- 705 DE FOE (DANIEL) AN EXTRAORDINARY ASSEMBLAGE OF HIS WORKS, *in above 154 vol. for the most part uniformly half bound in calf* 1682-1719

* * * THIS MATCHLESS SERIES of the works of this distinguished author has been formed with unwearied diligence by his Biographer, the late Mr. Walter Wilson, during the greater portion of his life.

The numbers refer to the Catalogue of his Works, as published in his Life of De Foe, 3 vol. 1830; those following having been discovered by Mr. Wilson since the period of that publication.

The extreme difficulty of forming such a collection as the present is very apparent, when we compare its voluminous contents with those very few collections which, during the last fifty years, have, on the dispersion of celebrated libraries, occurred for sale.
