Memorials.

Surely there can be no fitter memorial of a departed relative or friend than the endowment of a Bed or Cot in a Hospital.

It is difficult to think of anything more beneficent than the endowment of a Hospital bed ; or to picture a place more appropriate for a record to the Memory of a loved one than that which is dedicated and constantly devoted to the service of the sick and the alleviation of suffering.

Moreover, in the Hospital Ward, a Memorial Tablet with its inscription will be secure against disfigurement and carefully protected from the dilapidations of time.

(For particulars of Bed and Cot Endowments see pages 37-40.)

HIS LATE MAJESTY KING GEORGE V
on the occasion of the opening
of the new Medical School and Pathological Institute
(12th December, 1933)

ANNUAL REPORT FOR 1935.

THE Board of Management have the honour to submit to the Governors and Subscribers their report for the year 1935, together with the accounts audited by Messrs. Price, Waterhouse & Co.

DEATH OF HIS MAJESTY KING GEORGE V.

With deep regret the Board of Management place on official record the death on the 20th January, 1936, of the Patron of the Hospital His Majesty King George V, whose personal interest in the Institution extending over many years, and evinced by many gracious acts in connection with its development, was of such signal advantage to the Hospital. His late Majesty was President from 1891 to 1910, and on his accession to the Throne in that year graciously accepted, with Her Majesty the Queen, the office of Patron. His Majesty's first official function as President was to receive the late King Edward VII (then His Royal Highness the Prince of Wales) on the occasion of the ceremony of laying the Foundation Stone of the Clarence Memorial Wing on the 17th December, 1892, whilst his last visit, accompanied by Her Majesty the Queen, was to open the new buildings of the Medical School and Pathological Institute on the 12th December, 1933, when His Majesty said :—

“The Queen and I feel a special interest in revisiting St. Mary's Hospital, since for close on 20 years I was a predecessor in office of your President, my dear daughter-in-law, the Duchess of York. I recall, too, that many years ago the skill and care of a nurse from this Hospital contributed largely to my recovery from an attack of typhoid fever. . . .”

The memory of His late Majesty's favour and gracious interest in the welfare and progress of St. Mary's will ever be cherished with grateful affection by all connected with the Institution.

To Her Majesty Queen Mary, in this time of great grief, the loyal and devoted sympathy of the Governors and Subscribers, and Staff of St. Mary's is humbly tendered.

EXTENSION OF THE HOSPITAL.

New Home for Nursing Staff.

In the early part of the year work was commenced on the first section of the new Home for Nurses, providing accommodation for some 210 nurses and maids. It is anticipated that this section will be available for occupation in August 1936. Provision will then have been made for the whole of the Nursing Staff to be housed either in their quarters in the Hospital or in the new Home, which is connected with the Hospital by a covered way, thus avoiding the tiresome and sometimes unpleasant journeys which now have to be made in the open by a considerable number of nurses in order to reach the rooms rented for their use in the neighbourhood of the Hospital. In addition, the Common Rooms in the Nurses' Home will provide greater facilities for the corporate life of the Nursing Staff. A substantial economy will also be effected by the saving in the rents now paid for outside accommodation, which in recent years have amounted to almost £2,000 a year.

Pay Bed Block for patients of moderate means.

The plans prepared by Sir Edwin Cooper, A.R.A., for the Pay Bed Block were duly approved by King Edward's Hospital Fund for London. To ensure the best method of utilising the site of the old Medical School having regard to the future development and needs of the Hospital, certain preliminary work, including the construction of a new Post-mortem Room and considerable modification in the means

of access to and communication for the Massage and Electric Therapeutic Departments, had to be carried out to provide the necessary space for the Pay Bed Block.

The preliminary work of clearing the site was completed in December, and Messrs. John Morrison & Co., to whom the contract for the erection of the Pay Bed Block has been entrusted, commenced building operations in January, 1936. It is hoped that the building will be completed early in 1937. The first section of the Block will contain 20 private rooms for patients of moderate means, two operating theatres, an X-ray department, kitchen, waiting rooms, etc. The estimated cost of the equipment of the building, including the preliminary work in connection with the preparation of the site, is £10,000. Included in this sum is the provision for a new dining room for the Nurses and a large Nurses' Mess in the Hospital instead of the present dining room which is quite inadequate. The senior members of the Nursing Staff will for the future have available for their use a pleasant and comfortable dining room, separate from the new kitchen installed in the Pay Bed Block, thus diminishing the pressure on the general kitchen of the Hospital.

General

This opportunity may be taken to review the programme of development which the Board of Management undertook in 1930, consequent upon the purchase of a site of 14 acres adjoining the Hospital. The report for that year stated that the scheme of development for the Hospital approved by the Board of Management, provided for

- (a) New buildings for the Medical School.
- (b) New premises for the Pathological Institute.
- (c) New Home for Nurses.
- (d) Increased accommodation for maternity cases.
- (e) Pay Bed Block for patients of moderate means.

The memory of His late Majesty's death and the
mourning for the same and persons of the Majesty will
be a great and useful affection by all concerned with the
same.

The King's most Excellent Majesty is desirous that
the Royal and several Hospitals of the City of London
should be better regulated and managed in their
affairs and that the same should be more useful to
the public.

STATUTE OF THE HOSPITAL

That the King's most Excellent Majesty doth hereby
give full power unto His Majesty's Council in that behalf
lawfully assembled, that they do give such orders and
directions as shall be thought fit to be made in
that behalf.

And that the King's most Excellent Majesty doth
authorize and empower His Majesty's Council in that

of access to and accommodation for the Massage and Electro-Therapeutic Departments, had to be carried out to provide the necessary space for the Pay Bed Block.

The preliminary work of clearing the site was completed in December, and Messrs. John Mowlem & Co., to whom the contract for the erection of the Pay Bed Block has been entrusted, commenced building operations in January, 1936. It is hoped that the building will be completed early in 1937. The first section of the Block will contain 66 private rooms for patients of moderate means, two operating theatres, an X-ray department, kitchens, waiting-rooms, &c. The estimated cost of the equipment of the building, including the preliminary work in connection with the preparation of the site, is £70,000. Included in this sum is the provision for a new dining-room for the Sisters and Charge Nurses engaged in the Hospital instead of the present dining-room which is quite inadequate. The senior members of the Nursing Staff will for the future have available for their use a pleasant and commodious dining-room, served from the new kitchens installed in the Pay Bed Block, thus diminishing the pressure on the general kitchens of the Hospital.

General.

This opportunity may be taken to review the programme of development which the Board of Management undertook in 1930, consequent upon the purchase of a site of $1\frac{3}{4}$ acres adjoining the Hospital. The report for that year stated that the scheme of development for the Hospital, approved by the Board of Management, provided for—

- (a) New buildings for the Medical School.
- (b) New premises for the Pathological Institute.
- (c) New Home for Nurses.
- (d) Increased accommodation for maternity cases.
- (e) Pay Bed Block for patients of moderate means.

It is a matter of congratulation that all these proposals have now either been completed or are in process of completion. Apart from the erection of the Medical School and the Pathological Institute—whose funds are distinct from the General Funds of the Hospital—and apart from the purchase of the site at a cost of £65,000, the liabilities of the Hospital in connection with this programme of building amount to approximately £200,000.

Anonymous Gift of £107,000.

This effort, which has perhaps proved the most outstanding in the history of St. Mary's, will ever be associated with the munificent gifts which have been received during the past two years towards the Extension Appeal Fund from an anonymous donor, who, by a further gift of £5,000 on the 1st January, 1936, brought up his benefactions to the Fund to the magnificent total of £100,000. Later in January, in order that the Pay Bed Block might be opened free of debt, the anonymous donor made a further promise of £7,000. For the manner of these gifts and the spirit in which they have been given, the Board of Management feel that it is quite impossible adequately to express their thanks, except to say that no man of this generation has done more to enhance the reputation and to maintain St. Mary's in the front rank of the great teaching hospitals of this country than this anonymous donor.

Other far-seeing benefactors have given most generous help to the Rebuilding Funds for the Medical School and the Institute of Pathology and Therapeutic Research. It is a remarkable and noteworthy fact that within a comparatively short period of five years St. Mary's has been able to undertake, and on the whole to carry through successfully, a general scheme of development which has involved an expenditure of not less than £500,000. The scheme has been financed in the main by voluntary gifts from those who know full well and hold in high esteem, the work the institution is doing, not only on behalf of the sick and suffering, but also, perhaps in the wider sphere of its activities, in the training of members for the medical and nursing professions, combined with the

about various positions. St. Mary's holds in the field of preventive medicine for reason of its close association with the work of Sir Almroth Wright and his colleagues.

The Board of Management would desire to take this opportunity to express their thanks in the warmest terms possible for the generous assistance and valuable advice which have been afforded in the scheme of development by King Edward's Hospital Board for London, who, in addition to the previous help made from the special Silver Jubilee distribution this year a further grant of £4,000 for the Nurses' Home and out of their ordinary distribution of Capital Grants also sent £1,000 towards the cost of the Pavilions Block.

A most generous sum has also been received of £700 under Covenant Deal from the Earl of Darnley for the new Nurses' Home. Throughout the period of construction very valuable assistance has been given by a committee of well-known gaffers, under the chairmanship of Mr. G. D. Hensley, by means of the organization of an Annual Golf Ball. The first Golf Ball was held this year in the Great Room, Grosvenor House, on the 12th December, when some 300 persons were present. The proceeds amounted to £1,570, and as a generous donor intended to double the proceeds of the Ball a sum of £1,000 became available for the Extension Appeal Fund. The most grateful thanks of the Hospital are due to Mr. Hensley the Chairman, Mr. Guy Hadden the Honorary Treasurer, Mrs. Geoffrey Day and Mrs. Kipling the Honorary Secretaries, and all the members of the Golf Ball Committee for the time and trouble they have been so good as to give to the organization of the Ball, which has become one of the most successful charity functions held during the London season. Since the inauguration of the first Golf Ball in 1911 the Committee have raised a sum of £4,170 for the Extension Appeal Fund.

Grateful acknowledgment should also be made of the gift of £500 granted, at their discretion, by the Trustees from the estate of the late Mr. Arthur D. D.

almost unique position St. Mary's holds in the field of preventive medicine, by reason of its close association with the work of Sir Almroth Wright and his colleagues.

The Board of Management would desire to take this opportunity to express their thanks in the warmest terms possible for the generous assistance and valuable advice which have been afforded in this scheme of development by King Edward's Hospital Fund for London, who, in addition to the previous help given, made from the special Silver Jubilee distribution this year a further grant of £4,000 for the Nurses' Home, and out of their ordinary distribution of Capital Grants allocated £1,000 towards the cost of the Pay Bed Block.

A most generous gift has also been received of £700, under Covenant Deed, from the Earl of Iveagh for the new Nurses' Home. Throughout the period of extension very valuable assistance has been given by a committee of well-known golfers, under the chairmanship of Mr. G. D. Hannay, by means of the organisation of an Annual Golf Ball. The fifth Golf Ball was held this year in the Great Room, Grosvenor House, on the 12th December, when some 900 persons were present. The proceeds amounted to £1,275, and, as a generous donor undertook to double the proceeds of the Ball, a sum of £2,550 became available for the Extension Appeal Fund. The most grateful thanks of the Hospital are due to Mr. Hannay the Chairman, Mr. Guy Harben the Honorary Treasurer, Mrs. Geoffrey Toye and Mrs. Elphick the Honorary Secretaries, and all the members of the Golf Ball Committee for the time and trouble they have been so good as to give to the organisation of the Ball, which has become one of the most successful charity functions held during the London season. Since the inauguration of the first Golf Ball in 1931 the Committee have raised a sum of £4,178 for the Extension Appeal Fund.

Grateful acknowledgment must also be made of the gift of £518 granted, at their discretion, by the Trustees from the estate of the late Mr. Arthur Lloyd.

LEWIS CARROLL MEMORIAL WARD FOR CHILDREN.

As soon as work on the Nurses' Home is completed, steps will be taken to convert a ward, which is at present a male surgical ward, into what it is hoped will be an ideal ward for children, in fulfilment of the original proposals. The amount received in response to the original appeal for £10,000 for the endowment, decoration and equipment of the Lewis Carroll Memorial Ward for Children is approximately £3,000.

STATISTICS AND WORK RELATING TO PATIENTS.

<i>(a) In-Patients' Department.</i>	1934.	1935.
Total number of beds available on		
31st December	384	384
Average number of beds occupied ...	329	329
Total number of patients	6,069	6,003
Average length of stay of each in-		
patient	19·8 days	20 days
<i>(b) Out-Patients' Department.</i>	1934.	1935.
Total number of new out-patients ...	46,729	46,775
Total number of attendances	211,613	232,891

From the above it will be seen that the number of beds available and average number of beds occupied is the same as for the preceding year, although there has been a slight fall in the total number of in-patients treated. Admission to the Hospital is entirely free to persons who, after enquiry, are found to be too poor to make any contribution. Although patients who can afford to do so are required to make a contribution towards the cost of their maintenance, care is always taken to avoid as far as possible any financial hardship by reason of a patient's stay in Hospital.

Acknowledgment is made of the services rendered to patients by the London Blood Transfusion Service, and for the ready help given in many serious and urgent cases. The Hon. Secretary is Mr. P. L. Oliver, O.B.E., and it would be

difficult to over-estimate the value of the service or to praise too highly the untiring and devoted work of the members which has undoubtedly saved many lives.

For a number of years past Mrs. Ernest Ward has very kindly sent at Christmas time a most acceptable gift of woollen bed jackets for the children's wards for which the Hospital is most grateful.

FINANCE.

Income.

It is a great pleasure to the Board to report that the income for the current year has exceeded the expenditure by £2,047. The following figures show the comparison of the income of the Hospital for the years 1934 and 1935.

	1934.	1935.
Ordinary Income	£5,304	70,495
Extraordinary Income (i.e. Donations)	6,411	4,513

It will be seen that the total income in 1935 of £76,008 is compared with £11,715 in 1934. This increase is due to the additional amount derived from the sale of the property which was sold in 1935. The increase in the ordinary income is due to the fact that the ordinary income in 1935 was £70,495 as against £5,304 in 1934. The increase in the extraordinary income is due to the fact that the extraordinary income in 1935 was £4,513 as against £6,411 in 1934. The total income in 1935 is £76,008 as against £18,126 in 1934. The increase in the total income is due to the fact that the total income in 1935 was £76,008 as against £18,126 in 1934.

The Hospital is adapting and extending its organization to meet changing conditions and there can at this stage be no doubt that the future will only be a matter of time if those who have already shown their interest in its work will continue to support it. It is the hope of the Board that the members of the Hospital will continue to support it and that the Hospital will continue to be a source of help and comfort to the sick and suffering.

It will be seen that the number of patients treated in the hospital and in the dispensary during the year ending December 31, 1924, was 1,001, compared with 1,005 in 1923.

The total number of patients treated in the hospital during the year ending December 31, 1924, was 884, compared with 884 in 1923.

Income.

It is a great pleasure to the Board to report that the income for the current year has exceeded the expenditure by £2,047. The following figures show the comparison of the income of the Hospital for the years 1934 and 1935 :—

	1934.	1935.
	£	£
Ordinary Income	65,304	70,425
Extraordinary Income (<i>i.e.</i> , Legacies)	6,496	14,515

It will be seen that of the total increase in income of £13,140, as compared with 1934, £8,019 arises from the additional amount derived from legacies, a source of income which varies considerably from year to year, and is precarious and unreliable. Annual subscriptions amount to £5,303, as compared with £4,969 in 1934, whilst donations totalled £11,114, as against £8,766 in the preceding year. The increase in the annual subscriptions is gratifying, but the Board of Management most earnestly appeal for additional annual subscriptions, in order that the revenue under this heading may represent a greater proportion of the Hospital's total income than it does at present.

The Hospital is adapting and extending its organisation to meet changing conditions, and there can at this stage be no relaxation of effort. Success will only be achieved if those who have already shown their interest in its work will strive to induce others, who by means of annual subscriptions may secure a steady and assured income for the work of the institution. Attention is drawn to the arrangement whereby,

without any extra expense to themselves, annual subscribers may increase substantially the amount of their subscriptions to the Hospital by completing a form of agreement to contribute for seven years, or during life, whichever shall be the shorter period. Full particulars will gladly be supplied upon application to the House Governor. An increasing number of subscribers have availed themselves of this method, and last year the income tax recoverable on subscriptions to the General Funds of the Hospital amounted to £205. During the year the Endowment Fund received a sum of £1,000 under the Will of the late Miss Winifred M. Bompas for the endowment of a bed in the Hospital in her memory, whilst a gift of £508 was made by Miss C. D. Lloyd for the endowment of the "M" Cot in the Children's Ward. For these gifts, which secured for all time an additional income for the Hospital, the Board are most grateful.

During the year an opportunity was taken to secure the capital appreciation on the Hospital's holding of £40,873 5% Conversion Loan Stock 1944-64 on account of the Endowment Fund. The capital appreciation obtained was £8,989, and although on re-investment the loss of income will amount to £400 a year, the Board were advised that the holding should be realised in view of the fact that this stock could be redeemed at par in eight years' time.

The Board of Management are once again deeply indebted to Sir Percy Shepherd, C.C., and Mr. W. R. Moon for the further generous grant of £1,000 which has been allocated to the General Funds by the Trustees of the Estate of the late Mr. William Shepherd.

The policy of the Appeal Committee has been to endeavour to secure a number of events spread over the year, so that the needs of the Hospital may be constantly brought before the public. Through the great kindness and generosity of a devoted band of workers, these events, which have been organised now for a number of years, resulted in the following sums being received :—

27th February - 10th Carnival at Abbott's Ice Skating Club, by kind permission of Mr. A. G. Edwards 341

17th April - 6th Annual Novice Ball at Whinncliffe Rooms, Hotel Great Central, by kind permission of the management, and organised by Mrs. Frank Hill 342

27th May - Annual Day, with the assistance of the Nursing Staff, Medical School, Massage and Electric Therapeutics Department, Ladies Association, and the employees of the Firm in the neighbourhood of the Hospital 375

1st June - Charity Golf Tournament, held at Wembley Stadium, by kind permission of Mr. A. J. Ellis and the Managers of Wembley Stadium, Ltd. 380

27th October - Ladies' Luncheon at the Victoria, by kind permission of the management of the Hotel 385

Various Events of the Hospital Yearly Society Annual 390

In addition to these annual events, the Hospital of the Local Women's Hospital, which was held on the 1st of June, 1935, at the Hotel of Paddington Station, during the week ending 2nd November. The visit of this firm aroused a great interest, and the result of the general survey of the Hospital was published by members of the Nursing Staff, and was distributed to the staff of the Hospital and the Hospital of the Local Women's Hospital. The result of the survey was published in a report which was presented to the Hospital of the Local Women's Hospital, and was published in the Hospital of the Local Women's Hospital. In addition to these annual events, the Directors of the Great Western Railway very generously gave permission for Messrs. J. S. Fry & Sons' Chocolate Show Train to be exhibited at Paddington Station during the week ended 30th November. The visit of this train aroused considerable interest, and the total of the proceeds kindly collected during this period by members of the Nursing Staff and members of the Staff of the Massage and Electro-Therapeutic Departments amounted to over £163. The Board of Management are very grateful to Messrs. J. S. Fry & Sons for being so good as to allocate the proceeds of the exhibition of the train to the General Funds of the Hospital.

Once again the greater part of the bacon and ham consumed in the Hospital has been supplied at a purely nominal figure by Mr. J. D. Marsden, one of the Vice-Presidents. For this munificent help, continued over a period of many years, the Board of Management desire to record their most grateful thanks.

The following contributions received during the year for the General Funds, apart from those already recorded, merit special and most grateful acknowledgment :—

The Board of Management wish to record their indebtedness to those cinema proprietors who have so kindly permitted the Hospital to receive certain proceeds from the Sunday opening of their cinemas, through whose efforts the Hospital has received the maximum amount allowed under the regulations made by the London County Council.

Progress continues to be made by the Hospital Saving Association. The value of the work of this Association is indicated by the fact that last year a sum of 18,882 was received in respect of their contributors located at the Hospital. The Board of Management desire to take this opportunity to pay tribute to the successful organization of the Hospital Saving Association, which has worked so ably and has provided this substantial benefit to the Voluntary Hospital of London. A sum of 21,204 was also received from the Hospital Sunday Fund.

The Board of Management wish to record their indebtedness to those cinema proprietors who have so kindly nominated the Hospital to receive certain proceeds from the Sunday opening of their cinemas, through whose help the Hospital has received the maximum amount allowed under the regulations made by the London County Council.

Progress continues to be made by the Hospital Saving Association. The value of the work of this Association is indicated by the fact that last year a sum of £8,882 was received in respect of their contributors treated at the Hospital. The Board of Management desire to take this opportunity to pay tribute to the successful organisation of the Hospital Saving Association, which has worked so smoothly and has provided such substantial benefits to the Voluntary Hospitals of London. A grant of £1,904 was also received from the Hospital Saturday Fund.

The expenditure for the current year is again the highest in the history of the Institution, in spite of the constant and unremitting vigilance exercised by both the Board of Management and House and Finance Committee to ensure that expenditure be reduced to a minimum compatible with efficiency. The increase in the work and size of the Hospital is inevitably reflected in the expenditure, which has risen from £72,058 in 1930 to £82,893 for 1935. Additions have been made to the Medical Staffs of the Casualty and Out-Patients' Department in order that patients attending there may be dealt with as promptly and as efficiently as possible. A Mobile Shockproof Unit was purchased for the X-Ray Department at a cost of £305 mainly to assist in the routine investigation of fracture control in patients who cannot be moved either by virtue of the type of injury or the method of treatment. A universal Radiotherm at a cost of £200 was purchased for use in the Electro-Therapeutic Department. These are but two typical items of the Hospital's expenditure essential if there is to be available at the Institution the most modern and efficient apparatus for the treatment of patients. Considerable expenditure has been undertaken in connection with the replacement of hot water pipes and apparatus which have become obsolete, whilst an endeavour has been made to maintain in adequate repair the fabric of the Hospital. Most valuable assistance was given throughout the winter months by the Winter Distress League, enabling urgent work on decoration, which otherwise would have been postponed owing to lack of funds.

REPORT OF THE NURSING STAFF

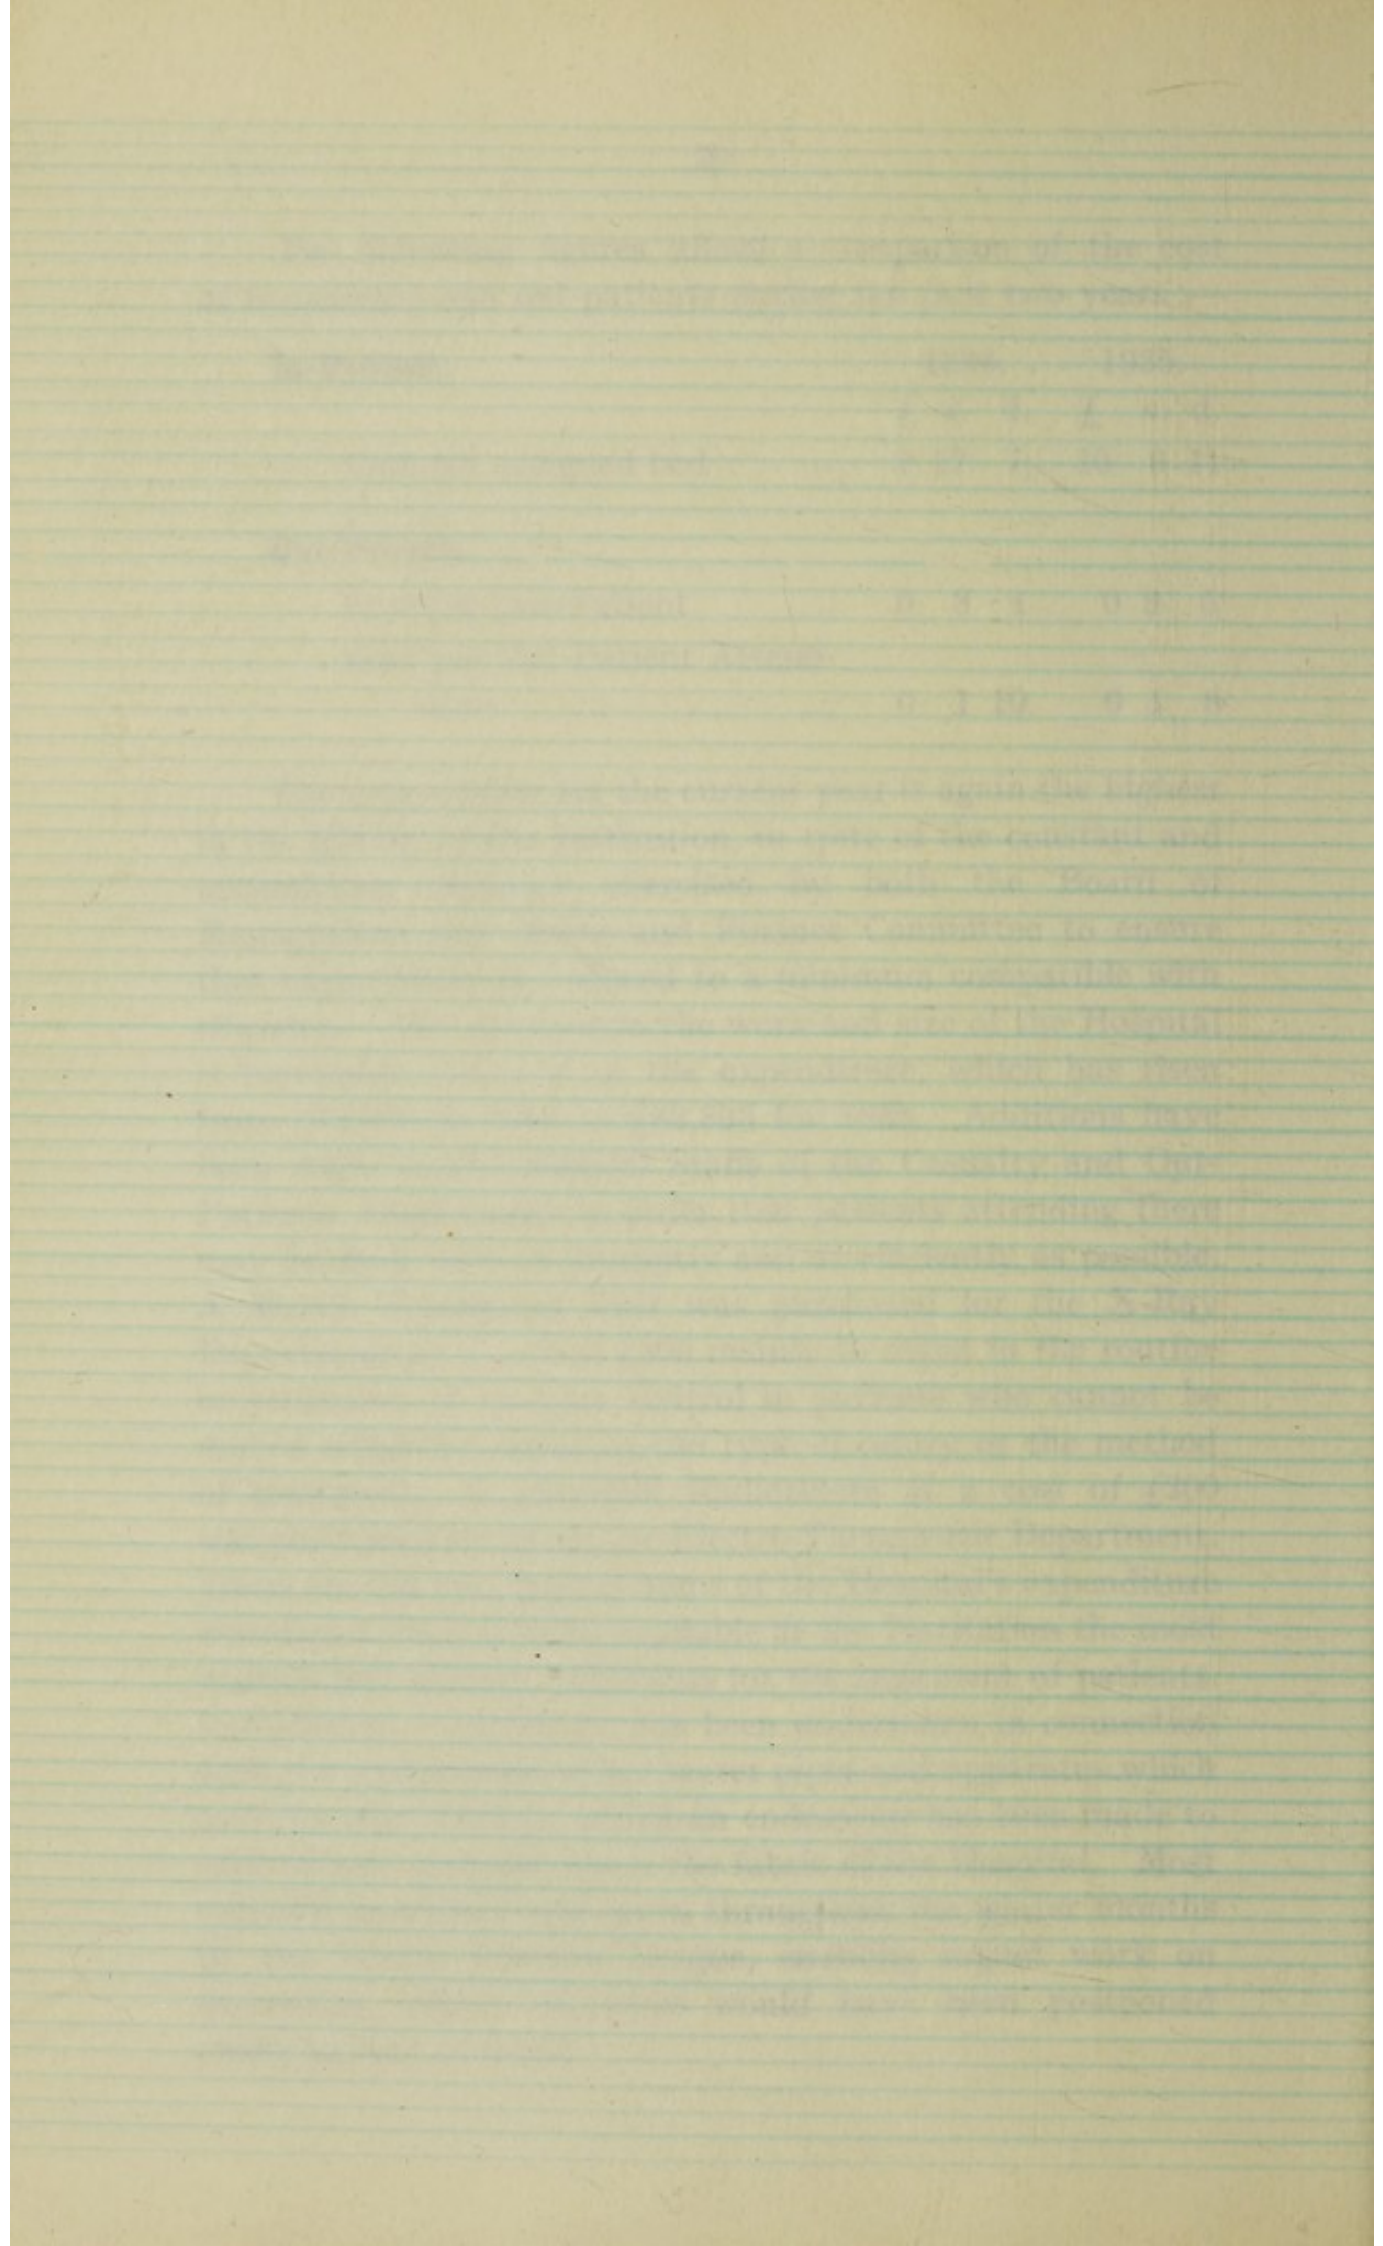

The Board desires to record their sincere appreciation of
the loyal and devoted services of the Matron and the Nursing
Staff.

During the year 38 Nurses passed the State Examination
and 21 Nurses qualified in Midwifery. There has been an
increase in nursing students candidates for the degree
exam. It is a matter of regret that some of these
candidates were not permitted to attend the course of
instruction during the early part of the year. The
Midwifery course is being held at the Hospital
and at the Hospital of St. Mary's.

The health of the nursing staff during the year has
been satisfactory and it is noted that the number of nurses
and staff has been growing for the past few years. It is
desirable to be maintained at the level of the Hospital
and nursing the intensity of the work in the Hospital
outside.

The Nursing Staff has been very successful in
its work and has been very successful in its work.

Amongst their other interests the Nurses have found
time and energy to assist in the numerous events organized
on behalf of the Hospital and their very ready help and
valuable assistance in this direction has been
appreciated.

It is a great pleasure to report once again that the position of St. Mary's in the matter of economy, as shown by the Statistical Returns of King Edward's Hospital Fund for London, continues to be very satisfactory ; the last published returns of the Fund show the average statistical cost per occupied bed in the Teaching Hospitals to be £192·4, and that of St. Mary's to be £165·1.

REPORT OF THE NURSING STAFF.

The Board desire to record their sincere appreciation of the loyal and devoted services of the Matron and the Nursing Staff.

During the year 38 Nurses passed the State Examination and 21 Nurses qualified in Midwifery. There has been no difficulty in securing suitable candidates for the Nursing Staff. It is a matter of regret that owing to lack of accommodation, it was not possible to accept more than 38 probationer nurses for entry into the wards from the Preliminary Training School, although 525 applications to train at the Hospital were received.

The health of the Nursing Staff throughout the year has been satisfactory, and in view of the number of Nurses available, it has been possible for the individual nursing of patients gravely ill to be undertaken by the Staff of the Hospital, thus avoiding the necessity of employing special Nurses from outside.

The Swimming Club has had a most successful year and is to be congratulated upon gaining the "Nursing Mirror Challenge Shield." In addition, at the Inter-Hospital Nurses' Swimming Gala, St. Mary's obtained first place, winning both the Inter-Hospital Nurses' Championship and the Team Race.

Amongst their other interests the Nurses have found time and energy to assist in the numerous events organised on behalf of the Hospital, and their ever ready help and valuable assistance in this direction are most deeply appreciated.

MEDICAL SCHOOL.

The entry of full-course students for the Academic Year 1934-35 was 92, a slight decrease on the previous year owing to restrictions placed upon admission. For the same reason only 89 new students were admitted during the Calendar Year 1935, of whom about four-fifths were working for University Degrees.

In future it is proposed to admit only Matriculated Students.

During the years 1934-35, 369 full-course students worked in the Medical School and Hospital, and 73 attended for part-courses.

In the University of London ten obtained the Degrees of M.B., B.S., and three obtained the Degree of M.D. In the Universities of Oxford and Cambridge 8 Degrees were obtained. The Royal College of Physicians elected Dr. T. C. Hunt to a Fellowship.

At the Conjoint Board 32 students obtained their diplomas, and 6 diplomas of other Examining Bodies were obtained.

The Athletic Record of the Medical School is a truly remarkable one, and at the close of 1935 the following Cups were held :—

Inter-Hospital Rugby Football (Senior and " A " Cups).

Inter-Hospital Cricket (Senior and " A " Cups).

United Hospitals Boxing Cup.

United Hospitals Squash Racquets Cup.

United Hospitals Rowing Cup.

United Hospitals Coxwainless Fours Cup.

Inter-Hospital Swimming Cup (for team racing).

Inter-Hospital Rifle Challenge Cup.

Owing to the great kindness of Mr. Guy Harben, Deputy-Chairman of the Hospital, a Fund has been established, during the past year, for the assistance of students financially embarrassed, by loans repayable after qualification. The Fund will be administered by a Committee, and will prove of great benefit in certain cases. It is hoped that as time goes on further gifts will be received for the Fund.

The Annual Dinner was held at Claridge's on 28th September, and was well attended.

INOCULATION DEPARTMENT.

The provision of adequate consulting and waiting rooms afforded by the Out-Patient Department in the new building has reduced the period of waiting of out-patients to a minimum. The number of out-patients attending the clinics continues to increase, as is indicated by the following figures :—

				Number of out-patient attendances.
1931	11,903
1932	12,654
1933	13,386
1934	15,903
1935	16,894

The great increase in the number of out-patient attendances during the past year is mainly accounted for by the rapid growth of the Asthma and Hay Fever Clinics. Patients come to this department from practitioners in all parts of London and its suburbs, and from many parts of the country. Often as many as 150 patients attend at one session—and the average attendance at each session during the year is approximately 115.

The other clinics, which embrace the treatment of practically all bacterial diseases, *i.e.*, acne, furunculosis, chronic tuberculosis, rheumatism, arthritis, recurrent colds,

bronchitis, intestinal toxæmia, have all recorded increased attendances. During the past two years there has been a very great increase in the number of patients treated for furunculosis (boils) and other staphylococcal infections. There seems no doubt that a combination of Antitoxic and Antibacterial immunity in staphylococcal infections gives better results than did the simple vaccine treatment formerly practised. The antitoxic content of the blood of these patients is regularly tested so that their progress is closely followed as regards the antitoxic immunity.

In the latter part of 1935 a Whooping Cough Clinic was inaugurated for the prevention and treatment of this disease. Whooping Cough is responsible for an enormous amount of sickness in children, and there is good reason to believe that immunising procedures can influence the course of the disease and more especially its spread among contacts.

The Inoculation Department has for the past few years also held a clinic for the treatment of Diphtheria carriers. The London County Council, at whose instigation the Department was inaugurated, send the majority of the cases, and thanks are due to the Council for an annual grant in aid of the expenses of the Department.

In addition to the activities mentioned above, research on the many problems connected with bacteriology and vaccine therapy continues to be carried out by Sir Almroth Wright and his colleagues, as is evidenced by the various contributions made to the scientific literature on the subject.

Besides research work, the Department carries out all the bacteriological work for the Hospital and all the bacteriological teaching for the Medical School. A substantial grant is also made from the funds of the Inoculation Department to the Pathological Institute for the encouragement of research in all branches of Pathology, and for a series of lectures each year by distinguished medical scientists from

home and abroad. Further, vaccines and antigens of many kinds are prepared, which are subsequently distributed throughout the world for the use of medical practitioners. This last activity is a very important one for the Department, in that it furnishes its only source of revenue apart from donations.

Last year a generous gift by an anonymous donor enabled the lecture theatre to be completed. During the year 1935 the Executors, under the will of the late Mr. H. E. David, allocated a most generous grant of £4,000 to the Inoculation Department. This has made possible the equipment of a laboratory for the preparation of substances (Pathophanes) which are used in the diagnosis of cases of hypersensitiveness and of protein vaccines with which to treat such cases. In addition, it will enable the Inoculation Department Committee to undertake a much needed extension of the laboratories, together with the construction of a Pollenarium or building for the collection of the grass pollen which is used in the diagnosis and treatment of Hay Fever. Lord Iveagh (Chairman of the Inoculation Department) has during 1935 very kindly grown for the Inoculation Department six separate crops of grasses and grain for the collection of pollen with which to treat Hay Fever in 1936. The Pollenarium has been erected alongside the crops so that the pollen can be collected under the best of conditions. Some 28 lbs. of pollen has been collected, which represents 580,000,000,000,000,000 pollen grains.

It has not yet been possible to complete the interior of the whole of the new Inoculation Department building. With the growth of the activities of the Department it has been found that the laboratories which have been completed do not yet provide sufficient accommodation, and it would be a great help to the Department if the necessary sum of £2,000 could be secured to equip laboratories for the study of tissue cultures and viruses and to allow of the construction of a bacteriological museum. An admirable site for the museum exists on the ground floor, and it would only require a few hundred pounds to equip it.

BOARD OF MANAGEMENT.

The Annual Election of the Board of Management took place as usual at the Quarterly Board of Governors in June. The following Ordinary Members, retiring by rotation and being eligible, were re-elected :—

Rt. Hon. Viscount Devonport.
 Hon. Mrs. Rochfort Maguire.
 Rt. Hon. the Earl of Munster.
 Mr. H. A. Pitman.
 Sir John Ramsay, K.C.I.E.

The following members of the Honorary Medical and Surgical Staff were elected as Medical Members :—

Mr. V. Zachary Cope.
 Professor A. Fleming.
 Dr. A. W. Matthew.
 Dr. R. H. Miller.
 Dr. A. Hope Gosse.
 Mr. Leslie Williams.
 Mr. F. A. Williamson-Noble.
 Dr. C. M. Wilson, M.C.

At the first meeting of the Board after the Annual Election, Lt.-Col. H. E. Verey, D.S.O., was reappointed Chairman, and Mr. G. P. Harben, O.B.E., Deputy-Chairman. At the first meeting of the House and Finance Committee after the Annual Election, Mr. R. M. Greenwood, C.B.E., was reappointed Chairman of the Committee.

VICE-PRESIDENTS.

The death of Mr. C. W. Drabble is deeply regretted. Mr. Drabble was ever a kind and generous benefactor, and by his singular courtesy and charm had endeared himself to a wide circle of friends. St. Mary's will greatly feel his loss, but his generous help and kindly interest in everything appertaining to the welfare of the Institution will always be affectionately remembered by his colleagues on the Board of Management.

During the year the Earl of Inverness, C.B., and Mr. A. G. Edwards, M.P., both of whom have been most generous benefactors to the Hospital, and Lord Inverness's gift of £10,000 for the rebuilding of the Infection Department and Pharmacy at the Hospital, which have subsequently taken part in the ...

CHANGES IN THE HONORARY MEDICAL STAFF.

The Board regretted the death of Mr. A. J. Poppel, who from 1882 to 1910 was one of the surgeons of the Hospital, and who upon his retirement in 1910 was appointed a Consulting Surgeon. Mr. Poppel was widely known and was amongst a notable band of St. Mary's men, including Sir William Wilson, Sir Edward Spillars, Dr. A. F. Lill, Mr. Welton and Dr. Roche Lynch, who have been closely and permanently connected with hospital work in this country.

The resignation in April 1911 of Dr. H. Hamilton Green, who has for nearly 20 years been in charge of the X-ray Department, is deeply regretted. Dr. Hamilton Green was the first holder of the position of X-ray Surgeon, and his departure was a great loss to the Hospital. He was succeeded by Dr. F. W. Williams, M.D., F.R.C.S., F.R.S.E., who has since been in charge of the Department.

Mr. W. C. W. Nixon, M.D., F.R.C.S., has been appointed as Senior Consultant Surgeon to the Hospital, and is also appointed as Professor of Chemistry and Geology at the University of Hong Kong. His appointment to the Hospital is a great honor to the Hospital and to the University.

The Honorary Staff of the Hospital, which has been appointed to all the various departments, is as follows:

Mr. A. Dixon, M.D., M.B., F.R.C.S., is appointed Surgeon in Charge of the Department of General Surgery, and Dr. D. H. Britton, M.B., B.Ch., F.R.C.P., is appointed Physician in Charge of the Department of Internal Medicine.

BOARD OF MANAGEMENT

The Annual Meeting of the Board of Management took place on Monday, the 14th of June, at 11 o'clock in the morning. The following Ordinary Members, residing in London and being eligible, were present:

- Mr. Vincent Drummond
- Mr. R. M. G. G. G. G.
- Mr. H. G. G. G. G.
- Mr. E. G. G. G. G.
- Mr. J. G. G. G. G.

The following members of the Honorary Medical and Surgical Staff of the Hospital were present:

- Mr. A. G. G. G. G.
- Mr. B. G. G. G. G.
- Mr. C. G. G. G. G.
- Mr. D. G. G. G. G.
- Mr. E. G. G. G. G.
- Mr. F. G. G. G. G.
- Mr. G. G. G. G. G.
- Mr. H. G. G. G. G.
- Mr. I. G. G. G. G.
- Mr. J. G. G. G. G.

At the first meeting of the Board after the Annual Meeting, Mr. H. G. G. G. G. was appointed Chairman and Mr. J. G. G. G. G. was appointed Vice-Chairman. Mr. K. G. G. G. G. was appointed Secretary of the Committee.

MEMORANDUM

The Board of Management is deeply indebted to Mr. G. G. G. G. G. for his valuable assistance and advice in the preparation of this report. It is also indebted to Mr. H. G. G. G. G. for his valuable assistance and advice in the preparation of this report. It is also indebted to Mr. J. G. G. G. G. for his valuable assistance and advice in the preparation of this report.

During the year the Earl of Iveagh, C.B., and Mr. A. O. Edwards were duly elected Vice-Presidents at Quarterly Meetings of the Board specially convened for that purpose. Both have been most generous benefactors to the Hospital, and Lord Iveagh's gift of £40,000 for the re-building of the Inoculation Department led the way to the developments which have subsequently taken place on the "island site."

CHANGES IN THE HONORARY MEDICAL STAFF.

The Board record with deep regret the death of Mr. A. J. Pepper, who from 1882 to 1910 was one of the Surgeons of the Hospital, and who, upon his retirement in 1910, was appointed a Consulting Surgeon. Mr. Pepper was widely known and was amongst a notable band of St. Mary's men, including Sir William Willcox, Sir Bernard Spilsbury, Dr. A. P. Luff, Mr. Webster and Dr. Roche Lynch, who have been closely and prominently connected with medico-legal work in this country.

The resignation in April, 1935, of Dr. G. Harrison Orton, who was for nearly 30 years in charge of the X-Ray Department, is deeply regretted. Dr. Harrison Orton was one of the Pioneers of X-Ray work in this country and his services in the development of the Science of Radiology have proved invaluable. Dr. H. Courtney Gage, M.R.C.S., L.R.C.P., was appointed to fill the vacancy caused by Dr. Orton's resignation, and Dr. E. Rohan Williams, M.D., M.R.C.P., D.M.R.E., was appointed Assistant Director of the Radiological Department.

Mr. W. C. W. Nixon, M.D., F.R.C.S., resigned his post as Second Obstetric Surgeon to Out-Patients, consequent upon his appointment as Professor of Obstetrics and Gynæcology at the University of Hong Kong. The good wishes of the Hospital accompany Professor Nixon in his new appointment.

Mr. Douglas MacLeod, M.S., F.R.C.S., M.C.O.G., was subsequently appointed to fill the vacancy as Second Obstetric Surgeon to Out-Patients.

Mr. A. Dickson Wright (Supernumerary Surgeon to Out-Patients) has been appointed Surgeon to Out-Patients, whilst Dr. D. H. Brinton, B.M., B.Ch., M.R.C.P., was appointed Physician in charge of Department for Nervous Diseases,

and Dr. W. D. W. Brooks, M.A., B.M., B.Ch., M.R.C.P., was appointed a Physician in charge of Out-Patients.

ALMONER'S DEPARTMENT.

During 1935 there have been changes in the personnel of the Department ; the first occurred by the resignation in April of the part-time Almoner who dealt with the Paddington Borough Maternity work and certain out-patient clinics. This led to the Borough Maternity work being taken over by a Health Visitor attached to the Paddington Public Health Department. An additional part-time Almoner was appointed for work in the Out-Patient Department.

If certain figures given in this report are lower than those for 1934 it is because in many directions the work done has been more intensified and thorough in character. This is particularly the case in the Out-Patient Department. Up to the present, apart from obviously necessitous patients, it has not been possible to provide after-care for those suffering from cancer. This would entail home visiting for which no staff is available, though it is a much needed development.

In-Patients.

1,259 patients have been referred to the in-patient Almoner for various types of assistance. This is a slight decrease on the figures of 1,273 for 1934, but more than accounted for by the fact that approximately 176 fewer patients have been referred by Casualty Department for the services of a District Nurse. This was the result of using a special type of dressing for a certain minor operation, which dispenses with the need for supervision by a District Nurse.

Instruments.

There is an increase on last year's figures, 234 instruments having been supplied at a total cost of £336 18s. 11d. Of this sum the Dresden Assistance Fund has helped to the extent of £64 2s. 9d. The outstanding amount has been collected by means of patients' payments, grants from Insurance Societies, and various hospital contributory funds. As no Charitable Society will make a grant after an instrument has been supplied the Dresden Fund is of the greatest value to in-patients, who very often require such provision to be made immediately.

Continued

There has been a further increase in 1935 in the number of patients sent for Convalescent Home, showing a total of 202 as against 163 in 1934.

Employed Convalescent Home	146
Metropolitan Convalescent Institution	12
Other Homes	12
Insufficiently recovered from long convalescence with treatment	28
Transferred to Homes for Advanced Cases	2
Maternity Convalescent Home	1

In addition to the above 202 patients have been transferred to other hospitals, and are being treated on various accounts.

A larger number of patients have been sent to the Convalescent Home than in 1934, and the percentage of patients stayed as long as 12 weeks, and the percentage of patients supervised has also tended to increase. A comparison of the breakdown of very few patients for 1934 and 1935 towards the payment now due to the Government, and the total sum of 202 is set out in the following table. The total sum of 202 is the number of patients who have not been sent from hospital to any other institution.

It is interesting to find that in 1935 the percentage of patients who have stayed as long as 12 weeks has increased from 10.4 to 12.4. The majority of these patients are sent to the Convalescent Home, and the percentage of patients who have stayed as long as 12 weeks is 10.4.

ALMONY DEPARTMENT

During 1955 there have been changes in the personnel of the Department. The staff consisted of the following in 1955: The post room attendants were the following: through Maternity were not certain out-patient clinics. The out-patient clinic has been taken over by a District Medical Officer in the Maternity Public Health Department. An additional post room attendant has been appointed to the Out-Patient Department.

The Maternity Department is now a separate unit and is situated in the Maternity Department. The work of the Maternity Department is characterised by a high standard of care in the Out-Patient Department. The Maternity Department is a very busy department and it is necessary to provide extra staff for the Maternity Department. This would entail more visiting staff which would be a considerable amount of extra staff.

The Maternity Department has been moved to the Maternity Department for various reasons. This is a slight change in the layout of the Maternity Department. The Maternity Department has been moved to the Maternity Department for the purpose of a District Office. This is a slight change in the layout of the Maternity Department. Convalescence.

There has been a further increase in 1935 in the number of patients sent to Convalescent Homes, showing a total of 482, as against 463 in 1934.

Parkwood Convalescent Home	150
Metropolitan Convalescent Institution	132

			<hr/> <hr/>

In addition to the above, 22 patients have been transferred to other Hospitals, Clinics and Nursing Homes for various reasons.

A larger number of patients have been sent to Parkwood Convalescent Home than in previous years. Some have stayed as long as six weeks, and this extra time under careful supervision has done much to prevent a recurrence of the breakdown. Very few patients are asked to contribute towards the payment now due to Parkwood, and towards the total sum of £302 5s. 8d. due, Dresden Assistance Fund has contributed £76 11s. 11d.; the remaining amount has been met by grants from Insurance Societies and contributory schemes.

It is pleasing to find there is an increasing tendency to send patients suffering from severe gastric trouble to Homes providing special diet; the majority of these patients are men, 65 of whom were sent to suitable Homes. With few exceptions, these patients did remarkably well.

Special Spa treatment has been arranged for ten patients suffering with Arthritis in an acute form.

Of the many other kinds of help given only one unusual example need be quoted ; this is a case in which as the result of a complete nervous breakdown there had been an attempt at suicide. On the Physician's instructions long medical and social reports were sent to the Court authorities. These were at least partly instrumental in the patient being placed on probation instead of being sentenced to a term of imprisonment.

OUT-PATIENT DEPARTMENT.

Financial.

A new record has been reached in the number of surgical instruments and appliances supplied through the Almoners' Department, *i.e.*, from 954 in 1934 to 1,018 in 1935. This increase is due to the following three factors :—

1. The growth of the Orthopædic Clinic.
2. The growth of the Varicose Veins Clinic, and increased number of Elastic Stockings recommended.
3. The growth of the Dental Clinic and consequently increased demand for Dentures.

The Almoners' Department was responsible for raising £1,452 16s. 8d. for these instruments, which sum was obtained from the following sources :—

	£	s.	d.
Patients' payments	768	12	5
Hospital Saving Association	132	15	8

The committee has been very busy in the latter part of the year, and has been very successful in its work. It has been particularly successful in its work in the latter part of the year, and has been very successful in its work.

Other cases in which the Fund has been most useful are those who live outside the L.C.C. area, where there are few, or no Charitable Societies and County Council Insurers are limited.

Local

On the social side, the most important development of the Out-patient Almoners' work has been the increased possibility of watching cases suffering from mental illness, and the consequent increase in the number of cases treated. This has been due to the fact that the Almoners have been able to secure the services of the medical department of the general hospital, and have been able to secure the services of the medical department of the general hospital.

Maternity Department

In the Maternity Department, the Almoners have been very successful in their work. They have been able to secure the services of the medical department of the general hospital, and have been able to secure the services of the medical department of the general hospital.

The Special Clinic

The Special Clinic has been very successful in its work. It has been able to secure the services of the medical department of the general hospital, and has been able to secure the services of the medical department of the general hospital.

Special treatment has been given to the patients suffering with asthma in an early form.

The many other kinds of lung disease have also received special attention. In fact, a special department of pulmonary medicine has been organized there had been an attempt to do so. In the previous instructions the department was organized and the work was done in the most satisfactory manner. It was a great success in the past and being able to do this kind of work is being continued in a form of improvement.

OUT-PATIENT DEPARTMENT.

It has been found in the matter of out-patient department the patients supplied through the Alameda Hospital in 1904 in 1905 in 1906. The number of patients treated in 1904 was 1,000, in 1905 1,200, and in 1906 1,500.

The number of patients treated in 1907 was 1,800, in 1908 2,000, and in 1909 2,200. The number of patients treated in 1910 was 2,500, in 1911 2,800, and in 1912 3,000. The number of patients treated in 1913 was 3,200, in 1914 3,500, and in 1915 3,800.

The number of patients treated in 1916 was 4,000, in 1917 4,200, and in 1918 4,500. The number of patients treated in 1919 was 4,800, in 1920 5,000, and in 1921 5,200.

The generous help given last year by the Ladies' Association has been continued. With this assistance it has been possible on several occasions to provide an extended stay for patients at Convalescent Homes, greatly to their advantage.

Other cases in which the Fund has been most useful are those who live outside the L.C.C. area, where there are few, or no Charitable Societies and County Council facilities are limited.

Social.

On the social side, the most important development of the Out-Patient Almoners' work has been the increased possibility of watching cases suffering from heart trouble, rheumatism, anæmia, gastric trouble and diabetes mellitus, &c., with special reference to obtaining diets and insulin, and ensuring rest where necessary. This is the natural development of the general work which has been facilitated by the relief given in 1934 by the appointment of a part-time Almoner.

Maternity Department.

In the Maternity Department the increased bookings of patients for confinement on the district have been maintained well. Bookings for admission to the Hospital Maternity Ward have also slightly increased.

The Special Clinic.

The past year has been one of steady expansion, both in the amount and scope of service. Attendances on the women's side alone amount to 33,112, being 8,666 in advance of 1934, an average weekly increase of 167 throughout the year. It must be borne in mind that this increase is relative only, since the first consideration is always the welfare of the individual. This often means referring patients to other hospitals, medical hostels or children's homes, and results in a loss to the statistics of several hundred attendances on the year.

Much following up has been done by home visiting, personal contact being often more productive of results than letters. Altogether 424 visits were paid, an increase of over 300 on the previous year. Several factors have contributed to this increase, among which may be mentioned an experiment with happy results in an appeal to the Social Science Department of the London School of Economics for a weekly visitor; two students volunteered and gave one afternoon weekly throughout the Christmas term.

Of 61 maternity patients 15 were considered medically and socially suitable for admission to this hospital, others requiring in many instances far-reaching plans involving co-operation with other hospitals and outside agencies. Attendance of all such patients is carefully watched; plans made in accordance with the recommendation of the Medical Officer and help given as necessity arises, for their completion.

Great assistance in this direction has been given by Miss Wood, a voluntary worker, who has given her services for one day each week throughout the year. Her help is greatly appreciated.

Enquiry into occupations reveals that 34 per cent. of the 670 new patients during 1935 were married women, often requiring placing of children during the mother's stay in hospital, fares in necessitous cases and assistance over times of the wage earner's unemployment. Of the single girls 17 per cent. proved to be domestic workers, 12 per cent. unemployed, and 6 per cent. of no occupation requiring, in many instances, work, clothes and lodgings.

THE LADIES' ASSOCIATION.

During the year £442 6s. 10d. was spent on 600 ward sheets, 100 cot sheets, 450 twill sheets, 150 blankets, 750 pillow cases, 60 yards of ward curtaining, 65 mattress covers, 224 dressing gowns, whilst £133 19s. 10d. was spent on wool and flannel for making garments for the patients.

THEIR DAY was held on the 27th March, when a large number of Ladies, consisting of Mrs. Stone, Mrs. May, Mrs. Carter, Mrs. Withwood, Mrs. Hobbay and Miss Selous were in charge of the arrangements. The day was received in great interest and many fine gifts and generous contributions being given by the ladies in the neighbourhood, who were encouraged under the inspiration of Mrs. Hobbay.

Members of the Association also helped at the services of the Hospital "Flag Day" and, in addition, took charge of a Depot on "Alexandra Day".

A very successful Children's Party was held on the 1st June at No. 1, Hyde Park Gardens, by kind invitation of Lady Ian Hamilton. The arrangements for the party were supervised by Mrs. Carter and Miss Selous, and a sum of over £150 was realised.

The Executive Committee of the Association reported very respectably in all matters connected with the Hospital, and the work done by them was highly appreciated. The Committee also reported on the work done by the members of the Association in providing the garments, dress and articles for the use of patients in the Hospital.

The qualification for the office of Vice President is that the candidate be a lady who has done at least one year's work in collecting and supplying garments for the Hospital, and who has made an equal and valuable contribution to the work of the Association in the past year.

The names of Mrs. Stone and Mrs. Carter, the Honorary Treasurer and Secretary, were proposed for re-election at the Hospital party, Wednesday, 27th March, and were elected by a large majority.

Pound Day was held on the 20th March, when a Committee of Ladies, consisting of Mrs. Wilson, Mrs. Matthew, Mrs. Oates, Mrs. Whitbread, Mrs. Hollway and Miss Salmon were in charge of the arrangements. £289 15s. 3d. net was received in cash and nearly four tons of goods, large and generous contributions being given by the schools in the neighbourhood, who were canvassed under the supervision of Mrs. Hollway.

Members of the Association also helped on the occasion of the Hospital "Flag Day" and, in addition, took charge of a Depot on "Alexandra Day."

A very successful Children's Party was held on the 1st June at No. 1, Hyde Park Gardens, by kind permission of Lady Ian Hamilton. The arrangements for the party were undertaken by Mrs. Currie and Miss Colquhoun, and the sum of over £154 was realised.

The Executive Committee of the Ladies' Association appeal very earnestly to all ladies interested in the Hospital to support them in their work by joining the Association, enlisting new members, making garments or lending their houses for work parties. The object of the Association is to provide the garments, linen and blankets required for the use of patients in the Hospital.

The qualification for the office of Vice-President is that she shall undertake to subscribe not less than 10s. 6d. yearly, in addition to enrolling at least four members, collecting their subscriptions and supplying them with work and wool. Members undertake to subscribe to the Hospital and knit and make up cut out garments to be obtained from their Branch or Vice-President.

Mrs. Maynard Smith and Mrs. Cope, the Honorary Work Secretaries, are at the Hospital every Wednesday morning between the hours of 11 and 12 o'clock during the

months of October to March. Miss Salmon, Honorary Secretary, Parkfield, Hadley Wood, Herts, will gladly give any information respecting the work of the Association.

The Board of Management deeply appreciate the most valuable assistance given to the work of the Hospital throughout the year by the Ladies' Association.

REPORT OF THE CHAPLAIN.

It is a matter of deep regret that owing to ill-health, and in consequence of his acceptance of a living in the country, the Rev. Percy Gordon, M.A., has had to resign the office of Chaplain, the duties of which he so ably carried out. The Rev. Sydney Nowell-Rostron, M.A., his successor to the parish of St. James, Paddington, has been appointed to fill the vacancy, and a hearty welcome is extended to him.

The Chapel services throughout the year have been very well attended, and are much appreciated by the staff and those patients well enough to attend. In addition to the services in the Chapel, arrangements have been made, for a great number of years past, for a small choir, under the leadership of Mr. George and Mr. Walker, to visit the wards on alternate Sundays. The resignation of Mr. Walker, after 27 years in the choir (20 years as leader) is much regretted, but the Hospital is deeply indebted to him for his devoted work, which has done so much to brighten and help those whose illness necessitated their stay in Hospital.

Grateful thanks are due to Mr. Slade of the London City Mission, who continues to visit the wards and to assist with the ward services on Sunday afternoon, and also to the Matron and Nursing Staff and all those who have been responsible for the arrangement of the flowers in the Chapel and for the general preparations for the services held there.

The offerings contributed during the year have been allocated towards meeting the Chapel expenses, and donations have also been made for the maintenance of the St. Mary's Cot at the C.M.S. Hospital at Quetta, and to the work of the London City Mission.

VEGETABLE COLLECTION.

For a number of years past a scheme for the voluntary supply of vegetables for the Hospital has been organised by Mr. WILLIAMS-WYNN. The results have been encouraging, and last year a most welcome supply of fresh vegetables has been sent by friends including a number of Women's Institutes. The scheme provides that on any Monday in the year, selected by the donor, a strong sack will be sent from the Hospital by parcel post to be filled with not less than 1 cwt. of such vegetables as may be available, and to be despatched so that it may arrive at the Hospital during the week. The fresh vegetables which have been sent have afforded an excellent variety in patients' diets, and have been much appreciated. Full particulars of the scheme will gladly be given if application be made to F. Williams-Wynn, Esq., C.B., Chisworth Cottage, near Guildford.

CHANGES IN THE ADMINISTRATIVE STAFF.

The Board record with regret the sudden death of Mr. H. J. Mayo, the Accountant to the Hospital and Medical School. Mr. Mayo was a devoted servant, and his loss is deeply deplored. Mr. Rees, the Assistant Secretary, General London Trusts, New and Old Hospital, has been requested to fill the vacancy. The changes in the Administrative Staff during the year have been mainly ministerial, and appointments are offered to Mr. A. G. Parrard (Appointed Secretary) and Mr. Landels (Accounts Officer) upon the following appointments they have succeeded in obtaining at the Brompton Hospital and Royal Richmond Hospital, respectively.

CHANGES IN THE ADMINISTRATIVE STAFF.

The Board record with regret the sudden death of Mr. H. J. Mayo, the Accountant to the Hospital and Medical School. Mr. Mayo was a devoted servant, and his loss is deplored. Mr. Reeve, the Assistant Secretary, Central London Throat, Nose and Ear Hospital, has been appointed to fill the vacancy. The changes in the Administrative Staff during the year have been unduly numerous, and congratulations are offered to Mr. A. G. Barnard (Appeal Secretary) and Mr. Lauderdale (Accounts Office) upon the important appointments they have succeeded in obtaining at the Brompton Hospital and Royal Richmond Hospital, respectively.

**THANKS TO THE HONORARY MEDICAL AND SURGICAL
STAFF.**

The Board conclude their Report with an expression of their sincerest thanks to the members of the Honorary Medical and Surgical Staff for their constant attention and kindness to the patients and for their valuable services to the Hospital throughout the year.

Signed on behalf of the Board of Management,

HENRY E. VEREY,

Chairman.

I Give and Bequeath to the Treasurer or Treasurers for the time being of a Corporation called the President and Governors of St. Mary's Hospital, Paddington, the sum of..... free of Legacy Duty, for the Endowment in perpetuity of a Bed (or Cot) in the said Hospital; the said Bed (or Cot) to be named the "....." Bed (or Cot), and I declare that the receipt of the Treasurer or Treasurers for the time being of the said Corporation shall be a sufficient discharge for the same.

For particulars respecting the Endowment of Beds and Cots see page 37.

The George Sturge Trust Fund.

In the year 1884 Mr. George Sturge, of Woodthorpe, Sydenham Hill Road, executed a Deed of Trust conveying to St. Mary's Hospital £926 *Great Eastern Railway 5 per Cent. Preference Stock, representing one thousand pounds (£1,000), under the following conditions :—

“ In giving the sum of £1,000 for a Samaritan Fund for the above Hospital, Mr. Sturge gives it on the conditions that this Fund shall be kept entirely separate from the General Funds of the Hospital, and that the income shall be paid to, or applied for, such In-Patients as may be necessitous, and within three months from their discharge from the Hospital, and for the purpose of their having necessary nourishment, clothing, or change of air.”

“ Mr. Sturge hopes that this Fund may be made known and that others may be induced to subscribe to it.”

*Converted, in 1902, to £972 Great Eastern Railway Consolidated 4 per cent. Preference Stock, and again converted, in 1923, to £972, London & North Eastern Railway 4 per cent 1st Preference Stock (see page 52.)

The Disbursements under this Trust Deed are included in the Convalescent Fund Account on page 47 of this Report.

The Electric Surge

Chapter I

The first thing I noticed when I stepped out of the car was a sharp, cold breeze. It felt like a hand reaching out to shake me awake. I looked up at the sky, where a few wispy clouds were scattered across a pale blue expanse. The sun was just beginning to rise, its light filtering through the trees and casting long, soft shadows on the ground. I took a deep breath, feeling the cool air fill my lungs. It was a strange sensation, like I had been in a warm blanket and was suddenly being thrown into a cold shower. I walked towards the building, my feet crunching on the gravel path. The sound was rhythmic, almost hypnotic. I could hear the distant hum of traffic, the faint chirping of birds, and the soft rustle of leaves. It was a symphony of sounds, each one playing its part in the morning's melody. I felt a sense of peace, a sense of being in the right place at the right time. The world was waking up, and I was part of it.

I had never before, and I had never after. The world was waking up, and I was part of it. £545641 11 1

We have examined the above Balance Sheet and the foregoing Income and Expenditure Accounts, and having compared them with the books and records of the Hospital, we find them to be in accordance therewith. We have verified the Investments and Bank Balances.

To the best of our knowledge and belief the Regulations of the Revised Uniform System of Hospital Accounts as adopted by the Central Funds have been followed in the preparation of the Accounts.

GOVERNMENT AND MANAGEMENT.

The mode of government is by a Board of Management, meeting Monthly, and by Standing Committees appointed by the Board of Management.

The Board of Management consists of the President, Vice-Presidents, and Treasurers (permanent Members), and twenty-eight Governors elected annually (Ordinary Members), of whom not more than five may be women. Of the Ordinary Members eight are Members of the Medical Staff or Lecturers in the Medical School (Medical Members).

QUALIFICATIONS AND PRIVILEGES OF SUBSCRIBERS.

Ann. Subscribers of	Donors of	Privileges.
£1 1 0	or £10 10 0	May recommend 3 Patients annually.
2 2 0	or 21 0 0	May recommend 6 Patients annually.
3 3 0	or 31 10 0	May recommend 9 Patients annually, and are eligible for Election as Governors.

Subscribers of greater sums are entitled to recommend Patients in proportion to the amount of their subscriptions. Letters are not issued unless expressly desired, as many Subscribers do not require them.

Governors have also the privilege of visiting the Hospital under regulations made by the Board of Management, provided that they previously ascertain from the Secretary that such visit will not interfere with the work of the Hospital.

Executors of any considerable benefactor by Will are eligible to be elected Honorary Life Governors.

THE MATERNITY.

Annual Subscribers of One Guinea, or *Donors* of Ten Guineas to the MATERNITY FUND, may recommend three Patients annually to that department; and so on in proportion to the amount of the subscription.

ADMISSION OF PATIENTS

Applicants are treated as In-Patients or Out-Patients at the discretion of the Medical and Surgical Staff, and at the accommodation available in the Wards may permit.

Residence and other fees payable by the medical Officers are not for an actual period admitted without Letters at all times.

Doctors of Letters seeking admission as In-Patients must present their Letters at the Hospital at 1 o'clock (Sunday excepted).

Such applications having received the sanction of the Medical Officer of the Hospital from a distance, without notice, it is recommended that the Applicant coming from a distance or reports on to previous cases and other communication with the Hospital office be given at the least seven days before the Patient intends to apply for admission, showing a Medical Certificate stating as fully as possible the nature of the case.

VISITING DAYS, Adults: Wednesdays and Saturdays from 9 to 12 and Sundays and Public Holidays from 2 to 4.

Old Patients are admitted daily (Sundays and Public Holidays excepted). They must present their Letters at the Hospital at the following times:

Out-patient Cases	4	* Day Department	2
Sea Cases	1		284

* Special Beds are provided for these cases

GOVERNANCE AND MANAGEMENT.

The Hospital is governed by a Board of Management, meeting Monthly, and an Executive Committee appointed by the Board of Management.

The Board of Management consists of the President, two Presidents, and two Vice-presidents, Government Members, and twenty-eight Governors elected annually (thirteen Members, of whom not more than five may be women, of the College; Members elected are Members of the Medical Staff or Lecturers in the Medical College, and other Members).

QUALIFICATIONS AND PRIVILEGES OF SUBSCRIBERS.

Age	Residence	Time	Privileges	
21	1/2	or	5/6 1/2 3	May recommend 2 Patients annually.
24	2/2	or	21 0 0	May recommend 6 Patients annually.
30	3/2	or	21 10 0	May recommend 2 Patients annually, and are eligible for Election as Governors.

Subscribers of greater ages are entitled to recommend Patients in proportion to the amount of their subscriptions. Excess are not issued unless expressly desired, as most Subscribers do not require them.

Subscribers have also the privilege of visiting the Hospital under regulations made by the Board of Management, provided that they previously ascertain from the Secretary that such visit will not interfere with the work of the Hospital.

Transfer of any amount in the transfer by Will are eligible to be Elected Honorary Life Governors.

THE MATERNITY.

A special Maternity in the London or Town of 100 Beds in the Maternity Fund, may recommend three Patients annually in that Hospital, and as in the provision in the amount of the subscription.

ADMISSION OF PATIENTS.

Applicants are treated as In-Patients or Out-Patients at the discretion of the Medical and Surgical Staff, and as the accommodation available in the Wards may permit.

Accidents and other cases deemed urgent by the Medical Officers are (so far as space permits) admitted without Letters at all times.

Holders of Letters seeking admission as In-Patients must present their Letters at the Hospital at 1 o'clock (Sundays excepted).

Much inconvenience having occurred in consequence of the arrival of Patients from a distance, without notice, it is requested that in the case of Patients coming from places so remote as to preclude easy and cheap communication with the Hospital, notice be given to the Secretary three days before the Patient intends to apply for admission, enclosing a Medical Certificate stating as fully as possible the nature of the case.

VISITING DAYS. Adults : Wednesdays and Saturdays, from 4 to 5 ; and Sundays and Public Holidays, from 3 to 4.

The first part of the paper is devoted to a general discussion of the problem. It is shown that the problem is equivalent to the problem of finding a path of length n in a graph with n vertices and $n-1$ edges. This is a well-known problem in graph theory, and it is shown that it can be solved in $O(n)$ time.

In the second part of the paper, we consider the problem of finding a path of length n in a graph with n vertices and $n-1$ edges, where the graph is a tree. It is shown that this problem can also be solved in $O(n)$ time.

Finally, in the third part of the paper, we consider the problem of finding a path of length n in a graph with n vertices and $n-1$ edges, where the graph is a cycle. It is shown that this problem can be solved in $O(n)$ time.

The paper concludes with a discussion of the complexity of the problem and some open questions.

I have been thinking of you very much lately
 and wondering how you are getting on.
 I hope you are well and happy.
 I have been very busy lately
 but I will write to you again soon.
 I love you very much.
 Your affectionate mother,
 Mrs. J. H. Smith

1. The first part of the document discusses the importance of maintaining accurate records of all activities. It emphasizes that these records are essential for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the specific procedures for collecting and organizing data. It details the steps involved in identifying key performance indicators and the methods used to gather relevant information from various sources.

3. The third part of the document describes the process of analyzing the collected data. It explains how statistical techniques and other analytical tools are used to identify trends, patterns, and areas for improvement within the organization.

4. The fourth part of the document focuses on the communication of findings. It discusses the importance of presenting data in a clear and concise manner, using visual aids such as charts and graphs to enhance the effectiveness of the reports.

5. The fifth part of the document addresses the implementation of recommendations. It provides guidance on how to develop actionable plans based on the insights gained from the data analysis, ensuring that the organization can effectively address identified challenges and opportunities.

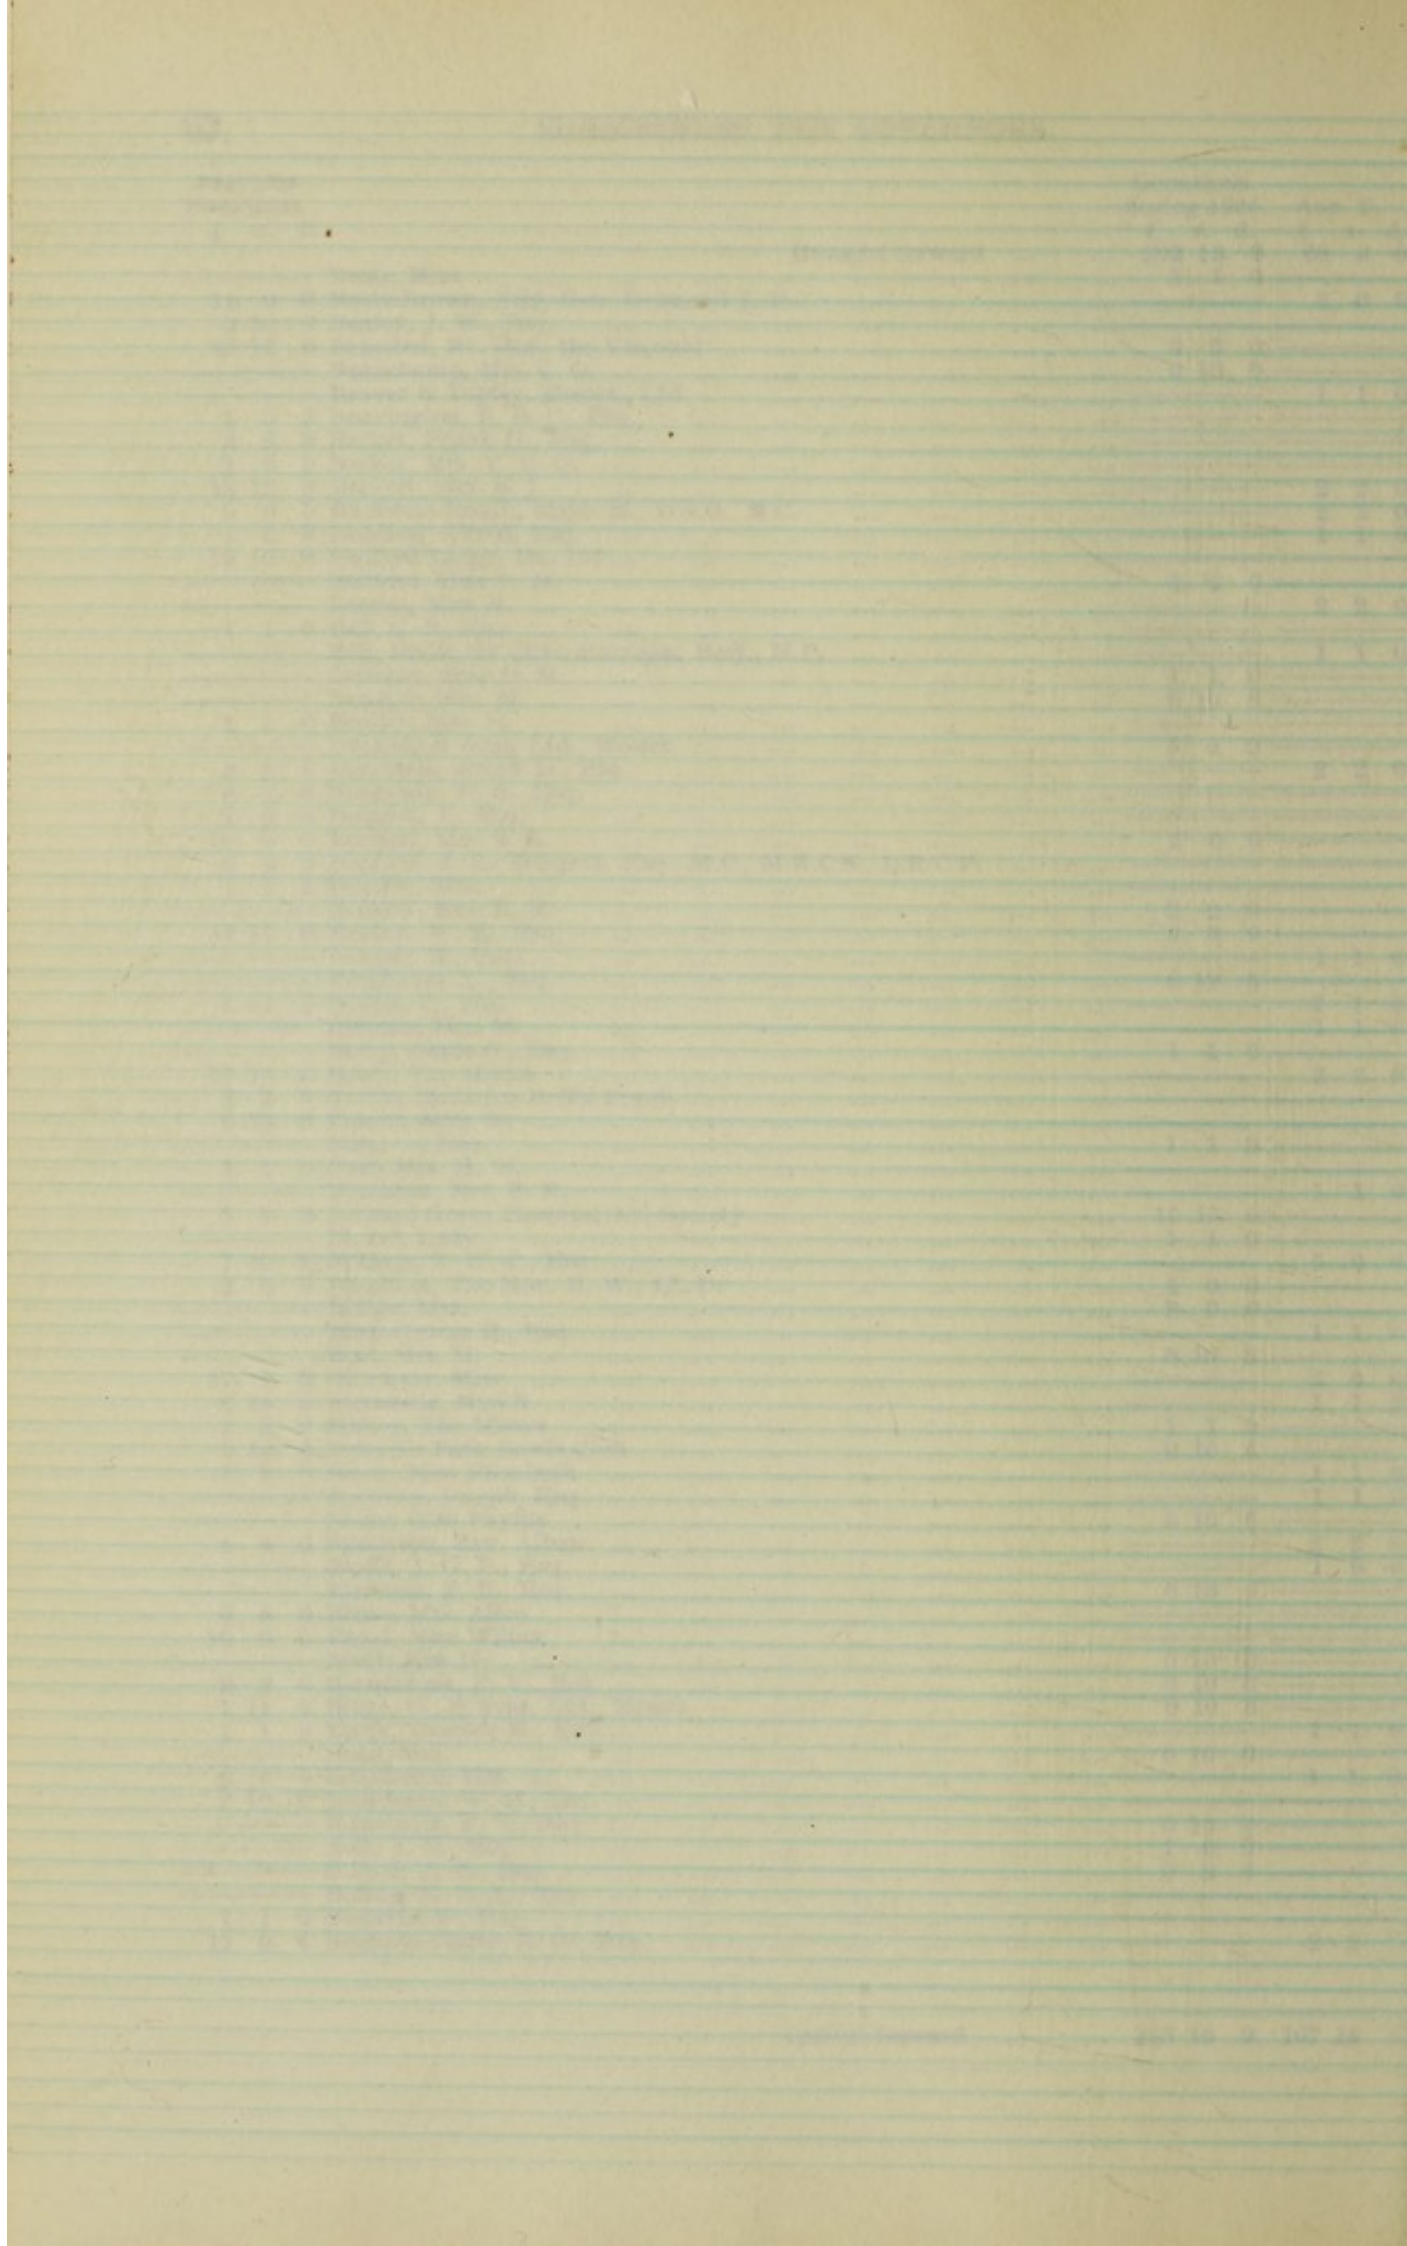

6. The sixth part of the document discusses the ongoing nature of the data collection and analysis process. It highlights the need for continuous monitoring and evaluation to ensure that the organization remains responsive to changing circumstances and can adapt its strategies accordingly.

7. The seventh part of the document concludes by summarizing the key points discussed throughout the document. It reiterates the importance of a data-driven approach to decision-making and the role of accurate records in supporting this process.

8. The eighth part of the document provides a list of references and resources used in the preparation of the document. It includes books, articles, and other materials that provide further information on the topics discussed.

9. The ninth part of the document contains a list of appendices, which include additional data, charts, and supporting documents that are referenced in the main text.

10. The tenth part of the document is a final section that provides contact information for the author and any other relevant details. It also includes a disclaimer and a statement of confidentiality.

Chicago, Ill. 6/15/1915

My dear Mr. ...

I have just received your letter of the 10th and am glad to hear from you. I am well and hope these few lines will find you the same.

I am sorry that I cannot do more for you at present, but I will do what I can.

I am sure that you will understand my position.

I am, dear Mr. ...

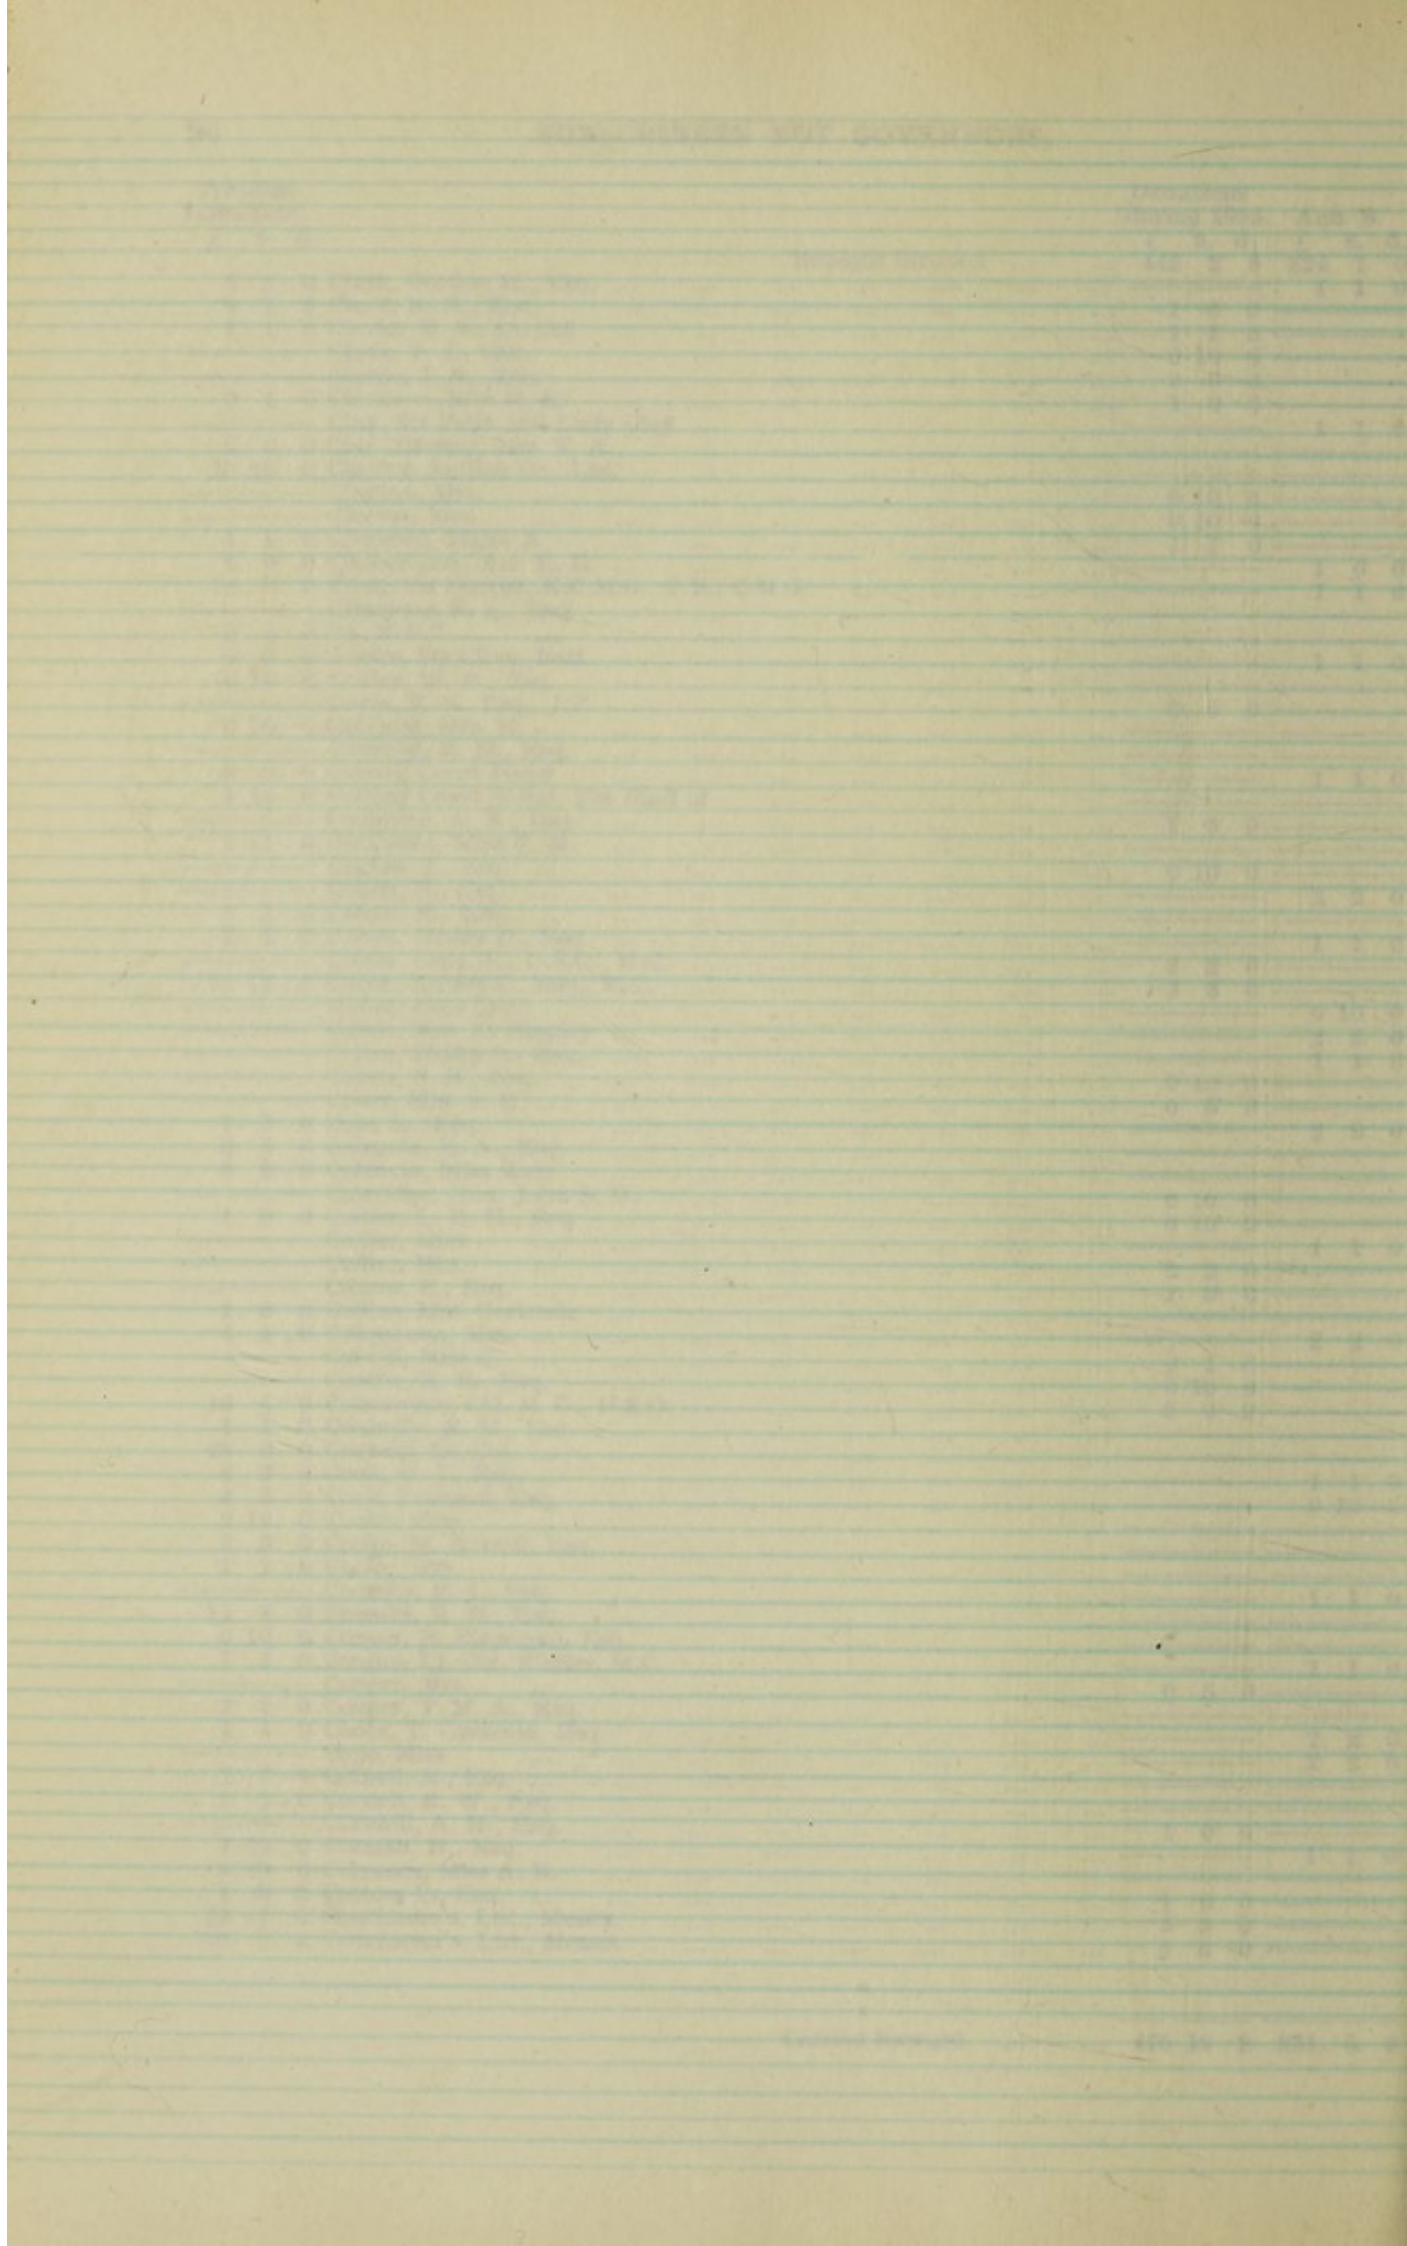

Very truly yours,

1. The first part of the paper

is devoted to a general

discussion of the problem

of the existence of solutions

of the boundary value

problem for the Laplace

equation in a domain

bounded by a piecewise

smooth curve. It is

shown that the problem

is well-posed in the

class of functions

continuous up to the

boundary. The second

part of the paper

is devoted to a

discussion of the

problem of the

existence of solutions

of the Dirichlet

problem for the

Laplace equation in

a domain bounded by

a piecewise smooth

curve. It is shown

that the problem is

well-posed in the

class of functions

continuous up to the

boundary. The third

part of the paper

is devoted to a

discussion of the

problem of the

existence of solutions

of the Neumann

problem for the

Laplace equation in

a domain bounded by

a piecewise smooth

curve. It is shown

that the problem is

well-posed in the

class of functions

The Chinese New Economy is a complex phenomenon that has emerged in the last few decades. It is characterized by a rapid pace of economic growth, a high degree of technological innovation, and a strong emphasis on market-oriented reforms. The Chinese government has played a central role in the development of the New Economy, through a combination of state-led initiatives and market reforms.

One of the key features of the Chinese New Economy is the rapid pace of economic growth. Since the late 1970s, China has experienced a period of sustained economic expansion, with annual growth rates consistently exceeding 10%. This growth has been driven by a combination of factors, including a large and growing labor force, a high rate of investment in infrastructure and technology, and a strong emphasis on market-oriented reforms.

Another key feature of the Chinese New Economy is the high degree of technological innovation. China has emerged as a global leader in a number of key technologies, including artificial intelligence, e-commerce, and mobile payments. This technological leadership has been driven by a combination of factors, including a large and growing pool of scientists and engineers, a strong emphasis on research and development, and a high degree of government support.

Finally, a key feature of the Chinese New Economy is the strong emphasis on market-oriented reforms. The Chinese government has implemented a series of reforms that have opened up the economy to market forces, including the introduction of private enterprise, the liberalization of trade, and the implementation of market-oriented reforms in the financial sector. These reforms have played a central role in the development of the New Economy, and have helped to drive the rapid pace of economic growth and technological innovation.

THIRTY-FIRST ANNUAL REPORT.

The Dresden Trustees have the honour to present their report for the twelve months ending 30th September, 1935, together with the accounts for the same period.

The objects to which the Trustees have continued to devote the funds at their disposal, and the number of Patients benefited under each head, are :—

1.	Patients sent to Convalescent Homes (including 148 sent to Parkwood)	399
2.	„ given pecuniary assistance on discharge	4
3.	„ assisted with clothing on discharge ...	—
4.	„ provided with Surgical and Optical appliances on discharge	117
5.	„ assisted with fares to and from Con- valescent Homes	382
6.	„ assisted with fares to their own homes on discharge from the Hospital ...	149

Great care has been taken to ascertain that Patients are really needy and deserving before assisting them, particularly in Class 2. Thorough enquiry into their financial circumstances has been made in each case.

During the year the Trustees of the Hospital Convalescent Home Parkwood, Swanley, Kent, have placed 13 beds at the disposal of the Hospital. The Trustees of the Dresden Fund, as a result, have been enabled to send 148 Patients to this Home for a period of 19 days or more, and the Trustees gladly take this opportunity to record their grateful thanks to the authorities of the Hospital Convalescent Home for the great benefit which the use of these 13 beds has enabled the Trustees to confer on so many Patients of the Hospital.

Signed on behalf of the Trustees,

17th December, 1935.

THIRTY-FIRST ANNUAL REPORT

The Dresden Trustees have the pleasure to present their report for the thirty months ending 30th September, 1931, together with the accounts for the same period.

The objects to which the Trustees have continued to devote the funds at their disposal, and the number of Patients benefited under each head, are—

1.	Patients sent to Convalescent Homes (including 144 sent to Parkwood)	306
2.	Given pecuniary assistance on their discharge	4
3.	Assisted with clothing on discharge	21
4.	Provided with surgical and General appliances on discharge	117
5.	Assisted with fares to and from Convalescent Homes	201
6.	Assisted with fares to their own homes on discharge from the Hospital	189

Every care has been taken to ascertain that Patients are really needy and deserving before assisting them, particularly in Cases 5. Through supplies into their personal circumstances has been made in

During the year the Trustees of the Hospital Convalescent Home (Parkwood, Swadlow Moor) have placed 13 beds at the disposal of the Dresden. The Trustees of the Dresden Fund, as a result, have been enabled to send 144 Patients to this Home for a period of 10 days or more, and the Dresden gladly take this opportunity to record their sincere thanks to the authorities of the Hospital Convalescent Home for the great benefit which the use of these 13 beds has granted the Dresden to render to so many Patients of the Hospital.

Signed on behalf of the Trustees,
