Annual Report for 1903.

THE Board of Management have the honour to submit their Report for the year 1903.

The Work of the Year.—The number of persons relieved in the various departments of the Hospital was in the total less by 1,562 than in 1902. The falling-off was in the number of Casualties and Maternity Patients, which were less respectively by 1,379 and 534. On the other hand, the number of Out-Patients was greater by 255, and the number of In-Patients by 96. Bearing in mind that during the months of September, October, November, and December the work of installing the Electric Light in the Wards was in progress, and, therefore, during the whole of that time one or more of the Wards was closed, the fact that nevertheless the number of In-Patients was greater than it has ever been before shows that the Hospital must have been working at very high pressure throughout the year, and such was indeed the case.

Income.—The Total Income from all sources was £9,575 less than in 1902.

The explanation is that Legacies and Donations for the Endowment of Beds amounted in 1902 to the exceptional figure of £11,367, and there was also a Special Donation of £3,300 for the benefit of the Medical School, making a total for this class of Income of £14,667, while the corresponding figure for 1903 was £3,250 only, a decrease of £11,417.

The Income available to meet the expenditure of the year was £2,091 more last year than in 1902.

There were other variations in the figures, but the decline in Endowment Legacies and the increase in the Income available to meet expenditure are the chief factors in the decrease of £9,575 in the gross Income.

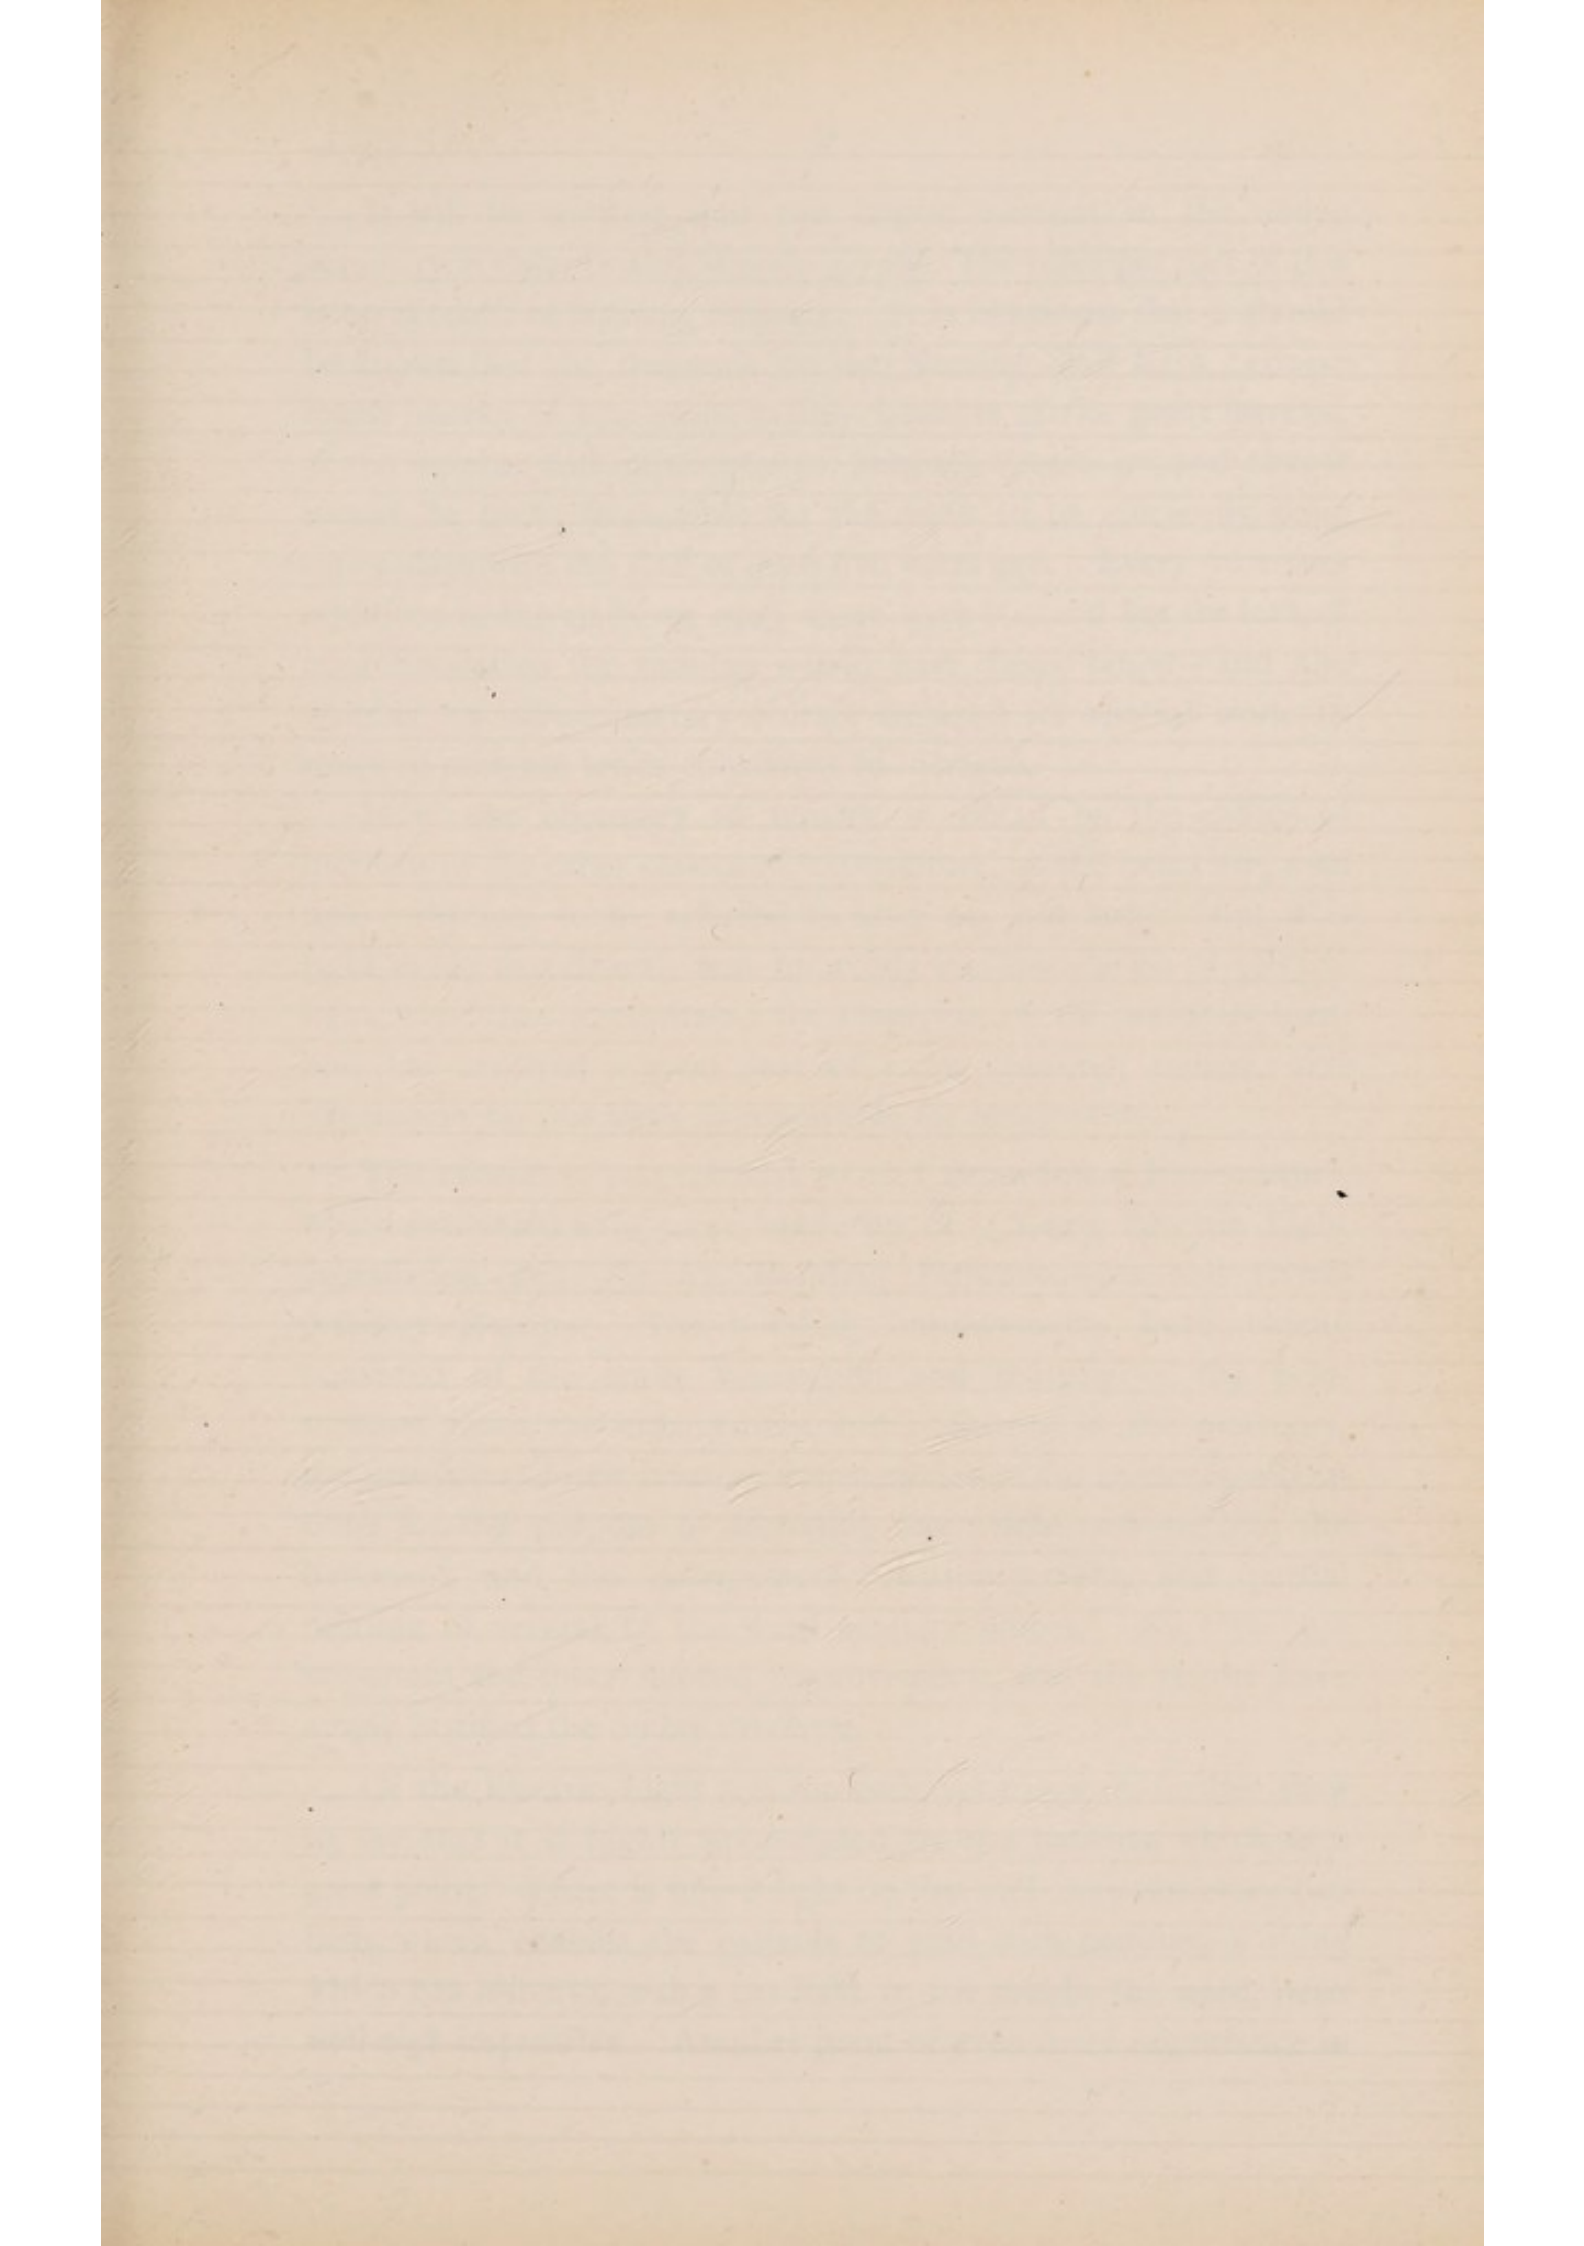

The improvement in the Income available to meet expenditure would have been much more satisfactory had it taken place in that part of it classed as Ordinary Income. Unfortunately, the improvement is confined to Legacies, which amounted to £14,399, compared with £12,268 in 1902, while the Ordinary Income was less by £39, being £14,810, against £14,849.

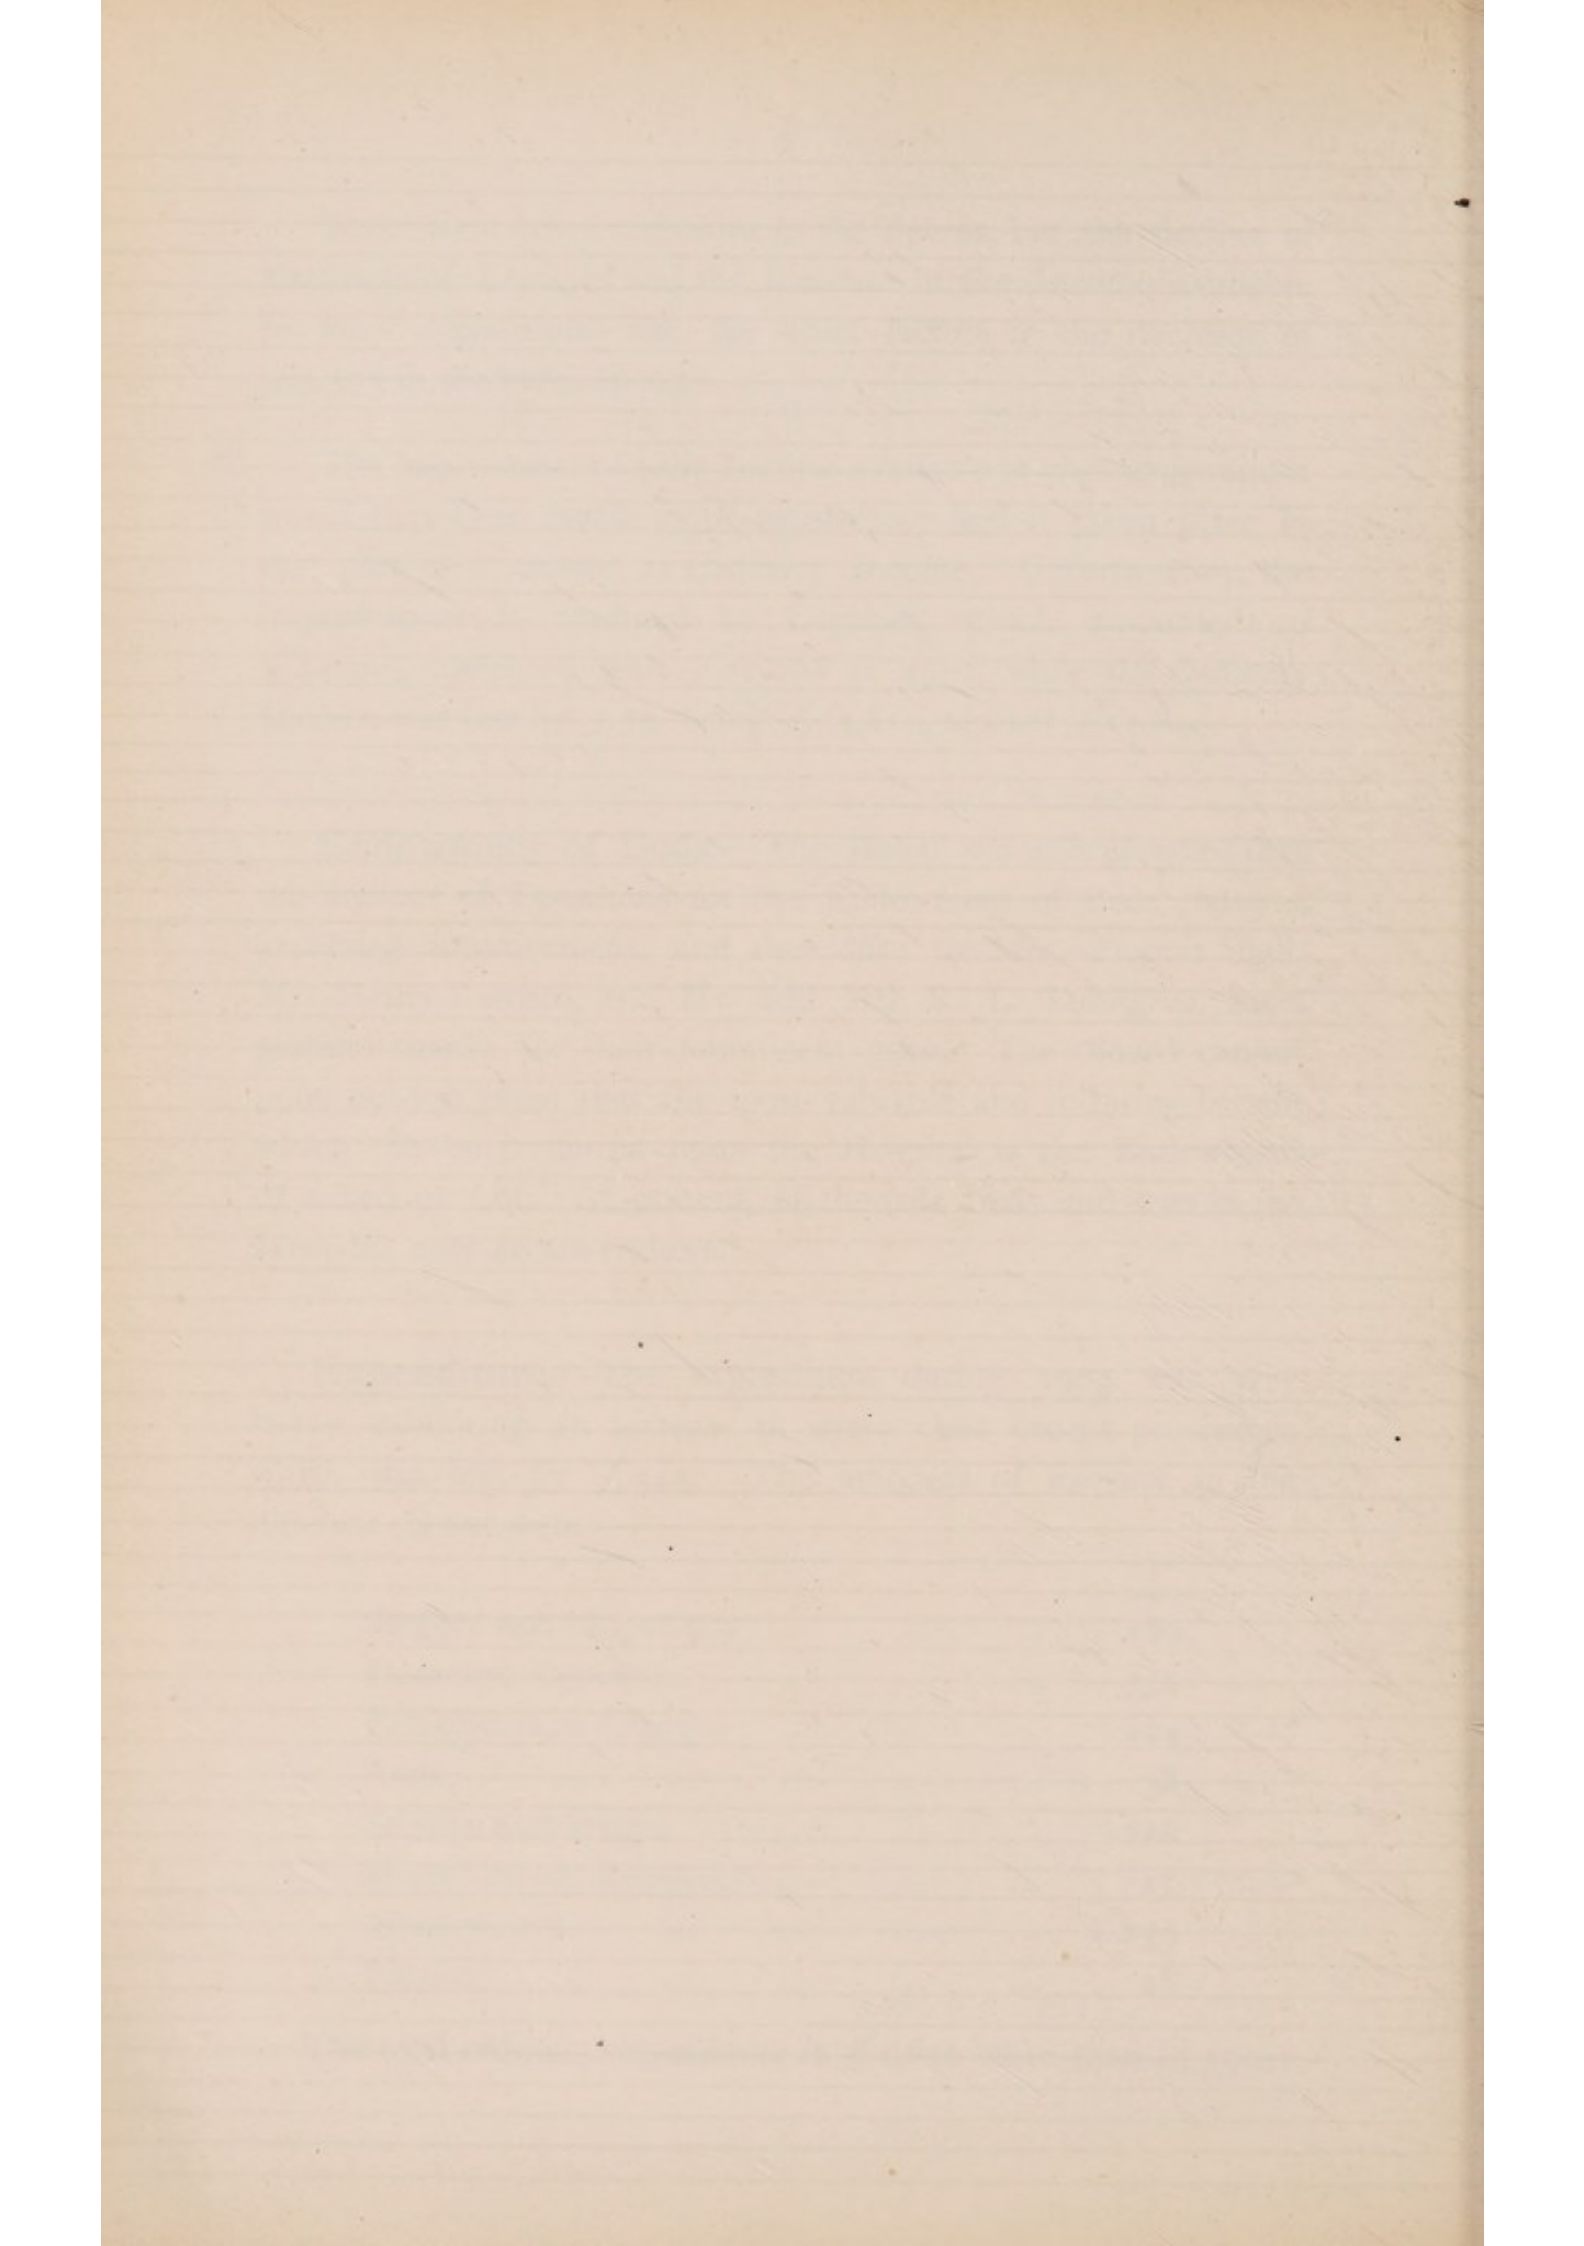

Endowment of Beds.—The Board see with pleasure that the amount of Donations for the Endowment of Beds shows a gratifying improvement, and they offer to Mrs. Francis Ball, Mr. Henry Barnato, and Mr. and Mrs. R. L. Lundgren, most grateful thanks for their munificent gifts. The Board cannot point out too often that the most valuable and enduring benefit which can be conferred upon the Hospital is the Endowment of a Bed or Cot. At present, of the 281 beds and cots in the Hospital, only 42 are endowed.

Expenditure.—The expenditure during 1903 was very heavy, exhibiting an increase in every class except provisions, which was less by £244. The amounts of increase in the different classes were:—

	£
Surgery and Dispensary	269
Domestic Expenses	355
Establishment Charges	224
Rent	38
Salaries and Wages	726
Miscellaneous Expenses	11
Management	139
Finance	28

The total ordinary expenditure is £1,646 more than in 1902.

It will be noticed that the largest amount in the above summary is Salaries and Wages, £726. The principal part of this is on account of Nursing Salaries. It is important that it should be known that the demands on the Nursing Staff have become much heavier of late years, mainly because of the great increase in the number and importance of Surgical operations, and that it would be quite impossible for the work to be efficiently done now-a-days with the staff of even five years ago. Every year sees additions to the staff—in 1903 there were six, and but for lack of accommodation the number would have been larger—and the number of supernumerary Nurses engaged for special work in times of pressure tends constantly to increase.

It is not necessary to remark in detail on the causes of increase in the other classes of expenditure, as the items are, with one exception, to be referred to later on, not large; but it is right to say that directly and indirectly the installation of electric light, which has necessitated the emptying of the wards in turn, and has involved a great deal of extra cleaning, repairs, and expense in various ways, is responsible for much of it.

The exception just referred to is Extraordinary Expenditure, which amounted to £3,442, made up of £1,249, Electric Light Installation, and £2,192, Building Improvements and Extraordinary Repairs. The building improvements have chiefly consisted of the entire renovation and refitting of the post-mortem room, the enlargement and re-flooring of the mortuary, the provision of new lavatory accommodation for students, alterations for the purpose of admitting more light and air into the basement, and the enlargement, re-arrangement, and partial refitting of several of the ward sanitary offices. All these are important and much needed improvements, and the results have amply justified the outlay involved.

Of the Electric Light it is too early yet to speak, further than to say that it is highly appreciated by the patients, which is a great point. There is now a light on the wall between every two beds, which enables the patients to read with comfort, a thing which has hitherto, with a gas light in the middle the ward, been well-nigh impossible. Another point of even more importance in

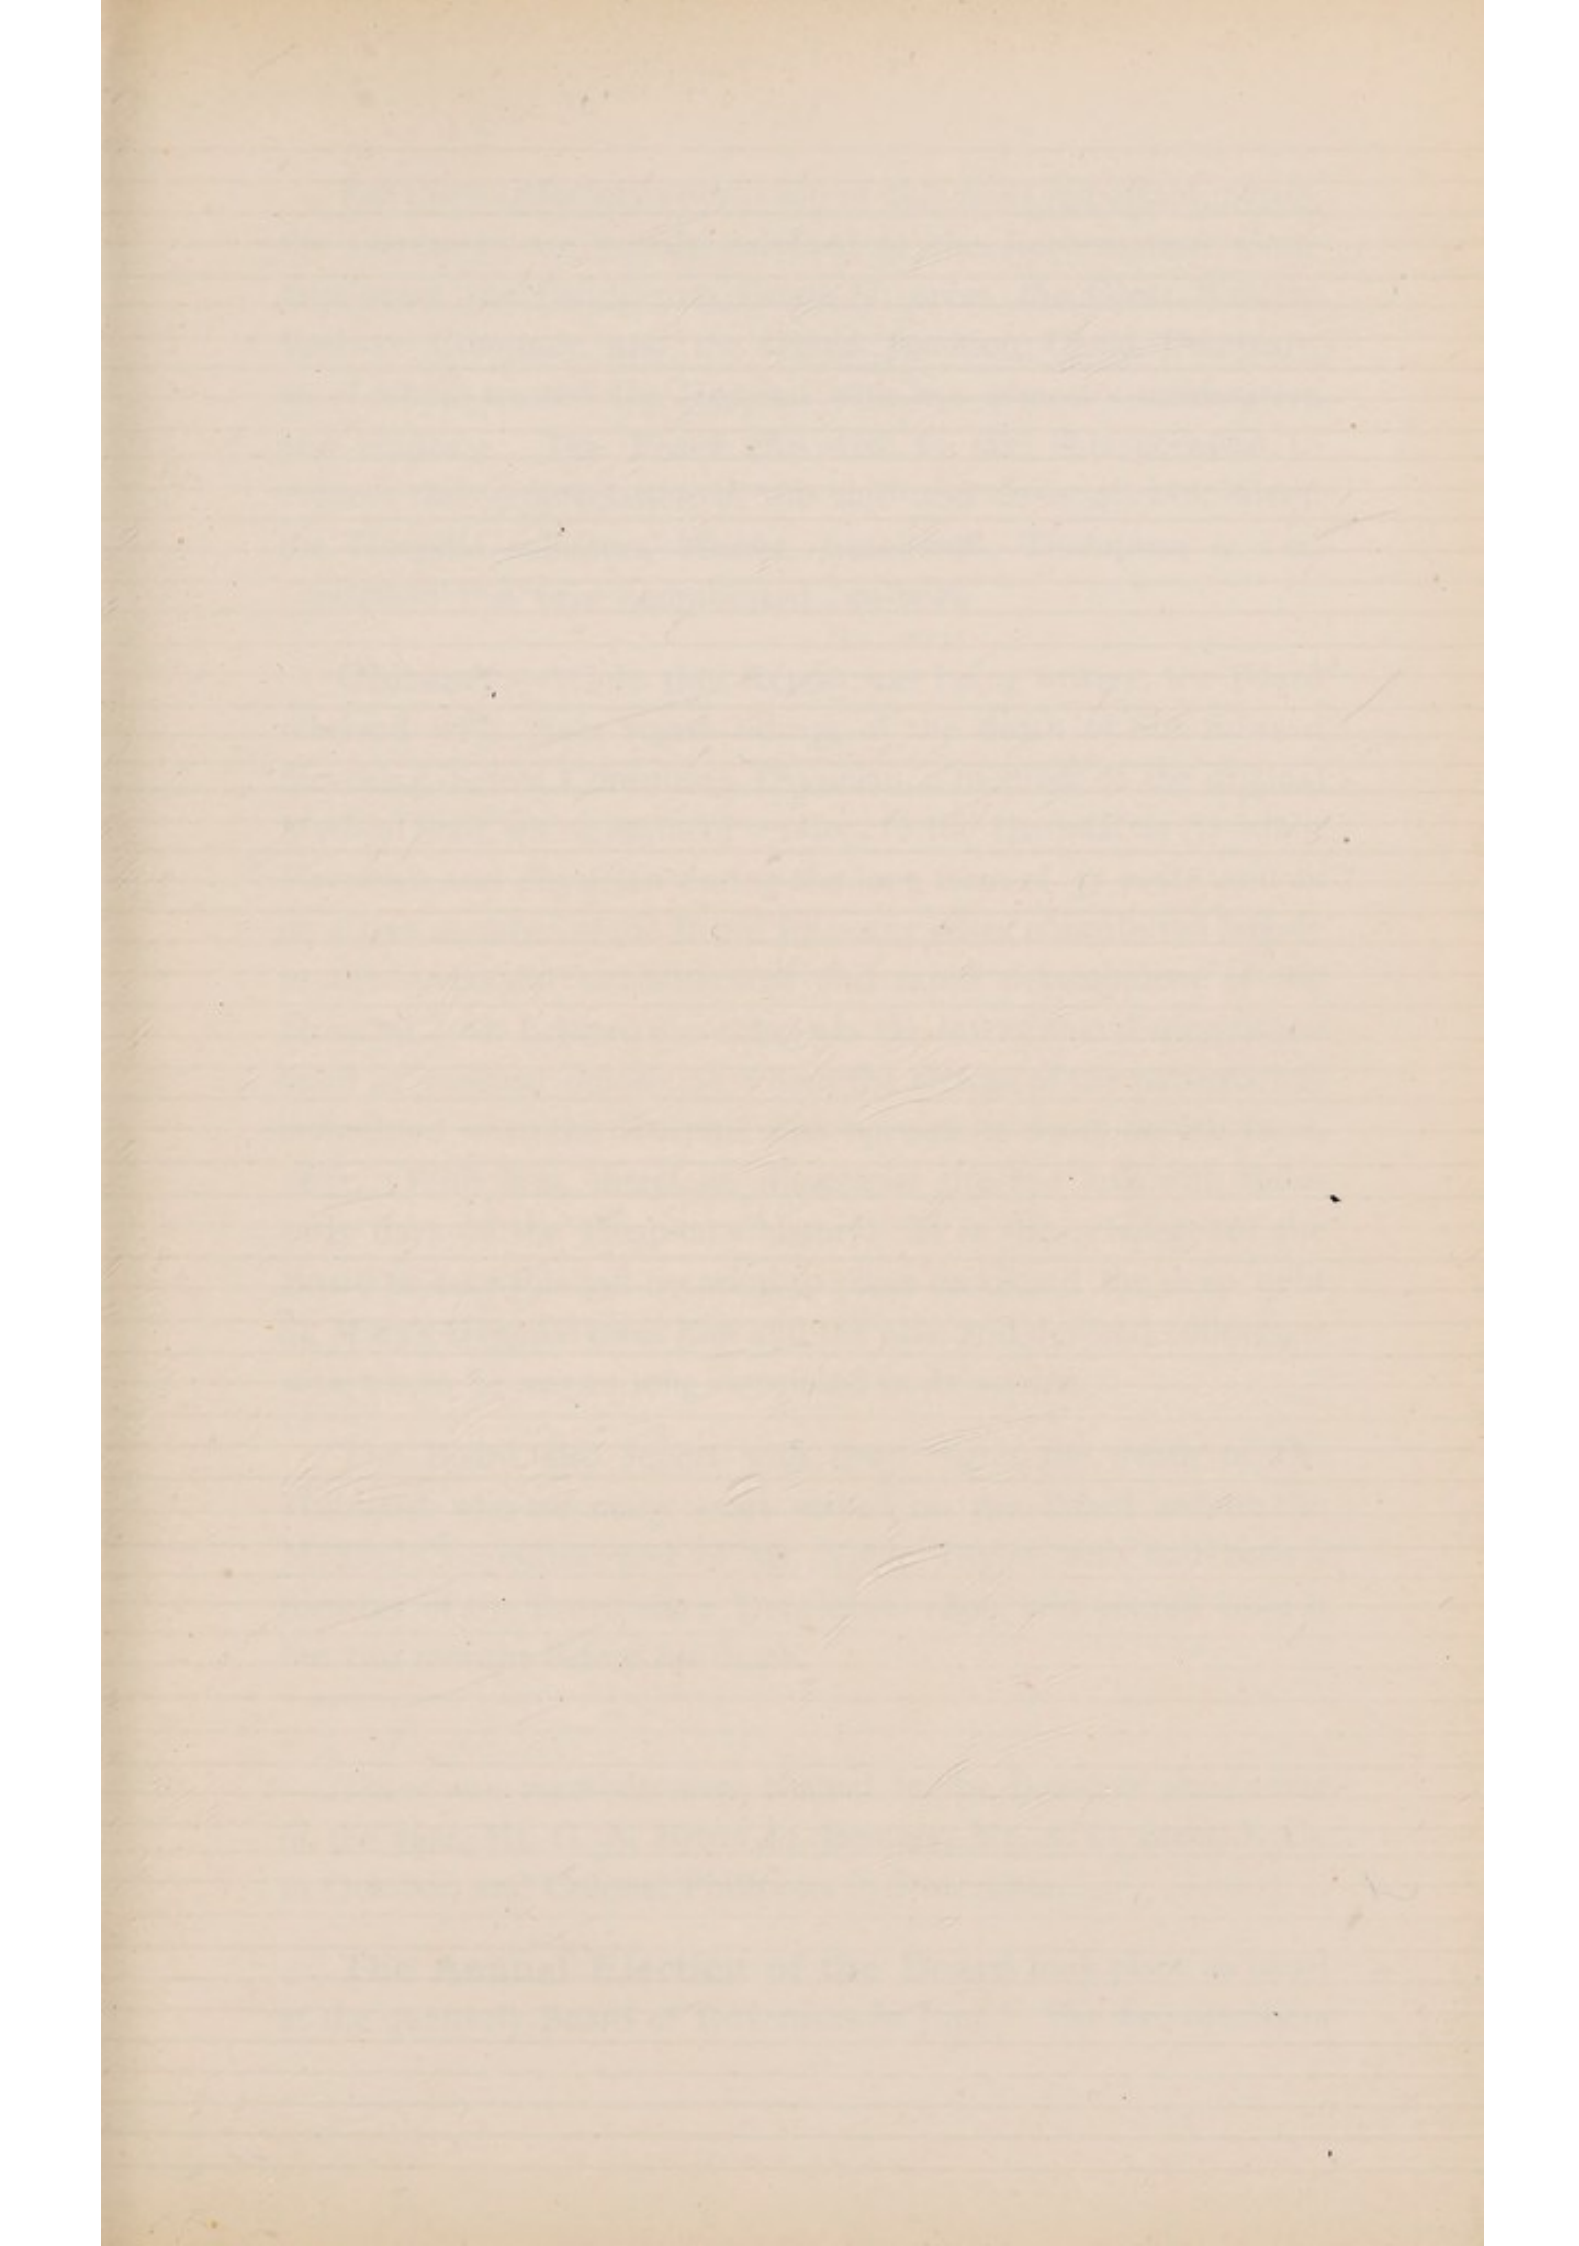

the interests of the patients is that, by means of wall plugs and hand lamps, a good light can immediately be had at any bed and in any position, which in the frequent emergencies that arise in the wards of a General Hospital, is an advantage of the utmost practical value. The one fear is that the expense of lighting will be much greater, but the Board will be better able to speak with certainty on that subject after the light has been in use a complete year. The fitting of the Old Hospital is now nearly completed, and the wiring of the Clarence Wing is in progress.

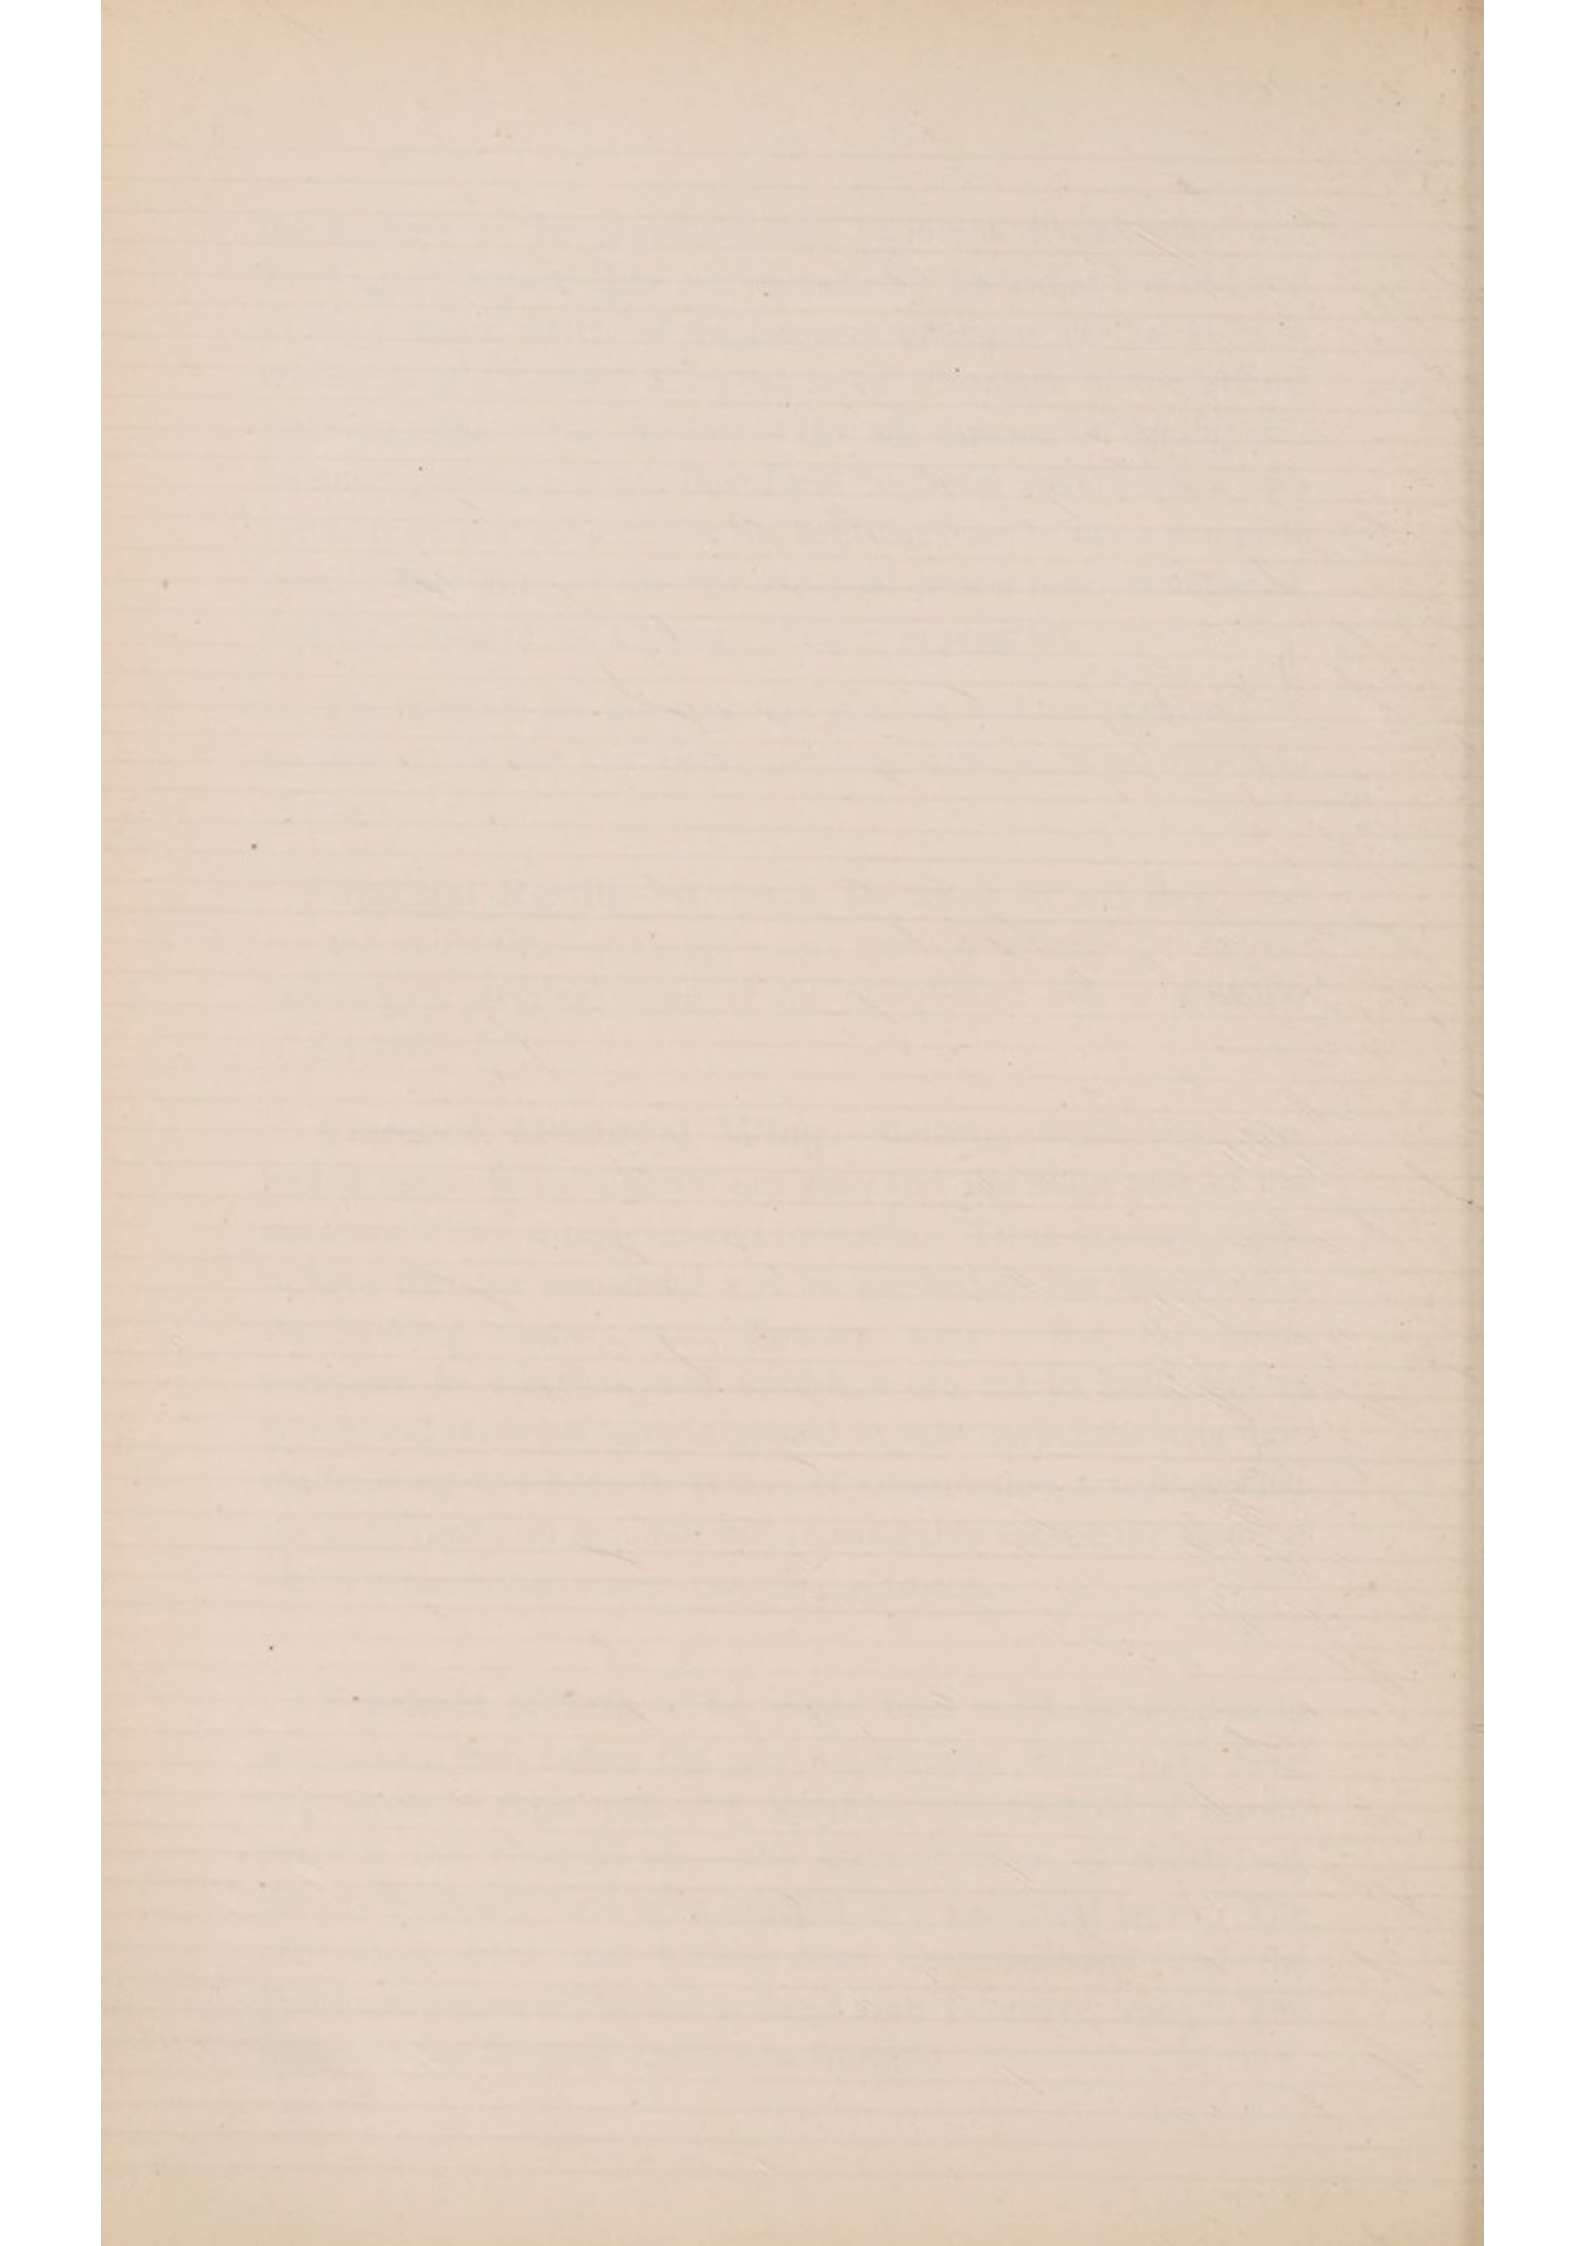

The estimate for the work was £3,200, and the payments on account up to the 31st December amounted, as stated above, to £1,249.

Financial Result.—*Although the whole of the large sum received in legacies—£14,399—was spent to provide for current expenses, the financial result of the year's work was a deficiency of £4,516.*

Clarence Memorial Wing.—Building works have continued regularly throughout the year, and the main part of the structure is now completed and roofed in. There is every reason to hope that the remainder will be finished by the date fixed in the building contract, viz., January, 1905. But the funds necessary to complete and furnish it are not in hand, and as labour and materials have increased in cost during the long time the building has been in course of construction, it is likely that the additional sum required will considerably exceed the figure at which it has hitherto been put, viz., £10,000.

Freehold of Site.—The Board have much satisfaction in announcing that during the year negotiations, which have been in progress for three years, for acquiring the freehold of certain parts of the Hospital site—the major portion of which was already freehold—have been brought to a successful issue. The conveyance from the Ecclesiastical Commissioners and the Paddington Estate Trustees is dated 19th February, 1903. The whole of the Hospital site is now freehold.

For the satisfactory conclusion of this most important matter, the Governors are greatly indebted to the Ecclesiastical Commissioners, the Paddington Estate Trustees, the Great Western Railway Company, and the Grand Junction Canal Company, all of whom treated the Hospital with the utmost consideration and kindness. The Board also wish to take this occasion to express their appreciation of the skill and attention with which the Hospital solicitors, Messrs. Beachcroft, Thompson & Co., conducted this very complicated business.

Obituary.—While this Report was being written, the Board received with great regret tidings of the death of Sir Edward Sieveking, Senior Consulting Physician, a member of the original Medical Staff, whose eminent services to the Hospital as Assistant Physician and Physician during the long term of 37 years, and as an active member of the Board for many years, contributed largely to the successful establishment and rapid development of the Hospital. Sir Edward Sieveking was the last of that distinguished band of medical officers to whom the charge of the patients was committed when the Hospital first opened its doors on 6th June, 1851. With him, therefore, disappears the last link with those early days of the Hospital's history. It is the privilege of the Board to take this sad occasion to place on record the deep debt St. Mary's Hospital owes him and the able and devoted colleagues with whom he was so long associated in its service.

The Board also report with deep regret the death of Dr. Hubbard, who for many years served on the Board and on the Medical Committee, and of Mr. Noble Taylor, who had been a member of the Board since December, 1899, and retired from it but two months before his death.

Three new members were elected to the Board in the course of the year, Mr. G. A. Byron in January, Mr. A. G. Steel, K.C., in October, and Colonel Phillpotts in November.

The Annual Election of the Board took place as usual at the quarterly Board of Governors in June. The five members

to retire by rotation were Colonel Bannerman, Dr. Felce, Mr. W. Austen-Leigh, Mr. Edward Smith and Mr. R. H. Foa, in addition to whom Mr. H. Percy Harris and Mr. G. A. Byron, members elected to fill vacancies during the year 1902-3, had also to retire. All these gentlemen, being eligible, were re-elected.

Chairman.—The Board are sorry to have to report the retirement of Colonel Stanley G. Bird from the Chairmanship of the Board, which he had filled, to the great advantage of the Hospital, continuously from June, 1893.

The Board take this occasion to express their high sense of the ability and impartiality with which Colonel Bird presided over their deliberations during these ten years, and their great regret at his retirement.

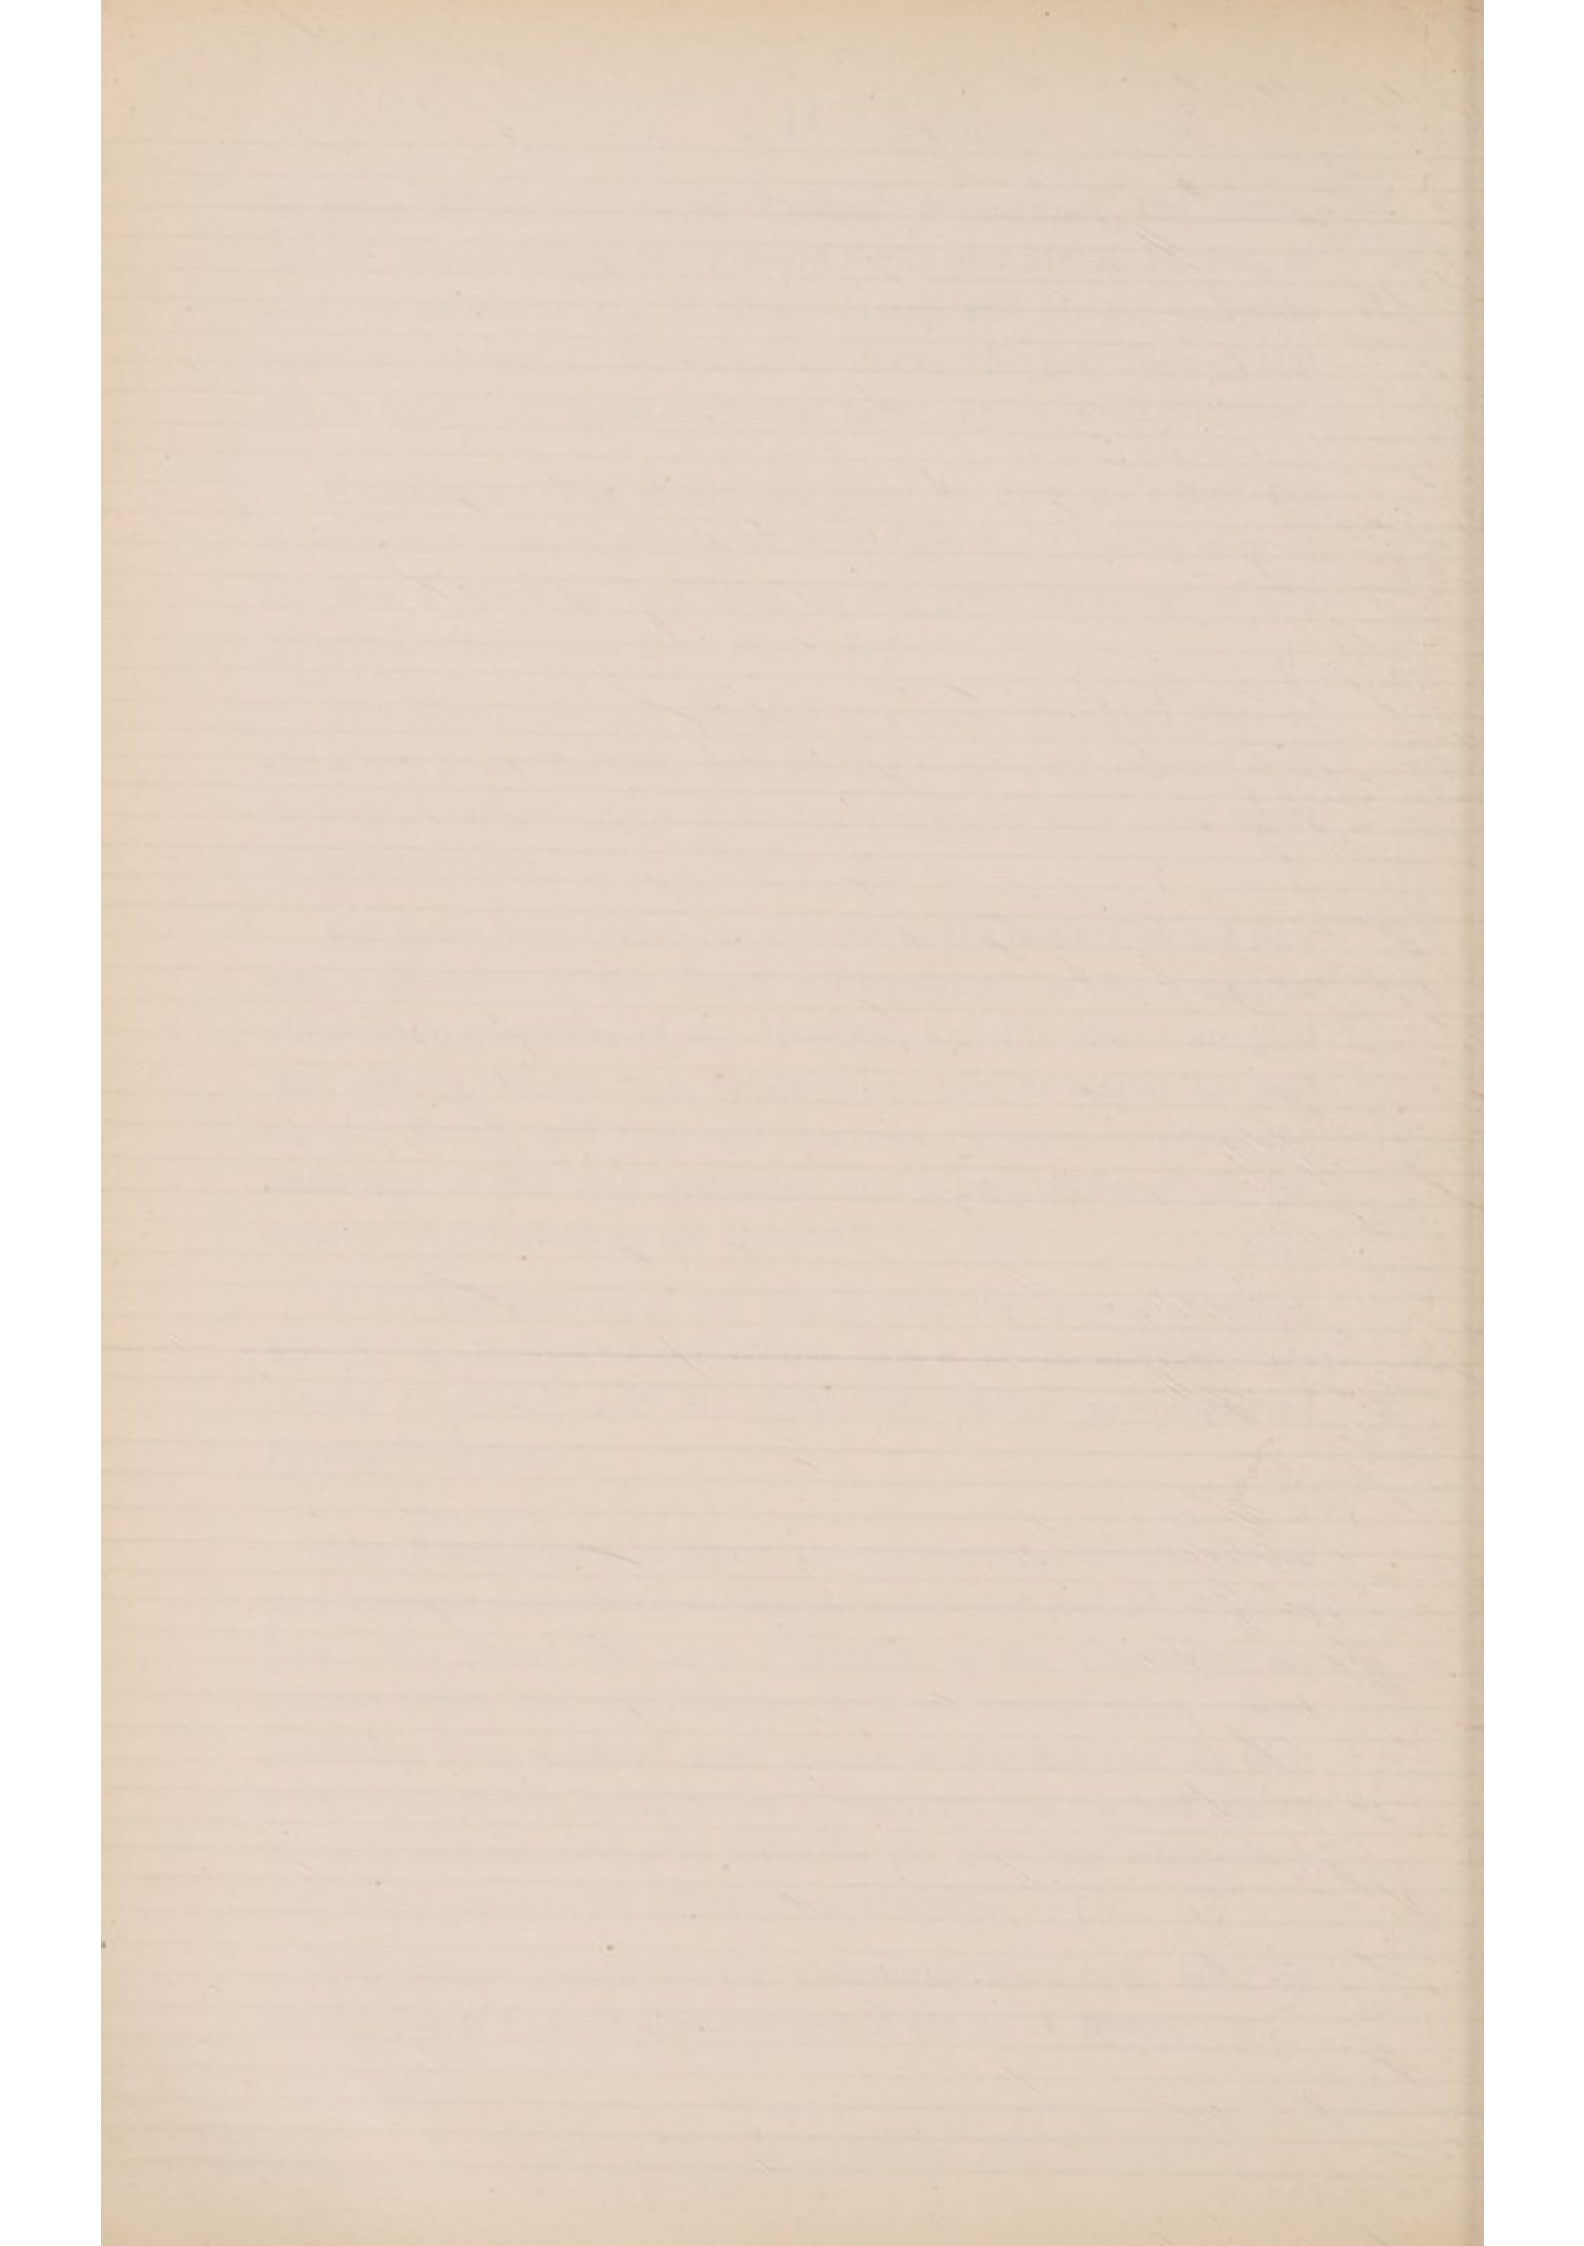

For many years before his election to the chair, Colonel Bird was a member of the Board distinguished for his assiduous attention to the affairs of the Hospital, and the Board are glad that, although he has now vacated the chair, he retains his seat on the Board, and they will therefore continue to enjoy the advantage of his able assistance and ripe experience in the conduct of the affairs of the Hospital.

At the first meeting of the Board after the Annual Election, Mr. H. A. Harben, L.C.C., then Mayor of Paddington, was elected Chairman, and Mr. James R. Mellor was re-elected Deputy-Chairman.

The Board regret to report the retirement from the House and Finance Committee of Mr. Alfred Scorer and Mr. Charles Bird. Mr. Scorer had been a member of the Committee for thirteen years, and Mr. Charles Bird for twenty years. Both gentlemen have rendered great service to the Hospital by their work in the House and Finance Committee, and the best thanks of the Governors are due to them for the time and labour they have freely given to the affairs of the Hospital.

The vacant places on the Committee have been filled by the election of Colonel Bannerman and Mr. G. A. Byron.

[Faint, illegible handwriting throughout the page, likely bleed-through from the reverse side.]

Out-Patients.—The system of inquiry into the circumstances of the patients, established in 1898, with the view of preventing abuse of the Charity by those able to pay for the treatment they require, has been continued throughout the year.

Of 22,619 patients in the Medical, Surgical, and Special Departments, 1,639 were selected as calling for enquiry, and of that number investigation showed 88 only to be unsuitable, a number equal to '38 per cent. of the total number of patients in all Departments.

The London Needlework Guild has again repeated its welcome gift of a large parcel of warm clothing, which it has now contributed at Christmas for so many years. The best thanks of the Governors are due to the Guild for the continuance of this most valuable gift; and to Mrs. Basil Ellis, to whose good offices for many years the Hospital is mainly indebted for it.

The Board again desire to express their great appreciation of the valuable assistance rendered by the **St. Mary's Aid Society**, both in providing suitable gifts of clothing and toys at Christmas, and in supplying the wards from time to time with flannel jackets, shirts, slippers, games, plants, &c. They feel that most grateful thanks are due to Mrs. Russell-Cooke, the Founder and Hon. Secretary of the Society, and to the ladies co-operating with her in this admirable work.

The number of these invaluable auxiliaries has been increased during the year by the formation of the **St. Mary's Hospital Ladies' Association**, the object of which is the provision of clothing for patients in the Hospital. The Board cordially welcome the advent of the new Association, and wish it a long career of usefulness.

The Parks Committee of the London County Council have, during the past year, sent many valuable supplies of fine fruit for distribution among the patients. This kindness has been very much appreciated.

The Flannel Shirt Club, of which the Countess of Strafford is President, has been formed to provide and distribute

systematically men's flannel shirts to patients on leaving Hospitals in London. The Board thank the Club sincerely for the supply kindly sent to this Hospital, and desire to express their appreciation of the humane work in which its Members are engaged.

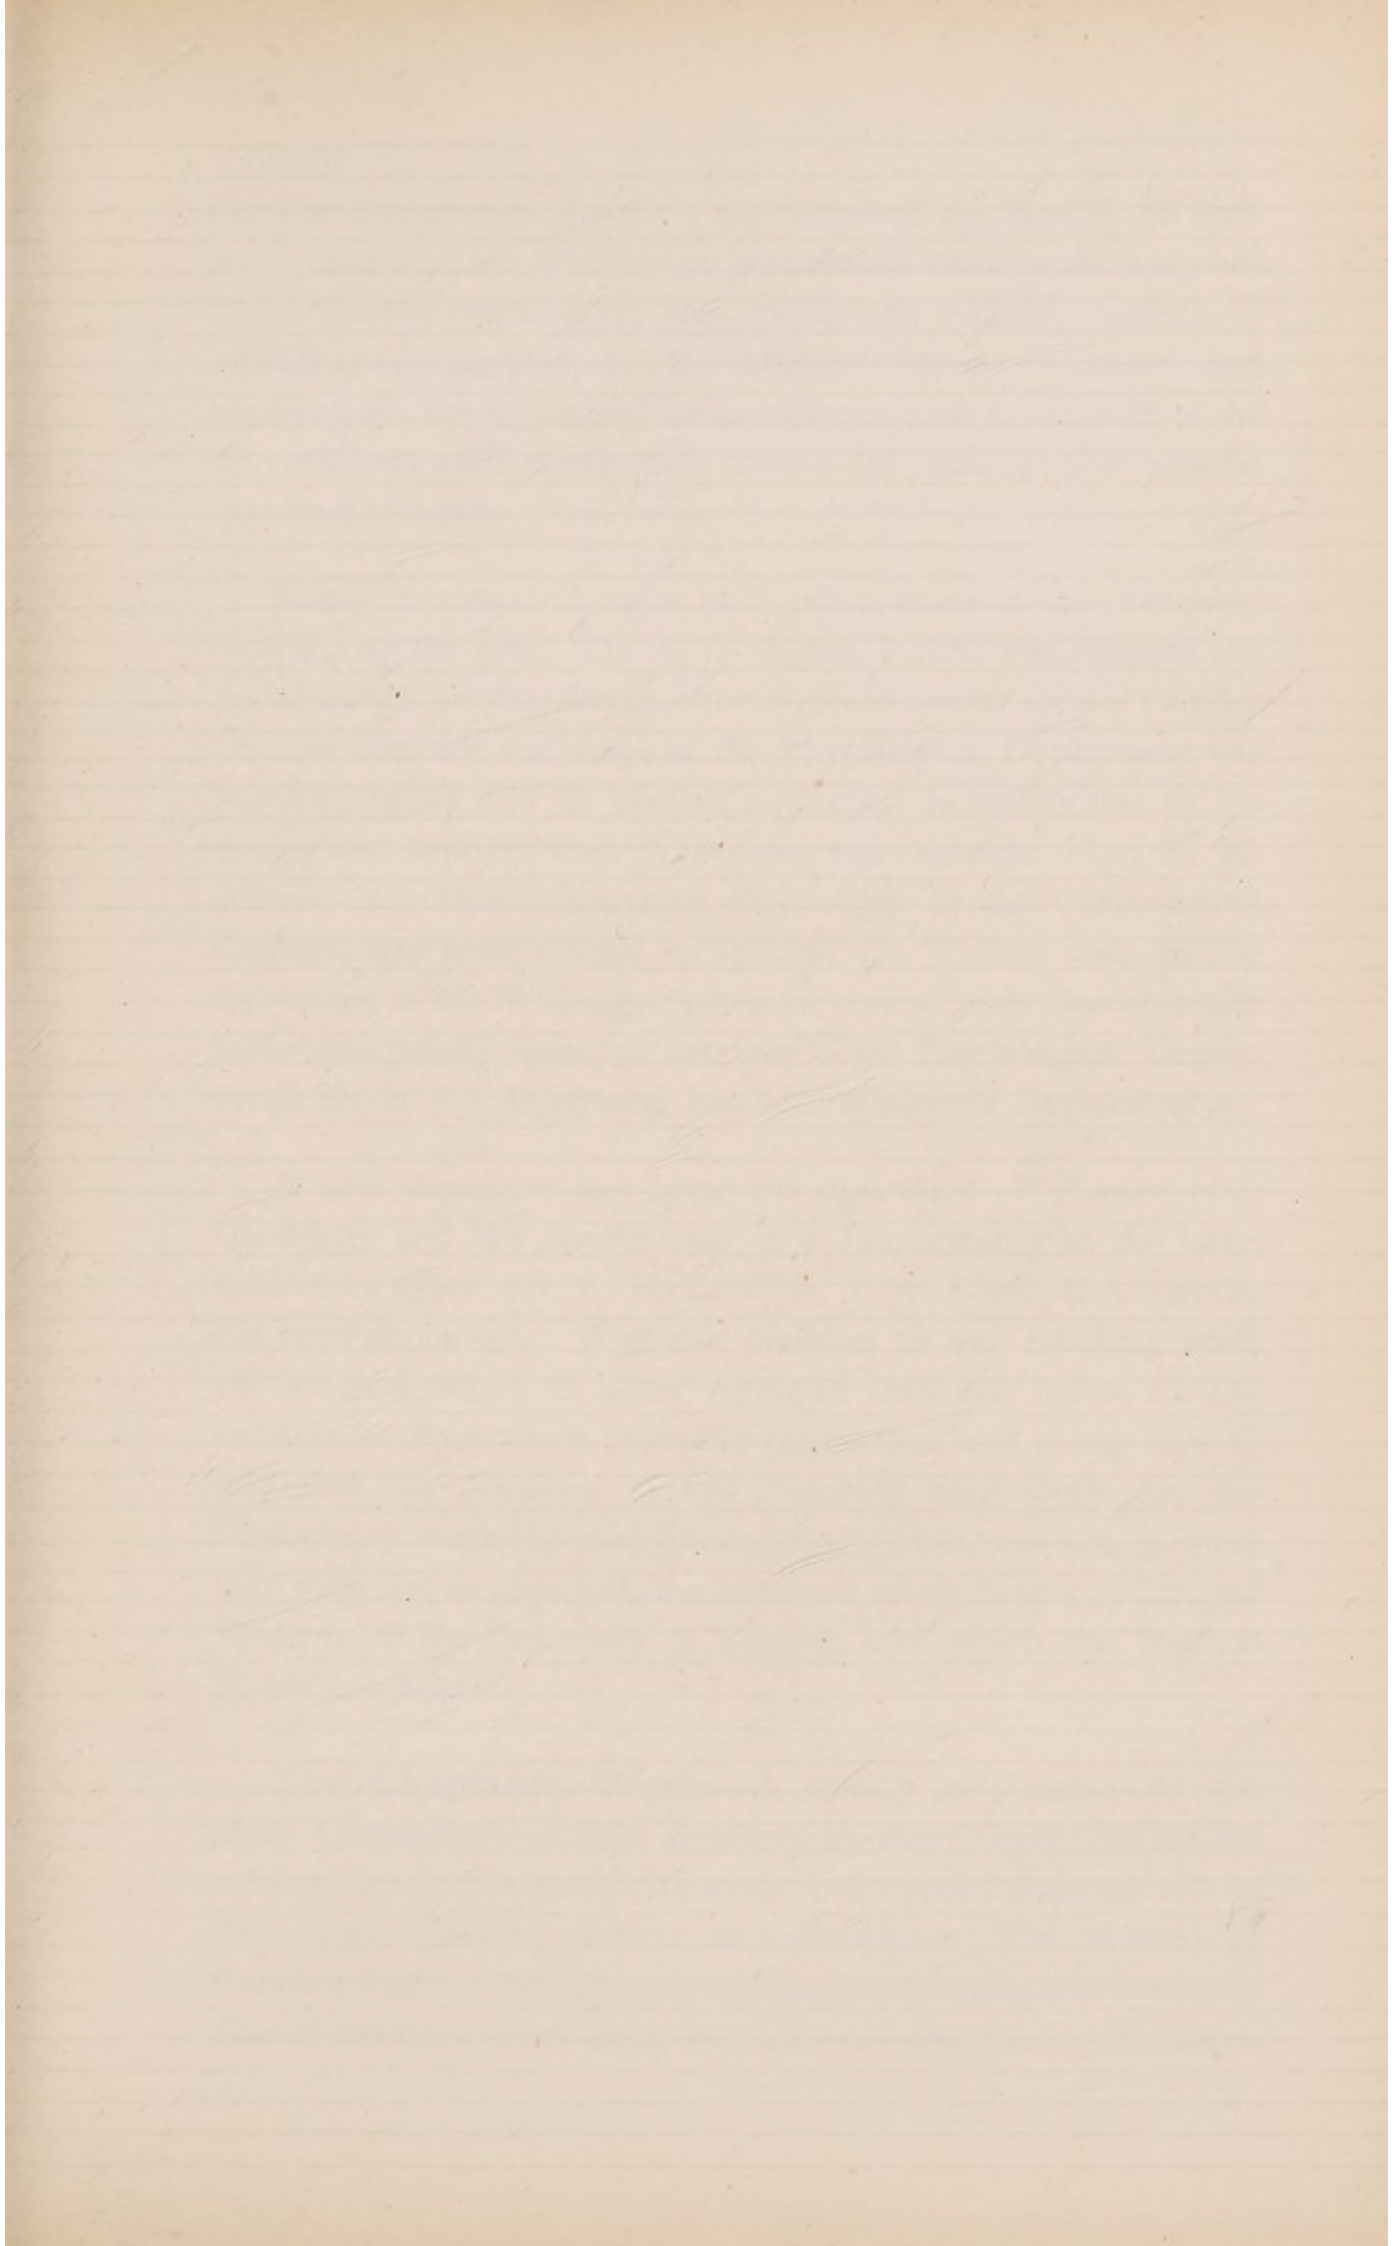

The Ladies of the Flower Mission have continued their efforts to cheer the patients in the Hospital by visiting and singing to them, and by contributing flowers to brighten the wards. This kindness the Board acknowledge with gratitude.

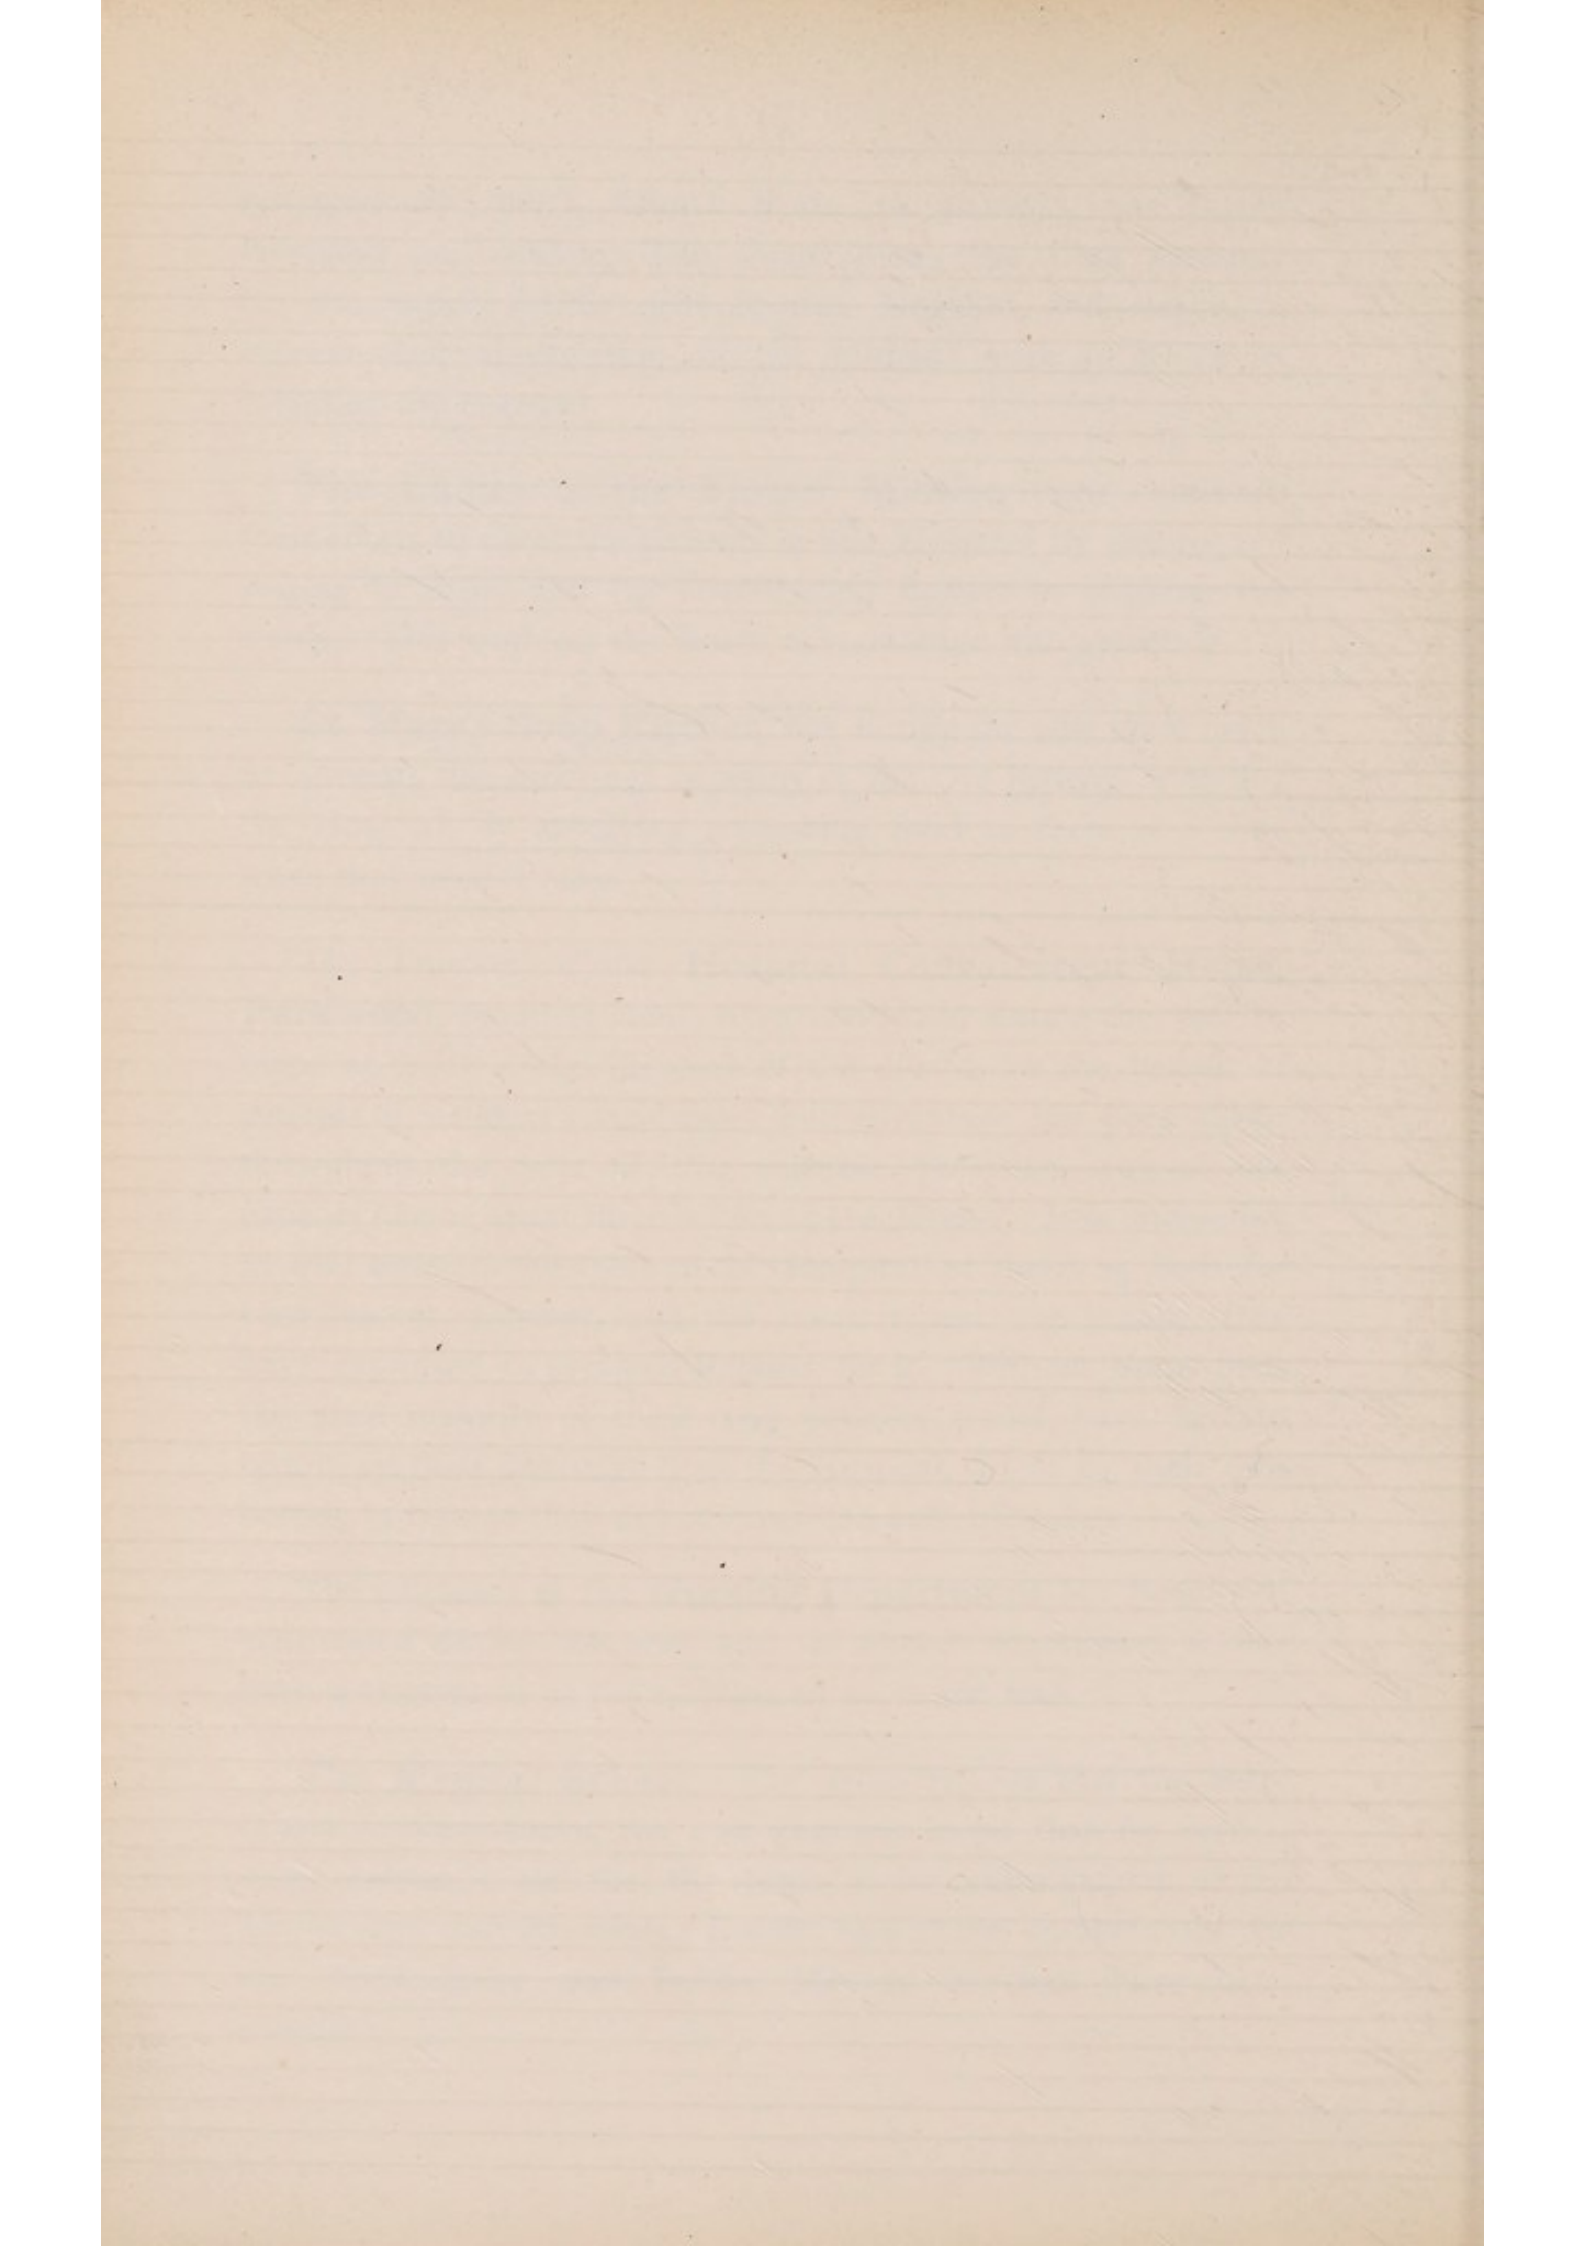

St. Mary's Soup Kitchen has during the year done much to alleviate the sufferings of many of the Out-Patients attending the Hospital, by supplying nourishing food to them at a time when they need it most.

The Trustees of the **Hospital Convalescent Home, Parkwood**, Swanley, Kent, have continued during the year to place 15 beds at the disposal of the Board for the benefit of patients of St. Mary's Hospital. Full advantage has been taken throughout the year of this valuable provision, 193 of our patients having spent three weeks at the Home. It is impossible to over estimate the value to the Hospital of these 15 beds for convalescent patients, and the Board repeat the thanks they have expressed in previous Reports for it. Without these beds the great majority of these 193 patients would have had to return, on their discharge from the Hospital, direct to their own homes, to resume their avocations in an enfeebled state.

The efficiency of the **Nursing Department** has been well maintained during the year, and, as already mentioned, it has been strengthened by the addition of six to the staff.

The Medical School.—The Dean reports that the entry of new students during the past year was larger than for several years previously, and that the results at the examinations of the Universities and Examining Boards, and at the competitions for the Army, Navy, and Indian Medical Services have been excellent.

The organisation for the supervision of the studies of each individual student, which was introduced three years ago, has been further developed; this comprises monthly returns of attendances compiled by the Medical School Secretary and reports from the tutors and demonstrators, and has proved to be an efficient and unobtrusive means of raising the general standard of work.

Some important changes have taken place in the Teaching Staff during the year. Dr. A. D. Waller, F.R.S., has resigned the Lecturership on Physiology after eighteen years' service; under his able direction the scope of the Physiological Department was much extended, and its present reputation is mainly due to his energy and brilliant work in teaching and research. Dr. N. H. Alcock, late Demonstrator of Physiology in the University of London, has been elected to succeed Dr. Waller; and, on the retirement of Mr. W. Legge Symes, for several years Demonstrator and subsequently Assistant Lecturer in the Physiological Department, Dr. B. J. Collingwood has been appointed Demonstrator.

A new departure has been the separation of Physics from Chemistry and the constitution of a Lecturership in the latter subject, to which Mr. R. H. Lehfeldt, D.Sc. Lond., B.A. Camb., has been appointed. With this addition to the Teaching Staff, the Medical School is better equipped than ever before for the conduct of Preliminary Scientific Instruction, and it may now be said that the *personnel* of the Teaching Staff, both for the Preliminary Scientific and Intermediate M.D. courses, is more than sufficient to cope with the increased requirements of Internal Students of the University of London, with which the Medical School is affiliated.

The Chaplain's Work.—A weekly celebration of the Holy Communion is held regularly in the Chapel; additional celebrations on the greater festivals and special days, as well as the usual Morning Prayer and Sermon. The number of Communicants at the Chapel celebrations in 1903 was over 400. *Special Services* were held as follows:—On the 25th March

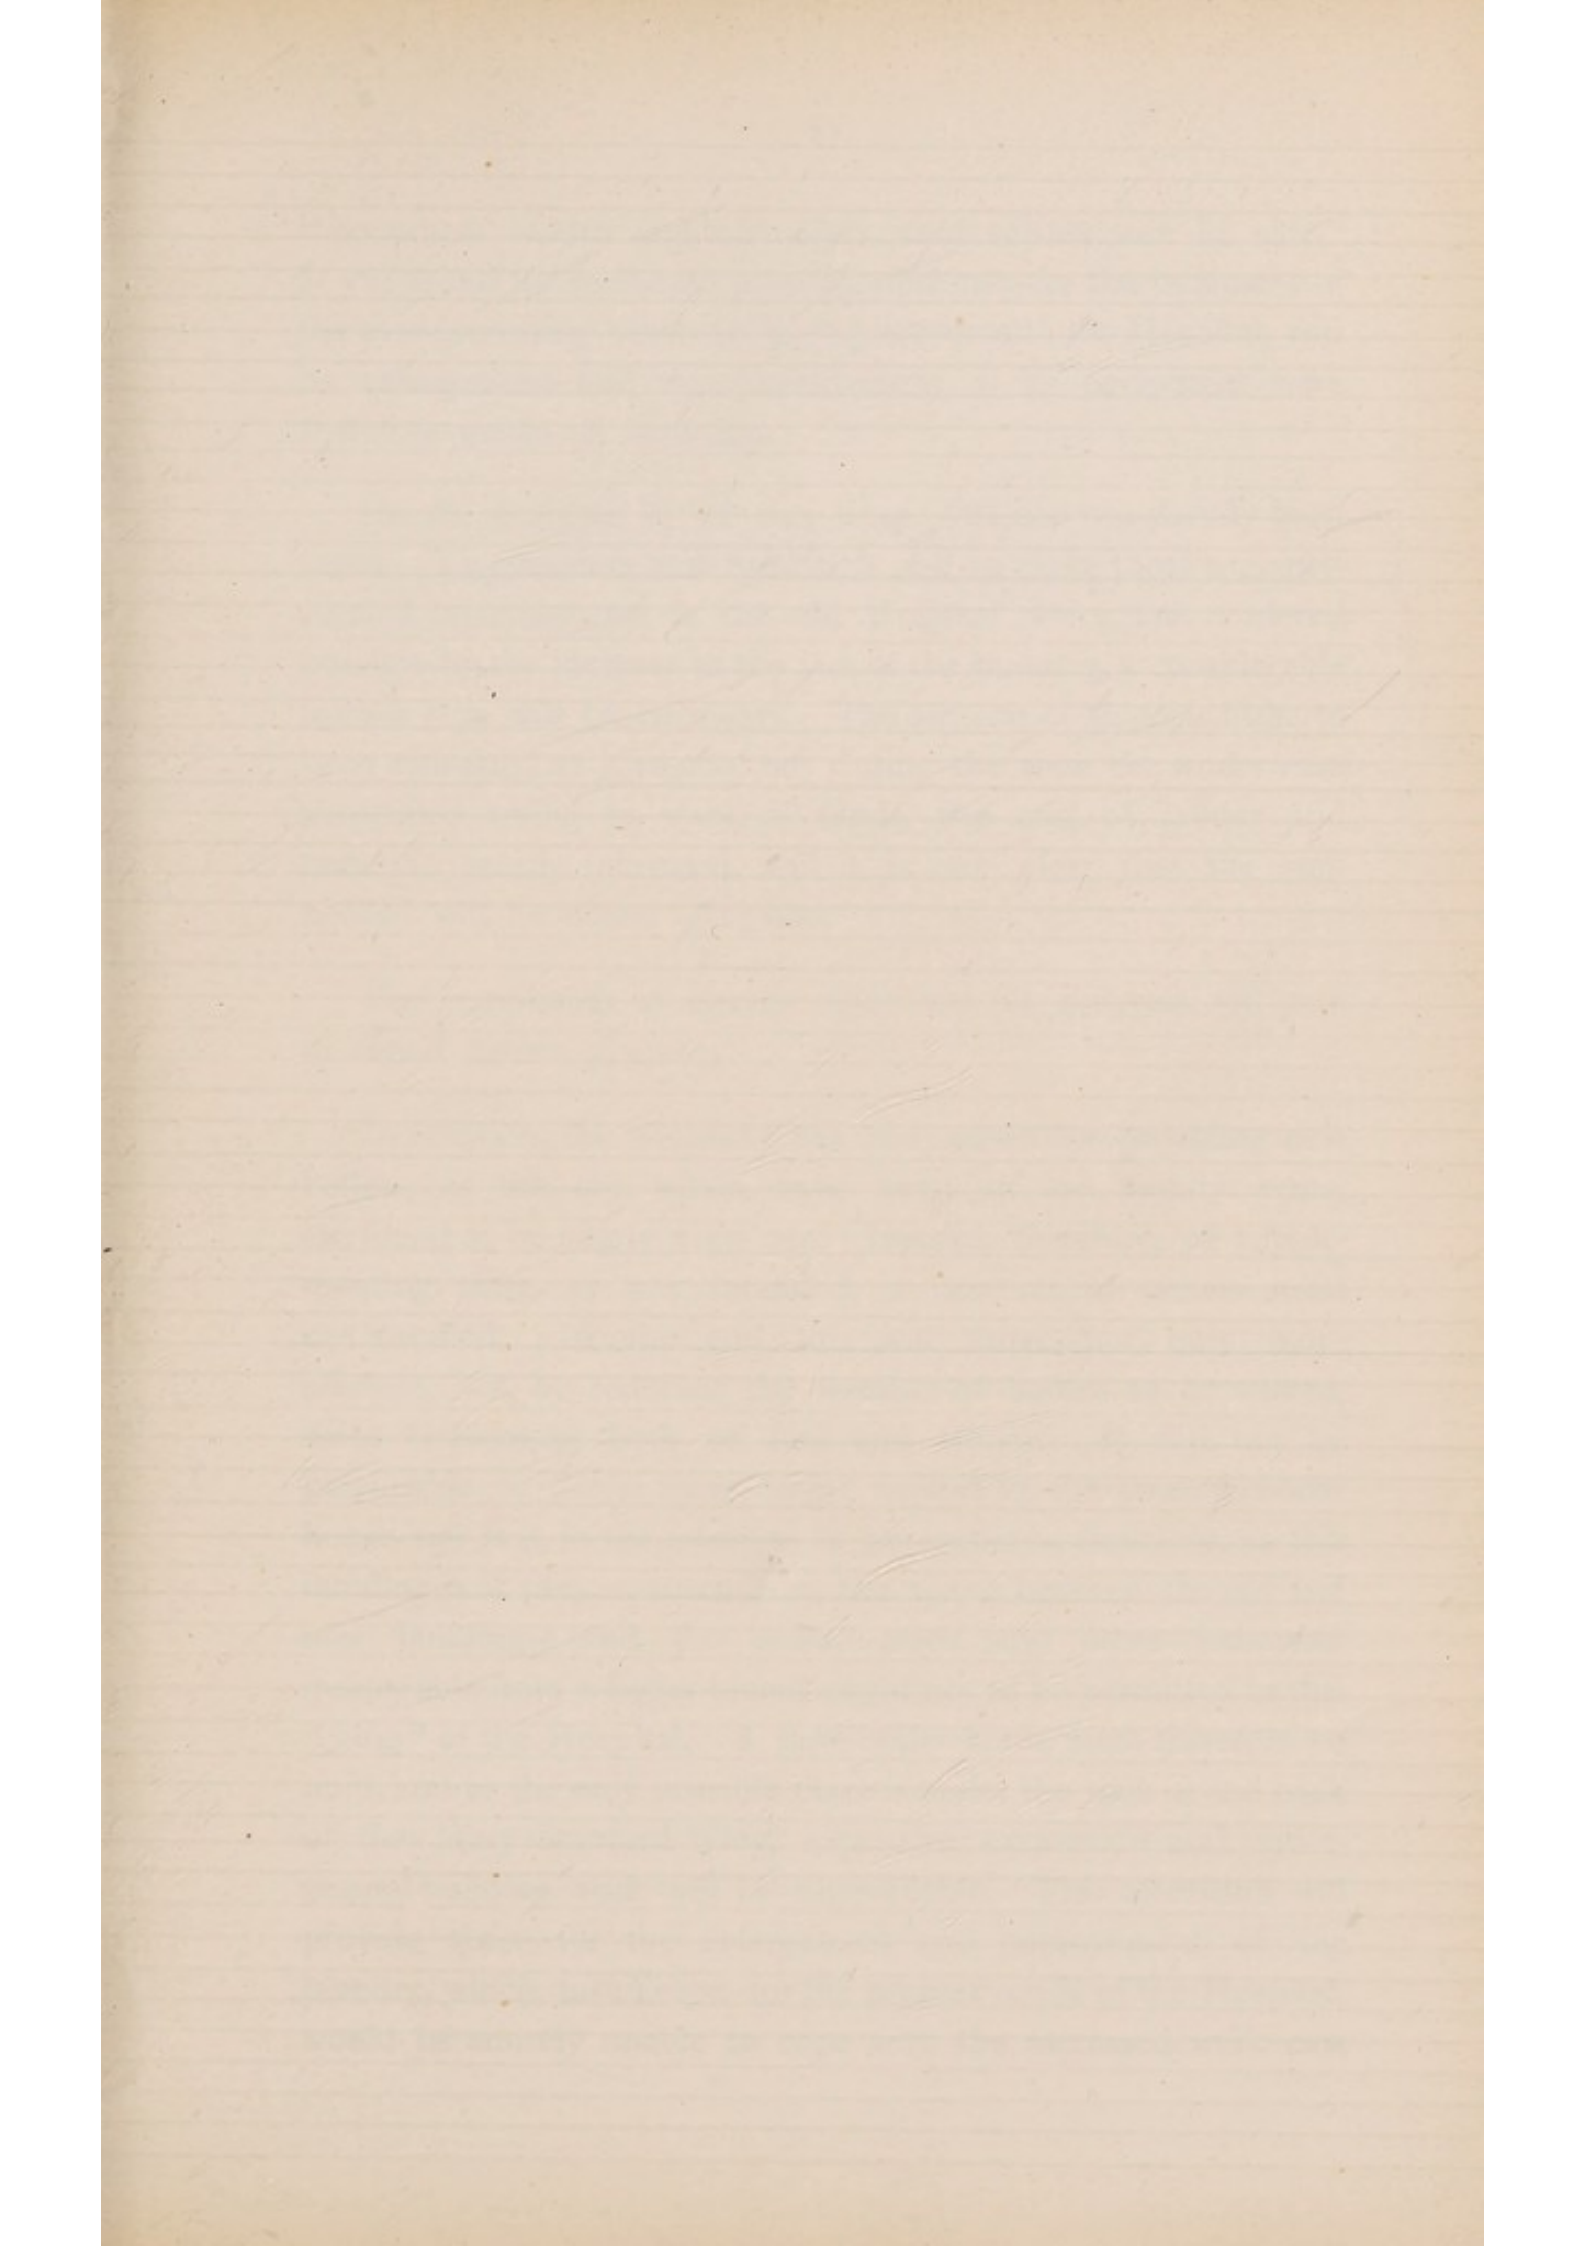

(St. Mary's Day), consisting of Prayers, Vocal and Instrumental Solos, and an address by the Rev. C. P. Hopkins; on October 12th (The Annual Service), with Sermon by the Right Rev. The Lord Bishop of London; on St. Luke's Day October 18th, with an Address to Nurses by the Chaplain of Guy's Hospital; and on the 1st November (Harvest Festival), with Sermon by the Rev. H. Rosedale, D.D., Vicar of St. Peter's, Bayswater.

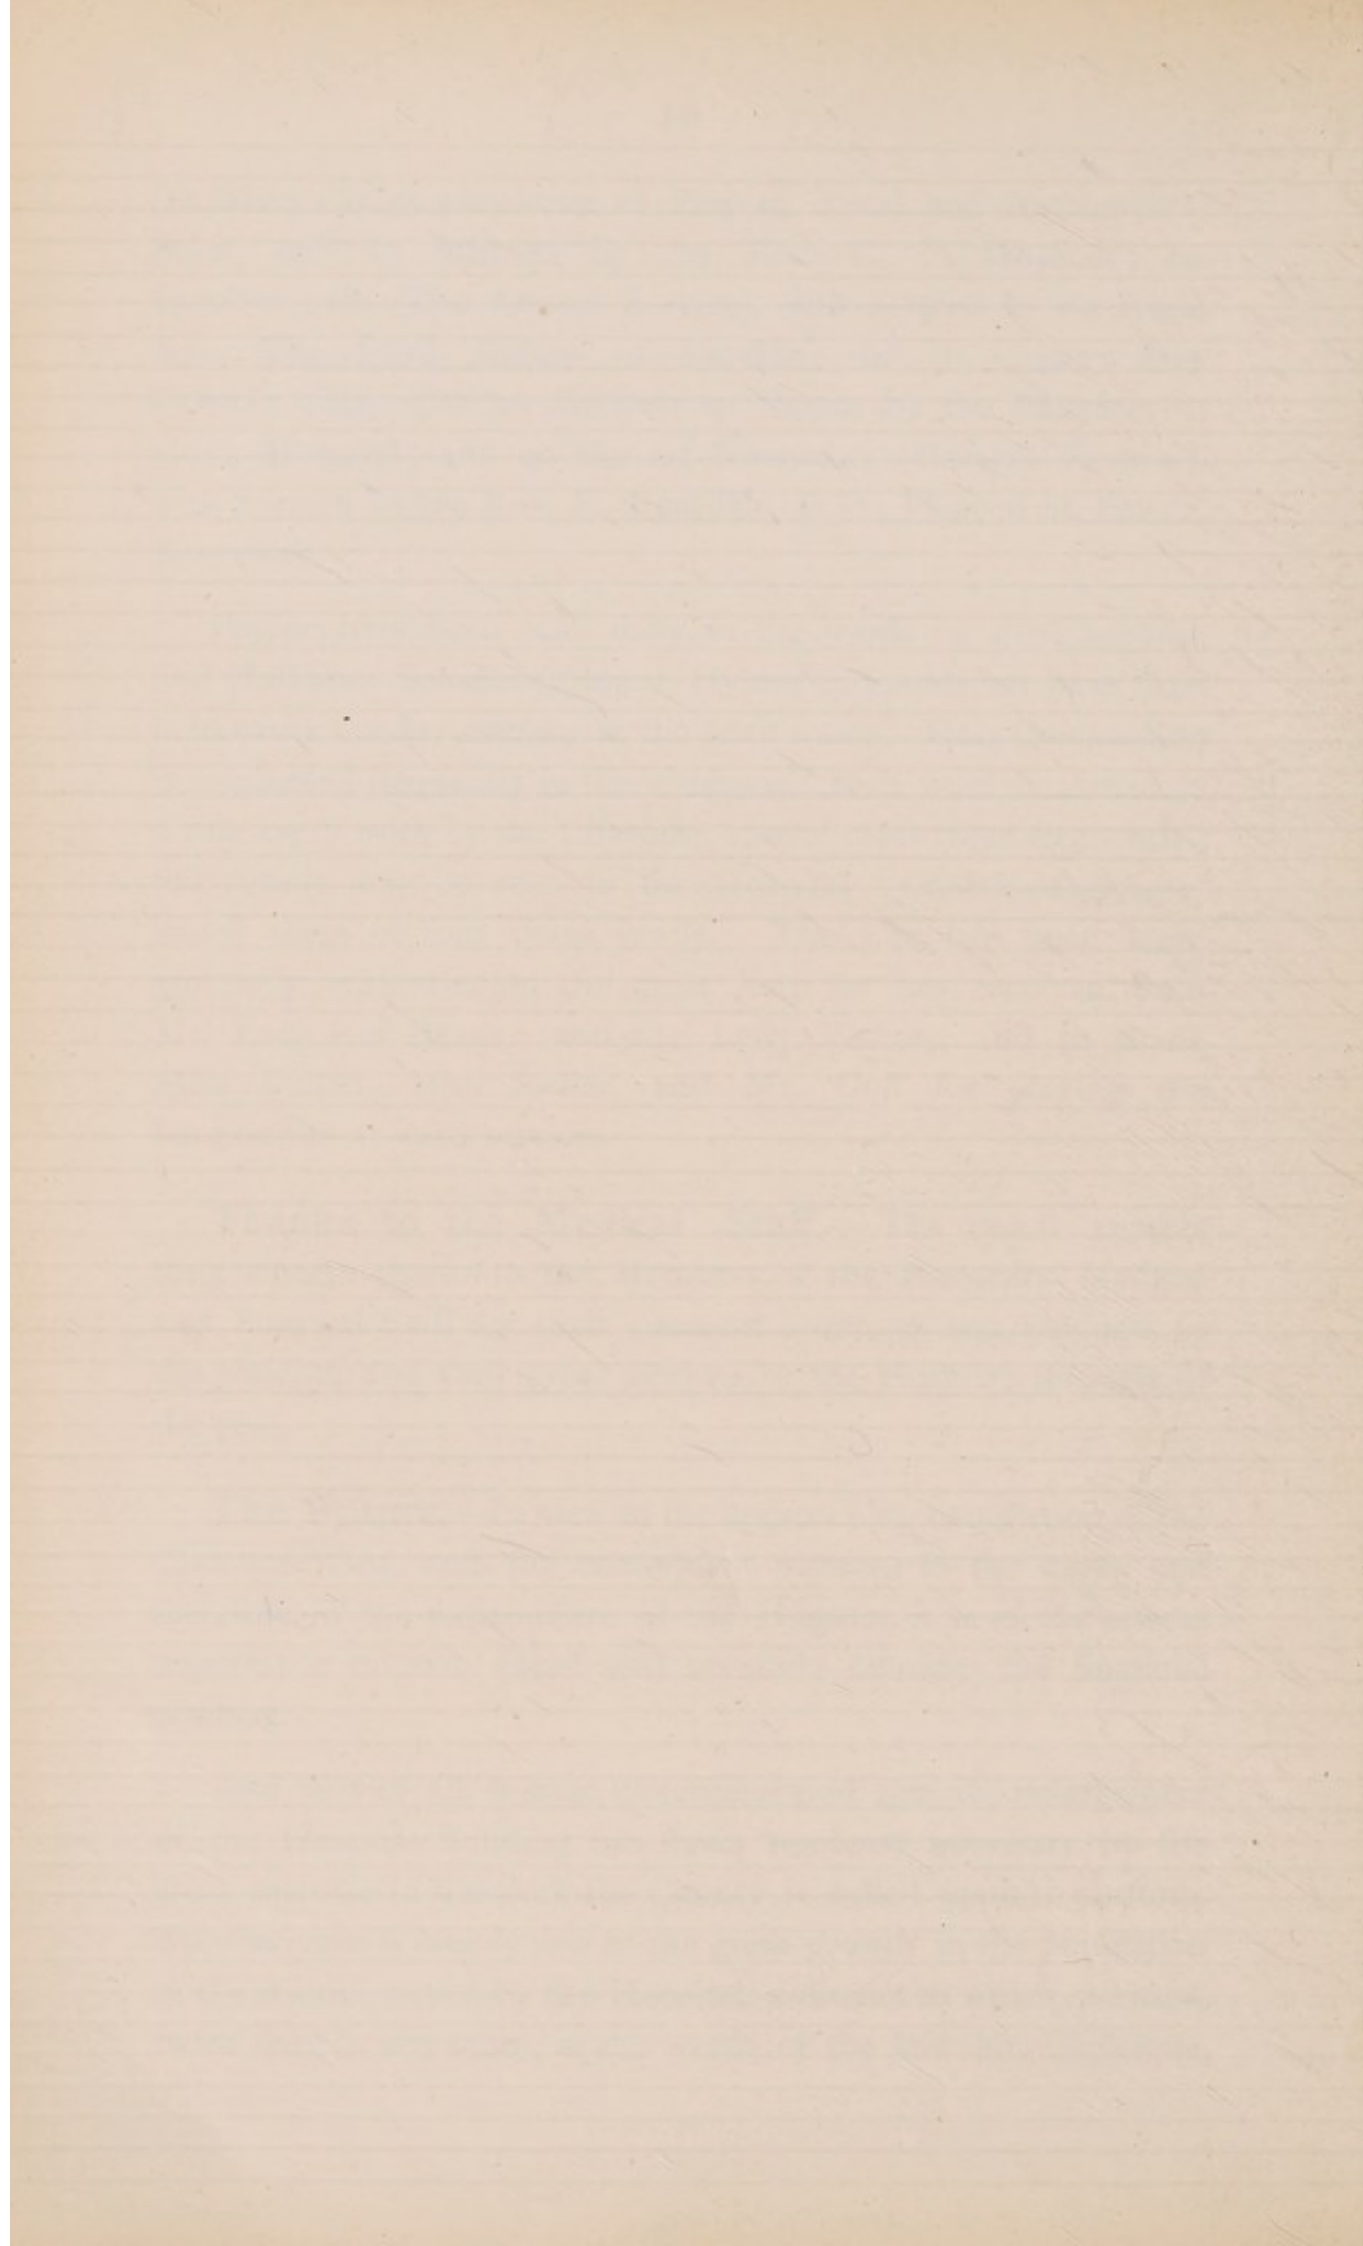

Prayers have been read daily in the wards by the Chaplain, and Half-hour Services (Prayers, Hymns and Address) have been held every Sunday evening in the adult wards. Holy Communion is celebrated frequently in the wards, and each ward is visited as a rule every week by the Chaplain, special cases more frequently; full details may be seen in the Hospital "Church Magazine," issued three or four times yearly. The Chaplain once more gratefully acknowledges the great help he has received from Mr. Fox, Lay Reader, and the Lady Visitors, and to thank Miss Bullen, Miss Sadler, and Mr. Goff for playing the harmonium at ward services.

Thanks to the Medical Staff.—The Board express their sincere thanks to the Members of the Honorary Medical and Surgical Staff for their constant attention and kindness to the patients, and their great services to the Hospital throughout the year.

The Future.—In view of the approaching completion of the Clarence Wing, and the consequent increase in the work, and therefore in the expenditure of the Hospital, it is of the utmost importance to look ahead and seriously consider the financial position.

And, first of all, it must be remembered that the enlargement of the Hospital building has been rendered necessary by the great increase in the work the Charity is called upon to perform. This increase is largely due to the great growth in the population of the district served by the Hospital, a district in which, perhaps, more than in any other, in the words of the late Mr. Gladstone,

“boundless wealth and boundless want subsist side by side,” It was found impossible to provide efficiently for the treatment of the ever-increasing numbers having recourse to the Hospital, and its enlargement and the improvement of its equipment were therefore works of necessity.

On the building of the new wing £68,000 has already been spent. To complete and furnish it and to make those urgently-needed improvements in the old Hospital which are rendered possible by the increase in the size of the building, a considerable further sum will be necessary. The amount of this has hitherto been estimated at £10,000, but during the time the works were suspended owing to want of funds, the cost of labour and materials greatly increased, and it is now clear that the sum needed will be nearer £15,000.

The installation of electric light now in progress will cost in round figures £3,000.

In addition, the necessity has now arisen for providing new boilers, as the old, which have been in use twenty years, are found to be nearly worn out. Instead, therefore, of supplementing them as was intended, a new set of boilers must be installed. In the end this will prove not only more efficient, but, by reducing the number of boilers to be stoked, more economical both of fuel and labour. It will not be practicable to place these larger boilers in the present boiler house, nor is it, in the interests of the patients, desirable, as this building is at present situated in the space between the old and new buildings, and the noise, smell, and other nuisances inseparable from a boiler house, ought not to be permitted in this “lung” of the Hospital. A new boiler house must therefore be built, and as the only possible place is under the walk at the back of the Mary Stanford Wing, expensive excavation and underground building work will be unavoidable. This alteration will provide space for the enlargement and improvement of the laundry, which, insufficient for the present needs of the Hospital, would be entirely unable to cope with the increased work cast

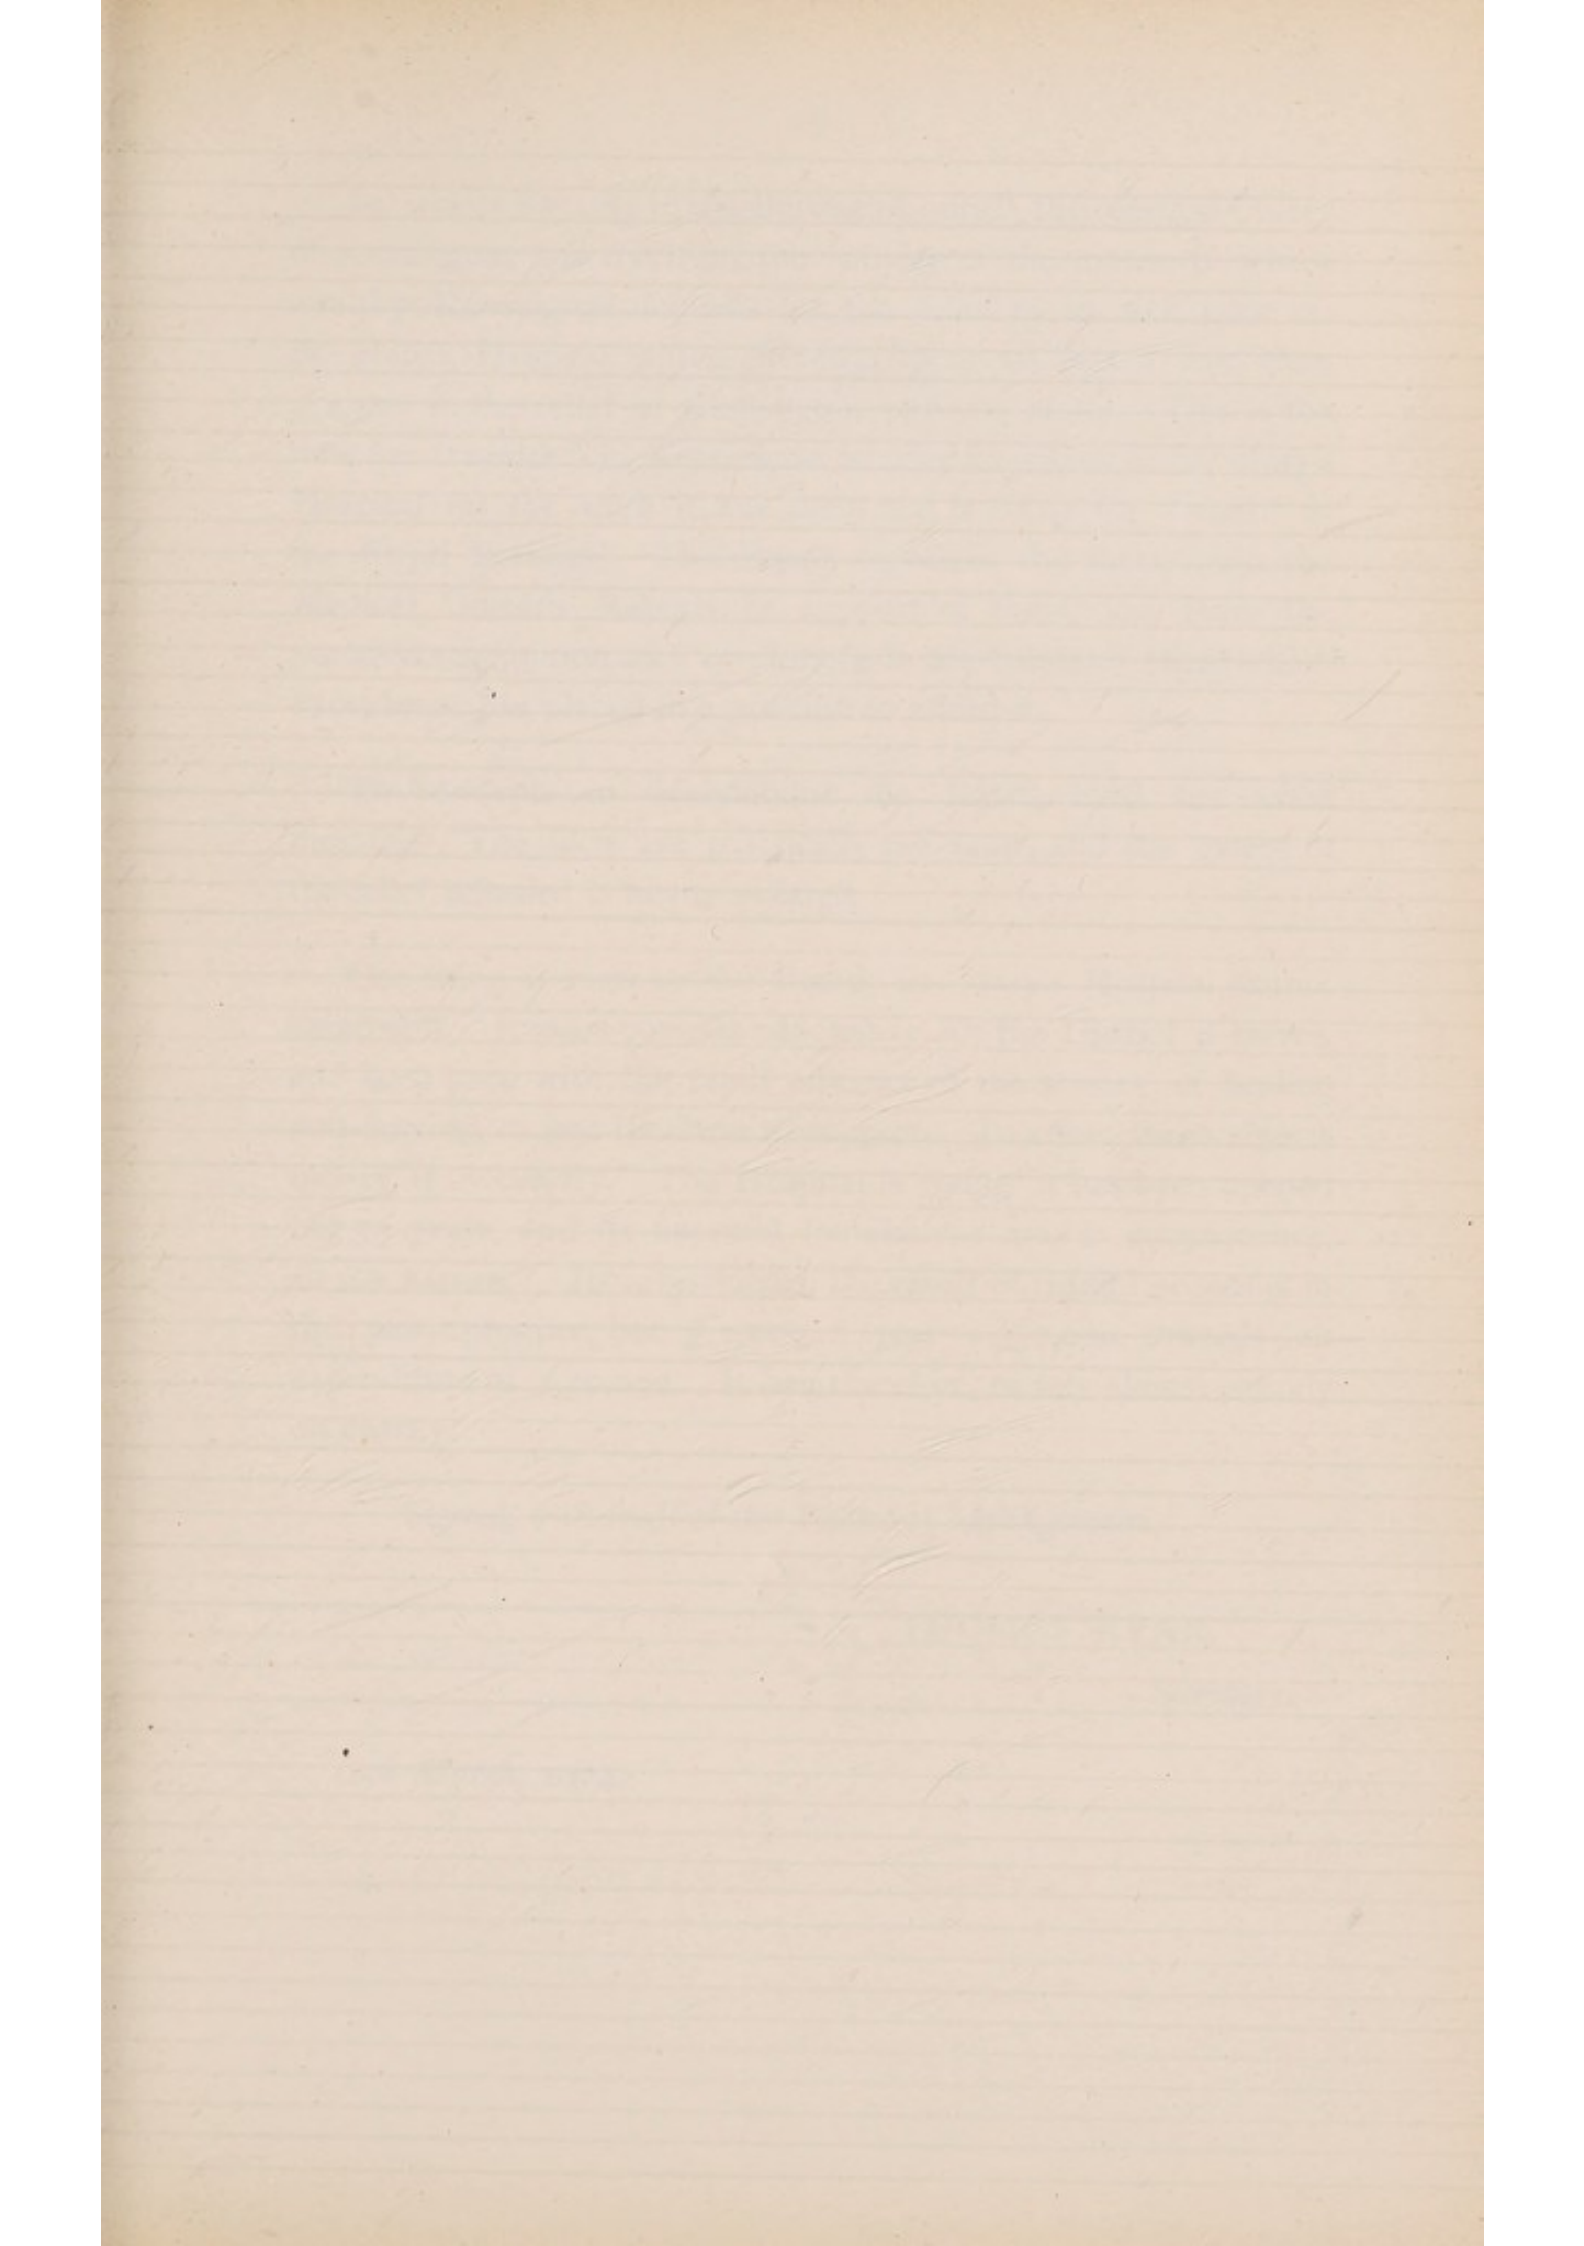

upon it. In view of the smallness of the Hospital site it is to be regretted that it is necessary to do the washing on the premises at all, but as the maintenance of a Hospital laundry at a distance, or the sending out of the washing would entail an additional annual expenditure of between £500 and £1,000, which it is beyond the financial resources of the Hospital to provide for, there is no alternative. Moreover, the Board hope that additional space and modern appliances will enable them to greatly diminish the evils arising from the carrying on of laundry work on the premises. The new boilers, boiler house, and laundry improvements, will probably cost about £7,000.

Since the enlarged Hospital cannot be worked until the whole of the foregoing improvements are completed, a total sum of £25,000 is urgently required.

But the most serious financial feature of all has yet to be mentioned. It is the necessary addition to the Annual Income. The number of beds will be increased by some 60, the average annual cost of which, at the present rate of expenditure—about £100 a bed—would represent a sum of £6,000 a year. As, however, some classes of expenditure will not be affected by the opening of the New Wing, and some will actually be reduced in amount, the additional annual charge will probably not be so much as £6,000, but it would not be prudent to put it at less than £5,000.

The task before the Board—the raising of an additional Annual Income of £5,000 and of an immediate sum of £25,000, is a formidable one, but it has to be faced, and it will be strenuously and perseveringly taken in hand.

The Board now appeal for help to the public, and especially to residents in the immediate neighbourhood, in Paddington, Kensington, and Marylebone, and particularly the two last, for which the Hospital does so much and from which it receives so little.

In recent Reports to the Borough Council, the Medical Officer of Kensington has dwelt on the subject of the extent to which wealthy Kensington depends for the relief of its sick poor on St. Mary's Hospital, which, in 1903, spent no less a sum than £4,500 in the relief of Kensington patients alone. This is the time for "wealth" in Kensington to offer its tribute to St. Mary's Hospital for the work it has done and is doing for "want" in the Royal Borough. The Board represent the facts, quote the Medical Officer's Reports in support of them, and leave the practical recognition with confidence in the hands of those whom Providence has placed in a position to afford it.

To residents in Marylebone the Board send the same message. The facts are practically the same, and the extent of the relief afforded is nearly as large.

One thing is clear to the Board, St. Mary's Hospital cannot stand still. It must provide adequately for the District it serves, and keep pace with the rapid advance of the science of healing and nursing, or lose its claim to support. To effect these objects money is necessary. The Hospital is young, it has been opened but 53 years, and its financial foundations are, in consequence, all too narrow. Its investments, the result of careful economy in the past, produce but £2,000 a year—£2,000 towards an expenditure of £30,000. It has, therefore, to rely almost entirely on charity.

Signed, on behalf of the Board of Management,

THOMAS RYAN,

Secretary.

The George Sturge Trust Fund.

In the year 1884 Mr. George Sturge, of Woodthorpe, Sydenham Hill Road, executed a Deed of Trust conveying to St. Mary's Hospital £926 *Great Eastern Railway 5 per Cent. Preference Stock, representing one thousand pounds (£1,000), under the following conditions:—

“In giving the sum of £1,000 for a Samaritan Fund for the above Hospital, Mr. Sturge gives it on the conditions that this Fund shall be kept entirely separate from the General Funds of the Hospital, and that the income shall be paid to, or applied for, such In-Patients as may be necessitous, and within three months from their discharge from the Hospital, and for the purpose of their having necessary nourishment, clothing, or change of air.”

“Mr. Sturge hopes that this Fund may be made known and that others may be induced to subscribe to it.”

* Converted, in 1902, to £972 Great Eastern Railway Consolidated 4 per cent. Preference Stock.

The Disbursements under this Trust Deed are included in the Convalescent Fund Account on pages 36 and 106 of this Report.

EXTRACTS FROM THE LAWS AND REGULATIONS.

EXTENT AND OBJECTS OF THE INSTITUTION.

1. The Hospital contains 281 beds allotted as follows :—

General Medical Cases	...	91	*Ophthalmic Cases	...	10
General Surgical „	...	46	Skin Cases, 4 ; Aural Cases,		
*Accidents „	...	65	4 ; Throat Cases, 4 ; Dental		
*Children, Medical „	...	16	Cases, 3	...	15
*Children, Surgical „	...	16	*Isolation Cases	...	10
*Obstetric „	...	12			281

Special Wards are provided for those cases marked with an asterisk.

2. All classes of disease are received, with the exception of confirmed consumption, infectious diseases other than typhoid fever, delirium tremens, itch, incurable diseases, chronic ulcerated legs, and cases capable of receiving equal benefit as Out-patients. It must, however, be borne in mind, that “no person capable of paying for medical attendance is admissible as a patient.”§

GOVERNMENT AND MANAGEMENT.

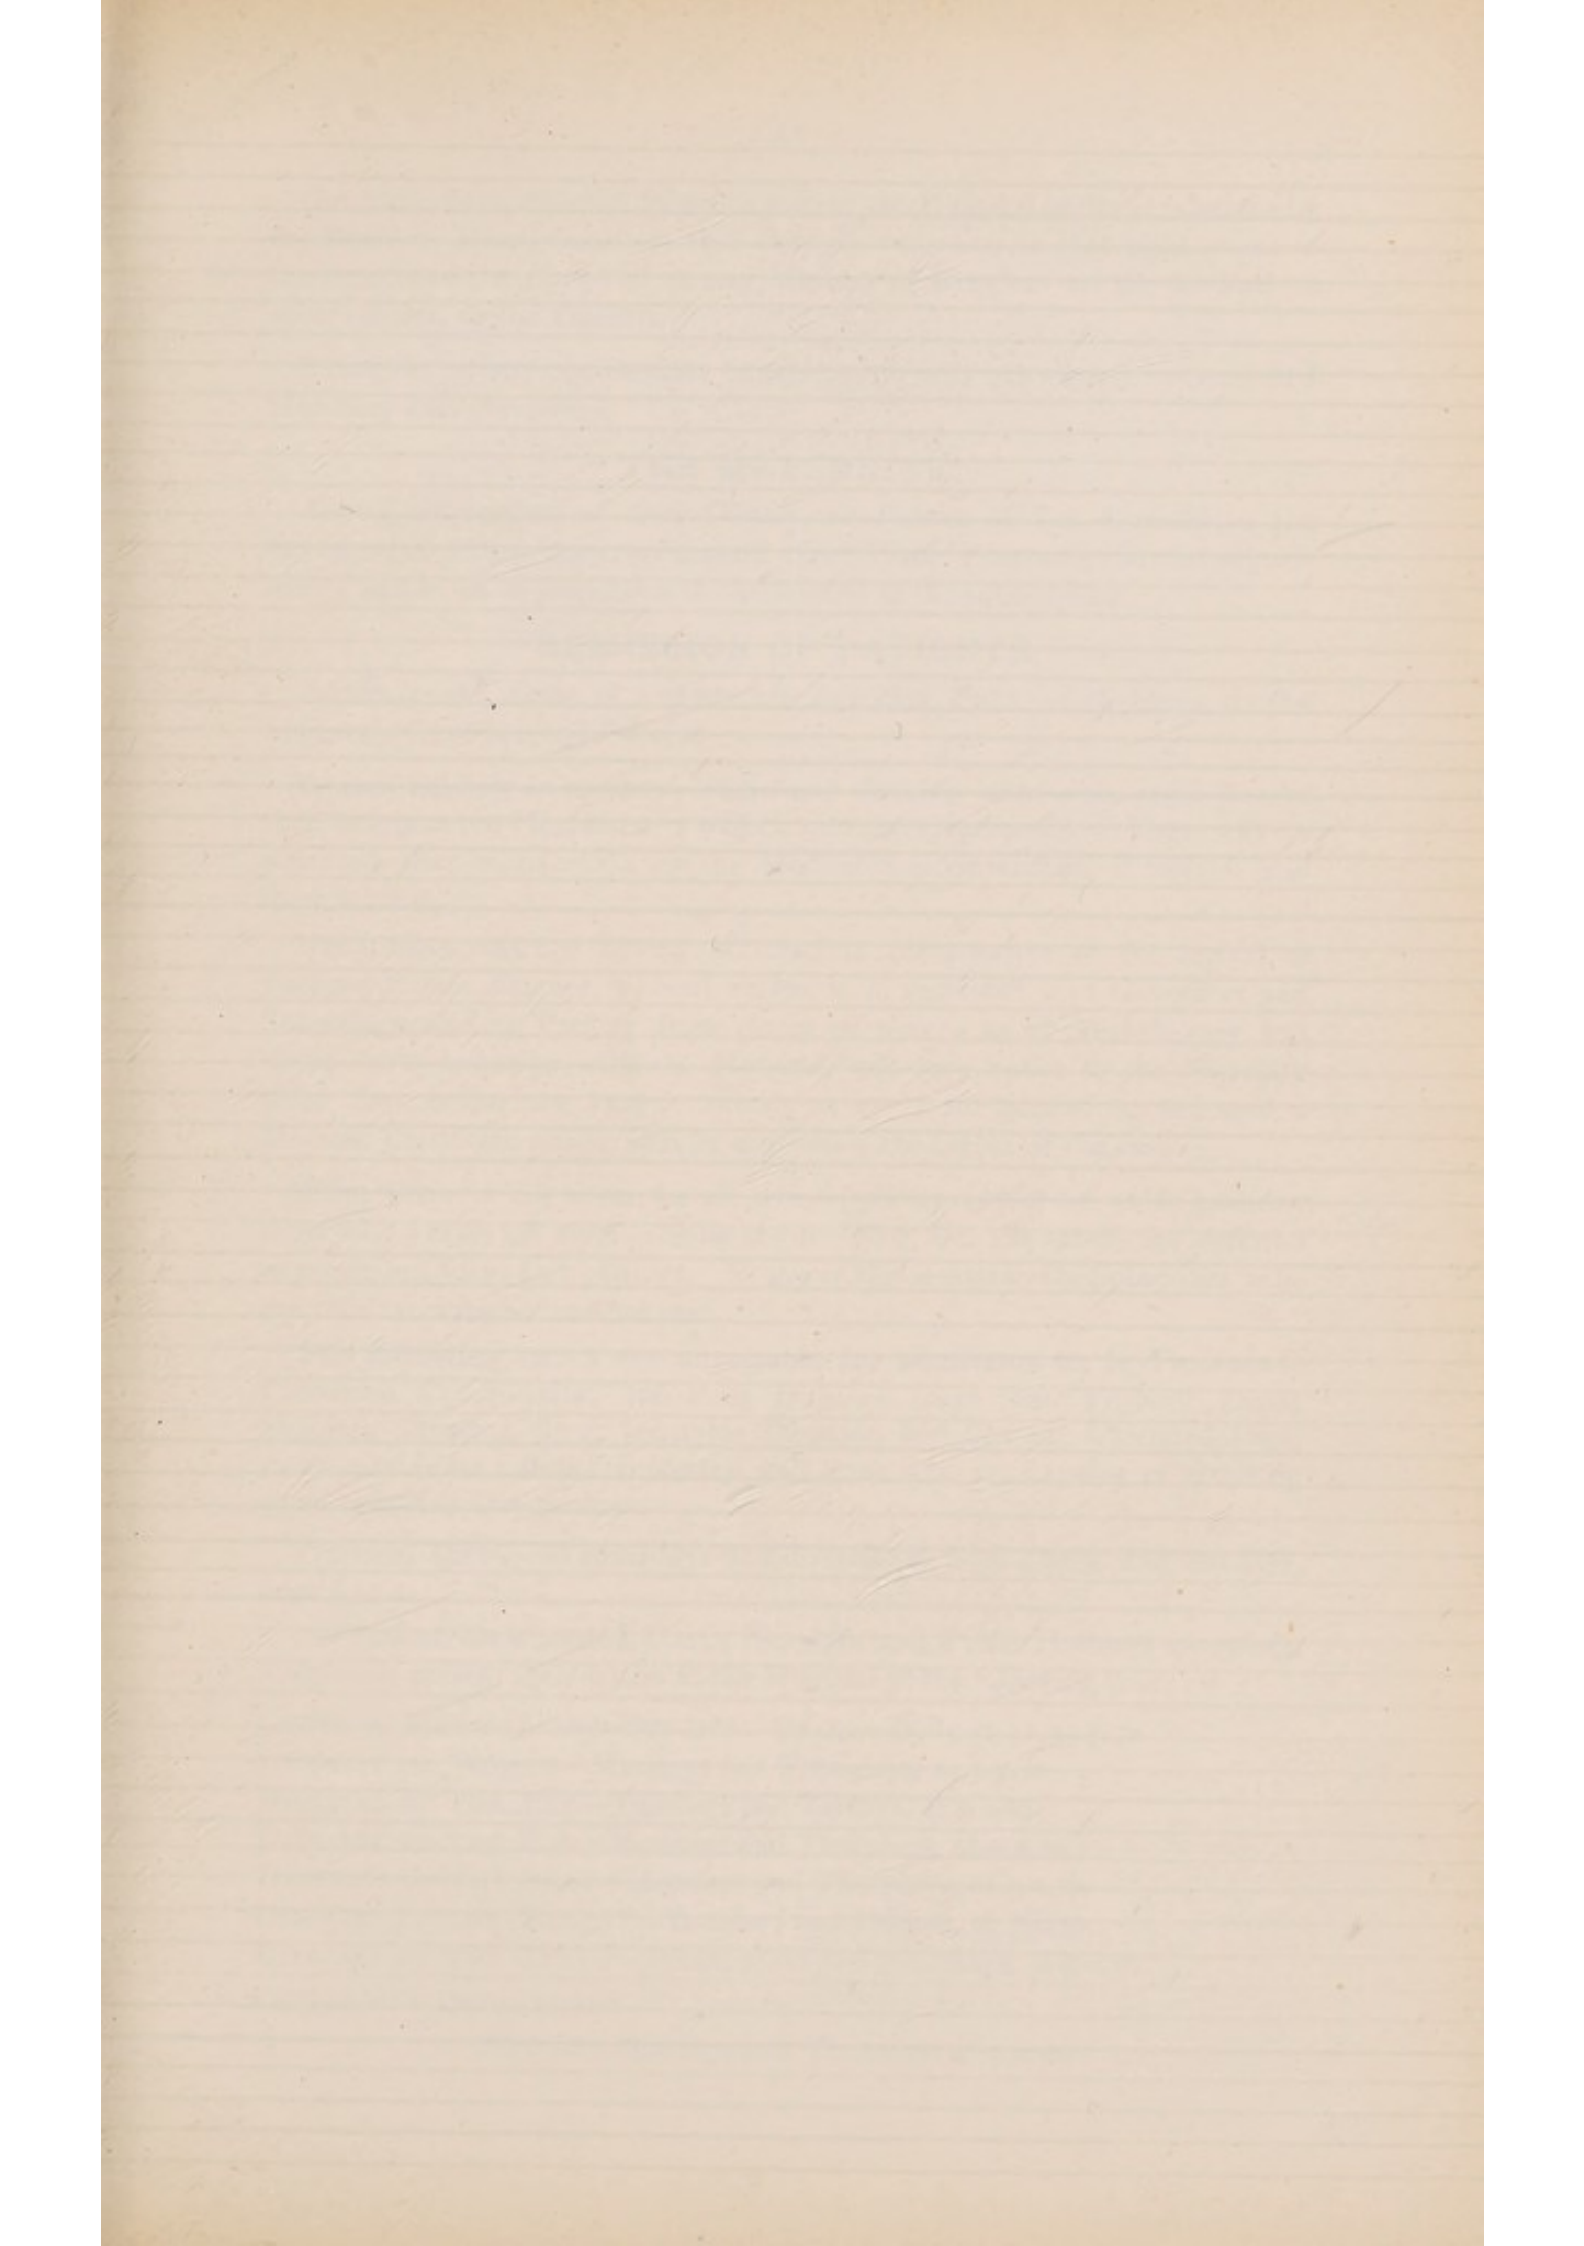

The mode of Government is by a Board of Management, meeting fortnightly, and consisting of the President, Vice-Presidents, Trustees, and Treasurers, together with twenty-five Governors elected annually, of whom eight are Members of the Medical and Surgical Staff or Lecturers in the Medical School; and by Standing Committees appointed by the Board of Management. The acts of the Board of Management and of the Standing Committees are subject to the control of the Quarterly and Special Boards, which are open to all Governors.

QUALIFICATIONS AND PRIVILEGES OF SUBSCRIBERS.

Ann. Subscribers of	Donors of	Privileges.
£1 1 0 or	£10 10 0	May recommend 6 Out-patients annually.
2 2 0 „	21 0 0	May recommend 2 In-patients and 12 Out-patients annually.
3 3 0 „	31 10 0	May recommend 3 In-patients and 18 Out-patients annually, and are eligible for Election as Governors.

Subscribers of greater or less sums are entitled to recommend Patients in proportion to the amount of their subscriptions.

§ The attention of Subscribers is earnestly called to this point, there being reason to fear that persons obtain relief whose position and means should forbid their doing so at the expense of a charity. Due caution in giving letters of recommendation would do much towards checking this abuse.

Governors have also the right to inspect the Hospital under regulations by the Board of Management, so that they do not exercise that right so as to inconvenience the Chaplain or any Minister of Religion, or the Medical or other officers, or the Patients.

Executors of any considerable benefactor by will are eligible to be elected Honorary Life Governors.

THE MATERNITY.

Annual Subscribers of One Guinea, or *Donors* of Ten Guineas to the MATERNITY FUND, may recommend three Patients annually to that department; and so on in proportion to the amount of the subscription.

ADMISSION OF PATIENTS.

Accidents and cases of *urgency* are admitted FREE at all times, on the approval of the Medical Officers.

Persons holding In-patients' letters and desiring admission, must present their letters at the Hospital at 1 o'clock (Sundays excepted). They will be admitted after examination by the Medical Superintendent, if suitable and there is room.

Much inconvenience having occurred in consequence of the arrival of Patients from a distance, without notice, it is requested that Governors and Subscribers sending Patients from places so remote as to preclude easy and cheap communication with the Hospital, will give notice to the Secretary three days before the Patient intends to apply for admission, and send a Medical Certificate stating as fully as possible the nature of the case.

When there is not room for all who apply for admission as In-patients, those whose cases are most pressing are accepted, and the others are deferred or prescribed for as Out-patients. Notice of this is sent to the Subscriber, who can then recommend another case.

The following cases are unsuitable for admission as In-Patients—Confirmed Consumption, Infectious Diseases other than Typhoid Fever, Delirium Tremens, Itch, Incurable Diseases, and Chronic Ulcerated Legs, more suitable for a Parish Infirmary, and those who are capable of receiving equal benefit as Out-patients.

VISITING DAYS.—Wednesdays and Saturdays, from 4 to 5, and Sundays, from 3 to 4.

Out-patients are attended DAILY (Sundays and Public Holidays excepted). They must present their letters at the Hospital at the following times :—

GENERAL MEDICAL AND SURGICAL CASES—Daily at 12.45 p.m.

DISEASES OF WOMEN—Mondays and Thursdays, at 1 p.m.

DISEASES OF THE EYE—Tuesdays and Fridays, at 9 a.m.

DISEASES OF THE EAR—Mondays and Thursdays, at 9 a.m.

DISEASES OF THE SKIN—Mondays and Thursdays, at 9 a.m.

REPORT

FOR THE BENEFIT OF THE PATIENTS AND FUND

STORAGE FUND

The Committee have been assisted towards sending so many patients to Convalescent Homes by kind gifts of letters by the undermentioned ladies and gentlemen :—Mr. Herbert W. Page, and Captain Webbe, who gave 10 each ; M. P. Christie, Esq., who gave 3 ; 2 from each of the following :—W. Angell, Esq., Mrs. Brooke, Mrs. Fred. Nicholson ; and 1 from each of the following : Mrs. Lawrence, Lady Macpherson, Hon. Lady Buchanan, Miss Allcroft, Mrs. Boutcher, Miss Leventhorpe, Miss Wilkinson, Mrs. Henry, Mrs. Scott, Miss Martin-Edmunds, the Sister Superior, St. Mary's Home, Broadstairs, J. W. Mirfield, Esq., Henry Rogers, Esq., Alfd. Scorer, Esq., J. W. Hunt, Esq., and Peter Reid, Esq.

Travelling expenses were paid for 304 patients to and from Convalescent Homes. Pecuniary assistance was given to 286 patients, consisting in most cases of the fares to their own homes. Surgical and optical appliances were supplied to 77 patients.

Again the Committee offer to the Contributors to the Fund and to the Donors of Letters their sincere thanks for the help which has enabled them to provide for so many poor patients, to whose lot it could not otherwise have fallen, the inestimable benefit of a stay in the country to recruit their strength.

The Committee trust that the knowledge that so much help can be given to so considerable a number at so comparatively trifling an expense will lead many governors and subscribers, who are not at present contributors to this most useful branch of the Hospital's work, to become Annual Subscribers of a small sum to the Convalescent Fund.

Signed on behalf of the Committee,

THOMAS RYAN, *Secretary*.

1st March, 1904.

PATIENTS' CLOTHING.

The clothing of many of our poor patients is of such a scanty and threadbare description as to afford them but the very slightest protection against the cold and the rain.

To discharge them in this wretched condition, with their physical powers of resistance against inclement weather at their lowest ebb, is a melancholy office. Yet the Secretary constantly has to perform it, because he has not the means of relief. Contributions of left-off wearing apparel, and *especially boots and shoes*, would enable him to do something for these poor half-clad creatures, and he therefore begs very earnestly to solicit gifts of this kind.
