WOMAN'S HOSPITAL

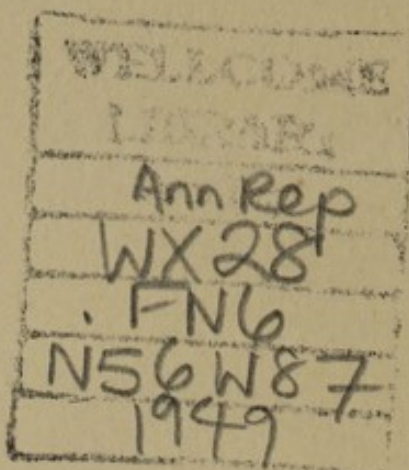

IN THE

STATE OF NEW YORK

Ninety-Fourth Annual Report

FOR THE

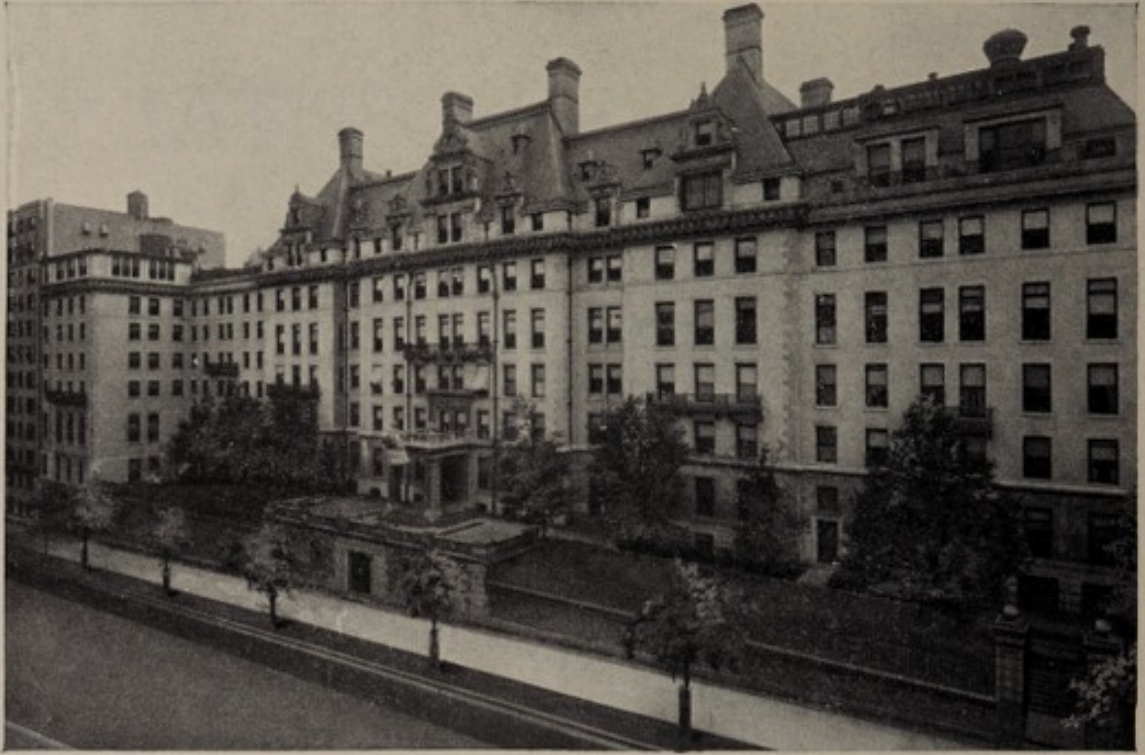

YEAR ENDING

DECEMBER 31st, 1949

HOSPITAL SITUATED ON 109th AND 110th STREETS
BETWEEN AMSTERDAM AND COLUMBUS AVENUES
NEW YORK CITY

PRESENT

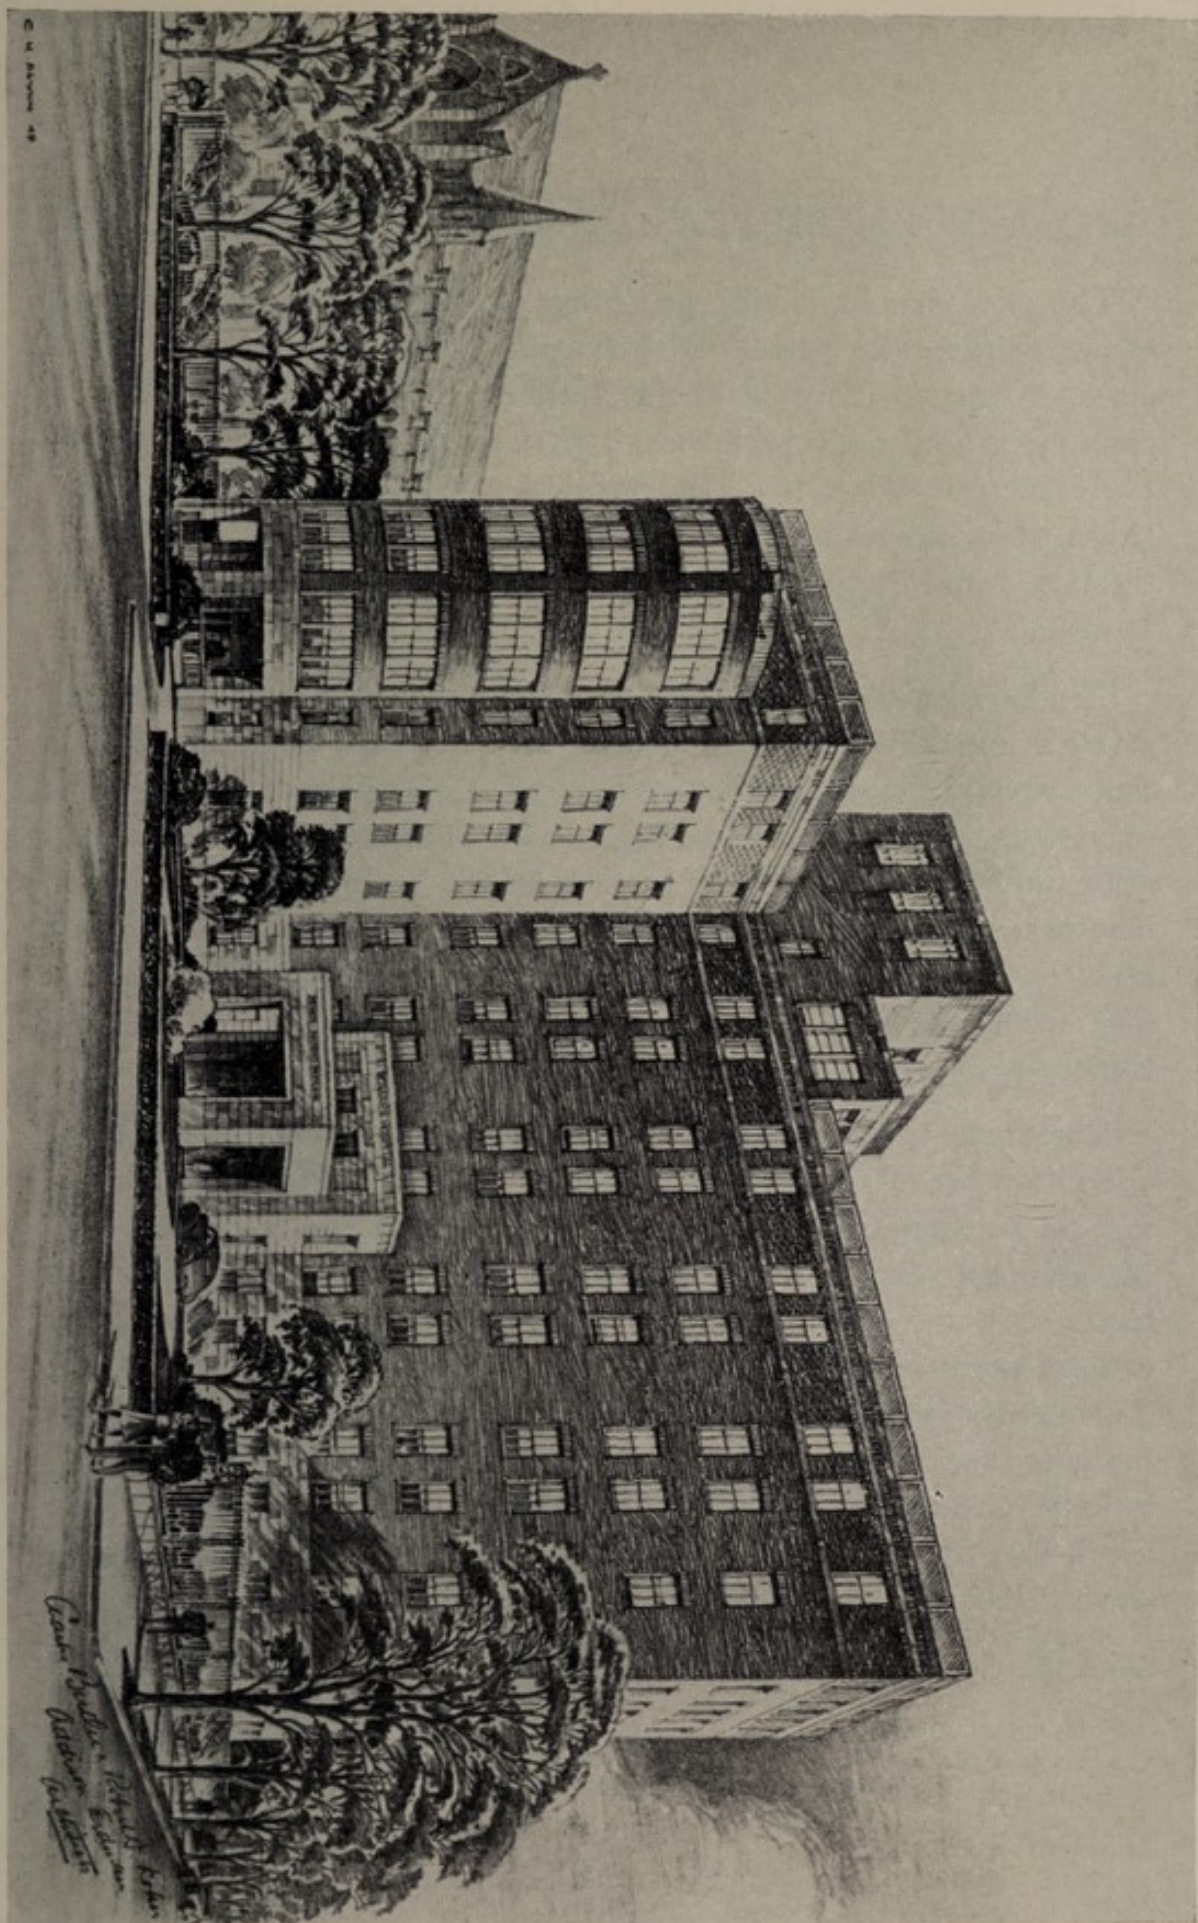

WOMAN'S HOSPITAL 1906-

PAST

The WOMAN'S HOSPITAL was established on May 4, 1855 in a building at Madison Ave. and 29th Street 1855-1867.

WOMAN'S HOSPITAL 1867-1902

PROPOSED ADDITION TO WOMAN'S HOSPITAL.

WOMAN'S HOSPITAL AND THE COMMUNITY

The photographs on the preceding pages illustrate progress and change, and reflect the ever-advancing trends in the practice of medicine. Woman's Hospital in the State of New York has served its community in the specialties of obstetrics and gynecology during the past ninety-four years. The Surgical Staff has maintained a position of world leadership in these specialties, and has carried out the hopes and dreams of Dr. J. Marion Sims, the founder of the Hospital.

The Woman's Hospital was opened in a small building at Madison Avenue and 29th Street in 1855. Twelve years later, in 1867, a large hospital, which set the standard for hospitals of its day, was opened on a block of land at Park and Lexington Avenues between 49th and 50th Streets, the present site of the Waldorf Astoria Hotel. The present Hospital, which was opened in 1906, reflected the best architectural thinking of the early twentieth century, and when it was opened it was hailed as a remarkable achievement in hospital construction.

The present Hospital building has now served the community for forty-four years. Land adjoining the Hospital to the west, bordering on Amsterdam Avenue, has been acquired for the erection of an addition. Before proceeding with this, however, it seemed wise to renovate the present building and accordingly the Board of Governors authorized the expenditure of \$400,000 for this purpose. This money is being raised through contributions by friends, former patients, and everyone interested in perpetuating the unusual and wonderful service that has been rendered to the women of New York City by this Hospital. A summary of the work accomplished during 1949 is contained in the director's report.

NINETY-FOURTH ANNUAL REPORT OF THE BOARD OF GOVERNORS OF THE WOMAN'S HOSPITAL

The Board of Governors of the Woman's Hospital in the State of New York presents the following report regarding free care given by the Hospital for the year ending December 31, 1949:

	<i>Patients Treated</i>	<i>Days of Treatment</i>
Ward Service: Adults	2,521	22,931
Infants	1,234	11,135
Total	3,755	34,066
Total Cost of Adult and Infant Ward Service		\$506,180.16
Income from Ward Patients		295,311.55
Total Cost of Free Ward Care Rendered		\$210,868.61
or 42% of this service was FREE		
Out-Patient Departments Visits	35,109	
Cost of Rendering O.P.D. Service		\$101,281.52
Income from O.P.D. Patients		60,879.34
Cost of Free O.P.D. Service		\$40,402.18
or 40% of this service was FREE		
Net Cost of Charitable Activities for the Year		\$251,270.79

The year 1949 has been one of real progress at the Hospital.

The Board inaugurated in 1948 a three-year plan to bring the physical plant of the Hospital entirely up to date. We believe that the work done during 1948 and 1949 places our Hospital in first class condition for the basic care of the patient. Our program for 1950 will add to the comfort of our patients and to the attractiveness of the Hospital for all who come to it.

The greatest expense in 1950 will be the modernization of our heating system and the completion of our plumbing and wiring renewals and improvements.

New equipment is needed continually to accord with the latest surgical practice. Such equipment has been purchased, and will be purchased in the future whenever required.

It is vitally important that this great teaching Hospital, where such fine care is given to our patients, should always have the best kind of facilities to make this work most effective.

The cost of this essential program is great, and the Board believes the full cost should be amortized over a reasonable period, so that our endowment may not be depleted.

ANNUAL REPORT OF THE BOARD OF GOVERNORS

We earnestly ask our many friends to contribute to the extent of their ability, both for the maintenance and improvement of the Hospital during 1950.

During this period of reconstruction, our nursing care of the patients has not only been maintained, but also improved.

Our Surgical Staff, under the able leadership of Dr. Aldridge, has kept our Hospital an outstanding institute, both for the care of the patient, and as a teaching Hospital.

Under Dr. Klicka as Director, the Hospital has functioned very efficiently and many improvements have been made in every department of the Hospital.

A constant scrutiny by the Board of reports on all sums spent in carrying on the work of the Hospital has meant that, with the complete support of Dr. Klicka, many economies have resulted while better service has been given to our patients.

Our thanks go to everyone employed at the Hospital who has shown unfailing interest and devotion to the Hospital.

Our able and interested Assistant Board has accomplished a vast amount towards improving the interior of the Hospital by redecorating many rooms. The delightfully decorated Nurses' Reception Room is an important example. Their Library Committee has brought reading matter and comfort to thousands of our patients. The recently formed Volunteer Committee will, we are sure, bring many new recruits to the ranks of our present Volunteers who have given many hours of essential service to our patients, for which we are very grateful.

F. HUNTINGTON BABCOCK, *President*.

On behalf of the Hospital, I extend its great appreciation to our very active Board and Assistant Board for the many hours, and for the careful thought they have given to help solve the problems particularly in connection with the renovation of the hospital and its most efficient operation during 1949.

F. HUNTINGTON BABCOCK.

LIBRARY REPORT

Looking back over the eight years since the Book-Cart started its bi-weekly rounds, the Library Committee is gratified to feel that it has earned a permanent place among the Hospital services. Two of the original group of Volunteers who founded the Library are still on active duty and, in spite of some lean seasons, the supply of interested Volunteers has so far never failed.

In the death of our Chairman, Mrs. Alfred H. Cosden, we have sustained a personal and incalculable loss. Mrs. Cosden was the heart and soul of the Library, both in her untiring devotion to detail and in the wide scope of her interests, which earned her the respect and affection of the entire Hospital. "The Loraine B. Cosden Book and Magazine Fund" has been established in her memory.

During the year 4,870 books and magazines have been given out and 3,684 persons served. Respectfully submitted,

ELIZABETH C. TAFT, *Acting Chairman.*

COFFEE SHOP REPORT

The Coffee Shop has now been functioning for a year as a Hospital Department, with the Assistant Board in an advisory capacity only. It has offered more and better food, and serves an increasing number of staff and visitors who have come to depend on it. The Coffee Shop Staff deserves a word of praise for their efficiency, and the pleasant and cheerful atmosphere they create for their customers.

Income for the year amounted to \$12,127.73 and Expenses totaled \$12,218.47.

* Deceased January 16, 1950.

WOMAN'S HOSPITAL

IN THE STATE OF NEW YORK

141 WEST 109TH STREET

NEW YORK 25, N. Y.

TELEPHONE, MONUMENT 6-3000

F. HUNTINGTON BABCOCK
PRESIDENT

Dear Friend of the Hospital:

It is a pleasure to send you a copy of the 94th Annual Report, which enumerates services rendered for the period January 1st to December 31st, 1949.

Our Hospital has a country-wide reputation for the fine care given to our patients, and as a teaching center for young surgeons.

As surgical science develops, much new equipment is required each year. To keep the Woman's Hospital in line with present day standards and give our patients the best possible care, we are carrying out an extensive modernization program, comprising building improvements and added equipment.

Contributions by our friends are vital to cover the cost of operation, as all of our ward patients pay only a small fraction of the amount required to care for them, and much free service is given.

All that you have done for us in the past is tremendously appreciated, and we shall look forward to your continued interest in the progress of our Hospital.

Sincerely yours,

F. Huntington Babcock
President.

REPORT OF THE DIRECTOR

TO THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

The program of modernization of the Hospital that was planned and started during the last half of 1948 developed into full scale operation during 1949.

The first major accomplishment for the year was the modernization of the two passenger elevators and the dumbwaiters. New cabs and door fronts were installed in the passenger elevators, and the mechanical elements were completely renovated. Their smooth performance and excellent appearance are greatly appreciated by all. The dumbwaiters servicing the pantries were rewired, new doors and electrical controls were installed and all mechanical aspects modernized.

Another major accomplishment was the complete renovation of the floor pantries. These were equipped with stainless steel steam tables, try racks and automatic dish washing machines. As a result, their efficiency of operation was much improved and their appearance enhanced.

The utility rooms on the private surgical floor (L) were renovated and all equipment was renewed. Wall space was better utilized by installing long stainless steel work tables with built-in sinks. New bedpan flushers which include steam jets for sterilization permitted the removal of the old bedpan sterilizers. The space previously occupied by these sterilizers was used for new cabinets which combined a warming area for blankets in the upper portion and a warm storage area for bedpans below. By rearranging the floor plan of the utility rooms it was possible to provide a toilet in each with a door leading into the corridor.

Considerable progress has been made in the two major renovation programs, that of renewing the old plumbing and the complete rewiring of the main building. In conjunction with the electrical work a new Consolidated Edison alternating current 3-phase, 60 cycle, 4 wire 120/208 volt service including service switch, metering equipment and main feeders between service switch and main distribution panel was installed. In addition a new alternating current main distribution panel and associated equipment was completed. The major portion of the hospital is now converted to alternating current and the total conversion can be expected early in the Spring of 1950.

Following the disastrous hospital fire in Illinois in the Spring of 1949, hospitals throughout the country were carefully inspected by the fire departments in their respective locales. The inspection of the Woman's Hospital revealed the need of many improvements to provide greater safeguards for our patients. Most of the violations pertained to the absence of sprinkler heads in the storerooms and laundry. Immediately on the receipt of these violations steps were taken to have them remedied and by the end of the year we were ready for our re-inspection, all recommendations having been complied with.

A new 6-roll ironer complete with canopy and exhaust fan and duct was purchased and installed in the laundry. This unit replaced a badly worn inefficient ironer that was approximately 40 years old. The locker room space used by the female laundry employees was replanned.

REPORT OF THE DIRECTOR

The operating suite was improved by the installation of explosion proof outlets in each operating room. The viewing balcony in the Sims operating room was raised approximately 40 inches and its appearance improved by installing a new stainless steel facing. The entire suite was painted.

By moving the nurses aides' lockers from Semi-private C to the 7th floor it was possible to relocate the patients' examining room in this area. New equipment was also installed. The room previously used as the examining room was converted into a visitors' room and appropriately furnished.

In December the nurses' reception room was completely redecorated. This was made possible by a gift of \$5,000.00 from Mrs. Roswell Miller in memory of her mother, Mrs. Andrew Carnegie, who had been an active member of the Assistant Board for many years. A committee of the Assistant Board selected a decorator and worked with him in this very successful and satisfying project. The nurses are very appreciative of their new room and find it a very pleasant and relaxing adjunct to their home.

A new patients' visitors' waiting room was set up on Semi-Private C, and new furnishings were placed in the waiting room of Semi-Private H.

New electric light fixtures were installed in the stairwells leading from the main to the sixth floor and both stairwells were completely repainted.

Electrically refrigerated drinking fountains were installed in the operating suite, O.P.D., main hospital corridor, and on all patient floors. These have been well received by all.

During the Fall the exterior surfaces of the hospital and the nurses' home were washed. The effect has been dramatic as the hidden beauty of the building was revealed beneath the dirt that had accumulated over the years. The new appearance of the hospital has been favorably commented upon by patients, doctors, employees, and neighbors. In effect, it has given a "lift" to all.

After washing the hospital it was found that many areas of the stone work required repointing and consequently this was done on the entire northern exposure where as expected it was most necessary. It is planned to complete the necessary pointing on the southern exposure during the Spring of 1950.

During the Spring of the year the building of the National Academy of Design was demolished inasmuch as it constituted a marked fire hazard, leaving the wall along 109th Street and a 50-foot portion on Amsterdam Avenue as a fence. The remaining portion of this property had been enclosed by a wooden fence for many years, and this was replaced with an anchor fence. An all season tennis court was laid in the northwest corner of the lot and was protected by lining the anchor fence with cedar paling. The tennis court has been gratefully appreciated by the resident and nursing staff for whose use it is reserved.

During the year the business office procedures were modernized. The accounting system was reorganized along the lines recommended by the American Hospital Association and the United Hospital Fund. New

REPORT OF THE DIRECTOR

monthly financial statements which included a more comprehensive picture of operations were prepared for the Board of Governors. A new National Cash Register accounting machine was purchased. It was first used to prepare the payroll and subsequently for all accounts payable. During 1950 it will be applied to inventory control. Methods of handling accounts receivable were improved with resulting better follow-up in delinquent accounts. As a result the loss from bad debts has been minimized. This has been aided to some extent by the services of a new employee in the O.P.D. whose primary responsibility is that of properly rating surgical patients referred to the wards for treatment. A new National Cash Register which accumulates statistics and prepares receipts was installed in the O.P.D. for better control of the cash receipts in that department.

I wish to express my appreciation for the faithful and efficient services rendered during the year by my assistants, department heads, and personnel; and finally, I welcome the opportunity to acknowledge the generous assistance and wholehearted support which I have received from the Board of Governors and Surgical Staff.

Respectfully submitted,

KARL S. KLIKA, M.D., *Director.*

HOSPITAL STATISTICS

Patients admitted during year:

	<i>Gyne- cological</i>	<i>Obstetrical Women</i>	<i>Babies</i>	<i>Total Women</i>	<i>Total Women and Babies</i>
Private	668	785	741	1,453	2,194
Semi-Private	1,091	864	799	1,955	2,754
Ward	1,092	1,389	1,209	2,481	3,690
Total	2,851	3,038	2,749	5,889	8,638

Patient Days Care:

Private	6,537	6,831	7,000	13,368	20,368
Semi-Private	9,261	6,948	7,114	16,209	23,323
Ward	11,782	11,149	11,135	22,931	34,066
Total	27,580	24,928	25,249	52,508	77,757

Live Births totaled 2,747. There were 2,951 operations performed.

A comparison with 1949 and 1948 hospital statistics reveals the following:

	<i>Admitted</i>			<i>Patient Days Care</i>		
	<i>1949</i>	<i>1948</i>		<i>1949</i>	<i>1948</i>	
Private	2,194	2,173	+21	20,368	20,432	— 64
Semi-Private	2,754	2,757	— 3	23,323	24,780	—1,457
Ward	3,690	3,639	+51	34,066	34,409	— 343
Total	8,638	8,569	+69	77,757	79,621	—1,864

The reduction in patient days in the face of a slight increase in admissions is due to the increasing acceptance of early ambulation of patients. This, of course, increases the capacity of the hospital and permits extending the services to a greater number of patients than was heretofore thought possible. Occupancy figures for the year are as follows:

	<i>Obstetrics</i>	<i>Gynecology</i>	<i>Total</i>
Private	64.4%	68.8%	66.5%
Semi-Private	73.0%	76.6%	75.2%
Ward	72.6%	73.4%	73.0%
Total	70.3%	75.3%	72.0%

Out-Patient Department:

Total Patients Treated	7,748
Total Visits	37,307

232 PREMATURE BABIES WERE CARED FOR IN THE 12 SPECIAL BASSINETS AND
INCUBATORS IN THE PREMATURE NURSERY

REPORT OF THE CHIEF SURGEON

TO THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

I have the honor of presenting the Annual Report of the Surgical Department for 1949.

During the year there were 2,851 admissions to our ward and private gynecological service. On the obstetrical service, 2,763 ward and private patients were delivered. Two thousand, nine hundred and fifty-one patients were operated upon.

One hundred and forty-one patients were treated with radium since radium was made available in 1919, bringing the total number of patients treated to 5,282.

Seven thousand, seven hundred and forty-eight patients made 37,307 visits to our Out-Patient Department for examinations and treatments.

Of the patients referred to our X-ray Department, 1,513 were for diagnosis and 150 for treatment. In the department, 4,052 diagnostic and therapeutic procedures were carried out.

The staff of our Anaesthesia Department administered 5,318 anaesthetics to our obstetrical and gynecological patients.

In our hospital laboratory 60,079 examinations of clinical and surgical specimens were made.

Through the personnel in charge of our Special Clinics, many Out-Patient Department and ward patients have had the benefit of expert advice as to diagnosis and treatment. Work in the Special Clinics may be summarized as follows:

	<i>New cases</i>	<i>Total visits</i>
Urology	183	941
Gastroenterology	60	199
Orthopedics	106	302
Endocrinology	141	644

Three hundred and three babies were brought back for 395 visits to our Pediatric Follow-up Clinics. Admissions to this clinic are limited to our newborn babies who have unusual feeding problems or physical conditions which require continued observation. As in the past, all obstetric patients who have had normal infants are encouraged to take advantage of pediatric advice provided by the Department of Health Baby Clinics.

In order to promote satisfactory routines in our newborn infant nurseries, an official courtesy list of pediatricians was established during the past year. Courtesy privileges were extended to sixty-two qualified pediatricians.

REPORT OF THE CHIEF SURGEON

On October 1, 1949, the period of training for the members of our regular resident staff was increased to thirty-six months. This includes six months of training in gynecological and obstetrical pathology. The pediatric residents provided through an affiliation with St. Luke's Hospital have given valuable assistance in the care and feeding of our newborn infants. During the past year, the following appointments in Pediatrics were made:

Dr. Herbert V. von Gal from January 1, 1949 to May 1, 1949.

Dr. Frank M. Ripberger from May 1, 1949 to November 1, 1949.

Dr. Ronald Maclean from November 1, 1949 to December 31, 1949.

Results of work in the various hospital departments were reviewed at Staff Conferences which were held twice per month.

Four Follow-up Clinics are conducted every week. Members of the Attending and Resident Staffs in charge of patients who are treated, operated upon or delivered in the hospital wards, attend these clinics to check on the results of their work. During 1949, 1,218 patients made 4,138 visits to the Gynecologic Follow-up Clinics and of the patients who had been delivered 1,253 made 1,700 visits to our Obstetric Follow-up Clinics.

During the past year, 38,000 charts and abstracts were filed by our Record Department. This included filing of clinical records for new patients treated during the year and charts and abstracts consulted for research and scientific work.

Clinics to demonstrate our methods for treatment of various gynecological and obstetrical conditions were held for a joint meeting of the Boston, Philadelphia and New York Obstetrical Societies on April 12th, and for the Twenty-second Graduate Fortnight of the New York Academy of Medicine on October 21st. We were gratified by the unusually large attendance at both of these meetings and the interest shown in the programs which were presented.

During the year, our Surgical Staff conducted examinations in obstetrics and gynecology on two occasions for candidates attempting to qualify with the National Board of Medical Examiners for licenses to practice medicine.

Upon satisfactory completion of their services, the following members of the Resident Staff were granted diplomas:

Doctors Orlin Jorgensen, Walter J. Henry and A. Randolph Garnett. Changes occurring on our Surgical Staff during 1949 were:

Appointments:

Dr. John Lee Couper, Assistant Anaesthetist.

Dr. Robert Beekman, Personnel Physician.

Dr. Arthur Mernit, Clinical Assistant.

Dr. Frank Pearce, Clinical Assistant.

Dr. Milton Ehrlich, Clinical Assistant.

REPORT OF THE CHIEF SURGEON

RESEARCH AND SCIENTIFIC CONTRIBUTIONS

Dr. Aldridge:

Methods for Early Detection of Uterine Cancer." Clinic for the Twenty-second Graduate Fortnight of the New York Academy of Medicine, October 21, 1949.

"Abdominal Hysterectomy." Read at a meeting of the New Jersey Obstetrical and Gynecological Society, April 6, 1949; at a meeting of the Staff of the Brooklyn Methodist Hospital on June 9, 1949 and at a meeting of the Staff of the Lincoln Hospital on December 2, 1949. To be published.

Dr. G. G. Ward:

Contribution to: "Results of Radio Therapy in Carcinoma of the Uterine Cervix." 1920-1941, Volume 5, pp. 76-83, 1949, Stockholm, Sweden.

"Memorial of Thomas Watts Eden." Published in the American Gynecological Society Transactions, Volume 71.

Dr. Hurd:

Dr. Carapetyan:

"Determination of Causes of Infertility." Clinic for the Twenty-second Graduate Fortnight of the New York Academy of Medicine, October 21, 1949.

Dr. McIntosh:

"Treatment of Cancer of the Cervix: Irradiation or Surgery." *J. Am. Med. Women's Association*, 4: 4, April, 1949.

Guest Lecturer, Women's Medical College of Pennsylvania. Subject, "Irradiation in Gynecology," April, 1949.

REPORT OF THE CHIEF SURGEON

Dr. Motyloff:

"Some Special Aspects of Ovarian Tumors." Address given at the Gynecological Staff Conference of the Harlem Hospital, May 5, 1949.

"Epidermoid Heteroplasia (epidermization) of Endometrium vs. Metaplasia." Report of a case of Cholesteometra, following gradual progressive complete epidermoid heteroplasia of endometrium. (To be published.)

Dr. Unger:

"Advancements in Determination of Blood Incompatibilities in Relation to Pregnancy and Transfusion." Clinic for the Twenty-second Graduate Fortnight of the New York Academy of Medicine, October 21, 1949.

Dr. Kennedy:

"The Urethra and Some Normal Physiological Facts About It. What Injuries Produce Incontinence? How Can Function Be Restored?"

"The Second Stage of Labor. How Can the Damage Be Minimized and When Can the Damages Be Repaired?" Papers given at a meeting of the Alabama Association of Obstetricians and Gynecologists, April 18, 1949, Montgomery, Alabama.

Dr. Hyams:

Lecture "Gynecology". Given to the practical nurses of Greater New York, October 10, 1949.

Dr. Frost:

"Determination of Endocrine Dysfunction as the Cause of Abnormal Uterine Bleeding." Clinic for the Twenty-second Graduate Fortnight of the New York Academy of Medicine, October 21, 1949.

Dr. Nathanson:

"The Excessively Large Fetus." Paper read at a meeting of the New York Obstetrical Society, May 10, 1949, and at a meeting of the North County Community Hospital. (To be published in the *Journal of Obstetrics and Gynecology*.)

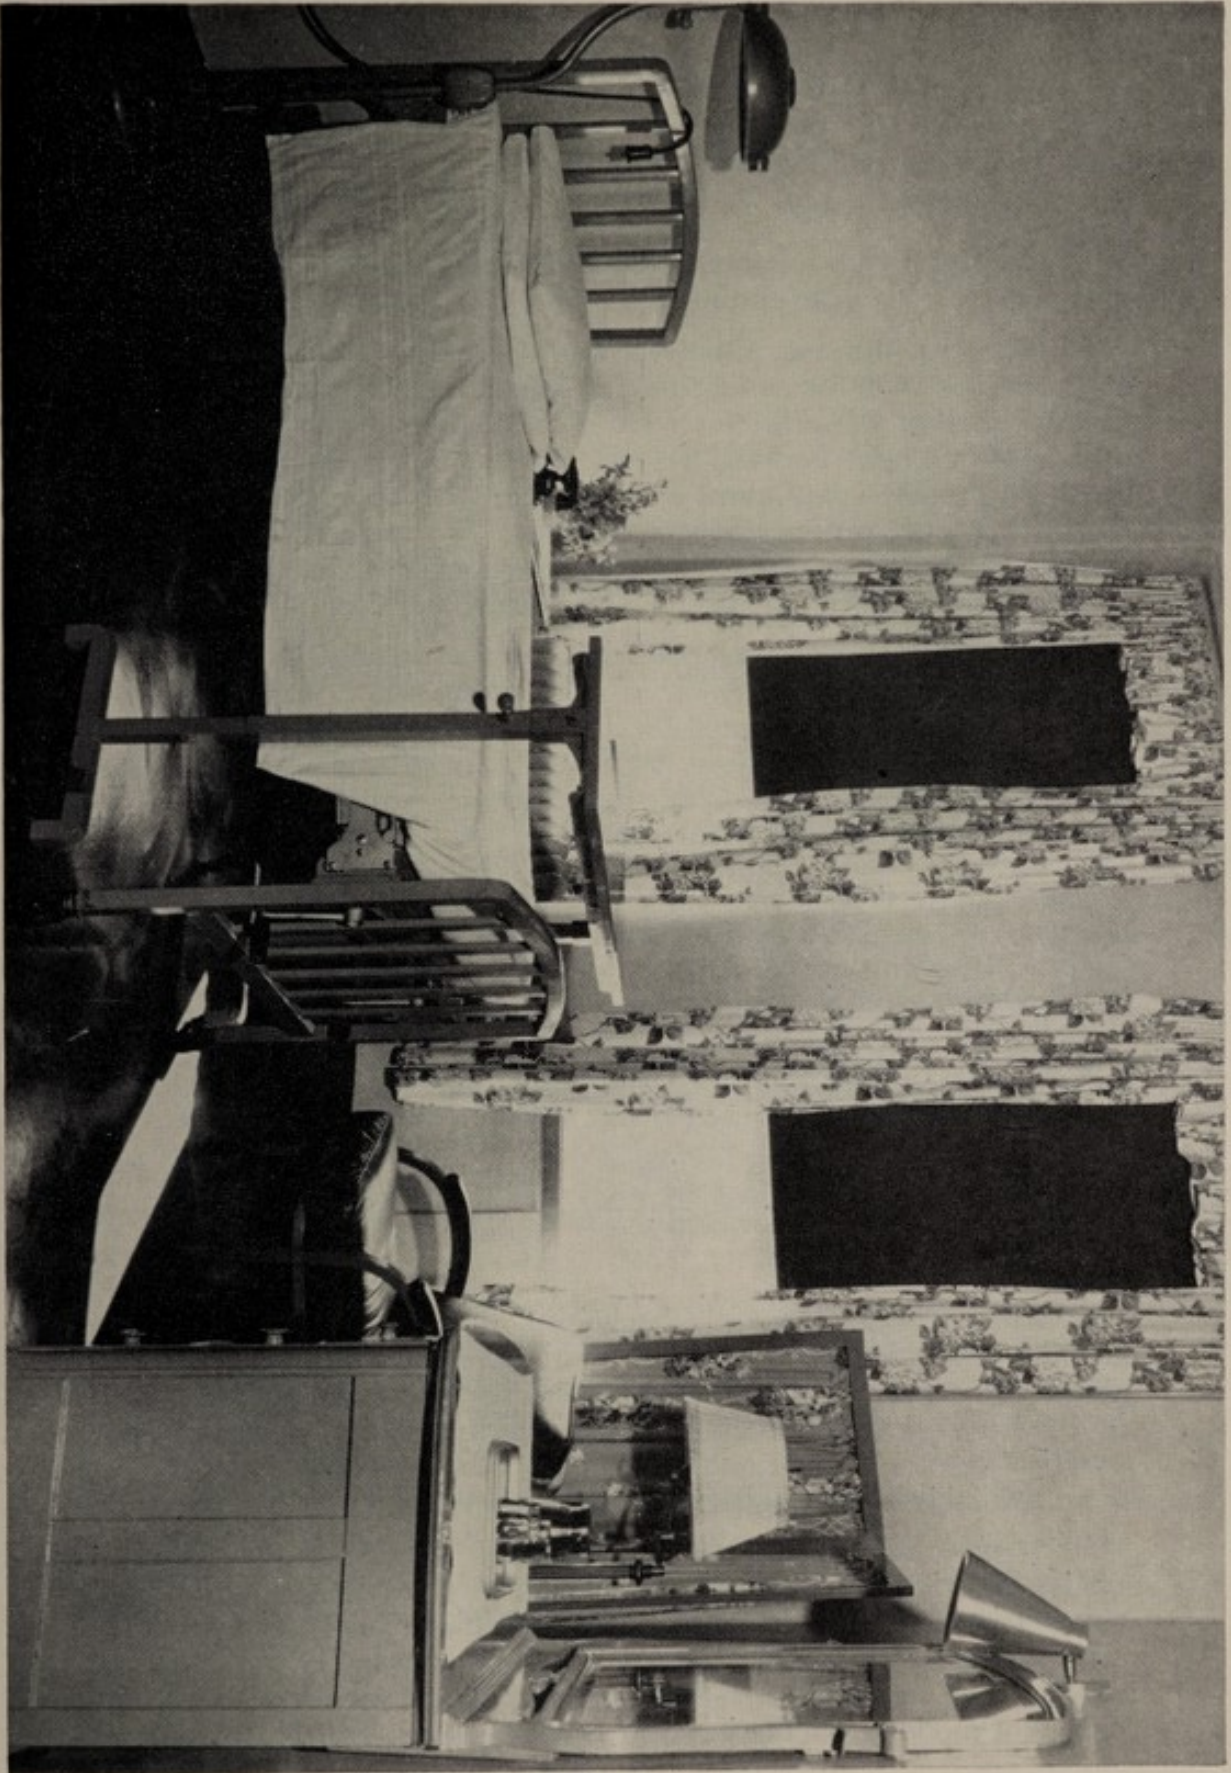

I would like to take this opportunity to express to the Board of Governors the appreciation of the Surgical Staff for all that has been done to improve the appearance of the hospital and to modernize our equipment. These changes have contributed much to the comfort of our patients and to our efforts to maintain high standards of efficiency for our scientific work.

I am grateful to the Director, the Director of Nurses and to their Staffs for their continued assistance and cooperation.

Again it gives me pleasure to acknowledge the splendid cooperation which I have received from every member of the Surgical Staff and especially from the members of the Surgical Board.

Respectfully submitted,

ALBERT H. ALDRIDGE,
Chief Surgeon.

A TYPICAL PRIVATE ROOM

REPORT OF THE NURSING DEPARTMENT

TO THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

I have the honor to present herewith the report of the Nursing Department for the year ending December 31, 1949:

The general nursing situation was definitely better in 1949 than in any previous year for some time. Fluctuating shortages appeared from time to time on all shifts but were more sustained during the 4:00 p.m. to 12:00 midnight period. In spite of this, it can be said that nursing care was accomplished more comfortably, with more attention to detail, and with a more serene effect on patients. To use one factor as an illustration, the time consuming but all important procedure of evening care, in addition to afternoon care, was re-established for all patients.

The nurse turnover was still high, as represented by 104 appointees and 87 resignations, of which in each group some were part-time. A 5-day week has been planned for 1950, which is hoped to create a stabilizing effect. A comparison with last year of our present proportion of professional and non-professional people employed in the Nursing Department reveals the following:

1949			1948		
SERVICE	TYPE OF PERSONNEL		SERVICE	TYPE OF PERSONNEL	
	Prof.	Non-Prof.		Prof.	Non-Prof.
Ward Surgery	68.42%	31.58%	Ward Surgery	54.80%	45.20%
Semi-Private Surgery	63.63%	36.37%	Semi-Private Surgery	57.10%	43.90%
Private Surgery ...	67.00%	33.00%	Private Surgery ...	71.40%	28.60%
Ward Obstetrics ..	67.00%	33.00%	Ward Obstetrics ...	50.00%	50.00%
Semi-Private Obstetrics	71.43%	28.50%	Semi-Private Obstetrics	50.00%	50.00%
Private Obstetrics .	67.00%	33.00%	Private Obstetrics .	84.60%	15.40%
Nurseries	32.50%	67.50%	Nurseries	32.20%	67.80%
Average	62.44%	37.56%	Average	57.00%	43.00%

It will be noticed, upon comparison, that the percentage of professional workers increased in 1949. This was due to the fact that we were able to fill more of our professional worker vacancies. These vacancies in 1948 were in many instances temporarily filled with nurses' aides or practical nurses who do not come under the professional status, but who were available when registered nurses were not.

Two new key positions were created: An Assistant Head Nurse (Miss Henrietta Van Vorst) on Private A to assist with administrative supervision on the east wing, and a Clinical Instructor (Miss Anne Falkenstein) to take over the teaching program in the Nursing Department. The necessity for the appointment of someone to set up and outline a modern orientation and teaching program for graduate nurses

REPORT OF THE NURSING DEPARTMENT

and others had long been felt. With the opening of an ambitious program in the Personnel Health Service it was apparent that the teaching program of the pupil practical nurses would have to be carried by someone else than the Assistant in the Nursing Office whose responsibility it was to carry the Health Service. The Clinical Instructor was assigned the following duties: orientation of all new registered nurses and licensed practical nurses; teaching, supervision, and guidance of the pupil practical nurse affiliating program in obstetrics; teaching periodically, of groups of women to prepare them for nurses' aid duties; supervision and revision in techniques. Two rooms were equipped and set aside in the Nurses' Home as classroom and demonstration rooms. It was also planned that the clinical instructor be responsible for the staff education program, but before much work could be done, the pupil practical nurse affiliation was terminated on November 27, 1949, under amicable circumstances, and the immediate need for a clinical instructor was over. The position was temporarily discontinued. Two other general staff nurse positions were created, one each for 4:00 p.m. to 12:00 midnight, and 12:00 midnight to 8 a.m., as floaters for emergency nursing care.

A great deal of new equipment and furnishings throughout the Hospital made an immeasurable amount of difference to the comfort, convenience, and efficiency of the nurses and other workers. Reference here is made to the increased linen supply, the new lighting system, the change over from D.C. to A.C. resulting in more fans being made available where needed, the new Venetian blinds in the nursery, the new dish washing machines, and other kitchen equipment, the new desks and chairs, the beautician service, the new filing equipment in the clinic, the new elevators, and many other changes too numerable to mention. The most spectacular change of all was the beautiful newly renovated reception room, done in memory of Mrs. Andrew Carnegie, formerly a member of the Assistant Board. Mrs. George W. Crawford, Chairman of the project to do over the room, deserves a great vote of thanks from the nurses for her interest and efforts in securing such magnificent results.

Changes in techniques and procedures continued. Among the changes were the termination of the use of Cresol, in favor of Zephiran, and the general use of bland soap instead of green soap. New sterilizers and bedpan flushers contributed to some changes in terminal disinfection of certain types of equipment.

On January 9, 1949, the following salary changes took place:

An additional increment of \$5.00 was allowed to all general duty nurses on all shifts who had been here 18 months or longer. This included the nurses in the operating room and the delivery room.

An additional increment of \$5.00 was allowed to all nursery nurses and practical nurses on all shifts who had been here for 12 months or longer. Laundering of uniforms was made free.

REPORT OF THE NURSING DEPARTMENT

Nurses' aides were all raised to \$130 plus uniforms and laundering of uniforms.

Increments based on merit were allowed up to \$140.

Pantry maids were all raised to \$120 plus uniforms and laundering of uniforms.

Ward helpers were all raised to \$125 plus uniforms and laundering of uniforms.

Increments based on merit were allowed up to \$135.

On May 15, 1949, room rents for supervisors were reduced from \$45 per month to \$40.

In closing, I wish to extend the thanks of the nursing staff to the Assistant Board whose parties and teas we have enjoyed so much. The guidance of the Nursing Committee has been most helpful in time of need. My deep appreciation to Mrs. Walbridge S. Taft for her wise counsel and support. To Dr. Klicka, I wish to convey my respect and appreciation of his able direction. I am grateful to Dr. Aldridge for the continued support he has shown the nursing staff. And, to the nursing staff, my fellow-workers, my pleasure and appreciation in their loyalty and cooperation.

Respectfully submitted,

EDNA N. WITHAM, B.S., R.N.,

Director of Nursing.

REPORT OF THE SOCIAL SERVICE AND OUT-PATIENT DEPARTMENT COMMITTEE

SOCIAL SERVICE

The year saw a number of changes in the administration of the department, which brought about periods when the department was without a director, but the staff carried on the work without undue interruption and deserves credit for doing so well under difficult circumstances.

The Committee is happy to report that at the beginning of the year 1950, Miss Eunice Bigelow will become Director of Social Service, and under her experienced leadership we look forward to providing greater service to the Hospital.

During the year, the Social Service offices have been repainted. This is a great improvement and the rooms have been made additionally cheerful and attractive by new curtains and the hanging of suitable pictures.

OUT-PATIENT DEPARTMENT

The Social Service and Out-Patient Departments working closely together, both under new leadership, should now stand ready to uphold the high medical traditions of the Woman's Hospital.

Miss Alice Larke, R.N., was appointed Supervisor of the Out-Patient Department during the year. Her keen interest and efficiency augur well for the future of the department, and we are most fortunate to have her.

The entire clinic has been repainted and some new equipment purchased. The pale pink walls and grey furniture give the rooms a new, cheerful look. Mrs. Kean has given a number of brightly colored pictures which have been hung in the waiting rooms.

REPORT OF THE TREASURER

A SUMMARY OF INCOME AND EXPENSES FOR THE YEAR 1949 IS SET FORTH BELOW

Operating Income	\$1,101,061.88
Operating expenses:	
Professional care of patients:	
Nursing	\$372,698.74
Other professional care	326,959.90
Departmental expenses:	
Household and property	274,237.63
Nutrition	190,437.21
Administration and general	173,518.18
Charge applicable to current year under project of rehabilitation and modernization of hospital buildings, building appurtenances and certain major departmental equipment (see Note 1 to Balance Sheet)	40,000.00
	<u>\$1,377,851.66</u>
<i>Net operating loss</i>	<u>\$276,789.78</u>
Other income:	
Interest and dividends	\$180,822.39
Other	12,347.15
	<u>\$193,169.54</u>
<i>Net deficit</i>	<u>\$83,620.24</u>
Donations—current:	
Special and for general maintenance	\$29,371.76
United Hospital Fund	9,975.67
Greater New York Fund	6,995.63
Transferred from Babies Alumni Fund	5,000.00
Assistant Board of Woman's Hospital	1,056.60
	<u>\$52,399.66</u>
<i>Balance of deficit</i>	<u><u>\$31,220.58</u></u>

A comparison of the above results for the year 1949 with those of the year 1948 is set forth in the following summary:

	Year ended December 31,		Increase Decrease*
	1949	1948	
Operating income	\$1,101,061.88	\$1,006,057.46	\$95,004.42
Operating expenses	1,377,851.66	1,317,159.70	60,691.96
<i>Net operating loss</i>	\$276,789.78	\$311,102.24	\$34,312.46*
Other income—interest, dividends, etc. ...	193,169.54	180,054.92	13,114.62
<i>Net deficit</i>	\$83,620.24	\$131,047.32	\$47,427.08*
Donations—current	52,399.66	56,234.65	3,834.99*
<i>Balance of deficit</i>	<u>\$31,220.58</u>	<u>\$74,812.67</u>	<u>\$43,592.09*</u>

REPORT OF THE TREASURER

BALANCE SHEET

As at December 31, 1949

Assets

Current assets:

Cash	\$50,882.00	
Accounts receivable—patients	\$58,743.18	
Less: Reserve for bad debts	12,084.27	
	<hr/>	46,658.91
Accounts receivable—others	613.56	
Unexpired insurance premiums	10,415.63	
	<hr/>	\$108,570.10

Investment of unrestricted funds:

Bonds (market value \$510,168.44)	\$513,855.80	
Stocks (market value \$1,956,513.94)	1,695,070.91	
Real estate mortgages	34,592.20	
Real estate	76,230.08	
	<hr/>	2,319,748.99

Investment of restricted funds:

Bonds (market value \$903,596.87)	\$900,528.64	
Stocks (market value \$425,446.19)	386,249.87	
Real estate mortgages	440,521.59	
Cash—uninvested	40,887.41	
	<hr/>	1,768,187.51

Hospital properties and equipment: (Note 1)

Land	\$370,140.60	
Buildings	1,469,071.94	
Furniture and fixtures	148,075.48	
Machinery and equipment	81,884.59	
Apparatus and instruments	66,480.79	
Radium and radium needles	17,951.70	
	<hr/>	\$2,153,605.10
Land acquired for future hospital expansion	225,000.00	
	<hr/>	2,378,605.10
Deferred expenses (Note 1)		166,314.67
		<hr/>
		<u>\$6,741,426.37</u>

NOTE 1. The assets of hospital properties and equipment represents the value of an appraisal by the Equitable Appraisal Company as at May 23, 1925, plus additions from that date to December 31, 1942, at cost. Additions subsequent to the latter date, down to December 31, 1948, have been charged to expense, as have been certain additions of equipment during the year 1949. Within the year 1949, the hospital adopted a program of rehabilitation and modernization of the hospital's buildings, building appurtenances and certain major departmental equipment, to cost \$400,000.00. During the year 1949 there was expended on this project the sum of \$206,314.67. Because these expenditures are so extraordinary in amount, in the interest of presenting statements of operations in a manner that would more accurately reflect the operations of each year, the procedure has been adopted of charging to expense the expenditures under this program at the rate of \$40,000.00 per annum. Accordingly, said amount has been charged to expense in the year 1949, and the balance of \$166,314.67 of such expenditures in the year 1949 is carried forward on the Balance Sheet as deferred expenses, to be written off in subsequent years.

REPORT OF THE TREASURER

BALANCE SHEET

As at December 31, 1949

Liabilities and Capital

Current liabilities:

Accounts payable	\$47,830.37	
Accrued payroll	17,201.00	
Payments in advance by patients	39,511.27	
	<hr/>	\$104,562.64

Restricted endowment and other funds:

Restricted as to:

Principal only (Note 2)	\$1,609,007.18	
Principal and income	124,731.55	
Special purpose funds	34,448.78	
	<hr/>	1,768,187.51

Capital:

Invested in hospital properties and equipment	\$2,378,605.10	
Available for general purposes	2,490,071.12	
	<hr/>	4,868,676.22

\$6,741,426.37

NOTE 2. Of this amount, a special fund of \$506,244.09 represents general purpose funds functioning as an endowment fund.

In accordance with the established practice of the hospital, the above Balance Sheet does not include:

1. Provision for depreciation of the hospital properties and equipment or of real estate properties held as investments.
2. Inventories of supplies or materials on hand.
3. Accrued interest receivable on investments.

Balance, December 31, 1949	<hr/> <u>\$2,490,071.12</u>

AUDITORS' CERTIFICATE

We have examined the Balance Sheet of WOMAN'S HOSPITAL IN THE STATE OF NEW YORK as at December 31, 1949, and the related Statement of Income and Expenses for the year ended on that date. Our examination was made in accordance with generally accepted auditing standards, and accordingly, except as herein indicated, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The segregation of investments shown in the Balance Sheet as between, respectively, unrestricted funds and restricted funds, is in accordance with a segregation made by the Board of Governors of the Hospital.

We did not review the provisions of the legacies or the observance of such provisions.

We did not confirm unpaid principal or interest by direct communication with mortgagors, nor did we confirm by communication with patient-debtors amounts due from them.

In accordance with the established practice of the Hospital, the accounts do not reflect amounts of inventories of materials and supplies and of accrued interest receivable at the beginning and end of the year; nor do they reflect any provision for depreciation of Hospital properties and equipment or of real properties held as investments.

In our opinion, the accompanying Balance Sheet and Related Statement of Income and Expenses, subject to notes appearing on said statements and comments in preceding paragraphs, present fairly the financial position of the Hospital as at December 31, 1949, and the results of operations for the year ended on that date, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

New York, N. Y., March 20, 1950.

PASLEY & CONROY,
Certified Public Accountants.

PURPOSES FOR WHICH INCOME OR PRINCIPAL OF RESERVE FUNDS IS USED

The income from investments held in the *Endowed Bed Fund*, *General Endowment Fund*, *Bella Cooke Trust Fund*, *Abby Sherwood Jesup Fund*, *Maria DeWitt Jesup Fund*, *Russell and Margaret Olivia Sage Memorial Fund*, *Mary Clark Thompson Fund*, *Henry D. Brookman Fund*, *Endowed Room for Nurses Fund*, *Elizabeth Colgate Maghee Fund* and *Grenville Lindall Winthrop Fund* is used to meet the current expenses of the Hospital.

Patients' Relief Fund is used to meet the cost of supplies or relief furnished to needy patients.

Henrietta Smith Periodical Fund is used to provide periodicals for the wards of the Hospital.

Cheer Fund is used to provide cheer for patients, staff, nurses and employees.

Transfusion Fund is used to provide blood transfusions to needy patients.

J. Marion Sims Research Fund is used for research work in the Hospital.

Babies' Alumni Fund provides free care for deserving mothers and babies in the Maternity Ward.

Mr. and Mrs. Robert Brundrett Fund is used to provide free care for needy maternity cases.

J. Riddle Goffe Research Fund is used for research work in the laboratory of the Hospital.

J. Riddle Goffe Medical Book Fund is used for purchase of books and periodicals.

Maud Aguilar Leland Fund is used for blood transfusions for needy patients or for scientific research.

Amelia F. Morse Fund to be used for the benefit of the indigent and underprivileged.

Ralph L. Barrett Fund to be used for the purchase of apparatus and supplies as approved by Dr. R. L. Barrett and the Executive Committee.

Social Service Fund is used to meet unusual operating expenses of the Social Service Department.

1,753,435 PIECES OF LINEN WERE PROCESSED THROUGH THE LAUNDRY IN 1949

FATHER, MOTHER AND BABY WERE ALL BORN AT WOMAN'S HOSPITAL AND ARE
MEMBERS OF THE BABIES' ALUMNI

REPORT OF THE TREASURER

DONATIONS TO THE MATERNITY WARD

Through Babies' Alumni

The Babies' Alumni continues to play an active and important part in the support of our ward maternity service. Seven hundred and seventy-nine new members were enrolled, and \$4,786.50 collected in dues during the year.

In addition to this amount, our Alumni members and their parents subscribed very generously towards the refurnishing of our premature nursery with new incubator bassinets and infant resuscitators, as shown on page 33 of this report.

We take this opportunity to express gratitude and appreciation for the continued interest and valuable support the Woman's Hospital has received from this ever-growing association.

HELEN E. HANSON,
Secretary.

From New Members enrolled at \$1.00 per year	\$779.00	Buckner, Walker G., Jr.	\$5.00
