HELMINTHIC DISEASES(1)

GENERAL HELMINTHOLOGY

TREMATODE INFECTIONS

PLEASE DO NOT SMOKE
IN THE MUSEUM.

Exhibit area featuring a large flowchart on a blackboard, several framed diagrams and text panels, and a row of small illustrations at the bottom.

The flowchart on the blackboard illustrates the classification of trematode infections, branching from a central point into multiple categories and sub-categories. Below the blackboard, a row of small illustrations shows various anatomical details of trematodes, including eggs, larvae, and adult specimens.

Several framed panels are mounted on the wall, including one titled "HELMINTHIASIS" and others containing diagrams and text related to the exhibit.
