OBJECTS.

I. Persistently to set forth the National Importance of Eugenics in order to modify public opinion, and create a sense of responsibility in the respect of bringing all matters pertaining to parenthood under the domination of Eugenic ideals.

II. To spread a knowledge of the laws of heredity so far as they are surely known, and so far as that knowledge may affect the improvement of the race.

III. To further Eugenic Teaching, at home, in the schools, and elsewhere.

"The Eugenics Review," the journal of the Society, is published quarterly, price Three Shillings per number, or Twelve Shillings per annum, post free.

Applications for Fellowship and Membership should be addressed to the General Secretary, Eugenics Society, 20, Grosvenor Gardens, London, S.W.1. Fellows, who are elected by the Council and vote on all matters concerning the constitution, pay one guinea per annum; Members pay ten shillings per annum. Both Fellows and Members receive the EUGENICS REVIEW free, are entitled to attend lectures, discussions, and general meetings, and have the use of the library.

Those who are not members can subscribe for the EUGENICS REVIEW. Communications regarding subscriptions to the EUGENICS REVIEW should be addressed to Messrs. Macmillan & Co., Ltd., St. Martin's Street, London, W.C.2.

Editorial Communications should be addressed to The Editorial Committee. Books and Periodicals for review should be addressed to The Editor, Eugenics Society, 20, Grosvenor Gardens, S.W.1.

ANNUAL REPORT, 1932-33.

GENERAL.

The outstanding event in the life of the Society in the past year has been the death of our President, Sir Bernard Mallet, on October 28th last year. Only those who co-operated intimately with him know how much time he gave to the Society, and with what unflinching consideration and courtesy he treated all who worked for it. His loss, deeply mourned by all, has been especially felt by those members of the Council and the staff who knew him well.

In the course of the past year there has been formed a Family Allowances Sub-Committee to the Council, which now consists of Dr. R. A. Fisher, Chairman, Mr. E. B. Ford, Mr. W. T. J. Gun, Mrs. E. Hubback, Professor J. Huxley, Mr. Eldon Moore, Professor Ruggles Gates and the General Secretary. It is hoped in the coming year to co-operate with the Family Endowment Society in arousing interest throughout the country in this most important field of positive eugenics.

The Society has taken new premises at 69, Eccleston Square. These will be more commodious, and it is hoped will also show a financial saving to the Society. They will be available for occupation from September, 1933.

FINANCE.

During the year the realisation of the Twitchin Estate has been continued by the Executors and considerable sums have been handed to the Society. These have been invested. A list of the investments appears in the Accounts. The Villa Les Fontaines has been sold.

While the expenditure shown in the accounts still exceeded the income, this was more apparent than real, as a large portion of the income from the Twitchin bequest was still being received by the Executors.

Since the close of the financial year, the Villa Eugène has been sold.

Under the will of the late Mrs. Ricarde-Seaver, a member of the Society, we are to receive one-third of the income from her estate, estimated to amount to from £120 to £200 p.a.

REVIEW.

Mr. D. Ward Cutler continues to be Chairman of the Editorial Committee, and Mr. Eldon Moore the Honorary Editor. Miss E. I. Corry and Dr. Langdon-Down have resigned from the Committee, and their places have been taken by Dr. R. A. Fisher and the General Secretary.

The Council wishes to express its appreciation of the way in which Mr. Eldon Moore has edited the REVIEW in an Honorary capacity.

LIBRARY.

We have now 2,452 volumes in the library, apart from bound periodicals, and a move to new premises will be welcomed owing to the absorption of nearly all the available space in the present library. A relatively small proportion of our members make use of the books, but classified pamphlets have been borrowed more extensively during the year. As the library depends mainly on books sent for review, we are grateful to those reviewers who return them to us.

The Council again wishes to express its warm appreciation of Miss E. Corry's painstaking and efficient work as Honorary Librarian.

GALTON DINNER AND LECTURE.

On Thursday, February 16th, the Galton Dinner took place at the Rembrandt Hotel. The Galton Lecture was given by Mr. Justice McCardie on "My Outlook on Eugenics." There were present at the Dinner 201 people, and several others came in afterwards to hear the address. It will therefore be seen that in the matter of the size of the attendance, this Dinner constituted a record.

In his Lecture Mr. Justice McCardie laid stress upon the need for a reform of the Divorce Laws and touched upon all aspects of negative eugenics. His address received extensive publicity in the Press of the following days, especially those papers supplied by the Press Association.

The Chair was occupied by Lord Horder of Ashford, and the vote of thanks was moved by Professor Julian Huxley, and seconded by Dame Helen Gwynne-Vaughan. The guests of the Society were:—

Rhoda, Countess of Carlisle.
The Earl of Malmesbury, D.L., J.P.
Lady Horder of Ashford.
Lord Horder of Ashford, K.C.V.O., M.D., F.R.C.P.
Lady Snagge.
Sir Harold Snagge, K.B.E.
Professor Dame Helen Gwynne-Vaughan, G.B.E., D.Sc., F.L.S.

MEMBERS' MEETINGS.

The following Members' Meetings have been held in the rooms of the Linnean Society, Burlington House:—

- 12th April, 1932.—"Family Allowances," by Dr. R. A. Fisher, F.R.S. Chairman: Sir Bernard Mallet, K.C.B.
14th June, 1932.—"The Law of Anticipation in Mental Disease," by A. S. Paterson, B.A., M.D. Chairman: E. Mapother, M.D., F.R.C.S., F.R.C.P.
18th October, 1932.—"The Contribution of Plants to the Study of Heredity," by Professor Dame Helen Gwynne-Vaughan, G.B.E., D.Sc., F.L.S.
15th November, 1932.—"Urgent Reasons for Marriage Law Reform," by H. V. Carrington, Hon. Secretary, Marriage Law Reform League. Chairman: B. S. Bramwell.
20th December, 1932.—"The Practice of Abortion in other Countries," by Henry Harris, M.D. Chairman: R. D. Gillespie, M.D., M.R.C.P.
17th January, 1933.—"The Development of Family Allowances in France and Belgium," by H. R. Vibart, M.A., B.Litt. Chairman: Dr. R. A. Fisher, F.R.S.
14th March, 1933.—"The Application of Family Allowances to Salaried Occupations," by Mrs. E. M. Hubback, M.A. Chairman: Dr. R. A. Fisher, F.R.S.
28th March, 1933.—"New Researches on Eugenics and the Trend of the Race," by Professor Dr. H. Muckerman. Chairman: C. J. Bond, C.M.G., F.R.C.S.

STERILIZATION.

On May 23rd, 1932, at the Caxton Hall, S.W.1, the Society held a conference consisting of morning, afternoon and evening sessions, on Voluntary Eugenic Sterilization, a report of which is obtainable. This Conference was attended by representatives of numerous Local Authorities.

On June 9th, 1932, the Minister of Health appointed a Departmental Committee to which the following terms of reference were given:—

"To examine and report on the information already available regarding the hereditary transmission and other causes of mental disorder and deficiency; to consider the value of sterilization as a preventive measure, having regard to its physical, psychological, and social effects, and to the experience of of legislation in other countries permitting it; and to suggest what further inquiries might usefully be undertaken in this connection."

Dr. R. A. Fisher, a Vice-President, is a member of this Committee. Representing the Society, Dr. Bond, Dr. Langdon-Down, Dr. Mapother, Dr. Lewis and the General Secretary gave evidence on April 3rd.

The Departmental Committee has shown great activity and is expected to produce a report at the end of this year. Since most public bodies are likely to await the publication of this report before expressing an opinion on sterilization, the Society has, since May 23rd, 1932, confined its propaganda to lectures of a semi-private kind at which the point of view adopted by the Society has been presented.

PROPAGANDA.

The following have spoken for the Society in the course of the year under review:—

Dr. Aikman, four times.
 Lady Askwith, twice.
 Dr. Blacker, nine times.
 Dr. Bond, once.
 Mr. Bramwell, once.
 Mr. Ward Cutler, once.
 Mrs. Grant Duff, six times.
 Mr. Gun, twice.
 Dr. Herbert, once.
 Mrs. Hodson, thirty-seven times.
 Mr. Lidbetter, once.
 Sir Bernard Mallet, once.
 Dr. Maule, five times.
 Mr. Pease, twice.
 Miss Pocock, eighty-two times.

In addition to this, Miss Pocock attended two Health Week exhibitions at Stockport and Loughborough.

Miss Thornton, once
 Professor Watkins, once.

Total 157 Lectures.

A PLAY ABOUT EUGENICS.

"Heritage," a Eugenic Play, by J. O. Twiss, was produced on July 24th at the St. Martin's Theatre, an event made possible by the support of many of our members, who formed over half of the audience. They were deeply moved and impressed by the play, which will be presented commercially in the West End as soon as another £250 can be raised to make up the necessary £1,200 required.

OXFORD AND CAMBRIDGE SOCIETIES.

Oxford Society. The Society has been unfortunate this year in its programme as at the last moment two of its meetings fell through owing to the lecturer being unable to come. The only meeting to report is a large demonstration held in November called "The Biology of Reproduction," at which there were over 50 exhibits. There was a very large attendance. The membership is about 120, and Professor E. B. Poulton continues as President.

Cambridge Society. A business meeting was held at the beginning of the academic year, when Mr. Michael S. Pearse was elected president and Mr. P. N. Hartley, of Clare College, secretary. It was decided to reconstitute the Cambridge Society as a small study group, with something more than a mere dilettante interest in Eugenics and we are able to say that this new scheme was an immediate success.

The following meetings have been held:—

10th November, 1932.—Dr. C. C. Hurst, "The Inheritance of Intelligence in Man."
 24th November, 1932.—Dr. J. I. MacCurdy, "Some Problems of Feeble-mindedness."
 10th February, 1933.—Dr. R. N. Salaman, "Heredity in Jews."
 23rd February, 1933.—Mr. M. S. Pease, "The Fall in the Birth Rate."
 9th March, 1933.—Dr. K. B. Aikman, "The London Eugenics Society."

We were particularly privileged to receive from Dr. Hurst an exposition of his theory of the Mendelian Inheritance of Intelligence in Man before its publication by the Royal Society.

The scheme we have followed is that a speaker should present his views on a chosen subject after an informal tea and the meeting, which usually numbers about 25, should discuss and criticise freely. We are particularly grateful for the invaluable help of several members of the central society.

The Secretary will be pleased to hear of anyone who would like to join the Cambridge Branch.

FELLOWSHIP AND MEMBERSHIP.

We regret to announce the deaths of the following Fellows and Members:—

Dr. W. G. Black.
 Sydney Boulton, Esq.
 Rt. Hon. The Viscount Brentford.
 The Dowager Lady Farrer.
 Alfred Hicks, Esq.
 E. J. Horniman, Esq.
 Sir Bernard Mallet.
 Sir William Milligan.
 J. O'Brien, Esq.
 Mrs. Pryor.
 Dr. Queralto.
 Mrs. Ricarde-Seaver.
 Professor George Robertson.
 R. Staples-Browne, Esq.
 Dr. D. Starr-Jordan.
 Professor Sir J. Arthur Thomson.
