But don't depend on - don't
stop at your year's training.

If you don't go on, you will
fall back. Aim higher. In
the second year & the third
year & all your lives, you
will have to train yourselves
on the foundation you have
had in your first. And -
you will find, if you are
a true nurse, you have
only just begun.

But - When you have put
your hand to the plough,
don't look back
