CHRISTMAS 1934

BOWES & BOWES
BOOKSELLERS & PRINTSELLERS
1 & 2 TRINITY STREET, CAMBRIDGE

THERE IS NO BETTER WAY

THE PRINT ROOM AT 2 TRINITY STREET

of giving your friends a constant reminder of yourself throughout the year than by giving them books or pictures. In our catalogue of suitable books and in our showrooms will be found many helpful suggestions of books : and in our printroom can be seen a selection of many delightful pictures from which to choose presents for your friends. A good picture or a good book will be a continual source of pleasure to your friends, or if you are (like most sensible people) self-indulgent, to yourself.

WE CAN SATISFY

QUAYSIDE, ST. IVES *by Herbert Truman*

Unframed, $22\frac{1}{2}'' \times 17''$, £1:1:0

all tastes and purses. In our portfolios will be found reproductions of the paintings of old masters of all schools, together with examples of more modern work by painters of the impressionist school from Cézanne to Duncan Grant. In addition we have a large range of sporting prints by Lionel Edwards and Snaffles, studies by artists such as Herbert Truman, an example of whose work is shown above, lino-cuts in colour, etchings, woodcuts and engravings. Contrary to general opinion, a picture is not necessarily an expensive form of gift, and in the print-room at 2 Trinity Street you are sure to find one that is suitable and inexpensive.

YOU CANNOT GIVE

a Christmas present to everybody. But you can so arrange things that those of your friends to whom you are unable to send a present will not think that you have neglected them. You will find yourself wishing to send them a reminder that you have not forgotten them: and it is this need that the Christmas Card is designed to fill.

Discrimination and taste should govern the choice of a Christmas Card just as it should govern the choice of anything else. You will find in our bookshop a variety of Christmas Cards which will suit all tastes and all pockets: a collection ranging from the coloured reproductions of the Medici Society to hand-painted cards of delicate design. These will be on show during the weeks before Christmas, and, in view of the wide variety of the selection, they will be found well worth seeing.

BOOK TOKENS

The Book Token Scheme has now been in continual operation for the past two years. Each Christmas finds it more widely known and appreciated. Under this scheme, it is possible to send to your friends attractive tokens, in any of three different designs, which can be exchanged at almost any bookshop in Great Britain for books to the value of the token. The tokens are available in denominations of 3/6, 5/-, 7/6, 10/6 and 21/- (plus threepence only for an illustrated greeting card containing a bookplate). The value of the scheme is plain, since it saves both time and disappointment at Christmas by eliminating both the worry of choosing a book and the possible dissatisfaction which may result from an indiscriminating choice. We will willingly send descriptive leaflets on request.
