II

Calendar No. 690

100TH CONGRESS
2D SESSION

S. 1966

[Report No. 100-359]

PASSED BY
SENATE
17 JUNE 1988

To amend the Public Health Service Act to improve information and research on biotechnology and the human genome, and for other purposes.

IN THE SENATE OF THE UNITED STATES

DECEMBER 18 (legislative day, DECEMBER 15), 1987

Mr. CHILES (for himself, Mr. KENNEDY, Mr. DOMENICI, Mr. LEAHY, Mr. GRAHAM, Mr. WILSON, and Mr. BENTSEN) introduced the following bill; which was read twice and referred to the Committee on Labor and Human Resources

MAY 25 (legislative day, MAY 18), 1988

Reported by Mr. KENNEDY, with amendments

[Omit the part struck through and insert the part printed in *italic*]

A BILL

To amend the Public Health Service Act to improve information and research on biotechnology and the human genome, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 SECTION 1. SHORT TITLE.

2 This Act may be cited as the "Biotechnology Competi-
3 tiveness Act of 1987".

4 **TITLE I—NATIONAL CENTER FOR**
5 **BIOTECHNOLOGY INFORMATION**

6 SEC. 101. FINDINGS.

7 Congress finds that—

8 (1) biotechnologies help to advance our under-
9 standing of the composition of human chromosomes
10 and cells, and our knowledge of fundamental human
11 development and disease processes;

12 (2) information on the map and sequence of the
13 human genome, as well as the many other important
14 fields of biotechnology research, is accumulating faster
15 than can be reasonably assimilated by present methods;

16 (3) it is essential that advances in information sci-
17 ence and technology be made so that this vast new
18 knowledge can be organized, stored, and utilized;

19 (4) there are numerous independent computer data
20 bases that hold portions of the burgeoning biotechno-
21 logical discoveries and such data bases lack common
22 technology, central coordination, and adequate support;

23 (5) it is important that information on research in
24 biotechnology be available to researchers to allow co-
25 ordination of the research efforts ongoing in public and
26 private sector laboratories;

1 (6) the National Library of Medicine of the Na-
 2 tional Institutes of Health is highly suited, by virtue of
 3 its preeminence in the field of biomedical communica-
 4 tions, service, and information research, to facilitate
 5 the rapid advance of biotechnology through information
 6 transfer; and

7 (7) a biotechnology information initiative could
 8 take advantage of the unique facilities of the National
 9 Library of Medicine to develop new communications
 10 tools and serve both as a repository and as a center for
 11 the distribution of molecular biology information to re-
 12 searchers and health practitioners.

13 **SEC. 102. NATIONAL CENTER FOR BIOTECHNOLOGY INFORMA-**
 14 **TION.**

15 Part D of title IV of the Public Health Service Act (42
 16 U.S.C. 286 et seq.) is amended by adding at the end the
 17 following new subpart:

18 **“Subpart 3—National Center for Biotechnology**
 19 **Information**

20 **“SEC. 478. NATIONAL CENTER FOR BIOTECHNOLOGY INFOR-**
 21 **MATION.**

22 **“(a) ESTABLISHMENT.—**To focus and expand the col-
 23 lection, storage, retrieval, and dissemination of the results of
 24 biotechnology research by information systems, and to sup-
 25 port and enhance the development of new information tech-

1 nologies to aid in the understanding of the molecular process-
2 es that control health and disease, there is established the
3 National Center for Biotechnology Information (hereinafter
4 in this section referred to as the 'Center') in the National
5 Library of Medicine.

6 “(b) FUNCTIONS.—Through the Center and subject to
7 section 465(d), the Secretary shall—

8 “(1) coordinate the design, development, imple-
9 mentation, and management of automated systems for
10 the collection, storage, retrieval, analysis, and dissemi-
11 nation of knowledge concerning human, animal, and
12 plant molecular biology, biochemistry, and genetics;

13 “(2) ~~perform research~~ *conduct a research program*
14 into advanced methods of computer-based information
15 processing capable of representing and analyzing the
16 vast number of biologically important molecules and
17 compounds *using Center capabilities, as well as those*
18 *in Federal, university, and private research laborato-*
19 *ries;*

20 “(3) enable persons engaged in biotechnology re-
21 search and medical care to use systems developed
22 under paragraph (1) and methods described in para-
23 graph (2);

24 “(4) coordinate the efficient input of information
25 regarding biotechnology from all government agencies

1 ~~and agency grantees, as well as agency grantees and~~
2 ~~contractors, and where applicable, inform granting~~
3 ~~agencies of duplications of research efforts;~~

4 “(5) encourage the input of information regarding
5 biotechnology from the private sector, including profes-
6 sional scientific societies, foundations, and companies;

7 “(6) coordinate biotechnology research information
8 provided by the center and other sources, including the
9 biotechnology industry, other government agencies, and
10 the private sector (including professional scientific soci-
11 eties, foundations, and companies); and

12 “(7) coordinate, to the maximum extent practica-
13 ble, efforts to gather biotechnology information on an
14 international basis.

15 “(c) AUTHORIZATION OF APPROPRIATIONS.—To carry
16 out this section, there are authorized to be appropriated
17 \$10,000,000 for each of the fiscal years 1989 through 1993.
18 Funds appropriated under this subsection shall remain avail-
19 able as specified in appropriations acts.”.

1 **TITLE II—NATIONAL BIOTECH-**
2 **NOLOGY POLICY BOARD AND**
3 **ADVISORY PANEL**

4 Subtitle A—National Biotechnology Policy Board

5 **SEC. 201. ESTABLISHMENT, MEMBERSHIP, CHAIRMANSHIP,**
6 **MEETING.**

7 (a) **ESTABLISHMENT.**—There is established in the Ex-
8 ecutive branch of the Federal government a National Bio-
9 technology Policy Board (hereinafter in this title referred to
10 as the “Board”).

11 (b) **MEMBERSHIP.**—The membership of the Board shall
12 consist of the following individuals or their designees:

13 (1) The Director of the National Institutes of
14 Health.

15 (2) The Director of the National Science Founda-
16 tion.

17 (3) The Secretary of Agriculture.

18 (4) The Secretary of Commerce.

19 (5) The Secretary of Defense.

20 (6) The Secretary of Energy.

21 (7) The Commissioner of the Food and Drug
22 Administration.

23 (8) The Administrator of the Environmental Pro-
24 tection Agency.

1 (9) The Director of the Office of Science and
2 Technology *Policy*, who shall serve as an ex-officio,
3 nonvoting member of the Board.

4 (10) The Director of the Office of Management
5 and Budget, who shall serve as an ex-officio, nonvoting
6 member of the Board.

7 (11) Four individuals representing the university
8 research community, to be recommended by the Na-
9 tional Academy of Sciences and appointed by the
10 President, with the advice and consent of the Senate,
11 with members appointed within 90 days after the date
12 of enactment of this Act.

13 (12) Four individuals representing diverse United
14 States biotechnology-related industries to be appointed
15 by the President, after consultation with relevant
16 groups, with the advice and consent of the Senate,
17 with members appointed within 90 days after the date
18 of enactment of this Act.

19 (13) One individual with expertise in biomedical
20 ethics, to be recommended by the National Academy of
21 Sciences and appointed by the President, after consul-
22 tation with relevant groups, with the advice and con-
23 sent of the Senate, with such member being appointed
24 within 90 days after the date of enactment of this Act.

1 (14) One individual representing national founda-
2 tions, medical institutes, and other philanthropic orga-
3 nizations involved in biomedical research, to be recom-
4 mended by the National Academy of Sciences and ap-
5 pointed by the President, after consultation with rele-
6 vant groups, with the advice and consent of the
7 Senate, with such member being appointed within 90
8 days after the date of enactment of this Act.

9 (c) TERM OF SERVICE.—

10 (1) IN GENERAL.—Except as provided in para-
11 graph (3), Board members appointed under paragraphs
12 (11) through (14) of subsection (a) shall serve 4-year
13 terms and shall serve until a successor for such
14 member is appointed and confirmed.

15 (2) VACANCIES.—Any individual appointed to fill
16 a vacancy on the Board that occurs prior to the expira-
17 tion of the term for which the predecessor was appoint-
18 ed shall be appointed for the remainder of such term.

19 (3) STAGGERED TERMS.—Terms of the initial
20 Board members appointed under paragraphs (11) and
21 (12) of subsection (a) shall be determined by the Presi-
22 dent at the time of the appointment in accordance with
23 the following:

24 (A) One industry and one university repre-
25 sentative shall be appointed for a term of 4 years.

1 (B) One industry and one university repre-
2 sentative shall be appointed for a term of 3 years.

3 (C) One industry and one university repre-
4 sentative shall be appointed for a term of 2 years.

5 (D) One industry and one university repre-
6 sentative shall be appointed for a term of 1 year.

7 (4) REAPPOINTMENT.—Nongovernment Board
8 members may be reappointed by the President with the
9 advice and consent of the Senate.

10 (d) CHAIRMAN.—

11 (1) SELECTION.—The members of the Board shall
12 select a Chairman from among its members to serve
13 for a term of 2 years.

14 (2) VACANCY.—In the event of a vacancy in the
15 Chairmanship, the Board shall elect a Chairman to
16 serve the remainder of the unexpired term.

17 (3) RE-ELECTION.—Chairman may be re-elected
18 by the members of the Board.

19 (e) MEETING.—

20 (1) INITIAL MEETING.—Within 90 days after the
21 approval by the Senate of the last member of the ini-
22 tial Board, the Board shall meet to elect a Chairman.

23 (2) SUBSEQUENT MEETINGS.—The Board shall
24 meet at least twice a year.

1 SEC. 202. DUTIES AND FUNCTIONS.

2 The Board shall—

3 (1) review and appraise the various programs and
4 activities of the Federal Government relating to bio-
5 technology, including the amount and type of biotech-
6 nology-related research conducted or funded by Federal
7 agencies;

8 (2) review and appraise the extent and nature of
9 privately-funded biotechnology activities, including *non-*
10 *confidential* research, both basic and applied, and the
11 development of commercial biotechnology-related in-
12 dustries and products;

13 (3) submit recommendations to the President and
14 Congress, where appropriate, concerning—

15 (A) policies that will enhance the efficient
16 and timely advance of basic and applied biotech-
17 nology-related research;

18 (B) methods to enhance the competitiveness
19 of the United States in the development of com-
20 mercial biotechnology-related industries and
21 products;

22 (C) policies that will ensure the training of
23 sufficient numbers of scientists, engineers, and
24 laboratory personnel for the continued leadership
25 of the United States in biotechnology-related basic

1 and applied research and the development of the
2 biotechnology industries of the United States;

3 (D) Federal participation in proposed cooper-
4 ative research initiatives involving governmental
5 and private entities;

6 (E) regulatory policies that affect biotechnol-
7 ogy industries and the products thereof; and

8 (F) policies that will enhance the transfer of
9 technology from university and Federal research
10 laboratories to commercial laboratories so as to
11 allow the efficient and timely commercialization of
12 Federally funded discoveries.

13 **SEC. 203. REPORTS.**

14 Not later than January 31, 1990, and not later than
15 January 31, of each even-numbered year thereafter, the
16 Board shall submit, to the President and to the Congress a
17 report that contains recommendations described in section
18 2(3). The Board shall submit additional reports and recom-
19 mendations as the Board considers necessary, or on the
20 demand of the President or Congress. Reports shall be pub-
21 lished and made available to the public.

22 **SEC. 204. STAFF AND PERSONNEL.**

23 (a) **EXECUTIVE DIRECTOR.**—

1 (1) APPOINTMENT.—The Board shall appoint an
2 Executive Director, who shall serve at the pleasure of
3 the Board.

4 (2) DUTIES.—The Executive Director shall report
5 directly to the Board and perform such duties and
6 functions as the Board may prescribe.

7 (3) COMPENSATION.—The Executive Director
8 shall be compensated at a rate not to exceed that
9 provided for a position at level 4 of the Executive
10 Schedule under section 5315 of title 5, United States
11 Code.

12 (b) OTHER PERSONNEL.—The Board may employ such
13 other officers and employees as may be necessary to carry out
14 the duties and responsibilities of the Board and its advisory
15 panels; at rates not to exceed the rates prescribed for grade
16 GS-14 of the General Schedule in section 5332 of title 5,
17 United States Code.

18 (c) VOLUNTARY SERVICES.—Notwithstanding section
19 665(b) of title 31, United States Code, the Board may accept
20 and employ voluntary and uncompensated services in further-
21 ance of the purposes of the Board.

22 SEC. 205. COORDINATION WITH OTHER AGENCIES.

23 (a) IN GENERAL.—The Board shall work in consulta-
24 tion with other Federal agencies (including such agencies

1 represented on the Board) and in consultation with other
 2 Boards and Commissions as may be appropriate, including
 3 the Biomedical Ethics Board and the New Products Re-
 4 search Board.

5 (b) *BIOMEDICAL ETHICS BOARD.*—*The Biomedical*
 6 *Ethics Board shall review prior to publication, and as appro-*
 7 *priate comment, on reports issued by the Board and the advi-*
 8 *sory panels established pursuant to subsection (d)(2).*

9 ~~(b)~~ (c) *INFORMATION.*—Each department, agency, and
 10 instrumentality of the Executive branch of the Federal gov-
 11 ernment and each independent agency and other governmen-
 12 tal organization, including the Office of Technology Assess-
 13 ment, shall furnish the Board with such information as the
 14 Board shall consider necessary and appropriate to assist the
 15 Board in carrying out its functions and duties.

16 ~~(c)~~ (d) *CONSULTATIONS.*—The Board may—

- 17 (1) utilize the services of consultants;
- 18 (2) establish advisory panels; and
- 19 (3) to the extent practicable, consult with—
 - 20 (A) State and local governments;
 - 21 (B) appropriate professional and industry
 - 22 groups;
 - 23 (C) representatives of university, industry,
 - 24 labor, consumer and other public interest groups;
 - 25 and

1 (D) individuals as is appropriate.

2 ~~(d)~~ (e) HEARINGS.—The Board may hold hearings and
3 meetings in various parts of the United States as may be
4 appropriate in carrying out the functions and duties of the
5 Board.

6 ~~(e)~~ (f) DUPLICATION AND REIMBURSEMENT.—

7 (1) DUPLICATION.—The Board shall utilize, to
8 the fullest extent possible, the services, personnel,
9 equipment, facilities, and information of public and pri-
10 vate agencies and organizations, and individuals, in
11 order to avoid duplication of effort and expense.

12 (2) REIMBURSEMENT.—The Board may transfer
13 funds made available pursuant to this title to other
14 Federal agencies as may be appropriate to reimburse
15 such agencies for the utilization of agency personnel,
16 services, facilities, equipment and information.

17 SEC. 206. COMPENSATION OF MEMBERS.

18 (a) NONGOVERNMENT MEMBERS.—Each member of
19 the Board that is not otherwise in the service of the Federal
20 government shall receive a sum equivalent to the compensa-
21 tion provided at level IV of the Executive Salary Schedule
22 under section 5315 of title 5, United States Code, prorated
23 on a daily basis for each day spent in service to the Board,
24 and shall be paid actual travel expenses, and per diem in lieu
25 of subsistence expenses in accordance with section 5703 of

1 title 5, United States Code, when such member is away from
2 the members usual place of residence.

3 (b) GOVERNMENT MEMBERS.—Each member of the
4 Board that is otherwise in the service of the Federal govern-
5 ment shall serve without compensation in addition to that
6 received for such other service, but while engaged in the
7 work of the Board, such member shall be paid actual travel
8 expenses, and per diem in lieu of subsistence expenses in ac-
9 cordance with subchapter I of chapter 57 of title 5, United
10 States Code, when away from the members usual place of
11 residence.

12 SEC. 207. AUTHORIZATION OF APPROPRIATIONS.

13 There are authorized to be appropriated to carry out
14 this title \$2,000,000 in fiscal year 1989, \$2,500,000 in each
15 of the fiscal years 1990 and 1991, and \$3,000,000 in each of
16 the fiscal years 1992 and 1993.

17 Subtitle B—Human Genome Research and Development

18 SEC. 211. FINDINGS.

19 Congress finds that—

20 (1) knowledge relating to the location and se-
21 quences of genes on human chromosomes and those of
22 other organisms will enable more rapid elucidation of
23 the basis for developmental processes and for human
24 disease;

1 (2) comprehensive understanding of human genetic
2 make-up, and the genetics of other organisms, will en-
3 hance our ability to develop methods for the prevention
4 and treatment of disease states;

5 (3) advances in biomedical research and technol-
6 ogies have enabled rapid progress in the localization of
7 genes to specific human chromosomes;

8 (4) a number of Federal agencies (including the
9 National Institutes of Health, the Department of
10 Energy, and the National Science Foundation) are
11 presently funding research related to the mapping and
12 sequencing of genes within the human genome or basic
13 biomedical research, or the development of new tech-
14 nologies and instruments for this research; and

15 (5) in order to most efficiently expend research
16 funds, and to most expeditiously advance our under-
17 standing of human genetics, it is essential that the
18 agencies involved coordinate their research efforts.

19 SEC. 212. NATIONAL ADVISORY PANEL ON THE HUMAN
20 GENOME.

21 (a) PURPOSE.—The purpose of this section is to estab-
22 lish a National Advisory Panel on the Human Genome that
23 shall coordinate—

24 (1) national activities to ensure the construction of
25 maps of human chromosomes and DNA of other orga-

1 nisms to be used as powerful research tools for biomed-
2 ical research; and

3 (2) the development of new tools to analyze DNA,
4 in cooperation with philanthropic, companies, and other
5 private sector interests.

6 (b) ESTABLISHMENT.—There is established, as an advi-
7 sory panel to the Board established in subtitle A, a National
8 Advisory Panel on the Human Genome (hereinafter referred
9 to in this subtitle as the “Panel”) to advise the Board on
10 matters concerning the mapping and sequencing of human
11 genome.

12 (c) MEMBERSHIP.—The Panel shall consist of the fol-
13 lowing individuals or the designees of such individuals—

14 (1) the Secretary of Energy;

15 (2) the Director of the National Institutes of
16 Health;

17 (3) the Director of the National Science Founda-
18 tion;

19 (4) the Director of the National Library of
20 Medicine;

21 (5) four individuals representing private industry,
22 to be appointed by the President, after consultation
23 with relevant groups, with the advice and consent of
24 the Senate, with members appointed within 90 days

1 after the date of enactment of this Act, but who shall
2 not be members of the Board;

3 (6) four individuals representing the university re-
4 search community, to be recommended by the National
5 Academy of Science and appointed by the President,
6 with the advice and consent of the Senate, with mem-
7 bers appointed within 90 days after the date of enact-
8 ment of this Act, but who shall not be members of the
9 Board;

10 (7) one individual with expertise in biomedical
11 ethics, to be recommended by the National Academy of
12 Sciences and appointed by the President, with the
13 advice and consent of the Senate, with such member
14 being appointed within 90 days after the date of enact-
15 ment of this Act; and

16 (8) one individual representing national founda-
17 tions, medical institutes, and other philanthropic orga-
18 nizations involved in biomedical research, to be recom-
19 mended by the National Academy of Sciences and ap-
20 pointed by the President, with the advice and consent
21 of the Senate, with such member being appointed
22 within 90 days after the date of enactment of this Act.

23 (d) CHAIRMEN.—The Panel shall be cochaired by the
24 Secretary of Energy and the Director of the National Insti-
25 tutes of Health or the designees of such.

1 (e) FUNCTIONS.—The Panel shall—

2 (1) identify the optimal strategy for mapping and
3 sequencing the human genome utilizing for guidance
4 information and recommendations from previous re-
5 ports, including those of the Office of Technology As-
6 sessment and the National Academy of Sciences;

7 (2) determine research and development goals that
8 will ensure United States leadership in human genome
9 research;

10 (3) ensure the quality of scientific and technical
11 work, and establish standards for the collection and
12 storage of data and materials;

13 (4) assess the need for common research resources
14 such as materials repositories and new data-bases;

15 (5) monitor relevant research programs supported
16 by Federal agencies and private funding sources;

17 (6) identify commercial opportunities arising from
18 national research programs;

19 (7) oversee interagency cooperation through data-
20 sharing, joint sponsorship of meetings, joint funding of
21 research resources, and communication of annual
22 budget plans;

23 (8) assess the need and benefit of international co-
24 operation in mapping and sequencing the human
25 genome; *and*

1 (9) evaluate the ethical considerations of research
2 and development of products from mapping and se-
3 quencing the human genome; and

4 (10) (9) evaluate patent rights and ownership of
5 data on the human genome, and provide advice to in-
6 terested Federal agencies, the scientific community,
7 and private industry.

8 (f) REPORTS.—Not later than 18 months after the date
9 of enactment of this section, the Panel shall submit to the
10 Board a report that contains recommendations based on the
11 functions of the Panel under section 212(e). Additional re-
12 ports shall be submitted to the Board as the Panel considers
13 necessary, or on demand of the Board.

14 (g) *BIOMEDICAL ETHICS BOARD*.—*The Biomedical*
15 *Ethics Board shall review, and as appropriate, comment on*
16 *the ethical and social implications of human genome re-*
17 *search.*

18 ***TITLE III—BIOMEDICAL ETHICS*** 19 ***BOARD REAUTHORIZATION***

20 ***SEC. 301. BIOMEDICAL ETHICS BOARD REAUTHORIZATION.***

21 *Subsection (e) of section 381 of the Public Health Serv-*
22 *ice Act (42 U.S.C. 275(e)) is amended to read as follows:*

23 “(e) *To enable the Board and the Committee to carry*
24 *out their functions, there are authorized to be appropriated*

- 1 \$2,000,000 for fiscal year 1989, \$2,500,000 for fiscal year
- 2 1990, and \$3,000,000 for fiscal year 1991.”.

the Board shall have the authority to suspend or terminate the membership of any member of the Board who is found to be in violation of the Code of Ethics.

The Board shall have the authority to suspend or terminate the membership of any member of the Board who is found to be in violation of the Code of Ethics. The Board shall have the authority to suspend or terminate the membership of any member of the Board who is found to be in violation of the Code of Ethics.

10. The Board shall have the authority to suspend or terminate the membership of any member of the Board who is found to be in violation of the Code of Ethics. The Board shall have the authority to suspend or terminate the membership of any member of the Board who is found to be in violation of the Code of Ethics.

11. The Board shall have the authority to suspend or terminate the membership of any member of the Board who is found to be in violation of the Code of Ethics. The Board shall have the authority to suspend or terminate the membership of any member of the Board who is found to be in violation of the Code of Ethics.

TITLE III--BIOMEDICAL ETHICS

BOARD REAUTHORIZATION

12. The Board shall have the authority to suspend or terminate the membership of any member of the Board who is found to be in violation of the Code of Ethics. The Board shall have the authority to suspend or terminate the membership of any member of the Board who is found to be in violation of the Code of Ethics.

Calendar No. 690

100TH CONGRESS
2D Session

S. 1966

[Report No. 100-359]

A BILL

To amend the Public Health Service Act to improve information and research on biotechnology and the human genome, and for other purposes.

MAY 25 (legislative day, MAY 18), 1988

Reported with amendments
