ROYAL CORNWALL INFIRMARY.

The Royal Cornwall Infirmary is the oldest Voluntary Hospital in the County, and owes its inception to the public spirit of Lord de Dunstanville (Sir Francis Basset), whose memory is perpetuated by a bust in the vestibule of the Hospital and by an obelisk on Carn Brea. Lord de Dunstanville called meetings at Camborne, Redruth and Truro. It was decided to build a Hospital at Truro, and the Cornwall General Infirmary was opened on August 12th, 1799, with twenty beds.

In 1800 the income was £792, the expenditure £830, and forty seven patients were admitted.

A few years later the Leper Hospital of St. Laurence de Ponteboye at Bodmin (a foundation incorporated under a charter by Queen Elizabeth in 1582) was no longer required, and was closed by an order of the Court of Chancery at the instance of Lord de Dunstanville. The property, a farm of fifty-four acres, was transferred to the Cornwall Infirmary, and was held until 1920, when it was sold and the money invested. The stone tablet on one of the buildings of the Leper Hospital was placed in the entrance of the Infirmary, and reads as follows:—

“Richard Carter of St. Columb, merchant, by his will and testament in 1582 did give £10 which sum by the consent of his executors we have employed towards the making of this house in year 1586, whose charitable and rare example in our time, God grant many to follow hereafter.

The first President was Sir William Lemon, and the first Treasurer Mr. Francis Enys. The first apothecary and secretary Mr. Bull, served the Hospital for fifty-five years. His portrait, with that of several physicians and surgeons who were on the staff many years, hangs in the Board Room. Mr. Bull's sister was Matron from 1854 to 1869. The list of Presidents contains the names of almost every well-known Cornish family. George, Prince of Wales, was the first patron, but in 1822 the Hospital was known as the Cornwall General Infirmary, and was under the Patronage of King George IV. There is no record as to when the title of the Hospital was changed to Royal Cornwall Infirmary. At this date the medical staff consisted of two physicians, two visiting and two consulting surgeons, and a surgeon apothecary or house surgeon.

The list of rules and regulations then published is interesting. For some unknown reason no dropsical patient or domestic servant was to be admitted, unless the latter was

incapable of remaining in service, and then only on the payment of six shillings a week. A useful rule was that 'no chaise, horse or cart bringing a patient to the Infirmary may return until it be known whether such patient can be admitted.'

Anyone recommending a patient must promise to defray the expenses of burial. In-patients were not to swear, behave rudely, or play at cards or dice, and on their discharge were to return thanks in their own parish Church.

At the Annual Court a sermon was to be preached to the Governors and a collection made for the use of the charity.

The Hospital continued to do good work, and in 1847 an ophthalmic department was started; and in 1854 £1,200 was spent on improvements. In 1865 the number of patients treated was 406, and the beds were increased to 60. In 1868 a north wing, and in 1887 a west wing, were built. In 1900 the operating theatre was reconstructed, and in 1905 £1,000 raised by the Hon. John Boscawen was spent on improvements. In 1905 private wards were initiated. In 1908 an X-ray department was started, and in 1911 £1,600 (raised by Col. the Hon. H. W. F. Trefusis (then President)) was spent on improving the nursing staff quarters and ophthalmic departments.

During the Great War 50 beds were reserved for wounded soldiers, and after the War the Red Cross Society granted £4,500 to the Infirmary for improvements, and the Governors, under the presidency of the late Mr. Powys Rogers, collected and spent £17,000 on renovating the Hospital.

In 1919 the Hospital was recognised as a Training School for Nurses, and probationers were enabled in their four years' course to complete their training. In 1924 there were 70 beds, the number of patients admitted was 807, and a children's ward was added.

The yearly expenditure was now £6,000, double that in 1912. It was therefore necessary to ask patients to contribute to meet the extra cost, but all necessitous cases received careful consideration. The cost per bed was £2 12s. od. per week. The income was raised by subscriptions, £785; collections and donations, £1,800; investment, £1,100; and patients contributions, £1,500. The Hospital Saving Association proved to be a valuable source of income later on.

The work and responsibility of the medical and surgical staff rapidly increased. Cases were treated from all over Cornwall, and although smaller local Hospitals had been started in the County, the valuable facilities offered by the larger Hospital led to a continued increase in the number of surgical cases admitted.

In 1928 a new Nurses' Hostel was built, which is utilized for the senior nursing staff.

In 1930 an Orthopædic Ward of 14 beds was opened, together with a Consulting Out-patient department, and was associated with Orthopædic Clinics in various parts of Cornwall. This valuable work has rapidly increased and more beds are needed.

In 1933 a new X-ray plant was installed, together with a portable set for use in the wards to save seriously injured patients the ordeal of unnecessary movement. A better mortuary chapel was arranged, and a new up-to-date laundry and boiler house built.

In 1934 it was decided to elect a Pathologist and to equip a Pathological Laboratory, an innovation of great value, both for exact diagnosis and scientific treatment.

In 1936 an Ear, Nose and Throat Department was opened.

Valuable adjuncts to the Infirmary are the Men's Convalescent Home at Perranporth, built in 1892, and endowed by the late Mr. Passmore Edwards, and the Women's Home, built in 1912 on land given by Mr. Enys and endowed by the late Mr. Dorrington. The Homes are usually open seven months in the year, and are generally full. The Homes are useful not only in fully restoring the patients to health, but in relieving the pressure on the beds in the Infirmary.

REPORT OF THE COMMITTEE OF MANAGEMENT.

The Committee of Management beg to submit their Report for the year ended 31st December, 1936 :—

1. **The Year's Work.** The number of In and Out-patients and operations has been :—

	1935.	1936.
In-patients ...	988	1,034
Out-patients ...	1,141	1,187
Operations ...	907	900

2. The daily occupation of beds during the year was 70, and the average stay of patients 25 days.

3. The average cost for In-patients for three years has been :

4. The total ordinary income amounted to £9,706 19s. 0d. and the total ordinary expenditure to £9,751 14s. 1d. The excess of expenditure over income for the year was £38 3s. 6d. The balance on the Building Account for expenditure on the new Kitchen and Laundry, amounting to £518 11s. 10d., has been included in the expenditure account for the year.

The following legacies have been received :—

£153 8s. 6d.	from the estate of E. B. Treneer, deceased.
£90 os. 0d.	„ „ „ Lavinia Roberts, „
£1,000 os. 0d.	„ „ „ Mrs. C. H. T. Hawkins, deceased, to endow a "Hawkins" Bed.

These sums have been dealt with as follows :—

£236 16s. 11d.	towards equipment of Ear, Nose and Throat Department.
£1,000 os. 0d.	invested in purchase of £1,024 4s. 6d. London County Council 3% Stock.

Extensions Fund. During the past year donations amounting to £9,019 8s. 7d. have been received, also a gift of land (value £100) adjoining the Hospital property. There is a cash balance in hand of £10,201 9s. 9d.

The amounts received from Entertainments is less because the bulk of such funds raised have been given to the Extensions Fund.

6. **Linen League.** The League has supplied 750 articles to the Hospital and has satisfied the Matron's requirements. The League received £35 5s. 9d., proceeds of a dance, and has a balance in hand of £63 10s. 2d., which will be useful when the larger quantities of linen are needed for the new beds. The League has now 673 members, an increase of 78 on last year.

7. **Almoner's Report.** The Lady Almoner reports that more people are daily realising the value of the H.S.A. as a good investment for times of illness, and this has probably helped to reduce the number of patients who have been unable to contribute anything towards their maintenance. There is still, however, a large number of these patients on the books, and as noticed previously, a big percentage came from outside the Truro area. During the year only a few patients were able to pay the full cost of a bed. There has been a notable increase in H.S.A. patients, 938 having received treatment, compared with 629 last year.

Thirty motor accident cases were admitted, for which the Hospital has received to date £125 16s. 0d., the full cost of the bed being obtained in ten out of sixteen cases settled. Four of the other cases who could sustain no claim were H.S.A. patients.

The X-ray Department has also shown increase, and although there have been several patients who could only contribute a small proportion of the cost, the fees received have been £407, as against £311 last year.

Cases under the Workmen's Compensation Act still continue to be an unsatisfactory feature of the Hospital's finances, as treatment is often lengthy and expensive and payment uncertain.

8. **Hospital Saving Association.** The Association is increasing its membership, and there is a steady increase in the number of H.S.A. patients admitted.

Receipts from Hospital	£	£	£
Saving Association	1,156	1,976	2,291

The Committee are indebted to the Group Secretaries, who voluntarily give their services. £13 12s. od. has been raised by the Mullion Groups as a memorial to the late Mr. Wilfred Trewin. This money will be utilized to provide some equipment for the Ear, Nose and Throat Department.

9. **Nurses' Training School.** Two Nurses have completed training and received the hospital certificate. Four Nurses entered for the Preliminary State Examination. All were successful. Forty-six lectures have been given by the Medical Staff, followed by coaching classes. Matron and Sister Tutor have given thirty-nine lectures and fourteen revision classes.

10. **Pathological Department.** The department has now been open for a year and nine months, and a comparison of the following figures for work done during the past year, compared with the nine months of the preceding year, shows that the laboratory facilities provided are being increasingly used:—

	1935.	1936.
Hospital Patients	402	562
(R.C.I. and other hospitals)	(Nine months).	
Public Health Authorities ...	779	2,139
	(Six months).	
Medical Practitioners ...	706	1,079
	(Nine months).	

The increased work has necessitated additional staff, and there are now two technical assistants working in the department as well as general help.

A feature of the work of the past year has been the great variety of the specimens sent for examination and the number of cases of exceptional interest investigated.

As before, numerous examinations have been made for the County Coroners and the Police Authorities.

11. **Ear, Nose and Throat Department.** The department was started on the 17th August, 1936. A very satisfactory Out-patient Department has been fitted up and new equipment obtained for the wards and theatre.

Work has been gradually increasing, and up to the present 125 Out-patients have been seen and 69 operations have been performed, many of which have been for removal of tonsils and adenoids.

A wide variety of cases are coming in from an increasing area of the county.

Benefactions and Legacies.

The Committee desires to recommend especially two methods for benefitting

The Royal Cornwall Infirmary.

BY NAMING A BED OR COT to perpetuate the memory of a relative or friend, or to commemorate an important event.

A memorial plate is erected over each named bed or cot.

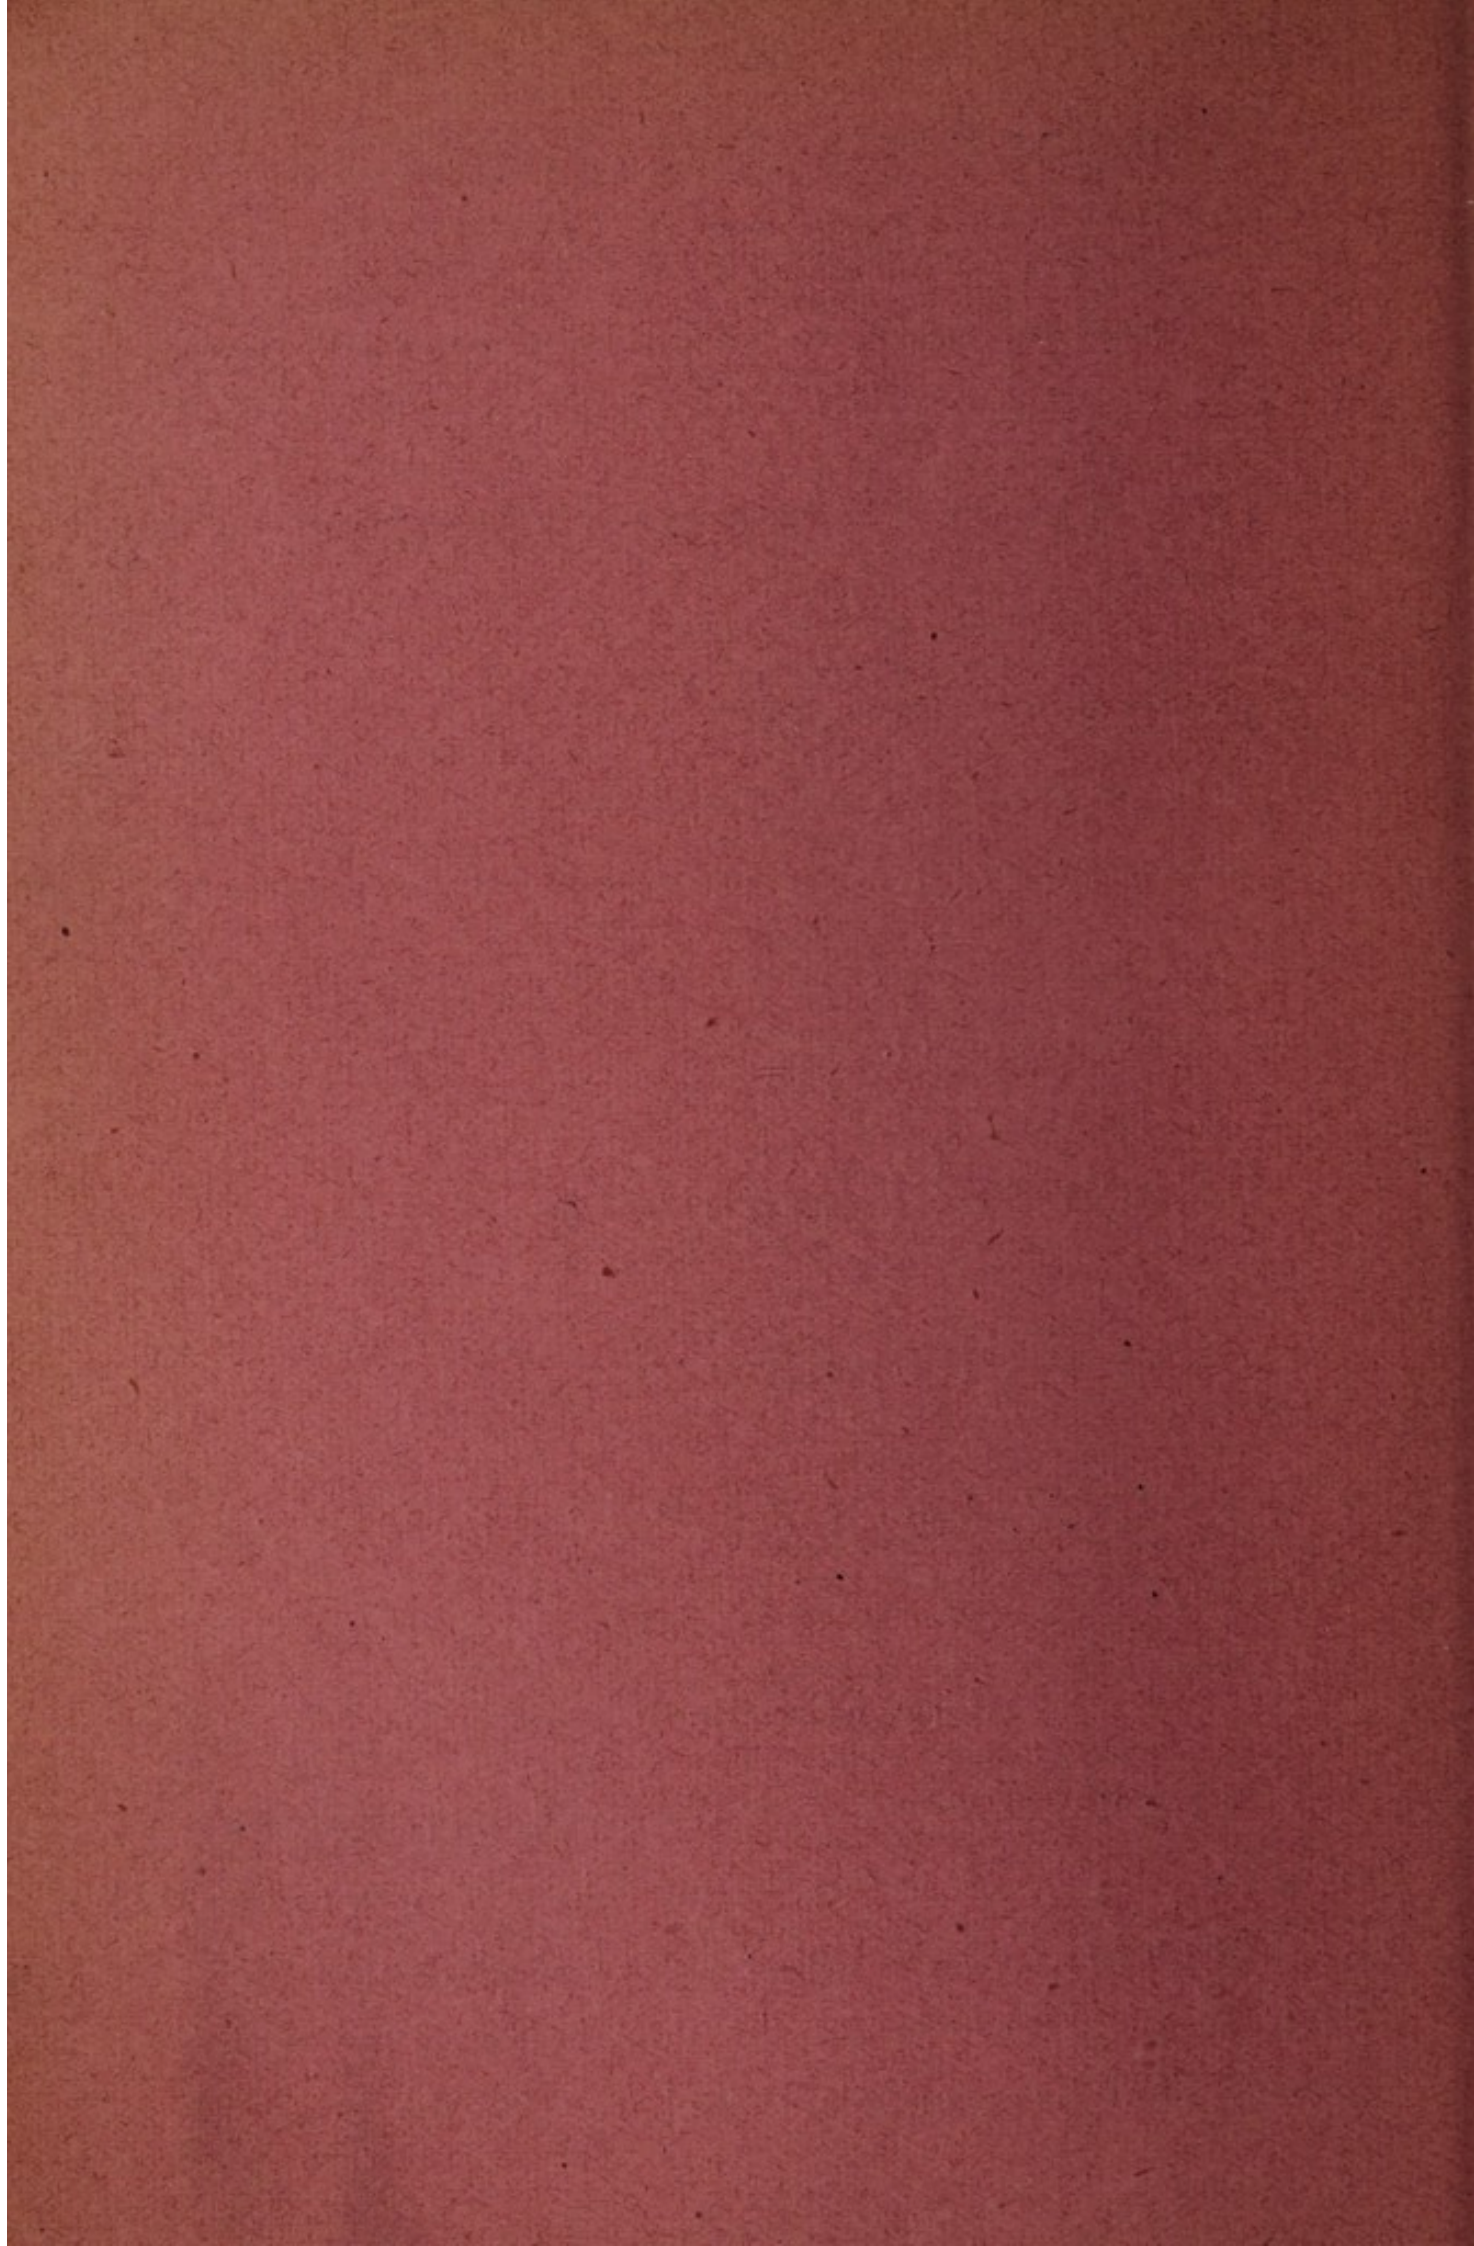

£1,000 will endow a BED.

£500 will endow a COT.

BY A LEGACY, free of duty, to the funds of the Infirmary.

Form of Bequest.

I bequeath to the Royal Cornwall Infirmary the sum of £ for the use of the said Infirmary to be paid free from Legacy Duty; and I declare that the receipt of the Treasurer for the time being of the said Infirmary shall be a sufficient discharge for the same.

12. **Extensions.** Since our last report great progress has been made in our Extension Scheme. Complete plans have been drawn up and approved for the full scheme required. A contract has been signed for the major portion of the scheme, work on which is starting immediately. The remainder of the scheme will be completed as soon as subscriptions to cover its cost come to hand.

An Appeal was launched early in the year and an Appeal Office opened at the Mansion House, Truro, under Mr. Charles E. Lloyd, the Honorary Organiser. Many generous contributions have already been received, but a minimum of £65,000 is required before the scheme can be completed, and so far only a fraction of this has been received. There is no single part of the scheme which is not urgently needed to meet the calls on us; but building cannot be done without money, and we would urge the public to give even more generously.

13. **Library.** There are about 1,000 books in the library; the Committee consists of eight members, and two of these take the books around to all the wards every Friday. During 1936 250 books have been presented to the library; surplus books are given to the Bodrean Unemployment Home and the Isolation Hospital.

The Committee are grateful to Mrs. Middleton and her helpers for their assistance. The library is much appreciated by the patients.

14. **Honorary Medical Staff.** Your Committee wish again to record their thanks to the Honorary Medical Staff for their valuable services.

15. **Thanks.** Your Committee desire to express their sincere thanks:—

1. To the subscribers, to personal donors, to all Societies, Institutes, whose gifts appear in the Report, with special reference to the Organisers of Alexandra Day and Hospital Sunday Collections.
2. To the givers of gifts in kind, especially to the Members of Toc H, who collected 8,946 eggs for the Hospital.
3. To the Clergy, Churchwardens and congregations of many Churches who have made collections for the Hospital.
4. To the Members of the St. John's Ambulance Brigade.

Your Committee wish to express appreciation to the Matron and her Nursing Staff and to the Staff of the Hospital for their services.

Truro,

You can bestow additional benefit to the Hospital without cost to yourself, if you agree to the following scheme:—

All Subscribers to the Hospital who pay Income Tax pay their subscription out of Income *upon which they have already paid Income Tax*. Consequently an Annual Subscription of £1 1s. represents a gross amount of £1 7s. 1d., assuming the Income Tax to be 4s. 6d. in the £.

If a Subscriber is prepared however to covenant by deed undertaking to pay a regular annual subscription for a period of seven years, it is possible for the Hospital to recover from the Inland Revenue Department the tax which has been paid by the Subscriber.

Under the Scheme, a Subscriber will pay the Hospital his or her usual subscription of £1 1s. or more and the Hospital will then be able to claim repayment of 6s. 1d. for each £1 1s. subscribed. The £1 1s. subscription will thus appreciate to £1 7s. 1d.

The Scheme cannot be made retrospective and can only apply to subscriptions that are paid after the necessary Deed has been signed, and, of course, only to those who pay Income Tax.

The Hon. Secretary will arrange the recovery of Tax each year without trouble to the subscriber.

In the event of the death of the subscriber the covenant becomes void.
