SECRETARY 2336.

HOSPITAL 2004.

VICTORIA HOSPITAL

FOR
ACCRINGTON AND DISTRICT.

THIRTY-EIGHTH ANNUAL REPORT

OF THE COMMITTEE OF MANAGEMENT,

FOR THE YEAR 1935.

The Committee of Management respectfully submit their THIRTY-EIGHTH ANNUAL REPORT AND STATEMENT OF ACCOUNTS.

During the year one of the oldest consulting Medical Officers, Dr. J. Barr, formerly of Rishton, passed away, and the Committee's heartfelt sympathy was expressed to his relatives in their bereavement.

It is also with deep regret that they have to record the loss, by death, of two of their valued workers in Mrs. Browning and Mrs. Bolton, who acted on the Ladies' Committee for several years.

For some few weeks at the latter end of the year the Hospital was partially deprived of the services of Drs. Geddie and Ross, owing to indisposition. Needless to say an expression of sympathy was tendered to these gentlemen with sincere wishes that they might soon be restored to good health. Meanwhile, temporary arrangements have been made for the carrying out of their duties.

Dr. A. W. Littlewood, M.R.C.S., L.R.C.P., who qualified from St. Mary's Hospital, London, in 1931, and came from the Hospital for Women and Children in Harrow Road, London, was appointed House Surgeon in November last, and is still performing those duties.

In April last, the former Matron, Miss Georgina M. Douglas, tendered her resignation after fifteen years' service. The same was accepted with great regret, and an expression of high appreciation of her services was recorded.

Everyone will join in hearty wishes for her future welfare.

Her post was subsequently filled by the appointment of Miss Isobel Donnelly, who was formerly Sister Tutor and Administrative Sister at the Warneford General Hospital, Leamington Spa.

Another resignation was that of Mr. Hugh Boyd, who acted as Superintendent Gardener for a number of years, and the Committee accord him their best wishes in his retirement. His successor in the office of Parks Superintendent, (Mr. Thos. D. Boyd, F.R.H.S.) has kindly consented to carry out these duties in an honorary capacity.

NEW RULES AND REGULATIONS.

In last year's Report, reference was made to the drafting of new rules to meet the requirements of present-day conditions.

These were submitted to the last Annual Meeting of Life Governors and Subscribers, and were duly adopted.

MEDICAL STAFF.

The triennial election of the Hon. Medical Staff was held in May last, and a full list of those appointed will be found at the beginning of the Report. Drs. P. MacFadden, M.B., B.Ch., B.A.O., and G. Robson, M.B., Ch.B., were also appointed to take up the duties of Anæsthetists.

BLOOD TRANSFUSION SERVICE.

During the year representations were made by the Hon. Medical Staff that it was very desirable to organize a blood transfusion service in conjunction with the Hospital, and the Committee have now pleasure in stating that with the help of the British Red Cross Society, the local branches of Toc. H., and of the St. John Ambulance Brigade, such a service has now been established; a Committee of the last-named having been formed for this purpose with Mr. N. Birtwistle, of 1 Birkett Road, Accrington, as Honorary Secretary.

The Service is expected to be a valuable adjunct to the work of the Hospital, and the grateful thanks of the public are due to a number of earnest young men who have taken up the cause in a most enthusiastic manner.

LINEN LEAGUE.

The Committee desire again to record their high appreciation of the good work carried on by the Linen League, the membership of which has again increased from 493 to 533. In addition to having, as usual, furnished the Hospital with a considerable quantity of materials, they have, during the year, undertaken the provision of linen for the Nurses' Home as well as the Staff uniforms. The Committee tender to the ladies of the League an expression of grateful appreciation of their renewed activity and keen desire to continue and extend their valued assistance.

RADIO EQUIPMENT.

Some two years ago the "News Chronicle" organized the raising of funds with the object of equipping the voluntary hospitals in Great Britain with wireless apparatus in order that the sick and suffering might not have to wait a day longer than necessary to enjoy, as they termed it, the benefits of that invisible healer, "Dr. Radio."

The installation was duly completed last Christmas and was formally presented on the 11th March, 1936.

The equipment extends over the whole of the Hospital premises, and for this exceedingly handsome gift the Management desire to extend their heartfelt gratitude.

X-RAY DEPARTMENT.

It will be remembered that in last year's Report, special reference was made to the installation of new plant and the general development of this department, and a striking comparison can now be made which shews the extent of the increase in the amount of work being carried on. Thus in 1932, there were 431 patients dealt with and 1,110 radiographs taken; in 1933, 738 patients and 1,963 radiographs; in 1934, 1,158 patients and 2,639 radiographs; and in 1935, 1,366 patients and 2,700 radiographs.

The rapid improvement and advance in this part of the Hospital service has been very much appreciated by the medical profession in the Hospital district and the public generally.

The following scale of charges for X-Ray examination has now been fixed for those who desire such examination as private patients, viz. :—

	£	s.	d.
LOWER EXTREMITY :			
Upper end of femur	1	1	0
Hip joint—stereoscopic view	2	2	0
Knee, ankle or foot, two views	2	2	0
UPPER EXTREMITY :			
Fingers—two views.....	1	1	0
Elbow, wrist or hand, two views	2	2	0
Shoulder, one view	1	1	0
Stereoscopic—two films	2	2	0
PELVIS :			
Single film.....	2	2	0

	£	s.	d.
SPINE :			
Two views of limited area	2	2	0
Of the whole spine	3	3	0
SKULL :			
Two views.....	2	2	0
Stereoscopic	2	2	0
Four views	3	3	0
Facial Sinuses	2	2	0
Mastoids.....	2	2	0
Jaw.....	1	10	0
Jaw—temporo maxillary joint.....	1	10	0
Teeth—full set upper and lower jaw	3	3	0
Upper or lower jaw	1	11	6
Single dental film	0	10	6
CHEST :			
One film	2	2	0
Two films or stereoscopic view	3	3	0
URINARY TRACT :			
Kidneys, ureter and bladder	3	3	0
Stereoscopic view.....	3	3	0
(After uroselectan or retrograde pyelography	4	4	0
ALIMENTARY TRACT :			
Oesophagus and cardiac orifice	2	2	0
Opaque meal for complete gastro-intestinal examination	3	3	0
Barium enema, including contrast enema, if necessary	3	3	0
Gall Bladder—Graham's method, including "dye" ...	3	3	0

Hospital patients will be dealt with in the usual way on a "Recommendation" being produced.

BUILDING FUND.

The total assets under this head at the 31st December, 1935, stood at £53,752 12s. 11d.

ENDOWMENT FUND.

The amount now standing to the credit of this Fund is £50,275 14s. 6d., the following further contributions having been received during the year, viz. : from the Grammar School Concert Reserve Fund, £25 ; collection by two forms in Grammar School, £2 4s. od. ; Accrington Stanley Football Club, £15 ; Bank Interest, £1 16s. od.

CONVALESCENT FUND.

The balance to the credit of this Fund at the beginning of the year was £27 7s. 9d., to which must be added interest from investment, amounting to £63; bank interest, £1 11s. 2d.; and contributions on behalf of patients, £2 5s. 0d.

The sum of £47 12s. 0d. was expended in giving assistance to the parents of children sent to the Accrington and District Convalescent Home, at Chaigeley Manor, and £28 10s. 0d. in respect of patients sent to other convalescent institutions. The sum of £4 was contributed towards other expenses of patients, and there was a balance at the Bank at the end of the year of £13 16s. 11d.

REVENUE ACCOUNT.

The total income on this account was £8,906 17s. 1d., and the expenditure £8,857 15s. 0d., against an income of £8,624 11s. 6d., and an expenditure of £7,569 3s. 7½d., in 1934.

The year commenced with a debit balance of £227 13s. 0d., and ended with a debit balance of £184 8s. 2d.

Annual Subscriptions were £826 13s. 6d., against £860 7s. 0d.; Donations, £264 9s. 3d., against £154 9s. 6d.; and Work-people's Contributions £4,554 10s. 9d., against £4,183 19s. 7d., the receipts from the Accrington Education Authority for the treatment of tonsils and adenoids were £204 10s. 8d. against £279 10s. 0d.; congregational collections were £106 7s. 8d., compared with £103 1s. 6d.; Entertainments, Sports, etc., were £291 4s. 9d., as against £462 9s. 10d., payments received under the Road Traffic Acts for the treatment of motor accident cases were £81, against £143, whilst receipts from interest and dividends increased from £1,770 11s. 11d. to £1,850 17s. 4d.

Receipts from patients' payments have increased from £260 7s. 0d. to £284 15s. 8d. Flower Day, from £104 0s. 6d. to £109 13s. 6d.; and payments from Approved Societies decreased from £29 12s. 0d. to £27 13s. 0d.

The decrease shewn under the head of Entertainments, etc., is largely accounted for by the fact that (1) the Grammar School Students' Dramatic Performances were discontinued for one year; and (2) the proceeds from the Annual Cinema performances do not appear this year. It should be explained that in previous years although these performances have been held in January or February, the accounts for the previous year have been kept open so that the money allocated to the Hospital could be included therein, but as our Honorary Auditor strongly advised that the accounts should always be closed promptly on the 31st December, the results of the recent performances will appear in their proper order in the accounts for the ensuing year, and so on from year to year in future.

The Committee again desire to acknowledge, with grateful thanks, the splendid support they continue to receive from the Workpeople of the Hospital district, which helps them so much to carry on the work with increased efficiency.

The expenditure has risen from £7,569 3s. 7½d. in 1934, to £8,852 18s. 1d. in 1935, which includes the balance previously standing to the debit of the X-Ray Account (£1,229 2s. 4d.), and now paid off. The cost of the supply of provisions and the Surgery and Dispensary expenses were about the same, except that the amount expended on films, etc., in the X-Ray Department again rose, from £243 17s. 7½d. to £272 15s. 2d.

The expenditure in the Domestic Department may be said to have again been normal.

The costs of the upkeep of the establishment have been somewhat high, but a good deal has been accomplished, amongst the improvements effected being the following, viz.: The alterations and extensions to the boiler house and installing a new boiler (which, however, have only yet been partially paid for), the better ventilating of the sterilizing room; the installation of a modern type of sterilizers in more convenient positions in the male and female wards; the painting and decorating of the children's ward as well as the painting and decorating of the interior of the Hospital generally, of which there has been a considerable amount.

Further expenditure will, as above indicated, be involved during the current year in completing the alterations and extensions to the boiler house.

The Committee also contemplate still further improvements in the near future when funds are available, including (1) the construction of a new corridor to connect up the Nurses' Home to the main buildings; (2) the erection of a steel canopy and glazing over the ambulance approach to the out-patients' department; (3) the running of a steam main to the Nurses' Home and installation of calorifier heating apparatus; and (4) the provision of considerable additional Surgical appliances.

The Committee once more desire to extend their most cordial thanks to all subscribers, to the organizers of the several Workpeople's Hospital Funds, the Linen League, the various organizations of a social character, supporters of these organizations, to the Directors and Staffs of places of entertainment who have helped the Institution, and to all others who have, in various ways, assisted in the good work.
