For Staff up to outbreak of war, see 1939 Report.

Seamen's Hospital Society.

ANNUAL REPORT FOR THE YEAR 1943.

THE Committee of Management present the 123rd Annual Report of the Society.

During the fourth year of war the difficulties of administration have not diminished, particularly with regard to keeping the five hospitals adequately and suitably staffed and supplied. The Society has adopted the recommendations of the Rushcliffe Report on Nursing Salaries and Emoluments; notwithstanding the contributions to be made by the Ministry of Health the resulting increase in expenditure is very considerable. The recommendations of the Hetherington Committee on Minimum Rates of Wages and Conditions of Employment in connection with Special Arrangements for Domestic Help have been adopted and will also increase expenditure.

The Society has continued to take its part in discussions as to the future of the Hospital Services in general and, in particular, with regard to the continued identification of the Seamen's Hospitals with the Shipping Industry. The scheme for the post-war establishment at Greenwich of a Tropical Diseases Hospital and Centre based on the Seamen's Hospital Society and the London School of Hygiene and Tropical Medicine has been carried a stage further by the favourable welcome given by the War Cabinet to the report submitted by the Colonial Secretary after consideration by the eight Government Departments concerned.

Arising from representations made by the Society, the rights of officers and men of the Merchant Navy to free treatment under the Emergency Hospital Scheme have been clarified by the following definition "officers and seamen of all nationalities who are injured in the course of duty or who are suffering as the result of exposure on duty are entitled to hospital treatment free of charge under the Scheme." Those members of the Merchant Navy who do not fall within these categories are required to contribute towards the cost of their maintenance in E.M.S. Hospitals. The Seamen's Hospital Society continues to give the same maintenance and treatment to all British seamen as it has done for more than 120 years and is therefore still identified with the relief of distress among the sailors who, with matchless courage and endurance keep supplied with food and war material both the civilian population and the armed forces of the United Nations.

The cost of maintaining the five Seamen's Hospitals during 1943 was £90,000. The number of In-patients admitted was 3,938 and 16,063 Out-patients received treatment.

The Committee desire to express their sincere gratitude to all who have made gifts in money and kind for the benefit of the merchant seamen who have called upon the services of the Seamen's Hospitals. Their cordial appreciation is also here expressed to King George's Fund for Sailors, King Edward's Hospital Fund for London, the Metropolitan Hospital-Sunday Fund and the Royal Seamen's Pension Fund.

During the year Sir William Currie, Chairman of the P. & O. Steam Navigation Co., Ltd., upon the recommendation of the Committee of Management, was elected a Vice-President.

The death occurred on 7th January, 1944, of Sir Norman Hill, Bt., Chairman of the Governing Body of the Royal Seamen's Pension Fund, who was elected a Vice-President of the Society in 1923.

In the fortieth year of his service as an Honorary Treasurer, Colonel Sir Robert Williams, Bt., died on the 15th April, 1943.

It is with deep regret and in proud memory that the Committee report the death on active service as Commodore of Convoy of Captain H. C. Birnie, D.S.O., an Elder Brother of Trinity House, who had been a Member of the Committee since 1927.

Upon his retirement as Marine Superintendent of the P. & O. S. N. Company, Ltd., Captain W. H. Sweny, C.B.E., R.D., R.N.R., resigned the seat on the Committee to which he was elected in 1929.

There have been elected to the Committee Sir Charles Jeffries, K.C.M.G., O.B.E., Under-Secretary of State to the Colonial Office, the Rt. Hon. Lord Winster and Commodore A. W. S. Agar, V.C., D.S.O., R.N., President of the Royal Naval College. As their active service has permitted, Captain W. E. Crumplin, R.N.R., and Captain A. S. Mackay, R.D., R.N.R., Elder Brethren of Trinity House, have served on the Committee.

Commander R. M. Prior, D.S.O., D.S.C., R.N., M.P., escaped from imprisonment in France, was awarded the D.S.O., and was elected Member of Parliament for the Aston Division of Birmingham.

.

To mark their high sense of Mr. Lyon's valued and unsparing service in managing the five Hospitals and advancing their interests under all the exigencies of wartime, the Committee have appointed him to be Administrator, as well as Secretary of the Corporation.

"The Society has suffered the loss of one of the ablest, most valuable and most devoted Officers who have ever been in its service." These are the words in which the Committee recorded the death on the 19th July of Mr. W. M. Revill, Assistant Secretary of the Corporation, who entered its service in 1936.

In conclusion, the Committee desire to express their appreciation of the continued loyalty and devotion in these difficult times of members of the Medical, Nursing and Administrative Staffs.

ION HAMILTON BENN,

13th April, 1944.

Chairman.

EVENTS OF THE YEAR 1943.

Captain Sir Arthur Morrell, K.B.E., J.P., Deputy Master of Trinity House, a Vice-President of the Society, presided on the 15th April at the 123rd Annual Court of Governors at which the Report of the Committee of Management was presented by the Chairman, Captain Sir Ion Hamilton Benn, Bt., C.B., D.S.O., T.D., R.N.V.R.

The Albert Thomas Cox Bed, the Schermuly Bed and the Radmore Bed have been endowed in the Dreadnought Hospital. Under the Will of the late Arthur Redington two Beds have been endowed in the Tilbury Hospital. The P.L.A. Police Bed Endowment Fund has been opened for the purpose of endowing a Bed in the Albert Dock Hospital. The 23rd Battalion County of London Home Guard Fund aims at raising £500 as a tribute in perpetuity to the matchless courage and endurance of Officers and Men of the Merchant Navy. (See p. 12.)

Legacies for general purposes amounted to £5,287. (See p. 32.)

Among the special donations received from all parts of the world may be mentioned $\pounds4,250$ from the Merchant Navy Fund, South Africa, per Mrs. A. M. Campbell; $\pounds1,500$ from the Odeon Services & Seamen's Fund; $\pounds430$ in monthly payments from the Canadian Red Cross Society; from the London Shipowners' Voluntary Contributions Scheme a further $\pounds375$; a further $\pounds300$ from Mrs. Ravenscroft; $\pounds300$ from Kenya War Welfare Fund; $\pounds250$ from the Madras War Committee, per the Honourable Company of Master Mariners; $\pounds167$ 8s. 3d. from R.A.F. Church Collections.

The following were elected Honorary Life Governors of the Corporation : Mrs. West, for services rendered for more than 20 years through the Seamen's Hospital Aid Committee ; Mr. E. H. Marriage, Mr. Horace Norman and Mr. A. T. West for services rendered through the Grays Branch of the Tilbury Hospital Committee.

THE DREADNOUGHT HOSPITAL, GREENWICH. Dr. W. W. Mushin has been granted leave of absence during the term of his appointment as First Assistant to the Nuffield Professor of Anæsthetics at the University of Oxford. Dr. A. Ofenheim and Dr. A. Coleman have been elected to the temporary wartime appointments of Anæsthetist.

The Lady Louis Mountbatten, C.B.E., presented the Bernhard Baron Prizes on the 1st July to Nurses Vera Yarrow (Gold Medal), N. Kenneally (Silver Medal), C. Glanvill (3rd Year), E. Fuller (2nd Year), R. Jones and G. Jones (1st Year).

Acting Major A. A. Hood, Parachute Wing, 11th Special Air Service was awarded the M.B.E.

Sergeant G. Massee, R.M. was awarded the D.S.M. for gallantry in the Malta Convoy, 11-13th August, 1942.

THE ALBERT DOCK HOSPITAL develops with continued success the treatment of industrial injuries. As at the old hospital, which was "the cradle of tropical medicine," cases of tropical disease continue to receive expert specialised treatment they require here as well as at the Dreadnought Hospital.

THE TILBURY HOSPITAL has revealed during the year effects attributed to enemy action in further subsidence of the Women's Ward and the fracture of sections of the drainage system. Valuable additions to its equipment have been made by Ship Repairers in the Tilbury Docks. The Branches of the Tilbury Hospital Committee have had a most successful year.

KING GEORGE'S SANATORIUM FOR SAILORS has again experienced the greatest difficulties in obtaining adequate domestic staff and male ward attendants and the standard of the amenities for patients and nursing staff has unavoidably suffered in consequence.

THE ANGAS HOME RECOVERY HOSPITAL has been of the greatest value to seamen who, in the fourth year of war, show signs of strain when suffering from illness or accident.

THE HOSPITAL FOR TROPICAL DISEASES OUT-PATIENT CLINIC, held every Tuesday and Thursday afternoon at the London School of Hygiene and Tropical Medicine, Keppel Street, W.C.1, has provided facilities for consultation to an increasing number of those suffering from these maladies. The damaged building in Gordon Street, W.C.1, has been requisitioned by the Ministry of Works.

SAMARITAN FUND AND COMFORTS FUND.

From the earliest days, donations to the Samaritan Fund have enabled the Society to provide necessitous sailors on their discharge from hospital with surgical appliances, fares to their homes, clothing and small sums of money to tide them over a few days.

During the war, comforts for Merchant Seamen are distributed to the patients of the Seamen's Hospitals on behalf of many kind and generous friends in all parts of the world. Each gift has been acknowledged, but the Committee take this opportunity of expressing their cordial thanks to all, including the British Red Cross and Order of St. John War Organisation, The British War Relief Society of America, The Dudley House Committee, Bundles for Britain, The Merchant Navy Comforts Service, The Indian Comforts Fund, The Dreadnought Ladies Remembrance League, The Sanatorium Needlework Guild, The Tilbury Hospital Ladies Linen League, The Wingerworth Chesterfield Knitting Circle, The Ladies of Lincoln's Inn, The Chislehurst Hospital Supply Depot, The Central Supply Depot Ferring, and all who have collected Ship Halfpennies, tinfoil, and books for the patients' libraries.

-

Trust Funds of the Seamen's Hospital Society.

A full list appears in the Annual Report for 1942. During 1943 the following additions were made :—

THE "RADMORE" BED.

Endowed in the Dreadnought Hospital by HORACE RADMORE, to the Glory of God and in affectionate memory of his beloved brother Dr. GEORGE RICHARD RADMORE, F.R.G.S., a former Senior Surgeon of "The White Star Line," who served as an Apprentice in sail. Invested in £1,000 3 per cent. Savings Bonds 1960/70. Trustees, "The Official Trustees of Charitable Funds."

SEAMEN'S HOSPITAL SOCIETY

In presenting the 123rd Annual Report of the Committee of Management at the Annual Court of Governors held on 13th April, 1944, the Chairman, Captain Sir Ion Hamilton Benn, Bt., C.B., D.S.O., T.D., R.N.V.R., said :---

I regret to report that on the night of 21st-22nd March, the parent hospital, the "Dreadnought" at Greenwich, was for the fourth time damaged by enemy action. The damage to the Devonport Nurses' Home and Devonport House was extensive and to the Casualty and Out-Patient Department of the Hospital also. Mercifully, no one was killed or seriously injured. The hot-water and steam services were put out of action and there was much dirt and debris : the In-Patients were therefore transferred to the Angas Home Recovery Hospital at Cudham and to another hospital in Sector X during one week. But the Dreadnought Hospital did not close its doors to seamen, has never done so and will never do so, even if we have to work in tents.

Officers and Seamen of all nationalities who are injured in the course of duty or who are suffering as the result of exposure on duty are entitled to hospital treatment free of charge under the Emergency Hospital Service. Those members of the Merchant Navy who do not fall within this category are required to contribute towards the cost of their maintenance in Emergency Medical Service Hospitals. I wish to make it quite clear however, to all our good friends and supporters and to all those who in the future will, I hope, lend a hand to Sailors when they are on the sick list, that the Seamen's Hospitals continue to give the same maintenance and treatment to all Merchant Seamen as they have done for more than 120 years, and that the Society still looks for voluntary support for continuing its services to the Sailors.

The scheme for the post-war establishment at Greenwich of a Tropical Diseases Hospital and Centre, based on the Seamen's Hospital Society and the London School of Hygiene and Tropical Medicine, has been carried a stage further by the favourable welcome given by the Lord President's Committee of the Cabinet to the report submitted by the Colonial Secretary after consideration by the eight Government Departments concerned. Furthermore, the Society will be called upon to play its part in looking after those prisoners in the Far East, who, when they are released from Japanese hands, return home suffering from Tropical Diseases.

As Chairman of this group of voluntary hospitals, which in normal times comprises no less than 600 beds, and all the various departments, I wish to make some comments upon the Government's White Paper on the National Health Service.

The voluntary hospitals cannot be characterised as being a "vested interest" in this matter, because their sole aim is the welfare of their patients. In pursuance of this principle the British Hospitals Association, which represents the voluntary hospitals in this country, originated a scheme for co-ordinating hospital services in given areas. This scheme was based upon complete co-operation, on an equal footing, between the voluntary hospitals and the local authorities, each providing those services to the patient it was best able to give, sharing jointly the duty of so organising the hospital service of the area that the service would be available and accessible to any who might need it. An essential feature of the organisation was to be the establishment in each area of a joint advisory body consisting of representatives, medical and lay, of the voluntary hospitals and the local authorities, for the purpose of planning and maintaining a service adequate to the needs of the area and to determining the function of each hospital, voluntary or municipal, in the local plan.

The proposals contained in the White Paper, however, place complete control and the assessment of need, the whole of the local planning and the administration of the services in the hands of bodies to be known as Joint Authorities, which are wholly composed of local authorities. There is no direct contact at any point between them and the voluntary hospitals which would either secure the basis of partnership (referred to by successive Ministers of Health as an essential factor of the scheme) or ensure that the experience and facilities already available in the voluntary hospitals were properly utilised by the proposed Joint Authorities. The fact that the voluntary hospitals provided the bulk of the In-Patient service for the acute sick, and practically the whole of the Out-Patient service, appears to have been ignored. Their methods of securing scientific advance to the benefit of the patient are historically proven, and these proposals, which will reduce the voluntary hospitals to a position of subservience to the local authorities, can only result in a lowering of standards and constitute an impediment to progress. It is, therefore, in the interest of the patient that we desire to secure the place of the voluntary hospitals in equal partnership with the local authorities in the great undertaking of providing a co-ordinated hospital and consultant service accessible to every member of the community regardless of his or her income.

Fortunately there are opportunities for consultation with the Minister of Health and his Department, and we may have confidence in the Council of the British Hospitals Association. Our strength will lie in the backing of all those who by their financial aid have kept the voluntary hospitals as part of the national heritage. I am confident that they will continue to respond to our appeal.

At the Annual Court last year I said it was our desire that the Seamen's Hospital Society should continue to provide for Seamen the hospital treatment which they require when their ships return to home ports. We shall continue to confer with all sections of the shipping community to determine what is needed. On behalf of the Committee of Management, I give all sections of the shipping industry our assurance that we will continue to exert all our endeavours to meet those needs.

WALL TABLET OVER AN ENDOWED BED.

ENDOWED BEDS.

The gift of £1,000 will endow or name a Bed in perpetuity and offers the opportunity of commemorating the names of those dear to the benefactor (see page 12 of this Report).

LEGACIES.

The Committee earnestly hope that the sailors who turn to the Society's Hospitals when sick or injured will be allowed to share in legacies bequeathed for charitable purposes.

By a clause in the Act of Parliament 3° Gul. IV, Cap. IX by which it is incorporated, The Seamen's Hospital Society is empowered to receive and to hold Real Estate.

EXEMPTION FROM INCOME TAX ON CHARITABLE GIFTS.

The Committee would remind regular subscribers to the Seamen's Hospital Society of the benefit which accrues to the sailor by the adoption of the Income Tax Recovery Scheme. Every subscription paid out of income taxed at the standard rate can be considerably increased at no extra cost to subscribers, if they will sign the requisite form agreeing to pay the subscription for seven years, or until their death, whichever be the shorter period. They can also deduct for Surtax purposes, the gross amount represented by their subscription.

QUALIFICATION FOR A GOVERNOR-ONE GUINEA ANNUALLY.

LIFE GOVERNOR-TEN GUINEAS DONATION.

In the interests of economy, only this special Abridged Report is being issued this year. The complete record of Subscribers and Donors may be inspected on application to the Secretary, Head Office, Seamen's Hospital Society, Greenwich.
