REMARKS FOR INFORMATION OF THE GOVERNORS.

The first object of the Hospital is to make provision for the proper treatment of the numerous accidents that happen in the neighbourhood, the reception of medical cases into the house, though very desirable, being secondary.

Accident cases are received at any time, according to the general practice of hospitals, without recommendation.

Recommendations given by the Governors for in-patients are considered on Fridays at half-past three o'clock by the Weekly Board in the order of the dates when given. Governors are desired to impress upon the person to whom they give in-patient recommendations the necessity of ascertaining from the House Surgeon whether the case can be admitted **BEFORE THE PATIENT IS SENT TO THE HOSPITAL.**

As the numerous cases of accident patients require a large quantity of lint and cloth for rollers, if ladies and others would be pleased to send linen or calico they would confer a great benefit on the Institution.

Persons disposed to favour this Institution by bequests may express it in the following terms:—

FORM OF LEGACY IN WILLS.

" I give and bequeath to the Treasurer for the time being of the ROTHERHAM HOSPITAL AND DISPENSARY the sum of to be applied to the uses and purposes of the said Hospital and Dispensary, and I direct that such part of my personal estate as is by law applicable to the payment of legacies bequeathed to charitable uses shall in the first place, and before answering any other purpose whatever, be applied in discharging the said legacy."

For want of this form this Hospital and many other charities have lost their legacies, the testators having charged them on their real instead of the personal estates.

Mr. L. After considerable discussion the Chairman suggested that the matter be adjourned for six months in order that representatives might get their views of their associations on the subject, and in the meantime the Weekly Board would examine the possibilities of such a scheme. This course was agreed upon.

The number of Motor Accidents was discussed, and the Chairman mentioned that we had received £171 12s. 9d. for these cases, and it was suggested that a comparison of the motor accidents with the previous year should be shown in the next year's Annual Report.

Rotherham Hippodrome (Final Payment) ...	5	5	9

Each of the above represents a gift of £500, and when the payments are completed the sum is placed to Capital Account and invested from time to time.

The Allotment Societies in the town have again supplied large quantities of potatoes and other vegetables, for which the Committee express their sincere thanks.

The British Oxygen Company have continued to supply free of charge all the oxygen required by the Hospital, the gift of which is much appreciated.

As in previous years the Linen League has supplied the Hospital with most valuable practical gifts, which save the Hospital considerable expense.

It is very gratifying to the Committee that this League is continuing its useful work, and they appreciate the practical friendship of the Chairman, Countess Fitzwilliam, and also the unceasing energy with which Mrs. Collinson is continuing her excellent management as Secretary, and they lay great stress on the friendly feeling which is established between this Hospital and the numerous members of the League.

There has been more work done in the Hospital during the past year than ever before, and the extra work which the Matron, Miss Powlesland, has had to undertake has been considerable. The Committee have great confidence in their Matron, and thank her for the interest she displays in carrying out her duties and the kindness she shows to the patients, which is abundantly expressed in the numerous letters of appreciation which have been received from time to time.

Mr. G. D. Rowley, M.B.Ch.B., resigned his position as House Surgeon on February 28th, 1937, when Mr. L. D. B. Frost, M.B.B.S. (London) was appointed to fill the vacancy. Mr. Frost resigned his position on September 14th, and Mr. Griggs, M.D., was appointed. Mr. Griggs resigned his position on November 30th, and Mr. G. A. Baker, M.B.B.S., was appointed, who still retains his post.

Mr. P. J. O'Flynn, M.B.Ch.B., resigned his position as House Physician on February 28th, when Mr. A. Esser, L.R.C.P. and S. (Ed.) was appointed, and he retained his post at the end of the year.

Mr. C. E. Gorrod, M.B.Ch. B., resigned his position as Casualty House Surgeon on February 28th, when Mr. A. M. Beemer, M.R.C.S., L.R.C.P., was appointed. Mr. Beemer resigned his position on May 31st, and Mr. E. M. Mankin, M.R.C.S., L.R.C.P., was appointed to fill the vacancy. On November 30th Mr. Mankin resigned his position, and Mr. L. A. Schnipelsky, M.B.Ch.B., was appointed on December 1st, and still retains his post.

Miss D. Sugden, the Dispenser, still carries on her useful and important work to the satisfaction of the Board and Medical Staff.

During the year a Pathological Laboratory was instituted in the Hospital, and Mr. E. Vincent was appointed to take charge. This, of course, entailed certain additional outlay, which may increase considerably as time goes on, but the Medical Staff have confidence that some very useful work is being done.

The Committee wish to express their appreciation of the zeal and loyalty with which the whole Staff have responded to their efforts to make the Hospital worthy of the town and neighbourhood.

The Committee desire to express their thanks to the members of the Honorary Medical Staff for the splendid services they have voluntarily rendered during the year.

The Committee further desire to acknowledge the valuable help which, from time to time, has been rendered by those who give public entertainments for the benefit of the Hospital, and those, who from such receipts are accumulating funds eventually to endow cots.

Through the kindness of Mr. A. P. Harrop a collecting box has been fixed in the boundary wall near the main entrance. This is proving a useful source of income, and is a convenient way in which small contributions may be made.

The Committee gratefully acknowledge the devotion of those gentlemen who have taken an interest in the religious affairs of the Hospital by their regular visitations.

For many years it has been the desire of the Board to improve the Kitchen and Laundry, and to considerably alter the Heating and Hot Water Installation throughout the Hospital.

Early in the year 1937 a public meeting of the supporters was held, at which the Mayor, Alderman F. A. Barlow, attended, and it was resolved that this important work be undertaken forthwith. A subscription list was opened, and at the present time promises of slightly over £9000 have been received. Building contracts have been entered into and the work is progressing satisfactorily.

It is not known what the ultimate cost will be, but it certainly will exceed the first estimate of £12,000, as several additional matters have suggested themselves in the course of planning, but the Board have every confidence that whatever is required will be provided by the generous public, who have hitherto so generously supported the work of the Hospital.

A. BLENKINSOP,

Chairman.
