. In addition exercise classes in Wards are proving very helpful.

Gifts made after November 6th, 1946.

By the National Health Service Act it is provided that gifts made upon trusts which provide :—

- (a) for the administration of the property (ie. gifts) as a capital fund separate from the general funds of the Hospital; or
- (b) for the application of the property (ie. gifts) for some specific object distinct from the general purposes of the Hospital and involving expenditure of a capital nature.

Will be under the control of the "Management Committee" to be appointed under the Act which will be able to give effect to the intentions of the Donors.

Gifts made after the Appointed Day.

On and after the "Appointed Day" under the National Health Act, the new Management Committee will be authorised to receive gifts and legacies of money or property, and independently to administer such gifts as Trustees on behalf of their Hospital or group of Hospitals. It will be unnecessary to make gifts to Hospitals for general maintenance which will be paid for out of Rates and Taxes and direct payments by the insured but all the needs of patients will not be met in this way and such Funds as our Samaritan Fund, Bowring (Children's Ward) Fund, Orthopaedic Fund, Linen League Fund, etc., will still require the support of our friends. The Act recognises this necessity and provides for the administration of such Funds in accordance with the wishes of the Donors.

The Future.

The National Health Service Scheme is to come into operation on the 5th July 1948, and much time and thought have been devoted to consideration of arrangements under the new regime. Not all the details are yet settled, but sufficient is known of the Government's intentions to make it clear that a certain measure of local control will be retained, that there will still remain need for the same devoted service to the care of the sick as has been given during the 200 odd years of the Hospital's history, and there will still be opportunities for the use of gifts from the supporters of the Hospital. This Hospital will have an honourable place in the general scheme of Hospital Service and all who know its record will not doubt that it will take its place worthily.

Signed on behalf of the Board,

VINCENT THOMPSON.

Dated 10th July, 1947.

President.
