## NOTICE TO SUBSCRIBERS.

---

All supporters of Queen Charlotte's Hospital are cordially invited to visit the Hospital and acquaint themselves with the extensive work it carries on (as indicated on the opposite page). If possible an appointment should be made. The extension of the Hospital work during the past two years has much increased the expenditure for maintenance. The Committee of Management realise that in the present difficult times of depression they cannot expect subscribers to double their subscriptions, but the same result might be obtained if each could persuade one friend to become a new subscriber.

# REPORT OF THE COMMITTEE OF MANAGEMENT

FOR THE YEAR ENDING 31ST DECEMBER, 1931.

The Committee of Management have pleasure in presenting their Report on the work of the Hospital during the past year.

The Committee are glad to announce that H.R.H. The Princess Royal (Vice-Patron of the Hospital) has been graciously pleased, with the consent of His Majesty The King, to approve of one of the wards in the Isolation Block being named the "Princess Mary Ward," and one of the Nurseries the "Princess Mary Nursery."

The work of the Hospital continues to increase, and the number of patients attended in all departments exceeds that in preceding years.

## PATIENTS.

There has been great pressure on the accommodation during the past year, and it was necessary to arrange for the admission of a number of patients to London County Council Hospitals when all of our beds were occupied.

The total number of In-Patients during the year was 2,757 (2,170 at the Main Hospital, 358 at the Auxiliary Hospital, and 229 at the Isolation Block), as compared with 2,444 in 1930.

Of the 2,528 women admitted to the Main and Auxiliary Hospitals, 2,219 were married women, 3 were widows, and 306 were single women with their first child. The patients are classified under "booked" and "emergency" cases. All "booked" patients attend the Hospital Ante-Natal Department, and receive care and treatment for some months before their confinement, whereas "emergency" cases are sent in at the last moment, generally critically ill, and frequently moribund. The mortality in the latter cases is consequently much higher than in "booked" cases. Last year 240 emergency cases were admitted and 6 died, giving a mortality rate of 25 per 1,000. There were 2,273 booked patients, of whom 6 died, the mortality rate being only 2.6 per 1,000. The great importance of ante-natal care is thus clearly demonstrated, and it is equally important in the case of the infants born, for whereas the infant mortality amongst emergency cases was 64.7 per 1,000, it was only 2.16 per 1,000 in booked cases.

Arrangements have been made with the Kensington Borough Council for the allocation of 10 beds in the Main Hospital for the reception of patients recommended by this Council, and a similar arrangement has been made with the Hammersmith Borough Council whereby 10 beds are allotted to patients recommended by that Council at the Auxiliary Hospital ("Invermead").

### **ANÆSTHESIA FOR PATIENTS.**

The Committee are glad to be able to report that arrangements are being made for every patient at the Auxiliary Hospital in future to receive an anæsthetic during confinement, as is the case with patients in the Main Hospital. The percentage of patients in the Main Hospital receiving an anæsthetic during the past year was 96.5% of the total patients admitted.

### **AUXILIARY HOSPITAL ("INVERMEAD").**

The 20 beds provided at the Auxiliary Hospital at Hammersmith have been in great demand throughout the year, the number of patients admitted being 358.

### **ISOLATION BLOCK.**

There were 229 patients admitted to the Isolation Block during the year, chiefly from London and the surrounding districts.

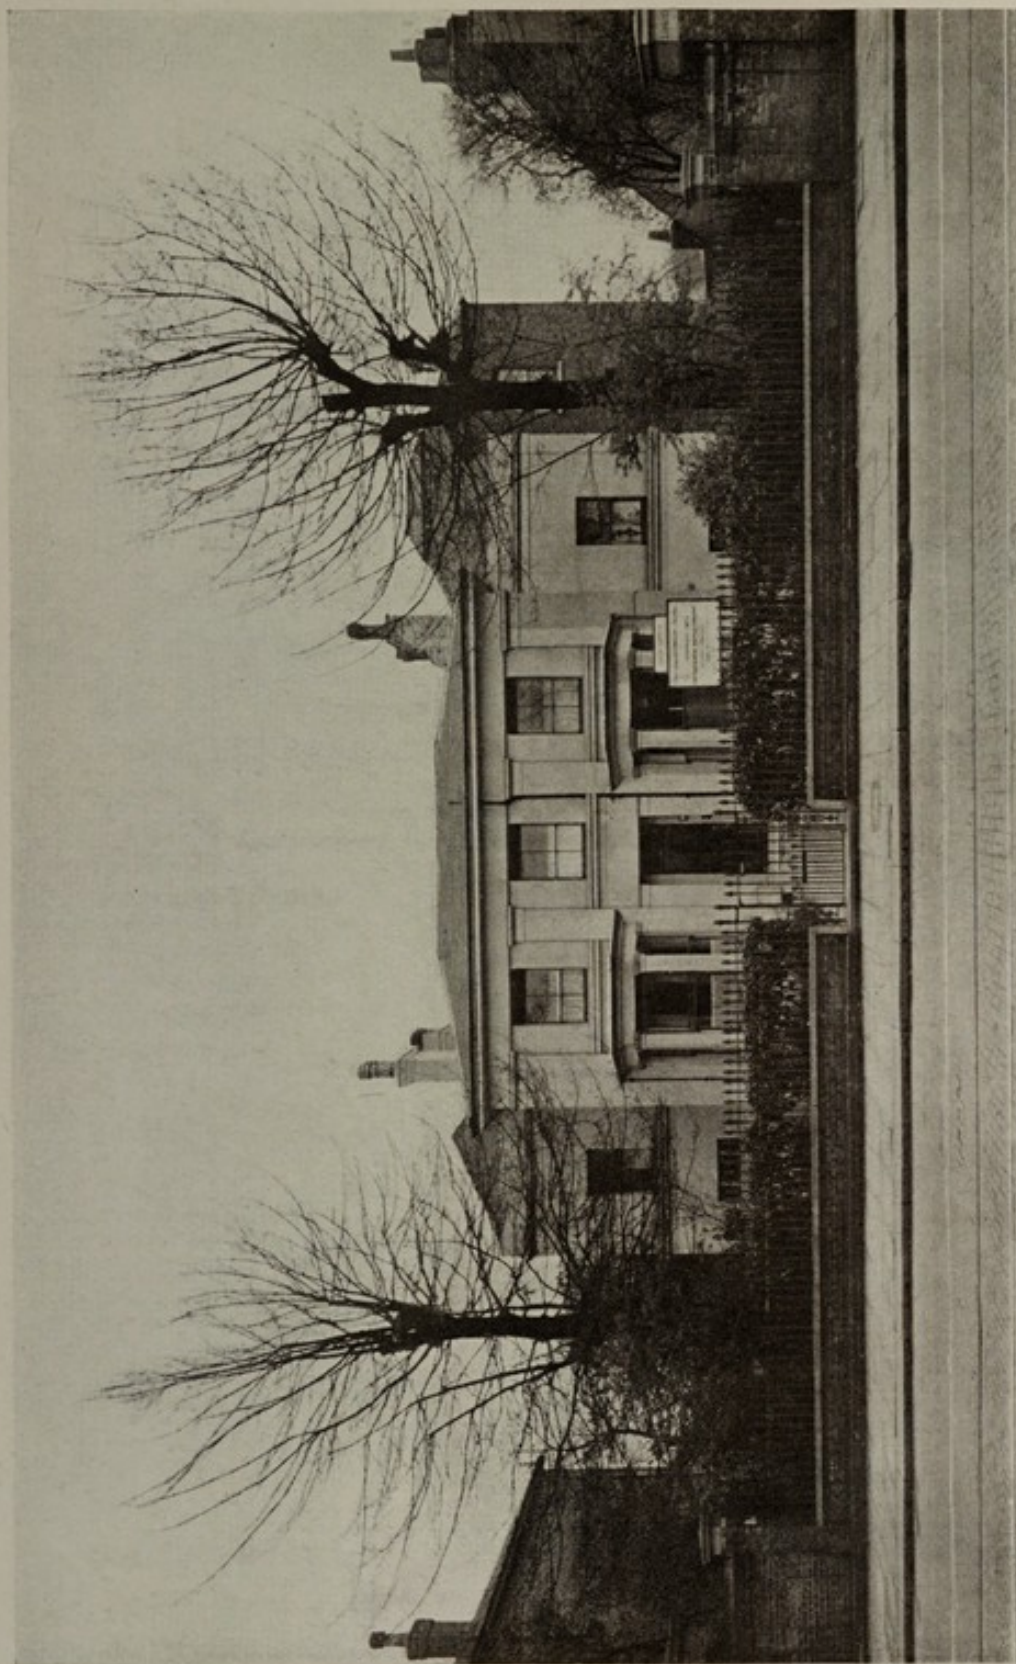

Arrangements have been made with the London County Council for the admission of a small number of the Council's patients annually, and agreements have also been entered into with a number of Local Authorities outside the County of London for the reception of their patients.

### **RESEARCH LABORATORIES.**

The new and chief feature of the Hospital's work in the past year has been the development of the research work, and the Committee have pleasure in reporting that the Rockefeller Foundation, after full enquiry, were so convinced of the importance of this work, and of the unique facilities provided at the Hospital Laboratory for carrying out such research, that they decided to make a grant for this work of 15,000 dollars annually for seven years, on condition that approximately 18,500 dollars annually would be provided from other sources. This grant has been made through the medium of the Medical Research Council, and the Committee are most grateful to the Trustees of the Rockefeller Foundation and to the Medical Research Council for the great assistance they have given towards this important investigation.

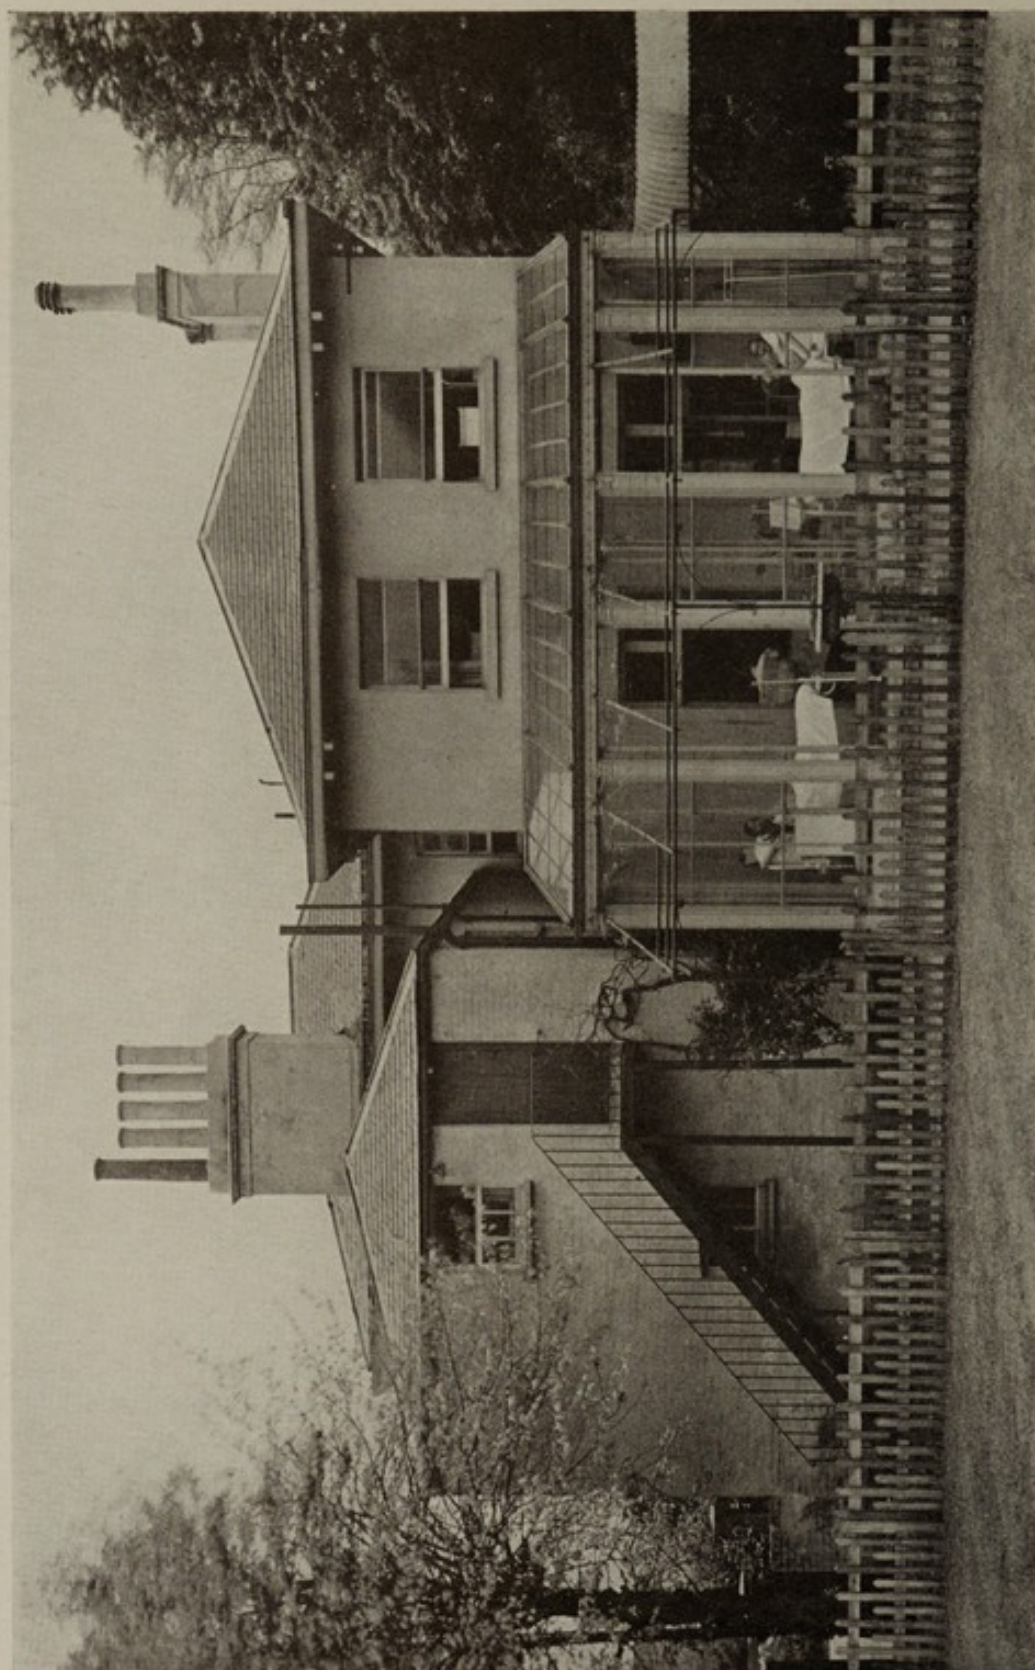

This generous help made it possible to complete the Staff of the Laboratories.

LONGTHORPE LODGE, HAMMERSMITH.  
ANTE-NATAL DEPARTMENT AND DISTRICT NURSES' HOME.

INVERMEAD AUXILIARY HOSPITAL—VIEW FROM THE GARDEN.

The Laboratory building has been in use for nearly nine months, and the Hon. Director, Dr. L. Colebrook, reports that it has proved to be well adapted in every way to its purpose. The space available has been sufficient to enable hospitality to be offered to an additional worker on behalf of the Ministry of Health and Medical Research Council to carry out a special piece of investigation, which will be in several ways advantageous to the Hospital.

The Scientific Staff of the Laboratory is now complete, and consists of the Hon. Director, Dr. Leonard Colebrook, assisted by Dr. R. M. Fry, Dr. Hare, Dr. Fuller (Bio-Chemist), Dr. Elizabeth Cooper (Routine Lab.). The additional worker on behalf of the Ministry of Health and the Medical Research Council is Dr. Dora Colebrook. The Subordinate Staff is 5 in number.

It is too early to report on the work carried out, but it is already apparent that it is likely to prove of the greatest importance.

A considerable number of visitors, both medical and otherwise, have been to see the Laboratory, and have expressed their appreciation of the arrangements. It was a particular pleasure to welcome Sir Walter Fletcher and the members of the Medical Research Committee, viz., Prof. Muir, of Glasgow; Prof. Mellanby, of Sheffield; and Dr. Arkwright, of the Lister Institute; and on another occasion Sir George Newman, Dame Janet Campbell and Dr. Turnbull. On October 1st some 50 Medical Officers of Health paid the Laboratory a visit.

### **DISTRICT MIDWIFERY AND ANTE-NATAL WORK.**

During the year 1,780 patients, as compared with 1,771 in 1930, were delivered in their own homes by the Hospital Midwives, in St. Marylebone, Paddington, Kensington, Kilburn and Hammersmith. The only death was that of a patient transferred to the Isolation Block. Only 14 infants died, being at the rate of 8 per 1,000.

The number of attendances at the three Ante-natal Centres (Marylebone, North Kensington and Hammersmith) was 20,994, as compared with 17,968 in the previous year, its increase being chiefly due to the extension of the work at Hammersmith.

Considerable development in Ante-natal work during the past year makes it quite evident that the mothers greatly appreciate the facilities which are being provided.

### INFANT CONSULTATION CENTRE.

There was a small increase in the number of attendances at this Centre in Marylebone—4,008, as compared with 3,964 in 1930, the average per session being 40, as compared with 37 in the previous year.

Miss Margaret Thackrah, M.D., who had been Medical Officer in Charge of the Infant Consultation Centre since its inception, resigned during the year, and the Committee desire to express their great appreciation of her valuable work in this Department for over 15 years.

### THE MIDWIFERY TRAINING SCHOOL.

As will be seen from the Report on page 16, there was a gratifying increase in the number of entries of Medical Students and Qualified Practitioners, and of Midwives and Nurses.

### PRIVATE NURSING STAFF.

That the excellence of the training given to the Nurses is appreciated by the public is shown by the fact that during the past year their services were engaged on 385 occasions.

### DRESDEN ASSISTANCE FUND.

By means of this Fund for assisting patients on leaving the Hospital, 183 mothers with their infants were sent to Convalescent Homes. Many other patients were helped by gifts of clothing, meat, milk, eggs, bread, coal, etc. Whenever necessary, dental treatment was provided. In some cases surgical appliances were supplied.

### SAMARITAN FUND.

The income of this Fund for the *assistance of patients attended in their own homes* is so small—last year it was £75 only—that it is, unfortunately, only possible to help a very few of the more necessitous patients. Nine mothers and their babies were sent to Convalescent Homes, and the most needy were helped with gifts of food and clothing.

The patients attended at home generally have larger families and often are in poorer circumstances than those who come into the Hospital, and their need of help is at times very great. *Additional contributions to the Samaritan Fund are urgently required, and would, therefore, be most welcome.*

### LADIES' ASSOCIATION.

From the Report of the Ladies' Association printed on page 111, it will be seen that the members have again been very active in their support of the Hospital, and the Committee desire to express their most grateful thanks to the members for their continued valuable help.

### COMMITTEE OF MANAGEMENT.

The Committee much regret to report the death of their colleague, Mr. S. R. Christie-Miller, whose assistance was of great value to the Hospital.

It is a great pleasure, however, to welcome on the Committee Mrs. S. R. Christie-Miller, and Lord Alvingham, who have both been elected members of the Committee of Management.

### REGISTRAR.

Mr. Arthur C. H. Bell, M.B., B.S., F.R.C.S., has been appointed Registrar.

### FINANCE.

The Committee regret that they cannot yet see any immediate possibility of transferring the whole Hospital to Hammersmith. The funds raised for rebuilding are practically exhausted, and it has been necessary for the energies of the Special Appeal Department to be devoted largely to the raising of funds for maintenance of the Main Hospital and the Isolation Block; the Rebuilding Fund has thereby necessarily suffered. As stated in the Report for the year 1930, it will not be possible to proceed with the major portion of the scheme until a further sum of at least £200,000 is available. The Committee wish to emphasise the great importance of completing the removal of the Hospital at the earliest possible date, in order to reduce the heavy extra charge for maintenance now entailed by having to run the Hospital in two portions several miles apart.

The following sums have been raised by the Special Appeal Department during the year :—

		£	s.	d.
For the Rebuilding Fund ...	...	8,842	1	1
„ Research Maintenance ...	...	2,493	15	4
„ General Maintenance ...	...	4,850	14	6
		<hr/>		
		£16,186	10	11
		<hr/>		

The total expenditure for the year for the whole Institution amounted to £37,871, including interest on the mortgage on the Hammersmith property amounting to £1,565, which was charged against the Rebuilding Fund in previous years. This compares with a total expenditure of £29,832 in 1930. In the latter year, however, the Isolation Block had been open for about three months only, and the Auxiliary Hospital for six months. The total income amounted to £35,543 (an increase of £12,383 on the previous year), and there was a deficit of nearly £2,328 (including the mortgage interest, £1,565, already referred to).

The Committee of Management are naturally much concerned at this addition to the Hospital's indebtedness, and they have during the past few months been actively engaged in a detailed examination of the organisation and expenditure, with a view to more efficient working. They are also investigating any means of increasing the income of the Hospital. The increased responsibility incurred by the opening of the Isolation Block is a heavy one, but the importance of this new departure can hardly be exaggerated, and the Committee believe that when the public fully realise what a great effort is being made to reduce the high mortality from puerperal infections, they will not fail to provide the necessary funds.

### **THANKS TO THE STAFF.**

The Committee cordially thank the Honorary Medical Staff for their valuable services during the past year.

They also desire to express their appreciation of the services of the Secretary, Matron and Staff generally.

### **GRATITUDE OF PATIENTS.**

A large number of letters have again been received from patients expressing their gratitude for the assistance rendered by the Hospital, and a selection is printed on page 15.

## GRATITUDE OF PATIENTS.

---

### *Extracts from Letters received from Patients :—*

*H.H.C.*—" I should like to take this opportunity of expressing my great appreciation of the treatment and comfort afforded to my wife. I hope to be able to make a donation to the Hospital towards the end of the year, although I fear it will not be a true measure of my great appreciation of the Hospital's work."

*D.M.D.*—" I should like to take this opportunity of thanking everybody for their great kindness to me during my stay in Queen Charlotte's Hospital. My husband and I are both very grateful for the excellent treatment I received."

*C.T.N.*—" May I take this opportunity of placing on record the whole-hearted appreciation I feel towards Queen Charlotte's Hospital, which I consider is the finest and most up-to-date Hospital of its kind in the world. Would you kindly convey my humble thanks to those who by their splendid efforts have achieved the existence of such a wonderful institution."

*A.W.C.*—" I wish to thank everyone concerned for the wonderful kindness and attention shewn to my wife. We are both immensely grateful for this and realise what a poor chance of recovery she may have had, if she had not been taken to Queen Charlotte's Hospital."

*H.D.W.*—" Meanwhile I would be obliged if you will convey to the Matron and Staff of the Hospital my sincere appreciation for their very kindly services to my wife. She and the baby are quite well and their general health and condition is indeed a tribute to your methods."

*H.G.E.*—" My wife joins me in thanking you for all the kindness shewn to her during her stay in Hospital. We cannot express our gratitude in words, but we know that you will understand."

*C.L.*—" It is impossible for me to say how grateful I am for the kind attention my baby and I received while in the Hospital; my baby is getting along beautifully, and I am feeling quite myself again."

*A.L.W.*—" May I add that unfortunately my wife has had a rather extensive experience of Hospitals, and she states that she has never formerly experienced the kindness and attention which she received while in Queen Charlotte's Hospital. I may add that I have heard that opinion expressed before, and that it is a tradition to be proud of."

*T.W.F.*—" As we should not consider this letter complete without an expression of thanks and appreciation for the unstinted kindness and attention that was extended to my wife and our son during their stay in your Hospital, we desire to make known these thanks."

*T.W.J.*—" I would also like to take this opportunity of expressing our deepest gratitude for all that was done for my wife and little son while in your care, without which treatment I am convinced the baby would have been lost, and the mother's health impaired probably for life. My wife also joins me in expressing our most sincere appreciation of the kindness, courtesy and consideration received from every member of your Staff."

*T.N.N.*—" My wife and I wish to thank the Hospital for the wonderful treatment accorded to her and for the many kindnesses shewn to her during her recent stay in your Hospital."

## QUEEN CHARLOTTE'S HOSPITAL. LADIES' ASSOCIATION.

### THE REPORT OF THE EXECUTIVE COMMITTEE FOR THE YEAR ENDING 31ST DECEMBER, 1931.

The Executive Committee have pleasure in reporting on the work of the Association during the past year.

Efforts were made during the year to increase the funds of the Association, which had been somewhat depleted, by the special contributions for the Auxiliary Hospital and the Kensington Ante-Natal Department in the previous year. The result has been very satisfactory, and the year closed with a balance in hand of £1,078 18s., as compared with £380 at 31st December, 1930.

The Matinée, kindly given by Miss Ruth Draper, at the Vaudeville Theatre on July 4th for Queen Charlotte's and the Grosvenor Hospital jointly was very enjoyable and successful, and resulted in the sum of £235 9s. 4d. for the Ladies' Association. The Committee desire to express their most grateful thanks to Miss Draper for her great kindness.

The Popular Ball, arranged by Mrs. Cecil Raphael, at the Portman Rooms in November produced a sum of £273 for the Association. The best thanks of the Committee are due to Mrs. Cecil Raphael and her friends for this excellent result.

As usual, members and their friends organised several districts for the sale of roses on Alexandra Day, and their sales were even better than in previous years. It is gratifying to report that the Committee of the Alexandra Day Fund increased their grant to £600.

The total Income for the year amounted to £1,388 10s. 7d., and the following is a statement of Income for the past three years :—

	1929	1930	1931

\*The reduction in the number of entries is due to the extension of the period of training for midwives which took effect in this year.

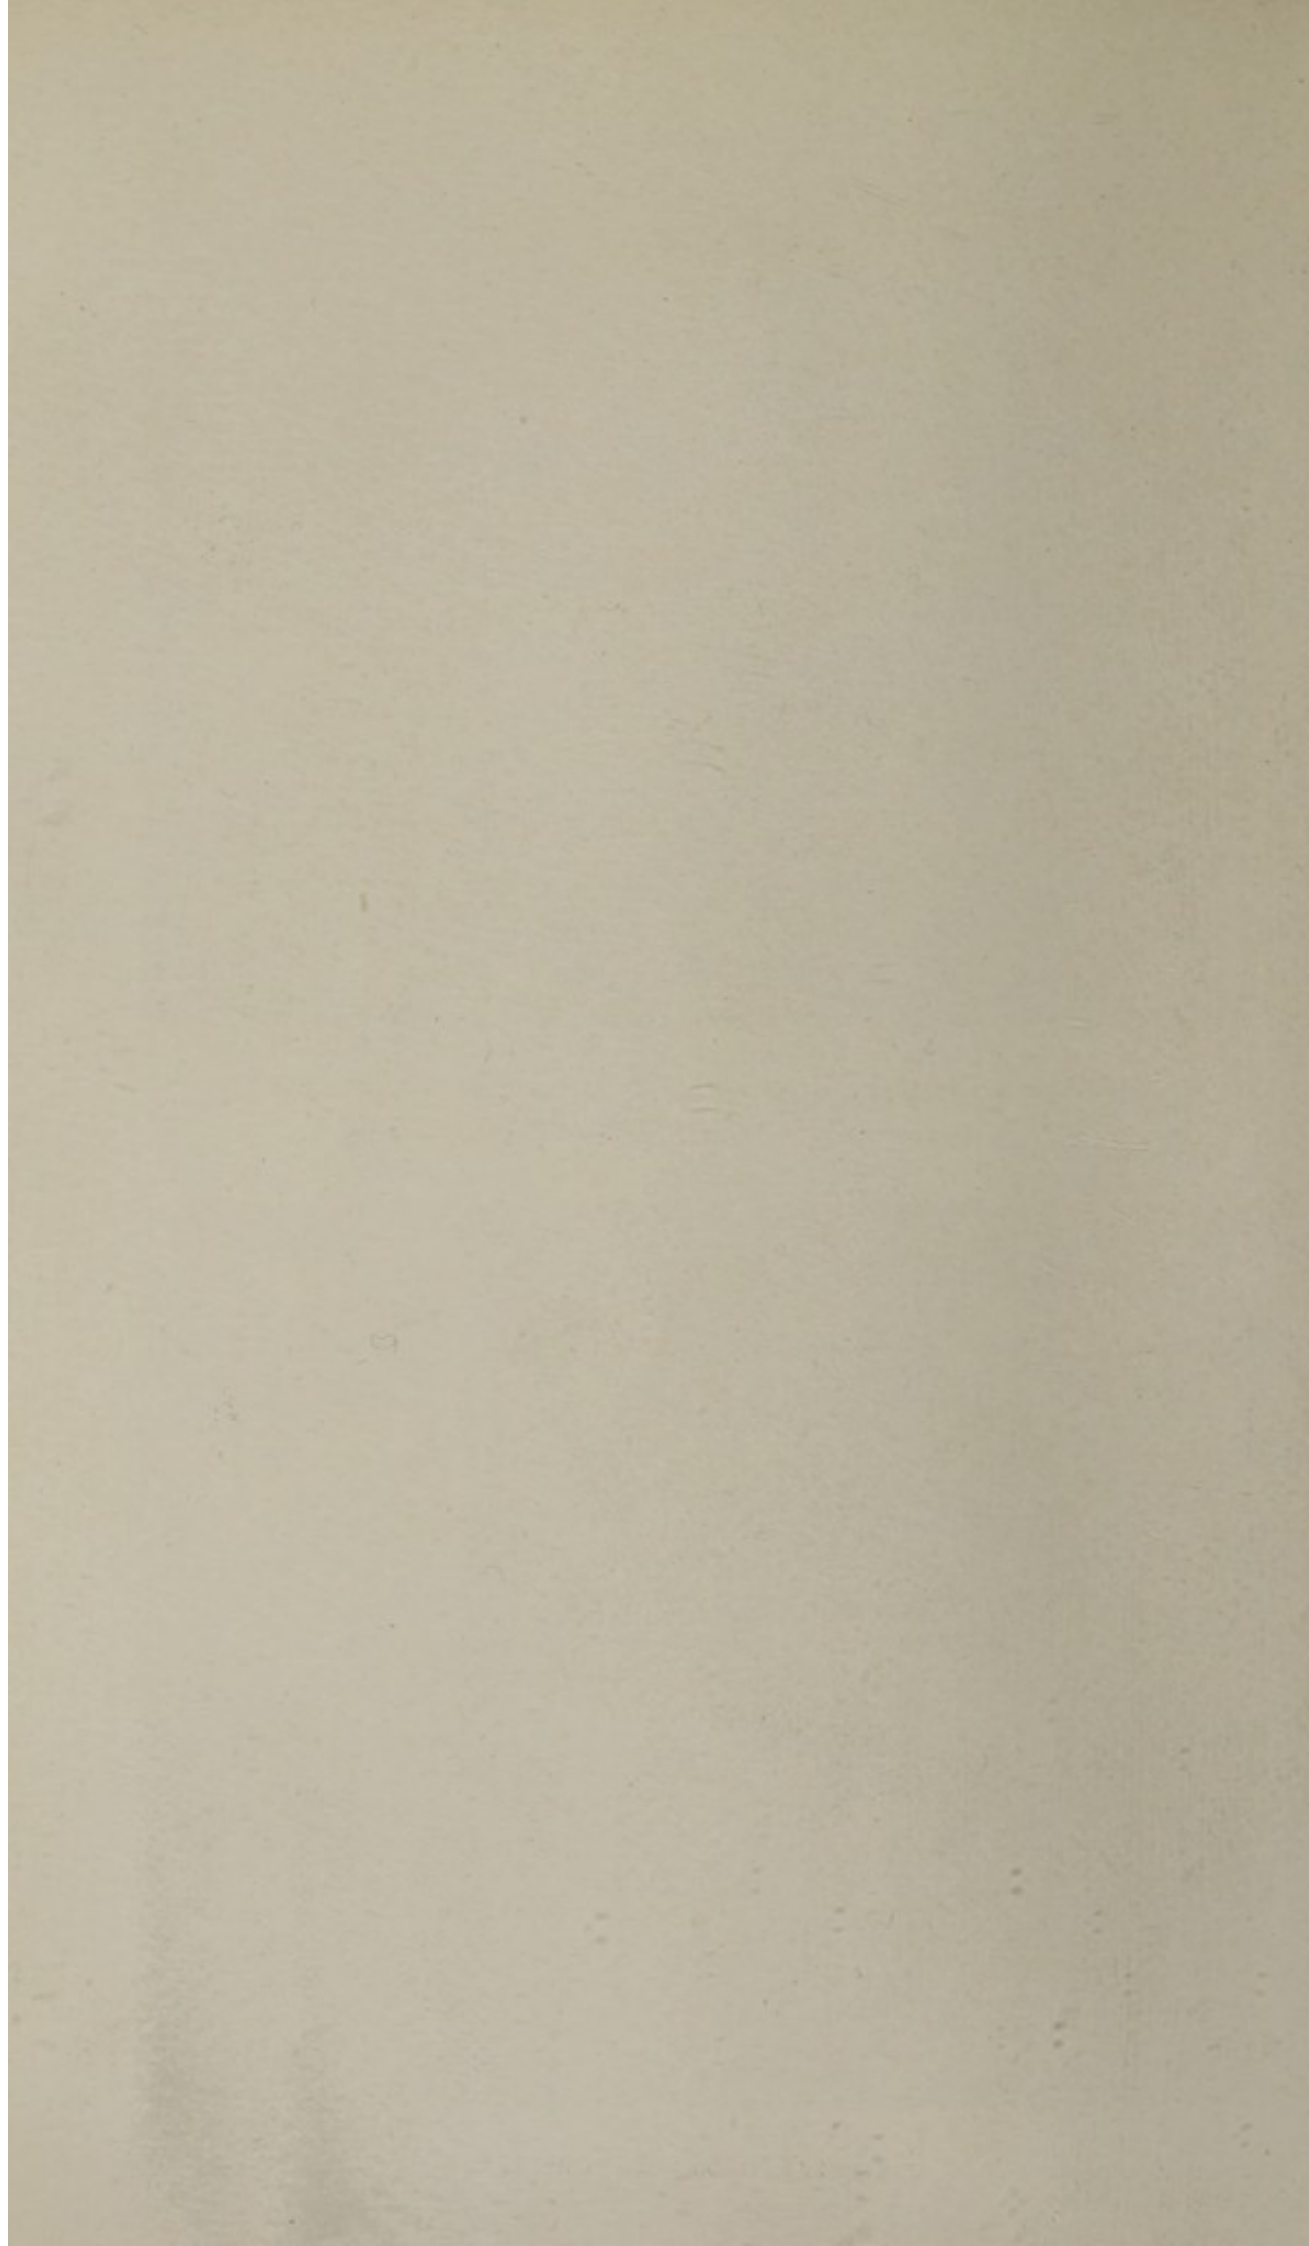

RESEARCH BLOCK, RAVENSCOURT SQUARE, HAMMERSMITH.  
OPENED JANUARY, 1931.

RESEARCH LABORATORIES.

Mrs. Charles Seligman has been appointed a member of the House Committee, in succession to Mrs. Gilliatt, resigned.

As will be seen from the Report of the Committee of Management, the Hospital's commitments, now that the Isolation Block is in full working, are very much greater than formerly, and great efforts are necessary to provide the requisite funds for the ever-growing work. The Executive Committee appeal with confidence to members to take their part in this work, and to do their utmost to obtain fresh supporters.

Frequent application is made at the Hospital for Orders, both for In and Out-door treatment, by poor women who have been unable to obtain a "Subscriber's Letter." Any spare "Letters" the Governors or Subscribers may have will be very gladly received by the Secretary, and judiciously distributed. All "Letters" require a Signature of the Governor or Subscriber.

## PRIVATE NURSING STAFF.

---

A certain number of certificated Maternity Nurses and Midwives trained at Queen Charlotte's Hospital reside at the Nurses' Home and are available for private cases on application to the Matron by letter, telegram or telephone.

TELEPHONE—AMBASSADOR 2266 (3 lines).

---

(1) The fees for the case are payable to the Nurse and in addition she must be paid her railway, cab and other travelling expenses, and an allowance of 3/6 per week for washing.

(2) Nurses must wear dresses of a washing material during the whole time of their attendance.

(3) Nurses must carefully carry out all the instructions of the Patient's Medical Attendant and do everything possible for the comfort and well-being of the patient and infant. Everything in the sick-room should be kept scrupulously clean and orderly.

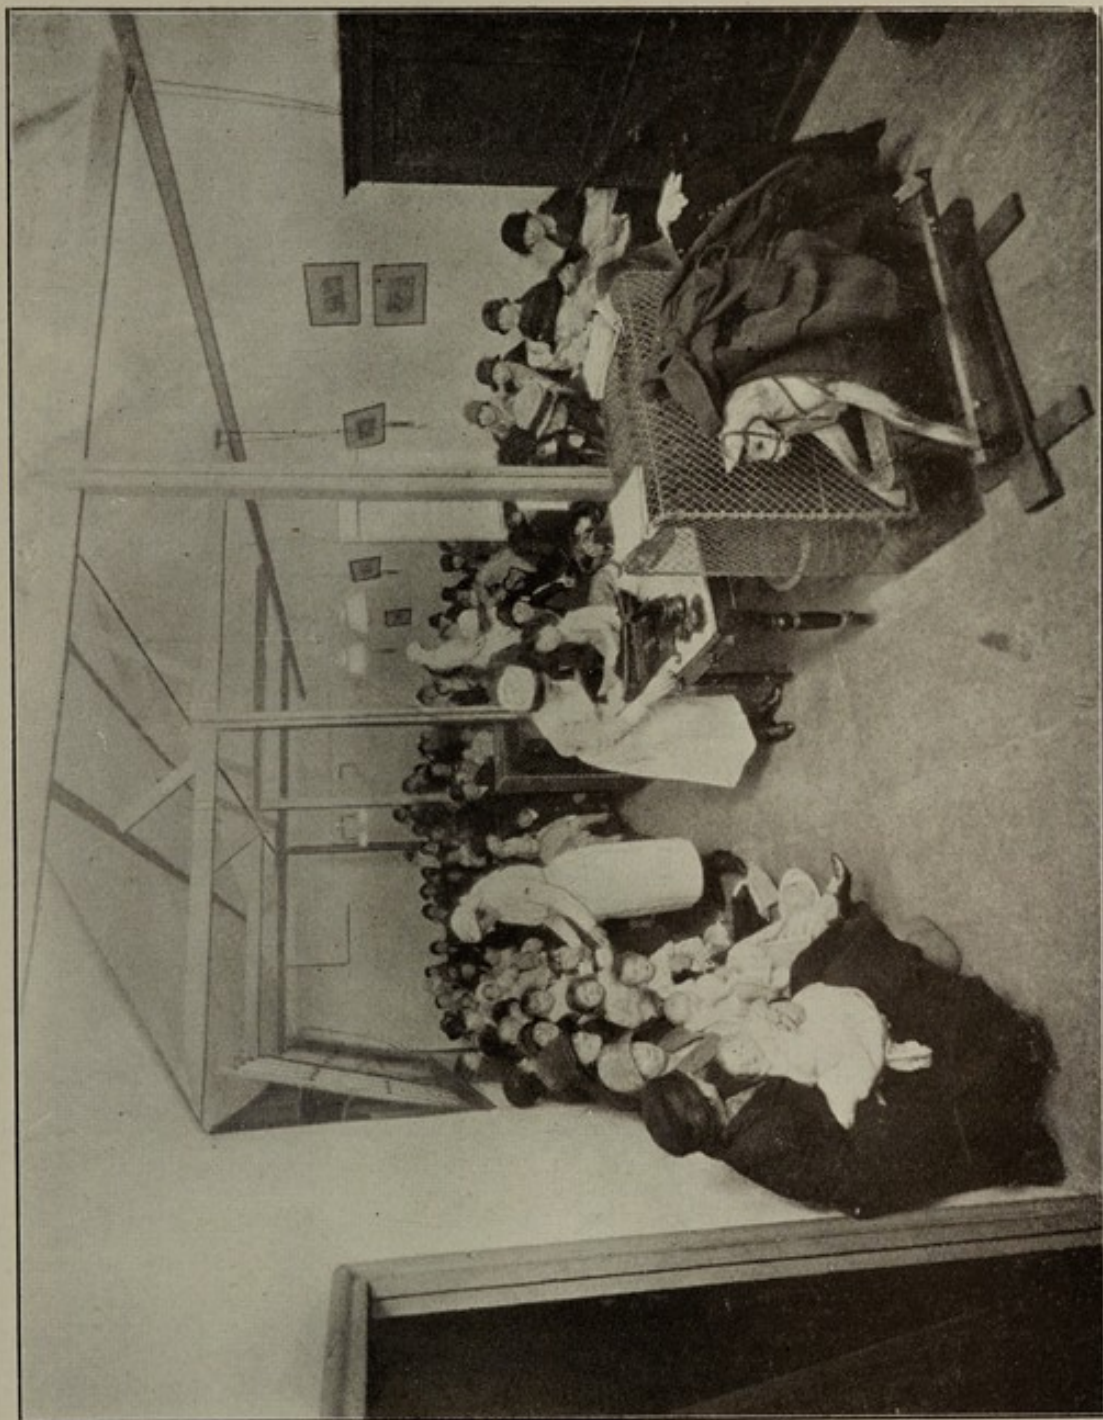

(4) Nurses are enjoined to hold sacred the knowledge they obtain of the private affairs of the family in which they are engaged and to adapt themselves as far as possible to the usages of the household.

(5) While the Committee will use every endeavour to supply only thoroughly trained and suitable nurses, they will not be responsible for any failure on the part of the Nurse to carry out her duties in a satisfactory manner.

(6) The Matron will be glad to receive reports from those engaging Nurses trained at the Hospital. Such reports will be treated as confidential.

(7) Ladies and Doctors wishing to engage the same Nurse again or to recommend her are desired to do so through the Matron of the Hospital.

## REGULATIONS FOR PATIENTS.

---

### IN-PATIENTS

- 1 - Married women, single women with their first child only, and widows giving birth to posthumous children, irrespective of religion and nationality, are eligible for admission.
- 2.—Every patient must obtain a letter of recommendation from a Governor or Subscriber.
- 3.—Upon the receipt of a letter of recommendation, every patient must appear at the Hospital to have her name entered on the Register, and receive from the Secretary an order for admission, or for a midwife to attend her, as the case may be.
- 4.—A patient is only admitted when in labour, and must bring with her a suit of clothes for her child when leaving, the Hospital providing the necessary linen during her stay.
- 5.—All mothers are required, when capable, to nurse their infants whilst in the Hospital.
- 6.—All children born in the Hospital will be vaccinated before leaving, unless objection is made by the parent.
- 7.—The Visiting Day is Wednesday, between the hours of three and four p.m., when patients, if well enough, are permitted to see Visitors from the fifth day.  
 Only one visitor is allowed each day, and the duration of the visit may not exceed half-an-hour. Children cannot be admitted.  
 Husbands only may also see their wives on Sundays between three and four p.m., subject to the above conditions.
- 8.—No patient is admitted suffering from any infectious disease ; if found to be so she is to be removed as soon as possible.
- 9.—Every patient is discharged by the Obstetric Surgeons, her length of stay in the Hospital being determined by her condition. Before leaving, the Committee satisfy themselves that each patient has had no reasonable cause of complaint. Upon this a letter of thanks is issued to the recommending Subscriber.
- 10 —All patients—both In and Out—who are able to do so, shall be invited to contribute something, according to their means, towards the funds of the Hospital, subject to such Rules as the Committee of Management may make from time to time.

### OUT-PATIENTS.

- 1.—All married women, and widows giving birth to posthumous children, living within the Hospital District, are eligible for attendance at their own homes by a midwife, upon the recommendation of a Governor or Subscriber.
- 2 —Every patient must attend at the Hospital after her convalescence to return thanks, and to satisfy the Committee as to her treatment by the midwife before the latter can be paid.

## Ante-natal Department.

The Ante-Natal Department is intended for patients who are coming into the Hospital or to be attended by the Hospital in their own homes. Applicants for In-Patient or Out-Patient treatment may attend on any week-day, except Saturday, at 9 a.m.

Other patients sent by Doctors or Midwives for examination are also eligible and should attend on Tuesday, Thursday or Friday, at 9 a.m.

---

## Infant Consultation Centre.
