Memorials.

Surely there can be no fitter memorial of a departed relative or friend than the endowment of a Bed or Cot in a Hospital.

It is difficult to think of anything more beneficent than the endowment of a Hospital bed ; or to picture a place more appropriate for a record to the Memory of a loved one than that which is dedicated and constantly devoted to the service of the sick and the alleviation of suffering.

Moreover, in the Hospital Ward, a Memorial Tablet with its inscription will be secure against disfigurement and carefully protected from the dilapidations of time.

(For particulars of Bed and Cot Endowments see pages 33-36.)

ANNUAL REPORT FOR 1930.

THE Board of Management have the honour to submit to the Governors and Subscribers their Report for the year 1930, together with the Accounts audited by Messrs. Price, Waterhouse & Co.

OFFICE OF PRESIDENT.

The Board of Management deeply regret to record the death of the late Mr. Sir John Balfour, Bart., F.R.S., F.R.C.S., who served the Hospital as President of the Hospital from 1914 to 1928. Sir John Balfour was one of the most distinguished and able Chairmen of the Committee of the Hospital, and his Chairmanship of the Committee of the Hospital was distinguished from its inception. Within a few months of his death he wrote a letter to "The Times," commending the work of the Pathological Institute, under the direction of Sir Almroth Wright, to the generous consideration of the public. St. Mary's Hospital may well be proud that its name should have been linked with that of such an illustrious statesman, and Lord Balfour's services in the cause of medical research will long be remembered with gratitude.

It is with the greatest pleasure that the Board of Management are able to report that during the year 1930, H.R.H. the Duchess of York, who has been the patron of the Hospital since 1917, has taken the keen interest taken by Her Royal Highness in the work of St. Mary's has been a most valuable encouragement to all concerned with the welfare and future of the Hospital and Medical School. Together with H.R.H. the Duke of York, Her Royal Highness attended the Ball organised by the Ladies' Association in aid of the Extension Appeal Fund, and on the 10th December made a private and informal visit to St. Mary's, where an extended tour of the Wards and Scientific

Memorials.

Scarcely there can be no finer memorial of a
deceased relative or friend than the endowment
of a Bed or Cot in a Hospital.

It is difficult to think of anything more beneficent
than the endowment of a Hospital bed: or to picture
a place more appropriate for a record to the
Memory of a loved one than that which is dedicated
and constantly devoted to the service of the sick
and the alleviation of suffering.

Moreover, in the Hospital Ward, a Memorial
Table with its inscription will be secure against
displacement and carefully protected from the
injuries of time.

ANNUAL REPORT FOR 1930.

THE Board of Management have the honour to submit to the Governors and Subscribers their Report for the year 1930, together with the Accounts audited by Messrs. Price, Waterhouse & Co.

OFFICE OF PRESIDENT.

The Board of Management deeply regret to record the death, on the 19th March, of the Rt. Hon. the Earl of Balfour, K.G., P.C., O.M., who since 1925 had held the office of President of the Hospital. Lord Balfour took a great interest in the work of the Scientific Departments, and was Chairman of the Committee of the Inoculation Department from its inception. Within a few months of his death he wrote a letter to "The Times," commending the work of the Pathological Institute, under the direction of Sir Almroth Wright, to the generous consideration of the public. St. Mary's Hospital may well be proud that its name should have been linked with that of such an illustrious statesman, and Lord Balfour's services to the cause of medical research will long be remembered with gratitude.

It is with the greatest pleasure that the Board of Management are able to report that later in the year H.R.H. the Duchess of York graciously consented to accept the office of President in succession to Lord Balfour. The keen interest taken by Her Royal Highness in the work of St. Mary's has been a most valuable encouragement to all concerned with the welfare and future of the Hospital and Medical School. Together with H.R.H. the Duke of York, Her Royal Highness attended the Ball organised by the Ladies' Association in aid of the Extension Appeal Fund, and on the 16th December paid a private and informal visit to St. Mary's, where an extended tour of the Wards and Scientific

Departments was made. On the occasion of her visit Her Royal Highness expressed her great appreciation of the work the Hospital was doing, and showed much interest in the schemes for development now in progress. Her Royal Highness hopes to pay another visit when the building work is further advanced.

EXTENSION OF THE HOSPITAL.

(1) Summary of Proposals.

In connection with the development of the "Island Site" of approximately one and three-quarter acres adjoining the Hospital, purchased in November, 1927, the Board of Management have decided to devote this valuable additional space, and that now occupied by the Inoculation Department, to meeting the following urgent needs of the Hospital and the public:—

- (a) **New Buildings for the Medical School.**
- (b) **New Premises for the Inoculation Department.**
- (c) **New Home for Nurses.**
- (d) **Increased Accommodation for Maternity Cases.**
- (e) **Pay Beds for Patients of moderate means.**

Readers of the Annual Reports for recent years will not need to be reminded of the importance of these objects the last of which will relieve a new class of patient which is suffering severely under present economic conditions. A special committee, set up by King Edward's Hospital Fund for London, has drawn attention to the serious lack of pay bed accommodation in London and the action proposed by the Board of Management has met with the cordial approval of the King's Fund.

(2) Progress of the Building.

The portion of the site required for the re-building of the Medical School and Pathological Institute was finally cleared in the early part of the year. Tenders were invited

from an approved list of builders, and the lowest tender, that of Messrs. Morden Bros in the sum of £20,000, made up as follows, was accepted:

Medical School	£122,639
Immunisation Department	59,714
Subway, Bridges and Garage, etc.	18,551
	£200,904

Bidding operations began in August, but unexpected difficulties have been encountered with regard to the foundations, and in order to ensure the safety of the building it has been necessary to sink only 300 piles, some to a depth of 10 feet. Steady progress is, however, being made under the supervision of the architect, Sir Edwin Cooper, A.R.A., F.R.I.B.A., and it is hoped that both the Medical School and the Pathological Institute will be completed within twenty months from the date of the commencement of building operations.

(b) Extension Appeal Fund.

The following statement shows the donations and promises which have been made up to and including 31st December, 1930, for the extension of the Hospital and the rebuilding of the Nurses' Home:

Donations	Promises	Total
£12,292	£11,645	£23,937

Mr. Edmund Duffell was appointed Treasurer's Secretary in April, 1930, and active steps are being taken to bring the Appeal to the notice of friends of the Hospital and the general public. Generous gifts have been received, and the Board of Management desire to record their gratitude to all who have helped. A number of donors have taken advantage of the arrangement whereby a Covenant Deed has been signed and their gift spread over a period of seven years.

- (a) New Buildings for the Medical School.
- (b) New Premises for the Vaccination Department.
- (c) New Home for Nurses.
- (d) Increased Accommodation for Maternity Cases.
- (e) Day Beds for Patients of moderate means.

Readers of the Annual Reports for recent years will not need to be reminded of the importance of these projects, the first of which will relieve a new class of patient which is rapidly increasing under present economic conditions. A special committee set up by King Edward's Hospital Fund for London has drawn attention to the serious lack of day beds for patients in London and the action proposed by the Board of Management has not until the recent approval of the King's Fund.

(2) Progress of the Building.

The portion of the site required for the rebuilding of the Medical School and Pathological Institute was formally handed to the City of London in the early part of the year. Tenders were invited

from an approved list of builders, and the lowest tender, that of Messrs. Mowlem Bros. in the sum of £225,970, made up as follows, was accepted :—

Medical School	£122,632
Inoculation Department	89,754
Subway, Bridges and Garage, &c.	13,584
					£225,970
					£225,970

Building operations began in August, but unexpected difficulties have been encountered with regard to the foundations, and in order to ensure the safety of the building it has been necessary to sink over 300 piles, some to a depth of 40 feet. (3) Extension Appeal Fund.

The following statement shows the donations and promises which have been made up to and including 31st December, 1930, for the extension of the Hospital and the rebuilding of the Nurses' Home :—

Donations.	Promises.	Total.
£12,292	£11,043	£23,335

Mr. Balfour Duffus was appointed Treasurer's Secretary in April, 1930, and active steps are being taken to bring the Appeal to the notice of friends of the Hospital and the general public. Generous gifts have been received, and the Board of Management desire to record their gratitude to all who have helped. A number of donors have taken advantage of the arrangement whereby a Covenant Deed has been signed and their gift spread over a period of seven years.

In this way it has been possible for the Hospital to recover Income Tax on their payments and for the donor to deduct the total credited amount of that subscription from the Surtax return. In certain cases the Surtax allowance has also been given to the Hospital, thus adding substantially to the total amount received by the Appeal Fund. Amongst the donations and promises gratefully acknowledged are the following :—

The list includes a sum of £200 from an anonymous donor, given on condition that forty-nine donations of £2 the amount are received on or before the 1st July, 1931. Wide publicity has been given to this generous offer and the Board of Management sincerely hope that it will meet with a ready response.

Mrs. Wharrie has once again shown her great interest in the welfare of St. Mary's, and the Board of Management are under a deep debt of gratitude to her for the magnificent gift of £6,453 which she has made to the Fund for the rebuilding of the Nurses' Home.

The House of Rothschild continues its generous support. A donation of 2000 guineas was received from Messrs N. M. Rothschild & Sons, through the good offices of Mr. Anthony de Rothschild, and a gift of £1000 was made by the Executors under the will of the late Mr. Alfred de Rothschild, who was formerly a Treasurer of the Hospital.

Congratulations and especial thanks are due to the Committee of the Ladies' Association which has been active throughout the whole of the year in raising funds for the new Nurses' Home. The Association itself has contributed £2,200 towards the cost of furniture and equipment for the new building. The proceeds of the Ball organised by the Ladies' Association and held at Grosvenor House on the 3rd December amounted to £100, whilst the total of the "Purses for Nurses" Fund so splendidly organised by Mrs. Elphick reached £1,100. The list includes a sum of £500 from an anonymous donor, given on condition that forty-nine donations of a like amount are received on or before the 1st July, 1931. Wide publicity has been given to this generous offer, and the Board of Management sincerely hope that it will meet with a ready response.

Mrs. Wharrie has once again shown her great interest in the welfare of St. Mary's, and the Board of Management are under a deep debt of gratitude to her for the munificent gift of £6,451 which she has made to the Fund for the rebuilding of the Nurses' Home.

The House of Rothschild continues its generous support. A donation of 2,000 guineas was received from Messrs. N. M. Rothschild & Sons, through the good offices of Mr. Anthony de Rothschild, and a gift of £3,000 was made by the Executors under the will of the late Mr. Alfred de Rothschild, who was formerly a Treasurer of the Hospital.

Congratulations and especial thanks are due to the Committee of the Ladies' Association which has been active throughout the whole of the year in raising funds for the new Nurses' Home. The Association itself has contributed £1,200 towards the cost of furniture and equipment for the new building. The proceeds of the Ball organised by the Ladies' Association and held at Grosvenor House on the 3rd December amounted to £900, whilst the total of the "Purses for Nurses" Fund, so splendidly organised by Mrs. Elphick, reached £1,740. H.R.H. the Duchess of York honoured the Ball with her presence, and received purses from Mrs. Elphick (£882 9s., including a cheque for £105 from an anonymous

donor), Mrs. Charles May (£197 3s. 6d., including a cheque for £100 from the Trustees of the J. Geisebrecht Trust), Miss Mary Graham (£144 7s. 6d., including a cheque for £100 from William Whiteley, Esq.), Lady Handover (£100, including a cheque for £50 from A. O. Edwards, Esq., Managing Director of Grosvenor House, Ltd.), Miss Margery Currie (£100), Mrs. Guthrie Smith (collected by the Massage and Electrical Departments—£66), Matron and Nursing Staff (£50), Mrs. Aubrey Robinson (£50), Miss Joyce Salmon (£50), Miss Sylvie Hanson-Lawson (£50), the Misses Longsdon (£50). H.R.H. the Duke of York accompanied the Duchess of York at the Ball, which was one of the events of the season and a great financial and social success. As a token of the Board's appreciation of the value of their services in connection with the organisation of the Ball, Mrs. Douglas King (Chairman of the Executive Committee), Mrs. Currie (Vice-Chairman of the Executive Committee), Mrs. Elphick (Honorary Organiser of the Purse Collection), Mrs. Wilson and Mrs. Maynard Smith (Joint Honorary Secretaries), were elected Honorary Life Governors of the Hospital. The Board of Management is also under a special debt of gratitude to the Duchess of Portland, the Chairman of the Ladies' Association, and the Countess of Kenmare, for their great interest in the Ball and for all the work they undertook to ensure its success.

A Flag Day in aid of the Extension Appeal Fund was held on Wednesday, 28th May, when a sum of £1,110 was collected. The organisation was undertaken by the office staff, with the result that the expenses were kept very low. The success of the day was due to the ever-ready help given by the students of the Medical School, the Nursing Staff, the Massage Department, employees of Bradleys, Ltd., Wm. Whiteley, Ltd., the staff of the Great Western Railway, and many other friends of the Hospital. It is of interest to record that a sum of £6,650 has been received from these efforts since their inauguration in 1924, and in spite of the increasing number of "Flag Days" held by various organisations in London, the total collected on "St. Mary's Day" shows no sign of diminution, but rather a tendency to increase.

A delightful Children's Cabaret, organised by wives of members of the Honorary Medical Staff and ladies interested in the work of the Hospital, was held at the Portico Hall on 11th January and raised the sum of over £150, and the grateful thanks of the Hospital are due to those who gave so much time and care to its organisation.

Once again, through the kindness of Walter Payne, Esq., O.B.E., and Mr. W. W. Matthews, a Matinee was held on the 9th October at the Metropolitan Theatre, when H.R.H. Princess Arthur of Connaught graciously attended. Princess Arthur received her training as a Nurse at St. Mary's, and the Board of Management greatly appreciate the generous support which Her Royal Highness gives to the Hospital. The Paddington and St. Mary's Lane Rotary Club took an active part in the organisation and sale of tickets for the Matinee which produced a sum of £200.

It will be seen from the above report that the Annual Fund has made certain progress. The need for the rebuilding of the Nurses' Home is one which cannot be too strongly emphasised. The present arrangements, whereby the Nursing Staff are accommodated in various houses in the neighbourhood of the Hospital, are both insanitary and administratively unwise. The Board of Management will be prepared to commence building of the Home as soon as the sum of £200,000 has been received, and it is the earnest hope of everyone who has the welfare of St. Mary's at heart that this sum may be received during the current year, in spite of the difficulties now being experienced in many of our inevitable needs.

Statistics relating to Patients.

The following particulars regarding the position with regard to the general work of the Hospital.

(a) In-Patient Department	1933	1932
Total number of beds available on 31st December	337	336
Average number of beds occupied	302	314
Total number of in-patients	4,986	5,404
Average length of stay of each in-patient	23 days	20.6 days

A delightful Children's Cabaret, organised by wives of members of the Honorary Medical Staff and ladies interested in the work of the Hospital, and held at the Porchester Hall on 11th January, realised the sum of over £150, and the grateful thanks of the Board are due to those who gave so much time and care to its organisation.

Once again, through the kindness of Walter Payne, Esq., O.B.E., and Mr. W. W. Matthew, a *Matinée* was held on the 9th October at the Metropolitan Theatre, when H.R.H. Princess Arthur of Connaught graciously attended. Princess Arthur received her training as a Nurse at St. Mary's, and the Board of Management greatly appreciate the generous support which Her Royal Highness gives to the Hospital. The Paddington and St. Marylebone Rotary Club took an active part in the organisation and sale of tickets for the *Matinée*, which produced a sum of £260.

It will be seen from the above record that the Appeal Fund has made certain progress. The need for the rebuilding of the Nurses' Home is one which cannot be too strongly emphasised. The present arrangements, whereby the Nursing Staff are accommodated in various houses in the neighbourhood of the Hospital, are both financially extravagant and administratively unsound. The Board of Management will be prepared to commence building part of the Home as soon as the sum of £100,000 has been received, and it is the earnest hope of everyone who has the welfare of St. Mary's at heart that this sum may be received during the current year, in spite of the difficulties any appeal for funds in these days must inevitably meet.

Statistics relating to Patients.

The following particulars summarise the position with regard to the general work of the Hospital:—

(a) In-Patients' Department.	1929.	1930.
Total number of beds available on 31st		
December	337	356
Average number of beds occupied ...	302	304
Total number of in-patients	4,995	5,404
Average length of stay of each in-patient	22 days	20·6 days

(b) Out-Patients' Department.	1929.	1930.
Total number of new out-patients ...	47,721	48,046
Total number of attendances ...	148,615	147,315

In connection with the statistics relating to the average number of beds occupied, it should be noted that, out of the total of 356 beds available on the 31st December, only 343 were available for the first nine months of the year, owing to the closure of " Mitchell Bird " Ward.

The number of in-patients treated is the largest recorded for any year since the foundation of the Hospital. Over 730 persons now receive treatment daily at the Hospital, either as in-patients or out-patients, in the various departments.

NURSING STAFF.

The nursing of the Hospital has been maintained at the usual standard of efficiency, and the health of the Staff has been good. During the year 70 applicants have been interviewed, of whom 44 were selected for entry into the Preliminary Training School, the limited accommodation available rendering further acceptances impossible. The opening of " Mitchell Bird " Ward, and the transfer of the Domestic Staff formerly lodged there, has made it necessary to secure further sleeping accommodation for the Nursing Staff outside the Hospital. Sixty Nurses are now in residence in private houses and hostels in the neighbourhood.

The resignation of Miss Milner, who had been Sister in charge of " Allcroft " Ward for over 30 years, was accepted with deep regret. A pension was awarded to her by the Board of Management in recognition of her long and faithful service. On her retirement Miss Milner received a cheque, representing a present from Members of the Board and Staff of the Hospital, and a gift was also made to her by past and present nurses.

No difficulty has been experienced in securing suitable employment for nurses who have completed their training and qualified. Many are now working overseas, in India,

the Malay States, South Africa, the West Indies, and the United States of America, others have secured appointments in the Army or Naval Medical Services, or senior posts in other Institutions.

The Nurses' League has shown increasing activity during the year. A play of 2500 tickets by the Nursing Staff was presented at the Grand Theatre of York on the occasion of the Ball on 15th July 1914. The Sports Section has participated in the various Hospital Competitions, and many of the members of the League have been successful competitors. A very successful garden party was given on 15th July 1914 in May, which proved a very successful and happy occasion. The Staff are happy to report that the year has passed and they are encouraged to face the future with confidence.

FINANCE. Income.

The financial result of the year's working is disappointing, expenditure having exceeded income by £1,000. This result is a clear indication of how dependent the Hospital is on the Government. During 1914, £100,000 was allocated to the Hospital, which was less than the total received from this source was £100,000, a decrease of approximately 20% upon what would be accounts for the deficit on the current income and expenditure account.

It is the earnest hope of the Board of Management that additional Annual Subscribers may be obtained. Attention is again drawn to a method of subscription by which Annual Subscribers can now subscribe for periods of one, two, three, four, five, six, seven, eight, nine, or ten years, and in each case the Hospital is able to claim a refund of the Income Tax paid on the subscriptions, and in addition, donors may make a deduction in their Surplus returns. Full particulars will gladly be given on application to the Secretary of the Hospital.

The Nurses' League has shown increasing activity during the year. A purse of £50 collected by the Nursing Staff was presented to H.R.H. the Duchess of York on the occasion of the Ball on the 3rd December. The Sports Section has participated in the final Inter-Hospital Competitions, in spite of the difficulties of obtaining suitable recreation accommodation near the Hospital. A very successful re-union was held in the Out-Patient Department in May, which proves that past members of the Nursing Staff are happy to respond to the call for co-operation and continued interest from their old Training School.

FINANCE.

Income.

The financial result of the year's working is disappointing, expenditure having exceeded income by £1,490. This result is a clear indication of how dependent the Hospital is on Legacies. During 1929 Legacies amounted to £16,612, whilst this year, the total received from this source was £10,630, a decrease of approximately £6,000 which more than accounts for the deficit on the current Income and Expenditure Account.

It is the earnest hope of the Board of Management that additional Annual Subscribers may be obtained. Attention is again drawn to a method of subscriptions by which Annual Subscribers can sign a Deed of Covenant to subscribe for seven years or life, whichever shall be the shorter period. In such cases, the Hospital is able to claim a refund of the Income Tax paid on the subscriptions, and, in addition, donors may make a deduction in their Surtax returns. Full information will gladly be given on application to the Secretary of the Hospital.

Possibly the most satisfactory feature of the year is the steady increase which is still taking place in the amount received from Annual Subscribers ; in 1920 the total was £3,943 ; in 1929, £4,733 ; and in this year, £5,022, representing an increase of £289 over the previous year. Donations amounted to £8,363, as compared with £8,269 in 1929. Included in this total is the amount allocated to the Hospital from the Sunday opening of Cinemas in the Metropolitan Area, from which source the Hospital was receiving a considerable sum each week.

Warm acknowledgment is made of the munificent gift of £500 a year which the Prudential Assurance Company have given for the endowment of a Maternity Ward in the Hospital. This striking gift from one of the most important of the great Life Assurance Companies will be a great encouragement to all who are giving attention to the question of the care of women in childbirth. It is especially encouraging to St. Mary's Hospital, which is planning a great extension of its Maternity Services. The re-construction scheme includes 30 additional beds which will provide Hospital accommodation for nearly 1,000 difficult cases each year. The high rate of maternal mortality which is giving so much concern to Health Authorities in this country has been the subject of special research at St. Mary's Hospital, and it is hoped that with the wider experience possible when the increased accommodation is available, still more may be done to deal with this evil.

The Hospital has been fortunate in securing the generous interest of employers and employees whose business premises are situated in the neighbourhood. It is felt that this appreciation is one of the most striking tributes to the efficiency of the work of the Institution. A number of beds have already been endowed by such business houses, and it is gratifying to record that during the year the Staff of Messrs. William Whiteley, Ltd., have undertaken the endowment of an additional bed in the Hospital.

The gift of £100 from Miss B. C. Lowndes for the endowment of a bed in loving memory of her father, Major General Thomas Lowndes, M.S.C. is gratefully accepted. The sum of £170 received by bequest from the Executors under the Will of the late Mrs. B. E. Fisher has been utilized in connection with the second Operating Theatre, so that the new Theatre suite is ~~now~~ in full use, apart from the X-ray room, the apparatus for which is estimated to cost £1,500.

A most successful Boxing Tournament held at the Parkington Baths on the 1st April, and organized by Mr. Austin, aided by a Committee of Sportsmen, amounted over £385. The Board of Management are deeply indebted to Mr. Austin and his colleagues for their help, and hope that the success of their efforts will induce them to make the Tournament an annual event.

The Trustees of the Bernhard Baron Charitable Trust have again generously allocated to the Hospital a sum of £200, which is gratefully acknowledged. The late Mr. Bernhard Baron was ever a generous friend to the Hospital, and his name will always be held in affectionate memory as a very real and true friend of the Voluntary Hospitals.

In addition to the gifts already recorded, special acknowledgment is made of the most generous help received from the following:-

The Hospital Saving Association now provides a very valuable nucleus of support. Its growth has been rapid, and it appears to meet a real need of those workers who desire, whilst in health, to make what provision they can for the time when Hospital treatment may be needed. In 1929 £3,865 was received from the Hospital Saving Association, this in 1930 had amounted to £5,329. There is great cause for satisfaction in the continued success of this admirable organisation.

The St. Mary's Hospital Rubbish Collection Fund has carried on its activities throughout the year, and a sum of over £2,550 has been received since the inauguration of the Fund in 1927. It is felt that the Rubbish Collection Fund is securing a substantial income for the Hospital. The Fund has made a special appeal to the public in that it has been possible to put to good use a great number of things which in ordinary households would otherwise have been thrown into the dustbin.

The following table shows the assistance received by the Hospital from the Central Funds :—

King Edward's Hospital Fund for London—

	£	£
Ordinary Grant	6,365	
Grant to Reduction of Debt	500	
Grant for the Extension of the New Nurses' Home	1,000	
	—	7,865
Hospital Sunday Fund		1,630
Hospital Saturday Fund		1,747
" Alexandra Day " Committee		450

Among the notable benefactions of the year was the sum of £5,250 received as a bequest under the will of the late Dr. William Robert Adams. The financial position would have been indeed serious without this generous bequest.

Grateful mention must be made of the gift of Mr. Marsden, who for a great number of years, has given most of the bacon and ham consumed in the hospital.

Help has also been offered by the Women's League, which placed at the disposal of the hospital a number of unemployed workmen, this being a valuable form of aid in an urgent kind to be done which otherwise could not have been carried out for lack of hands. The hospital provides the material, while the Women's League undertake financial responsibility for the payment of wages.

A serious loss of income from rents is resulting as the building operations progress in connection with the Extension Scheme. In 1938 rents from the property on the "Island Site" realised £2,400, but the demolition of houses necessary for the rebuilding of the Medical School and Pathological Institute has resulted in this year being reduced to £2,192 for the year 1939, i.e. a diminution in annual income of £208.

The amount received from patients' contributions is now a substantial portion of the Hospital's income. Every care is taken to ensure that no financial hardship is imposed on any patient by reason of his stay in Hospital. The following summary of contributions during the year 1939 may be of interest.

- 28.01% of patients admitted were unable to make a contribution.
- 14.71% were members of various Contributors' Schemes.
- 16.12% gave £1 or less per week.
- 5.05% gave £1 per week.
- 7.70% gave £2 or more per week.
- 6.55% contributed between 10s and 15s per week.
- 6.25% contributed between 15s and 20s per week.
- 3.11% contributed between 20s and 30s per week.

The Hospital Working Committee and provide a very valuable service of protection for patients who are unable and it appears to have a very good record of their welfare and care, whilst in hospital, by making what provision they can for the time when Hospital treatment may be needed. In 1929 £2,000 was received from the Hospital Saving Association, this in 1930 had increased to £2,329. There is great cause for satisfaction at the continued success of this admirable organisation.

The St. Mary's Hospital War Relief Committee Fund has carried on its activities throughout the war, and a sum of over £2,000 has been received since the inauguration of the Fund in 1917. It is felt that the War Relief Committee has done a very good service for the Hospital. The Fund has made a special appeal to the public in that it has been found to be able to assist a great number of cases which in ordinary households would otherwise have been thrown into the streets.

Among the notable benefactions of the year was the sum of £6,250 received on account under the will of the late Dr. William Robert Ashurst. The financial position would have been indeed serious without this generous bequest.

Grateful mention must be made of the gift of Mr. Marsden, who for a great number of years has given most of the bacon and ham consumed in the Institution.

Help has also been afforded by the Winter Distress League, which placed at the disposal of the Hospital a number of unemployed workmen, thus making it possible for work of an urgent kind to be done which otherwise could not have been carried out for lack of funds. The Hospital provides the material, whilst the Winter Distress League undertakes financial responsibility for the payment of wages.

A serious loss of income from rents is resulting as the building operations progress in connection with the Extension Scheme. In 1929 rents from the property on the "Island Site" realised £3,866, but the demolition of houses necessary for the rebuilding of the Medical School and Pathological Institute has resulted in this sum being reduced to £2,493 for the year 1930, *i.e.*, a diminution in annual income of £1,373.

The amount received from patients' contributions is now a substantial portion of the Hospital's income. Every care is taken to ensure that no financial hardship is imposed on any patient by reason of his stay in Hospital. The following summary of contributions during the year 1930 may be of interest :—

28·04% of patients admitted were unable to make a contribution.

16·49% were members of various Contributory Schemes.

16·12% contributed £1 ls. per week or over.

8·66% contributed between 10s. and 15s. per week.

7·70% contributed between 5s. and 7s. 6d. per week.

6·95% contributed 4s. per week or less.

6·62% contributed between 15s. and £1 ls. per week.

6·25% for whom Public Authorities made a contribution.

3·17% contributed between 7s. 6d. and 10s. per week.

Admission to the Hospital is entirely free to persons who are found to be too poor to make any contribution. But each person who is in a position to do so is required to pay according to his means—not for medical treatment, which is free—but towards the cost of food and other necessaries such as coal, light, washing, bedding, linen, &c.

Expenditure.

The following is a comparative statement of the expenditure for the past two years:—

	1930.	1929.
	£	£
Provisions	9,473	9,723
Surgery and Dispensary	11,443	11,092
Domestic	11,250	10,775
Salaries and Wages	28,528	28,284
Administration and Miscellaneous	4,552	4,519
Establishment and Finance	6,812	6,941
	£72,058	£71,334
	£72,058	£71,334

The cost per in-patient per week was £3 10s. 9d., and the cost per out-patient per attendance was 2s. 2d. in 1930, as compared with £3 10s. 6d. and 2s. 1·5d. respectively in 1929. Constant and unremitting vigilance has been exercised throughout the year by the House and Finance Committee to ensure that expenditure may be reduced as far as compatible with efficiency. It is satisfactory to record that the position of St. Mary's in the matter of economy, as shown by the statistical returns of King Edward's Hospital Fund for London, continues to be very satisfactory. The last published returns of the Fund show the average cost per occupied bed in the Teaching Hospitals of London to be £204·1, and that of St. Mary's to be £164·8.

Arrangements were made for the conversion of one of the patients' waiting-rooms into a Ward for five cots for the reception of L.C.C. school-children requiring operations for the removal of tonsils and adenoids. These operations had

previously been carried out in the Out-Patient Department, and the children allowed to proceed home the same day. Under the new arrangement it is possible for a child to remain in Hospital for at least two nights, and in such cases are treated weekly.

Prolonged and careful treatment was given to the position arising out of the "Machell Bird" Ward; formerly used as an infirmary for the children going to the opening of the new Extension, but which had become the general Nursing and Treatment Ward. No facilities were, therefore, available in the Hospital for an treatment or isolation of infectious or epidemic cases, and the frequent outbreak of epidemics, especially in the "Machell Bird" Ward, rendered isolation arrangements necessary. As a consequence, the Board of Management decided to provide "Machell Bird" Ward, and also to provide the necessary arrangements for the "Machell Bird" Ward, and to provide the necessary arrangements for the "Machell Bird" Ward. The "Machell Bird" Ward was not opened until September, and the increase of £1,500 in the annual expenditure will not be fully felt until next year's accounts are presented. No other course appeared open to the Board of Management, and the present position makes the re-building of the new Nurses' Home, to which reference has already been made in this Report, an outstanding need of the Institution, and one of great urgency and pressing importance.

ANNUAL REPORT

The number of full-time students in the Institution Year 1922-23 was 110, and in the following year, 1923-24, 114, and in the year 1924-25, 118. It is interesting to find a steady increase in the number of students by year, and the large number of part-time students, 151, makes it probable that the figure for the Academic Year 1925-26 will again show an increase.

During the year 1924-25 the number of full-time students working in the Medical School and Hospital was 24, while an further 100 were attached for part-courses during the same period.

The following table shows the expenditure of the Hospital for the year ending 31st December 1937, and for the corresponding year ending 31st December 1936. The figures are in pounds and shillings.

	1937.	1936.
Provisional	9,478	9,723

previously been carried out in the Out-Patient Department, and the children allowed to proceed home the same day. Under the new arrangement it is possible for each child to remain in Hospital for at least two nights, and ten such cases are treated weekly.

Prolonged and careful consideration was given to the position arising out of the closure of " Mitchell Bird " Ward, formerly used as an Isolation Ward, but which, owing to the opening of the new Extension, had been utilised to house the increased Nursing and Domestic Staff required. No facilities were, therefore, available in the Hospital for the treatment or isolation of infectious or doubtful cases, and the frequent outbreak of epidemics, especially in the Children's Wards, rendered isolation accommodation imperative. As a consequence, the Board of Management decided to re-open " Mitchell Bird " Ward, and were forced to secure the necessary accommodation for the Nursing Staff in private hostels and houses in the neighbourhood. " Mitchell Bird " Ward was not opened until September, and the increase of £1,500 in the annual expenditure will not be fully felt until next year's accounts are presented. No other course appeared open to the Board of Management, and the present position makes the re-building of the new Nurses' Home, to which reference has already been made in this Report, an outstanding need of the Institution, and one of most urgent and pressing necessity.

MEDICAL SCHOOL.

The entry of full-course students during the Academic Year 1929-30 was 52, as compared with 49 in the previous year, and 44 in the Academic Year 1927-28. It is encouraging to find a steady increase in these numbers year by year, and the large entry of new students in October last (41), makes it probable that the figure for the Academic Year 1930-31 will again show an increase.

During the year 1929-30 the number of full-course students working in the Medical School and Hospital was 235, while 80 others attended for part-courses during the same period.

In athletics, the Rugby Football Club has again been able to play four teams throughout the season.

A very successful Athletic Sports Meeting was held jointly with Middlesex Medical School in the Summer.

The work of clearing the site of the new Medical School was begun in the Summer, and building operations are now in progress.

INOCULATION DEPARTMENT.

The Out-Patients' Section of this Department continues to grow, and the attendances during 1930 were 9,880, as compared with 9,631 in 1929. When the Department was first instituted in 1906, chronic tuberculosis, furunculosis and acne represented by far the largest proportion of the diseases treated, but vaccine therapy has extended far beyond these limits, and now embraces practically all bacterial disease. The clinics are attended largely by patients suffering from rheumatism, arthritis, recurrent colds, bronchitis, asthma, and intestinal toxæmia.

The accommodation for these Out-Patients remains inadequate, and is attended with much inconvenience and waste of time. The plans for the new building for the Institute of Pathology and Research, however, provide for a commodious Out-Patient Department which will greatly add to the patients' comfort, and will enable investigations to be carried out which are at present impossible. The total estimated cost of the building scheme and equipment of the Department is £95,000. Of this amount £40,000 has been contributed by the Earl of Iveagh; the Department has, owing to a very careful husbanding of its resources, been able to provide £20,000, and an additional sum of about £11,000 has been collected. Grateful acknowledgment is made of the further donation of £1,000 which has been given by Mr. Chester Beatty, and also of the gifts of £2,210 from Mrs. Gilbert Russell and £1,354 from Mr. Gilbert Russell, the two donations to be spread over a period of seven years.

Building operations have commenced, and before they have proceeded far, it is hoped that those who make what an important part research plays in medicine will have contributed to the present appeal for funds, in order that new laboratories may be opened and equipped without any burden of debt.

Active research work on bacteriological and immunological problems have been carried out throughout the year. New methods are being developed for the testing of vaccines and chemicals in the treatment of bacterial disease, and studies are being made in the natural methods of defence against bacteria, and the way in which these can be modified to the advantage of the patient. As a result of the work done in the Inoculation Department, the treatment of infective disease has been considerably modified and improved, and it is likely that further advances will be made in the future.

CHANGES IN THE HONORARY MEDICAL AND SURGICAL STAFF.

The retirement of Sir John Broadbent, Bart., M.A., M.D., F.R.C.P., under the age limit, brings to a close the services on the active Medical Staff of one who rendered long and devoted service to the Hospital and Medical School. Sir John Broadbent was Dean of the Medical School during the difficult years of the War, and no one could have had the School's interests more at heart. He served on the Board of Management for a great number of years, and was also a member of the House and Finance Committee, where his advice and sound counsel were greatly valued. Upon his retirement, the Board of Management passed a resolution recording their deep appreciation of all his services to St. Mary's, and he was unanimously appointed to the office of Consulting Physician. Dr. Reginald Miles, the Senior Out-Patient Physician, was elected to fill the vacancy on the In-Patient Staff, and Dr. Thomas C. Frost was appointed Physician in charge of Out-Patients.

In athletics the Rugby Football Club has again been able to play four teams throughout the season.

A very successful ATHLETIC Sports Meeting was held jointly with Middlesex Medical School in the grounds.

The work of clearing the site of the new Hospital building was done in the Summer and building commenced in the autumn.

ISOLATION DEPARTMENT.

The Isolation Section of this Department continues to give good service. In 1930 there were 9,850, as compared with 6,000 in 1929. When the Department was first instituted in 1916 there were only 1,000 cases reported and the best results were obtained by the use of isolation tents and the use of isolation wards. The isolation tents were used for the purpose of isolating patients with infectious diseases and the isolation wards were used for the purpose of isolating patients with infectious diseases. The isolation tents were used for the purpose of isolating patients with infectious diseases and the isolation wards were used for the purpose of isolating patients with infectious diseases.

Dr. Reginald Miller, the Senior Out-Patient Physician, was elected to fill the vacancy on the In-Patient Staff, and Dr. Thomas C. Hunt was appointed Physician in charge of Out-Patients.

The Board of Management desire to take this opportunity to congratulate Sir Ernest Graham-Little, Physician for Diseases of the Skin, on the Knighthood conferred upon him in the New Year's Honours List. Sir Ernest Graham-Little has proved himself one of the ablest defenders of the voluntary system, both on the platform and in the Press, and his colleagues, lay and medical, are delighted that some public recognition has now been made of his valuable and devoted work.

THE BOARD OF MANAGEMENT.

The Annual Election of the Board of Management took place, as usual, at the Quarterly Board of Governors in June. The following Ordinary Members, retiring by rotation, being eligible, were re-elected :—

Mrs. Karslake.

Mr. F. C. Lindo.

Lord Eustace Percy, M.P.

Colonel Sir Stuart Sankey, K.B.E., C.V.O.

General Sir Hubert de la Poer Gough, G.C.M.G., K.C.B., K.C.V.O., Mr. J. Gibson Jarvie, Mr. Henry R. Miller, and Major F. R. Williams-Wynn, C.B., who had been appointed to fill casual vacancies during the year, having also to retire as required by the Laws of the Hospital, and being eligible, were re-elected.

The following members of the Honorary Medical Staff were elected as Medical Members :—

Mr. A. W. Bourne.

Mr. D. C. L. Fitzwilliams, C.M.G.

Dr. J. Freeman.

Mr. C. I. Graham.

Mr. R. M. Handfield-Jones, M.C.

Professor F. Langmead.

Sir William H. Willcox, K.C.I.E., C.B., C.M.G.

Dr. C. M. Wilson, M.C.

At the first meeting of the Board, after the Annual Election, Colonel H. D. Varty, D.S.O., was appointed Chairman and Mr. G. H. Hadden, C.P.M., Deputy Chairman. At the first meeting of the Health and Finance Committee, Mr. K. M. Greenwood, C.P.M., was appointed Chairman of the Committee. The resignation of Mr. J. J. O'Connell, owing to his residence in Ireland and his inability to attend the meetings of the Board, was accepted with regret.

ALYMER'S REPORT.

The year 1930 has been a year of considerable activity in the history of the Corporation. The year has been marked by the fact that the Corporation has been transferred to the Municipal Council. The result has been a great relief to the Corporation and a great increase in the number of members of the Board, and also a great increase in the number of members of the Health and Finance Committee. The year has also been marked by the fact that the Corporation has been able to secure a large amount of additional land for the purpose of the Water Works. At the first meeting of the House and Finance Committee, Mr. R. M. Greenwood, C.B.E., was appointed Chairman of the Committee. The resignation of the Earl of Ossory, owing to his residence in Ireland and subsequent inability to attend the meetings of the Board of Management, was accepted with regret.

ALMONER'S DEPARTMENT.

The year 1930 has been memorable in that the duties formerly undertaken by the Poor Law Guardians have now been transferred to the Municipal Authorities. This change has had a direct effect on the Almoner's work. The immediate result has shown itself in connection with the Special Institutions previously administered by the Metropolitan Asylums Board, and now taken over by the London County Council. Children suffering from rheumatic hearts and chorea have been admitted quite frequently to L.C.C. Convalescent Homes within a week of application being made. On the other hand, much delay, probably due to the greatly increased number of applications, has been experienced in procuring vacancies at the White Oaks, Swanley, for children suffering from serious ophthalmic trouble. Close co-operation has been effected during 1930 between responsible officers of the Special Hospitals Division of the London County Council and the Almoner's Department of the Hospital.

In-Patients.

Six hundred and forty-eight In-patients have needed special help in various ways ; this shows a slight decrease on the figures for 1929, but is accounted for by a fewer number of convalescent cases.

The following numbers of patients have been sent away to Convalescent and other Institutions :—

Parkwood Convalescent Home	123
Metropolitan Convalescent Institution Homes	102
Other Convalescent Homes	50
Special Institutions providing long treatment	69
Homes for Advanced Cases	16

Two hundred and forty patients have been supplied with various types of instruments.

The following instance will show another kind of assistance given :—

X was three years old, illegitimate and unwanted. The mother having married wished to get rid of him. He was brought to Hospital in a deplorable state of neglect ; filthy and dribbling so badly that his chest was sore. The mother said that he was mentally deficient. The child was admitted to Hospital for observation and within twenty-four hours appeared a different little creature, bright, cheerful and stopping dribbling directly he was told to. Application was made to Dr. Barnardo's Homes, and, after much correspondence and personal interviewing, they were persuaded to take X for a probationary period of six months, providing the mother made a regular contribution for his maintenance.

Out-Patients.

The work in the Almoner's Department has proceeded steadily throughout the year. The total number of patients assisted was 1480, which shows a decrease of 60, as compared with last year, but the number sent for convalescence has increased, especially convalescence for children. The average length of stay for a child in a Convalescent Home is eight weeks, shorter periods having been found to be of little permanent gain.

A Rheumatic Clinic was established in April of this year, to provide for the observation and treatment of rheumatic children. Former patients of the Rheumatic Clinic at Paddington Green Children's Hospital, upon reaching the age of 14 years, are transferred to the Rheumatic Clinic at St. Mary's, a short summary of the medical details being sent with each child. Upon receipt of this report, a home visit is paid, and full particulars taken of family history, home conditions, housing conditions and school environment. These details are combined and sent to the doctor for his information

and guidance. The social scope of the Clinic includes the improvement of housing conditions through the local Medical Officer of Health, the purchase of extra accommodation through the Public Assistance Committee and other agencies and of convalescence or rest at home treatment. In short, an attempt is made to ameliorate any condition which may pre-dispose the patient to rheumatoid disease.

Maternity.

It is satisfactory to report that the new arrangements instituted during the year for the acceptance of maternity patients are working smoothly. In the past patients were accepted somewhat indiscriminately without due regard to the number of beds available, in any particular month. However, therefore, no patient is accepted unless a bed is available in the Anti-Natal Clinic. The patients are accepted by one or two visits to the patient's home. The mother and her child are then admitted to the clinic and the patient is provided for during her stay. The patients are accepted for admission to the clinic in accordance with the number being fixed in consultation with the Medical Officer. Patients applying for admission when these numbers are completed are either re-arranged by the Obstetric Officer, referred elsewhere. The necessity for early supervision in all cases of pregnancy is obvious, and it is gratifying to find that expectant mothers now realize that, should they wish admission to the maternity ward, early and regular visits to the Anti-Natal Clinic are essential. The new arrangements have a beneficial effect on the Maternity Ward itself, having enabled the Medical Officer to

THE LADIES' ASSOCIATION.

It is very gratifying to be able to announce that Her Grace the Duchess of Portland has kindly consented to accept the office of Chairman of the Association, vacated by the resignation, through ill health, of the Countess of Kenmore. The interest taken by the Duchess of Portland in all Hospital matters is well known, and the Ladies' Association feel that they have been especially fortunate in securing her services as their Chairman.

Two hundred and forty patients have been supplied with various types of instruments.

The following patients had their condition improved by the use of the instruments:

1. A 12-year-old child, ill with rheumatism. The mother had been advised to let the child rest in bed, but the child was unable to get up. The mother said that she was mentally ill. The child was admitted to Hospital for observation and within twenty-four hours appeared a different little creature, bright, cheerful and capable of doing directly he was told to. Application was made to Dr. Edward's Home, and, after much correspondence and personal interviewing, they were persuaded to take X for a probationary period of six months, providing the mother made a regular contribution for his maintenance.

Out-Patients.

The work of the Hospital Department has proceeded steadily throughout the year. The total number of patients treated was 1,200, which is a decrease of 100 as compared with last year, but the number sent for constant care has increased, especially for children. The average length of stay for a child at a Convalescent Home is eight weeks, shorter periods having been found to be of little benefit.

A Rheumatic Clinic was established in April of this year, for the observation and treatment of rheumatic patients. Former patients of the Rheumatic Clinic at the Hospital were invited to attend, and the clinic was held in the Hospital. All patients who attended the clinic were given a full examination and a full course of treatment. The clinic was held on Wednesdays and Saturdays, and was attended by a large number of patients. The clinic was held in the Hospital, and was attended by a large number of patients. The clinic was held in the Hospital, and was attended by a large number of patients.

and guidance. The social scope of the Clinic includes the improvement of housing conditions through the local Medical Officer of Health, the provision of extra nourishment through the Public Assistance Committees and other agencies and of convalescence or institutional treatment ; in short, an attempt is made to ameliorate any condition which may pre-dispose the patient to rheumatic diseases.

Maternity.

It is satisfactory to report that the new arrangements instituted during the year for the acceptance of maternity patients are working smoothly. In the past, patients were accepted somewhat indiscriminately, without due regard to the number of beds available, in any particular month. There was, therefore, no encouragement for patients to attend regularly the Ante-Natal Clinic throughout pregnancy, since by one or two visits, immediately prior to confinement the mother had an equal chance of admission with those who had probably attended for some months. Under the new arrangements, 28-30 patients are accepted for admission each month, this number having been fixed in consultation with the Medical Officers. Patients applying for admission when these numbers are completed are, after examination by the Obstetric Officer, referred elsewhere. The necessity for early supervision in all cases of pregnancy is obvious, and it is gratifying to record that expectant mothers now realise that, should they desire admission to the maternity ward, early and regular visits to the Ante-Natal Clinic are essential. The new arrangement has a beneficial effect on the Maternity Ward itself, having regularised the number of admissions.

THE LADIES' ASSOCIATION.

It is very gratifying to be able to announce that Her Grace the Duchess of Portland has kindly consented to accept the office of Chairman of the Association, rendered vacant by the resignation, through ill-health, of the Countess of Kenmare. The interest taken by the Duchess of Portland in all Hospital matters is well known, and the Ladies' Association feel that they have been especially fortunate in securing her services as their Chairman.

Mrs. and Miss Hollway, together with Mrs. Kenyon, very kindly again undertook the organisation of "Pound Day" on the 20th March, 1930. All former records for "Pound Days" were broken, and over £583 5s. 5d. was received in cash, and over four tons of goods in kind. Most grateful thanks are due to Mrs. and Miss Hollway and Mrs. Kenyon for this most successful result.

During the year, members of the Ladies' Association have supplied £740 and 380 miscellaneous articles to the Hospital, whilst in addition, a grant of £411 10s. 10d. was made to the Matron for the purchase of Linen. The Association also gave valuable help, as in previous years, on the occasion of the Hospital's "Flag Day," and took charge of a Depot on "Alexandra Day."

Grants amounting to £1,200 for the equipment and furniture of the new Nurses' Home, have been made by the Ladies' Association out of its own funds towards the Extension Appeal Fund.

The outstanding feature of the year's work has been the organisation of the Ball held at Grosvenor House on the 3rd December, at which T.R.H. the Duke and Duchess of York were present. In connection with the appeal, a "Purses for Nurses" Fund, organised by Mrs. Elphick, realised £1,700, and the total received from these two efforts for the Extension Fund amounted to £2,700, which sum has been earmarked for the building of the new Nurses' Home.

The Executive Committee of the Ladies' Association appeal very earnestly to all ladies interested in the Hospital to support them in their work by joining the Association, enlisting new members, making garments, or by lending their houses for work parties. The object of the Association is to provide the garments, linen and blankets required for the use of patients in the Hospital.

Honorary Vice-Presidents subscribe One Guinea annually, and Honorary Members 5s. Working Members subscribe 10s. 6d. annually, and are supplied with cut-out garments to make. Mrs. Maynard Smith (the Honorary Work Secretary) is at the Hospital every Wednesday morning from 11 to 12

During the month of October to March Miss R. M. M. Evans, Hospital Secretary, 28 Essex Gardens, Hyde Park, will kindly give any information respecting the work of the Association.

THE CHAPLAIN'S REPORT.

The work of the Chaplain and his assistants continues as usual. The Chapel is well attended and is of real value to patients and residents. The Staff and patients in the Hospital are constantly changing. This tends to make the work more difficult but those who undertake it should feel rewarded by the constant expressions of gratitude received from those who have been helped by the services.

Our best thanks are due to all who throughout the year have been responsible for decorating the Chapel with such beautiful flowers.

The resignation of Canon A. W. Barton, who has been compelled to retire, his illness, owing to ill health, is regretted with sorrow. His work was always warmly appreciated and he will be sorely missed. This year Dr. G. R. Eden, formerly Surgeon of Whitehall, has very kindly helped both in the Hospital and in the services.

The two Sunday evening Chimes, under the leadership of Mr. G. H. Walker and Mr. Owen Gwynne, have continued their good work, and to them, as also to the Lady Visitors who visit the Wards, an expression of our sincere thanks is due.

THANKS TO THE MEDICAL STAFF.

The Board would like to express with the assistance of their sincere thanks to the members of the Honorary Medical and Surgical Staff for their constant attention and kindness to the patients, and for their valuable services to the Hospital throughout the year.

Signed on behalf of the Board of Management

The George Sturge Trust Fund.

In the year 1884 Mr. George Sturge, of Woodthorpe, Sydenham Hill Road, executed a Deed of Trust conveying to St. Mary's Hospital £926 *Great Eastern Railway 5 per Cent. Preference Stock, representing one thousand pounds (£1,000), under the following conditions :—

“ In giving the sum of £1,000 for a Samaritan Fund for the above Hospital, Mr. Sturge gives it on the conditions that this Fund shall be kept entirely separate from the General Funds of the Hospital, and that the income shall be paid to, or applied for, such In-Patients as may be necessitous, and within three months from their discharge from the Hospital, and for the purpose of their having necessary nourishment, clothing, or change of air.”

“ Mr. Sturge hopes that this Fund may be made known and that others may be induced to subscribe to it.”

*Converted, in 1902, to £972 Great Eastern Railway Consolidated 4 per cent. Preference Stock, and again converted, in 1923, to £972, London & North Eastern Railway 4 per cent. 1st Preference Stock (see page 50.)

The Disbursements under this Trust Deed are included in the Convalescent Fund Account on page 44 of this Report.

Mr George Sturge

Trust Fund

In the year 1884 Mr. George Sturge, of Wood-
house Lane, Woodhouse Hill Road, executed a Deed of
Trust in favour of St. Mary's Hospital and
in the said Deed, 4 per cent. Preference Stock, representing
£1,000, was deposited under the following

By giving the sum of £1,000 for a Samaritan Fund for
St. Mary's Hospital, Mr. Sturge gives it on the conditions
that the fund shall be kept entirely separate from the
General Funds of the Hospital, and that the income shall
be paid to, or applied for, such In-Patients as may be
designated, and within three months from their discharge
shall be carried out of the Hospital and for the purpose of their having
the same to purchase, or to purchase, clothing or other articles.

Mr. Sturge says that this fund may be
used for any other purpose which may be decided on
by the Trustees.

As the 4 per cent. 1872 Great Eastern Railway Consolidated 4 per
cent. Preference Stock was converted, in 1884, to 4 1/2 per cent.
Preference Stock, the 4 per cent. 1872 Preference Stock has since been

and is included in the Trust Deed and is included in the
Trust Deed and is included in the Report.

GOVERNMENT AND MANAGEMENT.

The mode of government is by a Board of Management, meeting Monthly, and by Standing Committees appointed by the Board of Management.

The Board of Management consists of the President, Vice-Presidents, and Treasurers (permanent Members), and twenty-eight Governors elected annually (Ordinary Members), of whom not more than five may be women. Of the Ordinary Members eight are Members of the Medical Staff or Lecturers in the Medical School (Medical Members).

QUALIFICATIONS AND PRIVILEGES OF SUBSCRIBERS.

Ann. Subscribers of	Donors of	Privileges.
£1 1 0	or £10 10 0	May recommend 3 Patients annually.
2 2 0	or 21 0 0	May recommend 6 Patients annually.
3 3 0	or 31 10 0	May recommend 9 Patients annually, and are eligible for Election as Governors.

Subscribers of greater sums are entitled to recommend Patients in proportion to the amount of their subscriptions. Letters are not issued unless expressly desired, as many Subscribers do not require them.

Governors have also the privilege of visiting the Hospital under regulations made by the Board of Management, provided that they previously ascertain from the Secretary that such visit will not interfere with the work of the Hospital.

Executors of any considerable benefactor by Will are eligible to be elected Honorary Life Governors.

THE MATERNITY.

Annual Subscribers of One Guinea, or Donors of Ten Guineas to the MATERNITY FUND, may recommend their Patients annually to this department; and so on in proportion to the amount of the subscription.

ADMISSION OF PATIENTS.

Applicants are treated as In-Patients or Out-Patients at the discretion of the Medical and Surgical Staff, and as the accommodation available in the Wards may permit.

Accidents and other cases deemed urgent by the Medical Officers are so far as space permits admitted without Letters at all times.

Holders of Letters seeking admission as In-Patients must present their Letters at the Hospital at 1 o'clock on Fridays (excepted).

Such inconveniences having occurred in consequence of the arrival of Patients from a distance, without notice, it is requested that in the case of Patients coming from places so remote as to preclude easy and cheap communication with the Hospital, notice be given to the Secretary three days before the Patient intends to apply for admission, enclosing a Medical Certificate stating as fully as possible the nature of the case.

Visiting Days. Adults: Wednesdays and Saturdays, from 4 to 5, and Sundays and Public Holidays, from 3 to 4. Children under 16: Mondays, 2 to 4. Except for urgent female patients cannot be admitted at other times. Children are NOT allowed to visit the Children's Ward. Only parents or guardians of patients, or persons so designated, are allowed as visitors to the Children's Ward.

Out-patients are attended Daily (Sunday and Public Holiday excepted). They must present their letters at the Hospital at the following times:

GENERAL MEDICAL AND SURGICAL CASES—Daily (Mondays and Sundays excepted) at 1 p.m. (Sundays) at 2.15 p.m.

DISEASES OF WOMEN—Mondays and Thursdays, at 1 p.m.

SECRET
1975 10 20

1. The purpose of this document is to provide a comprehensive overview of the current state of the project and to identify the key areas for improvement.

2. The project has made significant progress since the last report, with several key milestones achieved. However, there are still several areas that require attention and resources.

3. The following table provides a summary of the project's performance over the last quarter:

Area	Target	Actual	Variance
Development	100%	95%	-5%
Testing	100%	100%	0%
Deployment	100%	100%	0%
Support	100%	100%	0%

4. The primary challenge facing the project is the limited availability of resources, particularly in the development and testing phases. This has resulted in a delay in the completion of several key tasks.

5. To address these challenges, it is recommended that the following actions be taken:

- Allocate additional resources to the development and testing teams.
- Review the project schedule and adjust it to reflect the current status.
- Implement a more rigorous testing process to ensure the quality of the final product.

6. The project team is committed to delivering a high-quality product on time and within budget. We will continue to monitor the project's progress closely and report any further developments to the management team.

The first part of the paper is devoted to a general survey of the history of the subject. It is shown that the subject has been treated in a number of different ways, and that the results have been very inconsistent. The author then proceeds to a detailed examination of the various theories which have been advanced, and to a comparison of their merits and demerits. It is found that the most plausible theory is that which is based on the assumption that the subject is a natural phenomenon, and that it is not the result of any artificial process. This theory is supported by a number of facts, and it is shown that it is in accordance with the principles of science.

The second part of the paper is devoted to a detailed examination of the various theories which have been advanced. It is shown that the most plausible theory is that which is based on the assumption that the subject is a natural phenomenon, and that it is not the result of any artificial process. This theory is supported by a number of facts, and it is shown that it is in accordance with the principles of science.

The third part of the paper is devoted to a detailed examination of the various theories which have been advanced. It is shown that the most plausible theory is that which is based on the assumption that the subject is a natural phenomenon, and that it is not the result of any artificial process. This theory is supported by a number of facts, and it is shown that it is in accordance with the principles of science.

TWENTY-SIXTH ANNUAL REPORT.

The Dresden Trustees have the honour to present their report for the twelve months ending 30th September, 1930, together with the accounts for the same period.

The objects to which the Trustees have continued to devote the funds at their disposal, and the number of Patients benefited under each head, are :—

1.	Patients sent to Convalescent Homes (including 138 sent to Parkwood)	310
2.	„ given pecuniary assistance on discharge	4
3.	„ assisted with clothing on discharge	—
4.	„ provided with Surgical and Optical appliances on discharge	121
5.	„ assisted with fares to and from Con- valescent Homes	280
6.	„ assisted with fares to their own homes on discharge from the Hospital	199

Great care has been taken to ascertain that Patients are really needy and deserving before assisting them, particularly in Class 2. Thorough enquiry into their means and deserts has been made in every case.

During the year the Trustees of the Hospital Convalescent Home, Parkwood, Swanley, Kent, have placed 13 beds at the disposal of the Hospital. The Trustees of the Dresden Fund, as a result, have been enabled to send 138 Patients to this Home for a period of 19 days or more, at no expense to the Fund, except the fares of the Patients. The Trustees gladly take this opportunity to record their grateful thanks to the authorities of the Hospital Convalescent Home for the great benefit which the use of these 13 beds has enabled the Trustees to confer on so many Patients of the Hospital.

Signed on behalf of the Trustees,

18th November, 1930.

TWENTY-NINTH ANNUAL REPORT.

The Dresden Trustees have the honour to present their report for the twelve months ending 31st December, 1939, together with the accounts for the same period.

The objects to which the Fund has been devoted have continued to receive the support of their Benefactors, and the number of Patients benefited under the Fund has been as follows:

1. Patients admitted to their own Homes (including those who have been admitted to the Hospital and discharged)	310
2. Patients who have been admitted to the Hospital and discharged	4
3. Patients who have been admitted to the Hospital and discharged	121
4. Patients who have been admitted to the Hospital and discharged	60
5. Patients who have been admitted to the Hospital and discharged	168

It will thus be seen that the Fund has been particularly successful in assisting needy and deserving patients who have been particularly in need of assistance during the year, and that the number of Patients benefited has been made to

It is a pleasure to state that the Trustees of the Dresden Hospital, who have the honour to be at the disposal of the Fund, have been most anxious to assist the Fund in every way possible, and have been most ready to take the necessary steps to ensure that the Fund is able to carry out its objects. The Trustees of the Dresden Hospital have also been most anxious to ensure that the Fund is able to carry out its objects, and have been most ready to take the necessary steps to ensure that the Fund is able to carry out its objects.

Signed on behalf of the Trustees
T. C. B. Y.
